But hey, what do you do you come out here for the for the partying the dancing the half naked boys, the charity or just all the above? Alpha for our charity is right. Where to help people. Very nice. Chris Harrison 04:19

Well, we would love to build all of our microphones have these nasty little cords on them and you're gonna win with a wireless so unfortunately, you're the one who gets to go out there and cruise them the size I'm not sure I'm not sure if we got the guys out here. We're gonna be able

to cruise in here. I'm surprised with the number we're getting coming over here talking to us. Now Devin, you didn't have a day were afraid to ask. I'm afraid to see what you were trying to set me up with.

He was so tone you know you can bounce a quarter while he's standing up.

c Chris Harrison 04:58

I doubt that If

05:03

I were Francisco go, I don't know who these guys that have just made. They're so comfortable in a tea room. We'll be right back. He's

c Chris Harrison 05:09

with the show. Okay, he's the eye candy from before. Oh,

05:13

so we got I get easter egg candy that just won't leave. I

05:16

know that right? Well, the ostrich feathers.

05:19

I'm sitting here watching these. These performers go by and just pretty interesting.

05:26

Flag dances.

c Chris Harrison 05:30

Yeah, I'm here. Yeah. ostrich feathers all over the place there. It almost looks like they're, I hate to say it looks like the real fancy feather dusters. These guys are wearing strategically located

to buy. It looks like the year, like, feather dusters. These guys are wearing strategically located, you know, their ostrich feathers galore. It just makes you want to go pluck

05:43

them. You know, I went to the dollar store the other day to find a feather duster and couldn't find one at all. So I guess there's nowhere that

05:50

you know, other down the dead for jerseys. Really hot though looking. flagged down says that. I wish we could get in here. You know,

05:59

Roy, you're preaching to the choir because I was just out there. They're gorgeous. But they're busy. I can't get them right now. They got like, they're surrounded by bodyguards or something. And

06:07

I know why to keep me away. That's what it is. I can't blame

06:11

they're doing it to keep you away. You know what? This guy here is gonna be a producer one day he just keeps going and bringing these

Chris Harrison 06:18

games dragon we've got. We've got the awesome.

06:21

We got the boys coming in. Here

06:23

we go.

Chris Harrison 06:24

CHRIS HARRISON 00.24

Yes.

06:25

Hi. Can you hear? Can I plug your feathers?

Chris Harrison 06:30

Alright, come on in here. We've got Oh, Mike, what's your what's your name? And where are you from? Andy from Houston. Andy from Houston. And this is your first jungle event? Know? How many of you been to five? Five. We're working. We're up down to five we're finally gonna fit. You're the you're the one who's been the most events we've talked to here tonight. I guess since you got the official shirt you was at the fancy ones that are talking about the All right, yeah. That's it. Okay, what's your name?

07:31

My name is Ryan. Pan. I

Chris Harrison 07:33

guess you're with a group here with advice to the voiceless. Yes, I'm

07:36

a member of BCBC. How many years you've been with the group. I'm actually an associate member. So I've just become a part of the group within the past year. But we've been working hard. And we're so proud of the events that I mean,

Chris Harrison 07:48

it's a great event there. I mean, the amount of people just flowing through here. Knowing what they're doing, going out for the breaks, not taking a little bit of rest from all the events. It's literally a great crowd out here. And the great thing is it's all for charity. It's all for us all going to good colleges here in Houston. That's

08:04

08:04

right. Everybody's having a great time. But we're so proud to support our beneficiaries this year. And it's looking like it's definitely the most accessible jungle ever. We're so excited. Just thank everybody for being here. Very good. Thank

c

Chris Harrison 08:16

you. All right, we've got another guy here in ostrich feathers. What's your name? Where you from? Justin from Houston. Is this your first jungle event? Actually my third? Your third one? How are you enjoying the night so far? It's pretty good. It's been fun. Now like I've been asking, Where are you coming here for? Is it for the dancing? The partying the half naked boys? Or is it just as at the charity work or all the above?

o

08:39

Or at least the charity work and just hanging out with friends? That's that's

c

Chris Harrison 08:43

good. So now you're gonna make they're gonna last year till 4am And then after hours are you going to be through you're gonna be out of it or before them?

o

08:50

A little bit of the hours and then nothing.

c

Chris Harrison 08:54

Okay. Thank you for coming. We love the outfits. We we were teasing about the fact that you know, that's why we kept the feather dusters while these ostrich feathers around. Where do you get these many feathers from?

o

09:07

Actually this was given to me from a friend of ours and then we just took the pieces apart and made up it's out of \$5,000 worth of feathers.

c

Chris Harrison 09:18

And it was funny we had some guy here earlier that took a bath mat and cut it up and it was a very beautiful outfit actually. It was it was a very shaggy it almost felt like sheepskin that he's walking around here. He's got like mops and bikinis that he's that he made out of a bath mat and I fell underneath it. I felt the rubber coating it really was a bathmat he was using. Very

cool, very ingenious group out here. The dollar store. Holy go to the dollar store. Yes. Well thank you all for coming out and make sure you get some bumper stickers there. I keep seeing Francisco pop in and out around here. Franziska so we are we are coming to you live from Jungle. jungles well here at tribal heat.

10:12

Indeed we are and Oh, my goodness, you know, all these guys that are around here or they all say that they're here for the charity.

Chris Harrison 10:24

I really I really we're talking about you can go out to any one of the nightclubs. Okay. And you can find a lot of the guys out there half naked. And you know, they cover charge is less than what you have here. The fact that you're coming here for a charitable event, I think that's what a lot of people actually are here for. It's part of the circuit team. Yes. Yeah. I will say that you get a lot of people who may get the draw on your, because it's a circuit event. But I think you also get the people who are genuinely looking at us and they're doing something for their community. And you know

10:56

what, Chris, contrary to what popular belief is about target parties, here it is. It is now 135 136 In the morning, and most of these guys are still pretty. They're not sloppy. You know, you know, this is all told, you know, the second part is, it says a big old drunken mess. And I had all my help homes built up.

Chris Harrison 11:19

Ya know, everyone's everyone's behaving themselves. Everything's great. I sent a lot of people carrying bottles of water. I know I'd love to have the bottle of water concession you

11:27

know? What crazy I was hoping that everybody be sloppy drunk that way. I can get my caffeine. But no, everybody's everybody's stoned sober. You know, like maybe a little buzz but that's by no

Chris Harrison 11:43

I remember we're just having a good time. It's love you here so we got Francisco Sanchez is out work in the crowd. I guess he's trying to bring in his his guests for his segment. He's

11:53

gonna just just recruit right here on the in the lobby. I'm gonna I'm gonna recruit right now. I see a guy just standing all by himself over here.

12:03

You'll see this over here. Yes, I see him. What's your name? Ryan.

12:06

His name is Brian. Are you by yourself tonight? No, my friends are saying Oh, are they outside smoking a cigarette? No. Just getting money. They're getting money. They're getting money. Well, so is this your first jungle? Actually? Yeah, it is. It is. And do you like it so far? Yeah. Are you from Houston, Sam? Oh, cool. Cool. Cool. He's from Houston. It says it's your first jungle.

12:28

Yeah. Well, I just came back to Houston. I was in college for a while.

12:33

So where do you go to college? Texas a&m. Bless his heart. He went to Texas a&m I work at Jr's oh you work he Jr's he works at Jr's guys y'all aren't even listening to me over there? They're not even listening they don't care well well we got some kind of feedback there I just I just heard like a just a gush of air come on we anyway we got Brian here he works at Jr's okay he's a he's a barber he's a he bare backs I mean he barbacks

Chris Harrison 13:07

Michael what

13:09

always

13:10

section I now have a legitimate reason to go to Jr. He always

13:14

uses protection just so is this he's standing by nothing by God. Somebody tore somebody used her teeth

c

Chris Harrison 13:20

to break into the to break into the safe sex back. Somebody

o

13:24

used their teeth on this one. So

c

Chris Harrison 13:27

sunlight as I'm going out there is having some fun out. Okay, so we've we've got Michael out there trying to bring in more people to talk to here. We're waiting for the Francisco Sanchez come in for the Latino segment here. On after hours. We are coming to you live from junglefowl tribal heat at the Verizon theater 520 Texas Avenue downtown. They're going to be going here until 4am. They're still playing by Fisher you come in and enjoy the party and wipe your chin darlin you're drooling. And we will be here to for him as well. We'll be here till 4am. And we're going to be bringing you as much of the people the flavor of this event as we can.

o

14:14

And I do want to let our listeners know that due to us being live down here at the Verizon theater. Dean Becker will not be heard tonight. Because of technical situations. We will not be able to work. Yeah. And

c

Chris Harrison 14:29

Dean. Dean was kind of glad to get the get the evening off there he was. I'm sure he was we talked in there. And also for those who were trying to listen in earlier for the transgender segment. Vanessa will be on the first Saturday of next month. The second half will be on during the news views magazine segment. So listen for that show breathing. You're doing a wrap up of the lobbying event. And there's a young man walking over here with leopard stripe. Wrap around His

o

15:00

Oh my goodness. Oh my goodness thing. Where's

c

Chris Harrison 15:05

Michael when he can go capture that boy. We are still waiting here Francisco Sanchez will be in

the way in the, in our little side area here to do his segment. Hopefully he'll will be here momentarily he went out trying to recruit some of his friends off the dance floor to come in and talk to us. So now Oh, some guy just he forgot to zip up inside. So now he's stepping up outside. All right. I like standing up now I can actually get a better view of everybody. Michael, are you out there? Do you have somebody? Yeah,

15:41

I do. Well, I'm Hello. Can you hear me? I hear you. Okay, well, Mike, I heard you. My little headphones. Keep going out. Soda says I have to keep tuning them. But I just I need batteries. Darling. That might be it. I need some battery. So I'll come over there. Y'all have fun find something until I get back.

