01:47

Tailor Made shirts with them long. at all it's gonna cost is 10 years of my life.

01:59

Definition equal rights. I'm definitely for it. I always have equal I carry it in my purse. I think that it's a very good product. It's certainly a better than a sweetened low and much better than sugar twin that's kind of gritty. Yeah, I'm Oh, I always have the blue packet.

S

Scott Lewis 02:26

And we're back. This is Scott Lewis here with Michael and Jeff. And we're gonna sit around and chit chat some issues, listen to some music. We have some some of our friend Garth, our friend, Ken. When was the last time we could say this about somebody in country western music a man a big time. Man last last big time country western music star I remember us talking about was Travis tritt. And it certainly wasn't because he was friendly.

M

Michael Crawford 02:54

And you remember we were talking about Randy Travis. And we wanted him to be our friend. But apparently he is too hetero to be hanging out with this. Oh, was he really had a row? So he says, I think I mean, he must be so badly dressed anyway.

S

Scott Lewis 03:09

Well, you know, Elton John used to say he was bisexual. So he'll come around. There you go. Elton John did.

M

Michael Crawford 03:14

Okay. Now the reason we were talking about Garth Brooks is because we've got

S

Scott Lewis 03:18

we've got some music coming up by him in a minute. And but but but why are we playing his music?

M

Michael Crawford 03:25

Maybe please tell us why. That little red ribbon he wore when he won all those awards on the Billboard.

S

Scott Lewis 03:31

Record. Not only that, but you know, somebody was telling me about it. Well, first of all, he's got the song out, we shall be free. Yeah. And it talks about, you know, people of color. Men and women be free to love who they want to, and so on and so forth. And evidently, he did an interview somewhere. I don't remember where I was told he did this interview on that. And they said, you know, what about this? What is your opinion on on, you know, races and homosexuality and so forth? And his answer was, I was brought up that everybody's equal, no matter what your color is, no matter who you choose to love, and you don't hate people, just because they're born different. And let me tell you, that is the right answer.

M

Michael Crawford 04:14

It's pretty safe to say he wasn't brought up in a Christian household.

J

Jimmy Carper 04:19

But that's just the point. He is very Christian. He's, he's a very avid Bible reading Christian. So well,

S

Scott Lewis 04:28

I'm gonna say something that'll make Stephen Holtz these teeth fall out, oh, you can be Christian and homosexual at the same time. You can be Christian and lack homosexuals, and be friends with them. And even Yes, support their life and their loves and our agenda and our agenda. Thank you very much.

J

Jeff Mackey 04:56

I lost my copy of that agenda. Not everyone, what do we want?

S

Scott Lewis 05:02

What do we want? Our agenda is to blonde most of us

M

Michael Crawford 05:06

in America and destroy the country as we know it.

S

Scott Lewis 05:11

Well, that's that's according that's Michael's reading from Stephen hold, see what the homosexual wants?

M

Michael Crawford 05:17

Well, I'm all for that as long as we're well dressed.

S

Scott Lewis 05:22

But we're not dressed at all right now. It's naked radio at weird radio 90.1 FM K Pft. Michael,
what's in the news that we need to talk about?

 Michael Crawford 05:35

Well, to be honest, there was nothing in the voice that seemed particularly interesting to me.

 Scott Lewis 05:38

What else is new? There were some bar ads, maybe some personal you know what I think we should do? I think we should do like personal of the week and we should like call one. That's true. Well, well, well, while we're playing a song, we'll pick one out. But let's talk news.

 Michael Crawford 05:53

News. Let's see we're still boycotting Colorado, despite the fact that some gays in Colorado have decided they don't want us to boycott them. But what's going on now apparently is Laurie iser Lowe from the Texas gun rights lobby. That's where she's from

 Scott Lewis 06:07

El Grl lesbian gay rights lobby.

 Michael Crawford 06:09

Okay, that's where she's from of Texas. She is suggesting that cities around the state vote to Boycott Colorado.

 Scott Lewis 06:17

That's a good idea because you know, what's happened Atlanta city council voted that the city is going to Boycott Colorado, no city money can go to Colorado, the city council members there will not even return reporters phone calls unless they're collect because they're scared they're gonna get in trouble for the money, you know, going towards Colorado and that it just goes to the phone company. But they cannot spend any any travel, they can't go to Colorado, they can't do any any kind of relation anything. Would that involve city money can't go towards Colorado. Let me tell you something real interesting. I every once in a while. Watch as I'm flipping through the channels, if I see that. What's the 700 club with Pat Robertson. Okay, I watched this just for you know, I usually can't stand it real long, I get very pissed off. But I was watching it the other day. And they did a whole usually they have a news feature. And they have like the topic of the day, all the time, etc. Homeless X, usually it's homosexual something, you know, well, I like to know what's going on in my community. So he did a whole thing on Colorado and proposition two, and the boycott. According to Pat Robertson, \$10 million, has already been lost to the Colorado economy. And they named off all the now has already cancelled a convention. They named off like 15 people that had conventions in Colorado that

