SPEAKERS

Roy McCarthy, Bobby, Chris

 Chris 00:01

demand of like Donald on brothers Phillip Charles Mackenzie is the director of normal Ohio. Oh, really? Yes. Oh, that

 00:10

is cool. Yeah.

 Chris 00:13

I mean that brothers that's that's a show you don't hear about it was one of those show tie it was it was a Showtime television show back in the Oh was back in the 80s. I guess it was a long time long time ago. It was there was part of like our weekly block they had that was little boy. Well, the scary thing is I remember the show that came on after it was steam where Cheech Marin played either God or an angel. And when you were deciding whether when you were in the limbo between heaven and hell have you died? Instead of it being as it's normally portrayed, like a bus station or a line in front of a gate? It's a steam room.

 01:01

So I see,

 Chris 01:03

that was a long time ago. And but that ties in with the new show that just came out normal Ohio.

01:13

It if you said all something Off mic, and that you didn't have a lot of hope for the future next year.

Chris 01:20

I really didn't. Because I think one of the problems is it is going to suffer the same fate as Elon did. I think what affected Ellen the most was the fact that she played too many of the stereotypes to get the straight people in.

Bobby 01:38

And every episode was specifically about her bullying a lesbian. Yes.

Chris 01:43

Yeah. I mean, it was. I mean, I did cause did cause for the question from one of my co workers have is do you really need your own phone book after the Ellen episode came out on the gay Yellow Pages? But the answer is yes. It helps. Sure. Wonderful accommodations in San Francisco by picking a gay travel agency.

Bobby 02:06

I missed part of this. But you know, one of my favorite least favorite characters was the atom on I guess his name was Adam on dynasty. The one who, who every other week was either dating his boyfriend or his wife. Yeah,

02:27

yeah, that was another one. That was they were afraid to say the by word. Yeah. I mean, you know, they were quick to say the gay word to bring in viewers. But then they didn't want to take that too far. Because they didn't want to have to show him romantically with with anyone. Exactly. So they're doing Yeah, yeah, that's right. And so, but still, they wouldn't even say bisexual.

Chris 02:54

Well, I mean, that's gay and lesbian is becoming more of a accepted term bisexual is getting there. I think with a lot of them. There's that bisexual chic. That says some people have their

Bobby 03:09

much fad. And

c Chris 03:11

you go. So when you're seeing a lot of this, these changes with that with normal Ohio. This is a very, very confusing first episode, to say the least. If you haven't heard about it, John Goodman, who was the husband on Roseanne is now playing a game man who four years ago, went to left his home in normal Ohio, and went to Santa Monica. And has returned for his son's going away to medical school. Oh, party. Now, in the four years, his wife has remarried. Her her new husband is is more more effeminate than John Goodman is when we when you first meet him, John Goodman showed up at his ex wife's house with pizza and beer to watch the football game. And if you saw the commercials, that's where he's going scar. That scar all this other stuff and the her new husband just sitting there just drinking beer. When she walks in it's like he just came over with beer and pizza and I didn't know what to do and it's like he's that he's the one

o 04:25

you know and you find in these small towns that there are many Nelly straight men.

c Chris 04:32

Oh, and she says that she likes him because he's stable that he goes to bed. He's straight. He wakes up he's straight. He doesn't change on her. But he moves in with his going to be moving in with his sister, who is a single mom with a daughter who's mid teen and a son who's early teen. Okay. And unfortunately the the start off with some of the sibling sibling rivalry part Where the sister tells her brother that homosexuality is inherited. So he's really inherited. Yeah.

o 05:10

He's got like a CD. Like genetics like the house.

c Chris 05:17

So he's all paranoid. But now since he has a gay uncle, he's gonna be he's taken apart the carburetor. And he's working on it on the kitchen table. And then he asked his mom, if do you think I'm gay? And it's this young blonde kid, that voice isn't really changing yet, sort of thing. And she's sitting there, getting all antsy about it and says, Well, do you like walks on the beach with men with hairy arms and stuff. And the kid the boys just they're sitting there sweating and shaking and she goes off, he's talking to the daughter, and she goes, it goes, but I liked the beach. He thought that was a part of it. Oh, brother, when he first met when he first when John first comes in and meets with his nephew, there, there's this whole exchange about his nephews asking them all these questions like you're gay. I mean, you means you kiss men. And so John goes, well, can you imagine me kissing a man and doing all this stuff? And he goes, No. I said, Well, I do. There's a lot of the stereotype. Orson being plays his father. Oh,

06:30

you're kidding. Oh, funny. So it's some of that is

B

Bobby 06:35

my gay. This is my gay homosexual son.