16:03

Okay, Michael, are

Chris Harrison 16:04

you there? Okay, apparently we were lost Michael. We've we've lost him in a sea of half nakedness. So you got a look on your face like you are really enjoying yourself? Yeah. Oh, I'm just in heaven. Definitely. I'm in heaven. No, you can't be in heaven. Heaven closed down years ago.

16:25

I burned down. Having burned down.

Chris Harrison 16:31

will go ahead and try and recruit some more people coming in. You may want to wait till they after they come out.

16:35

I'm getting somebody right now. Hey, what's your name? My name is Frederick. I wouldn't really about jumping. Well, we don't want to talk to you. But thanks, anyway. Wow, that was a little not our type. Let's see. I'm recruiting right now. Hey, what's your name? Robert. Robert, is it your first time at jungle? Yes. Are you having fun? I am. Really. What about your friends here? All your good looking friends. Here? They are too. I hope I think they are Yeah. What do you think they are? What? Are you having fun? Oh, you think they're having fun? What's your name? Tony. Tony, listen, you don't have to give me your last name. You don't have to give me your friend's last name. Instead, you're given his friend's name. What's your name?

17:17

My name is David.

17:19

David. Is it your first time at jungle? It is are you having fun? I am having a blast. Are you from Houston originally? from Wisconsin? Did you come all the way to from Wisconsin to go to jungle?

17:30

I came all the way from Pensacola, Florida to come to jungle. Do you know that's that's? That's a long way moss on this stone? No. What? No moss on this stone. Ah, and

17:40

what about your friend here? Is it your first time a jungle?

17:42

No, no, I've been before. I'm Tim Biden. Nice to meet you, Jim. Yeah, this is fine. I've never been to it at Verizon Wireless. But this is a great venue, great music and really cool.

17:54

So what is different about this event versus usually more jungles that you've been

17:59

to then he's ever had in his life.

18:03

And why is he having more fun?

18:06

I said because he's going to have more fun. And

18:09

why is he going to have more fun?

18:13

I guess because I don't normally unbutton my shirt like this. I have tonight so

18:19

cool. Hey, that's a star. You'll have fun. Thanks, guys.

Chris Harrison 18:24

What's your name? Felix. Where you're from? Here's some Houston. So what brings you out?

18:32

Just fine. Just supporting.

Chris Harrison 18:34

Who's your friend? Jimmy? It may vary from Dallas. Oh, my hometown. So Are y'all are you having a good time?

18:45

Quantifying? Yes. Okay.

Chris Harrison 18:49

Let's see. What do you think about it? Are you Why are you here?

18:57

Because of the boys and the music.

Chris Harrison 19:01

supporting a good cause. Hey, I hear you. Yeah, thanks, guys. So hold on. They put me on the

spot here. I don't know what to say. Okay, I didn't realize I was there. I saw Francisco know what all was gonna be going on with the segment here. I know I'm swallowing the mic again. Oh, this is giving me this dirty look. Notice

19:27

always gives everybody dirty looks.

c Chris Harrison 19:32

But now we're just having too good of a time. Unfortunately, I'm not used to holding the mic. I used to sitting in a studio looking through glass and making rude comments to people.

19:41

I'm gonna step outside and see what's outside in the smoking lounge. Because I think all good looking guys smoke and I can't figure it out because I don't smoke it. I think I'm just gorgeous. You are Michael. Oh, y'all quit trying to blow my head up. Here's two guys some military uniforms. So y'all don't ask and don't tell. Hey, what's your first Name Todd. Is it your first time at jungle? Yes. Are you having fun? And we kind of got like this little thing going How long have you I mean, it is your first time. Are you from out of town? Yes. Where are you from? San Antonio. San Antonio. And what about you? Tennessee. He's from Tennessee drive all the way from Tennessee to come to jungle flew. You flew? That is just amazing. You know, Chris, how many people is that so far is anybody keeping count of how many there's more out of towners here than there are Houstonians. So

c Chris Harrison 20:29

no, we've got a lot more than Houstonians who came down to here, but I mean, we've had we're here to what Wisconsin, Tennessee, Florida, PINSA. You're in Texas, we've heard Austin, we've heard San Marcos, you know, this is one of those events. I mean, you gave us one of these things over the circuit parties. And I mean, this is listed as a circuit party event. People all around the country who are going for these sorts of things, if you know, an opportunity to meet new people dance around, have a good time, you know, raise money. You know, we always hear the negative sides about what circuit parties are, but here's something of giving back to the community. And it's just that's the sort of spirit of what you want to talk about what you've got going on here is a lot of people who've coming together and you know, raising money for people hearing Houston is all the proceeds are going to them, you know, talking about a whole bunch you know, you give your money to some organizations and half of it goes to more than half of it goes to you know, paying for employees and all that is a volunteer organization. What comes in goes out to people who need it.

21:31

Okay, you know what, I've got another one from out of town right here in San Diego. His name is [redacted] it's your first time at jungle but it's actually the first time in Texas to it's your first time in

is jay is it your first time at jungle yet is actually the first time in Texas to it's your first time in Texas. He's He's never been to Texas before. I think we've got to show you how Texans really do it. Well, I don't know. I found the queers, but I'm still

21:46

looking for the stairs.

21:48

Y'all hear that? No, I

Chris Harrison 21:50

really I couldn't.

21:50

He said he's found the queers. He's looking for the steers. There's one right there. Looking for the

Chris Harrison 21:57

beef. It's over hair. I'm not shy.

22:04

So tell me what, right what's your name? Chris. Are you from San Diego as well? Houston. You're from Houston. So you're the reason He came from San Diego here. Yesterday. You just met him yesterday. Wow. That's a hookup. So anyway, is what made you come to jungle? What? What brought you to Houston? Was it jungle itself. I've

22:23

got a friend who lives here in Houston. But he's sick so he couldn't be here. But a whole bunch of me and my friends. We just decided to get together here for Houston because it's a hell of a lot cheaper than Jeffrey Sanchar.

22:36

Okay, back to y'all guys over there. If y'all want to see this one, I'll send him over there so y'all can take a gander.

Chris Harrison 22:40

Okay, that'd be nice. We don't mind sharing. Okay, I'll

22:44

send them both over there. Okay, so y'all can gawk. We

Chris Harrison 22:46

love being equal opportunity augers. Okay, bye, guys. Once we get once we get Francisco's posse to come in here, we will be switching over to the Latino segment you're listening to after hours. Queer radio with attitude coming to you from tribal heat. Jungle 12. You're here at 520. In Texas at the Verizon theater, it's via city boys club event. You can check out what was going on here. It's a jungle. Oh boy, I forgot the email. Dra D is BCBC dot inf O and it's jungle. Okay, Jungle houston.com. Here's some information. There are events going on tomorrow and later on this evening with the jungle event we've got coming up after this there's going to be a after hours programming at the Boca bar Mercury room. That's 3:30am to 10am. Featuring DJ Donna Montel of LA. And then to morrow at South Beach, the nightclub 9pm to 4am. It's tribal lust, and the South Beach nightclub is 800 Pacific Street. And it's gonna be DJ Roland, Bella Mars from Los Angeles as well. This is young. Oh, the boys from San Diego have come in. We had to teach you that when you're saying about the beef. Our show prides herself on you know, we're not the kind of people you see on Queer as well. That's why we come here to these shows. So you get to see the people who be Queer spoke in front of here and these boys would be one second. Guys, would we be on Queer spoke all regular show because this is part of what we call our face for radio tour. So it's not the kind of thing but what we do here is a four hour Queer radio program each and every week. We've been doing it for 16 We're going on 16 years now.

24:40

That's pretty impressive. Yeah.

