Vince and Frank have previously served in various leadership roles within the organization. And both will bring unique qualifications to their new positions. Now, the pride committee accepted nominations and selected for potential slogans to take to enterprise. And that's the conference for the International Association of Lesbian and Gay Pride coordinators, which will be held this fall. The major goal of the organization is to provide networking of groups which organized Pride celebrations and educational events for lesbian, gay, gay men, bisexual and transgendered persons and their supporters. It's interesting to note here that guy Burns is co director of region three of this enterprise group, and that encompasses Texas, Louisiana, Oklahoma, New Mexico, Kansas and Colorado. The pride community of Houston is currently selecting soliciting portfolios from professional graphic artists who want to submit their designs for Houston's 1999 Pride logo, deadlines and submissions will be on or before the October 20 general meeting of the association which will be held at the Metropolitan multi service center. And the pride community of pride committee of Houston has been selected as a beneficiary for this year's great party. And they can be reached at area code 713-529-6979 That's 5296979 Or you can write them at PO Box 66071 Houston, Texas 77266.

Michelle Meyers 01:50

Okay, it's three weeks away the Houston women's Festival. It's going to be Saturday October 24. From 1pm in the afternoon, until midnight. That's 11 hours of fun and mayhem. bunch of comedians or lesbian comedians at a multimedia art show. The Women's festival takes place at garden in the heights which is located at nine to six Fegan tickets are 10 hours in advance and \$12 at the door so if you come and spend the day you can get by for something in the order of one hour an hour

02:38

okay I want to mention that our goodness Kim severe who you may have known who you may know from TV Montrose and you certainly do is going to be one of the comedians there at the

at the Houston women's festival. Okay, now I've got the Houston aids right tanker tank carry. How do you say that? Tanker race, Texas aid ride more than 1800 bicyclists from 22 states are expected to paddle into Houston on October seventh as part of the tanker raise Texas aids ride and that is an event which benefits 40 AIDS service organization. Now the ride actually begins on October 5, that's Monday in Austin, and it continues. It will continue on down here to Houston and then on up to Dallas on its seventh day. 575 mile track. Participants pedal and average 82 miles a day. And the events first Houston pitstop is scheduled for 1pm on October 7, and riders will move to Memorial Park at 430. And we'll camp there overnight. On October 8 riders depart from Memorial Park at 6:45am. And end the day at Grimes County Fairgrounds in Navasota. So we'd like to have as many of y'all out there to cheer them on give them support and and everything because this is a really great fundraiser for very important or very important functions.

Michelle Meyers 04:26

Oh and I wanted to mention that in the life is starting up again on a new season. The next showing will be Sunday, October 18. At midnight, where it's on QHT channel

04:44

eight No kidding. Yeah. But at midnight. Well,

Michelle Meyers 04:48

yes, most people are error between 10 or 10 o'clock or 11 o'clock HT consistently errors in the law If after midnight, how sweet of them. So if you wanted to say something to the to KU HT about their timing, you could call them at the station phone at area code 713-748-8874

05:16

There's two ways of looking at it. I mean, they finally finally are starting to air it, you know, it's like they didn't for a very long time.

Michelle Meyers 05:24

So in the life, we'll have six stories this time. So one's talking about the constitutional changes and the why isn't there's another segment on Southern Baptist one on children's books in adult battles, won on assisted living for gay seniors, etc.

05:46

The Gay Men's Okay, I'm sorry.

Michelle Meyers 05:48

So that's that's it for the line.

05:52

The Gay Men's Chorus of Houston. Yeah. Are we talking about

05:56

them? No, not yet. Okay. Well, they are

05:59

performing with the ambient Brass Quintet on Sunday, October 25, at 7pm at Northwoods Presbyterian Church 3320 FM 1960 West, and that's between stoop near airline and Kirkland doll. The event is the Presbyterian HIV AIDS benefit concert, air reception will follow and a free will offering will be taken which will benefit the bearing community sent services Foundation, the event is open to the public, no tickets are sold. For more information, contact Dave Vandermeer, who was the minister of music at North Woods, and the number there is 281-444-8861. Now this is, you know, I think this is a pretty neat deal. Here we have the Gay Men's Chorus of Houston, going way out of the loop to perform for a predominantly non gay audience, who are putting on a benefit for bearing. Now that's, I mean, that's a pretty amazing thing. And I've been emailing the Gay Men's Chorus. We, I'm trying to get them on the show. And it seems, though, that you know, because I haven't heard much about what's been going on, but they've been doing a lot of outreach to the straight community. And that only benefits us.

