Jimmy Carper 00:00

It never ends. You're listening to Pacifica radio. This is after hours queer radio with attitude right here on good ol KPFT Houston and 89.5 in Galveston. We are located in the throbbing Montrose now it's time for mistress eaten.

C

Chris Harrison 00:23

This is the downsides are when we switch switch roles like that he's the one doing all the bad jokes. And I'm pushing the buttons

o

00:31

that I liked on my mic you're on. I like the throbbing part of

C

Chris Harrison 00:37

throbbing part of Montrose leg up on bisexuality.

J

Jimmy Carper 00:42

Only Jim, I can't believe I went there.

C

Chris Harrison 00:45

I've heard of leaving your heart in San Francisco, but he left his funny bone in Seattle.

00:50

It's still I still can't get the image of Jimmy in the city made from last month out of my head. He just looked adorable. Hi, darlin. How are you?

J Jimmy Carper 01:01

Wonderful.

01:02

I bought a very special friend tonight. You

J Jimmy Carper 01:05

certainly did. assessor. As a matter of fact, yes. If

01:08

the person who had this show before me, Doug Becker.

J Jimmy Carper 01:13

Hi. Hey, Doug. Are

01:15

you doing hanging in there? Good going into our move to California. So I'm still here in New York.

J Jimmy Carper 01:19

Yeah. shocked a lot of people

01:23

so I twisted his arm and dragged good man. Good. But before we get started with tight show, yes. I hear it somebody's birthday in the in. It's Big Boy's birthday. Greg birthday. How come I wasn't invited to give him his birthday, spankings.

J

Jimmy Carper 01:42

Oh, and he needs one. But you know, actually, he needs more.

C

Chris Harrison 01:46

I'm surprised he hasn't run in here yet.

J

Jimmy Carper 01:50

It's 53 of

C

Chris Harrison 01:53

if he runs we'll be able to tell if he started running.

♂

01:57

We we only have an hour for the show. But it's my birthday this week. Yeah, that's what I hear. And because it's my birthday, I have present. Oh, yes. And see my favorite store arrows. 1207 has given me a bunch of goodies to give away tonight. Wonderful to people who call in. Okay. And you know, I always talk about I do a toy. You know, I'm always promoting new toys because I think you can usually have a toy among. Yes. Well, I've already gone made the rounds with this new one. Oh, that is fantastic. And it goes in kind of with what they were talking about over it BiNet, which is the art of sensual touch. And what this is, is called the Fukoku. And it's a firewall

♂

02:46

I'm glad she she clarified what because I was written off

♂

02:52

it's spelled FUKUOKU is pronounced a fuku. But it's a five finger massage glove. And basically it's a black spandex glove that you put on your hand and the entire thing vibrates. And I know feedback. But y'all evolve. I've been walking around the studio for the last hour covering feels on everybody. See, I only bring these toys so I can grow up y'all

C

Chris Harrison 03:18

never have so many gay men been aroused by a woman in one hour.

03:24

You know, I'm pleased. Everybody's got to have a hobby. You don't mind filling up gaming

03:34

anything that moves? You know, it's a wonderful little toy. And the thing I like about this is washable. It's something that you know, if you're giving your lover one of these central erotic massages you can put on and keep going and massage other areas as well.

c Chris Harrison 03:54

Yeah, I was just imagining that. Yeah. I'm glad it's washable. You just

03:59

want it. Yes, you can wash it. And but it's a neat little toy. So that's our little toy the month that I'm giving this particular one to Doug because Doug has a special trip coming up. Yes, he

J Jimmy Carper 04:13

does. Oh, yeah. Where are you going? Stuttgart. Stuttgart

04:19

which is Germany, Germany. My partner's been in Iraq. Oh, so there'll be first time I get to spend any time with him in four and a half months. Wow.

J Jimmy Carper 04:35

What's he doing over in Iraq?

04:38

Not getting killed. Actually, he works for a company here in town and they have one of the rebuild projects.

04:49

So he's in the hospital area.

c

Chris Harrison 04:52

He's not part of the military now.

o

04:53

No, they're DoD contractors. And he's with the military.

c

Chris Harrison 05:00

because my first question when you start saying talking about that was how in the world are you going to be able to meet up with him? If he was? He was military, of going over there to?

o

05:09

Well, that even if you're in the military, you get r&r.

c

Chris Harrison 05:14

Yeah, it was just it seemed kind of strange in the middle of this this war time there have been having a with all the talk about gays in the military going over and meeting your partner, well Stuttgart, for the company he's

o

05:27

with. It's not an issue. No, actually, it is. It's a very conservative company. So we're just quiet, keeping it quiet.

c

Chris Harrison 05:37

It's just you want to keep it as I can understand.

o

05:41

Especially with the company being here in Texas, there's no protection under the law for losing the job. And you don't want to lose your job and be in that company, because then you have to fly your own. Butt home. Oh, yeah. And it is not cheap from Kuwait.

o

05:58

But one of the things that we'd wanted to talk about tonight was spiritual sexuality. And that's

something that when you're in a relationship, especially when you have to be apart for long periods of time, that can sustain your relationship. And a lot of people think that sex is just that physical getting it on. And that's a really good thing. But trust me, I speak with experience. It's a really great thing. But you need more than that for a lot of people, and especially when there's long periods of absences. Or if you're in a kinky relationship or a polyamorous relationship, that spiritual connection that you have with your partner is often more intense than your physical one. I want to get the number out, it's 713-526-5738 or 713, K, five to six KPFT. If anybody wants to call in and talk, I want to hear people's stories about spirituality. And if you call in and you get on the air, I have goodies, I might just give them away. I got a whole big laundry basket full of stuff

J

Jimmy Carper 07:04

I saw there. But three men in the boys target in here. That was just wonderful.