Chris Harrison 24:42

We like coming out here and you know, getting some of the community events because this is you know, this is for charity was good. I mean, all the proceeds are going to eight foundations here in Houston that need the money nowadays for my own heart. Oh, it is how do you want to go deeper into that or? No? No. Okay. We'd love to know you in theater because you've got you've got the tattoo for

25:03

food school.

c

Chris Harrison 25:04

I was in theater. Got a moraine? Oh, hey, we got details on him. Hey, Michael. Michael. We've got all the information we need to find him.

o

25:29

don't know where am I can't Well, my cameras over there.

o

25:34

Trying to fix your mic. What? Are you still trying to fix your mic? Well, yeah, my mic doesn't work often.

c

Chris Harrison 25:40

When he does. The funny the funny thing is is the producer of this show is in San Diego right now. And this is what he's missing out.

o

25:47

Yeah. Oh, Jamie, all the boys from San Diego are

o

25:50

here this weekend. Mimi, I know that went for eight and a half years and there's nothing happening this weekend in San Diego.

c

Chris Harrison 25:57

So poor Jimmy stuck there at a birthday party for

26:00

a friend of his name was Jimmy was our producer name is Jimmy. Oh, his name is Jimmy. Is that your name to

26:08

know your name is Jay. Jay Jay. Jay. Jay. Is that what they used to call you in high school? No, but they call you in high school. Jim. Jim, for you gay in high school. Know what we're gonna soda. Oh, you're from Minnesota originally from Minnesota. So you're like a farm boy. Not really.

26:27

I was more of a rich kid. A rich kid. Interesting. Yeah. Here.

Chris Harrison 26:32

He was at the hat. He lived in the houses in Minnesota. Exactly.

26:35

Not in the barn.

Chris Harrison 26:39

Well, I'm certainly glad you can come out here and join us for y'all being a little bit like this.

26:45

102 just met him yesterday. So doesn't want to come back and see him again.

Chris Harrison 26:52

Let's try it Michael, you're trying to get a hold of guys here and you just met him 30 seconds ago. At least his relationship could be measured in hours again

27:01

in seven weeks in dav davs in Orlando. So you're going to land over dav davs. Are you coming

... seven weeks ... gay, gay, gay ... Chandler: So you're going to leave over gay, gay, gay ... Are you coming back to Houston for our gay pride? When is it? It's in June? Last weekend? Actually. It's the last week of June last weekend is when we have we actually top it all off.

27:14

We have I can't I'll be in my summer semester at school. What do you where do you go school at school of San Diego City College studying business. Business. That's so boring. Are you going to be like an accountant or something?

27:27

What's that? I can't hear you gonna be like an accountant or something? Do I look like a number cruncher? No, you look like you look like more you look like marketing. No more like management management of a nightclub? Well, there's

27:39

preferably a nightclub in a sushi restaurant. Sushi. So you like fish? You win the loosest sense of the word.

27:49

You took our picture a minute ago.

Chris Harrison 27:51

Everyone is

27:54

Thank you. You've been great. Thanks for stopping by. Well, Texas throws one hell of a party.

Chris Harrison 27:59

Thank you. Oh, I'm going to California. I'll turn that boy into a chaser if I can help it.

28:11

I'm gonna find somebody else has not attached.

c

Chris Harrison 28:15

Yeah, that's your problem. You keep getting all the attached boys there. All right, right. What were you trying to say?

o

28:24

Are you gonna go to San Diego now?

c

Chris Harrison 28:28

Well, I keep telling if I win the lotto, I'm doing this trouble Palooza tour all around the country. We're all these guys I talked with online. I can't find any here in Houston.

o

28:37

Chris, I noticed something. Every, every time. Our boss Jimmy is away. And it's like you and me. We have more fun. And today is no exception.

c

Chris Harrison 28:49

Well, we have to liven it up somehow.

o

28:52

I know that right.

c

Chris Harrison 28:56

Okay, well, what we're gonna do now is we're gonna have a head bump for Well, what we're gonna do is we're gonna bring over to Francisco, we're gonna let him do his segment, let him get started up on his part it is it's about two o'clock hour. Because the sooner he gets on, the sooner he can get off and shake his BonBon out there. So

o

29:14

we can always help help you get up. So

c

Chris Harrison 29:16

I'm going to hand off the headphones and let you all to go at it. All right.

29:22

Okay, because it's a ladder here and I didn't have headphones. I have no idea what's been said this entire program.

29:28

But you know, David our, our our bow Phone Guy. You know, David, our phone guy. Did he went and he bought himself what his portable little radios. So he's listening to the whole show. Even though he's here with us. He's been listening to the hotel, and it's like a few seconds delay. Okay, so

29:51

it's, I think everyone that's here dancing is probably in a couple of seconds delay.

30:00

anyways, I don't know. Ever since that Janet Jackson thing everybody in radio was one of the delay which I think is that I could say another word but I can't because

30:16

I'll definitely fun party. It's like the wealthier I think. And 25th year for what I think it was the 25th year for bunnies on Friday which is tomorrow. Yeah, I think there's 12 here for jungle but I don't know why this goes

30:27

on 12 Yes it is. And bunnies on the Bayou is having their silver event

30:37

can't remember I think last year was also here I think of my camera was still the I don't know it was Verizon theater that was like before that I think it was at the Houston polo club before that it was at some other places not in the eyes, but it's definitely been part of the company every year. So I'm enjoying it and then tomorrow in this after this squirrel boys party and Scotty should be showing up in the next little bit tell us a little bit about the squirrel boys party is coming up tomorrow. And that's which has nothing then so that's like from four to 849 and then we expect Oh, I know people that haven't slept since Thursday. So oh my goodness. Yeah, there are a lot of their minds at the moment and they're having a good time.

31:20

Or I can remember my younger days I would do things like that. You know like out there on the Hispanic Islander was busy I think they party for like days on it but the whole weekend paid off.

31:39

Yeah, so that was a spell boys today from like four to eight or nine. So like that, that it picks back and then it's a couple of places private parties, but then picks up again and like three to nine it's out no three denying that. Oh. And then oh, well, buddy starts around noon, yesterday, and money starts around noon. And then there's a party, you know, with three buttons only close to the whole weekend from nine to four. So for those of you that don't have to work on Monday, you should be having a good time this weekend. I've got to be up bright and early. And so that's not going to be very positive. And I

32:10

got to be at work right. Early Sunday morning, though.

32:14

At least you got to get a weekend now. So I don't

32:17

know you know, the I don't know how they're doing but we also have a sound possible one in

32:22

here. It's not here

32:24

yet is it? It's upstairs, you gotta have paintings and stuff like that. And you know, it's a silent auction. Okay, that was handled auction going on. And it's part of the fundraiser for rage and everything. And I think it's really exciting all the different things that are going on. And as I can see out here from my vantage point, here's a setup for a fitness exchange Holiday Inn so leg OutSmart I think South Beach has got a thing up there banner up there as well.

33:08

phenomenal amount of sponsors for for juggle weekend. It's put together by by city boys club. It's been around for several years, for a long, long time. And they've done anything over half a

million dollars to charity since they've been around. Here in our communities. They do a phenomenal job. It's like a huge undertaking. I mean, if you think if you look at the number of volunteer staff, and they don't it is all volunteer that have to put this together. It is just phenomenal. The amount of work that goes into it. I

33:32

think is really phenomenal that diversity boys Bobo as the loudest come in the broadcast live from midnight before tonight. And we add that Ron limousines donated limousine. Bring us on down here. Oh, wonderful. We have a big crew now. Yeah. So rather than having everybody paid for marking and go through all that headache and so I thought it was very, very nice that they did that.

34:05

And it's great to have these events downtown. I mean billboards has always had their little events downtown there after hours events and like to this this one that's going to be at Boca bar Mercury rule, which is a question in May what you just said absolutely phenomenal layout. It's a great place to party and even if you go on a straight night, every night is right and

34:24

since this is a good one to bring up, I saw an advertisement rely on energy and a bunch of other people are doing this Latino music festival where they're gonna be having salsa Baranggay, Colombia.

34:40

All kinds of different all kinds of different music styles when it's it's gonna be

34:50

pick up the use of breath

34:54

as I went around here, and then Cinco de Mayo is coming up in about five weeks or weeks probably a little bit less than wouldn't have made me. So that should be fun. And then I DJ last night who I could whose name I could never remember. I think it TalkBox I think was the part. So this is a DJ from last night and riches from the Tri party. He's also the official DJ for Friday, June at the end of June. So, yes, and you did a good job in Rich's last night for the first time in a long time, which was packed and people that people are having a good time. The DJ, for this Africa Napa this afternoon for the after party is Donna Montel has been here a couple of times before and she does a great job. D Day tomorrow night at South Beach is Roland Del Mar is that

of Los Angeles who just is just an awesome DJ. That party I'm gonna force myself not to go to because if I make it there, I just won't stop until there's more play. He's going after that. And I don't know what'll happen with work. And I probably won't show up. So I think tomorrow about 9pm I'll start to behave. You'll start to behave. Segments over and I'll start to misbehave. So I behaved so far. So we'll say you're misbehaving. I know, I know. I actually went to South Beach earlier, Georgia friends, they are there. And then we made our way over here. Oh, wow. At that point, a hottie.