Michelle Meyers 07:38

Oh, yeah. And they're, they're, they're great.

07:43

Oh, yeah. And they're good. Really good.

07:47

Okay. I want to move right along here, because we're really pressed for time.

07:52

Okay. Oh, yeah, we are at

07:55

Michelle Meyers 08:59

Okay, and I just wanted to finish up my bid here with just mentioning that October is Breast Cancer Awareness Month. This week, the Texas triangle has a real good article in the center section on breast cancer awareness. Also wanted to mention that its gay, lesbian, bisexual and transgendered history month in October. And so just keep that in mind.

09:27

Okay, what I mentioned that at the BRB, which is the home of hot cowboys and country western dancing, Sunday, October 4 at 8pm, they're going to have to lean on me foundation present, it's fall production of elegance and featuring the Lean on me cast, the Austin Baptist women and musical talents of Jerry Atwood and this is going to be benefiting the bearing Care Center. And let's see what else I have here. I got some more benefit got a lot of benefits. Got some long winded people and not enough time to get the stuff out

10:05

here, right? You're just gonna have to start talking faster.

10:08

And Mary's we have the PWA holiday holidays cheer oh, we

10:14

need to talk about that

10:15

and that's going to be Sunday, October 4 on the patio. Now I want to mention also that on Monday, October 5, yeah, the main bar is going to be closed for renovation. And the patio. Patio

bar will be open. Yeah, they're renovating it's time to get that oh, I'll bet it is you know, they've had a bunch of stuff going on over there. And

10:38

probably that's gonna be scary you know, putting a bright light on that and at

10:42

the Nighthawk this coming Sunday, they're going to be having a PWA holidays, holiday charities at night aka. And then next Saturday, October 10. It's going to be they're going to do a benefit for the code 45 stone soup.

11:00

Say all of our bars really pitch in there and help and and just keep our 501 C threes alive with all the shows and stuff they're doing and let's not forget the court and they're doing that too. Oh, yeah. Okay.

11:17

And I want to thank you all for listening to this week. I think we got it all in I hope we got all the benefits in Yeah, we can. Okay, okay,

Michelle Meyers 11:27

can I can I can I

11:30

want to thank you all for listening to this week's edition of after hours news. And keep listening next week we'll have some more.

o

13:57

here in the winter. Doesn't really I don't know I don't like cold weather. I found out what cold weather was all about earlier this year. I spent the entire month of January up in Anchorage Alaska. How many people here by applause have been to Alaska put your hands together a few of us it's a very beautiful state if you have not been I would urge you to go did some snow skiing with us up there any snow skiers out there by applause where you guys at the ski of Portland really? Oh shit if you guys ski you have to go to Alaska. The snow as you can imagine is incredible. The trails there though the ski runs are really long and I didn't like that part of it because I drink a lot of beer when I ski and I have to pee like every mile. You know. I had to pee so bad one day I was skiing on the trail with these two friends of mine. I started doing that little kid pee dance thing that which doesn't help you not pee but feels my friends were like Dude, stop. Go if you gotta pee that bad. Just ski off into the woods. If they told me to ski far enough into the woods that I wouldn't offend people. Not that I would but I appreciate those kinds of compliments. Thanks for looking, you know, I skied way back into the woods I stopped I started going, but then I started going

o

15:23

and I couldn't stop going either way either. I was pee in and ski in and screaming you can't snow plow while you're peeing. Did you know that I went over a hill I was standing on another ski run just like Hi. Little kids were skiing by mine's bigger than

S

Scott Lewis 15:48

J

Jason 16:23

Okay, I guess that was my second.

S

Scott Lewis 16:26

Go home. No. Americolor I need to work it out. I like her hair color mixed.

J

Jason 16:34

Anyway. My name is Jason. I'm with hatch. And with me in the booth we have Hey, everybody.

👤

16:41

What's up? This is Ben from hatch. And to my left is I guess I'd be Mike. Mike on the mic. Yeah, I'm on the mic on the mic. Okay.

