SPEAKERS

Chris Harrison, Bobby, Dean Becker

 Dean Becker 00:00

We have drug war for the United States. That's the anniversary of the Harrison narcotics act. And it's important that we realize how much of our resources, how much of our, you know, policeman's focus and time and effort is devoted to chasing down pot smokers when they could be going after criminals like rapists, murderers, child molesters, people that are out to do us harm. Yeah. And we need to work together. And I'm hoping to and invite you know, some of y'all come down there some of the listeners that come on, it's for 20 to get on probably shouldn't say. But anyway, what to get in?

 Chris Harrison 00:41

Well, it's a fundraiser for Well,

 Dean Becker 00:42

I don't know, I don't want to tread on toes or step, you know, step over the bound. I'm not sure if

 Chris Harrison 00:47

normal is 501 C three, right? Yes. Okay. Yeah, you can you can say the price. Yeah.

 Dean Becker 00:51

Okay, for 20, reasonable price. We want to come in hack, you might win a copy of the movie grass, or some of the other things that we're going to have in kind of a giveaway, get a ticket when you come in the door. And we want to

C

Chris Harrison 01:04

hear your thought raffle ticket. There you go. So you don't want to scare people until they're getting a ticket when they walk. Yeah,

D

Dean Becker 01:11

indeed. And one thing I did want to touch on, it's been kind of weighing on my mind when I started hearing the details of all this. If you remember a couple of weeks back, the Houston Chronicle came out with a story that indicated that those sitting on these grand juries, those determining who gets sent to trial, and those who do not tend to be policemen, friends are policemen, district attorneys or friends of district attorneys. And these are the types of people that were sitting on those grand jury panels when those six officers who gunned down Pedro, Oregon with 20 bullets were let go. And I just heard that yesterday, the head of that task force that had busted in a man's house and shot him 20 times in the back was put back on the police force. So you know, if you mentioned the word drug war, it can always it's a it's a soothing balm, it tends to heal anything, because they have a mandate from God and anything can be forgiven. If it might stop little Johnny or little genie from taking a hit. And Linda, we've got to stand up against this. You stop and think about it. The majority of people the real and news silent majority of people are for ending this drug war. They're just afraid to talk to each other about it. They're afraid to call their legislator or their or their local newspaper and do something by letting their voice be heard. And I urge everyone out there to please do just that.

C

Chris Harrison 02:37

All right. Thank you, Dean.

D

Dean Becker 02:40

That's it for tonight. I again, appreciate the opportunity. Y'all have a great weekend.

C

Chris Harrison 02:44

All right you to do okay by Team beggars, a host of cultural baggage heard here at 630 on Tuesdays, and also the 420 drug news every afternoon, Monday through Saturday at 420 in the afternoon, reference for music in your ear and I will let them tell you what show you're listening to. Little bit of Panzer Division we'll be back.

∅

03:11

This is John and only from pansy division saying have a very humble Christmas this year. You're listening to after hours with Jimmy Carper on KPFT Houston

03:28

Oh my my my Jan Barlow. That is an oldie but goodie buddy used to play that on this show in the late 80s. It's

c Chris Harrison 03:39

a CD and it looks like it was someone took the took a copy off of the album. Yeah. And put it on

03:48

everyone. Even though it wasn't an album. You know, we only had it on tape from a friend of a friend of a friend.

c Chris Harrison 03:53

And like the halls, yep, we may play. Yeah, yeah, we could have played this one earlier for Christmas given me bosoms.

04:05

With this transgender music. Yeah. And

c Chris Harrison 04:09

I didn't you know, I bosoms is such an unusual word. And when I was listening to the CD earlier, the word Muslims didn't come to me even though I heard the song was listening to it.

04:20

Yeah, we were talking about. Did you play anything else?

c Chris Harrison 04:24

Yeah, we did. Venus envy. I'll be a homo for Chris. Yeah, like that. And we started off that short set with Panzer Division, homo Christmas. Oh, yeah. Because they introduced us the show.

04:35

They certainly did. Now, we were talking about a dictionary entry

C

Chris Harrison 04:41

from the 19th century. Yes, Jimmy forgot what it was.

♂

04:44

And we've got Scott telling us down the line, Scott, how you doing? So, Phil, remind us about that.

D

Dean Becker 04:54

Okay, well, I split I split this into two different messages. So it's a little hard to find Follow. Samuel Johnson was a writer in 18th century England. Well, I was at the meeting of the downtown Midtown Residents Association, and I was talking about how they made rap if it were on venture in location, people on the street couldn't tell much about it. Because probably wouldn't have wouldn't have a public entrance on Main Street. So somebody brings up what they've seen on the website, and I said, Well, what website is not a view from Main Street and it's not a view from an EDA, and it's not a view from fan and, and this really reminds me of a story about Samuel Johnson and his famous Dictionary of English language. A certain woman complained to them about certain words he included in his dictionary, his answer, madam, you could not have found these words without looking for them.

♂

06:01

And that was the point about, about these folks who live in 2016 May, complaining about a business nine blocks away that they have to use the Oculus to see one that does not have an entrance on Main Street.

♂

06:20

They they found out what might be inside only by looking at the website.

C

Chris Harrison 06:28

Yeah, ever see, you see with addiction, you know, I when I got my Spanish dictionary, the first things I looked up all the dirty words, when I went out found a dictionary, a Spanish dictionary that all it had were dirty words.

♂

06:41

Could not have found those words without looking for that's exactly

06:45

right. I mean,

Chris Harrison 06:47

you gotta know how to get out of handcuffs. If you ever get to get the volunteer bounded stuff in Mexico,

06:55

I'll bet that that whole thing went over their heads. Well,

06:59

I don't know why they didn't laugh, but they didn't seem offended. Maybe, I don't know whether you understood or not.

07:11

They may have they probably didn't then but I bet they thought about it, and then it registered. And you know, and they got the point. And I hope they keep getting the point instead of trying to raise a controversy where none existed.

07:25

Some of them or maybe some of them found out by spying on the matric group. Yeah, yeah. There might be suppose on the group,

Chris Harrison 07:39

that's the fun thing with the technical age, you know, you can all

07:42

around never know. But but, you know, I just, I'm just looking forward to the place reopening again. And like I said, Before, I will be in attendance.

Chris Harrison 07:54

You won't be there with bells on but he'll have he'll break out the special knee pads and dust them off. Well, Scott,

08:01

thanks for calling that information or your time. Okay. The by Scott has been one of the few people who have has gone to the neighborhood watch meetings that that started the complaints. He spoken up. He has taken action by leaving a note on the building saying that he was proud of the watchshop for standing up for, you know, for being on the side of of the meat rack folks. And I mean, he's he's been very positive about all of this and gotten out there and done things. So. Yes. Robert, checking to see whether or not okay, so he had no phone, right?

Chris Harrison 09:02

No, we didn't hang up the phone correctly. No, we didn't hang out. It was not us. It was him. It was us.

09:06

A call her name's Sam wants to hear walk in random women's underwear. Didn't you play that before? Oh,

Chris Harrison 09:13

that's two commercials. I

09:14

heard that earlier at one of the shows. Well,

Chris Harrison 09:18

I guess we have to because you know, I mean, the ones that would normally play it would be Canelo. Al but unless they came out with the Spanish version of that song. Yeah. And I

09:28

don't think they have you wouldn't put these guys on the air.

Chris Harrison 09:31

Do you want to be on the air?

09:34

While they're talking into the mic?

Chris Harrison 09:37

Can each other okay, your mics are on now I've put my slip into women's underwear. Okay. Well, I slipped in the women's underwear. I'm

09:45

sorry. I thought we've already played that. We didn't play.