36:21

I know there's so many, so much eye candy running around here. I was like this Easter candy has arrived early. Love to check out the eggs in those baskets.

36:35

I'm telling you, that Easter bunny.

36:38

I know. That's right. Of course, you know, if there is such a thing as reincarnation, I'd love to come back as athletic supportive facilities.

36:53

The funny thing is also like you get to see a lot of boys, I think a lot of Dallas and Austin boys come to this party. And so it's nice to see friends from other from other parts of Texas that haven't had a chance to see in a while they're just regular faces or just a lot of the circuit parties. And I've actually met a lot of boys over the weekend that are not even from Texas. And so I mean, just the general party continues to grow. But it's certainly a recognized circuit party and one that at least the pros, a large portion of the proceeds to go back to the community and support some of the organizations here they're doing a great job. So

37:24

I'll tell you, what, what are like, Oh, Chris has let me know. I do have we're running late on this. I do have to mention you're listening to.

37:36

To KPFT after hours 90.1. And Chris will give you the official official

Chris Harrison 37:40

you're listening to after hours Queer, without issues on Pacifica radio for the Gulf Coast. KPFT 90.1 FM Houston 89.5 Galveston Bay guys take on the worldwide web at KPFT dot O R G. This is after hours. And as Francisco Sanchez is here with the Hispanic segment, we're coming to you live from general Grove tribal heat.

38:06

He did that all in one breath. I don't believe that.

38:08

That's not all Chris could do in one breath. So that's not all Chris could do in one breath.

38:21

As but I would say there's probably like maybe 5% of the crowd here are girls, I know. Which is awesome, I think, which is probably one of the larger percentages that I've seen for circuit parties. And so it's not that I've taken an official headcount, but it's a fair representation for a second party.

38:36

I really kind of proud of the fact that when we have these kinds of events, how the community comes together, and remember, it really comes through. And we really make a lot of money out of these. When we get a big name celebrity or top celebrity alias type celebrity, they hire to get us any, you know, raise any money, they might raise two or 3000 \$5,000.

39:09

Well, I'm going to show you good \$45 A ticket before and this is raising a good amount of money in Bavaria and only because of a large number of support and the sponsors that are here everyone for the Holiday Inn select to spoil boys and fitness exchange. A lot of the other sponsors that are here really was what helped make this profitable for the for the organizations the overhead to put something like this. It's just out of this world. I mean, I work at the Verizon Theater, which is a huge facility. And not only that a lot of the promotional aspects of this that just takes a lot of administrative costs despite the best efforts from our sponsors. I mean, this event is is if you don't Sitting in and then just leaving one of the clubs and weren't sure if you should come or not, you should really make it over, we'll be going here till at least four o'clock in the morning. I know that you can't, it's \$35 at the door, but it's very worth every penny and then spoil boys, we get to four o'clock at poker bar and Mercury room, which is at Preston in main, parking should be relatively easy. And if you haven't been there, the venue is just, it's awesome, you'll enjoy it. It's nothing like we've seen anywhere in the gay clubs, but it's definitely one of the better bars in the city. I think it was also one of the two official host bars for the NFL Super Bowl.

40:39

And you know, what, really kind of surprises me I mean, we were back into the studio, okay, we have if I'm not on the air, I'm working with the polls, and right in the lobby, and I got this call last week have not been downtown to downtown Houston. Okay. In nearly 1010 years. And for all you listeners out there, if you haven't been to downtown since January, you've got to come down because it has changed entirely. I mean, mainstream go mainstream is just like, so different than what they will you may remember it to be between the rail coming in and a good portion of Main Street blocks off the drive. And downtown, finally become a happening place. Once again.

41:40

It isn't I mean, it's really changed phenomenally. I mean, the rail has had something to do with it. And it's continues to sort of really just be one of the driving forces and revitalizing downtown. But if you look at the way it's changed really over the past year and a half, and the longer that you've seen, you've seen it started to change. But particularly over the past year and a half, everything has finally begun to piece itself together. And you've got something new opening on main street every day, almost or the ballpark is a big part of that. May Park and then the new arena basketball arena that's down there. And I mean, when you when we're building those kinds of facilities, and you're building these stadiums in a It's not about necessarily building athletic facilities, it's part of building the city, and the infrastructure that makes this not only a destination, just have fun, but also it really makes Houston top notch city and people get to enjoy all the aspects. That's very fundamental.

42:32

We're also getting top floor ale is living facilities down here. I mean, email, we got the decoder and other type places that have opened up without the commerce power.

42:49

The Commerce towers is great i i get to go above the first floor. But I I worked downtown now and check out the lobby and and it's just, it's a very beautiful place. They've got a state of the art pool that's upstairs and it's a full service. Residence. I mean, you've got valet parking there.

43:10

I know that, like so many different type of apartment buildings that have opened up in downtown Houston. And these are not your these are not our I call it Romi type places, even real top drawer where they call them love, things of that nature. And just outside of our downtown, we now have major apartment communities opening up whoever would have thought that we would have communities.

43:45

I remember with only two downtown residences where Houston house and 30 2015 main right and now you've got just a whole slew of them.

43:56

In hotels and stuff and the only hotels I remember downtown was the writing you neither one of them. I

44:06

mean, I know that I would recommend that. That's not an endorsement or KPFT or any of those hotels but I don't know that. I would recommend those but we do have the highest level I could say that you voted but that is just a beautiful hotel in the lobby. We have another one of my future ex husband

44:33

several this evening

44:35

as some of the guy Kenny running around here folks. Like I'm going into diabetic Oh, look at the size of that. Oh my. Sorry. I gotta remember. Folks, please bear with me. Sometimes I forget I'm on air and I will just blurt out something that I shouldn't

45:00

Boy, that guy completely lost my

45:01

train of thought, are getting a little distracted at the moment it looked a

45:05

little. It was a big and let me tell you, Oh, he goes, Paul, he brought somebody with somebody. This is

45:14

1 answer 1 edited 1 answer Do you want one word to describe the crowd if you do not have one

I guess I said I guess. Do you want one word to describe the crowd, if you're not here, not here, you shouldn't be here. But I will say definitely beautiful is probably the first adjective that comes to mind. Not only that the mix of people that are here, it's just really great. My dentist is here. And attorney of mine is here. A couple of business associates of mine are here, a couple of co workers are here. I mean, just the age range of the crowd and the type of folks that are here, they're just all just having a good time. And not only out here, having a blast, but also doing so good for the community. Because of the money that BCBC been able to raise, I think for the length of time it's been here, it's raised over half a million dollars, just put it to the bank of our local charities that do a phenomenal job.

46:06

And you know, versus though it really needed, especially with the way the federal government has cut back on funding for aid. We need all the help

46:20

it has in our community just continues to step up to the plate. I mean, I think because this committee was the first it was really hit by HIV and AIDS prices, we're you know, we're we're there to build organizations to serve that community, were able to raise money for it. And I think, as you mentioned, with the cutbacks and federal programs that assist those with HIV and AIDS, we continue to step up to the plate and continue to get more. And I think it's very important to say that because we're doing that it also at a time when you see numbers of HIV, HIV infections that are going on outside our community, not necessarily just the Gay, gay lesbian community, but you see the number of HIV cases and new incidences of HIV in the African American community, in the Hispanic community and in minority communities. And when you begin to see those numbers rise, you also see our convenient kind of community continuing to give at the same level, if not more, to those charities, even though we understand that our community is being affected by that.

47:18

And AIDS is not just a local problem here. I mean, it is an easy one. It's a worldwide problem. And he really needs our attention. For instance, South Africa, one out of five adults in South Africa, one out of five people are positive, HIV positive.

47:42

And you can't imagine the sort of toll that takes on a country. I mean, whenever one in every five people is HIV positive. I mean, just the toll that demonstrate on the healthcare system there on the nation. I mean, I mean, I think our philosophy is changing a little bit of this country and how we deal with that. on an international level, it really isn't. I think it's a national security issue, and that countries in the world that are facing that kind of that kind of threatens our ability of NATO responded in the court, and I think the more we continue to do that, and we're continuing to do that more. I think it's commendable. I don't always agree with things this administration has done. But I think the fact that they've continued to raise the bar a little bit I

think speaks volumes to the level of problem that is it's gonna continue to be these folks deserve it in other countries also deserve those kind of health care responsibly that we try to provide here in our own country. People that are HIV positive Hello, how are you?

49:02

Candy just keeps on coming.