J

Jason 17:01

So, real quickly, let's throw a number out there. It's for the hatch information line. And if you think you might want to become a member of hatch, it's Area code 713-942-7002. hatches a youth group for queer youth. And when I say queer, I mean gay, bisexual transgendered, questioning the entire encompassing term. And I've got Jimmy sitting right here by me. Well,

J

Jimmy Carper 17:28

because I want you to mention to the audience, why you're here tonight. I mean, what you do on the first Saturday and what you do on the third Saturday? Oh,

J

Jason 17:40

okay. Well, tonight is had some music, which is basically music that I pick out, which I think is

career related. Because, well, most of my music is club music coming from riches. So I consider that pretty gay. On the third Saturday, we have a topic and we have a little panel discussion. And whenever we're talking here, it's just kind of mindless banter on the first Saturday. We don't really have any set topic.

S

Scott Lewis 18:09

We don't get we don't get too serious. No, because we don't like serious shows on the front. We don't like serious I don't like serious shows ever. You know, I've done the show for eight years. And I like to show the little kids that you know what, it's fun. It's frivolous. It's exciting. It's not that horrible. You know, your parents tell you all this crap. Well look at him and go it's crap and put the dining room table down. You're not gonna throw it at me. Dammit. It's a wonderful, fabulous lifestyle. I've slept with Jason I enjoyed it. Yeah, hold

o

18:39

on, hold on. Wait a minute. Wait a minute. Let me correct you there honey. It's not a lifestyle.

S

Scott Lewis 18:44

It's a life it is and it's a fabulous life. It's a great life.

J

Jason 18:49

If you slept you must have been really bad because I really don't remember it. Oh, no, I

S

Scott Lewis 18:53

was referencing the listeners not myself. Now since you slept with me. Oh, did I must have been on drugs just don't remember at the time and now anyway. No, I was referencing the listeners too. I've always done this so that the kids could hear that it's a fabulous Wonderful Crazy fun life's life. And I think you've always done a very very good job to have a great time on the air I you know what I do have a lot of fun on the air and I think it should be a lot of fun and a lot of times it gets way too serious up here and I don't think it should I think it should there are times for that. But there's also times I don't think that the listeners to this show. I've always found are 13 to 50 year old kids in the gay sense thing

J

Jason 19:36

under the thing exactly radio held up to their

S

Scott Lewis 19:40

ear. You know I spoke at hatch one time years and years ago and one of the the people that I was talking to said that I've listened to a radio show for years at midnight on Saturday nights under my pillow so that nobody on my little clock radio so that nobody else could hear it but me and that had a great impact on me and I've always wanted to show people that It's not this horrible, terrible you're going to hell kind of thing. It's, it's fun. You're not going to hell number one. And number two, it's fabulous because AstroWorld doesn't have a ride like Miss Scott Lewis.

J Jason 20:14

Because you know what hell is.

S Scott Lewis 20:17

Hell is where I'm at right now. But anyway, being surrounded by a bunch of Southern Baptists and I grew up Southern Baptist and converted to Judaism. And And thank God for God to Anita. And yeah, Southern Baptists. Are you Southern Baptist? Oh, God, no. Did what did you were you brought up Southern Baptist. I

J Jason 20:35

was brought up Methodist, really? My dad,

S Scott Lewis 20:38

you saw you saw more Tales of the City, right, the whole Methodist church thing, you know, the cannibalism?

J Jason 20:43

I haven't seen the holes. I haven't seen more tales. I saw the first one did you should see, my dad just couldn't choose a religion where you couldn't drink you had to be able to drink with. So that's why he went with

S Scott Lewis 20:52

the Methodist Church. But Catholicism is good for that. Because they did.

J Jason 20:56

You can do anything as long as you ask for forgiveness on Sunday.

S

Scott Lewis 21:00

I love Catholicism, because you go when you know, they've got that woman with the incense and that brass ball and she's swinging it over her head and stuff. And they keep bringing you up to the to the front. And they hand you that that penguin. She hands you that. It's like a sterling silver cup. It's fabulous. And it's full of wine. And she kept trying to take it away from me. And I was like penguin. I'm not done yet. What other shot? What religion is this?

