00:01

Oh, that's so cute. But I know if like I saw another like, person or age like stomp their feet I'm like, Oh my God, but it's just like it's Vicki and it's so cute and it's just and it just totally adds to everything like it's so cute

00:17

where you your clothes all over the floor and I trip over see? Stomp and mad

00:30

I don't know what I'm getting myself. I think before we go off into the direction of what we look for in somebody, and about the person that we whether it be imaginary or somebody that you have or somebody that you want or whatever. Basically whoever is your true love. I think there's a good song queued up by Depeche Mode. Right rather verb recalled somebody and hopefully it won't skip you okay

01:10

hit him with us.

01:11

Hello. That has to be absolutely one of my favorite songs of all time.

01:18

I didn't know that existed here. jerker.

01:21

That song is like so. That is my ideal man. Somebody that you know, I can be with. We can have arguments and Spats and disagree, but discuss it as opposed to like, you suck because you don't agree with me.

01:41

We were just talking about that earlier. Maybe not in the ideas of love. But like in the ideas of religion? We're not going to get into that because that's, that's a whole nother show. That's that's a hefty conversation there. But um, yes, I think ideal people. What's your ideal person, Jason,

02:05

my ideal person.

02:06

Remember, we just have 34 minutes

02:09

if I if I could totally get past looks, which I have to admit I to an extent am shallow, just like most other gay men. So looks do play a part. But as far as emotionally goes, basically, somebody that that I know will be there for me is somebody who isn't going to try to ruin my life, somebody who puts just as much into the relationship as I do. And somebody that's caring, because a lot of us and I see it myself as I get as I go through more and more failed relationships, I start to care less and less about people and start to become a bitter queen. And I don't want to but it's very hard to remain open to people when people continue to hurt you.

03:06

Trust is open.

03:09

But I that song basically describes my ideal person, somebody that I know almost everything in there, just that whole list. You know, somebody can disagree with and still look at each other and stare into your eyes. Somebody that will hold you as you as y'all are going to sleep somebody that you can, you know, I'm My ideal is like, you know, walking along the beach, barefoot as the sunsets over the tide,

03:35

like that made for T V CD. You know that? Okay. But, anyways, so, ginger, what would you say is your ideal person? Um,

03:53

well, that's kind of funny, because there's a, there's this girl who I've never even met. And I know that she would just be perfect for me. And she would just understand everything. And who is this girl? Ginger, and hello, Julie.

04:07

You will? Probably 90% of the population. But seriously now? What characteristics would you say like that you think would just be the most I'm the most

04:20

I can't even begin to like, delve into that realm. I don't think that it's just like, I'd be talking all night. So I think someone else can take that question.

04:30

Let's pause for station identification of using and assuming I cued it up right.

04:36

Commercial Free and listener sponsored Houston is 90.1 KPFT, the sound of Texas, a Pacifica network station KPFT Houston KOLs College Station.

04:48

I feel so professional.

04:49

On say also hi to the people at the College Station listening to us on K OS. They queue it over to us after midnight and listen to our show. Did you know that Another yeah met lady at Cactus and she did their station and told us that she listened to her show. So one say hello to them. So hanging

05:08

...
bags, I spent a year up there before I was invited to leave. That's, for some reason they didn't like my 1.27 GPA.

05:18

Who knows? Hey, I

05:20

say I was approaching to see.

05:24

That's a way to look at it. So Vicki, what would you say are some, like traits you would like in your true one? Well, above all

05:37

patients, what patients, I think is a big one. And they have to be very patient because I do tend to be a little childish now. I think trust is a big, a really big one. For me, you know, they have to be trustworthy, they have to be sincere.

05:58

And what's that other good one? I helps it. They're cute.

06:09

Also, gay men aren't the only ones that look new.

06:12

It's just a basic human thing. We all like to be attracted to the person that we're with physically. Traveling around with it.

06:22

Wouldn't be nice if our outside matched our inside. Yes. Some of the sweetest people I've met. Some of the sweetest are some of the homeless people I've met.