49:04

And I saw Charles we spoken to Charles from him from oil boys yet. Well, boys, I see a Valkyrie a couple times I shouldn't have tried to flag it down but I don't know if he's spoken to him or not. But I don't believe we have to flag him down. On Friday. We just got it up on my Scott's The one who's doing the promotions for all the parties tomorrow. I think all of them except for for buying from the bio so we can get him down here. We will have him tell us a little bit about those parties. But basically, we got squirrel boys coming up after this around four o'clock and poker bar and Mercury room and precedent main from about four to 849. That three o'clock them around noon. So we got everybody's on the Bayou at three o'clock. Goto for that party that's for three to nine and from nine to four at South Beach. They should wrap up the weekend about for a Monday morning. With Rolando Maresa DJ from Los Angeles, Ron Omantel, will be the DJ. This happened this morning at squirrel boy so, and I forget who the DJ is here. But last night C day I talked about his name is also going to be the official DJ for the pipe party. He did a good job. So we're looking forward to that.

50:23

You know, the pride parties really never been able to attend to it, you got to make them on your calendar. Make was on your calendar for the tripod, because that is something else.

50:36

This will be the first year that I'm here for the night Pride Parade. And it's been going on for what, six years? Yeah. Every year since we started having a night parade. I have missed it. And I've missed it because I've been out of town for work. But I've been very fortunate three of those six years I've been in New York, or work. The other time I was in Chicago at the time I was in Dallas. And the other time I was No, you know what? No, four times was six years I've been in New York, right? And it was always false in the same weekend. And let me tell you, their pride parade is out of this world. I see things on the street that I would that I haven't been I didn't say that I haven't seen it. But it's other decadence that I'm Sherman with but Mardi Gras to shame.

51:18

Personally, personally, I would like to see Houston,

51:21

I would like to see that personally. But

51:25

I've noticed that the cities that had to pour out and boys in your pride parade. They have a city that has the more progressive Gay, gay rights and things of that nature. I mean, there's we can only accommodate the head heterosexual community who agreed

51:56

to have to get over it I know that sounds very wrong

52:11

like LA, San Francisco, New York are far more advanced in legal protection for me, gave her the people you know, I think it is a lot in your face. As a Pride Parade in New York, LA and San Francisco are powered, way more

52:41

now the San Francisco Bay would be nice to see I haven't seen that. What I didn't see New York the first time I went is when David my ex was living there. And so we tried to persuade him to gay pride for its mitigate because many of the pride for pride events as we could that week, but we started watching it somewhere on Fifth Avenue. By Central Park, maybe six seven years old the park I forget which but it was right by Central Park. We watched some of the parade we thought we would be able to take the subway go to the end of the parade and catch the tail independence and see the festivities. But we got there we got to the subway and the length of time that took us to get there to the end of the parade route. We still walked about three hours of the parade before it even finished. And then we just went on to something else. We didn't want to watch the rest of it but that pride parade is just huge.

53:32

Here to us and our pride parade lasts for a couple hours or at least two hours and it is one of the largest. It is the second largest grade your Houston I've done only by the holy Thanksgiving Day Parade is much larger than even the rodeo

53:57

it comes generally the major

54:01

This is a major when you hear a pause Roy and I are momentarily distracted by the eye candy here know that right? So many future ex husband so little time.

54:11

I know that right? But it did a major a major event.

54:18

Now this is a this is an event we really didn't get a webcast for

54:27

I'm glad I didn't take my camera I would not have had enough film for everything that I'm seeing here.

54:35

Now I have done my share of circuit parties. I'm not gonna lie to you. But I think this year for the first time in New York, or first time in a long time, there will be no there was the pier 16 Now the pier 16. I think it was pier. The pier party, which kept off Pride week in New York was the was the part was the Circa party there that wrapped up everything and pride in New York and unfortunately this year they won't have it I have for some reason they've canceled it but That was one of the best circuit parties in the country. And there goes Nick, who was supposed to be here, but I can't seem to flag him down. Nick is the I don't know if he's the I think this is he was last year as chair of of PRI committee. And he was supposed to be here promoting this. But I think he's a little distracted at the moment as well. I see him walking out the door with his husband and there goes, Nick. But continue to support pride, I'll just speak on his behalf. He's doing a phenomenal job has in the past, whether he'd been sharing the fundraising efforts, his race, historic numbers for Pride Parade. And to his credit, well, we're talking about circuit parties and just go a couple of pride parades ago when you saw the disco ball in the middle of Westheimer. And Montrose that was sponsored by \$25,000. By Gallery Furniture was Nick's doing it was his idea. And he did that fell swoop raised his hand bucket of money for Pride Parade. And it continues to do opinions to do very well because the creativity of volunteers and people like Nick who dedicated a lot of time to pride parade and making that a successful event that is here in Houston. But back to New York, if you ever been to the pier party, you know, kind of great party it is last year was the last year that they had it and I was fortunate to be there. They had great fireworks and the party was awesome. And so assuming I'll make it back to New York at some point, but right again, I will be here this year, I hope but in the future, I will make it here for pride, the pride parade, and I missed that party was just an awesome party. So that was the first circuit party ever went to. And here we go, Chris is going to do

56:41

something here. Maybe we can figure out how to turn the mic on.

56:47

Oh, come on, Chris. You know how to drive a stick. We are having some technical difficulties here. But yeah, Chris is, I think going to do one of our little live interviews here with one of the cute shirtless boys running around. And I don't assume you can. I don't know folks here. Background music you're not but you'll need to have to speak up first. So I'm like I can hear you. Your microphone might be off. doing live radio is challenge enough when you're challenging enough when you're in the studio when you're out on location. A bit of a bit more difficult challenge, but the producer has been wonderful. Verizon has been very accommodating as well as BCBC. Flooding, it's broadcast here from Jungle 12. And we're absolutely enjoying being here. The party is great. If you haven't maybe you're saving if you're let's see, it's about three it's 230 outfeed you're living over the door. It sounds like a lot of money, but it goes to a good cause and this party. I think Chris will tell you it's worth every penny we can just show up from wherever you're at right now. Come over, have a good time. If you're just waking up just put on a pair of jeans and sandals or come over and you'll be dressed appropriately.

Chris Harrison 58:04

It's we're gonna find actually,

58:05

I think that would be considered formal wear for this event. Yes.

Chris Harrison 58:07

It does say tribal wear and oh, he's losing his sarong.

58:12

And I think the fact that I have a white t shirt or probably means I'm dressed in white tie for this

Chris Harrison 58:18

white partner. We saw white tie earlier there he was walking around. We'll see if we can track him down. What I was gonna say Come on, people have less than one I'm working on right now. Yes, very nice. Okay, you are listening to after hours query with attitude. I need to go pay other. We're gonna let Francisco take a little bit of a break here and see hopefully I'm pulling the correct. mic down top right. Yeah, you're up there. I'm still here. Anyway, now. We're in the

Verizon tubes. We can't say that joke. He can do that. All right. Hear me now. Sadly we can. We're coming to you live from tribal tribal lust. This is jungle 12. At the Verizon theater 520 Texas Avenue. We are down here and having a great old time. A girl time Gail time there are plenty of half naked boys running around here all needing to be held down. And I without my Shammi

59:21

I know that right. And me without my handcuffs. I can't believe this. Oh, yes. And here's our military board. We jetting off on the side. We just

Chris Harrison 59:34

wrote ruined Roy's fantasy, my beliefs. We'll be back with a little later gout. He's taking a break. They're meant to thank him for putting this on. And well of course we have to thank od Otis McClay here at Program Director of KPFT who has been running the board for us. Okay, I'm not good at this part. I'm used to working behind the behind the thing and all that and we're just hanging around. Give me an idea what sort of things going on here? What's going on around here? In your heart, taking photographs and once again remember, it's not a good event unless Donald Earhart shows up. He's taking a picture of a safari hunter and a man wearing camouflage and moss. It's just a little sea of men out here. For all of you who don't want to attend. This is Oh, very interesting. Okay, we're gonna try and get word dance. Please let me get a little bit of the musical flavor of what's going on in here. If we can get close to the noise, but it is packed in here with people. It is just hot. Don't worry. It's only a microphone. It's only a microphone on a camera. We're not filming you doing it? Yes, we're live on the air here. It's KPFT radio. If you're on Houston. Yeah, we're using it on the internet. Oh, what's your name? I'm James. And this is your first rival event to where this is your first jungle event. This is my first jungle event. I've been finding a lot of versions around here. So so what what brought you out here? Was it the partying? It was at the charity work? I got hot boys. That's our number one answer so far. Hot Boys and good friends. Are you guys enjoying this evening? Absolutely. No. Have

1:01:21

you ever thought of doing leaving yet? Yes. And after hours be even better?

Chris Harrison 1:01:26

Official after hours. We're doing an unofficial one.

