The following program contains language or images of a bright or sensitive nature which may be considered objectionable by some listener discretion is advised. Oh yes, you've tuned into after hours Queer radio with attitude right here on KPFT Houston 90.1 FM. The crew of after hours is ready to bring you news interviews, dialogue and music geared for gay, lesbian, bisexual and transgendered people and their friends. Hear it after hours. We may be diverse, but we have one thing in common. We are all out of the closet and urge everyone to come out of their closet. That means standing up for yourself taking responsibility for your own life and being proud of who you are. Realistically, we know not everyone can do that because of age job or frame of mind. That's okay, we're here for you too. So sit back, relax and enjoy this week's edition of after hours.

02:25

Right All right, and you're listening to KPFT after hours and we're going to take you live to the Verizon theater where Curtis and the rest of the crew are with jungle 12. And if I can get the computer to cooperate, know how you feel.

07:18

Don't feel ready. You'll feel in any old field

07:28

eight nine, then 11 get this good going out. See that's the stuff that don't let them get you the gauge and closelog away

07:59

Hello, Houston and Galveston. I keep listening to Michael on this part he doesn't know. Well Hello Houston and Dallas and this is after hours Queer radio with attitude. Coming to you live from Jungle 12. That is tribal heat. We are here at the Verizon theater downtown Houston. And we're laser live. We've got the whole after hours crew down here we are. This is a Bayou City boys club event. And we've got a whole ton of people here just enjoying the music enjoying the program. And we're gonna kick it off here. Let everyone know why we're here and what's going on. And joining us is Michael Mike Collins. You there? Yeah,

08:46

absolutely.

08:48

You are the president of the Bayou City boys club. That's right and co chair of this event. That's right. So tell us what is by using the boys club all about?

08:57

Well, bio city boys club is a group that was formed about 12 years ago. And it grew out of a birthday party. There were four guys all turning 30. And they wanted to have a nice birthday party but they wanted to have donations made to local aids charities instead of you know, having presidents like you would expect. So they they put together a party in a warehouse on the east side of downtown, which was a plant warehouse. And these guys called a jungle because they walked in and said this looks like a jungle. But now beta city boys club is is legally incorporated 501 C three and we raise money for local HIV and AIDS service education providers.

09:47

Some of the beneficiaries here this year. The benefit beneficiaries are the assistance fund, AIDS Foundation Houston Stone soup, the Montrose clinic and Casa de Esperanza. That's right And how many people were expecting showing up here tonight?

10:02

It varies,

10:03

but we typically will get 12 to 1500 people here at the event, and that includes our underwriters as well.

10:11

Because I mean, I said earlier over there in the dance floor area, and it was just packed with people, and they got the way the flag people going on there. Now, this is, this is the largest venue you've had for this event. I know a couple years ago was like the polo ground, right. But

10:29

yeah, we yeah, we moved the event here a year ago to allow us to grow and this is our largest venue ever.

10:38

So we're looking at like 1500 people coming here. And if we're out until the show still win tonight.

10:45

The party lasts until four, we have a stage show at 1230.

10:51

So that's what they're probably gearing up for right about and down here. We're at the Verizon theater. And we're at the address of where we're at.

11:03

I think it's 520. Texas. In Texas, you're

11:06

still out there, we'll come down. There's still plenty room to pack in here.

11:09

Absolutely.

11:10

What other events does by using the boys club do?

11:12

Well, during the year we tried to diversify. We have a Christmas party with benefits AIDS Foundation, Houston's Red Ribbon toy drive, we collect toys and cash for AFH. We also have a gospel brunch in February, where we have live gospel music and Bottomless mimosas and the proceeds benefit one of the local HIV and AIDS education service providers. And in the past, we've also done theater nights Vacey boys club participates in the AIDS Walk, I think this year, we raised the fourth largest amount of money of any team.

11:48

So now if somebody wants to get into be a part of Bayou City boys club, I want to contact you all and see about helping you out with one of these events as a volunteer or member or how all that works.