have pulled out 15 different businesses and organizations. There was a business that was relocating from San Francisco to Colorado that has pulled out and will not go there now. And it's I mean, it's having an effect. And Pat Robertson was saying that they feel and experts are saying that this will have as big an impact on Colorado, as it was on Arizona when they didn't pass the Martin Luther King birthday holiday. And Arizona lost \$150 million.

 Michael Crawford 08:13

No, actually, it was more than that. What I read was that African Americans stayed away from Arizona because they basically dis Martin Luther King, and all people who were, you know, supportive of Afro American interests, said no, and that they lost him half a million dollars in tourism alone. And if seeing is how we don't have much money coming in from federal governments, for Colorado lose something equivalent to that because queers can go to Colorado, get them on their knees.

 Scott Lewis 08:39

And you know, something else that's interesting. Did you know Aspen put up \$5,000 of their own money to run a full page ad in USA Today saying we at Aspen do not support this. We're sorry, it was passed. Now, I don't know if the ad is run or not. Because a full page ad it was in what I read is about, you know, a lot of money. And I don't think I can say how much it is. But it's a lot of many \$1,000 less than 100,000, but not much. And they certainly can't afford that kind of money. And they were asking for donations for people to help put in so that Aspen could run this full page ad and they put \$5,000 of city money in to run this ad. So it's having an impact.

 Michael Crawford 09:25

I'm still kind of wondering, where are all the queers with money. Where are all the queer entertainers like George Michael, who still refuses to come out. People like David Geffen or the director Joel Schumacher. Why are these people not coming out and saying we should Boycott Colorado what Colorado has done is wrong. One of the things that I found particularly interesting was the way and like the hetero heterosexual entertainment media. It's been portrayed as a heterosexual Hollywood thing. And I actually saw an Entertainment Tonight where they said the boycott was happening because of Barbra Streisand. stood up and she was flawlessly dressed in red, no less, which is the hot color for this for next week, according

 Scott Lewis 10:04

to the fashion section of the post red is hot. Exactly.

 Michael Crawford 10:07

She was standing there and she was flawlessly dressed. And she started talking about how we needed to Boycott Colorado because of you know, they're basically slamming gay people. And ~~they needs it looks like it was led by Hollywood heterosexuals but in fact~~

they made it look like it was led by Hollywood heterosexuals, but in fact,

 Scott Lewis 10:21

our Streisand is leading the gay rights movement. Yeah, I see it happening. Not

 Michael Crawford 10:27

worth it means all but we're gonna boycott her and we have to

 Scott Lewis 10:30

give her credit. Barbra Streisand is the second richest, and probably the most powerful woman in Hollywood. I don't think she's gonna feel much. We have to give her credit because she was the first person with the exception of Martina Navratilova that came out and said, This is crazy. We have to you know, she said her what she actually said was, if they call for a boycott, we've got to do it. We've got to stay away from there, she canceled some kind of an appearance. And so we have to give Barbara credit.

 Michael Crawford 11:04

I think we should call up God and ask her what's the deal? Why and she's where?

 Scott Lewis 11:07

Well, you know, Jodi, my policy on interviews is if the word lesbian comes up, I'm walking out on you Foster has never been has never been the friend to our community

 Michael Crawford 11:23

that she should be. But she does have a new movie coming up in January. Now of course, he's playing a heterosexual with Richard Gere no less.

 Scott Lewis 11:31

Richard Gere is playing a heterosexual. They're both playing heterosexual. Well, this will be a stretch for both of them. And you know what I think is interesting. Have y'all noticed? Have you noticed how since the big thing that Queer Nation was gonna do it was Queer Nation right? That is going to do all that at the Oscars. The big thing, an actor combined, okay. Remember that? And they went to all the gay stars and they threatened them. And they told they told Jodie Foster you better say something more. You watch out. They told Richard Gere you better say set we're gonna watch out. Have you noticed how that really to me? I give Queer Nation and act about their credit. You know, even if they did Bumble it and nothing happened. It did

happen. Richard Gere seem to be really intimidated by that. The first thing that happened when he came on to the stage is I mean, because I mean, you could just see the man was nervous wreck. And the first thing he said is, Hi, I just want to bring attention back to this again and what it means and you know, he's pointing to his aids ribbon. And so he starts talking about what the AIDS ribbon is and how important it is. And then he goes off the stage, patting his brow, patting the sweat from his brow. Thank God, they didn't pull it while I was up there. Everywhere. I've seen him it since then he's always wearing an AIDS ribbon. He's always speaking out now. Well,