1:01:28

Official then maybe. Okay.

c

Chris Harrison 1:01:33

Oh, I love where they're putting our bumper stickers. Really putting our bumper stickers. You can put the bumper sticker there. We don't mind. It was going across someone's back bumper here at the I'm not sure if it's gonna stick on someone's back. It's too sweaty in here. So I'm gonna try and grab when these guys were out here. Okay, come on, since you're promoting the sto Come here. You're the ones taking the bumper stickers on there we are. live on the air here. What's your name? Kevin. Kevin, that's just your first tribal jungle event. Yeah. First one. How are you enjoying it so far? Good. Now, I mean, you're here, a sea of guys, you keep trying to put our bumper stickers on these guys. And I think everyone's just a little too sweaty to hold on to a bumper sticker. So I mean, this is a great event. What brought you out here was at a party. It was a half naked boys was at the charity work every

o

1:02:30

week trying different things. He was three until tonight. And then he found his way.

c

Chris Harrison 1:02:38

I was free to free. Oh. So basically, you're here for the hookups. Is that what it is? We're going to dance. All right, well hit on this KPFT radio. For the past 16 years we've been in a Queer radio show at this time. And we just had to come live here to jungle. We're live on the air KPFT 90.1 FM. Yeah, there's, there's some bumper stickers over there by where our temporary studio is. The whole show. What this show does is mainly we only play Queer music during our show. But the whole station itself is all in the eclectic mix of music. So we've got the changing of the guard over here by the dance floor where there are men are going in and out on the dance floor area trying to get into the sea of humanity. So your mics not on Hold on a second? Let me go over here.

o

1:03:46

Okay, you're back on versus what were those cute boys names again? Little one on the right.

c

Chris Harrison 1:03:50

I don't know I'm the only the only things I was trying to figure out how many years I was gonna get. Because there are some very nice young man out there

o

1:04:03

and there goes Ted who throws a kick ass party but he just walked out the door. I'm sure he'll be back.

c

Chris Harrison 1:04:08

CHRIS HARRISON 1:04:23

But now it's just the sea of humanity that was over there. Going into the in and out of the area where you get back to the dance floor. I couldn't even get through there. It was one of those little Riptide sort of events.

1:04:23

Like I was at the wrong place at the wrong time again. Once

Chris Harrison 1:04:26

would you get for trying to check out the tea room? You got back a lot sooner than out of there. What do

1:04:33

I say? You gotta get it. Well, I get this good. Yes.

Chris Harrison 1:04:37

So are you back and ready?

1:04:41

I am back. No, no. Do you keep joining us? I have one event that I was not aware of. was of course I think the official brunches. Brunch. I know we've got the tomorrow. photos on the Bayou which isn't a bunch of puppies. It's like a little big party with a A bunch of drinks but on Sunday jungle was also Sunday. Sunday. I missed Jimmy where's he at? Sunday April 11. We've got a brunch Jimmy

Chris Harrison 1:05:10

is in San Diego at a birthday party for a female rather than surrounded by 1300 half naked man wearing very little than ostrich feathers so

1:05:23

where are his priorities

1:05:27

are going to have the egg is being card

1:05:31

okay I need to get me a jungle shirt

1:05:36

Those are cute. I know they do.

1:05:39

And I think you buy them online I checked the website and I can't I can't remember I saw that online or I've just seen those tables so but come on over if you haven't already or if you're not going to get her her if you're leaving go to World boys after party that starts about four o'clock at Boca bar and mercury are tomorrow so you can go to lunch at Cabo and all that another jungle event that actually had not been aware of with Bottomless mimosas and to double wall the marriage to dollar billionaires. I forgot. I forgot we had Bottomless mimosas anywhere. I don't know. Let's try to continue to do them now that they're open again. But 95 fajitas to for one talk to for one combo tacos to breakfast tacos 49 Bottomless mimosas. It's general brunch tomorrow. An event sponsored by BCBC for jungle weekend and Cabo as you know is where Crossroads used to be right there at Westheimer and I forget what that street is but two blocks for a Montrose distracted again

1:06:31

Hispanic restaurant that doesn't really get much coverage. I mean, it's only like a couple blocks from where I live it's called mangos. Right guys

1:06:41

with I've never been I've never been

1:06:45

hot boys. Good food and not really look to

1:06:51

the left now that is Yeah. Okay. I can diet.

1:06:57

Oh my goodness

1:06:58

us as being speechless for a moment.

1:07:03

I like the boy with that whip. Let's get him in here.

1:07:06

I think he needed to be interviewed the

Chris Harrison 1:07:08

boy with the wavelet tried to when we sent Michael over there and we couldn't get him over here. Why not?

1:07:15

Oh, well.

1:07:16

Does he require some sort of Thank you. So

Chris Harrison 1:07:18

the drool coming off and stuff Royce chin decided, you

1:07:21

know, I knew better.

1:07:26

But Cabo I did not know is they have a good night on Tuesday. So now we have Monday. You can go to Adobe Tuesday go to Cabo Wednesday, you can go to my mom, you can rest on Thursday before you hit the places Friday, Saturday and Sunday. And there's Nick who needs to

come over here and tell us about pride. As I'm trying to flag him down the challenges of live radio. I know. Here comes Nick, who's hopefully going to tell us about Piper egg.

1:07:58

Yes, I'm talking about Brian. I am I'm here to

1:08:00

tell you here's Nick to tell us about pride. Let's see if I can let him borrow my headphones. He knows what's going on.

1:08:08

Happy Pride, everybody.

1:08:10

I was telling him to the DJ yesterday. I forgot his name at Rich's. Yes, Mark Tarbox.

1:08:13

DJ cardbox was absolutely we are bringing him back in June for the kickoff party for Pride weekend

1:08:21

on Saturday. Well, I thought we did a good job. I didn't I was too busy looking at him.

1:08:25

He was excellent. If you are into high energy dance music and diva sounds he is a DJ from you direct from LA. And in addition to mark Tarbox, we're bringing in from Queer Eye for the Straight Guy Jay Rodriguez, the culture boy. Oh, yes. And he's going to be our special guests at the kickoff for pride this year. Where's he staying? He has a single out a hit single right now. And he is going to be emceeing for us at the party, the first hour where he is called come party with the stars. And for a low low price of \$45. You get to come in you for the pride kickoff party, you get to meet a number of Houston celebrities. Jaime Rodriguez will be there. We're going to have a full stage show. And then we'll end the night with a dance that will go all night long to kick up pride season for Houston fours. That's going to happen at Georgia brown convention center.

1:09:20

So are we gonna

1:09:23

say that again?

1:09:23

Are we gonna do it afterwards?

1:09:25

No, we're not doing so well, this year. We're going to do it in October instead of June. We're going to have a Gay Day at AstroWorld in October because of the weather. Weather has always been an issue with us for us to world so we are going to do it. We're just going to do it in the fall in conjunction with Fright Fest. But we do know it's gonna be fun. But we do have two weeks of events between the kickoff party leading up to the parade. We will have the parade on Saturday June 26 and the kickoff party on Saturday, June 12. And for those two weeks in June, there'll be a number of events happening political events, social events. To artistic events, cultural events, something for everybody in the city to celebrate your GLBT Friday.

1:10:06

So is it more becoming like pride weeks instead of Pride Week?

1:10:08

I know we started with Pride weekend and grew to Pride Week. And now we're pretty much pride month. So all throughout the month of June, there'll be activities happening in Houston. Something for everybody, no matter what you're into, you'll be able to have a good time.

1:10:22

And you can you can be sure, you know, since I had the news and views segment, first Saturday of June, you know, I'll be kicking off here on KPFT. It's gonna be something we've tried. And then Francisco comes in a week after me. And he'll be coming in. We're just gonna be back. Right, right, right back. Yes,

1:10:47

June is going to be a very fun series of events. So how are you guys doing with the live

broadcasts from the jungle party tonight?

1:10:56

I'm having to hold myself in my seat because it sounds like this. I feel like getting up today. Today for a moment. I'll be back in about five minutes.

1:11:03

It's a tough job, but somebody had to do it. There

1:11:05

are a lot of people here tonight. That's exciting to see so many people come out and support you. Yes, it's a great way for the community. It's a great social opportunity for everybody. Excellent. So

1:11:17

many books, guys.

1:11:19

I had so many future ex husbands here this evening that it's just been wonderful. I know. already.

1:11:27

I've seen a few ex husbands, some current husbands and some future accents.

1:11:34

They're all here. And equity for pride, we get a show the chair. I'm

1:11:38

president of bread committee. There you go. And this is my second year as president and my 10th year with the organization. Also, we are putting together a very fun series of events to make sure that Houston can be proud and have an excellent celebration in June to recognize

the history of the GLBT community. And for us to show the community, the strength that we have the numbers that we have, and that we are not going to take a backseat to anybody that we are proud and we are front and center and we deserve to be treated like everyone else.

1:12:11

The banners on Montrose and Westheimer. What did they start going up? When did they where they went first? It went first and they went? Can you translate by tweaking these? When did they first go up?