♂

07:14

But in your mind, Doug, what is the difference between your spirituality of spiritual sex and regular sex?

♂

07:26

Well, with my current partner there, it's it's one in the same but with other partners I've had in the past like regular just sex, it's just all out it's there isn't much there isn't anything beyond it. There's there's no breakfast in the morning. You know, there's no, there's no connection. It's just the chemical. Let's do it. Now. Let's feel good. The spirituality part is the feel good. Is there whether the sex is there or not?

♂

07:58

I think that's a key thing. One of the things that that, to me, is the epitome of explaining what spiritual sexuality is. It's Have you ever sat next to somebody and you're not even touching them. And the energy level is so intense, between the two of you that all it takes is a look or a conversation, and you fill in just being in that person's presence gives you this feeling of satisfaction. A lot of to me, that's the spirituality that goes along with the sexuality. And if they touch you, on top of that, you're there. You're so in the moment.

♂

08:35

With my partner, it's like that quite a bit. I think that's why it makes it so difficult that he's not here with recent events in our lives with the trips to the hospital and crap like that. And because if there wasn't more there, besides the sex, sex isn't always there these days. So there has to be something more. Yeah. And I had another partner number of years ago, and a lot of

our relationship was based on sex. There was a little bit more there but it wasn't all that intense. I know for me, it has nothing to do with loving the person it just has to do with the connection wasn't

09:25

but do you find that the spiritual connection maintains you now in the absence of the physical one?

09:31

Oh, certainly. Certainly.

09:34

Because I know I know your partner is a wonderful absolutely wonderful sexy man. He's you know, I can see where the sex part would never even be an issue because he's just gorgeous but I mean it's it's one of the things I know with me and because I'm polyamorous and because I have other multiple lovers that having when I'm not with them, that connection, that spiritual connection that we have tends to maintain those periods of absence.

10:05

I think it maintains us through quite a bit. I mean, this is a real rough time war aside. We're even though we're the only country that says we're not at war. But, you know, everything has to come from within, and finding someone that you click with in that manner where it comes from within them and within you, and gets projected outwards.

10:32

What do you do? That makes sure sexual practices a spiritual practice, as well? Are there anything specific that you do when you are together?

10:42

Um, other than the BDSM, the BDSM itself isn't spiritual, but there's other things with it, like, massage the touch. And when I was younger people, you know, you do the safe sex seminars, and they say, oh, touch is great. But when you're 2021, or 22, it's like, no, it's not you just want sex. You know, as you get older, I think it becomes more important. There's a lot of touch a lot of how is the BDSM part spiritual for you? A lot of foreplay.

11:19

It's a mental game.

11:21

It's mental, but it's also a lot of the BDSM community here in Houston is just the play for sake of play. Not so much play for the sake of a relationship or for expanding upon what you have. And you know, sometimes I find that very, like, it's great to go watch at some of these parties and see what's going on. But you see these people and you just like, Well, what else is there besides because once I leave that room, and their play session is over, that's it. You know, one of the things for us it carry it can carry over, I'm not talking about the, the roles of the relationship carry over, like DOM sub or master slave, I'm talking about just the feeling carries over through the rest of your relationship, it makes it more meaningful.

12:18

I totally agree. One of the things that is so interesting is is that throughout history, sexuality has always been very spiritual and very sacred, from the Hindus to some of the other only Eastern

12:34

religions. It's not a problem. It's when you get hit the Western religions that it becomes a problem.

12:39

Exactly. And it's always you know, the tantric sex is wonderful. And it's really starting to start to see a resurgence here. Well, because

12:49

of you, thank you. And remember, I used to have the E group and you sent out a article. I don't remember who it was from this woman you knew that had written this 12 page thing on chakras, chakra orgasms,

13:03

I lost that and I would love to have it back. But,

13:07

and, um, I'd actually started doing reading on that. And I have so many books on it now. And we've kind of incorporated a little bit of that into our relationship. You know, I

13:19

took a class on that it was all on chakra massages, and chakra orgasms. And what's so interesting about that is the first time I experienced something like that the energy and the feedback, my hands were visibly shaking.

13:31

It's fast. To me, it's it's great feeling. It's fascinating. And people look at you kind of weird when you say something about like, oh, that's that New Age stuff. No, it's not. It's 1000s of years.