09:48

But slipping or Jamie what you did at home earlier doesn't count. No, this was at a fundraiser for the cohort and I don't care where you were wearing women's underwear honey,

09:57

where I was not the performer of the Have the song you know it was very very very tastefully done as a matter of fact. Yes.

Chris Harrison 10:08

Okay well let's say yes let's

10:10

is all black with the underwear Yes No that's hot take me away cow in

10:20

the right body

Chris Harrison 10:24

okay, we're gonna play two songs that are heard usually on all the big fancy commercial stations. One of them you know we usually get requests for to hear Robert Earl Keynes version of the second song we're gonna play but okay, we don't play that one on this show. We'll play the queer version. But first of all by request.

10:43

Thank you Sam for calling that in and who wrote this one?

c Chris Harrison 10:46

Oh, this is from Bob rivers and twisted radio. I am Santa Claus. Walking around in women's underwear and I want to push I mean, really one version of that one. This Hold on.

11:09

Did she say Merry Christmas from the mammarys? No. From the fam.

c Chris Harrison 11:13

Merry Christmas to the family. That is Jill Sobule. It's a funny little song there.

11:22

It's a twisted

c Chris Harrison 11:23

little tail area. My

11:25

headphones aren't working quite right.

c Chris Harrison 11:27

Yeah. The my one singer that used to work at a bar at my parents house used to sing that year round. And my father really enjoys that song. Everyone's heard there's 12 Audience participation ones there. Hi, dad. Any Christmas song that has the phrase a box of tampons, you know? Oh, I see. Yeah. Yeah, you have to you have to play one of those. Although you were discussing Stacy with your discussion of

12:00

I just said using you're the one who said they make great ornaments. I said Yeah, but they're

better when they're used because the red gets the Christmas.

12:10

So tasteless.

12:12

Now they're not in your mouth. I guarantee you it has flavor.

12:16

We're going to have a discussion very soon about gay brothers as soon as the gay brothers come in here.

Chris Harrison 12:24

But would you have to let you know that you are listening to after hours queer radio with attitude hear on most responsive commercial free Pacifica radio for the Gulf Coast? KPFT 90.1 FM Houston 89.5 Galveston, and always on the worldwide web at KPFT dot o RG. Send in your pledges, please. Yes. Yes. make good on your promise.

12:42

We may have a new piece of music to play later on. Rudolph the Deep Throat reindeer. Oh, well,

12:51

I think I met him last night. And now a couple of years ago

12:56

I see okay,

Chris Harrison 12:59

well what did we have to go with that song? Do to make that noses read as it is. Okay, I think I can

-- --

13:07

raise her burn. Several fraction.

c Chris Harrison 13:12

I don't know we could do one of those boy girl ones. Boy girl. Well, yeah, well, like we did with the 12 days of Christmas. We played the girls version. Then we played the boys version. Yeah. The Little Drummer Boy. Now 12 Days of Christmas. So if he wants to play Rudolph the Deep Throat reindeer. We play Rhonda Rhonda the lesbo reindeer. Yeah. Venus that'd be we can do a double shot like that. That would be

13:34

been extended. Okay. Both of brothers here. Both of the brothers are

c Chris Harrison 13:38

pulling in. They're both here. But one of them as they're both in the studio. They're both wearing your headphones. So I'm going to keep their mics down until we get their stuff.

13:47

There. We remind them that this is new news radio night.

B Bobby 13:53

Gigi is not here.

13:55

Did you hear that? He doesn't have to be here. We don't want to see

13:58

GT anyway. He's trying to untangle his core. Just

c Chris Harrison 14:03

stick it in somewhere. Stick it in.

14:07

Insert one insert two. Wow. Remember his payment and I in not only

14:14

my, my, my my Yes. I understand

14:18

John that yes, yes. I'm always in it. No, no, I

14:20

was told that very recently. As a matter of fact, whatever. So what do we have with us this evening? James, and Devon. Okay. And you two are brothers like real brothers. Yes, yes. And you're both gay? Yes. Or maybe bisexual or? I don't know. I'm bi but. Okay.

14:43

I'm actually straight. I only like boys. Okay, sounds like my last boyfriend.

14:52

Have you? Did you grow up together? First of all,

14:57

a little bit coming pretty much it probably until he was eight. Our birth mother kept him I wasn't see I was adopted when I was just two weeks old. Okay. So he was the last one and she kept him. And they they lived around us, but not that close. When we moved down here to Texas. We lived in Pasadena and they lived up in Walla Walla in the mud. Really?

15:26

Did you have much contact with each other?

15:29

After he was eight years old? Yeah, that's when she moved back down to Pasadena Bay town that where we all lived,

15:36

and did you know each other's orientation?

15:40

While he knew mine, okay. Yes. And I had no idea about him in 93 is when I decided to travel. Should I say? Okay, so I basically haven't been in contact with family since 93. Until this year.

15:57

Oh, okay. Okay. Because I've known Devin for quite a few years now. And it was a surprise meeting you, James? Oh, yes.

16:11

Well, it's it's not. I'm saying I guess I could say not a rarity. That there's more than one sibling in the same family. That would be gay or bi. But it does happen.

16:25

Yeah, I'm in a similar situation. I'm estranged from my family. But my, the, the oldest and the youngest. is a is a female and she is a lesbian. We just don't have a relationship.

Chris Harrison 16:39

Most lesbians are female. Just wanted to point that out.

16:44

Well, but then again, most straight men are supposedly lesbians too.

16:48

Yes. Anyway, but you to have if you hadn't had a strong relationship in the past, you are forming one now? i Well, I

17:02

think it's I think it's there because of the, I guess, because of the bloodline. Should you say um, I have I have a half brother that was also adopted by the same parents. Well, I guess he's not

half brother, I consider him a half brother. He doesn't have the same mother that Devin and I do. His mother was, you know, Indian, straight from the tribe and the reservation in Nebraska. And, you know, she got pregnant by the white man. That was forbidden. So she more or less gave birth as for Pepsi and left. Oh, and a good friend of the family that knew my mom. You know, my adopted mother. Yeah. She she called her from the hospital and said, you know, we got another one that they left, you know, and she, she went up and got him. And pretty much all of my life, I was really close to Andy. He was like, you know, sometimes at points, I felt the only family I had, what was the age difference here? And he's five months older than me. Okay. So, you know, we were the closest together. Yeah, growing up. My most distinctive memory of him was chasing each other up and down the hallway, smacking each other with a broomstick, dropping it and then running to the other end. And the other one would pick it up and run down the other end of the hall and hit the other one. So it was you know, we were constantly at each other like that, but we were closer than anybody else in the family.

18:33

That's a bizarre memory. It's

18:38

it's it, you know, even even though we had our fights like that, we were pretty close.

18:43

Okay. And is he heterosexual? Yes. Okay. Does he know you're gay? Yes. Does he have a problem with it? No.

18:52

Not at all. He has a problem with everybody else who's gay? Oh, I don't know why. I have no idea. Well,

19:01

because your brother's first and

19:03

Are you sure I didn't date him? Have you ever lived in Vegas? No, but I've dated.

Chris Harrison 19:16

Somebody gave us a dataset entire show. Vegas show Chorus Line. US man. And half the

women.

19:23

So Devin, how? What's it like? Kind of discovering and forming a new relationship with your brother?

19:32

Oh, it's it's been really interesting. Shoot, like I was saying before last time I was on here quite a quite a while back. I thought the entire family you know, didn't want anything to do with me. Right? And, you know, then out of nowhere, I found out you know, my brother actually does want to talk to me, even though I was told by other people that I didn't.

19:52

And not only that, but you two were living together now. Right?