M

Michael Crawford 12:43

I must admit, I'm kind of over the whole red ribbon idea. I mean, Juan Palomo said and one of his columns this week, that basically something that I agree with that the red ribbon has become meaningless. It has. And I think that that was like in great evidence when we saw about a month or so ago. John good, no one wearing him. No, not that. But just so some people, some just say no to drug people decided they wanted the red ribbons for themselves. So they adopted it for a week. And we saw all these local celebrities wearing the red ribbon not to signify their support of you know, in the fight against AIDS, but for drug awareness, and it's like, it means nothing. I think basically the Red Ribbon is giving people an excuse to feel like they're doing something about AIDS when they're not doing anything at all.

S

Scott Lewis 13:25

That's true. That's true. It's real easy to put one arm when you're sitting at a city council meeting. But Hello, you're still only you're still only spending \$100,000. And we have the fifth highest sixth highest caseload. sixth highest and the only reason we have the sixth highest is because the health department is so damn far behind in reporting six months behind and reporting that the other statistics are faster than ours. Their other cities are reporting their caseload in 30 days, Houston, it's taken six months. So we have more cases, but the damn paperwork is slowing them down. I don't know what's going on down there. Glenda Gardner and Sue Cooper. You know what the hell's going on? That we're six months behind? We're losing money. Firm, firm lost \$30,000 When we went from five to six, that's one organization. How much money did the city's AIDS community lose? Because they're six months behind?

M

Michael Crawford 14:23

We won't know because the watchdogs of the government officials basically that should be our newspapers aren't doing their jobs because their aides coverage sucks. You know, I mean, and what makes it even worse is that a lot of the money that we are getting, which is only coming from federal and state sources, is being misspent by people like Sue Cooper.

S

Scott Lewis 14:43

Yeah, I heard about the audit that the state just did, and sided just horrible mismanagement. And that's as of the AIDS Alliance fabulous clothes. Does she wear fabulous clothes on occasion

M

Michael Crawford 14:56

that she's had

S

Scott Lewis 14:58

to come and go thing happens every now and then. And sometimes it's a fluke. It just happened. You know, she borrowed one of my dresses, I think that's one of her good days.

M

Michael Crawford 15:11

I'm still flipping through looking for news. Okay, let's see the National Commission on AIDS to meet in Austin next week to discuss work in school programs. But seems like something pretty interesting to me, was basically saying that I guess it's kind of too late for us to organize it all go in the caravan to Austin. But Thursday of next week, the National Commission on AIDS is going to be they're holding hearings on what we can do about educating students and people in the workplace about HIV infection. And that seems like it's going to be a pretty, pretty good thing to do. Something actually even more interesting that that I found out earlier that that completely and totally pissed me off, but that I read in the Advocate, and this is still on HIV issues. I saw this advertisement for HIV negative baseball caps. Okay. And what it is, is this little bit be

S

Scott Lewis 16:04

negative baseball caps. You know, I'm desperate. Okay, I haven't had sex in a long time. You know, 12 years, you get a little cranky that that explains my attitude. But, you know, and I've heard of sex toys. Yeah. But

M

Michael Crawford 16:20

a baseball cap. No, it's not like that. It's like, in the same way that a lot of the cat baseball caps have x's on the front, these baseball caps have HIV negative on the front.

S

Scott Lewis 16:30

Oh, so our community, which 30 to 35% of have actually been tested. And the other percentage of a large percentage of them go around telling people they've been tested in their negative because it's just another closet that out people have, you know, trouble with are going to go out and buy HIV negative caps.

M

Michael Crawford 16:51

Okay, now, now what I want to ask the people in the audience to do and in fact, everybody, I have the phone number for the company that's selling these aids. And the number is one 800

have the phone number for the company that's selling these caps. And the number is one 800. Try hats. Try HGTs. Now I'd like everybody, you know, to pick up the phone to call this company into

 Scott Lewis 17:11

their right now? Do they have a recording?

 Michael Crawford 17:13

Could we call them I don't know, we could try and explain to them why HIV negative baseball caps are an incredibly stupid idea. And also, you know, when you get your next copy of the advocate looking for the address for the company itself, and writing them tell them that you don't want to advertising like that in a gay newspaper?