06:35

Spot the losers, you know, the real jerks.

06:41

bad tasting easiest

06:41

way to tell that somebody's bad. The easiest way to tell that somebody is that somebody's a jerk is because they think they look good. If they think they look good, then they're not worth dating.

07:04

Well, I mean, that could just be a simple matter of like, confidence. You know, I mean, I'm, I think everyone

07:10

know, I'm not just talking about like, you know, they look, you know, like, they don't think they're ugly. But I'm talking like, think they're God's gift. Men are God's gift to women. Oh, egotistical. Yeah, the ones that are the ones that look at themselves in the mirror, while they were waiting to get into the club.

07:29

Well, oh, come on. I mean, clubs are like pressure, you need to know, I do that I wouldn't call myself egotistical, but you think about it, the most self conscious are indeed the most vain. Because you know, you're so self conscious and can't get yourself on the mat. So I

07:45

think the ones that can't get themselves out of the mirror, have really low really, really low self esteem. Because they don't look, they don't think that they themselves are a worthy human being. So that because they haven't, so they have to get caught up in their lungs now, so

08:03

they know people like you who judge from physical stuff. And so they want to make sure hey, look,

08:09

it's like you said earlier, you know, being attracted to somebody is just human. Well, then is she like me? Odd. I'm not saying I don't judge people completely on Linux. Otherwise, I would have made several other mistakes in my life, as far as relationships go. And I probably wouldn't have dated a couple of people that I've dated, because, you know, I do date cute people, but I don't date the people that are like, you know, God's gift them in.

08:39

Because, you know, you want to get in more drawers. Because, you know, they think they're okay.

08:48

You know, that kind of an interesting question to ask, do you think you've met the person out there the person that's going to be the love of your life? Whether you're dating that person or not? Like, if you've met somebody that you feel is a possibility? Or if you think a friend of yours, if you could put it under into different, you know, aspects or whatever? Would that be the love of your life?

09:16

I don't really, I'll go ahead and take down I don't I don't really think that there is one person out there that's going to be the love of my life. I think that I'm gonna have a lot of people that are really in love with and it's there's, there's all kinds of different loves. And you know, every one I feel is different than the last but it's not. Not that it's any, any better or any pure, so to speak. It's just that it's different, but it's still love and I don't I'm not searching for that one love. I'm just searching for my own happiness. And I'm going to I'm going to surround myself with people who have Hi, I don't remember what I always do that start and then I don't sounds good and then I don't know where I'm going with it. But yeah, I don't think that there's just one out there

10:10

that was safe response

10:19

I agree with that. I mean, I think you'll lose a lot. Excuse me, if you live your whole life for this one person and I mean how many people are going to test out and throw to the side if you don't think they're you know, you have to work with everything.

10:25

10:55

Or I'm not saying that the person that you meet this love of your life isn't necessarily going to be perfect, but the person that you want the person that you want to spend the rest of your life with, or you think the way you picture yourself spending your grown old weapon sitting on the front porch and you know whatever however you want it you're growing old youth it is a it's a disease we all outgrow some some old man told me that I think he's a producer some showers

11:06

Hey, Jim What's up

11:11

yes, the producers standing right behind here because I can't can't find my walker is that in the back of your truck? Jason? I thought your wheelchair was out in the lobby so what about I

11:33

don't know if I'd be able to tell right off but uh, I don't think I've met someone that I that I would be able to to say was ideal for me yet. I don't know if I'm going to but I agree with the thing that there's multiple there's multiple or many people out there that that are that you can spend the rest of your life with, but I don't I don't think I've met any of them yet.

11:57

What about Angelina? Well,

11:59

I haven't met her. I met Leisha Hailey though

12:03

she's on the murmurs if you want to know as a girl band

12:07

and I feel like I feel like the rest of my life was

12:10

just letting Jason was he kind of had this glazed over like

12:14

oh, we know that I'm like the typical young gay man who's totally caught up in the in the club scene except for you know, listening to the occasional boy band which we can hope that there is hope there is well you know that I was in a straight band with a gay man a six pack

12:44

that was pretty fun

12:48

Candace just didn't quite sure what to say.