13:44

So actually, I was looking at my little encyclopedia that I have of sacred sexuality and back in you know, 900 it's, it was called the cuja I am a mispronounces. Kajiura Ho, whatever. It's a father Indian temple. And I mean, the whole temple is decorated with because he's pictures here. They're statues of you know, fellatio and anal sex and all kinds of variations they had a

14:09

show on recently about and they had the six houses of Greece

14:13

I know. And it was like all of a sudden we've we've taken sexuality and made it this bad thing that has to be done in the bedroom with the lights, closed doors, missionary position. God forbid why religion and and the thing is it I don't think people understand that BDSM is one form of practicing an alternative sexuality there's

14:38

energy in it, but it's not the be all and end all of sexuality in and I think that's what when you go to these parties, here you go. You do things within the community here. A lot of people don't see beyond you know, the armor the leather, that's it. And they don't see beyond that. A lot of

14:59

people don't I wanted Sam give the number again because I really want to hear from people. If anybody's got any good stories, it's out there listening about theirs, how they connect spiritually in their sex life and in what they do. I want to hear about it.

J Jimmy Carper 15:12

That would be 713-526-5738.

∅ 15:18

Jamie, how do you feel your spiritual connection is was sexually? I mean, do you practice? Uh, do you do anything? That's, I mean, some for some people. It's a look, some people detach some people, it's the foreplay some people it's the after play.

J Jimmy Carper 15:32

No, actually, I don't do anything you just,

∅ 15:35

you know, right. Like a pagan go on.

J Jimmy Carper 15:39

Yeah. I have I have,

∅ 15:43

well, you have a partner that you've had for long. 25 years. So there's gotta be something there more than ever, especially considering you live in separate cities? Yes. Yeah, there has to be something

J Jimmy Carper 15:53

there a real connection they are but kind of a spiritual connection. I have more with my boyfriend.

∅ 16:01

So what do you do to connect? I mean, what do you how do you connect? Explain to me that connection? Is it a talking conversation connection? Is it a touch?

J Jimmy Carper 16:11

It's a it's a definite touch, we both respond to touch. My lover is not much of a toucher. And so you know that's a polyamorous relationship. And Jim is incredibly sensitive to touch. Incredibly

16:31

You say Don't call him Jim, the hands for

J Jimmy Carper 16:36

massage therapist. Yeah, and we, it sort of just holding each other is a big deal for us. Yeah, it really means a lot and it actually transcends sex.

16:51

I think that the key right there is the transcending the SEC, yes, as as a dominant person, and I play with a lot of people and I have lots of lovers and partners, and there's very few that I allowed to get close to you

17:07

guys gotta, you gotta allow for him that the trust and the allowances have to be made.

J Jimmy Carper 17:12

And you know how guys are in that role in her vulnerability situation. I mean, we just, we, we just have these walls around us. Oh, and it's, it's tough to

17:22

women. But when you get to where you feel comfortable, and like I said, there's very few people that I allow that closest to but those who do it, sometimes it's I don't even have to have sex with them. I have spiritual connections with people that I don't have sex with. But it's so incredibly enjoyable. I mean, I have a very good friend that I, almost every, every other week or so we go out and listen to a little band out at a little winery and just sit on a bench and talk. And it is. So the connection we have is just very spiritual. It's so mean, it's like we're in its own little encapsulated bubble. And it's just because that's our connection. And then I have people who I have submissives that may or may interact with me, but then I don't really interact with them, so to speak, but it's very spiritual as well. Because they, they may tell me, your wonderful hands person came and gave me a massage, it was very, very spiritual. Because that's just he just exudes that energy. And I think that that's something that you have to develop as a human, I don't think that it comes naturally to some people, it does come naturally. But I think it's for a lot of people, that's something you have to learn to develop your sexuality.

J

Jimmy Carper 18:42

With my first lover, I was 18, he was 21. And it was my first love. So I gave everything. I was very open to all and we did have a good connection there. Then we broke up and I built that wall up. And it took many, many years before anybody could penetrate it.

♂

19:08

When I think that's part of the innocence that we have in the innocence that we lose at play with. And lately I've been playing with a lot of these young 20

J

Jimmy Carper 19:18

year olds. Oh, tell me how you do,

♂

19:21

baby Oh, baby, I don't kiss and tell you should know that. But it's one of the things it's so interesting is I've met too. I've been playing with three or four of them. And they they're some of them are very guarded about their spirituality part. Yet they want that so bad. And then the other stores the innocent age and so they totally fall head over heels within you know, two meetings because they're getting somebody who knows how to receive it knows how to handle it knows how to give that back and having to teach them I enjoy it because I have to teach them okay, this is something that you have that you can give to somebody but you need to learn Learn how to you know how to give it without surrendering to it totally and letting it consume you. Because, you know, I either get them proposing marriage in two weeks, you know, or they're the opposite. They're like, Oh, no, it's just it's just about sex. And it's not about that they're afraid to even learn anything. And in part of, I think, maturing as a sexual being is learning that balance between what?

♂

20:22

Well, I mean, I think it's a shame that in our society, they don't teach that as part of religion. That's true, you know, while you're growing up every pretty much everybody's exposed to religion, and Eastern cultures. It's part of the religion, it's they acknowledge that it's part of humanity, it's part of your sexuality, the sexuality is part of is you as a being, and, and we lose all that.

♂

20:52

One of the tapes that I have to give away tonight, and pretty nice tape, it's called Maximum orgasm, A Man's Guide to tantric pleasure. And this is a really talks about the male G spot, it talks about ejaculatory control, it talks about Ancient Secrets to male orgasms, and learn how to prolong your orgasmic pleasure and that type of stuff. Tantra for those of you who haven't experienced it, or practice with it, is something that's just it's really powerful. And there's a lot of Eros Chava, seven carries a whole line of videos all on Tantra, Kama Sutra, various things

like that, that are really good teaching guides as to things you can do to just try to learn your own body better. I think one of the keys to developing as a sexual being is is that you need to be able to know your own body, once you know your own body and how, how to control it and how to enjoy it.