11:58

Sure that one's easy, you just go to our website BCBC dot info, click on the Contact Us button. And then there's an email and you can send an email to to the webmaster and I'll get it. And if you can volunteer as a you know, an underwriter supporting us financially, you can talk to us about membership. Typically people volunteer with us and then they ask a member to nominate them for associate membership. And then after a year of being an associate member, they're eligible to become an active and voting member.

12:37

So thinking about our army, we're surrounded here by Alaska, we got a lot of loud musical in the background here. It's this isn't just the only event with this as a whole. It's not just a one time event, just the jungle event.

12:58

This is our main event which we produce and the bulk of the money we raise over the weekend comes from this one event and this is this is an event where All proceeds go to our charities but we partner with local clubs and promoters to produce an entire weekend of events or four of them and a portion of the proceeds from all of those are donated by those promoters and clubs to us and they go to the beneficiaries and

13:22

Mike White clubs I mean what other what other weekend events do y'all have planned this weekend?

13:29

Well out last night we had a very successful opening party riches week Thursday night we had a meet and greet mixer had Meteor which was a lot of fun. And now after this event Believe it or not there is another party there is an after hours event that broke up our Mercury room

13:49

yeah and that spoiled boys and again KPFT after hours we're gonna be over there for a little while we're gonna be there for 30 minutes we'll be doing promo we'll be doing cut ins live from that location as well.

13:59

Right and that promises to be a great event too. And then we close jungle weekend by so we have a brunch tomorrow at Cabo. And then we close it tomorrow night at South Beach with DJ Roland Belmar is with another with another dance party. Speaking

14:15

of DJs What do you all have in the house here tonight?

14:17

Oh, we have we have the best. Mani Lima who is probably the top gay DJ in America right now. Certainly the most in demand. He played the opening party at the White Party in Palm Springs last night and was kind enough to reserve a Saturday night for us. Well,

14:32

that's great. That's great.

14:34

Oh, you haven't? I haven't looked around for it before we started talking. Well, I

14:38

was outside checking out these fabulous looking guys.

14:44

 Dancer disappeared.

 14:45  
Well, you know, you know when we do live shows we gotta get dance.

 14:50  
And unfortunately, Jimmy's not here to enjoy it. We're seeing if you come here down here to this. We're situated right next to the restroom. So we're watching him coming and going Uh,

 15:00  
coming and going from the restrooms you know, I picked this location purposely for the restrooms. Boy was

 15:05  
already teased about the fact he's got the tea room already set up for Roy bless

 15:09  
his little heart Well, Michael, I really appreciate you coming in tonight. I know you're a busy man and we're gonna let you get back to work. Okay, but we appreciate you allowing us to come out tonight. This is a great event and we look forward to working with you guys in the future.

 15:26  
Okay, great. Well, we appreciate you guys being here and helping us promote a very worthy cause.

 15:31  
Thanks a lot for your well thank you for this on for the community. All right, we are still here. This is after hours. We're ready with attitude. United mentioned this is I'm Chris Harris, and I'll be your producer for tonight. We got Otis on the board here for us. Helping us on this remote. Give him his props. He loves a good ego stroke. We're coming to you live from the Verizon theater. This is jungle 12 tribal heat. Jimmy Carper is missing out on 1000s of half naked men around here. And so we're we're gonna try we're gonna do our best here without Jimmy we're gonna offer the boys until a reasonable orient talk about why they're here for this event. Is it just the dancing or is it for helping out a good cause? For those of you who are gonna be tuning

in for the transgendered segment tonight? Unfortunately, due to the remote restrictions we have Vanessa Edwards will not be on this evening. But she will be here the first Saturday second half. So she'll be here on the western normally the after hours news and views magazine segment. And so listen for her there. Should we give you a wrap up of the lobbying day events that are gonna be happening here at the end of April. So let's so Okay, you guys, we're gonna start talking now doesn't we don't have the first house there. Okay, we're gonna have you go over there that Mike. You go over to that mic. We're gonna go ahead

16:57

and stand up, Mike. We've got to

16:59

talk Roy, he's gonna stand. So if you guys checked out the place here so far. Say hi, Roy. Oh, well, we don't want to listen to him already. So he doesn't have to listen to us. What happened?