C

Chris 06:41

And it's, it's all this stuff. I mean, the parents are not under or not understanding. I mean, in that a coming of that age? Yes. And it's very interesting watching this interaction, but it's very, it's very stereotypical, over the top at any points, sort of thing. So I don't, I don't think it's gonna last a little longer, because it's Fox. But which means this probably means that he's going to get they're going to have a sexing with him. He's going to get a boyfriend or get some action before will does on Will and Grace. Because I mean, that's the big topic of wins will gonna find a boyfriend. Yes. But it's interesting with a lot of these new shows, I found out a another one.

B

Bobby 07:27

He's taking applications.

C

Chris 07:30

Well, I remember on the one thing on EA they were showing they they did a viewers poll. And when they did a special on will grace, asking people out in the street interviews of who should be the first person that will kiss us. And so everyone was listed their things and last person they show they said was Steve Cameco, who is a host on EA and he was hosting regular games his X and A CX.

07:58

They broke up. Yeah. Oh, slash.

C

Chris 08:02

When you get clips, you need to you need to read something. Besides the porn ads in the back.

B

Bobby 08:06

I see. Lifestyles of the Rich and queer. But I

08:11

haven't seen it in the gay press. Oh, it was. I mean, like, you know, any of the magazines. Yeah,

Chris 08:18

it was just a little brief thing in the belly of the gospel. But after, after they came back to Steve there he was spraying but NACA he was up for the part I see. But then there's a possibility of a a television of a movie being adapted into a television show. Kiss me, Guido. Oh, yes, I

08:47

saw that is and

Chris 08:49

the funny thing is this. It's going to it's the geriatric network that's going to be playing that one CBS

Roy McCarthy 08:57

out they gotta

08:58

get in on it. Everybody else and they've got

Chris 09:01

that Mettler. So they're they're trying for Alright, Hey, bud.

09:10

I saw I saw an episode of that. I have seen was not impressed.

Bobby 09:16

She should stick to Yeah, movies. Yeah.

09:20

It's it's very, very slapstick. Well, I

c Chris 09:24

mean, coming from Oh, she's gone from bath house to burlesque price. It was sounds like it's all over the top. But Kiss Me Guido. If they stay true to the movie part of it. That's the story of a Italian straight guy who needs to find a roommate his girlfriend's kicked him out if I remember correctly, and picks up an ad for roommates and thought that GW M stands for guy with money right? Rather than gay white man. Yeah. And of course the stereotypes ensue. Yeah. Though that's that's possibly coming up there with CBS. But I pulled off this thing from the internet of some other TV shows that are out there with gay themes or gay characters, and came out to five page. Yeah,

10:13

notice that there's quite a few pages. Yeah, so I hope you're not going into too much.

c Chris 10:17

No, no, no, I'm not gonna work. All My Children. The soap operas have always been

10:23

Oh, yes. Quite big coming. Go.

c Chris 10:25

I mean, Ryan Felipe, from 54 and Cruel Intentions, was the first gay character gay teenage character as a recurring role on so did not know that he he played a young gay man on one life to live back in the early 90s. That he came out and then disappeared after a season or so.

B Bobby 10:52

Yeah, that's the problem. Yeah. And so there was a big that he supposedly said at the time now I find this funny now that it was bothering him to play a gay character. And then and here we are all grown up and what movie do we do?

11:14

...

Anyone he can get? Yeah, thank you.