J Jimmy Carper 21:52

And how to be comfortable comfortable with it. Exactly. Yes, exactly.

21:57

Then you better up to share with somebody else and connect with somebody else. And it's one of those things where you have this kind of work up to it. So many people get so disappointed because the first time they try something they fail. Well, you know, I consider myself pretty much a sloth.

J Jimmy Carper 22:14

And that's a good term it

22:17

is I worked hard for that name. And I've made a lot of mistakes. And I'm sure you have. Oh, yeah. And you learn and that's part of it is about learning is this to what makes you you're gonna call, we have a call. I'm gonna wait till he finishes typing, but is on the air. Okay, somebody's telling me somebody's online. I'm just gonna put them on the air. Hello, Paul. Yeah. Hello. How are you?

22:47

I'm fine things. I enjoy listening to your program. Well,

22:50

thank you. How are you doing tonight? I'm doing really good. You're doing very good. Yeah. What's your most spiritual sexual experience?

23:00

It is, through my my life in the BDSM community to when I was younger, mid 20s. I used to be with a dummy who was really more of a sadist and a dominant woman. And we had some incredibly intensive times together. And often she would tie me into two poles at the end of her beds right up. And it was pretty heavy, sort of in terms of pain. And it was really incredible,

because I felt it flowing through me and building up and building up. And once she sort of stood up on the bed, and, and so she'd be towering over me and took my head into her chest. It was like an incredible, really, or explosion of feelings. And I never really fully understood how deep it was. But the funny thing is, we never had sex. And we never spoke a lot. But it was so like a cleansing afterwards. And I just felt every time I went home, that I was sort of floating on air and all I could think about was getting back to that place.

24:16

Well now which is you've been in the BDS during the BDSM. community, how long have you been in the BDSM community?

24:23

I've been in the community or in the lifestyle variable on varying levels for about since I was 18. And I'm 37 now almost 20 years.

24:34

Well now do you? What's the difference between the endorphin high that you get when you're playing and the spiritual connection that you have with the person you're playing with?

24:44

I think it's to get to the true endorphin higher there has to be some kind of connection. I would agree.

24:52

I don't know. I don't think so. Yeah.

24:55

I think it's for me, I need to have a connection with a person for me to fly.

24:59

I have to Uh, well, I would have to have the physical connection, but not necessarily the spiritual connection, I think I

25:05

think in order to truly let go at least as a masochist, and submissive, in order to truly let go, there has to be something. I don't know if you could say trust, but at least something that that really makes you want to give back to that other person. And that was just there for me in that relationship. And it sort of all seemed to always explode when, when sort of our showing some kind of tenderness in the end, because that sort of allowed me to just release everything in one big deal. Now,

25:39

when you play with other people, though, do you still have that same kind of

25:44

high? No, I've never had the same kind of high. I mean, I've enjoyed it, definitely. But it's always been sort of, I've been much more cognizant of where I was and what we were doing. Whereas here, I just let go completely. And I think it had to be something with the person and the feelings I had for that person. Was

26:07

that your first BDSM? No relationship? No,

26:11

it was probably my first true SM related relationship, whereas most of the other relationships have been sort of soft play stuff, whereas this was sort of more hardcore. Well,

26:25

let me ask you this. And that is that if when you're playing with somebody, what do you require to have a spiritual connection? What makes you feel it, you're obviously submissive? What, what makes you feel in tune to the another person spiritually? To me,

26:43

it has a lot to do with smells, it has to do with the other person's eyes has to do with the way that person touches me, or sort of interacts with me, in a way so that I feel that I really wish to get extremely close to that person, physically and mentally. It's about sort of wanting to really open up.

27:16

Paul, where are you calling from? I'm calling from Atlanta, Atlanta, Georgia. Yes. Well, I'll tell

you what part I have a special gift for you. And I am going to send you you'll have to give the address to the screener. But I'm going to send you the ancient secrets of the Kama Sutra, the classic art of lovemaking. Oh, it's a videotape on the Kama Sutra. And it's all talks about how you prepare your body. A lot of the Kama Sutra positions and talks about some of the art of seduction, the art of kissing in the art of preparing your body. And hopefully you will have a chance to practice this on one of your ladies friends,

28:05

I would really love that. It's something I've always wanted to do. But finally, we've gotten around to this.

28:11

Okay, well, I've had another caller on the line. So I'm going to put you on hold and when the screeners will get your address and we will mail you that tape. Hey, thank you so much for calling. Thank you. It's a great program. Keep listening. Okay, and thanks for listening via the web, right? Yes. All right. Um, Pachenko Thank you.

J Jimmy Carper 28:33

I need to remind folks that they are listening to after hours queer radio with attitude on Pacifica station, KPFT Houston. And at 9.5 in Galveston,

28:48

and if you want to call in and talk, the number is 713526 KPFT. That's 5265738. And we want to hear about your spirituality and your sexuality and all that good stuff. And right now, we have David on the line. David, hello. Hello, how are you?

