SUMMARY KEYWORDS

chris, call, song, play, nominee, club, music, people, air, segment, deviant, jason, cd, queue, deviant behavior, high school, big, nice, talking, zona

♂ 00:00

I was when I was 13 or 14. I remember I was going for my Eagle Scout. And boy scouts Of course I might get a lawsuit. What about that? Because Boy Scouts on like queers,

♂ 00:12

I think they do.

♂ 00:15

I was I was doing my Eagle Scout project, I had a bunch of media come and cover it because I was giving out free food and and long johns to the homeless right before winter. And I had a lot of media coverage. And you could tell I kind of got freaked out at that age because I sat there and I talked forever and ever and ever and made this speech that made no sense when you thought

♂ 00:35

about it. And that's different from now in what way?

♂ 00:38

Well, now I just like a camera here. Yeah, exactly. But thanks to the Lord of editing. It actually made sense when it was shown on the news, but,

♂ 00:49

but this is live, right? Oh, yeah. So you have to be careful what you say? Yes, I do. Because they're not edited. Absolutely. Which means we can't say any of the bad I wouldn't say anything bad. I wouldn't do that to you.

01:07

Unfortunately, don't have a beat button.

01:10

But you know what, you know, nowadays, I don't even know what the bad words are. Why are they bad? Who said okay, well, I wouldn't say no, I wouldn't say it on the air. But you know what? Who says? I mean, that sounds

01:21

like they're just letters put together. Yeah, actually, you know, who says Jerry Falwell and all his little

01:26

followers? Jerry Falwell. I mean,

01:30

what's what's that Teletubbies name? What did Pinky we get over it IQ Inky pinky wiki as a queen? Well, if he's a queen, God bless him.

01:38

Thank God.

01:41

I'm still trying to picture the 13 year old Jason over here in a Boy Scout uniform.

01:44

Oh, well, I've got it. I've got it on video. So yeah, that was kind of nice. I've got it. I've got it on videotape. If anybody wants to see it, you can call him and ask for orders. I'll make copies it's only 20 bucks apiece.

01:55

With this other boy about video which we have to have you have to send in your ID for work

WITH THIS OTHER BOY SCOUT VIDEO WHICH WE HAVE TO HAVE YOU HAVE TO SEND IN YOUR ID FOR TEEN,

02:00

exactly. The other one was taking SEMA the summer camp when I was a staffer, so we can't discuss that on the air. Anyway, our next song is isn't one of the glam award winners, or it's a nominee or something. And it's by Kevin Scott Hall on his new light donning CD. And the name of the song as long as I'm not like mistaken is called maybe. And it looks like it's most got chaos halls name on here. Sorry. It's either written or mixed or something by himself. He wrote it by himself. Well, chaos halls names on there. So for some reason, they deserve recognition. But um, here's a song I've got like it's different what I'm normally playing

02:52

Shut up. I had to get that shut up on the air. Is that and

02:57

that was?

02:58

That will happen. Scott Hall? We're on this album, maybe?

03:03

Yes. Well, what I'm doing is playing glamor music tonight.

03:08

And other words, she's pre emptive, pre empting. All of my personal music

03:11

had come to rehearsal. So you could have gotten the I had

03:14

the stomach flu. I've gotten the I had the stomach flu, and their 2020 categories of nominees for she wants to play them all during my second out gay lesbian American Music

03:26

Association. Here is and you may read the dance category.

03:34

Do you have it on? You know, I don't have any other. I may I do have that. One. I have that one on me actually. Why don't you read it so people know what you're talking? It's Danny Tenaglia music is the answer. And as a matter of fact, y'all are gonna have to wait for me to like track it down and find it and like find the exact which number it is on the CD. But I do have this one so I will play it later on the other candidate.

03:55

The other the other folks in that category are Barnes glad boy radio that Barnes who whom you've heard on this show many times was nominated for five different categories. Most I mean, played

04:09

Have you played Barnes on Oh, yeah. Oh, yeah. Is he the one that's kind of he's more industrial.

04:17

Yeah. Heartland with land of love Jimmy James, who wants to be your lover. And who's this?

04:29

Mark Hey, it's obviously French's Mar qu es I pronounce it marcou but because Marquis is usually feeling lovely I've never have you have either one of y'all heard of the song feeling lovely party, Mark foo or however you pronounce it. No.

04:48

I have no idea what you need or

04:51

something like I don't know. Actually. It's probably it's no it would be feeling lovely because that's music is the answer is the name. We don't know what the name is.

04:59

Are you feeling well? Lovely.

05:00

I'm always feeling lovely.

05:01

We don't have Danny.

05:03

We do have Danny because Danny is in my city. Danny is awesome. You don't have that in there, but keep the city case out.

05:11

We had the privilege of hearing him in New York. He threw us out in and out and all around and that boy movement.