 Chris 11:19

But I mean, with all my children, it's the daughter of Erica Kane, Susan Lucci. His character beggars and choosers, it's on Showtime. It's a was the original concept was by Brandon Tartikoff of NBC, former of NBC. And it's a look at a television network. And the casting director in that is openly gay. And the reason he's openly gay is because a woman chart accused him of sexual harassment. She showed up at his doorstep strip naked and he went so what? So she tried getting her own show by saying Pretty much yeah, it's like, I'm gay. It's not going to be interested.

 12:04

Alright, good. I like that. Last

 Chris 12:05

but Bell Tron is on Telemundo. Which is one of their really, it's a Latin machismo gets it's come up and in the form of a committed gay couple on this Spanish language sitcom. Wow,

 Bobby 12:21

I've seen parts of Sundays in Spanish, but it's an It looks wonderful.

 Chris 12:28

I'm gonna guess it's 7pm because I'm gonna I'm gonna say that the times on here are Eastern. Yeah, so 7pm on Sundays on Telemundo. Bette Midler. We talked about Buffy the Vampire Slayer. Yeah.

 12:41

Is that this recurring? Dark Angel? Yeah, I've seen a couple of character on that. I haven't seen a couple episodes of it, but I haven't seen a gay

 Chris 12:52

lesbian bike messenger. Oh, original. Cindy.

 12:55

Ah, oh, okay. Because that's what the Dark Angel. That's what she does for money. Yeah, she's about messenger, Dawson's

C Chris 13:04

Creek. Yeah, yeah. A one that's coming up here soon. Er. Oh, really? There will be some lesbian action this upcoming season for Dr. Weaver? Who will become romantically involved with a psychiatrist. Do you know

B Bobby 13:22

that I remember that. An episode I actually ran into an episode of er that I had never seen about a that had a gay couple on it, where one of them ended up where the other one one ended up in the emergency room as a result of the other one. Oh, yeah.

C Chris 13:42

There's been a domestic they've had domestic violence. That was a cool episode. Yeah. A few weeks ago, they had the topic of medical consent for a lesbian couple where they needed to it needed at the point they needed to intubate the one woman and her partner said she would not want that to be done. And because there was no notice on file, and they couldn't get her legal quote unquote next of kin. They've had they were forced to try and save her life and intubate her Felicity friends, a mini series that's coming up on Showtime Showtime is trying to get the queer audience so I want to talk about later on with them. A mini series called a girl thing. It's coming in 2001. Think The Bob Newhart Show with Stockard Channing instead of Bob.

B Bobby 14:44

like I do, too.

C Chris 14:45

It's a four part mini series. That's going to be coming up there with wacky clients, Ella McPherson who falls for Cape Capshaw and Brent Spiner. owe me a fair Arrow and Cameron made time. Commander

B Bobby 15:01

data. Yeah. Gross point.

C Chris 15:05

That's a new show and WB another Showtime movie coming out in December holiday heart.

 **Bobby** 15:11

Of course. Anybody who knows Brent Spiner knows he's family anyhow.

 15:19

Oops. Do we say that

 **Bobby** 15:20

I go to a lot of sci fi? Oh

 **Chris** 15:26

NYPD Blue. Yeah. Okay, it was promo handler Sunday on Kooker at American Masters special is coming up the end of November. American Masters offers a portrait of one of Hollywood's gay escort directors George

 15:42

Kook. Kooker. He was the ablest director. Yeah. Hollywood classics.

 **Chris** 15:47

A star is born the women born yesterday in Philadelphia Story. Oz on HBO always. Yeah, that's. That's a very homoerotic

 15:58

lot and Yeah, a couple of gay characters. A

 **Chris** 16:02

couple of gay characters. unusual thing of male frontal nudity. Okay, yeah, in there.

 16:08

Yay for the male nudity.