J

Jason 21:25

This is good policy.

∅

21:26

I'm going to have to go to that church.

S

Scott Lewis 21:28

Alright, you didn't need to go to any church. So at

∅

21:30

a high No, don't I?

J

Jason 21:32

Of course. Then there's also NCCR I love

S

Scott Lewis 21:34

him CTR. Carolyn moblie, I think is probably the the individual that I respect most in, in this community. And what she's done for it. Have you read the man who founded the MCC church? Dr. Perry, have you read his autobiography? No. He has written an incredible book that I would recommend to everyone. They started as 12 people in a living room in Los Angeles, I believe 6768. And the bombings of the churches and the fires and the terrorism that were committed on these people for their beliefs, tried to create a church for the gay and lesbian community, all through the 70s and even into the 80s. It's an incredible story and look at them now. Up in Dallas, they've got the largest gay church in the world. And the what's his name? Jimmy knows because Jimmy went to school with him. I think he's he just turned 95. And Jimmy went to school together. And he's like a famous architect, and he was going to retire but he agreed he came out at 89 years old as a gay man. He designed a bunch of the big skyscrapers here in Houston. He designed skyscrapers in LA Boston centers all over the country. He's the most famous architect, and he came out as gay at 89 years old, and he was going to retire. But he took on as his last job designing. He said I was going to retire wasn't going to do anything. But

they came to me, the gay church in Dallas, and he said, Philip, Philip Johnson was his name. And he said, the last thing I'll do is I'll design this gay church, and they're working on right now. \$20 million. Cool.

J Jason 23:10

Have you been to the church services here and using MCC are many times many times you cannot sit there if you don't get there early enough. You can't sit?

S Scott Lewis 23:18

Well, you can but you just have to find somebody cute and sit on their lap. Yeah.

J Jason 23:21

I hate it is packed. I love going to the services. It's just so hard to get up early set early on a Sunday morning when you do this show. Or when you're out all night, but I find that works best for

S Scott Lewis 23:35

me when he said that what was that all about?

J Jason 23:38

I find it's best just to stay up all night. Go to church and then take a nap.

S Scott Lewis 23:42

Which is not what the church recommend. But, but you know what I find works we do need to remind you that you are listening to Houston to 90.1k P F T and 89 What the hell where?

J Jason 23:55

Point 1k US college. That's the one where we could just play the professional card there.

S Scott Lewis 23:59

Is there one in there it is one hit play big

24:02

daddy. Okay, the sound of Texas KPFT Houston, of Pacifica radio network station 90.1 FM 89.1k e os College Station.

S Scott Lewis 24:14

None of us want to go to jail. So we have to do that. Yes. Speaking of jail, are you getting fan mail from jail yet?

J Jason 24:21

fan mail from jail

S Scott Lewis 24:23

because I've done the show for eight years. I've taken the last six months off and now I'm back. And one of the things that I got the most of was, well, I got a lot of fan mail here always. But probably the most at least 50 to 60% of the fan mail I got was from prison. Now that may be a statement about me. But have you not gotten any? No. I want to encourage all prisoners listening and I know that there are

24:45

two right to Jason Gardner.

S Scott Lewis 24:49

Not just Jason Jason Jason blue. I'm gonna sit here at here you can write Jason care of after hours. KPFT Houston. For 19 Love it L O V E T T Houston 7706 More than a zip code lifestyle. You know, I got most incredible mail, you would get a little card they don't have anything else to do they sit there and they cut stuff up, you know when they

J Jason 25:17

actually I mean, I don't I don't care who writes me anybody wants to rent me.

S Scott Lewis 25:21

Wedding proposals.

J Jason 25:23

If I get the chance Hey, I'll try to respond. But I've got a very busy schedule.

 Scott Lewis 25:27

That's what I got a fabulous card. One time the guy had taken pencils and drawn and cut out. And when you said something cute on the front and when you opened it up, it was like one of those pop up books. And

 Jason 25:36

guess what popped up mentioned something about Friday night, Friday night at Rich's lives

 25:46

in a second home away from home. Right?