 Scott Lewis 17:31

Well, at that, at that point, let's let's take a little positive note and listen to a little Christmas song. And while we're listening to this Christmas song, we'll find out if it's possible for us to call them up and see if they're there even in the middle of the night. Maybe they have a recording and we can we can say something to him there. We're gonna go to our friend that we were talking about just a minute ago, Garth Brooks, and we're going to listen to him singing go tell it on the mountain

 18:06

definition pro choice

 18:09

oh yeah, well that's the best no no actually prime is the best and then your your top choice and then select cuts and then utility cuts Yeah, you want to avoid that utility cuts though because that's beaks and feet and entrails and all that stuff. They put in winners. Yeah. So Prime is your best cut of beef but choices right there. So I'm definitely pro choice.

 Scott Lewis 18:36

Who, yeah. Yeah, grab your partner dosey doe. Round and round. Here we go. That was great. Jim. I love that. Hey,

 Jimmy Carper 18:47

we don't play a lot of Country and Western music and now I know why I really liked that that daddy and Santa Claus mixture. You know it stinks because

daday and Santa Claus. You know, it seems because

 Scott Lewis 18:55

you've done Santa Claus. Good Lord. And all of his elves but one you know the dad that's because he had to bring her in because of the glass ceiling thing. Getting glared at.

 Jimmy Carper 19:11

I can rip those hoops right out of your ears bitch.

 Scott Lewis 19:14

Oh, right here at weird radio 90.1 FM or Okay. Pa

 Jimmy Carper 19:18

World Radio 90.1 FM.

 Scott Lewis 19:21

Well, you better tell that to whoever fixed this sign.

 Jimmy Carper 19:23

I know it.

 Scott Lewis 19:26

Isn't that the greatest? You know what we were playing while we were gone? And that's because we're all naked here at weird radio 90.1 FM. And we were playing with the phone. And we really all wanted to be playing with Michael but he has that damn newspaper in his lap again. And we found out that yes, we can call this tri hats place. And I don't know if what's the number one 100 try. Oh no, this is going to take me a while because I'm not a very fast speller. T or whatever. How's the why? This is great. Yeah, I'm intelligent. Okay. What's happening? Oh, here we go. Here we go 100 Try hat. This is HIV positive caps for you kids. HIV negative, HIV negative

 20:30

Yep, up, up, up up.

S

Scott Lewis 20:32

They've got an answering machine, I'm sure. Oh, here we go. Here we go,

R

Ray Hill 20:35

Oh, you've reached the snowbound, Susquehanna head company, where the hell is that right now, but

o

20:41

leave your name and your number. And I'll get back to you as soon as I can.

R

Ray Hill 20:44

Thank you and have a dry day.

S

Scott Lewis 20:48

Hi, this is Scott Lewis in Houston. And I'm having a real dry day except for that damn sprinkler system. On my way out of work. Tonight. I am at a radio program here in Houston. And we just were discussing over the air, your HIV negative hats. And so our listeners and us here at the show wanted to call in and tell you just what we think of your HIV negative hats. Why we think it's a really, really bad idea. Let me introduce Michael Crawford, who's very eloquent when it comes to and politically correct things like this hat, you've created

M

Michael Crawford 21:22

your hat suck. The very idea of this, you could actually come up with a hat that would promote bigotry against HIV positive people I find offensive in and of itself. And just to let you know, we are also affiliated with act up and we will be having act up nationally come down on you for having such an offensive product. I think it would be advantageous for you to stop selling the HIV negative hats and stop discriminated against people with HIV. And in fact, actually to give money to aid to aid organizations because we're going to be on your butt like white on rice.

S

Scott Lewis 21:56

I think he sums it up pretty well. I would leave my phone number but I don't want everybody in our vast listening audience here in the fourth largest city in the country to have my home number but just heed the warning. heed the message and have a wet day and that what was his name?

M

Michael Crawford 22:20

I don't know what his name. I think it was Baba. But if you want to talk to him,

S

Scott Lewis 22:24

one 800 Dry hats.

M

Michael Crawford 22:26

Try H A T S Are you sure it's not dry? Yes.

S

Scott Lewis 22:35

Hey, hey, hey, hey, hey. You know, Michael, and damn, I meant to tell him if you need to track Michael down. He's, you know, he hangs out in the freezer section at Randles. And he's really easy to find, because he's the one with the chains around him. Michael, you know what I love about you. You make a point. So well, you just come right out. People don't have to go. You know, what does he mean by that? What's he trying to say? What's his message?

M

Michael Crawford 23:04

It's on my shirt. Loud and clear.

S

Scott Lewis 23:07

So that was a lot of fun. I like I like calling people in the middle of the night. Does anybody have his phone number? Just kidding, Ray. I know Ray to well, he's in bed by now. With him. Well, I can't. I can't say it ain't me.

M

Michael Crawford 23:27

Not yet, anyway.