29:09

I am just fine.

29:11

Tell me about your spirituality, your sexuality and how they work for you together?

29:18

Well, the person that I met a year before we actually got together through a casual contact. And I some things had just clicked with the two of us as far as I knew. And a year later, I called her up and said, you know, hey, do you remember

me? And she said, Yes. I say would you like to go out? And she said sure. So we get together and our second date was incredible. We had a great night. We wound up back her place and we just wound up just sleeping next to each other the whole night, fully clothed. We connected on that on a spiritual level. And the fact that I had never felt this way about a person before, I just all I want to do is just spend time next to her. And we spent the whole night talking and sleeping, and just no sex at all. And when we finally did have sex later on, it was incredible. The best sex ever had in my life. I mean, that she's the type of person she's the connection, just that we have. See, we have thoughts of each other all the time we think of each other. We wonder where each other doing, we're not together. It's just it's incredible is that the connection is incredible. I've never felt anything like this before.

30:45

Sounds like maybe you got bit by luck.

30:49

I would. Yes. And no, I mean, we're at a point right now we're actually seeing other people. But we do get back together occasionally. And even though we stopped having sex all together, she's still one person I'd like to be with all the time because I feel that connection with her.

31:08

Well, and that's I think that's a critical thing is sometimes you don't you can still be with a person or not be physically intimate with them and still, still be up still be connected with them, David, where you call him from UC Houston? Well, David, if I have a wonderful little thing for you, that might be able to get you together with your friend. And it's a four pack of massage and bath oil. It's got every fall different flavors, we got tropical vanilla, Mango honeysuckle, and it's this wonderful massage oils and bath oil. So maybe you can get together with this spiritual person and give them a massage and rub them down and fill them up and do all that kind of wonderful stuff. And if you will give the screeners your address, we will mail that to you. Don't hang up because we put you on hold. But I appreciate you Colin. And I got another caller on the line. And we'll go for that one. Okay. And we have Robin

J Jimmy Carper 32:15

oops, David went away.

32:17

Oh, David callback.

32:21

Hi, Robin. Oh, yeah. How are you? Oh, I'm

32:23
doing great.

32:25
Tell me about your spirituality and your sexuality? Well, you know,

32:29
for us, alright, I'm 32 years old now. And like the years I've been wanting to have sex with I've been having sex with for some reason, when I get with people I would freeze up and don't flow and everything. Then when I started dating women, I started finding out that I like women. And then I got with this one lady. She's from Texas City. And she was one and I was so used to people being enjoyed, you know, being kind of submissive. And she was kind of want me to like be kind of like the dominant sometimes. So C was teaching me how to be a DOM how to do those things. And it took like about maybe three or four months for me to get used to it. And so I didn't realize the difference it made but um, but then, about a couple of months later, we broken up lationship and I decided to go to this camp by Nance they have this by camp.

33:27
They just, they just called in a minute ago. And we had their whole conference on just about

33:32
loosen today's GG effect I was there and Gigi and all of them was there. My camp and this is the weirdest thing happened because when I got there I was in effect that has section anybody anything I was all by myself. I mean I came on came with people, but I didn't come with a partner or anything like that. And all of a sudden it was like nice. It's like I gotta test to nature was always helped me in. But it seemed like the major candidate kind of helped me kind of open up my sexuality side. And I met this guy, and we was just sitting here at the started talking, just being friends and stuff. And I went to try to him or anything like that. But then when a knight came along and had the little drum circle when they had their fire that can sometimes drum circles and it was talking about the stars.

34:25
Oh, when the chanting and the drum

00:00

34:29

the background noises of nature.

34:31

So is the spirituality of a situation of a person.

34:38

The spirituality of a person,

34:39

was it the whole area and the whole environment was very spiritual, or was it just the one person?

34:46

Well it because we and he was talking and we started connecting with each other. We started filming, you know sort of feeling it. One of

34:53

the things that they do it a lot of the dungeon parties is they play the champ music and they play A lot of the, the, the heavy trance music they call it and you see that a lot of the clubs and stuff because of that type of mood that it creates.

35:12

Yeah, I have a lot of those music at home. As a matter of fact, I have a lot of CDs and stuff like that. Well, Robin,

35:20

I tell you what, I have a wonderful book for you. And I'm gonna give you this book. It's called queer 13. And it's called love. It's lesbian and gay writers recall. Seventh grade and going up and it's one of the things that's interesting is, most people don't realize is your sexuality starts developing at the early ages. And this is a really good book, I've read through it. And it's got some pretty hot stories that have things that were going through people's minds as they were growing up and developing their sexuality. And it's specifically deals with lesbian and gay sex. And it's a really good book. So if you will put you on hold. The screeners will get your address and we'll mail you the book. Well, thank you

35:59

for having me. You're welcome. Thank

J Jimmy Carper 36:01

you, Robin for being on after hours. Okay,

36:04

now let's keep listening. Okay, fine. Hold on.

36:09

Let's hold button. It's hard to push.

J Jimmy Carper 36:12

That's pretty good. That's pretty good.

