## SPEAKERS

Scott Lewis, Jason

---

 Scott Lewis 00:01

Brian, toaster applied gossip we are

 00:05

not gossip.

 Jason 00:06

That's the truth. No, I've never slept with Brian sorry.

 00:12

But the toaster

 Scott Lewis 00:14

game when you would go around in a circle and by the time the gods died on all the way around the circle, then really so terrible, right? You know? And that seems to be the way that it is in the gay community. No, as

 Jason 00:25

a matter of fact, I'm currently banned from Crossroads because of something like that.

00:31

Jason likes to play with

Jason 00:33

Crossroads is what happened. Okay. We were all calling right. I really did not want to go into this pretty Saturday do

00:41

not have a fire extinguisher.

Jason 00:44

With me what happened was, we were all there's a big group of us sitting outside on the sidewalk, and which I

Scott Lewis 00:50

don't understand before we go further. I don't get this whole thing. Why do people want to sit in front of crossroads? It's 450 degrees outside. It's Houston. It's a bus stop

Jason 01:01

smokers.

Scott Lewis 01:03

It's a bus stop. You're sitting there drinking coffee. And the bus comes and blows exhaust in your face.

Jason 01:10

It's because what is the appeals for smokers?

Scott Lewis 01:13

So what you want to sniff the Metro exhaust

1000 01:17

J jason 01:17

was socializing. Anyway, what happened was there was a large there was a large group of us outside and I was smoking. Okay, and I had my arm resting on the chair. And I was kind of squished up against one of those little palm trees they have outside with little hairs on it yeah,

S Scott Lewis 01:32

if that's what you want to call Well,

J Jason 01:35

my cigarette was I didn't realize that my cigarette was touching several of those little hairs

S Scott Lewis 01:40

on the palm tree on the set Crossroads on sire

J Jason 01:43

let me finish so she's an RC it's caught on fire the little hairs caught on fire and I tried you know we tried to blow it out. But that didn't work on the tree whatever blowing me then if you can't blow out a few hairs a tree the tree went up in like less than 20 seconds I we had no time to react

S Scott Lewis 02:02

so the whole little pump at Crossroads is going up like the cabin on dynasty

J Jason 02:07

it but it went up like that. And then it was just little hairs. The whole tree didn't burn. It was just little hairs. Kind of like what Jimmy has left. Yeah, okay. We and then it blew itself out, you know, burned itself out. When inside the people who were working there didn't even realize what was happening till after it was all over. And we asked for water. I went in for water to put it out. Yeah. But by the time we finally got the water was already out. The staff didn't know what happened. I can just typical across, right. But anyway, I told them what happened. And I offered to pay for the damages pay to replace the tree because

S Scott Lewis 02:42

this is stuff Sally. So you admitted what you did? And you're getting ready to tell me now they barred you because you were honest. They banned me because I was honest. Do you ever many if you're listening Colin right now 713526 KPFT 5265. So

J

Jason 02:56

what I think I know was because some people were saying that I was using a lighter and burning little hairs with a lighter. And so

S

Scott Lewis 03:03

were you Jason it's just you and me. Nobody's listening. This is private. We're just sitting here in a room talking. It was with a cigarette it was with a cigarette and were you lighting a cigarette at the time right next to the tree under the hairdryer was

J

Jason 03:14

about the cigarette was about half its you showed me I know. But I think I think Tom and Joe heard that it was with a lighter even though tom tom and Joe are the owners across

S

Scott Lewis 03:25

I know Germany is but as is Tom and said who's Joe's boffin?

J

Jason 03:31

I don't know about all that. But you know, I think they heard that I used was using a lighter and deliberately lighting little hairs on fire and that's not here just calling in right now. Jim Geordi wants me dead. But anyway, that's what happened. You know, I still I may not be permanently banned. I still haven't talked to Tom about it since I found out I was banned. But I'm trying to like tie it bad because it happened and I offered to pay and I thought that that was the right thing to do, you know, offer to pay and admit to what happened. But obviously it wasn't I could have just said nothing

S

Scott Lewis 04:01

no in that bizarre that you go and you admit what you did. And you offer remuneration for your actions, you know, even though accidental, and yet, then you get punished for it doesn't make any sense.

J

Jason 04:14

And there was like 30 of us out there and they wouldn't have banned the whole group they would have banned the troublemakers and I'm I've spent 10 to \$20 a day there. I spent over \$4,000 in the last year at crossroads.