19:54

Yes. We live together now. Finally, Devon

19:58

has a stable Home.

20:01

And he's going to from here on out. Yeah.

20:03

Moving around.

20:07

We've already had that discussion about a couple of his friends. One of them who comes up here who better not show up while I'm around. Okay. She knows who her name is Kendrick. I mean

20:24

I've already told Devin that, you know, he's got his little things that even when he was a kid, yeah. How to make people mad and get on peoples nerves. You know, I get mad at him too, but I get over it because I know what he's been through. And I'm gonna do everything I can and have to do to make sure he doesn't go through that again.

20:44

Funny, he's never gotten on my nerves.

20:47

What? No, you don't live with him?

20:48

That's true.

20:50

Ask him to paint the bathroom when he's playing a video game. Jimmy wants Devon on his nerves. We know which one she's only got one nerve left and she's waiting for anybody to get on.

21:07

So you want me to attack that punching bag you have? So

21:12

I'm saying girl. And easy.

21:18

I've got a lover and a boyfriend. It's really tough keeping up with them.

21:24

Well, something tells me you can do it. I can do it. I was gonna say even though you have a lover and a boyfriend what's to say you can't have a trick. What's the thing he hasn't? Or that he is?

21:42

Yeah, never let sex get in the way of a good relationship.

21:45

I never had a relationship get in the way of good.

21:49

Exactly. Exactly. Give you my heart but not my genitals.

21:57

I'll give you my genitals but not my heart.

22:00

Well, not to keep anyway, you can keep my heart if I give it to you.

Chris Harrison 22:04

We'll see Stacy's genitals are have a key ring attachment. So it's easy to take them around and

22:10

well my son has just have a heart on them too. So I was gonna say is that what she was talking about? Leaving her balls in the car?

Chris Harrison 22:19

Well, you know, it's those leash attachments to get him into trouble.

22:27

my pocketbook. It just has to remember to bring it.

22:33

So it seems like each of these guys are have moved in together and you're kind of starting from scratch and and building a home life.

22:42

Yes, definitely from scratch. If anybody wants to donate any furniture.

Chris Harrison 22:48

Hold on. I have I have to mark this. Because the way we keep talking about it, there's going to be somebody out there asking us what we're keep saying you've moved in, you're starting this there. Are we talking? Are you as brothers or?

23:01

Oh, no, no, no, it's

Chris Harrison 23:04

the way things have been said. Oh, okay. And you know, rule out incest. Well, I mean, do you feel it necessary? I, for some of our listeners, we want to do that, you know, especially the blue haired ladies who are calling up Pat Robertson. Oh, my God, they're talking incest on the radio.

23:24

Let them fantasize.

23:27

Okay. Are you having a sexual relationship?

23:30

No, we're just as brothers. I have told him and he won't believe me that there are plenty of gay men out there that have the fantasy of two brothers. I had the pleasure. Thank you. Stacy. Let me see how I can tell you the particular two brothers that I have the fantasy about two but I one goes for the other one doesn't.

23:51

You know the whole the whole thing about incest is between opposite sex partners. brother

YOU KNOW THE WHOLE THING about incest is between opposite sex partners. Brother sister, you know father daughter, and we're talking about because it can result in pregnancy. That's the big taboo again. So I mean, what's the big deal about bras

 Chris Harrison 24:16

more afraid of two headed babies? Not as much pregnancy?

 24:20

How many people have not had sex with like cousins? Literally? I have. Yes, exactly.

 24:27

No one in my family.

 24:30

And I have only because there's no one in your family.

 24:33

I have an older brother. I have a queer second cousin and I have a queer uncle. That's a year younger than I am. Okay, so you met him?

 Chris Harrison 24:41

Okay, but here's the thing, Stacy. Have any of them in prison?

 24:45

No, but my uncle was a prison guard. Does that count?

 Chris Harrison 24:53

According to your standards? I mean, if they walk out of the prison and orange uniform or blue uniform

 25:00

I want to say, is that how Stacy's name and address got on the bathroom wall up there

25:04

they are either efforts, some of your letters, I don't know,

25:08

you know, I'm a sucker for visitation so to speak. No, I was gonna say back in my heyday, you know, when I was a younger girl. That was a few 100 years ago. I used to work at heaven and we had this gorgeous little creature that worked for us. And come to find out two weeks later, unbeknownst to most of us, except for Miss Armstrong, his twin brother, who was also gay worked at Jr's Wow. And it got to the point where there were little after work sessions that everybody watched the pool table action. Oh my between the two brothers at Jr's and I remember these two. Oh, they were twins. Yes. They were hot, very hot. And I could say there's some definite fantasy material there. You should have seen him going into the Jr's on the pool tape. I didn't have to honey, if I'm going at it in my brain. My eyes life was much better. Okay, that's what you think

26:14

the point of all of this is that we're not talking about a sexual relationship. We're talking about brothers. reestablishing a brotherly connection connection. Yeah. So how's the working schedule going? Steady so far? Okay. What does that mean?

26:33

Well, we currently work through a temp agency. He's been keeping us busy. He's currently looking for a permanent place for us, you know, for permanent job. Sure. Sure. So keeping my fingers crossed. Good.

26:45

Yes. It's not one of those places that they send you out and go, Hey, let's just send you to a different place. They actually try to get you a permanent spot to get rid of you.

26:53

Yeah. That's that's how I got my first job in, in in Houston. Through a temp agency. He worked. For 19 years, I worked at an oil company. Oil conglomerate, actually, pipeline, oil pipeline come I knew

27:09

...

it had to someone pipes

27:13

had to do something with lubing pipe and the

27:16

way it kind of works that they send you to the job. And if the people want you, then a percentage of your salary goes to the temp agency for a period of three or four months or something like that. Yeah, it depends on. Yeah, it depends on how

27:34

well with this one, you have to work through the temp agency for three months before they can hire you.

27:39

Okay, that's how that works, then.

27:41

The good. The good side to that is that three of the companies that he sent us to, we have been the first two that they've requested to come back. Wow. Nice. So one of them. I know if they had the openings, they would definitely hire both of us.

27:58

Okay, well, that works out. I think that's a really good thing to do in a new town, is to go through a temp agency, because you don't know the town you don't know. First of all, how to get around. And you don't know anything about the companies. And

28:15

that's actually what I did when I wound up in Pennsylvania. God forgive me. I went through a temp agency and I managed to get my job with Lubrizol up there. But another company with lube in the name yes. But you know, of course, thanks to Mrs. Bush. And not Barbara. No. The the tech structure change completely in Pennsylvania. They raised it from 18 to 32% for companies out, and within three months time, 174,000 jobs were lost in the area that I lived in. There was there was 14 warehouse companies that just shut down and left the state. Wow. So you know, and in the whole area Wilkes Barre Scranton area, there was probably 300,000 people. I mean, so you know, you're talking to half the population in that area lost work.

29:10

Yeah, crazy. Crazy. So is that what brought you back to Houston?

29:18

Yes. Like work.

29:21

And how did you meet up with Devin?

29:23

I actually I called my sister and I told her that I was coming back. I went to her house and he never Devon, actually, I guess by chance, called another brother of ours, Ernest. And Ernest told him that I was back. Oh, so He called you know, wanted to say hi and see what was going on. And when I when I met him, you know, I I don't know if he really wants me to divulge too much information over the radio. Oh, okay. Go ahead. But he was doing the bike thing, you know, right. Yeah, it's downtown. Yes. Everybody knows that.

29:58

Oh, yeah. And we talked about that on the show.