S

Scott Lewis 23:29

Oh, please. Raise a year or two too old for me. ageist I know, am I still ages when I said a year or two? And it's 20 I'm gonna be in trouble. Oh, I love Ryan. He knows that. I'm just teasing. You know how I am. I mean, I get hassled at work. Because I will say something about oh, I think I might go do something. You know, with the guy I'm seeing right now. And they're all like, well, you know, scooter has to hurry today because he's going to have lunch with James and he has to have him back before recess is over.

 Michael Crawford 24:05

Well, you know, James is awfully young. He's legal, federally

 Scott Lewis 24:12

and legal for what is the big question. So we're having fun here at naked radio, naked radio KPFT and Jim, Jim Carper is over here pushing all my buttons.

 Jimmy Carper 24:26

Now not all of them.

 Scott Lewis 24:31

What else is in the news, Michael?

 Michael Crawford 24:33

The new Madonna video is out. Deeper and deeper. Oh,

 Scott Lewis 24:37

uh huh. And were you in that when I was?

 Michael Crawford 24:40

I don't think they were there any. Yeah, there were some black people that it but I wasn't one of them. But it's flawlessly. 70s totally cool and has Debbie Mazur in it who is the woman I'm currently in love with.

 Scott Lewis 24:54

You're in love with a woman.

 24:55

She's a beautiful woman.

S

Scott Lewis 24:58

So what's the video About deeper and deeper or, and I'm sure you'll be able to tell me because you don't have that newspaper just situated right in your lap.

M

Michael Crawford 25:08

It's not much about anything. It's more about an attitude, a sense of style. It's a very retro 70s kind of thing where shot in a very Andy Warhol style where Madonna is basically hanging out with a really extremely cute guy who looks like Joe della Sondra. And basically, it's like, preceding the whole 70s Fashion thing which is coming back, you know, and will be

S

Scott Lewis 25:30

the hot Look, obviously, from what you're wearing. Honey, I

M

Michael Crawford 25:32

am like 90s grunge activist out to the max.

S

Scott Lewis 25:37

I know it's great. I love it. I'm not criticizing you. Thank you. Okay, well,

M

Michael Crawford 25:43

the cool new thing in the in the newspaper is the proposed changes in federal definition of AIDS. Which basically means that a lot more people who are had been diagnosed with AIDS, more people will be diagnosed because the definition is changing. What's happening is they're adding a few opportunistic infections that generally affect women. So that more women the number of women will be more accurately diagnosed. And they're also making it so that if you have a T cell count of 200 you will be diagnosed with AIDS.

S

Scott Lewis 26:14

So do you think the government's kind of maybe getting that message what was that message? That one that women get AIDS?

M

Michael Crawford 26:22

Maybe possibly

S Scott Lewis 26:28

someone calling about that company? What was that number? We'll call him What was that number one 801 800 Try hats one 800 tryouts and what was your home number Michael in case that just really excited him? Number you can find Michael right outside the Zazzle rack grill corner of Elgin and Smith. And yes, a hefty price Tuesday through Saturday. Flawless looking always looking flawless.

M Michael Crawford 26:58

In red of course

S Scott Lewis 26:59

in red because red What is it okay we read the fashion section earlier which is very important. If you're homosexual, you need to dress well.

M Michael Crawford 27:06

Exactly.

S Scott Lewis 27:07

I mean every every as Jeff is tonight Jeff is looking rather flawless this evenings lovely brother flawless. A lovely is that's a lovely blouse first of all color. It's it's fall got the khaki slacks working got the you know the fall socks, argyle socks put the legs up. This is the only thing Jeff has on by the way the Ark Oh, those are an argyle those are up.

J Jeff Mackey 27:31

I picked these up in Greenwich Village. You will shop right next to the Stonewall Inn. In fact they're picked him up as a gift for someone who doesn't deserve them so now I have

J Jimmy Carper 27:45

just that way

S Scott Lewis 27:48

that sound of what those socks are flawless. Well he's only wearing one right now. And this is this is naked radio so give me that sock never Why don't we do another song this one Yeah, you know I love this song. Have you heard Martha washes new song?

M

Michael Crawford 28:10

It's on your answering machine Scott it was on my answering machine I

S

Scott Lewis 28:12

took it off. This is we all know Martha Wash who of course was made famous as to tons of fun behind Sylvester and then did the original it's go ahead did the original it's raining man. Then she

M

Michael Crawford 28:25

was the voice behind Velma of c&c Music Factory before she was still unceremoniously dumped and then

S

Scott Lewis 28:31

she was the voice for gonna make you sweat probably the hottest dance song of the decade for c&c Music Factory oh and she yeah well you know it takes minutes kick in what was that other black box she did all of their stuff

M

Michael Crawford 28:46

and of course they put a model in the video and who was the other

S

Scott Lewis 28:51

group she sang for she thanked for another group too and get screwed over in seduction

M

Michael Crawford 28:56

also with with the same guys who are behind c&c Music Factory are also behind seduction and also the new group solar system I'm convinced they're fags

♀

29:05

solar system.