S

Scott Lewis 04:25

Oh my god, do you just send your check over to them or was oh

J

Jason 04:28

that's not anyway. But I mean you know, I'm a good customer. I'm not a problem customer. But until now all that's in the past and but they never would have suspected me

S

Scott Lewis 04:39

as a child. Did you ever have any incident like when I was a child one time I was playing with firecrackers in the backyard. One went off in my hand. It burned my hand. I threw it down I ran inside scared I'm trying to get some Vaseline on my hand. You don't judge me by yourself, sister. I'm trying Get some sort of ointment on my hand because my hand is burned and everything I dropped the firecracker. The firecracker was still going it set the backyard on fire just right over there on the side goes into the neighbor's backyard next thing you know, the fire department's there. And of course so, as a child, did you ever have any incidents like the only thing

J

Jason 05:25

I had as a child with fire was when I was about 12 or 13 I was at my aunt owns a autopartswarehouse on the north side. And we had said

S

Scott Lewis 05:35

that we know your homosexuality comes from she isn't gonna go die we had.

J

Jason 05:39

We had this little barbecue out there and my cousin had left the coals out all day long. You know, after the barbecue this was about four o'clock in the afternoon with barbecue was cooked around 10 o'clock in the morning,

S

Scott Lewis 05:49

causing families having a barbecue at 10 in the morning and this

J

Jason 05:54

family thing this wasn't a family thing. This was a work thing and just we get there so early that

that's about lunchtime. Anyway, the whole thing sitting out we drenched this which I believe we drenched them in water and so then he threw the coals into the dumpster

 Scott Lewis 06:06

after you drench them in water after they'd been drenched in water. Did you see him drenched in water? Just assuming they saw

 Jason 06:12

my cousin drench them in water but they obviously had

 Scott Lewis 06:15

you never drink you in water No. Okay anyway Did you want your cousin to drench you in water? No. Okay not

 Jason 06:23

been fully extinguished and it caught the dumpster on fire mind you at an autoparts store with all these other types of things thrown in there that when

 Scott Lewis 06:30

they leave I'm not that familiar without a part stores but anyway go ahead with your soil

 Jason 06:34

and stuff like that because residues on all these cans and bottles and boxes and big old dumpster fire and

 Scott Lewis 06:40

burned down and auto parts store is

 Jason 06:43

not a part store this was my cousin's dealing my cousin was responsible I just that's the closest thing I had to in incidents you

S Scott Lewis 06:49

saw that he didn't fully extinguish the charcoal with the water you knew there was potential for fire you burn down the auto part store now you're burning down crossroads.

J Jason 07:00

Anyway, you know what let's get back to the love dedication because I found a good song for  
Did you so go ahead and say who it

S Scott Lewis 07:07

is we know it Brian called in and he said I love you are there anybody else? No way Tommy called the other people on the show tonight except you know, because they won't talk and they have a paper route in the morning.

J Jason 07:18

Oh, so they'll be able to come back on after this song. Yeah, they have a paper in the morning finish the important story.

S Scott Lewis 07:24

And where's the fajitas is Big Boy cooking.

07:27

Rig big Roy cook Sunny

S Scott Lewis 07:29

526-573-8526 KPFT. Get in on the conversation and the the kind of fun we're having around here. If you're sitting at home playing with yourself, why don't you call up and play with us? This is going out to Brian from Tommy who says I love you don't get leave it and they're

Jason 07:49

all liars. I'll introduce a song after we play it so it'll be a surprise. I think that was a pretty good love to hear your question that was Dmitri wrote to me. What do you think Scott? Oh, I

S Scott Lewis 08:03

Journal of Oral Rehabilitation 2006 33: 1000–1006 © 2006 Blackwell Publishing Ltd

thought it was fabulous. I love that song. It lets me have it. It's my favorite. Was that like the Mini Mix? What was that? It was two minutes. I couldn't even read this letter

08:14

so Jason has ever played.

08:17

Yeah, usually these dance things. 810 minutes. So what was this about?

Jason 08:22

Which mic? Are you on Jimmy?

Scott Lewis 08:24

He's sitting on number seven or five? Seven. He's sitting on it. So the only thing it'd be like listening to a seashell? Are we are we there yet? No. Are you there yet? Is the question. Have you ever read this letter from prison?

08:42

No, read it to us. We'd love to hear.

Scott Lewis 08:45

Have you on digital read this. We're not going to. Okay. Well, we won't be reading that this week. Hey, is the French Quarter still up and we could call over there and see what's playing?