30:01

I mean, it's this part's really tough for me, because, you know, just seeing him for, you know, after not seeing him for a while. But just looking at him, I could tell that, you know, he hadn't been clean, you know, shower, clean clothes or anything for a while. So I told him, You know, I, you know, let's go see where you live. And the place where he was living was just absolutely deplorable. And I, I took him with me over to my sister's house. And I wouldn't there two seconds, I told her, I said, he's moving in, you know, he's, he's not staying where he's at. And I just, I couldn't, I couldn't bear. I couldn't bear living with myself thinking that he was going to be staying where he was. I mean, it was just, it was unbelievable. I couldn't believe that anybody would live like that. You know, I mean, and it's, I give kudos to him for doing what he had to do. Yeah, to survive. And he survived pretty well on his own. But, you know, I'm, I'm here to tell him that he doesn't have to do it anymore. So you can

31:07

kind of take charge kind of Brother, are you?

31:11

If I tell you in the bedroom now, I mean, it.

31:18

But he's still looking to take the kids. Right.

31:23

I painted all the roofs today.

31:25

While the ceilings

31:26

Yes, patched up holes. So you're, you're in an apartment and it take it there's a lot of work to be done to it.

31:36

Well, you know, the painting and I wanted to, you know, I didn't like the tiles on the floor. There were a couple of them broke. And instead of trying to fix it, which is a big project, I just ripped them all up. So we're just going to put linoleum down or, or you know, replace the tile. Sure. Which would be not the ceramic tile, just regular tile.

31:54

Was it ceramic,

31:55

it was ceramic on the floor. Wow. And it was you know, the cement wasn't coated so it was soaking up all the water leaking downstairs causing a big problem. So I you know, I don't know why anybody in the right mind would have put that down to begin with. But you know, as you know, Lee just acquired that property. That's true. You know, he did, he had nothing to do with it. And he's slowly he's trying to get all of the things that are messed up over there fixed up,

32:19

and we're helping with it too, right. Yeah. Okay. Yeah, that

32:22

was you know, definitely hats off to Lee. Everybody who knows him should know. I mean, he's, he's a great guy, and he's done us a bigger favor than he ever could imagine.

32:31

He's in there. He is a nice guy. Yeah. He likes to he likes to play the daddy.

32:36

Well, that's, you know, I need one I need I definitely need a daddy and you know, he's attractive.

32:47

Oh, dang.

32:49

I could take two I could take two then they're done that day. Wow.

Chris Harrison 32:59

Welcome, and welcome to red hanky puppet theater with your host Stacey. That just give it

33:07

to me i in question here. That was someone else. That was just

Chris Harrison 33:11

to explain to everyone what you were hearing and that was not one hand clapping.

33:15

So you're not miss stuff a lot

SO YOU'RE NOT MISS SLEMM & IOL.

33:19

Turner around and drop those tights. Oh, now okay. Well, we'll see who's calling who miss after I'm finished.

33:30

No, my back door has been closed.

33:32

Any more than one open?

33:36

Okay, hey. Oh, actually, can I say? No, go ahead.

33:43

I just wanted to say, you know, I if everybody who's listening doesn't know that Devon's wearing his Renaissance Renaissance get on Is he ever one of the things that he had to endure? Because he really likes the Renaissance Festival. He likes to go out there. And me. I could care less. It's like, Yeah, whatever.

34:05

But but the money called you? Well, yeah.

34:09

But based on the fact that, you know, he likes it. In the past, he has had to, should I say give it up just to get a ride there. Oh, and, you know, it saddens me to think and I know, I know that they're out there everywhere. But it saddens me to think that there are actually gay men that would do that. That would expect something of someone just for a favor, you know? Yeah. It's, it's ridiculous. And don't let me catch you in the alley by yourself, Eddie. Oh, okay. I do have claws. Claws, and not saying I either.

34:52

Okay, I'll keep my hands in my pockets.

34:56

You're fine. You're fine.

Chris Harrison 34:58

He's okay. Do you Jimmy, we know your hands were in your pocket. So get here your jingling your keys. Yes.

35:03

And besides that, Jimmy, I've heard the tape of where your lips have been faux. Wear hat nevermind. I'm not worried about you, Jimmy.

35:15

Thank you. It's just I, I feel like I'm at at the beginning of watching a new relationship forming, you know, when that had been interrupted, and now you're getting back together. And, and I'm certainly glad to see Devin with a stable home life.

35:37

He's definitely going to have one from here on out.

35:40

I was. I was trying to work that problem myself without much success. And

35:48

well, you know, it's it's, it's the thought that counts. And I know that there are people out there that have the ability to help. That won't. And there are those those that are out there that don't have the ability? That wish they did? Yeah. And you know, I look at you as one of those. You know, I truly feel that you would have done more, if you could, you know, you're right. We've got another brother, the one I was telling you about. His mother's an Indian. He makes over \$100,000 a year. Oh, he knew that Devon was in where the the place where he was at and didn't lift a finger.

36:29

It's just not right. It's ridiculous.

36:31

It's absolutely ridiculous. You know, I've got our oldest brother Roger. I myself, and my other brother Ernest helped him build his house from scratch. For six months, every weekend, we went out and worked on that house. I didn't require one single dime for all that work that I helped him do. And he did not live to figure it out Devin at all you know, it's that's unacceptable. absolutely unacceptable. So, you know, I told them and I said we you know, we don't need them. We're gonna we're gonna do our thing. We're gonna go on to Okay.

37:13

Okay, and so I want to I want you guys back because I want to see how this unfolds in the future.

37:20

Oh, he's always going to be back. He likes coming down here. Actually, one he likes and folding too. So I've heard the moans and groans from the bathroom.

37:35

Chris play some music please. Thank you How about Rudolph? How about brown lace curtain he's got something in the machine ready to go to have

Chris Harrison 37:49

haven't was given anything to cute oh,

37:51

He's beside himself in horror.

37:52

That would be number 1919

Chris Harrison 37:57

Very Joe death, Chris.

37:59

Yes. That that would be the 119 Yeah. 18 and I haven't even heard it. Ellen really good. It's really good. Yeah, like what news voice? Yes. Do

c Chris Harrison 38:11

ah All right, here we go said anything like influential All righty, ah.

38:30

Let's see what that was.

c Chris Harrison 38:32

Bandaid. Not the product the group Do They Know It's Christmas? And we did a couple of take off songs here we started with a very low death Christmas fruit off the Deep Throat reindeer. I like that one. And for the ladies. We did a little Venus like I put on their mics to Rhonda the red nose lesbian. And then we went from the bearing bearing family Christmas album. That was Janet flash and Jonathan arsenal With Let it snow let it snow let it snow and then I decided to do Bob rivers yellow snow yellow snow yellow snow. Yeah, yes.

39:14

Oh, now we know like why you like sitting there Chris even turn everybody on? Well.

c Chris Harrison 39:20

It's one of the weird things I don't play a lot of music. But when I do, I'd like those those weird things of, of playing either two songs two different versions in a row. I want to do esoteric adventures. It'd be like I play the regular song that I play a cover.

39:35

Well, that CD has two versions of redneck Christmas. Yeah.

c Chris Harrison 39:40

But it's one of those things going through and you know, I like putting that kind of dichotomy.

39:45

This is a very Joe def Christmas is going to get a lot of airplay on esoteric adventures, which is every Saturday morning, one to 4am For me, it's late Friday night. You but it's still Friday night till you gone to bed.

 Chris Harrison 40:05

Yes benefit with this show starting at midnight we couldn't make it easier to explain to people going Saturday midnight to Sunday 4am Yes, yes.