M

Michael Crawford 29:06

No not solar systems with CNC because I listen close.

S

Scott Lewis 29:10

Oh, well, please, that goes without saying. So anyway, Martha sued. Martha sued and got quite a bit. I know she got 500,000 Just off we're gonna make you sweat. And she got a six album deal on her own label. She appears in her own videos. Yes. And so this is the album radio mix because you're listening to this on weird radio 90.1 FM, Martha washes carry on.

Who are those people? Is that woman?

J

Jimmy Carper 30:10

That is dos fallopia.

S

Scott Lewis 30:12

Dos? Yeah, women

J

Jimmy Carper 30:15

from Seattle, Lisa Cook, who we've played here many times, and a straight woman named Peggy and I forget her last name.

J

Jeff Mackey 30:23

We've got to find out this woman's last name. You tweeted this couple of weeks ago.

S

Scott Lewis 30:27

Peggy straight woman that is her name. woman named

J Jimmy Carper 30:33

S Scott Lewis 30:37

And what what great works has she written? Probably something dark related. Yeah,

J Jimmy Carper 30:42

so she's she's very prolific poetry writer.

J Jeff Mackey 30:48

She's one of them less material.

S Scott Lewis 30:50

Michael did you find a personal ad for us to call? So what is this all about? What is this type thing over here? We keep listening to Lisa and Peggy. I don't get it.

J Jimmy Carper 31:02

It's a

S Scott Lewis 31:04

and I'm not talking about my sex life. Yeah.

J Jimmy Carper 31:06

Now honey, dose fallopia put out a an album and sprinkled throughout the album are these little definitions that Jim Vaughn

S Scott Lewis 31:14

Okay, let's just have a definition right here for our younger listeners. Okay, dos means to in Spanish? Yes. What does fallopia mean?

J

Jimmy Carper 31:21

It's those funny tubes women have inside your body?

S

Scott Lewis 31:26

Do they have to? I don't know. No, I guess if they want to where there are two women involved. So there's two fallopian tubes.

M

Michael Crawford 31:35

Each woman has two fallopian tubes. Yeah.

S

Scott Lewis 31:37

So these women should be called quattro fallopia. Do you have their? Their number? Can we call them right quick and leave a message on their machine? What's the next one? Can we listen to the next one? Sure. Let's listen to the next one. right quick.

Their show is way too violent. That what's it called? Wild Kingdom. With Marlin Perkins. He and Jim are always wrestling those animals to the ground. We just believe we're in good hands with that other company.

S

Scott Lewis 32:25

Oh. This is great. This is that was hysterical. So these are little definitions located.

J

Jimmy Carper 32:40

Yeah, just sprinkled throughout the album. And we just saw sprinkled

— · · · · —

S Scott Lewis 32:47

through there sprinkled there. They're like those little. They're like those little multicolored little beads that you put on a white frosted cake. You just You just sprinkle them right across the top. I

J Jeff Mackey 33:00

think that's the effect that we're going for.

S Scott Lewis 33:04

Here on naked. I shouldn't be putting that pose on naked radio. Because I'm sprinkling. Anyway, whoo. Don't go there. So what else is on there? That's a lot of fun. Yes. Get my hair out of my face. Michael, have you found a personal ad number for us to call? Yeah,

M Michael Crawford 33:22

the thing about this person was that they're all like to a box.

S Scott Lewis 33:26

Well, that's, that's what I'm looking for honey. I mean, what's what's the problem there?

M Michael Crawford 33:32

Well, it's just that you have to like, send in a letter

S Scott Lewis 33:35

you send in a letter? Well get one. Let's get one from like the Houston press or something that we can call their voice box and leave a message.

J Jeff Mackey 33:44

make you pay for that.

S Scott Lewis 33:46

Really make you pay for that? Yes. Oh, do you have that? Do you have the pay number? So we can make we can make paying phone calls on the phone? Do you have to pay for that? Really? Yes. And they probably have to pay for it too.

J Jeff Mackey 33:57

Yeah. And to pick up messages you also have to pay for

M Michael Crawford 34:00

making steam remember

J Jimmy Carper 34:02

that they know this? It it

J Jeff Mackey 34:04

was I have no clue. I've never done this before. I'm not ashamed to say I placed personalized. Oh, really? Did you have any luck? That's how I met Steve. Who Steve the current significant other

S Scott Lewis 34:14

and how long have y'all been together? Three months. Three months is the sex good.