Jason 08:54

No, they closed about two on Saturday. Just go get a copy of the twit. It's not the same. It's not the same.

Scott Lewis 09:03

I'm sorry. Things just staying the same. Okay.

Jason 09:07

So now we've talked about gossip. We've talked about crosswords. Let's talk about her little fire burned on the bathroom at a gas station in there with Michael Well, yeah, several questions

S

Scott Lewis 09:17

about you being in the bathroom and burned down the

♂

09:20

bathroom. I do want to know the story. Okay, I used to

♂

09:24

know I'd rather imagine it. Go on.

♂

09:28

Okay. I was about I said I'm gonna say about seven or eight just to be cool. Last week

J

Jason 09:37

he's kind of witty.

♂

09:39

He's kind of anyway, I was at this bathroom and me and this girl. We're playing with these matches and we burned it started out it started out with the trash can. And it went from the trash can and it was an old Texaco station went from the trash can up the tile wall how tile burned? I didn't know tile burned. Anyway went up the tile wall and it went into the shingled roofing Before we knew it, the fire department was there and my mom was there with a big open jail

S

Scott Lewis 10:04

get to the part where you went to prison.

♂

10:06

I did not go to prison like you Bubba did not get a hold of me like you so I don't have those stories. You Scott. Scott. He just wants me to go to prison, doesn't he?

 Scott Lewis 10:19

I'm sorry. Was that supposed to be paying attention? Was it supposed to captivate me?

 10:25

I don't know if it was

 Jason 10:26

hi Rudy at work. Some big bad boys boyfriend. We

 10:31

I think we're not gonna go.

 Jason 10:31

Daddy, Jimmy. Give it to me. We got a new listener from Memorial Northwest Hospital who's just flipping through the channels and happened upon us. He's gonna listen to it was like

 Scott Lewis 10:42

he was listening. Thanks for listening and KPFT he was trying to find that Christian station.

 10:47

Oh, it's a doctor. Oh, we

 10:49

want to check up a page at 87135

 Jason 10:51

to six KPFT. I'm available.

 10:57

Late Dr. And a long time.

J

Jason 11:00

Three weeks for me.

S

Scott Lewis 11:01

Yeah, last time, three days last night. So I beat all y'all so Marie Curie and she was inventing the X ray.

J

Jason 11:12

Scott Lewis and Jimmy get on the air together.

S

Scott Lewis 11:16

So Rudy, that's kind of a Hispanic named Archie thing that does really kind of Spanish and Spanish Rudy's. Listen over at Memorial Northwest, aren't they the hospital that just merged with one of the two big hospitals that just merged 12 folks

J

Jason 11:29

has become Bayou City Medical Center.

S

Scott Lewis 11:33

Oh, no, I said big hospital.

J

Jason 11:36

Oh, wait, you know what we've we've got to Don't we need to play the little cart thing again, which when it's at the

S

Scott Lewis 11:44

top of the Clinton thing. Clinton

J

Jason 11:48

thing. Okay, so Jimmy's gonna have to do a type thing, because I don't know how to work this out. We'll see. It's on the cassette. And see they've moved the set here. It's on Mike too. So we

have to shut Mr. Lewis up. So and Jimmy does that was so much glee. Isn't that a shame? Miss Lewis is just sitting there.

∅

12:05

This is something. Yeah, whatever. It's 5265738. And you're listening to after hours, queer radio with that attitude. And this came off the internet and one of the other programmers here at KPFT. Neil from the dead show heard every Friday night 11 to two.

∅

12:28

That was Jason's sex life.

J

Jason 12:29

Now my sex life and Dad Yeah, gave me a copy of it. And oh, this is fun. You're gonna like this. How long is it?

∅

12:40

About it's about two minutes

J

Jason 12:45

then this winning fake, that is too much.

S

Scott Lewis 12:51

Less than Jimmy charges.

∅

12:52

I think he was great. That's the second time I've heard that. And that's the first time it was good.

S

Scott Lewis 12:58

Oh, yeah. I don't even know what the hell you're talking about. What's the difference between the executive branch and the legislative branch

13:03

the executive branch has to do with the White House. That's all I know. Till the

s Scott Lewis 13:10

movie and it stores Harrison Ford. Got to be up early because they have a paper route.

13:20

Just because you're trying to tell everybody you're 25 girl.

s Scott Lewis 13:24

I gave that up years ago. Just like you should have given up those teeth. Carving done.