 40:12

I actually tried that excuse for work once Jimmy it's Friday night until you go to bed. I didn't go to bed until Sunday night. I still had two days off

 40:24

but they didn't go for that. No, not at all. Well,

 Bobby 40:28

that's a good way to get unemployed real quick. We're

 40:32

gonna have an extended roundtable

 Chris Harrison 40:35

because nobody showed up. Yeah, well,

 40:39

it's one of those nights you know, folks, but we've been having fun. We've been hearing a lot of fun music and we broke up the naughty stuff. Yeah, you know a lot of music that we might not have had enough time to play otherwise, so I'm happy because I've got a lot of quick Christmas music and so I like like to get it on the air when I can and there's only one month of the year you can do it.

 Bobby 41:06

So unless of course you decide to have a Christmas in July Yeah, something like that.

41:11

Letters. It's on me folks. I came in for us at Tarik adventures Well I came in during the week and there were three letters in the box and I took them home and that's where they are I left them there it I apologize because Damn you know when was from smiley of course and so we'll get one from ticker and one from someone else and of course I get nothing so we'll get them next week.

Bobby 41:46

So there is there is however the wife's Chris laughing packet for Stacy

Chris Harrison 41:56

you know, because we're gonna need filler here in a little bit. I was checking the world's greatest failure source of information and you know, the daily rotten.com And you know when you read a headline of Doctor pleads guilty to unwanted blow job I'm trying to figure out how in the hell is it unwanted

42:18

yeah

Chris Harrison 42:21

you know, even at \$20 for a copay you're ahead of the game

42:30

doctor you just want to play that we finally found his fetish. Who's mad

Chris Harrison 42:39

so mistresses? Mistress Max rules, bring in

42:43

surgical gloves bringing medical equipment sweet a

-- --

42:45

something going on in the community that we didn't mention earlier. Well, we're getting letters and things together. Donna Garrett hosts open mic poetry evening. Fili, featuring Mother Nature on the turntable set Sundays at 7pm at the house of finesse that's located at 2912 went worth that I knew were Wentworth is that's that's. That's between

43:19

between the downtown Sears and the Museum of Natural Science.

43:24

That's right. That's a big area.

43:25

Yeah. Street and 29 would probably be on the far east side of Main Street. Okay. Yeah. There's some other things going on. That I've lost all the paperwork for.

Bobby 43:45

Me so organized tonight

Chris Harrison 43:53

well I didn't bring the Jeopardy theme music for you. He did Ed. D. from Boston. No. about horses right.

44:16

Well, next Saturday.

44:19

That's played on the corner at Pacific and Hopkins.

44:25

Nancy Ford in the Texas triangle presents the second annual Judy Garland Christmas special singalong. That's sick

44:34

or what can you vomit?

44:39

That's next Saturday 18th at 8pm. And that benefits

44:46

What is it chemists chemists lysing get beaten for free.

44:51

Benefits the Montrose clinic women's programs and lesbian knelt initiated.

c Chris Harrison 44:55

means I need to play a Judy Garland song.

B Bobby 44:59

Have Yourself a Merry Little

45:00

really, Chris, you don't have to for more

45:02

information that's 713-521-5822. And it doesn't say here but I imagined that's it for 1415. California. Yes, yes. And also coming up daddy Ray has his show, December the 20th. So that would be if Saturday's the 18th then that would be another Monday night. Right? He'll presents the prison years Monday, December the 20th. And Paul Broussard and the woodlands 10 is Tuesday. It's December the 21st. And that's like a man that's at the Chelsea center. I remember the prison years 4621 Montrose

45:48

Yeah. Okay, what is Paul Broussard at the prison 10

45:51

woodland stand with us

45:53

woodlands 10

Bobby 45:55

You know, the Paul Broussard merger and

45:57

data okay, but what?

c Chris Harrison 46:00

Oh, yes, it's Ray Hills version of the story complete with Addendum and most likely, praise and glory for those who committed it. Well, here's

46:11

his point. It is his, his, the part he played in it. And a lot of it has to do with him reaching out to the 10 who were convicted of Paul who starts murder. And he's received a lot of flack in the community for

46:28

that. I was gonna say, didn't 2020 Do something about that now? They tried to downsize it and say it was about drugs. Yeah, even though it was seeing he was seeing really individual. He was seeing torturing the individual and calling names to put plenty of other people in the area. Whenever they're trying

46:52

to downsize. Stacey, you were mentioning something that's going on it diverse works.

46:57

I don't even know what the performance name is, though. Where there's there is anybody

that's sick and twisted as I am and is familiar with Dr. Monica Lawson, all of her work. There is going to be a I'm assuming it's a dance interpretive performance to one of her songs or a few of her songs or something that Saturday night that I'm going to

47:20

it's December 16th through the 18th It's diverse works presents Amy I

47:27

Amy L who is that she's a local extraordinaire, like myself, like we kept crossing paths by reputation. And finally got to me it didn't actually she's a really lovely woman who teaches Pilates and things in the neighborhood. Yeah, she's amazing.

47:44

Okay, so that's next weekend also. And that's Thursday, Friday and Saturday,

Chris Harrison 47:48

and it's anthropods Anthro Patek animal. Insect Tikka. What? That's the name of the performance. Oh, okay. Anthropogenic animal insect aka investigates the dichotomy of nature and the beauty within horror. Ellie's choreography is strongly physical and lyrical and this new work incorporates the video production and use of a room size wall constructed with hand and footholds which my friend constructed for

48:13

her that's what we're talking about.

48:18

If you're not familiar with the DEA, Amanda glosses work her brother or her it's very bizarre performance art but she was classically opera trained as a virtuoso and has a seven octave range within her operetta. And that doesn't count screaming, going, growling, squealing and or added effects to her voice. But all of her work from 1981 when she watched her brother die of AIDS, yes, who was a playwright named Philip Demetri gloss was set out to bring light to AIDS dementia, because apparently she suffered really deeply from dementia. And she is dementia personified. I mean, she's got a million albums out there, but there's some with she did with John Paul Jones. And then she's got two recent albums out one called Lost or Pinta Canta, which is fabulous, and another one called this fix Yonas. You should check them out if you're into like, kind of Gothic II screaming horror stuff. It's fabulous.

49:26

Yes, yes. And let's see something else going on. Next Saturday, the 18th. It's a show at the outpost, which of course is changing names. Now. Again, Michael's outpost is changing names. It's going to be called Michaels. And it's changing to a piano bar.

49:46

Okay, but thankfully and 17 Yeah, my little rock and roll queens

49:52

here. So the app is having a ship December the 18th. It's Angelique Andres birthday. So it's a He's putting on the show called wings above Houston a Christmas show. It's also benefiting the toy drive. There'll be a 5050 drawing silent auction and great performances. And this is being put on by Angelique Andrea and Alan Cole.

50:20

Are the wings read?

50:22

I don't know. I don't know. Yes, yes.

Chris Harrison 50:30

Just for that, Stacy. Judy. Oh, it's not just because of you and your faces. I've got worse for you. You're getting devil. I had some music queued because of some faces we're talking about, oh, The Judy Garland and all that so you shall pay Stacey Redwings? Do we need music?

50:57

I earned them at 14. Okay,

Chris Harrison 50:59

yeah, I can play those both here. So this goes out to Stacy banks. Be afraid Stacy, I'm already scared you should be.