05:21

Okay, Chris does not know what he's doing because Danny Tenaglia was I guess nominated, it would be the word for song number three, which is music is the answer.

05:34

And we'll only be playing a short segment of this. Jays Jason.

05:38

I'm currently trying to cue it up.

05:41

We're only playing a short segment of this.

05:43

Okay, I'll cue it up in a second.

05:46

Really, if you play it now, we won't have anything else to do in the show.

05:50

We would like to give Robert and pussycat a chance to promote their whatever they have going on right now. Besides, do y'all have you also have that thing at all?

05:59

No, actually, we are concentrating on these Thursdays. We really, really want to like to vote
Yeah, devote all of our time to delicious. How

06:07

did that go? Actually, I mean, it was so far, everybody, I've talked to it. Because so on Thursday night, everybody said it was really good. I haven't I'd it was, like I said earlier,

06:18

it was great. As a matter of fact, um, I really think that it's gonna it's just it was a lot of fun to place is really nice. The staff is really great. I mean, the music is was fabulous. It was just really good. It's just nice, you know, to have variety, you know, to have just something to do everywhere. You know, I mean, but yeah, we're really, really excited. And it was cool, too, because like, we're having a party on the 18th on March 18. We're having a party called Lush. And we're, that's kind of like our first kickoff party. And it's about having lots of like sweetness and fruit and whipped cream and some sexual deviance. And, you know, just bad people. Now, I'm just getting out. We're doing

07:04

a bad person though.

07:06

No, but Well, I don't know is there

07:10

07.10

there I think there's such thing as deviant behavior, but I don't think it's such thing as a bad person. I think even Jeffrey Dahmer probably had a good side somewhere very dangerous

07:20

talking about him today. Very deep inside

07:23

someone. Yeah, I think very big. deviants, personality.

07:29

Are you a deviant

07:30

mid vs. You'd have to ask Chris about my composure at the last segment. Find out if I'm a deviant sexual deviance sexually deviant Yes, but as far as being a deviant overall Chris my deviant overall.

07:44

Let's just say Pat Robertson and sending your Christmas cards. Well. Larry Flynt will be sending you

07:53

probably not actually, I think, last the last segment actually, I do have to I have to unfortunately admit, due to lack of self control. I was not able to be or do the segment I was actually in the station. But I was on the station. I was at the station but I was not coherent enough to be on the air. Although I do have a picture of somebody I slept with due to that condition but someone's gonna get hit Oh, probably because you're jealous but hey don't we love deviance though?

08:33

I think we should have a deviance anonymous.

08:38

Deviance anonymous implies that we needed that we're ashamed of it or that we need I'm not

ashamed of it that we need help or cure.

08:45

I wish that people were a little more open and open about just how sexual they really really are. That's just what I'm talking about. I mean, I think that everybody's kind of nasty in their own way they just don't come out and admit it or let it go you know, believe me

08:59

I'm far nastier

09:01

but it's good. But you know as long as we keep it like sexy and not sleazy that makes all the difference in the world but

09:07

you know what you know exactly but see that phrasing that as long as we keep it sexy sexy and not sleazy is what leads to people not admitting to how sexually deviant they are

09:18

right Sunday abuse is about you know, but because what you

09:21

can sort of sleazy maybe what I consider sexy or what I consider you consider Okay, so

09:27

it's all good. Sexy sleazy. Just give it to us all about Yes, everything know what everything is about sex. Everything is about sex at all circles and centers around sex. You

09:42

know, even even I have to admit most of my friends are were initially and were initiated because of an initial sexual attraction. Most of my friends, not all of my friends but most of my friends and high school all my friends were cute. They were the ones that the girls wanted. I

was a gay man so therefore the girls felt comfortable talking to me. I wanted the same guys they wanted and so we didn't even now It rolls into the same thing did you share that?

10:13

They share that you're their boyfriend.

10:15

Oh no. Never done High School for the most part during high school I was sexually inactive

10:25

I was likely to do what huh? What were you most likely to do what? Um, I don't remember us likely to have a radio show.

10:35

I doubt that I was probably most likely just to like play sports or something. I was actually a jock and I was I can't see being a jock. It's hard to imagine but believe it or not, I was a jock in high school. I've got pictures of me posing with the athletes and like in uniform Okay, let's I was a jock in high school. Nobody as a matter of fact, the most often phrase heard hatch from people when people from my high school actually came to hatch. Me most often often heard phrase was, you were the last one I expected to be gay. Because they thought I was just this big old jock that was like a gay basher or something. Really? Wow, I played football. I swam I played baseball.

11:15

You were just such a man.

11:19

To me. I don't know. Man. But now. Chris is trying to look at my chest. No, not anymore. Well, I've got a little beard. God, I went to a&m for a year you can't play me.