13:32

What's wrong with wooden teeth?

s Scott Lewis 13:34

You know back when you were dating George Washington? Yeah. Is

J Jason 13:37

that where you got? Is that where you got the money for the wooden teeth George.

s Scott Lewis 13:42

Well, good. Let me tell you a story about a cherry tree

J Jason 13:46

did he take the did he take the teeth out for you before? Grab Do you think I learned that? I was gonna say wouldn't that call splinters now?

s Scott Lewis 13:54

Did you hear about Indian who led Lewis and Clark well I have a secret to tell. I don't know if I want to

J

Jason 14:01

know. Okay, well I guess we ought to go out and do the city giveaway.

S

Scott Lewis 14:06

Is anybody going to call Is there anybody out there who's

J

Jason 14:10

been getting phone calls it's just boy hasn't been giving us a message

S

Scott Lewis 14:13

it's on number three is starting kids and it's the hottest song of the summer and all the dance classes and how many of these are giving away those two right there okay, so

J

Jason 14:21

she's got to this CD is to give a brand new came out on Tuesday let's say callers number two and three so the first thing there's going to be three colors I think there will be if there's not well then I keep the I don't

S

Scott Lewis 14:37

get it yet because you don't know what the hell it is. You have to want it should I know start showing the call right now gets me. Oh hang up now hang up.

o

14:46

They just hung up.

J

Jason 14:49

Oh, throw the number out there.

S

Scott Lewis 14:51

We got to do 657385 to 6k p f t the hottest song of the summer on all the dance floors and her new single just came out about three weeks ago and it's already skyrocketed to number one. It

new single just came out about three weeks ago and it's already skyrocketed to number one. It is just as good as this one. It's called nobody's supposed to be here. Incredible. And this is the biggest song of the summer from Deborah Cox. It's called, things just ain't the same. She is so flawless. She is so flawless. She this was that was probably the biggest song on all the dance floors this last summer and her new song is called nobody's supposed to be here. And it's just as good if not better in friggin credible and we gave those cities a little bit boy, they called in quick and quick. I mean, I was faster than the time I offered myself for a weekend. I mean, mines just lit up instantly.

J Jason 15:45

Lord help me. I got another song I want to play.

S Scott Lewis 15:50

What's that? Oh, that's Danny Tenaglia know that. You know, we have a real live DJ in the house. This is her second

J Jason 15:56

time on the show, because I've seen her before. Have you

S Scott Lewis 15:59

ever? Who is he? David from from? Well, you know, who David Fuller. And they're bringing the roller rink back here in town from where EJ is. They've got that new roller rink going on over there. Have you seen it? It's fabulous. It's very Tales of the City. It's very, you know, Maryann and mouse circling around to new dance floor. Yeah, well when you build it on a two by six Hey relax, sister. Now I love ads. So sweet. I sit there and Scott Kennedy and I went the other night and we collected our gift certificates to HEB off that gambling machine that y'all have in there. And we had a blast. I love it. I love you're getting new lights. I heard finally, finally new lights. But you have a new songs because David's a big old a bit odd David's a big ol everything. But this isn't a

J Jason 16:52

real new song. It's been around for about a month. I guess

S Scott Lewis 16:55

that as long as you're asked on the weekend. So this is Danny Tenaglia

J Jason 16:59

No, this is not Danny Tenaglia Who is it? This is Agnelli and Nelson

 Scott Lewis 17:04  
who should have never even heard

 Jason 17:08  
Nino pensive riches song for you. I bet you have

 Scott Lewis 17:14  
the richest credit as well. I'm sorry. Too young for you. Are they? You slept with

 Jason 17:18  
everybody else in this town? I don't know why you wouldn't have slept with him right?

 Scott Lewis 17:23  
This is true. Jealous little bit why don't you just play the summer I

 Jason 17:27  
am just kind of give me a second to push all these friggin buttons.

 Scott Lewis 17:31  
Second tell it would take I'm sure

 17:37  
okay, that's That's it.

 Jason 17:41  
I'm pushing buttons all over the place. Oh, here comes Miss Lewis tardies usual. She's busy talking with a DJ friend.

S

Scott Lewis 17:46

I was out there trying to get big Roy to make me up a big fajita talk. You know how I love beef.  
It would take

∅

17:53

a big chicken.

S

Scott Lewis 17:58

If you had your coffee tonight, it's not the costume. It's the it's the Paladin. It's not quite secure.  
Too early today sort of starting, they're starting to slip. In that kid the way he belly

J

Jason 18:14

wouldn't be great if there's just TV so you can capture all these looks and

S

Scott Lewis 18:18

people you know, they try that with Howard Stern. And it's just not the same.