C

Chris 16:11

I'm getting Cinemax and he

B

Bobby 16:14

wants you to do your weekly dose of prison rape. Well, that

C

Chris 16:19

is watching all the premium cable stations there. I've known certainly get Cinemax. I'm kind of looking at it going. Oh, my goodness. They're actually showing the guy's chest in the softcore show that they have on their I almost had almost dropped dead earlier in the week because I saw male pubic hair. Wow. usually don't get that far down. Go. Popular on the web. Sex in the City. The Simpsons? Oh, yeah. Spin City. Spider games on MTV. I haven't seen that one. It's 330 and 10pm. I've never heard I've never heard of it. I've never seen it. But also an MTV there's their show undress. Oh, yeah. Which

B

Bobby 17:06

Oh, Daddy boys on that is soft core. Awesome. Pretty.

♀

17:16

Big advertisement for Victoria's Secret and basic brothers underwear.

C

Chris 17:24

And it's exactly all the gay characters that they have in their in the gay subplots. Yeah. And they touch on the things like, there was the lesbian couple. And there's the straight guy who really likes him and says, it keeps going, you know, I really want to watch I really want to watch. Yeah, and the one lesbian goes, Why? Why? It's one of those Well, she

♀

17:44

would never understand. Actually, I mean, that's a that's a very good What about the couple that he wanted to see her with another woman? And she said, okay, but only if your wife can watch you with another man.

C

Chris 17:59

Oh, yeah. There was another one that I liked. Yeah. That's right, honey. That's right. The one woman who was couldn't decide between the two guys so that she decided that we're going to

woman who was couldn't decide between the two guys so that she decided that we're going to be a threesome. And the way she was going to try and get one of the guys to drop out is she wanted to have the two guys go at it. Yeah. And she figured whoever dropped out first was the one who really liked her. Wow. But then they were the guys were saying that they're gonna go through with it to show her how much they like him and they were about ready to kiss and she stopped falling in love awake. But there was a lot of kissing. There's a lot on there. There is a very interesting there Star Trek Voyager the street, which is a new show on Fox Titans The West Wing which had a lot Oh, yeah, they just had a

18:54

they had just that this incredible thing with a Laura Schlessinger type character. Yeah, I've

c Chris 18:59

gotten the boys had her

19:03

just incredible.

c Chris 19:04

Willing grace. And Xena

19:09

Oh, Xena It goes without

c Chris 19:10

saying the recently recently demised on

B Bobby 19:13

ya know, I work in a comic book spreads right now.

c Chris 19:20

But when it comes to those fantasy ones, they're the ones I really liked now. I don't like the movie Beastmaster but the television series Beastmaster that was he's

 B Bobby 19:28

gotten to yummy yes

 19:32

yeah, he certainly is. Well,

 B Bobby 19:35

I'm the acting is horrible, but who cares?

 C Chris 19:41

Well, I mean, that's the same story behind porno. I mean, you don't watch it for the dialogue. You don't watch for the theatrics. On the back. Do you look for the one little part? I

 B Bobby 19:51

want Beastmaster and the clumsy guide to you know, I want to see that. Okay, He's clumsy little buddy. I want to see them go for it. Okay.

 C Chris 20:05

And another thing that I recently discovered and I did not know, that was on because I don't get Warner Cable is there is a, a show on Monday nights from 11 I'm sorry, from 10pm to 11pm 10 to 11. And it is on channel 74. Yes, normally they watch infomercial. Yes. And what that is, is see one TV. And recently they have to see it. They have been playing queers folk, the original British version. Wow. I don't know how censored it was because I was flipping through it the one time and over at the community center, waiting for the rain to stop. And I go wonder what is queers folks, the original one showing and tracked it down a little bit. It's a syndicated kind of gay program that is in several cities throughout the United States on different cable stations that they buy the time to play it. And if you want to find out more information about this show, it is C one tv.com Oh, it's the letters see the number one and the letters TV. Okay. It's a little confusing. Yes. But I'm looking to see if there's gonna be some more programming coming out of that. Then that was what channel 74? Yeah, Monday. From 10pm to 11pm.

 21:34

That's on Warner. Warner Cable. Yeah.

 C Chris 21:36

CHRIS 21:50

I'm not sure about the exterior. out in the boonies. Like were my parents live with Warner. Yeah, but a fortune with a cable with living in an apartment. I don't have to deal with Warner. Let's go to music and then we're going to come back and we're going to talk about the most one of the most controversial shows it's going to be coming to cable here soon. queers folk,

21:55

okay. And this is a request from Green rich and finally getting to play it. In the you're listening to all of this on after hours queer radio with attitude on KPFT Houston and ke O 's College.