11:29

I think though, that you know, that's okay. Because men are beautiful. You know, a man that they like, man. I mean, their man. They like man. These beautiful

11:38

bodies. Yes, everybody has beauty. On the inside or the outside. Everybody's got reading.

11:42

Thank you. That is so true. And I try to look for that and everything. And everyone. You know, I'm like the type of person I'm nice to like, like people like janitors, and maids and stuff. I'm like the extra super nice as

11:53

you know, I think we should try to like lower in another on air call. So let's throw out that number just to see if anybody has anything to say on the knot. Yeah,

12:03

whoever calls you down for this next Thursday.

12:06

It's not quite a restricted topic tonight. It's more about talking about the you know, I guess the open loudness and stuff at the club and so forth.

12:13

Yeah. If anyone's listening, we can add the number is 713526

12:17

KPFT. Which is 713526. You gotta give me a second. We'll look at the phone. Chris will look at it.

12:27

575738573526

12:32

KPFT.

12:38

Do people listen? Are they still at the club? Oh, people.

12:40

I've heard I've seen like several flashes on. Oh, really? We have seen the light and we've seen the light.

12:46

Like a bitch on air or anything.

12:48

We've seen the week in between Tinky Winky as a player he must be

12:54

oh my god, maybe one of them's Jerry follow

13:03

let's go to our next song. Okay, and it's by carved in stone or whether I don't that might be I guess that's by Zona prize. I don't know.

13:14

ballad. All the

13:15

songs like pulled up today are picked by Jimmy unfortunately, because I love my club music. Well, unfortunately for me, not for him. But I think it's by zonna. And the album is carved in stone and the name of the song is carved in stone. It's number one. So we'll just go ahead and play it on number three. I love how some CDs just have like, nine or 10 seconds of dead air on the end of their music and supply and that sounds good. Well, that's one of our other songs that's supposed to meet up in a minute that yeah, that's a preview. There you go. I like that.

13:59

I like that. While we're talking on the air, too, so I was gonna go like Day dance. And Franssen
... ..

Well,

14:06

I have to I have to at least like pull it down a little bit. But I just have read it every once a while just so you can like pick up from my mistakes.

14:16

Just in case anyone was wondering about the tail end of that song that is a Glama nominee, Zona or zonna spelled like Donahoe with a Z at the beginning and the song is carved in stone. I like that. In the background we now have in the

14:33

background we have by Danny Tenaglia music is the answer and we all Selita all those of us that have loved and praised the club saying no this song. Well, yes, we do. So evolve has their last words. Because I've gotta go

14:49

yes. Just that the Thursday's are delicious. We've got resident DJ cosmic cat. He's been with Scooby Doo crew and he's with us and he's fabulous and And, of course myself, I'm the hostess. And on March 18, we're having a party called Lush. And for dessert we have prepared a special night full of whipped cream, fresh fruit and sexual deviants mature 18 up there, welcome \$7 \$5 for 21 out, and it's located at Picasso 2151 Richmond Avenue. Everyone knows where Picasso is at. Right? Everyone should know where Picasso

15:22

is. It's between by now go down Shepherd towards Richmond. Yes, you take a left arm rushman from Shepherd and goes between Shepherd and Greenbrier on Richmond. Just like I'm in the twit. dijeron number.

15:35

It's 713-520-8636

15:39

so if you need any information to get there, the number again is 713-520-8636.

15:46

And would you like to announce what we thought of as maybe a little contest? Or would you like me to announce you can announce callers number four and five will be on the guest list this Thursday? If you call 713526 KPFT compliments have evolved who are

16:03

compliments of all of us cut well compliments from Picasso to us to you guys to everyone. So yeah,

16:10

colors number four and five, if you call 713 Kpf or five to six KPFT you can be on the guest list and get in for no cover.

16:19

Right and a great time. But you gotta be asked.

16:24

We don't we do. Thanks for coming on. Thank you all for we thank you all for the generosity of being willing to put a couple of our listeners onto the guest list.

16:33

Anytime. Thank you for having us. Thank

16:36

you. Thank you. And we're gonna go into Noel and we've got we've got caller number one so we're gonna tune out to this song and get the contest

16:59

why So call the number three call. I still have not heard from calling number four which we are waiting for.

17:06

Come on use your one chance to get behind the velvet rope.

17:09

Well, I mean exactly your name will be on the list you show up at the door you go when the guy asked you for money you say my name is such and such. And you just walk on through because your name will be waiting on the guest list to

17:22

go past all those people sitting there with their grubby little money in their hands, waiting to show their ID think of it

17:28

as studio 54 The Houston equivalent of studio 54 I should say

17:34

5.4 There you go. Well, we're a little below.

17:39

Well, well, we're quite away this blender we don't have Vasquez. Oh, she had to she had to think for a second.