17:13

What happened? I liked it.

17:16

We don't know what happened. Okay.

17:18

Are we getting as Michael talking? Here, he

17:20

can talk on my microphone. Hi, big Roy. How are you doing?

17:25

Anyway, I can get away with it.

17:28

Is this microphone work? There's your own mic. Oh my god, you need to get off my mic. Oh. I'm gonna get off Mike's mic. And while y'all are sitting here, I'm gonna go find some good looking guys

17:43

you guys, you guys did a walkthrough here. I mean, it's crazy over here. We're just give you an idea of where we're at and all that we've got. The theater section here has got a large stand for stage. We've got some flag performers going on. You can hear Michael's microphone picking up inside of the crowd there is absolutely just a thing the coming out of there. I walked into the dance floor and I I think my heartbeat changed rhythm Yamuna.

18:10

I'm gonna lose so much going on in

18:12

there too. All over the place. Oh, I'm gonna go

18:13

into the party so y'all can actually hear Yeah, I'm gonna go in right now if I can find a way in here. I mean, the crowds are just unbelievable. And we're going in is pretty packed in there. I can't even see It's so foggy.

18:32

They've got the smokers here at the lasers. So what do you got? I mean, you guys check it out there. I mean, I

18:38

like what I've seen.

18:42

I mean, we've got we've got a packed crowd here. So

18:48

yeah, they will head out. There was a lot to like it a lot to see that is for sure. A lot of fun. So

18:58

we're having so much fun trying to stretch here without without us here. Yeah, guys, just shout out who all's here we introduce themselves? Yeah, go ahead. Let's do that.

19:11

Kendrick, Matt. is Devon Kelvin.

19:18

Closer here, come over here closer. We run our own person dressed in the jungle attire. Hi. Are you doing on Joseph? Yeah, Jim barely gonna hate this Joseph came in into the half naked jungle attire so he's gonna miss out on that.

19:34

Yeah, okay.

19:37

Just want to hop in. You

19:39

know, guys, they got food up here. This is just fabulous. Y'all should come to the VIP area. I'm starving. There's so much stuff here.

19:47

We're gonna have to hurt you for that. Actually. I'm traveling right

19:51

now to the Verizon hallways and if you ask Otis, these things are just pure heck to go through, but I'm working my way to the VA IPS dressing rooms that's where I'm headed right now because that's where the real guys are the VIP undressing rooms, the undressing room, so I will come back to y'all in a moment as soon as I get there. Okay.

20:11

We're gonna Okay, so well headboard has more people here to talk to talk to the microphone,

but they're all staring at each other. Half nakedness here so we're gonna figure out what we're gonna do. Hey, I

20:24

got somebody we hold. Good. Michael's

20:26

got somebody. Are you?

20:27

Are you Hulu Hulu Hulu Hulu Hulu? Yes.

20:32

Michael

20:39

All right. You are listening to after hours Queer radio with attitude. We're coming to you live from Jungle 12 tribal he were at the Verizon theater in downtown Houston. Tickets, the space is still available. You want to come down here to \$5 at the door and that all goes to various age charities as part of the Bayou City boys club. Hey, Chris. Yes,

21:00

I as I was working my way to the undressing rooms I ran across Danny he's with the BCBC as well. And I'm gonna if y'all got a moment, I'm going to ask him a few questions and tell us about Whoa, now those girls are hot. But anyway. If you're obviously I'm in the I'm in the dressing room VIP areas. Okay, so Danny told me a little bit about the organization and what what chord and everything.

21:23

We are a nonprofit 5013 c organization we support local aids charities. All the money generated from ticket sales from tonight's event will go directly to local aids charities.