J

Jason 18:22

Although I was watching the Howard Stern thing tonight. And they had gay dancing on there. I  
mean, Howard Stern was dancing, getting down with some gay man and they were all getting  
down with him. It was pretty

S

Scott Lewis 18:32

fabulous. Did y'all see it? Does anybody I'm probably the only person in America. I don't know  
how the show's ever gotten renewed. Does anybody watch Nash Bridges on Friday night? Oh,  
watch it.

J

Jason 18:40

I used to watch that. Now I actually have a social life. So I don't watch TV on Friday nights.

S

Scott Lewis 18:46

I love that show. It's got Don Johnson and what's his name from Cheech and Chong? Whatever  
each man. Yeah, okay. But you know, he's old and like, not clever anymore. Like Jimmy. But

last night, they're in San Francisco, and they're cops in San Francisco. And last night, they were starting this whole detective agency, but they were starting a gay detective agency. And Don Johnson is like, what's going on here? And he's like, Well, you know, they have everything. They have gay doctors, gay Lawyers, Gay psychiatrist. You know, we started as gay private investigators. As soon as we get the word out and get a reputation, we can expand, we'll have some business. So their first case was a shared drag queen, who had an actual share wig from like 1979 that shared worn on stage. And their job was to get it back from this other shared drag queen that had stolen it from her. Oh, it was fabulous. It was I guess she had to be there.

19:37

They had another episode where they thought Nash and his little partner whatever his name is. They thought they were together and they went to a gay marriage. Everything was hilarious.

s Scott Lewis 19:45

Yeah, last night, they were going to gay bars and an act and gay it's really a neat little show. It's no Spin City, but you know.

J Jason 19:54

Well, I've got a song queued up

s Scott Lewis 19:56

a venereal disease. No, that's

J Jason 19:58

your problem there. Yeah, you see the doctor for that shot?

s Scott Lewis 20:03

Yeah, I did. Thanks for letting me know that you found out you had that after. Anyway hounded me and

J Jason 20:11

this is Mike's no overt spy. And this is

S

Scott Lewis 20:16

a Spy. Spy that closed spies close. Oh, you didn't hear about that and speaking of gossipy dirt is that one of the one of the owners of the bar was selling cocaine and the TIBC came in and took their license away. Mike snow allegedly allegedly they weren't. I'm sorry. Well, allegedly they were doing that and they did

J

Jason 20:42

differences between T and fat. Yeah.

S

Scott Lewis 20:47

Yeah, so no, but the fact is they did lose their license from the TIBC for a couple of weeks and they are closed as of a few weeks ago permanently. Now I think they just got a like a two week like the first offense is two weeks so the first offense for selling Coke is two weeks not the first than first allegedly the first the first violation allegedly of doing allegedly anything allegedly. That violates allegedly the TIBC allegedly code is a to allegedly we

J

Jason 21:22

are gonna make this drug this

S

Scott Lewis 21:25

plays you should there people anyway. I'm not gonna go down that red

Q

21:30

dragon further. Miss Scott Lewis is not pretty I've seen it.

S

Scott Lewis 21:34

Anyway. So yeah, but spy spy was allegedly closed. It was closed a couple of weeks ago, and I don't know if they've been able to reopen or we're not

J

Jason 21:44

gonna play this whole song because we're gonna have to cut it short. When we close up

S

Scott Lewis 21:47

the show. You know, we should make a couple of announcements. So first, shouldn't we? I like

the show. You know, we should make a couple of announcements. So first, should we? Let's go.

J Jason 21:51

Let's go and go that hash number out again. Yeah, like, since you're my co host, would you like to do something and throw the hash number? I'm sure ya know, the hash number.

♂ 21:59

No, I have no clue pull up. Yes, I do know what the hash number is. I have it right here. The hash number is 713942702.

J Jason 22:09

And that is a voicemail and these children are just cracking up to death. That it's a voicemail line. All calls are returned completely confidentially. And we will try to follow your calling instructions as best as possible.

S Scott Lewis 22:21

You know what I would also say that don't forget that next Sunday night the Big Bad Boys are laughing about gay comedy is at the left stop Scott Kennedy who's fabulous. The last step next Sunday night it benefits the Houston lesbian gay community center 5242333 for tickets you know what the last step also hasn't we'll have tickets to giveaway here on after hours they have which is a huge coup, Elaine boozer in November and we'll have tickets to give away for that as well.

♂ 22:55