36:14

Number out. It's 713-526-5738 that jam KPFT that one three jam. KPFT. Yeah. If you want to call in and talk I have more goodies to give

36:25

away. That's interesting. What people bring up for what triggers their spiritual Yeah. Isn't the first guy Paul was touch. And then David was the smells. And then Robin was the nature of the music and the nature. Yeah,

36:41

it is interesting. What What's your trigger?

J Jimmy Carper 36:45

You know, I'd have to think about that. For a pretty long time. I am not, I'm not real sure. I don't have if there's a slightly specific trigger or anything with my

36:57

partner. It's more than one we Yeah, smells and touch.

37:00

music to me works for me and against me. It can go both ways. If it's if it's you know, what's really interesting, I get asked a lot of times we have what type of music do you like to listen to? When you play and everybody you know, listens to but boys and they listen to trance music? And I'm like Bonnie Raitt. Oh, I'm rolling stones or even Frankel Yeah, give me my

37:25

thoughts on what you want to

37:28

create. You know, James, and I'm like, so there. Yeah. Have you ever listened to edit James music, she's got a really heavy DNS.

Jimmy Carper 37:38

Yeah, sometimes I get to serve on other music shows. And I always play piano. Yeah, her

37:43

favorite. Her favorite song of mine is you gotta serve somebody.

Jimmy Carper 37:50

Now I know why it's your favorite song.

37:52

But, but I like that kind of the bluesy type of music. I think that's really interesting is that people have different triggers. You know, for me, it's intellectual. It's very much cerebral. They, I can anybody can make love to my body that I let but it's very few people who can make love to my mind. And you know, the old saying of mine screw is is a terrible thing to waste. I didn't say it even though I caught Gigi saying it a whole bunch tonight. Thank you. But you know, I think the the cerebral mental aspect of sexuality is so it's such it's just wonderful. But to me if a person is not intelligent, and they can't get into the nooks and crannies in my brain, you know, it's just

38:40

not going to happen. That's where I think you know it was talking about it being romantic or vanilla but that part of the relationship is important to us. It is for the people in BDSM I would suggest that put all that aside for a night and just plan something very vanilla or romantic cook dinner at home, cook dinner together cook

39:04

me dinner.

39:07

You know, burn some candles that you think smell nice or some incense or dizzy or bath to be bathed. My partner and I we went to some event one weekend and it was a real long weekend we got home. Whatever that Sunday was and we spent three hours in the bathtub and a bubble bath with candles burning in our bath. And that was it and then and it was that in a massage and then we were you know we went to bed

39:35

and a lot of people think that kink is all about the pain or the whips and the chains and there's still there's

39:41

more to kink than that. You know

39:43

and things I enjoy the most you know I love to be paid I love my hair played with. I mean I will sit and I will sit anywhere still perfectly still. If somebody will just sit there and go like this and rub my fingers through their fingers through my hair.

Jimmy Carper 39:57

This is where do honey when you go go like this Oh, yeah. Pretty grouchy things on this rate. Yes. You have. Yes. Yeah. I'm

40:07

..

proud to say yeah, actually done so I'm radio.

J Jimmy Carper 40:11

So proud that you did it. Yes. Let's, let's take a little musical break here. And this is cubs 65
They want to play. He is also known as boy Patrick and he. I saw him

♀ 40:27

boy Patrick is in the Little Drummer Boy Patrick.

J Jimmy Carper 40:34

Okay. Yeah,

♀ 40:40

I don't think that's the same guy.

♀ 40:42

Doesn't look like same guy. Okay.

J Jimmy Carper 40:45

Oh, anyway, I saw him perform tonight he has a CD out called Hanky Panky. And it's music that he has written and performs. And with a hanky panky he did of course, the six colors of the rainbow. And then he added fuchsia, white velvet, apricot. And so let's hear it. Yeah, he's got a new CD coming out soon. He did. He performed a couple of the songs tonight. And they're very much along the same lines, but very, very nice and very, very sensual. This is my absolute favorite from the hanky panky CD. It's called read. And you're listening to it on after hours queer radio with attitude. Right here on Pacifica station. KPFT in Houston and ke O 's. No. Oops, no, we got to do kick kick anymore at 9.5 in Galveston why don't I just press the button and shut up keep pushing up button and nothing happens. Let's see what happens here.

♀ 42:18

From Martin because he doesn't nothing.

J Jimmy Carper 42:20

I think I need to put it in another CD player. Yeah,

C

Chris Harrison 42:25

Jimmy is not working there

J

Jimmy Carper 42:31

that you can sugar this CD player doesn't want to work either. What's wrong? Okay. Let me try to figure that one out. And in the meantime, I'm gonna play what a man has to do. It is a single that was putting out put out by single put out by I'll just play it and you'll never know who it is. And we'll talk about it later. Candy whoa, hold on their candy cane. She was my baby last night. No. Hey, mister. She was my baby last night. That is the title of that song. Before that Jeff Stryker with what a man has to do. And Jeff will be putting out elaborate. Yes, he will be putting out a country and music album shortly and as soon as it does, we'll get a copy and play it for you. You're listening to after hours. We're radio with attitude. We are talking to mistress Eden and she is giving stuff away folks.

♂

43:51

Hey, Jeff striker. Striker. That's the point guy striker.

J

Jimmy Carper 43:58

Yes, it is. Oh, that's a change your career, isn't it? And his his singing voice is nothing like his speaking voice. But then again, you know, Jeff striker is a character

♂

44:09

draw him for his voice.