 Jason 25:48

Well, who's Um, well, first of all, we had a going away party for a really good friend of mine, Sean Paul, if you're listening to Paul. Hi, Paul. It was a fabulous we had we reserved the art bar had it all decorated with like near because he's going back to Bangkok. So we had to kind of like the Oriental motif

 Scott Lewis 26:02

another one of your friends to poured it. God. You must be miserable. And is this three in two months?

 Jason 26:08

Who's Who's the DJ for club? 69?

 Scott Lewis 26:13

The grip club 60 times the

 Jason 26:15

main guy I forgot his name Peter or something? Yeah, you got me? Well, anyway, he was there Friday night and shows where their careers go. And he's playing dumps in Houston. But after 11 he started playing and it was fabulous. He is a fan club 69 is incredible. Oh, they are and I

mean he drama. He did this drama. Some remake of Whitney Houston's children are the future. I mean, you think Rich's you think high energy club music and he are just high. But anyway. Can you imagine how much drug money goes through that anyway?

 S Scott Lewis 26:49

Well, ever since Alana got thrown down in the bathroom with five cops having to admit anyway,

 J Jason 26:53

but he just made that I mean, that's a very soft, easygoing song and he made that song very danceable.

 S Scott Lewis 27:00

You know what I enjoyed? I went over to Rich's I don't know if you went about probably like four six months ago when they had Todd terian Do you know Todd Terry? Terry, one of the most incredible music producers and DJs in the world, and he came in with Shannon, who one hit wonder from the 70s disco era. And so he did a song with her and he came in she performed the new song that he you know, tried horrible to do with her. And so she came in and she performed that song and her one hit from the 70s but then he DJ for two hours incredible incredible what's your favorite club 69 song Oh god there's so there's so many offhand I really hit there's like there's a I want to be your underwear there's a twisted let's get twisted. My favorite drama dramas are my life is a drama but but see that there's a beginning a middle and no end because

 J Jason 27:56

you're the the typical heaven Queen having Jr. Specific street. You know, that's that type of music they always played. They're all you always seem to have a good time. I'm not saying are typical heavyweight. But you always seem to have a good time just

 S Scott Lewis 28:07

because I've promoted heaven for six years, you know, to pay my bills. But whatever works, you know, but you don't like drama.

 J Jason 28:16

I do like drama. I mean, heck, look at my life. Puppet book, if you kind of notice it tonight seems to be like the Scott and Jason show.

SCOTT LEWIS 28:25

I have noticed it. They're just

Jason 28:27

kind of quiet because they know they've got to be careful. If anybody like wants to call in and say hi, Ernie. Yeah, you

Scott Lewis 28:33

know what I love to take Jason, do you like to take phone calls? I know we haven't worked together that much because I don't work with white boys that often. And you know, except you're in a dry spell. And must be five or 6573852 6k P F T I love to take phone calls. And Jimmy. Jimmy hates Have you gotten the finger? This is the finger I've never gotten the finger. I got the finger every week. Do you like Deborah Cox?

Jason 29:01

Well, you know, I don't really know her.

Scott Lewis 29:03

You know, Deborah Cox, if you played number 13 You've never tried the hottest song on the dance floors this summer. You know, the gay clubs. Before we will talk about her in a minute because we have some CDs to give

Jason 29:12

away we have well, I've got a song queued up on the Danny Tenaglia CD.

Scott Lewis 29:18

Danny Tenaglia is fabulous. Fabulous. He can't get work in America anymore. But he's still doing a lot of stuff in Italy. And

Jason 29:24

he's still really good DJ. Yeah, he's very good. This is on his tourism CD. And it's headhunter, featuring JoJo America, it's

Scott Lewis 29:33

— this song is head hunter that could describe me right now.

J Jason 29:37

This song has been redone so many times in so many different ways. But this is a very upbeat version of it. So we'll go ahead and play that and since the children in there aren't talking right now we'll go ahead and just so I don't have to push them any buttons. Okay, go. Okay.

S Scott Lewis 29:49

Danny Tenaglia one of the great DJs

J Jason 29:51

one of the greats. Okay. That's been okay. Now, Ben was complaining because his mic was off. I think it's on now. Okay, now it's on now it's on.

S Scott Lewis 30:04

Ben. You have bigger things to complain about than your mic being off sister. Yeah, like looking at the ugly face years. But anyway, did you swear that's a new topic? No, I didn't. I've got these over here that those they, you know, you bring these little kids in here and they're jacking with stuff. You know, they've all got a paper out in the morning. I don't know how they're out this late.