21:34

Okay, now we went over a lot of that with Michael earlier when we had him on. I want to know a

little bit more about what goes into this event. What time did y'all get it here at the venue this morning? About

21:43

8am And we've been planning this event for about six months and it all goes into tonight's event. Work.

21:51

Can y'all hear me okay? Hello.

21:58

Yeah, Michael. Okay. I'm

22:00

just making sure that I'm still here because yeah, reception is bad. Okay. Yeah,

22:03

we started getting static or and we're looking at that and so I didn't have my headphones on. Okay, now we're still broadcasting as far as we know. Okey dokey.

22:09

Okay, so we know that six months of planning went into this event. How long is it going to take y'all to clean it up and get out of here

22:15

tonight? Believe it or not, we can clean this place up in about two hours. Two hours. Really? How

22:20

many people are y'all expecting? About between 13 and 1500 tonight? Wow, that is amazing. And the dance floor is already full. So that I noticed the dance floors just has all the jungle vines and everything. Where did y'all get that stuff? Is it actually real or what it's

22:35

real. With most of its rented a lot of it's donated. The name jungle we started this party 12 years ago, and we rented a plant warehouse. It looked like a jungle in there. So we called a jungle and every year we've continued to theme, that's

22:47

great. That's great. Danny, thanks very much for taking time out of your busy schedule.

22:51

Thanks a lot.

22:52

Bye bye back on there

22:56

they kick it back to us Yeah, Okay, we're back here. We're down here at the travel rally we've got we're gonna kind of do some more roundtable sort of stuff there. Yeah, Michael's upstairs getting trying to find someone else to talk to Yeah. Okay guys, let's

23:13

do your news review stuff.

23:14

Yeah, well I mean let's I was we want to do the roundtable stuff here for a little later as well but let's let's let's talk about we've got the event going on here. This is Easter time we've got a lot of big events happening at this time of year we've got all this the the party The party going on here we have events coming up tomorrow with it we're gonna be taking part of that as well. Let's let's This is a poster so you can able to hear me so

23:50

let's go on somebody somebody somebody else talk here. Okay. Okay, come up with a topic let's let's start throwing some stuff around here because I don't have

24:03

I ran out of Oh, we got to talk about the feature here. That was number 12. Yeah. I was out there earlier on Jays for checking stuff out. Man A lot of people are dancing like crazy. Lasers out there and crystal ball going on. We got smoke all around the dance floor. And one thing is they're saying come out. It's no smoking in here. And we got people smoking on the dance floor and so I think they might ask you to leave

24:33

their smoking areas outside. There's a lot of a lot of smoke which is coming through here is this fog machines.

24:39

And I don't mean to promote smoking, but there is too much smoke around here anyway. What is the big deal? If you smoke you smoke but you know you're gonna take this you just getting thrown out, you know? Yeah. So actually, I'm right here with Paul Strickland. How are you Paul?

24:53

Just having a great time.

24:54

Everybody knows Paul is a very good photographer and our best friends of the radio stations. Show. Here we are right here.

25:03

He's dragging the bush. We've got here all live wired and ready to go

25:06

live wired to where to go. How many pitches have you taken? Oh, only about 60. So far, I gotta save some for later stays on there for later. What else are you saving for later

25:16

on, we're not going to talk about on air. There isn't much Paul left to say this, but the floors full and the bodies are hot. The music is lively. So we got to keep going. Keep going. And I gotta go find my editor. He's out in the middle of that somewhere. Okay, we'll

25:34

get back to y'all guys. All right. Let's

25:43

jump in the last part. Let's let's pull out the paper from Isaiah. Let's go to some of the favorites some of the news of the day. Guys so we can get in. First of all, the new OutSmart has come out here. And one thing one thing I look at later with the OutSmart magazine is there is a 3d glasses in the middle. It works for some people doesn't work for others. Now they don't work. All depends on your eyesight there. But a lot of the 3d effects in there really comes out pretty great on that. So check out in your local areas where you normally do. Jimmy really gonna be disappointed. We've got a half naked Joseph on his knees here.