J

Jimmy Carper 44:11

Yeah, that's right. That's right.

♂

44:13

They talk in those things. That's I think there's a plot,

♂

44:21

loose plot.

44:22

But you know, I wanted to say a couple things. And that's it. Even the earliest text, the most sacred texts that we go back to mention pain in part of their sexuality. They also mentioned dominance and submission, and part of the sexual texts from some of the earliest sacred texts and writings that we've found. eroticism has had a lot to do with with the combination of pain and pleasure. A lot of people don't understand that their symbiotic there. They're not two separate thing. Your brain processes them the same way. how you process pain and how you process pleasure. It's the same chemical in your body. And part of spirituality and sexuality, I think is coming to terms with how to deal with those chemicals that are going on in your body as well. The first caller, Paul talked about, you know, the chemical, the endorphin highs, and what the differences between the spiritual connection and the physical manifestation of an endorphin high. And for some people that happens, the first time they play, some people have happened with intense stimulus to certain areas.

45:39

Well, I don't think a lot of people know how to differentiate between the flying from play versus the spirituality. And they confuse the two. What I think some people have spirituality while there, they have the connection while they're flying. But I think for a lot of people, there's a difference. And they're

46:00

just I mean, I have a good time, regardless of who I play with. But if I don't connect with them on an intellectual level, and an emotional level and a physical level, I in a spiritual level, I don't get to that point where I'm flying. Then when I did the chakra orgasm workshops, the person that I did it with I was extremely connected to it was just the most intense, intense, intense thing that I've ever done and gone through. Because I was really connected. I've tried those same exercises with other people that I may not connect with as strongly. And as I've talked on the show before about how we all connect with people on four basic levels, physical, intellectual, spiritual, and emotional. The more connections I have with a person, the more intense things are and the different levels and different degrees of intensity that I have. I know with your partner, you connect on all four of those levels. And that's why these your partner,

46:59

it's not all the time, though. No, but you know, and I think some people expect that you have that connection with a person that if you're in a relationship, it's supposed to be that way, all the time. And that's not realistic.

47:13

No, Hades. Well, and that's part for me being Poly is I have different people that connect with on different levels.

47:18

Sometimes the connection is there on all four levels. Sometimes it's there on a couple of levels or one level or you know, it depends on what's going on.

47:27

Yeah, I think as long as all four connections get fed, then the relationship is a good thing. I mean, there's times when you just want to have that primal you know, like pigs don't call it

J Jimmy Carper 47:41

keeps coming back to that phrase you know this

47:46

you have to have that too. Yeah, you know, you have to you have to acknowledge that it's not going to be this missionary position thing all the time and behind a closed door

47:54

I have you know that femme Dom's can be nasty pigs to some of the nastiest people I know are women I think it's personally something to aspire to.

48:10

Real firm Dom's not the ones that got brought up earlier. Not the ones that you standard model the mean the standard model are the ones who think they're Dom's but they're not dumb.
Yeah, well

48:21

there's there's a big difference between being domineering and being dominant. Anybody can be dominating and I think it takes a someone was

48:30

going to take but I think the whole thing just like being dominant or submissive needs work Annette or the BDSM needs working out and relationships need working out. The spirituality needs work on it, too. Yeah,

48:42

I think everything I think you should never stop learning.

48:45

And up every book you can I don't care who wrote it, whether you think it's trash or not, you then have an opinion. Do I agree with it or not? Why? And why?

48:56

One of the books that I had to give away tonight, which I didn't I have those copies of the Kama Sutra, which is a great little book. But the other one is this new book and I'm gonna actually break the seal on it because I'm just dying to get in here.

49:10

But it's called Phillips like it's full of pictures.

49:12

It is it's called 5052 invitations to great sex opening the mail will never be the same. And what is what this is, is I want you to look at actually the envelopes. And the envelopes. Say you're invited, personal and confidential very, very pleasurable. Or it says you're invited proposition and close respond immediately. And they're actually you tear them out and you fold and you perforate them but they're actually invitations. Very sexy invitation that you can this one says she's out of control. And what you do is message I can try to do this here you go I was out. And it actually tears out of the book. And it's an open this up. It's an actually an erotic invitation to, that's a great Isn't this wonderful? I mean, this is something to me that I think would be great to surprise your lover with. But it says the depths of a secret and a deeply erotic fantasy will be explored this evening at and you fill in the blank, what time in preparation for the sensuous journey towards an entirely new peak of sexual arousal. You are required to present one large pillow and one wooden hanger at the boudoir entrance and you write in your address. And it says RSVP, please be prepared to lose control. And then you open go to the next page. And if excuse me, I didn't reopen this beforehand. And there's this little sign. It says equal SHM equal. Tonight you will be the master and she will be your servant, and she will learn the intensely erotic pleasures of sexual submission. Your roles must be established as soon as she meets you at the bedroom door. As Commander You are charming and pleasant, but give no more information than she needs. Why did she bring a large pillow was filled out on your invitation? Why the sturdy wooden coat hanger? Oh, you'll see you say slowly and smoothly. Or actually you won't see, I don't want to spoil the surprise. At this point, you pass a long silk scarf across her eye and tie up behind her head and ask her to hold the hanger gripping the end. While telling her how lovely she is and how much you've been thinking of her. Tie her wrist to the hanger. It's been I'm not gonna go on and read this. But I'll be there. You know, because it's pretty hot. And I don't want to get all hot and bothered this early in the morning. But what it