12:51

Catherine quite good.

12:55

Get anybody drunk? They'll sleep with anybody. men are pigs. Yes, we are. Actually men men are below because pigs can actually feel

13:12

i Nature fact

13:15

brought to you by after our

13:18

Now let's hear the wind blow.

13:20

Pigs have an orgasm that last 30 minutes

13:25

I'm jealous section men are not pigs.

13:28

Well, according to new meat seven so.

13:33

Now we're doing porn.

13:34

Okay. Yeah, let me just show you guys a story. I mean, callers. Let me encourage you to call in and you want to call in. Same thing about your love life. Call in

13:40

the number is 713526 KPFT 5265738.

13:47

Okay, now ginger, and I asked two young lesbians are curious about our fellow brothers. You know, we want to know

13:56

I don't know why he wants to know what gay men do and bad. I mean, I

14:00

know everyone knows. Never seen it. But yeah, we've never seen it. And you know, so we call it five o'clock in the morning. hilariousness. Who knows? So five in the morning we head over to the megaplex on Richmond. Mega flex xx xx Yeah. And so we're going in there cleaning up the juice booths and everything. Latex gloves, and we're like, Hey, what's up? And we're like, we go over to the guy for guys section. And you know, you see all these like, raunchy little covers and everything of them like, you know, a little spanking here and there and we're kind of like, Oh, interesting. But ginger picks up this one with this cute little boy on it. It's not he wasn't the little boy. I mean, accuser page. And it's called New meat seven. And so you know, since she was footing the bill, we got it. And we take it, we get it back to the apartment. We don't put it in. And it was just it was actually relieving. So it wasn't like bam, bam bam cheesy porn music and

wow exactly and no like, you know kind of plot thing going on you know, you know like mail delivery man comes in and whatever. So just you know straight up, you know porn. Wait, why am I talking about this?

15:19

I have no idea what girl you're doing you're on a roll

15:24

so like it was just the things I mean, I can't I woke Vicki up the next morning I was like, Hey honey, guess what I learned mine. Vicki do better impersonation. Oh come on. Just do it. Is this gonna be okay

15:43

we've already crossed the line. Oh, baby. Oh baby.

15:49

woke her up. Oh, good. I learned you know, I'm just gonna Oh, yeah. And the thing that was just so funny. Let me just say guys have ice apparently like have a really far back gag reflex because Jesus, ginger. Were just like, oh my God was

16:13

able to leave to avoid the gag reflex. But most of us do train long and hard to didn't have it. Just get to the toilet.

16:25

I was like, Oh, God, that's gonna go soon.

16:30

I gotta tell you, I'll tell you. What you're seeing the porns is what happens with a good trick. A good trick. Now a bad trick. You know that? You don't do all that much. Um, although I think if you're actually with your boyfriend, it tends to be not quite as crude. For lack of a better word, Jimmy.

16:54

Why is everyone looking at me?

16:57

gay man any here I'm looking for some backup here. I've got three lesbians in me. I need I need.

17:05

Well, we can relate. We saw a video

17:09

asking for more testosterone. Jimmy and I was trying to buy three lesbians. I'm

17:14

gonna find it over here. Jimmy, more testosterone. He looks at the biggest queen. I'm losing it here I guess.

17:25

Yes, we've done all those things that you saw on video, maybe not with the same person at the same time. But yes, we've done it all.

17:33

Those are probably not depending on what kind of video you're watching on the video you watched.

17:39

That video was hilarious. Now

17:41

the thing of it is, I've seen videos of two women. And it's like those are made for men. How can you tell when they come?

17:50

That's what I would like to know.

17:52

When it's like, oh, she's faking it. That doesn't look real.

17:56

I want a woman orgasms.

17:58

You. You trust it's called trust.