26:24

That's exciting.

26:27

But a che. Okay, so Kendrick, you had something in the producers that you want to talk about? Yeah,

26:33

since of course, you know, before I came to Houston, I was living in Oklahoma. So it's kind of funny. I was reading this right here and one of the local papers here. Oklahoma officials forced to issue the birth record for baby with two fathers. Basically, what they did was what they're in the state of Oklahoma, they finally started issuing, I mean, as of Monday, you know, they started issuing birth certificates to same gender couples in that state, which is like a miracle. Yeah. One time about Oklahoma.

27:10

The simple fact that we're seeing a lot of these laws having to change where people are being forced to be coming into this century now. We've got that we've got the gay marriage debate of who's going to be issuing marriage certificates, changing personalities for the transgender community. A lot of these legal documents that we always had set in stone, suddenly, we're gonna have to change how they're operated and how they're looking at some time to come. Here is an interesting political story. We've got a cross dressing candidate here in Houston, Texas. A Republican candidate for a seat in the Texas House of Representatives is facing down accusations of cross dressing. Apparently, right before his election, some pictures surfaced of him wearing women's attire. And he's trying to downplay that as a apologize for any embarrassment caused to supporters by my opponents disclosure of a small part of my

personal past. So basically, he's not he's not too happy that he's going on his Sunday frock, for his Christmas, Easter dress, going out being found on there. Allen, his political campaign, because I guess is a little too much visit with being a Republican. Here in Texas. We love our cross dressing Republicans. Cover Crop, nonprofit, but there's one council person in Tennessee, who's getting ready to do a transgendered crossover. Oh, really?

 28:50

A transgender member, the counselor. I'm moving this year a little back so we can

 28:57

get this time you can talk, we often worry that you're talking too loud into the microphone. There's enough ambient noise to take care of your breathing. This is one council person. I believe it's his tendency or possibly here in Texas somewhere who wants to go in for a sec state.

 29:17

Which I think is pretty interesting. Chris and I finally had the man of our dreams.

 29:25

It's a reverse. It's a reverse Jason's Deli sandwich. We got a little bit of meat between big between two big slices of white bread to dark meat. So all right, Can y'all hear me over there? I know damn. And I got to live Okay. Houston, psychotherapists are offering a free series of classes on relationship skills at Houston's GLBT community center. The series entitled back on track relationship success skills will offer participants the opportunity to learn and expand their current relationship. capabilities and who's running? It's at the Houston GLBT. Center and what's

 30:06

their operation or

 30:08

see all classes are gonna be held on Tuesday evenings at this community center, which is a 3400 Montrose suite. 207, second floor from seven to 830. They're free of charge, but they do ask for donations to the center. For more information, you can call Lisa Juana mocker. She has a master's in education and education and a couple other initials after her name that says 713-463-9449. You know, we talked about relations. We've been talking so much here lately about gay marriage. But you know, we don't talk about the relationships we start up beforehand. And how we have to go through that phase. I mean, we keep talking about jumping into marriage,

but how do we get a how do we get a relationship starting to work in our community? We, some of the people here been in and out of relationships, be you, me? If you always pick straight guys, that's your fault.

31:09

I get in do something get out and you get back in later. But

31:12

we're not talking about prison. We're talking about relationships that to you have you had any, I'm just an in and out individual relationships.

31:24

One, four years, one for two years, a little bit closer to the relationship love. Fletcher is what four years went for about two years. Now,

31:34

is this something you were looking for? When it was we were looking to start a four year relationship or was just the one nightstand that wouldn't go away.

31:44

We kind of just slowly fell in love, or she loved me right off, but I slowly fell in love him. And it wasn't until some people made him hurt. I mean, made him feel bad. And I just realized that I didn't love them. And we started dating after that. And

31:57

that's the thing about real relationships, whether they're gay or straight. They're not something that you go out and do there's something, it's something that actually happened. And it evolved into something like that. It's not something that you start off day one saying, Okay, we're gonna relate.