J Jimmy Carper 34:21

Man three months is a lot.

S Scott Lewis 34:22

Yeah, well, yeah. Because I've never done it. And I had a friend come to me a couple of two or three weeks ago, you know, and I'm not talking about sex. I've done that a couple of times. But a couple of two, you know, once it was with a woman, my mom does that count. Last time I was 20 a woman's legs was at childbirth. But anyway. So he comes to me and he says, I've got this personal ad for you because he had just responded to one. And I said, Oh, I don't know about a personal ad No, I don't know. And he's like, Oh, it's you. It's so perfect. This guy's gorgeous. You're gonna love him everything. So he raised me the personal ad and basically it says Um, blonde. Basically it says that this guy is an Adonis. He's blond, blue eyed, built, he's beautiful. And he wants some fat guy for whatever. And so my friend thinks that I'm the perfect person.

M Michael Crawford 35:15

And so there's a couple of different ways. And he didn't I read

J

Jimmy Carper 35:19

that and I know which one that is that was in the public news. Yes.

S

Scott Lewis 35:23

Yes. And he said, once fat guy for whatever. So my friend doesn't tell me about this ad. You know, just like, you know, maybe you should call this one. My friend tells me Oh, I called this for you. Yesterday, I left your number on this guy's machine. Now, luckily, the guy hasn't called me. But you know, I mean, come on. So we wouldn't be able to call there's no free one. For what about Wait, there's got to be a Jewish one. And that would be free. Cuz I'm Jewish, and I don't like to repeat you. I'm Jewish. I'm Jewish. I would Don't you know, my last name Louis stain. I mean, I would. I would, but you know, I wouldn't want to pay. You have to pay Gosh, darn it. Let's listen to 149 a minute. 149 a minute.

J

Jimmy Carper 36:11

Can we get a what if we got a donation and aerates the night yet?

S

Scott Lewis 36:15

Please. And and the phone message probably lasts longer than you do, too. What's the next one? Let's see what the next one is. Okay.

∅

36:24

Definition. Masturbation? Oh, ah. Oh. Oh. Oh, sure.

∅

i That's the when they put that. No, that's not it. Oh, I know what I Oh, shoot. I rings a bell. But I can't quite put my finger on it.

S

Scott Lewis 36:50

Honey, it rings my bell. And I can't quite put my finger on it. And a couple of that's the only thing I get down there anyway, anymore anyway. So we can't call it personal and I just hate that. Gosh, darn it.

M

Michael Crawford 37:06

There's a tree lighting ceremony.

 Scott Lewis 37:08

What is that tree lighting ceremony at Mary's floor? They have a big tree up on the roof every year, don't they?

 Jimmy Carper 37:12

Yes. This is a big deal. This is the Montrose Christmas tree jam. You're

 Scott Lewis 37:17

naked. Don't try to tell us this is a big deal. When you're in your jeans, that's one thing.

 Jimmy Carper 37:24

Why do I walk away from you? You'll think it's a big deal.

 Scott Lewis 37:29

Oh, you'll feel a little prick. That's what my nurse said to me day before she gave me a shot. Ah. So the tree lighting ceremony? Yes.

 Jimmy Carper 37:39

Let's hear more about it quickly.

 Michael Crawford 37:41

It's December 13 at 6pm. I am assuming it varies naturally. And apparently Deborah Denver state representative is going to be officiated. Yeah, she's there every year. And Deborah is everywhere. In the end. They even have this really clear looking Santa Claus. It looks very daddy like to

 Jimmy Carper 37:59

well, it is Mary's

 Scott Lewis 38:04

you know, I saw Deborah just the other day while we're talking about Deborah and have nothing else to do but waste time.

J Jimmy Carper 38:10

No, no, no, no. We need to talk about what's going on at the BRB too, but tell me about

S Scott Lewis 38:17

Deborah, trust me, this is more exciting. Oh, Jim, are you running

J Jimmy Carper 38:25

for the BRB. Hi, Deborah,

S Scott Lewis 38:27

how are you, honey? Good to see you about the bitch of the BRB. Is this great or why

J Jimmy Carper 38:35

now? It's the employee turnabout show. What does that mean that mean? Well, that means that all of the people who work behind the bar barbacks bartenders put on dresses and do a drag show. Oh, that's original. It's real sad. There.

S Scott Lewis 38:52

That's yeah. Charles Armstrong said to me one time he said there's nothing you know, she said he said, he said good drag is sad enough. And he said but bad drag, like putting your bartenders. Oh, it's great. Well, those weren't his words. But anyway, but anyway,

J Jimmy Carper 39:10

does that get real hateful with the audience? Oh, yeah. It's fun.