18:05

Men when it comes to oral sex men cannot fake an orgasm. It's kind of obvious. Either there's a deposit there, or there's not a deposit. Oh,

18:14

that's so sick. Nothing I mean, okay, you can have to say oral sex, any kind of sex, you're gonna know there's always

18:24

going to be left because if you're if you're using protection, I mean, there's ways to fake an orgasm using protection and just you know, don't let your partner look at the rubber. I don't I've never actually looked at the rubber after having sex. So

18:36

I'm faking an orgasm. You're really only cheating yourself.

18:45

I personally have never faked an orgasm. However, I do know that it would be possible for a man to fake them or Yes.

18:51

I never had to.

18:55

I don't know anything about that area. Discussion.

18:59

I have no comment.

19:01

Why do I feel like I'm at like some kind of conventional hearing no comments on the topic, Senator. I wouldn't know what you're talking about, Mr. Chairman. Well, I don't recall

19:19

like we were gonna get a we were thinking about the you know, a woman for woman points. All it is is just like, you know, guy made you know, women with huge, huge hair size like Texas. I you know, their makeup pal faces done, which doesn't do anything for me. Actually.

19:37

There's a series of San Francisco lesbians. There's three films in the series, and it's done by real lesbians and directed and filmed by real lesbians.

19:50

That also scares me to the stereotypes. Lesbians tend to be true. I don't want to see some of the Billy Ray Cyrus haircut getting jiggy. I can't I don't want to see it. i It's funny to watch me it's funny to watch guys doing it because I don't really I don't do that. You know what I mean? But I think I I don't know. I just think I'd I'd feel dirtier if I was watching two girls getting it on because it'd be so real me watching like porn. It'd be like, me watching porn, not like,

20:24

where I so thought this conversate this topic was gonna be so innocent and good

20:33

well, I don't get as the lesbians in porn with fingernails.

20:39

That's another thing.

20:44

I would think because I can. As a gay man, you don't want your boyfriend to have fingernails for certain activities that a lesbian did not want her girlfriend that big ol three inch long fingernails for certain activities.

21:01

That seemed to me, like I'll see someone like how think like, you know, oh, that woman looks so like a lesbian, you know, just going by stereotypes. And then I'll look at her hands and I'll see like these like talons, and I'm like, nevermind. But then sometimes, like, I there's like a lot of girls who go to have to have their nails done stuff. Okay, that's bad. I'm not gonna refer to hatch with x. feel dirty. But just like, it's just, I don't know, you see, like women at TVs and stuff. And they have these long nails and they're with their lovers. And I'm just like, oh,

21:32

I guess that was make the women with the long nails a bottom and the ones the show with women.

21:39

It's different. Because I know I was trying to relay

21:44

that was a joke.

21:46

That's okay. Like me and ginger. Were watching that porn and we're thinking guys, you guys have like so many areas like stimulation, okay, He's pinching his nipple. He's doing that.

21:57

He's playing with a thing.

21:59

Okay, he's split. I'm like thinking of how to word it appropriately on the air. pinching his nipple. He's playing with himself and he's got a guy going in the back.

22:07

That's right. Sometimes you feel like a one man band, you know

22:15

three things and all sudden, you're like, wow, and

22:17

you know what? There's so many more. There's so many stimulation. Men or gay men is like dogs. Ruth says, Men can go out in a strong breeze and get an orgasm. Because all our parts are on the outside. Everything's on the outside. Except for the prostate.

22:41

Okay, I just want to Lloyd called in from the ship channel. His comment to you know, how do we know when a woman's having an orgasm and his response was when she starts screaming and yelling, it's a good indication that she's having an orgasm. I just want to respond to that Lloyd. Lloyd. Watch When Harry Met Sally. Don't always go for the

23:03

diner scene. Yeah, pay close attention to that particular scene.

23:06

I mean, yeah, that is a good indication to follow but that's that's why I also put it in that trust thing because one scream sounds like another you don't know.