32:17

Yeah, it's something you work on. Or you don't even say

32:20

we have to work on it. In the beginning, you have to work on it. And it's not going to it's not going to be one

 32:27

Oh, nobody's perfectly in the same relationship. But I

 32:30

don't think my personal opinion, I mean, I've only ever been in one, I've gone I was in one relationship. And I think it's more of a working experience. It's an it's an organic experience. It's just basically you throw together a couple of people and see what develops, it's not something you can you can't force somebody, you can. Yeah, you can't. I mean, that part. I do know. Yeah, you can't force somebody to be interested to someone who's in a relationship. But if it's there, if the spark if the chemistry is there, then yes, it can happen. If the fact that you're not gonna be able to push something, and say, We're gonna be together, that's not going to happen.

 33:10

Well, yeah, well, that's why it takes two and a relationship instead of, you know, one. I mean, especially even though, you know, even if it starts out a, you know, like a friend of mine once said about his current relationship, a one night stand, that wouldn't go away. You know, it's still, you know, it still takes both parties, you know, mutually trying to, you know, make, you know, or should I say, you know, continuously to foster that you participated to grow? Yeah, you're gonna

 33:39

have your troubles in relationship. And also in relationship. There's always one who loves more than the Yeah.

 33:48

And there's also one, if you complement each other, whether it's gay or straight, you complement each other. Yeah, in a relationship, one is stronger than the other. One is stronger, and all thing. One is stronger in something. And one was more than the giver. It's always like that. I don't know why. But yeah,

 34:10

I was gonna say every relationship is perfect. And that means one of the people that's involved in is just giving up and letting the other person have every part of the way that they want to do, which is no relationship at all. Yeah, that's not at all you're just a servant to someone else. And

34:23

one of the worst things to feel is that if you're the dominant one in the relationship, and all of a sudden, you've discovered that the first that's with you, doesn't really want to be with you. With you, because yeah, because of economic or some other reason, hasn't really

34:42

willing to have that's not right. If I found out someone's wanted me, just because I needed a place to stay. I feel like hey, you don't need to, you don't need to do this stuff for me. You know, just let me know and bam, I'll tell you it'll change you know, the situation will change you know, you won't get free rides but

34:58

as long as there's Honestly from the MSE Oh,

35:02

and it said, Let there be light.

35:07

But it's somebody hit a light switch. And there was my do that for us. We were in the dark, and now we're done. I can see the lives. There's also an article on relationships, keeping it together in this week's Texas triangle. You know, the simple fact of relationships are something you don't work at, it just happens. You got to go with the flow with it. And if you're gonna, if it's something that's meant to be, it will be as long as there's honesty, you know, that's, that's the important thing. As long as there's honesty, anything can happen in the relationship you can it can be a strict monogamous. It can be a thing can be an open relationship. It could be multiple people, whatever it happens, as long as everybody knows the rules and knows what's happening and is honest about it from the start.

36:04

That's all good. And of course playing safe.

36:07

Safe, sane, consensual. All the good stuff on trying to find your the next little part. One thing is interesting here we've got you know, we talked about Queer Eye for the Straight Guy.

 36:21  
Yes,

 36:22  
there is a sequel, a spin off coming off of Queer Eye for the Straight Guy. Oh, it's Jobson. Get ready for Queer Eye for the street woman. They are going to it's going to be based out of Los Angeles. I don't know if it's the Fab Five or another group of people, but they're going to be helping straight women get their act together now, isn't

 36:44  
it in the judge speaking of the Fab Five wasn't in there that the Fab Five. One of them was coming to Houston?

 36:51  
Java, Jay, Jay Rodriguez is gonna be here during some of the pride events, right events? Yes. J is the culture culture this June? Yeah, that's what the pride events. June June 12, I

 37:01  
think is our 28th Well,

 37:03  
he made me here before then I'm gonna look up one of the papers.