S Scott Lewis 39:14

So the bitch of the BRB, so So the point of this, I guess is that these people that are there, that work there, they get all dressed up and drag, they'd be really bitchy. And then you get to vote for who's the bitchiest

J

Jimmy Carper 39:27

right and you vote with your dollar bills and all proceeds are to benefit the lady victoria last PWA Christmas

S

Scott Lewis 39:34

fund. For those who don't know, tell us about Victoria, Lady Victoria. Victoria.

J

Jimmy Carper 39:39

Chris about 98% of her time raising money for PW A's and Colt 40 fives and she starts Oh, I got around February with our shows for for Christmas. I mean, I'm not kidding. And to make sure that every PWA PWA gets Christmas break. presence and money and whatever it is that they need. That's wonderful. Yes, it is wonderful. She's been doing that for years.

S

Scott Lewis 40:09

His planet Sazerac. Sazerac has a Sunday jazz brunch now with Claudia Burson, who she I guess if you don't know it's tomorrow morning. Hey look, and they have bottomless Mimosa as Jim looks from here. Like you could handle some of those. I think there were, I think that might have been named after you. What was it that movie the black hole? Oh.

J

Jimmy Carper 40:36

And we want to make sure that everybody knows about the national leather Association. Every year they have a toy drive for children with with children with AIDS. So take your new toys or stuffed animals to the venture end for this for the NLA toy drive.

S

Scott Lewis 40:59

Is Dana Waltrip, still president of NLA Oh, yeah, Dean is just wonderful. And the NLA I get I'm gonna I'm just gonna give him credit because I don't know any better. Under his leadership have done wonderful. I mean, they do a lot of really good things, a lot of good charities they support a lot of especially I've noticed AIDS and HIV causes that they've really supported

J

Jeff Mackey 41:24

but they always turnout someone when I'm involved with switchboard and a few weeks ago at the auction and they were there helping the auction so

J

Jimmy Carper 41:36

well, let's go to

 Scott Lewis 41:37

Elton John is still in a song. Yeah, Elton John, who used to be bisexual and is now homosexual. I guess it's part of the progression of things. Yes.

 Jimmy Carper 41:45

Anyway, he does. This is a special import album and he does his you've heard this before stepped into Christmas.

 Scott Lewis 42:05

That was a really stupid time to find out. So we're going to do one last song and it's not going to be a Christmas song because I'm tired of Christmas. Right here yet. It isn't here. You know what I hate? I hate the stores. I work right next door to the like, we're all the River Oaks women shop. Okay, this place is if you want to pay three times retail for anything you could want. Go to events in River Oaks. I went in and I happen to be in there because I had to borrow something from them for work. I go in there. And while I'm waiting on this man to get some for me, I'm just browsing and I looked at a box of cards, okay, that you could get at any hallmark for an average price that you would pay for cards, which I can't say what that is. Now. Imagine that if it were like you know, not much under \$10.03 times that is what they were charging for the same box of eight cards. Now why would you pay that much money for like a box of cards you could get it Hallmark

 Michael Crawford 43:00

because the packaging was pretty.

 Jimmy Carper 43:02

It doesn't make that was called Bitsy and Francine discuss politics.

 Scott Lewis 43:12

Well, they certainly flicked my back. You know, now I know why they're called Dos fallopia because honey, those women are missing a couple of them. That ain't they ain't all there you know, when I talk politics with my friends, it just didn't seem to be that stimulating. Well, I'm naked right now. Has it been stimulating talking politics tonight? Not to be waiting for me. I mean, well, obviously it had been stimulating for me. You can tell by looking from there. Can I say I'm a show or not a grower now a grower not a shower. Whatever.

J

Jeff Mackey 43:49

Just dead so.

S

Scott Lewis 43:52

Oh, it's hot in here. Anyway, well. We are going to close up now get ready to close up say our final closing comments. Michael Crawford, Scott Lewis. Do you have anything exciting to say to close with?

M

Michael Crawford 44:17

Well, the new Marky Mark photo book just came out. Oh, and it's so hot. Yes, it is. That's what my mom's gonna get me for Christmas.

J

Jimmy Carper 44:25

Lucky thing. Yeah. I was saying it.

S

Scott Lewis 44:28

What is this? What is this Marky Mark?

M

Michael Crawford 44:30

There was this one interview where he was telling me the interviewer that she had to excuse him? Because he hasn't had time to bathe in three days. The same property was

S

Scott Lewis 44:45

too loud. Yes. What's the matter with our control board

M

Michael Crawford 44:48

S

Scott Lewis 44:59