51:08

A lot of you don't know that. That Meltzer made that he happened to write one of the most beautiful Christmas songs that ever was written for him

51:17

to the Railroad Club with Bob Wills. And just this year kind of to celebrate Christmas I wrote a brand new verse would anybody care to hear it?

c Chris Harrison 51:42

Alright, let me try this again. This time with the microphone on. That was Judy Garland and melter May. singing the Christmas song, followed up by Liza Minnelli and Alan coming, baby. It's cold outside. Liza what? Minnelli

51:59

Minelli Minnelli, you know, like the daughter who was following in the mother's footsteps every one every footstep the mother has made Yeah, I

c Chris Harrison 52:13

was about ready to follow it up there with

52:14

the 12 steps I was gonna say she hasn't made a 12 step yet something's wrong with that girl. Somebody get her a rehab please. New plastics surgeon

52:27

who it's

52:29

Liza Minnelli honey she you're listening

52:31

to

c

Chris Harrison 52:34

you started a radio without it you're listening to after hours care radio with attitude here on listener sponsored commercial free Pacifica radio for the Gulf Coast. KPFT 90.1 FM 89.5 Galveston, man it's on the web to just Google the damn thing.

o

52:53

People who listen to us on the web is better. The last fun drive Yeah, we found that out. Yeah, we have people Yeah,

c

Chris Harrison 53:04

Oklahoma, Kansas.

o

53:08

One of the things they have at the meet right

b

Bobby 53:12

now that's a St Andrew's Cross decorated for Halloween.

o

53:19

Stay seated told me about your little booklet. booklet you

b

Bobby 53:23

have a booklet I have Oh yeah. Yeah, yes. But the booklet

o

53:27

right above my name says another fatty.

o

53:34

Yeah, microphone. Yes.

o

53:38

It's you know what's happening hopefully all as well. It's like, you know, there's 12 pages from RJ right now. Yeah, I read it and that's so cool. I read myself to sleep the other night. It was a warm and cozy and tuck fill letter under my pillow.

53:57

So it was that the one the letter with the outline on it.

54:01

That yeah, from a couple of weeks ago. Yeah. That outlines

54:04

I can understand why.

54:08

I suppose don't worry about writing often. Just when you can or time allows he was really excited. Wait, where'd it go

54:22

there we go. It's awesome to hear from you again. And of course I'm anxiously awaiting your voice tomorrow night the highlight of every week wow. Anyhow, allow me to respond. So to begin with, don't worry about writing often. Time goes by faster out there than it doesn't here. It's all clustered with things to do. That is the truth. And you know what, I haven't done any of them. So I have pulled the blanket over my head this week and gone to bed every night. Wow. holiday time in the gallery. It just oh, that's crazy. The ornaments alone are enough to like nauseate me and so I go out I go home with this anxious feeling like I don't like um, perpetual motion. You know kind of like I don't know motion sickness or something's I have to go

55:08

oh god don't come to my house then. Honey. Your house

55:11

is like bacon. What are you talking? I only live a couple of blocks away from you and veg glare. I had to put a sheet up over my window to wipe out your Christmas and he lives in my old one bedroom apartment. It's not like she's decorating a Manson

 **Bobby** 55:26

Well, I know dementia affect the glare? I

 55:30

don't know how you have enough electricity to fuel while I do

 55:33

have to run the air conditioner when the tree lights are off.

 55:37

Kidding. I lived in that apartment, honey, I know.

 55:40

I do. I really

 **Bobby** 55:41

hadn't. There's extra glare off of all those glass ornaments he collect? Yes, yeah,

 55:47

yes. Well, I've got several 1000 Christmas ornaments and so each year it's like okay, which three or 400 Am I going to put on the tree this

 55:56

year? How big is your tree for that many Orman's Jesus?

 55:59

Well I don't I can't put them all on one tree no matter how big the tree what he's got. Yeah, it's different tree to thing Don't you have in the window? Yes, it's in the window. I've got a couple of 1000 likes on it and just cruise

 56:15

mantras and when you get to the big blinding ball of light that resembles the sun just you know your Apollo head straight forward.

 **Bobby** 56:27

You can see two things from space the Great Wall and Tyler and Jimmy's apartment

 56:34

got one just strikers pain. So he says he goes on to say and

 56:42

it's orange jumpsuit now to jail, isn't it? Isn't he the one who's in jail? Jeff Stryker, one of them is for parole.

 56:50

Oh, cool. Don't get me started. I may have to go to prison.

 56:56

on me. Yeah, I don't

 56:57

think so. Hang on. I saw it in the magazine. Okay, which magazine?

 57:03

He goes on to say, you may not understand but it's true. Oh, Stacy, you're helping to change my life. You may not understand that but it's true. Having the capacity it's right me and the 100 110% Honest. After living a facade for so long. He loves to write he says I just so I could vent and show my feelings to you. Honestly, at first your voice turned me on. In some erotica one 900 Number kind of way. That's funny because I like one feature about myself that I cannot stand is to hear my voice recorded it it just drives me crazy. Yeah, and not in that one 900 Number but I'll take it man you will love it for all it's worth. He feels safe and the anonymity and like he could be open and honest with me. And the way that you speak to me makes me feel unique and special. And I haven't felt that in years if ever you're an amazing person Stacy and I appreciate all that you are and all the to do. And he's given me the lowdown on what kind of pictures I can send him you know maybe one with no shirt on so you can see the tats but it

can't be too revealing because you know they go through it and he Yeah, that's a prison Mellon room. Yeah, you know, but you know I have some really neat outfits Yeah, buddy so we're I'm scanning this RJ so you know like it's crazy one

58:48

thing I want to throw in there a lot guys who write us comment that they have really looked at their lives and maybe made some changes but for the most part they're they're making the changes within themselves and I certainly don't advocate advocate for anyone behind bars to come out it could be a dangerous situation true you know there's there's you know, there's smiley Gary Smiley is is a case in itself. I mean, I don't know how he survives by being so open but

59:30

there but there are a lot of open guys behind bars Yeah, I mean, and they

B Bobby 59:36

they finally ever given us a physical description of them so

59:39

those guys and yeah, it looks like those guys.

B Bobby 59:43

Some of us know what it looks like.

C Chris Harrison 59:47

We've seen nothing once we've seen smiley we I haven't.

59:50

You don't know what Smiley is because I have no idea. Oh my god, Mary. I have no idea.

C Chris Harrison 59:55

That's because you never went into that club to go watch the day you are in

59:59

a jaw drop. Thinking mode. I'm telling you when that boy gets out, you're gonna like, we're gonna have to give her CPR. Somebody bring a defibrillator.

c Chris Harrison 1:00:08

Well, once I finally sent him the phone numbers, Will you hurry?

1:00:11

Is it still beating even now? Whoa. Well,

1:00:18

I had heard he's been mummified. But I think that was years ago.

1:00:23

That was a 17 year old voice talking. Yes, it was

B Bobby 1:00:28

17 year old voice trying not to make it a team.

1:00:33

So he goes on to talk about problems that he had in the past. And he's spills his guts about that, and how certain things about his earlier years and my years now he's had in common with me. And he doesn't tell me why he was arrested, which I'll say for me. Yeah. You know, it's, you know, he's just ready to be out, I think. And that's, that's the gist of this letter is like, he's sure wants to come up here and see this whole thing. And, you know, I know he's got a daughter and he's anxious to get home to her.

1:01:09

It is my hope that everyone who writes to us comes up here when they get out.

1:01:14

Yeah.

1:01:17

Feels like we know him. So well. I

1:01:18

know, is the details

Bobby 1:01:21

of their lives. And remember,

Chris Harrison 1:01:23

we've helped we've kept all those letters. So if you made any offers during the time of your incarceration, every one we have, Jimmy will hold you to it and we'll have something else. Yeah, I've

1:01:35

got every one. He files them. Yeah, yeah, I do

Chris Harrison 1:01:39

under cross references with offers dates of release. Yes.

1:01:49

But they're very important. And I've over the years, I've received some some stunning artwork, and

Chris Harrison 1:01:56

pictures to your collection of photos. I mean, you've got your fillings on the wall and the post office does. Wow,

1:02:05

that was quite an analogy. I do have a, a friend's picture.