 37:06  
This isn't about and landing. June 12. I believe I read it in the not triangle the voice there was a few taxes or OutSmart

 37:17  
Yeah, unfortunately, I'll

 37:18  
have that. We don't have either, I don't believe

 37:21

but a lot of events are coming up here with the Friday event. You're listening to after hours Queer radio with attitude. And we're coming to you live from Jungle 12 tribal heat at the Verizon theater. We're here with 13 1500 guys who were and some women there are some ladies out here. I think they're I think it's for the straight boys the guide. The guide is like what I see read the boys are half naked. A lot of them. It's not trying to catch them on the rebound. It's jumble a tire and very little attire at that.

 37:53

Yes. Going somewhere since ot

 37:55

cancer since ot can't hear what we're saying. I'm gonna say I wouldn't mind swinging a couple of lines. I'd know that. I guess I'll pet the monkey. Monkey. We've got a lot of people down here. If you still want to come out there's plenty of space available at the Verizon theater. In the bayou place area. We're right next to hard rock. Tickets are available. They're gonna be here till four o'clock and the party is gonna move over to a another location for after hours all day all morning long.

 38:27

Sounds fun.

 38:29

So we're losing our Joseph. Oh, he's still he's dragging him. Stealing my boyfriend. Oh, she's

 38:38

going for a walk. He's

 38:39

not your boyfriend. He's not straight. Oh,

 38:42

I'm sorry. We're going upstairs. We got to find somebody to interview and stuff. All

38:47

right. Take the eye candy there as a way to drag him in.

38:51

Yeah, I've got somebody to escort me

38:55

out. He's not an escort. He does it for free. So someone's got the boys. They're always playing around with the triangle who's got the boys information? We find him. Okay, man. What do you got?

39:12

Later claims he has the best record on gay issues.

39:16

Ralph Nader, everyone's favorite third party candidate. Yes, he is is everyone. Everyone's so afraid of how he's going to ruin the vote for in the upcoming election there as a spoiler so they thought he was in the 2000 election when national spoiler was Jeb Bush? Not Nader with his funny accounting system?

39:41

Yeah, well, Chris, I mean, he didn't release his vote last time.

39:46

Well, it doesn't matter. Really. Releasing a candidate's vote even though people vote for him. Okay. The candidate really doesn't own them. Because even like when it comes down to the at the demo kradic and the Republican National Conventions. Republican doesn't really matter this year because there's other people who ran but they didn't really go for, like the states like Howard Dean where he had one you have electoral votes. His kids, people aren't required to vote for who they want to. Basically when it comes down to it the way politics works is, you know, the dean, the Dean supporters in that state are supposed to elect send people to the conference to the convention to vote the way they were voted or told to vote. But they're not under any obligation to and who are we looking at?

40:38

We're looking at silica eyecandy we've got we've got too many half naked men are out here we have some

40:50

flustered like crazy over here.

40:52

Hey, it's just fine up in here. I'm fine.

40:56

I look around is just fine. I should have taken Matt seat where has a better view of everybody. Chris? I have just seen a woman that would make you look slim. We don't make fat jokes. Big Roy. And Chris, you had a chance to take my seat, but you didn't do it? I know. I know. I guess what, if I still want to take that seat? I will because you'll either move or become a statistic. Ah, since we were discussing smoking a little bit earlier here, there's a seminar that's there. Some of the activists are upset about the targeting of the gay community for smoking. You know, it's one of the we, we fight, we burn through all the acts and they talk about how they target towards children, how they're targeted towards minority communities. Well, there's a big ad campaigns have been going out for the Queer dollar. So we've we've had an anti smoking campaign by another event at the Houston GLBT community center, and it's called kick the bucks. And after they get done with that, then they're gonna find then they're gonna say, We got to get people to stop targeting the gay community with all this alcoholic beverages. You know, it says some people who are so politically spin on everything that the oh one kid enjoyed life, unless you are so straight laced sitting at home right now, first of all, let's let's say from the fact that this is the this is word coming from Roy who is a smoker. And let's face it, that's the only way you're gonna get too stuck on the fact is not quite. I do have much better luck than that. So it's called the home loan. Now here's the thing. This is the the head of the community center. Okay, Mike, if you can hear us Chris is here. He's looking for you. That's fabulous. Tell him

