J Jimmy Carper 00:08
Lots of stuff going on in this spectrum 95 For one thing, that's, that's like town meeting to a consortium of community pride. And it's occurring June the 18th. I know it's a couple of months away and I know how you people around you wait until two days before but, you know, this is something we need to support because it's it's a whole bunch of things going on at once. It's a business exit Expo. Our financial strength within the Houston economy is estimated at 2 billion bucks. Wow. Yes. So learn how our dollars can make a difference. Learn how to invest money, what to do about discrimination and how you can adopt a child. Ooh, yes. The art Expo experienced the talent and creativity within our community at the expo and sale of work by local and national artists. Ni and concert of the stars listen to who's going to be here Lynn Laughner puts the Tourette Romanovsky and Phillips sons and lovers and dv eight. All of these people we have played right here on after hours. You have heard their music for years for laughter and pissy Tourette and then town meeting to a community forum and open discussion about goals that benefit everyone. Imagine what our 350,000 votes can and will accomplish. Oh, yeah. And all that money. There's at least 350,000 Oh, yeah. Gay Lesbian people plus, the bisexual folks. And the transgender. We are a major portion.

S Scott Lewis 05:20
It's kind of like that movie. What's that movie with Steve Martin where they have the accident because she's blowing him. What? parenthood you haven't seen. This I don't remember. Okay, apparently. There's a scene in parenthood where one of the women's talking to the other women the other woman being the woman who plays Steve Martin's wife. And she says to

relieve her husband's stress or to take his mind off things she gives performance oral sex on him I see when he's driving down the road not a good thing to do well and so if she tells him right to distract dress and he does it and they run into a telephone pole well

J Jimmy Carper 07:06
well, it's just about time for the QM Z isn't just about time Okay, let's see what she get. Let's make it official okay. Hello, Houston. It's Jimmy with a que MZ the queer music zone her just about every week on after hours. A continuing tradition right here on KPFT Houston and KEOS College Station, Bryan. And we are taking your requests for career music at 5265738. But we're going to start off with the other Melissa Melissa Ferrick new Dyken town honey. And this is her first album, it's actually better than her second one that just came out last week. I have to say it.

S Stacy Bolding 08:14
The first album is better than the second album

J Jimmy Carper 08:16
is much better. And my favorite on there is called the happy song. You've heard it before and you like it, and you've requested it. So here it is. Whoa, yes, that was kitchens of distinction and the title cut off of their latest release. Cowboys and Aliens. I really liked that tune. Yes, they are queer. And before that, of course, Melissa Ferrick, the new dyke with the happy song off of her first CD. Yes. And coming up, we've got horse with off off of her new actually, I say her, I get confused because the name of the group is horse. But the lead singers name also is horse. She's a big dog. And their new CD is God's home movie. And the title cut. Well not the title cut now. The first cut is called celebrate, we're going to be playing that and then I think after that we're going to do a set from pansy division. We always get requests from Panzer Division and they have a brand new CD out and it's their best one yet. It's called pile up. It's got all of their 40 fives that they put together on CD and besides and all kinds of stuff and let's say I've got 12345678 picked out as my favorites and that I can play. I've got some fun favorites on there that I can't play. And that's why you need to get the CD because it's really good but first horse with celebrate. Oh, yeah, yeah, for those of you who've been complaining because I only play that one Horse Song and she smiled, which is cool. This is celebrate off of their new CD. And as promised, I got a set from pansy division coming up and it's all their new stuff. And then this is for the Q patrol, they just called in patrol guys called in and it's pretty quiet out there tonight. Guess because of the storm or something. People that are not just joy riding around just a couple of cars that looks suspicious in the neighborhood, but pretty quiet night. That's what we

like to hear hope that continues all through the summer. We know it won't. But hey, that's why q patrol is out there. And they're always looking for people to help them out or to donate money. So give Q patrol a call. And as always, I never have the right number in front of me when I need it. So keep listening. We'll be giving you that q patrol number later on in the show. Right now. New Set from Hanzi division, they've got a brand new CD out called pile up. It's their 40 fives and besides and it's some good stuff. Ooh, there's there's my favorite I can't play because it's just got too many words. Too many words if I if I cut them all out wouldn't make any sense. So I'm gonna be playing some other things. I'm three or four songs. You are listening to the QMZ the queer music zone, which is heard just about every week on after hours a continuing tradition on KPFT Houston and KEOS College Station Bryan so right now pansy division with real man oh yeah pansy division with their version. Smells like queer spirit before that trash. And did Jackson and real man all remakes? Well, except for trash. And that was for q patrol, who called in Oh, let's see we've got a number 8718519 to volunteer for q patrol or to give them some bucks because they are protecting our streets. And it is kind of quiet out there now the close out the QMZ the QMZ the queer music zone is a request from I don't know who it was from but it was for the new FEM to fam Where did love go? And Scott that sweet thing that he is went running back to the club to pick it up because I didn't have it.

S

Scott Lewis 13:13

I'll get you a copy. I get the hint. Oh, that was that? Was that obvious? Yes. They're sending me a bunch of stuff to give away next week when we premiere the video so I'll bring you stuff Cool. I'll bring you an album and a single say

J

Jimmy Carper 13:29

and all those listeners will be thrilled to get it because I'll be able to play it for him. And I've been enjoying all these pictures of you and from the fam. They were here last time. So special go love Go mix. Where did love Go? them to fam

queer radio with attitude This is Stacy we're back from the QMZz with Jimmy and Stacy with me Hi, Stacey. The reason I brought Stacey in is because she had some questions on the scene. And I wanted to answer a few of them for and also answer some on the air in case anybody else had any more questions. If I remember correctly, the first thing you asked me was Where do I get information? Being a lesbian one of the first things I did was pick up the same book you did come into power right? Britain with some stories by Pat clivia and Samos. C'est moi. Okay, which was an SM organization out of California. Very good book. It's got a lot of good facts in it. I don't remember it's been several years since I've read but it's got some excellent stories. Yeah. Realize, realize the stories are fiction. That's all they are their fantasy. That is it. That is all that they are, is fantasy and fiction. The other good book to read is sm 101. Written by a psychiatrist, I believe, I believe he was I don't remember off the top of my head by the name of Jay wese. Very good book. From a bottoms perspective, but giving as much information as he could. From a top perspective. It is all fact. It is all fact. It gives you an outline of abuse versus SM and what that is. He goes into different types of bondage. It goes into what the caller means. It's just huge, but it's got a huge price tag to it. You can probably get both of those books at Crossroads or Lobos in Houston. What was one of your other questions we've been talking for so long now I forgot