1:12:22

Each year, we put the banners up on Memorial Day weekend. And that's kind of us telling the community that is pride season. From Memorial Day weekend all the way through the end of June. We have activities to keep people involved and keep people excited about the getting involved in the community we want people to think of June is the month where you can come out, learn about all of the many, many nonprofit organizations that make up our community get involved in some way, no matter what your interests are. There's something for everyone. And that's why we host such a diverse series of events. We have all sorts of events. So if you're into art shows, you can go to a gallery opening. If you like to watch films, we'll have gay films showing if you are political, we'll have leadership roundtable discussions. And then of course, the biggest event of all, the Pride Parade is always the last Saturday of June. And that's kind of our capstone event, the anchor for the whole pride celebration. When

1:13:13

you I was trying to flag you down earlier when you're walking by and I was just I pointed out to Roy some of the stuff that you had had to do with pride the disco ball that you're brought to us by Mr. Montrose. Awesome stuff like that as you did for Brian. Thank you.

1:13:30

The disco ball was one of the things that we did one year just to draw media attention and publicity to our event. We put it over the intersection of Westheimer Montrose it was a 25 foot disco ball where it really belongs exactly right on the intersection that we kind of have claimed as our own Westheimer Montrose and then we did that for two years. But of course you can't do the same thing over and over last year was our 25th anniversary. So for our silver celebration, we put up a 25 foot silver chandelier over the intersection of Westheimer Montrose this year our theme is pride as big as Texas. So we've got something very big planned over the intersection of West Center Montrose and for the listeners tonight. I'll give you a sneak preview. We're going to put a lone star over the intersection of West and hay bales up and down the street. Oh my god. Yeah.

1:14:19

Like the BBB has expanded. We've never had to do

Like the B&B like explained. we've never had to we

1:14:23

were looking at all the themes we've done in 25 years and Houston for our Pride celebrations and we've never done a true Texas theme so we're gonna take it over the top this year we're going to show the country and show Houston what it's all about with pride as big as Texas we will have all sorts of fun things going on the weekend of June 25 26th and 27th.

1:14:43

And not that already listeners can see but that would be That's a cute like gay pride Texan a kind of showed the green one over there. While we talk about it, I think so. And not to put you on the spot. But now the Grand Marshal people have already been nominated. The grand

1:14:57

marshals have already been elected for the parade. We had nominations back in December and we had elections in January. We recently announced our grand marshals. We have four grand marshal positions. We have a grand marshal organization each year where we recognize a nonprofit group and thank them for their work in the community this year. It's LGRL, the Lesbian Gay rights lobby of Texas. And then we have an honorary Grand Marshal position, which is traditionally a heterosexual couple that have done something to support the pride of the gay and lesbian community. And this year we have selected them as well. And then we have two positions a male and a female Grand Marshal Jerry Simonneau. And sauna Alton are our male and female grand marshals

1:15:41

now Jerry Serrano's attorney works on gay and lesbian marriage issues among other things yes

1:15:47

he's very involved in gay and lesbian marriage issues he's actually very involved in the community it both from a legal standpoint and and as a fundraiser so we recognize him through his election. Sona. Alton is with the Montrose clinic. She is in charge of development there and does the fundraising for the Montrose clinic. She's also very involved in the community. She's a member of a number of organizations in town including the Krewe of Olympus, which many people partake in their events during Mardi

1:16:14

Gras season. And Jerry's has been I can't remember his name, but it's also very popular community. There is your husband.

1:16:19

My husband just walked up Greg Decker area

1:16:23

housing for the crew.

1:16:24

And Sue and Jim know, the honorary Oh, heterosexual What's that? Zoo when

1:16:39

Jim and Sunil are the honorary grand marshals we have Jerry seminar as our male Grand Marshal Sana. Alton is our female Grand Marshal, Jim and Sunil will serve as our honorary grand marshals. They are very active in the community of PFLAG and a number of organizations and have been great supporters of the pride committee specifically. And then of course, our organization will be LGRL of Texas. Those will be the folks that will lead us down the parade route on Saturday, June 26.

1:17:07

This year for the first time. Radio Station KPFT wasn't that wasn't we didn't get it, but it wasn't nominee. Were

1:17:15

Yes. KPFT was one of our organizational nominees. Congratulations to that we had such a strong number of nominees for the Grand Marshal.

1:17:27

It just shows how involved everybody has. You have to think about who you're gonna vote for.

1:17:31

It is it's nice to know that there are so many strong people in the community who are involved and give up their time or money or their energy.

1:17:39

Oh my goodness.

1:17:40

Oh boy. You've got some people over here we've got a crowd in Rhode Island's to attorneys to realtors and I've

1:17:49

given rod me cowboy, okay. Well, thank

1:17:56

you guys for having me on. I appreciate it. And

1:17:58

if anybody needs is taking him away, but to give a plug in for your husband. If

1:18:01

anybody needs more information on the pride activities for Houston, you can always log online to www dot Bryde houston.org Pride Houston dot orgy we'll have the full list of events and you'll be able to buy calendars, your pride T shirts, and get all the information for the parade. Man gang. Okay, now I got these really good looking guys here. What's your name? Baba. Baba. What's your name? There? Our goal? Rago. What's your name? You all backing up? He's scared of the microphone. What's your name? Hi, Mark. is your first time at jungle? How many times have you been to jungle? A few. He doesn't want to talk. He's all backing away. What's What's your name?

1:18:41

My name is Greg. And the reason he's so shy is he's a very very famous porn star.

1:18:49

Porn star now. Oh, I already talked to your with pride committee. And what is your name? My name is Dave. Dave in the bayou bunnies on the Bayou? Yes. And we're really hoping for good weather tomorrow. Yeah, that's what I was going to ask you about when you said money. Somebody tell me if it starts raining. Or what are you gonna do? You're you're gonna have a rain out there. We're gonna we are going to, you'll find that out tomorrow. We're gonna meet

tomorrow morning and figure it out. But I think it's gonna be a good day. Okay. Well, I hope it is. And I hope everything goes good. Thanks, guys. Okay, let's see here. We'll have nobody else to talk to.

1:19:24

What did he say was the alternative at eight o'clock?

1:19:26

If it rains? He said in the morning, he would find out they would find out they would make the decision they're going to meet in the morning weather permitting. They're still having it. If not, they just cancel it or Yeah. Michael Collins, president of BCBC told us earlier that they were going to wait and see what the weather did. And if the weather permitted, it was a go if not to make this to two possibilities. One cancel it. We're gonna go to another venue or do a rain day and just rescheduled. That sounds good. And this is the one that we're going to bunnies on the bio.

1:19:52

It might be literally no matter where it is. If it rains your heart if everybody's on the Bayou no matter where you are. Exactly, exactly. It says Houston but what's the saying wave you like the weather here. Wait 30 minutes wait 30 minutes and

1:20:03

hello Keoki I'm going to move around and see if I can find some more good looking guys around here.

1:20:08

I'm gonna have to walk very far

1:20:11

farther all around.

1:20:14

The one on your right skewed. What

1:20:14

about these? What about this one right here? Look at this one right here. What

1:20:17

1:20:23

1:21:07

Isn't he a cutie your yard? Lucius even commented,

1:21:12

he's walked by like five times. We just got

1:21:15

the eggs in that basket.

1:21:17

Okay, back to y'all guys.

1:21:20

So we definitely have like a huge crowd here. bikal Doing good job of getting folks to say hello to you. So you get an idea of who's out here. And then people are just having a great time. And you should swing by I mean, some of these outfits are just outrageous. Like the little peacock that's walking by.

1:21:36

Oh, no. No, no. Yeah. So

1:21:41

the jungle was really like I would have liked moved there a long time ago. I

1:21:44

know that right. I think the only other thing is really hotter than the bluebird is Puerto Rican Friday out there in New York and Brooklyn. and Puerto

1:21:55

Rican Friday. Yeah. Oh, wow. Oh,

1:21:59

and let me tell you some. It is quite central. Let me be nice and polite. It's quite central. Oh, my goodness. This

1:22:12

has been a night Let me tell you.

1:22:16

And Jimmy is in San Diego at a birthday party. He

1:22:20

got his priorities wrong. That's all I have to say. But it's always nice to have him around and have it but we're missing him the night but he would just be having a blast and they were here. We'll just have to give him the scoop when he gets back from San Diego. But how am i Oh, we continue to get distracted.

1:22:45

Do we need to do some hot buttered buns?

1:22:48

I'm looking at you know what? You're not the only one looking for hot buttered buns. I mean, I guess they're all upstairs or something. No, we

1:22:55

1:22:59

1:23:03

I guess I'll just go upstairs to the VIP. And see if I can find some good looking guys upstairs.