1:02:13

A line here from the letter that I have to read for Korea. Okay, and it says, um, something. I hadn't made reference to something that he'd mentioned in an earlier letter about some not so beautiful people. And he said, wow, that's nasty, man. I'm a picky bitch, I guess. I guess, but I ain't into old farts such as Chris's favorite old fart. Rae Hill. And then he says he. If we were out west, I'd probably be better as you said. Yeah, whatever. Wow. Hi, Ray. Love you Ray. Lots and lots and lots.

1:02:49

I haven't seen rate a while I ran into.

1:02:54

Is this dinner for two? Sounds good. I'm taking you up on that. It's 6:45pm. Saturday, Eve, but it seems like and I love the fact that you refer to it as Saturday Eve. I love that. Just because I know you're just sitting there waiting. I'm weird. I can't wait for the show tonight. I've got a lot of work to do tomorrow, but who cares? You are my priority, the work will still be done. Although I'll be tired. I'll come in and take a nap. So I'll be okay. And then he tells me he's gonna go have a sandwich chicken on MRI. Yeah,

1:03:30

I think Stacy could think of another kind of sandwich you'd like you.

1:03:32

I don't know. I'm thinking chicken sandwiches are good to click, click Connie. And it goes on and on. And RJ I love the fact that you write me a book. I can't don't have time to read it all.

1:03:49

On the air. You've read it

1:03:51

over and over again. And over and over again. And over and over again. Thanks for your help. You'll never realize how special that makes you. You're a whole new level of, of now emotional. Do which can I think many many, many times over. Now maybe we'll get a chance to fill in the voids in my life. Instead of suds. I'm sending this to your house but I'll shoot a kite to the station. To keep the gals in there cat mode. Meow. Forgive me for its length. I'll try to shorten

them up. But no promises. I gotta go. So until next one. You better take great care of yourself have sweet and dirty dreams because you deserve them all. Look up at night. I see them too. I'm smiling. Here's a giant hug Stacy I still remained faithful and forever RJ and that was letter one of the week from our day

c

Chris Harrison 1:04:41

care. You don't have to worry about how long you're right because Stacey is a size queen. So bigger is better.

o

1:04:48

You know, whatever. I don't mind if they have a small one. It just doesn't go in anywhere in me because I got a big one and it likes to feel and then I got another three page letter and it's fabulous to he tells me he's gonna he is going to send me the Christmas card he's working on it right now. He does call me sweet thing I love that told you in my book I'm glad you realize it's a novel but listen to Kate your way so this is the guy that you know last time you spoke to me said a year is so long it's really not no no I know it's not but it's when you're waiting out here and you're waiting in there I don't know just I'm not patient so waiting a year to get to big gym and the big gym and the twins it's a mighty long time. I can't wait Big Jim and the twins he knows what I'm talking about.

o

1:05:46

Well there's it's about injury other room

o

1:05:50

to trace things through. It's about the tracing just checking damage when we know honey and that's hot.

c

Chris Harrison 1:05:57

We discussed it earlier. Correct Stacy?

o

1:06:02

Twins? No fantasy of mine for sure.

o

1:06:05

To gross twins incest. Sorry.

 Bobby 1:06:08

Not if they don't ever touch each other.

 1:06:12

In the middle, I don't care. Or send your straight brother to prison. And then I'll fall in love

 1:06:23

my brother and I will never be naked in the same room together. Okay.

 Chris Harrison 1:06:28

Please if you're if we call up your your mom, there's got to be a picture somewhere that

 Bobby 1:06:33

you might have been to at the time but

 1:06:37

that's Jimmy's kind of thing though.

 1:06:38

Oh, dirty dirty. Next. Jimmy's not even here. He just stepped out. I just got finished talking to my right wing conservative law. aihole INSTRUCTOR he's an ex cop just like the Harris County boys who beat me up on the side of the aisle 10 After picking his brain for about an hour I find him to be a total piece of crap. I mean, he has the right to believe anyway he wants but damn it don't poke your negative BS on me. Straight up cop. He's always bragging about killing folks and stuff. And I'm like, I'm surrounded by murderers. What's your point? Mr. Macho? Anyway, he's back to the dorm. Thank God another day done. It's a long one. I'm gonna restart your card tomorrow since I'm so tired. I just got out of the shower. Wish you could have joined me? Yeah, me too. That'd be fun. I'm about to crash will Sweet Dreams sweetheart. As you crash out tonight think of me because I'll be conga, you'll be conquering my mind. I have sweet dreams you deserve them all still remain faithful in forever RJ. And then he apologizes for the short link to this three page letter, which is absolutely fabulous because I get to go home and file them all on my floor. While I do my

 Bobby 1:07:57

cross referencing system to

1:08:00

like Jimmy you cross referenced not only by offering by date, but also by number of stains. Oh, yeah. So I just thought, you know,

1:08:10

he says this like I'm supposed to be a saint. No, honey, if you've if you've hung out at the station long enough, you obviously realized I have lived a life of pride since I was 14. I have refused to take on anyone else's ideas of honey. There's no shame in that guilt, shame and propriety. So if you want to stain my letters before you send them I'm all about it could care less? Make yourself happy and make me happy? I don't care. You know, I used to do kitty bait when I was 14 licks the back of the stamp. I don't whatever is all cool. Send it in.

1:08:41

It's like a scratch and sniff.

1:08:43

But it's like a lick and sniff

1:08:50

Okay, next,

1:08:51

next. Next is Harley. Hello, doll. How are you? Sir? Hope you're doing all right. I'm not sure if you remember me. I'd written a letter A while back and sent a picture of me with Houston in the background. And I really don't remember this picture. Which doesn't mean anything because it could have gotten lost in the shuffle. Yeah, like I mean, it really could have gotten lost in the shuffle. I will go through I know where all my letters are. So I will go through my stack of letters and find that. And yes, if you're wondering, I did misplace your address. Not writing you was not intentional and not writing. Anybody that's written me is not intentional. It just has to do with laziness and time management. And you know, I'm kind of scatterbrained at times. So there's 110 things that have to be done every time that I come home and about one or two of them ever get done. So walking the dogs is one walking the dogs. Yes. The dogs were out for a long walk today because it was so pretty. Yeah. He says I can pass out his info he really would like to hear from a TV or a CV that are also disease free. So if you had chosen to pass CES along I can pass this off to somebody blah blah pen pals I'm sure there's a lot of beautiful fine TVs and CDs out there in the Houston area that would be willing to meet me well

I'll close here from now still have my photo I do hope to hear from you. I will write I will write I will write I will make it a point to right before Christmas but no promises other than that write me let me know what's up and don't hold back from me sweet Stacy Keep smiling for me and right soon take care have a safe and Merry Christmas sincerely yours I can't read it's written Sancho something super. Okay. I know where you're at. Tell your friends and all of the after hours people I said hello. I sent my breaths. Best regards. Wishing everyone a wonderful Merry Christmas. And he did like he did this really nice sort of border on the edge and nice little writing on the top that's all pretty and says Happy Holidays. I mean, it's a really nicely done on on notebook paper, but he did a bang up job with it. I'd like to

1:11:02

ask any and everyone who's in the talks to do what they're doing for the holidays. I say the holidays because I'm not sure which one you individually you might celebrate. I would even time for

1:11:21

what is the one they were celebrating on South Park. Hanukkah. No, it was no they combined the whole name of it. It was like a guy kind of what was it? They combined all of them. Christmas Hanukkah Kwanzaa. They like had this whole, like, all ran together. And it was hilarious. So I was like, that's what I'm celebrating. Okay.