says isn't actually an invitation and it's gives you the ingredients what you need several candles, hot music along silk scarf to short lengths of rope. In one vibrator. What she brings is a large pillow or wooden hanger and time to hang around. But this is actually it's all printed up real beautiful with pictures and you rip it out of the book. And you fold it up and you mail it to your lover as a way to spice up that chemistry. It's so much of that that mental intrigue. But there's 52 of them in here and every one is different. In there for him and there's for her. Granted, I'll be honest, it's a hetero centric book which kind of bugs me but yeah, now use your imagination you can adapt

J

Jimmy Carper 52:42

this is main almost bisexual night here was the bisexual conference going on? And, and I know that you are bisexual. So

♂

52:55

I think it's I think it's some great,

♂

52:58

really, it's just a really, it's really pretty packaged. And what a neat thing to to, you know, it's 52 of them for there's how many weeks a year 5252 One night a week. I mean, what a great thing. And it this is they have this at Eros 1207. Which, as you all know, is my favorite store because they support the community better than anybody else in town. And they support the radio station. I mean, they give, they give me merchandise whenever I just walk in there and say I need this. And and they're really great. And I

J

Jimmy Carper 53:31

know you've had them on before. They're very, very nice people. Yeah. And

♂

53:35

it just, I mean, I get all these goodies. I mean, I just think this is something that it'd be a great gift for somebody and ask them, you know, think it's just something Well, if you don't know how to spice up your life life, you don't know where to start and you're in a in a relationship with somebody who you really love and care about, but you want to bring that passion back. Start some with something like this, the first that was number you know, they start out, you know, real simple. There's all kinds of there's there's heavy duty ones, and there's light ones in here. But you know, take that opportunity to explore. And you might just buy the book and talk it over. Sure. I personally would mail them out. 52 people I could mail them out and neck with the book in a month and a half.

♂

54:22

54:23

I think everybody needs a hobby so but exploring yes it is and unless you're going to be willing to explore then you are going to have a very boring Yeah, well, I don't want to be my grandparents.

54:37

We know I you know I agree with you. My grandparents slept in separate beds and Greg Torrance.

**Jimmy Carper 54:44**

I remember as a young child, going into my grandmother's bedroom and discovering a hand made rubber dildo. Oh my god. Yes. And even at the end age of seven. I knew exactly what it was. And, you know, my grandmother or grandfather had a good time.

55:08

Well, you know, I think it's funny because my got my first vibrator from my first grandmother, my grandmother, but she didn't realize what it was all the attachments were for. Oh, it was one of these ones with all these attachments. And she used to use it on a rock, right? It's but I had to. That was my I named it Bob, the battery operated boyfriend. And it actually burst into flames one night on me and nearly burnt me in a very tender area. Because I had worn it out because it was so old. It was one of these really old old Sears. I mean, this thing had here. Oh, I mean, this was like, she bought it from the Sears Roebuck catalog back in like the 30s. And it was only feel massagers for your joints and whatnot. But she gave it to me it was still in the box and we had I'm like all these attachments are really cool. You know you scalp massages and whatnot. Yeah, right. Like I used them on my scalp. But you know, numbers hair, they're they to this day. I have looked for one. They make one thumb now similar, but they don't have the torque that that's

**Jimmy Carper 56:10**

and you just wore it out. Now. What does that say?

56:13

You know, I'm getting a motorcycle. Oh, my. That's my birthday

**Jimmy Carper 56:19**

party. Something exciting between your legs?

56:22

Yeah, who doesn't like that kind of horsepower? I do. Speaking of motorcycles, yes, I'm going to make an announcement, the whips and chains Motorcycle Club is going on a ride tomorrow. And that's for kinky people who want to go on a motorcycle ride Shortland give me motorcycle run. They're going to meet up at 11 o'clock in the morning at 3146 Castlewood in Houston, which is right off of buffalo Speedway in Castlewood. Just north of about seven tenths of a mile north of buffalo Speedway in South Main. And that's 3146 Castlewood. That's the whips and chains motorcycle club. So if you got a bike, and you want to go you know, be a motorcycle, mama or master or whatever you want to do and ride with a bunch of other kinky perverts. Go there. So we wouldn't think that kinky people are that diverse, but you know, we're such a community that we do things that aren't sexual together, like ride motorcycles. Exactly, you know, and that's just, you know, there's a whole bunch of people, some people are coming up from Austin and going on the little ride and you just no matter what you ride, we don't care if you're on a rice burner or a hug or what just a crotch rocket or what if you just want to ride and come ride? Hopefully by next weekend, I'll have my bike and I'll be there too.

J Jimmy Carper 57:42

Okay. Mr. Seaton. This has been a wonderful evening. And we gave away several wonderful things. I'll be mailing them out this week. As a matter of fact. What can you do the top this? Oh, wow. Thank

Some of them are copyrights still, but they have permission from the authors to rerelease the copyright text electronically and a lot of its public domain texts sacred Dash texts.org Dash there's that dash again

1:00:18