22:19

Melissa Etheridge from her album. Yes, I am. That was if I wanted to. Requested by Greenwich. And you are listening to after hours queer radio with attitude right here on KPFT Houston and ke O 's College Station. I'm Jimmy Carper. And Chris and Bobby are both here and we're talking about queer entertainment. Oh, yes.

Chris 22:51

As many of you have heard about the show Queer as Folk recently in British television, very controversial. Start with that. Think they got more phone calls? Yeah, for the first episode. I

23:06

just I am just amazed that they continued to showing it. Well,

Chris 23:11

it was because it was. It was very it was very controversial.

23:17

Oh, I'm sorry. Wait a minute.

Chris 23:18

Hold on. We're not returning John.

Bobby 23:20

They went places that other shows wouldn't have dad. Yeah.

23:23

I mean, they were like, they didn't show exactly yet. But they it was obvious that the two men were performing an anal Indus. Yes. Exercise there. And

c Chris 23:38

the more controversial part about that is it's revealed later that the younger member was 15. Right? Yeah. At a time when England was fighting over the fact that gay male relationships are only legal at 21. And that there was a fight to move it down to 16, which is the legal limit for heterosexual and lesbian relationships. And they made a compromise at 18. Well, I

24:07

think they've moved it.

c Chris 24:08

I think they're going back. I think they're trying to get down this year. If it hasn't happened already. It's part of the European that part of the European community of going down to 16. Ages consists like

24:20

for sex. Yes.

B Bobby 24:23

You know, I understand this whole thing of girls maturing faster than boys supposedly and all that. But the different there's still that whole age thing seems wrong to

c Chris 24:37

Well, that didn't that didn't come out of girls maturing faster. That came out of the old Victorian laws that when Queen Victoria put them together, it was with two women having sex never she didn't believe it passed. So it wasn't it wasn't that lesbian sex was permitted. No age 16 is the fact it's not it wasn't considered illegal.

24:59

It wasn't considered Is it possible?

 **Bobby** 25:00

She didn't believe it could happen? Yeah, surprise.

 **Chris** 25:04

But what's happening is Showtime is doing an American version of queers fo Yeah. And there's the take look the pictures.

 **Bobby** 25:17

Gonna be a watered down version there.

 **Chris** 25:19

Yeah, unfortunately, let's put it this way. Rather than, like in the British version there in Manchester, if I remember correctly, in this great bar district in for the American version. They're not in West Hollywood. They're not in the cast or they're not in Chelsea, they're not even in the Montrose. This is taking place in Pittsburgh, Pennsylvania. And when you think of gay Mecca has

 25:47

its Burg.

 **Chris** 25:51

But they're going to be trying, that looks like they're going to be trying to have pretty true to the original. The characters have been changed a little Oh, well, maybe

 26:02

it's because it's a more of a working class type city.

 **Chris** 26:06

Well,

 26:07

20:07

I I believe Manchester is kind of a blue collar city. Yeah.

c

Chris 26:10

That mean, I guess that'd be more the part of putting into Pittsburgh. You've got the 30 year old Brian and Michael. The interesting part is how Sparks is going to be playing Michael. Which house sparks did talk soup. Oh, really. He was the most recent full time host. And he's going to be playing Michael. Which if you watch the British version, it's Oh, I can't remember his name, to where I didn't know what to do. He's the manager of the grocery store who is still somewhat closeted, and he's, he's the 30 year old who's not the slot. Brian is the 30 year old who is was that in the original movie in original queers folk. He's the one that takes home a new new guy every night, and comes across the British of Nathan, which in the American one is Justin, who's being played by Randy Harrison, I'm not familiar with. I think companies I didn't go into the parts of where their shows what their paths acting is. But they're going to be working with as part of the original thing of where Brian is helping a lesbian couple. Have a child. And through all the turmoil, isn't that one of the things unusual about this show is normally shows get picked up for one year. And it's 13 episodes. Yeah, Showtime agreed to 26 episodes. Wow, well, oh, they picked up two years of it. I'm not sure if it's an hour and a half hour or half hour show. But when you look at the fact the original series this is based off of was eight half hour episodes, and a two hour follow up movie. Because the call to tie everything together, though. Yeah. was so intense. And people reacted so much to it. They had to make a two hour movie right after they did the miniseries. And so now Showtime has picked it