42:48

to stay right there. We're on our way back down to late. He's

42:50

on his way. Okay. Well,

42:51

I'm on this air. I guess I'll catch you. Yeah, I'm looking for somebody to talk to you. I just, there's so many people. I'm trying to figure out which one will bring us the, just the most laughs Oh, I'm sitting up here. And I was looking over the edge into the dance floor. Oh my gosh, there's so many people it looks it's if anybody's ever been to like South Beach or riches or something it take about seven to eight of those dance floors. Pile them all together and throw in about, I don't know about 1000 extra people with no shirts or clothes on. It's great. No shirts or clothes. And they got some really good food up here. What are we doing down here?

 43:33

Well, now he's talking about the dance for he's oh, we're looking at it from the VIP rooms. Yeah,

 43:36

I'm looking. I'm not talking about the boot up in the VIP. I'm talking about as I'm looking onto the dance floor that that's the best part. Oh,

 43:43

I know that. The eye candy in the buffet, the buffet line that is the dance floor.

 43:47

This is the last time I did it around here. Well, you know, and I'm seeing I'm seeing these days too. So I'm looking, I'm looking really hard. I lost my escort. Okay, I got it. I got him back. They've got some really nice artwork and stuff up here on display. I guess they're gonna auction it off later on this evening, too. So it's not all about just party. And I mean, there's a lot of organizations that are actually benefiting from tonight's it's actually a silent auction and the closing bids at two o'clock. All proceeds from the silent auction benefit the Center for AIDS, and that is that's a good organization. They're one of our CO partners for an event that KPFT and after hours is doing for gay pride. Y'all, y'all guys have fun down there. And when I find something interesting, I'll get back to the home.

 44:42

Yeah, the event that we're talking about the anti smoking event, the Houston GLBT community center, this this Wednesday, seven to 9pm and it's called kick the button, get a date. And now it was struck was my water okay, whatever. Roy drums no mine was down there. Shane McShane who is a smoker is the one who actually named the event. So you know there's non smokers don't like dating smoker we've got a bunch of smokers in here. And thankfully unlike our last remote here we're not in the footwear and a non smoking section so I can continue to read. But Jimmy Jimmy loved the old 50 style we're Oh, to kick off the the face for radio tour that we did, because everybody could smoke during the show and it was like we had our own

fog machine up there. Nice Parker is going to be at the event here apparently. But Judy Terry, president of smoker Free America is concerned for persons who work in facilities where smoking is allowed secondhand smoke and have health issues

46:01

I was showing the recruits

46:04

so we've got a smoking non smoking event at the community center at 30 Corridor Montrose suite 2072 All right, what's that come on? Someone else be somebody

46:20

else be telling your commanding? Yeah,

46:24

so we just looked dead air as a show it's not a concept for this program. We need something else we know

46:34

the military recruits that we had over here on a greens

46:38

I picked the wrong seat.

46:43

I was looking at the ones in the camouflage look for him by the jungle one

46:48

One of the classics. I don't think this is a classic

51:45

i think i think is more of the Moulin Rouge version. Yeah, but

51:49

it's one of the classic gay versions. It's

51:51

the new remake.

51:52

I have seen him before.

51:56

You know, just because I stopped talking to anyone on my organist relative right you know, the, the music you're hearing in the background is DJ Manny Lehmann, one of the top DJs for our community around the country just got through doing White Party and came down here to take care of us in Houston

52:21

52:26

Following unfortunately, they didn't include his resume in here but I do remember saying earlier on some of the other events he's been to and he's come to us live from New York. He says he's here. We live from New York was Janet Jackson tonight with no tape delay in case you had a malfunction, wardrobe malfunction and you know what there's not enough wardrobe here to malfunction I know that right?