23:17

You don't and it's the same with guy some guys never make a sound I don't understand that because usually I'm you know, the neighbors here are made because I'm really you know, screaming. I don't understand guys. You just can't. Don't even moan

23:31

I used to be I used to be the absolute I used to be the silent I used to ever make any noise. And there was just like it I have to see mounting is really a good indicator of like, it's like help somebody find a spot on a map. To judge by the moment. The moans get louder, saying yeah, keep going there. Right there, right there. And it was just and then when they're in a spot that's not really doing anything, and you just kind of have a holding pattern around like

24:01

exactly. I used like, not even a word but then like, it'd be so frustrating because not getting anything out of it. And so then you just like, I mean, you're too self conscious to say a little more to the right, please. So you just kind of like and then they go. Oh, yeah,

24:20

exactly. Mozart, good for your partner. As they're getting closer to the spot. You just go a little louder like a compass. And it's like it's like a game of hot and cold. warmer, colder, colder.

24:32

Exactly like, I mean, I never it was hard living with my parents and trying to keep that method going. So just kind of

24:41

that's why I love my mother goes out of town as much as she does

24:47

while having an apartment now.

24:50

Well, I'm not moving out until she kicks me out because all the bills are paid. So

24:55

same thing, all those payments On

25:02

25:05

this show we get vertigo on a sewer. What's that? When you went Vertigo is when you're too high up and you start to like thing things spin around and you get dizzy. I feel blanc sorry, we would give her to go in the sewer. But don't get it for things

25:23

don't get the reference. Yes, please.

25:26

I will this the end of the show songs. So let's find something else.

25:33

Okay, well, I have a song. That's okay.

25:36

Yes, you do. Yes.

25:39

You've already played two songs.

25:40

That's fine. Aren't you guys professionals, we are showing our

25:44

professionals implies that we get paid Oh. I volunteered to leave the club an hour early and be up in the morning and above. I enjoy it because I'm a media queen. But, but it is volunteer.

26:03

I have to go to the bathroom.

26:06

I cannot believe that that grav in the first half of this show. You know. we were talking about

the subject and I said no. Let's go on with the subject. She said no play a song. I have to go.

26:19

I'm trying to pick out a song and I'm like, can you get along? And if I see I got a song.

26:25

Did you find it yet? Yeah. Cuz I like had mine. My mind's really in the gutter and I'm just not gonna say

26:38

okay. That's okay. Okay, cool, because I think this will be funny.

26:43

Okay. We're having that error, which is a problem.

26:46

No, we're not because I'm going to talk as I looked at this tonight, Twain song CD,

26:51

or you're joking. Should I

26:54

get this song that I'm looking for? Okay.

27:06

I like this song.

27:07

It's funny and quirky. And, you know,

27:11

I would like to send this song out to everybody that like ticks me off this week, and thinks they're all that and while they can just like Kiss me with the sun don't shine late. I'm trying to cue it up. Give me a break. I got to break into the presser. Okay.

27:35

There was Sanaya Twain that don't impress me much.

27:38

Oh, she's so hot.

27:41

And gay men like her too.

27:44

Isn't she hot?

27:45

Oh, yeah, I want to know, I can say I don't think she is very attractive. But she's just not my type. She's she's lacking in certain equipment areas.

27:59

She likes the Y chromosome. And in the background,

28:01

we've got talent.

28:04

Not everybody knows that.

28:06

There's one in the background. We've got Tori Amos. Cooling. Yes. This is our outgoing song. And I guess we should use this last bit of time to say goodbye any shoutouts

⌚ 28:22

um, I do have one. I wanted to apologize to Angela about last night. I hope that I will be able to get a hold of her sometime this week. And just let her know that a apologize and that there's something else going on there with that. And I want to thank ginger and Vicki both being on the show tonight. Really appreciate that. Ginger came down from New York especially to be on it. So Oh, yes. You know, tell her thank you very much.

⌚ 28:55

You don't have anybody y'all wanna know. If you were listening tonight, you will be quizzed tomorrow, so I'll know. So don't try to lie.

⌚ 29:06

And ginger also wants to say hi to rob.

⌚ 29:11

So your Sunday Yeah, good show tonight if you're listening and I'd like to say how to share it too. Thanks for putting up with all my crap tonight.

⌚ 29:17

29:48

out of here. Have a good weekend or week or whatever.