17:49

Somewhat that my I'm a little club

17:50

boy. Okay, I'm sorry. I'm a club boy. I love the club. I love the scene. I love the people in the scene. I love the sex in the scene. I love a lot of other things in the scene that I'm not going to mention.

18:01

See, that's the promise he's with me being so much older than you I have the problem when I go to some of these clubs. They're the the beat of the music just changes my heart rate.

18:10

Well, it's not my fault that you're an old fart. Who can't get a date for his let's save his life.

18:18

Murder Mystery theater and you'll be listening in when you hear Jason killed you can guess who the suspect is? Yes. If

18:25

you hear a high pitch screaming or even a low pitch screaming go ahead and call 911 Tell them to come to what's the address here. It's somewhere on lavet Street. Well, I see that EJ obviously Chris isn't going to give me the address. So Big Daddy j is over there in the stereo. He can give me the address in a second.

18:44

It's right up there on the wall. I

18:45

think that EJ what's the address here in case I need to call 911 or it's 419 Love it. So if you if you're screaming it's Chris trying to kill me and so send the police to 419 Love it.

18:59

Actually, no, it's just your deviant behavior. We're doing sexual existence. Nevermind I can't say the word

19:05

She's just jealous because I got late last week and she didn't.

19:08

Are we gonna play another song or another glamour?

19:12

It was not my fault. I get laid on a regular basis

19:17

laid more than a tile

19:19

laid more than what tile and tile? No, I wouldn't say that. Because before I got laid last week and had been at least a month. The next song is by nightcap and the song's name is my romance. And it is another yet another unfortunately glamour nominee because I've got a whole playlist written up here of great music, but I can't play it because I've got the glamour nominees. So here you go.

19:55

Oh yeah, the smooth sound of Patrick arena

20:00

You know, Jason may not like this, but since he's out there getting a nicotine fix, I'm gonna say, I do like some of these these more mellow sounds. Yeah, that's pretty. That's pretty cool you lost.

20:10

I never lose.

20:12

Okay, the CD

20:15

arena with someone we just finished Monroe on piano and it's called nightcap. Those of you

20:22

who are

20:25

weekly listeners will remember that I've played Johnny angel on this CD also, we just want to

bring you glamour nominees, Siebel in our community, gay, lesbian, bisexual, and transgendered who are getting awards for their music, and I'm finding more and more queer artists from the internet. Jason

20:58

I am here believe it I know.

21:00

I know that you had club people on and I made a play,

21:06

play maybe play non club music even though that is so out of my style. I

21:10

know. I know. But we are.

21:14

You'd have to play the push, push but I gotta push the green button that did that now. Okay, now it's okay. It's in the back. I just queued a CD people are so impressed

21:23

by Chris. But we like to pretend that we're impressed by Chris. That's better than being depressed by you. Okay, well, that was last class she

21:35

said she gotta let big daddy J in here because we're already red ice special is coming your way at the top of the hour. And we are all queued up and ready for that.

21:44

And once it hits three o'clock, Big Daddy j will be ready to go on with his red eye special his blue special.

21:50

So he started the blues mega marathon or whatever. They come up with a catchy name for that. For that. What is the reading segment they have the blues every weekend. It is all day blues all day blues.

22:02

And for those of y'all who like to listen to, after hours, the next generation, which I guess is the name of our segment.

22:09

Yeah, no one ever called him with a better with a better suggestions. Yeah, well, yeah, we're sticking with that. But we'll come up with a Star Trek theme for it if you don't come up with it to boldly go where Jimmy and the FCC doesn't want us

22:19

to go. That's Chris's idea. My they would probably be more where the drugs take you but we're out the alcohol or whatever. Because I am a club kid. And therefore I've got to follow what the Club kids do.

22:31

Know You're a mess.

22:32

Well, all gay men are a mess. We know this. But I'm assuming that Chris agrees with this. And I believe I talked to him earlier. We're going to attempt to have Courtney Love or know. Lindsey Love

22:46

if you can get Courtney Love studio, right.

22:49

Lindsay loving Courtney van Wales and had a child. It's Lindsay love and coffee that I am currently trying to have on the next segment. So we'll have a little bit. So hopefully we'll have drag queens on the next segment

23:03

as different from the other ones we have on here regularly,

23:05

the regular Queens but they're not drag queens. So what what do you think I'd do like I think that'd

23:11

be interesting. We're going to try and get some more topics in here and keep you all stimulated.

23:15

Because you know, Chris, Chris gets tired of the club scene and I don't but Chris is trying to push me to go in other directions. But I'm letting him put well what

23:23

I've heard is you enjoy several directions.

23:25

Oh, don't even go there. But we're gonna go and cue the song up, played on full blast and we're gonna win big daddy Jay comes on he'll queue it down and queue up his bread is special.