J Jason 30:27

Okay, well, I liked that song has been remade so many times. Friend 242 Did that originally. Okay. It's one of those songs. It's just gonna be it's gonna be around forever.

S Scott Lewis 30:37

I'm deaf. I'm old. Not that loud. Right.

J Jason 30:40

I just made myself deaf.

S Scott Lewis 30:43

Jason 32:20

Brian, we think we know is Brian. This is we're not positive because like Roy is the one that talked to him.

Scott Lewis 32:25

And Roy, he's so busy in there cooking. Did you see though he's making fajitas he's making fajitas. Anyway,

Jason 32:30

Brian from cook wants to know how everyone feels about gossip.

32:35

Gossip is a big deal in the gay community. I think it's a blast. Actually. I do too. I think it's really good. But some gossip being good. It's no good. It's just really fun. Well, I mean, some gossip is good. Some gossip is bad. Depends on what kind of gossip it is actually.

S Scott Lewis 32:50

How do you feel about gossip on the next Jerry Springer. 713526573871352 6k P F T. You know what, Teresa Rodriguez, and you're all too young to remember this. But a few years ago, Teresa Rodriguez was involved in this pyramid scheme and she's this big socialite, a socialite, is somebody who's married to a very rich man and runs around spending all their money on clothing at Neiman Marcus or Saks Fifth Avenue. And so she creates this whole pyramid scheme. And the police got on to it, but they couldn't get anything on tour. Couldn't get anything on or until they found her best friend was a queen. And the cop in the paper when they busted her the cop in the paper said she her downfall was she was surrounded by gay men. Gay men love to gossip and this cop says what's the old saying telephone telegraph tele queen? He said every gay man she just gave me an all around her. This was all her friends were gay men. They all just Oh officer currently me tell you bla bla bla bla, and that was her downfall.

J Jason 33:54

Well, you know am I saying is you know the only way to keep a secret? I know you're saying is sticking in the only way. The only way to keep a secret between two people is to shoot the other person.

S Scott Lewis 34:02

Well in the gay community it almost seems that way, doesn't it?

J Jason 34:05

That's why the only things I'd like let people know that. You know, let regular Queens know is stuff that I don't care if it gets around.

S Scott Lewis 34:12

Oh, that's not totally true. Like what your ass looks like when your legs are in the air at the fringe clustered regular queens. Oh, big dark cave. Haven't you found though that gossip in the gay community is just obscene fact.

J Jason 34:24

It's really bad. Really? It is with it last week? Yes, you did. Friend of mine got drunk and spilled some tea of mine which I'm not going to call in the air. I'll do

S Scott Lewis 34:33

it. Oh, why not? How many business spill and other people's tea. That's what we're sitting here talking about how bad gossip is in the gay community and there y'all are just going to spill it right there forum aren't challenges to shame to yourself. Not really. I mean, you should really be ashamed of that oily finish on your skin. You need to go take an oxy Pat in the bathroom. And you're sitting here going to spill his tea.

J Jason 34:53

But basically I think things will be okay between me and the front. I just told him not to do it again. Yeah, but

S Scott Lewis 34:58

how bad was the gossip? It wasn't it? It wasn't necessarily your turn their mics off. What did they say? What did they say?

J Jason 35:05

It's not that it's not that it was bad gossip, it's just that it caused a rift between another group of friends in mind and me. It caused some problems which everything got smoothed out. It's just I don't like I don't like gossip when it causes problems,

S Scott Lewis 35:22

you know, in between queens. Have you all had this happen between queens and this may be when you get older and more jaded? Like I am. The Queens will tell gossip you know, something will happen you know, whatever happens and then some queen will go to the other queen and go oh, girl, do you know what Miss Lewis this this is blah, blah, blah. And then the third queen. Oh, come over go. Well, I heard you. And it's like that old game in kindergarten. Did y'all ever tell her when y'all were in school? Were you one piece of gossip starts and you have to tell each person around in a circle. And by the time you get back, it's like Jason slept with Brian. Toaster.

Ω 36:05

That's not gossip. That's the truth.

J

Jason 36:07

No, I've never slept with
