Oh oh. Oh sure. i That's the when they put that. No, no, that's not it. Oh, I know what. I-. Oh, shoot. I it rings a bell, but I can't quite put my finger on it.

Oh, yeah, Diverse House with Trent ACIAR. Don, and Brenda today's called me tourneys that local talent does drag and sings beautifully, that he's got something new going on. So I have to call him back. That's what I haven't done. So I need to get back with today and find out what he's up to and what he's doing. And before that, we had Two by wonderful bisexual women. The last one was known a Hendricks doing Women Who Fly from the Skin Diver album that's always been a favorite of mine. I like that it's very powerful song for women. And before that, by request by Willie in southwest Houston that was Michelle and the deck do cello with Leviticus Fagot and that was the album version the one you probably will not hear if you ever hear that song on radio elsewhere. We're continuing you're listening to After Hours queer radio with attitude on KPFT Houston and KEOS College Station. This is the fifth Saturday of the month. So we're doing all queer music and mostly queer music. Okay, mostly queer music if they're not queer, I'll tell you. If I don't say anything, just assume they are either gay, lesbian, bisexual, transgendered. And we're, we're taking requests at 5265738 requests and dedications are of your favorite queer music. If you don't know any? We'll find some for you. Not a problem, just give us a call 5265738. Chris and Copperfield did. And he's got a couple of requests that I'm gonna do. He likes RNP. That's what we call it around here. Romanovski and Phillips, they've been around since the early 80s Also, and they've got a half a dozen albums out wonderful music, very pro, gay and lesbian. And what he wanted was Homophobes and Robes and wanted to dedicate that to the Supreme Court. And I just happened to probably

those three that dissented on this latest court case concerning proposition two and Colorado. And it's, I don't know, it's a wonderful thing, baby because it tells states that they cannot make any group of people a stranger to its laws, which means that they cannot make laws to discriminate against people and that includes us. So that's a giant step forward. It's not everything. It doesn't guarantee housing and job non discrimination or anything like that, but it is it is a good step forward. So RNP homophobes in robes from Chris. Oh yeah, Romanovski and Phillips Homophobes and Ropes and that's for Chris, and he requested something else. So if you have your tape recorders, I suggest you get them ready. Because this is the stuff you're not going to hear anybody anywhere else. Some radio people somewhere put together some Star Trek stuff, and made it sound as if Jim and Mr. Spock are a lot more friendlier than they appeared in any of the episodes. We call it Spock's Sodomy Party.

It's called Cowboys and Aliens, openly gay kitchens of distinction. They've got about three or four albums out. It's kind of like, it's that and it's a lot of it's a little on the dancey side. And as dusk came, and those lights were flickering against those that colored aluminum foil that he had. He had half of a world and the countries and in different colored foil and the seas and blue foil and then twinkle lights all over the place. It was magnificent. Really great. Next year's parade is going to be great. Well, he's home tonight. Go figure sitting on this front porch out there and requesting people to drive carefully tonight. There's been a lot of sirens on the road. And he requested out in the country and wouldn't you know it that one song I don't have tonight. I was I taken it out.