1:11:41

So, yeah, who's doing what and to whom and where? Okay. Well, I know,

Chris Harrison 1:11:49

what's the web address? What's the web address? We'll be broadcasting

1:11:54

my boyfriend I are doing Christmas on the 23rd the my family's doing it on the 24th and I'm doing it with my grandmother on the 25th. Christmas you free and then oh,

1:12:11

incest unless she says grandma.

1:12:15

Last Last Friday. i My sister had a new baby. So I have a new nephew. And his breasts was

today which is a slice and dice party for those of you who don't have Jewish family, my sister, my brother in law and both my nephews are Jewish. And so his circumcision ceremony was today eight days after his birth and then the 28th I get to go up there to Connecticut to meet him. And they live about an hour and an hour away from New York City. So I will be in Times Square for New Year's Eve. Oh dancing

1:12:49

queen.

Bobby 1:12:50

Never by skriver this oil to chewy

1:12:58

actually, there was a boil who saved all the circumcision rings. And after he'd saved up a few of them when he when he was retiring, he took them all to a taxidermist and asked him to make him something. Wow, he came back a week later and the taxidermist handed him this wallet. Yeah, and he's like a wallet. That's all I get with all those circumcision rings. He goes no no no, it's a special wallet. He goes well what do you mean? said well when you rub it it turns into a suitcase

1:13:33

now y'all way will be shooting me down with a bolt of lightning Happy Hanukkah guys. So

1:13:39

when you go to Time Square for New Year's Eve keep your ID and your money in your sock.

1:13:44

I actually I think I'm the one who gave the clerk the stroke I've never done anything for New Year's Eve. to like stay up late with my mother and stuff. So yeah, I think as soon as we plan this you were stroking Dick Clark. I was choking deck. Yeah, no. I stroke dick. Yeah, no, I think it just jinx the whole thing. I'm maybe it's not meant to be that I'll ever do anything on New Year's rockin Christmas. Okay, but there's no music Why did they call it the rockin New Year's Eve in New Year's Rockin

1:14:15

Eve? They do have music that's not what my friend who has been there told me. No, it's not at

all Oh, well.

B

Bobby 1:14:25

You don't get to see it in Times Square. Great. Mary, I have no freaking idea what I'm doing for Christmas Day or j i But uh, but I celebrate your Yes. And

o

1:14:38

which is also called how the how the Christians Stole Christmas

B

Bobby 1:14:42

or how the Christian Stole Christmas. Exactly. Yeah. The it was a sidebar to that is that this week I was I have a at home a collection of one of the was Time Life collections of books. And it has like elves and fairies and, and each book has a different lifestyle genre of fantasy stuff. And one of them is Christmas stuff. So I've been learning stuff that even that I didn't know about different celebrations of the holidays. And I have discovered the picture that I want on my quilt should it ever become necessary for them for somebody to make me a names quilt. And it's a picture of a Santa Claus like character. Writing riding a horse just put a horn on the horse is head, and you got a unicorn and then the fabulous eautiful picture. He's in the book. He's actually some kind of saint who brings Christmas presents to children in some kind

o

1:15:52

of put that inside. We'll put that inside the embroidery of your tattoo. Will embroider your tattoo in the center and that'll be there.

B

Bobby 1:16:00

Yeah, yeah. But yeah, I'll be I'll be celebrating you'll in some form. It is. Each year for me Christmas. What I'm doing on Christmas day gets closer, I find out closer and closer to Christmas. It's like and I don't think I've celebrated more than two Christmases in in the six years I've been single now. With the same people. I mean, I've celebrated the certain holidays with Jimmy in the past those first couple of Yeah, holidays actually. And I it's like different friends and people I've known who I've spent different holidays with and it's been kind of it's been really special each time and really different each time because of different people. So I don't know what's gonna happen exactly yet.

o

1:16:54

Next, I'm just

1:16:55

doing the family thing with his family, my family I don't know four or five cousins. A brother and nephew. My mother, my father my aunt's my uncle's my grandmother, my step grandfather, and usually a stray or two.

1:17:16

Okay. Oh,

1:17:17

I found my family. I found out one of my sisters gets to come into town or relatives. She's my sister lives in San Francisco. Yeah, the first of the eight of us to come out of the closet. Okay,

Bobby 1:17:28

so who do we have nurse of the Hi, some of you don't know me. Am I Ozzy? But it looks a lot. Yeah, yeah.

1:17:40

I really don't know what I'm doing for Christmas. Or you'll or, or whatever. I really don't celebrate anything. Okay. It's just, oh, no, hang out with friends. I was hanging out at my uncle's for like half an hour. Well, we have dinner. Then I just go home before everybody else does it. Go to sleep?

1:18:03

I just go for the presence and the food. Yeah, actually, I've got a pretty cool accepting family. It's really strange. Yeah. And

1:18:11

same here. But I mean, I don't really talk about it. It's just a it's a given at home. So they're like, Okay, have I brought in any significant other or my paid or which I don't have, but they wouldn't, they wouldn't have a problem with it, which is really cool.

Bobby 1:18:27

My family would have had a car and there are more precisely my relatives. And my next question, because my family lives here.

1:18:35

But my next question to everyone who, who? Who's in here? Is are you doing something for the holidays that you want to do? Are you doing it? Because you have to do it and you're dreading it or what? What is your How do you How are you going into this is like, Oh, damn, it's Christmas. And I have to do this and I can't wait till it's over. And okay. You know, well, the

1:19:01

first the for like doing Christmas for my boyfriend and Christmas. My immediate family. That's always a lot of fun. I love it. It's gonna be a little different for my immediate family this year, because only one of my sisters can come on, come in from out of town. I have two sisters who live out of town, one brother, and only one of them can come out and come in this time. So the other two are going to be out. But that'll be it'll still be fun. Less people this year. Last year, we had like 35 people at our house. Oh my god, cuz so uncles come. Our uncle's came and it was just nuts. But this year, it's going to be like 15 which is time for a family event with my family. That's like, wow, we will usually have about like five or six people. Yeah, well, when you factor in all eight of my parents children. The six of them that are married. Plus, now six grandchildren. Then we had like two uncles who came in their wives and their kids and their kids kids. Yeah.

1:20:00

that's beginning to sound more like my family because I'm cousins and second cousins and I have nephews that are 14 and I have cousins as young as four. So it's They run the gamut. I mean, I have an aunt that's 35 or 38. And

1:20:16

well, my, my oldest brother is 41. So 16 to 41. Wow. But then on Sunday on actual Christmas Day, I don't really like that. So it's my my grandmother's brothers and sisters and my great uncles and stuff. And it's always so do you play football? Do you have a girlfriend and it's just kind of like now? My mom still won't let me play football I had no I don't have a girlfriend.

Chris Harrison 1:20:40

You play with the football team? And you are you got a girlfriend? Yeah, Stanford fingers when you say girl I'm

1:20:47

a tight end, honey.

1:20:49

That's not what I've heard wide receiver.

1:20:51

Not for long. Boxes and bars. Wide Receiver

Bobby 1:20:56

dumb why was it your boyfriend who was doing the screaming that Your? Your relatives could wow now

1:21:03

you broadcast it over the air. Thank you. Never telling Merlin anything again.

1:21:11

It's about real life, honey. Hey, at

Bobby 1:21:13

least I didn't tell anybody his name. I haven't told any secrets yet.

1:21:26

I do not know I haven't

Bobby 1:21:28

said anything that you haven't said in public amongst our other friends that we hang out with is but this is to like the public.

1:21:36

They know who you are.

1:21:37

They can't see you. They can't see you. All they have to do is go to Hollywood and look for the twins.