1:23:11

Cuz it's getting a little late and I still don't have a hookup for tonight. And I'm not the only one climbing upstairs. Here's good. pedo Dawn DeHart is up your stocking the voice

1:23:20

1:23:24

1:26:15

That is the key for for Jimmy because that's never happened before

1:26:20

Elliott OutSmart continue to do just creative things. They've been around for 10 years now. Is that right? Yeah, I think they celebrated their anniversary last year or this year. It's sometime in the last half year or so they celebrated their 10 year anniversary. I think

1:37:38

What kind of girls do you mean?

1:37:40

She looks like a drama queen. But we're facing again. against some of her. Hey, what's your name? Nikki. Nikki. Are you from Houston? Yeah, this is your first jungle party. Yes. Are you having fun? I'm having a wonderful time. Are you coming back next year?

So whether more closed off at the first one than there are here. Yes. Man, we need to go back to number one. Start all over again. Okay.

1:38:59

All right, here we go. That's Michael giving us a report from out there in the lobby. We'd like phenomenal stuff going on great guys that are here from all over the place. So if you haven't joined us yet, try to come over and it's worth it's worth the 55 bucks. Last couple of hours. And you can join us at this oil boys after party at Boca Mars Mercury room that's at Preston in Maine. And those parties are always great. And this was a crowd here, it's gonna be even better than ever. I mean, it's probably going to be the one largest parties I've had in a long time. I think this is the first time we've actually coordinated with BCBC for jungle weekend, and have been very great about helping put a lot of this together. So come and join us. If you're not going to join us here join us this coil boys after party starting around four o'clock to about eight or nine. Those are always great, this'll be even better. The scenery is wonderful. The music is great. So come and join us. And that's just tomorrow. Like I said, if you want to go to the beach on the Bayou, which is a tradition most of us have been to at least once. It is something to go to stay tuned as you heard earlier from from Tom Collins, who said The chair of BCBC that may or may not be happening depending on the weather, but check the website by city boys club.org or jungle houston.org. And look up the websites. This year we will find out about events is going on by mid morning. So feel free to check that out or not join us for brunch at Cabo, which is also an event, an official event for juggler, Houston then followed by the third party, oh, from three to nine, and then from South Beach from nine to four. I will be long gone by then in bed asleep, preferably down alone and honestly. But yeah, we're going to work on that right now.

Chris Harrison 1:40:31

You'll be in bed there. So you're going to enjoy the festivities and we're going to be continuing

You'll be in bed there. So you're going to enjoy the festivities and we're going to be continuing on here for we've got what about little less than an hour left to go.

1:40:40

And this has been the Latino segment and I have enjoyed it. I'm gonna go enjoy some of the party and we've interviewed. I get you know what, I guess one of we've known we actually shootable Hispanic boys, one for San Antonio. We're hotties and there's plenty more out there. So I am going to go and be a cultural liaison liaison as much as I can. Okay, and

1:40:58

I'm gonna walk around and give away tons of CDs. I got about 20 here to in my hand. I'm gonna give them away to guys and girls and everybody that's going on. So let's see if I can find somebody. Here's two guys sitting right here at the table and I'm gonna talk to him. Hey, what's your name? Alex. Alex, this is your first time at jungle. Second. And where are you from? Alex? Austin. Austin. That's great. What's your name? Joe. And are you from Houston? Mm hmm. So is this your first time in jungle? It's my third third in Are y'all enjoying yourself? Oh, it's

1:41:31

1:41:38

Okay, y'all been great. I'm gonna give you all two CDs. You can have this one right here. I don't know what it's about. But you can enjoy yourself and listen. This one right here. Latina knights. Very good. Go have fun. Thanks for listening, guys. Let's see here. I'm gonna take another victim right here. Hey, what's your name? David. David, are you from Houston?

1:41:57

No. From Austin here from Austin. Hey, that's

1:41:59

Okay, well, thanks for participating. There's just seating. Y'all have a good time. Okay, I've got another guy coming down the stairs here to the VIP lounge. Hey, what's your name? Greg. Hey, are you from Houston? No, Montana, Montana. Hey, we got a Montana guy. So is this your first time ever

coming to a jungle party? Second? Second. Are you enjoying yourself? Absolutely. Okay, well, thanks for participating. Here's your CD. Okay. Thanks. Bye bye. Okey, dokey. Let's see here. What I got. Okay, well, y'all

C

Chris Harrison 1:42:39

just talk for a little bit. Okay. We've got let's do a real quick thing. We've got up. Who is it? NBBJ. We're gonna we're gonna do a little bit of the MBB stuff. Last letter here. Got to talk about just give a little promo ahead of time there. The HATCH says it's springtime HATCH, youth are getting ready for the 11th annual alternative prom. This year's theme is moon and stars. And the promise is going to be at the historic Magnolia ballroom on Friday, June 4. From 7pm to midnight. It's open to all GLBT youth and adults who may not have had the opportunity to attend their own high school prom dress as they wish, but with the same sex date. In fact, the dress code includes everything from tuxedos and formal gowns to costume and drag. If you want to get more information on HATCH, that is 713-529-0037 is that's where the Montrose HATCH is 713-529-3590. And you can also check him out on the web at HATCH youth dot O R G. This is after hours we are coming to you live from tribal heat at jungle 12. Here, just getting ready to wrap up. We're in the last hour of the events going on here that I was gonna switch over to the vocal bar. We've got a rmvb Larissa smiley, smiley, smiley, you nailed me. Okay. You nailed me, you caught me. I'm gonna be honest with you here. Smiling at a comment in here about the fact of you know, it seems like when I was doing the letters last week, it's like, Chris, if you maybe read the letters with the articles, and it's true, when I get done with Q Patrol and get over to the radio station, the show's already started. And I have to play catch up. And usually what happens is, was trying to get some of the other stuff together. I give all the letters to somebody else to read and do that part. And I I'm honest, I try and fake going through the articles looking at it real quick, and hitting the high points on that. And so I goofed on a couple of his articles. I will admit that

o

1:44:56

we really don't have that much time to actually check them out. Yeah, unfortunate.

C

Chris Harrison 1:44:59

Really it's one of those things that that's my falls through the cracks and it I thought it did a good job faking it so far, but you nailed me. It's true. I promise I'm going to do better. We're going to work on that. Smiley include put an article in here about the Tennessee County. The sight of the Scopes Monkey Trial, who was trying to once again did it did they're trying basically pass a law to kick out gays from the county. And fortunately, they reversed themselves on it when the county attorney told them you know, that's really illegal. You can't do that. Here's a cute little picture of one of the marriage protests. You know, this boy is a fag and training. 11 year old Ryan plugger and his cousin Aaron fleiger. Participate in the demonstration against gay marriage. And Ryan's got this sign says God made Adam and Eve not Adam and Steve. Oh, man. And so basically his his little thing on here says are you telling me Ryan knows what the FCC he's talking about? That's what happens is they take and they put the signs and these kit

in his kid's hands like dragging down these events. And you go What about the children and looking at the children don't want to be around homosexuals. And so they put on stuff like this? They're trained not to be Adams care. I think you'll see him at a bar bagging training.

1:46:29

Let's see. So I think that's still just spreads hate and that's it. Yeah,

c Chris Harrison 1:46:33

I think I'm very sure Brian is going to be here for jungle nine to seven years he'll be at and he can be here. Boy has returned from the tea room. We were he left. 12 minutes. 20 minutes to check was looking good.

1:46:53

We got here we got a little joke thing going

c Chris Harrison 1:46:56

on. It's a comic strip. And unfortunately, there's no text about it here. It's just pictures. Yeah, well, basically, it's a seal washed up across the shore onshore, we'll take them to the animal hospital fix them up first and back to hell. And then they return them to the ocean where killer whale eats no man and the character is looking at going he didn't get the memo. He says posted up for you know who? I don't know. I'm not sure.

1:47:25

Yeah, it's a funny thing. Moving on to the next article here.

c Chris Harrison 1:47:29

Yeah, just jump in whenever you want. Michael, we're running very flexible here. Grab us, some of the boys there.

1:47:39

But it's nice to know everybody's flexible around here. That could be a key element to this whole success of this.

1:47:48

Okay, I'm just gonna give some stuff away to some of the guys that have actually hung around with us. Like this cowboy right here. He was really great. So I'm gonna give him like one of these really big old fashioned CDs. One of the vinyl things Yeah, one of those vinyl things that I bet doesn't even have a player board because CD

1:48:05

you got in there soon about the black one the double CD. Oh,

1:48:09

yeah. It's one of those old fashioned CDs that you gotta use a needle for? Yeah. And I'm gonna give it the pride guy. AIDS Walk Houston hat. And I don't even know if y'all can hear me but it's a little staticky though. Okay, after I put all my CDs down my headphones go crystal clear. There we go. I gotcha. Okay, just worried about carrying on a broadcast signal whenever I

Chris Harrison 1:48:35

find a boy from San Diego and

1:48:37

boy from San Diego. I'm trying to remember which boy, there's some who was brought over.

Chris Harrison 1:48:43

Now. There were tons of cute boys.