o

28:14

up for two years. Wow. They're going further with and

c

Chris 28:17

it's so with being Showtime that we're gonna be able to keep some of the original language because you can say some of those dirty words. Yes, they were ver in the British version. There were very you saw nudity, there was male rear nudity. And if you stopped your VCR at the right time, there was male frontal nudity.

b

Bobby 28:38

Pause button go. Slow motion, slow mo. Wonderful. But

c

Chris 28:46

with with course, I'm afraid it's going to be a little watered down. But we're gonna have to wait and see on December the third. Now, you can get some information about the show queers folk at http, colon slash slash queer dot s h o.com. And you can get updates from them and I've

signed up for that. So we'll find out some more information is that's coming along. And that's all going to be starting on Sunday, December

29:16

the third Sunday, Sunday Sunday. I was waiting

c Chris 29:20

for that to come in. And that's gonna I mean, it's they're doing a big promotion about that. I don't know if it's often one of the mailing lists from one of the gay mags or that that I have but I received this direct mailer from them of just not just Queer as Folk but some of the other programming they have. Almost had more pens, muffins further Tales of the City. Their show Rude Awakening, which is about a recovery of former child star who's going through working the AAA type system and used to have a lesbian character on there played by arraign prior Richard Pryor's daughter, but she left the series. There's beggars and choosers, there's a show coming up called Holiday heart, which looks like it's a drag moving coming up. And I mean, they put a lot into this. Yeah, that you can that you can find out their likes of showtime. It's it's I guess it's also part of the reason why we're seeing CBS what and do kiss me Guido, because now Showtime and CBS are related with all the mergers and such.

30:35

It's hard to keep up and

B Bobby 30:36

everybody's married to everybody. Well, yeah.

c Chris 30:39

I mean, isn't that mean Showtime, CBS, the new national network what used to be the Nashville network? And now B et are all in the same family.

B Bobby 30:50

Wow. But here's a variation. No kidding.

c Chris 30:54

I mean, and I think they also own a part of Telemundo. So it's kind of like CBS wants every market. But here's a little heads up on something we didn't find in the newspapers here. But I found it from the internet. There is going to be a pre screened party going on. Coming up on

Wednesday, November the 15th. From 10 to midnight. And it's going to be over at Jr's Oh, there's going to be showing some clips, they're going to be doing some promotion on it. And some old merchandise

31:29

get sure there's gonna be some giveaways. Oh, yeah.

c Chris 31:33

I mean, that's something I look forward to and something we I guess, as Royce likes to say, we've scooped the media. We scooped the other parts there because we were able to pull that off the internet. Yeah. But that's gonna be a very big show. It's going to be coming up and we're seeing a lot of this, the more positive spin on the gay community. And hopefully the show will will raise some eyebrows and raising people's awareness. Coming up on that, like say there's a lot of shows coming out there and just watch it. But then again, we're also having the bad side that we're seeing this I just got through seeing the comedy central roast, New York friars Roast of Rob Reiner. Yeah. And, of course with that, you're always able to use the gay as a as a joke in there. I mean, it was some of the parts were horrible. Brett Butler getting up saying she likes to be there because she remembers when that reminds her when straight Jews ran the business. Oh. And like the one comedian I think it was Kevin Pollak who went on his his two minute Spiel was on Rob Reiner's being incessantly raped by his father and having him bring over Paul in and damned Eloise and

32:55

obrah

c Chris 32:55

and all those things that is not right. That mean there was a lot of that going on it was just it it's it's very over the top and it's a sad thing to see with. I mean a station who I mean, South Park is somewhat friendly. Yes. Absolutely Fabulous.
