For there sure are a lot of them.

04:42

Yeah, plastic glasses. You know, you just go on and on.

04:50

But here I'll give it

04:52

there you go. That's pretty good. Yeah, well, hey, Yeah. How about light slacks? True? Yeah.

06:02

Here's the government organization for a metric for sanitary landfill. And

Chris is here fresh from control. Includes religious right? That's right. Right.

06:21

The 12 ounce pancake?

06:25

Yes, yes, it's right. You had this other thing that was like we're animals from

06:34

cow's milk and causing ozone depletion or something. Somebody actually did a study on him. I don't know who it was after the food. Tube or something sucking up methane gas from Cal belches or something. That's,

07:03

Yeah, there were weird little animal panics that so yeah. That's ever since you got that computer, you've just been really doing this stuff?

07:11

Well, you know, what do you think your

07:15

computer is gonna do to libraries finishes kind of eliminating libraries and eliminated mine?

07:22

No. Okay.

07:24

But so you're a collection? We can't help you collect books, even though? You know. Just you're a collector of things? Well, yeah. I'm just saying that the computer will eventually wave, essentially, eventually eliminate libraries, because you have all that information just right there, rather than having to go out and get it, possibility. But the thing is, everybody has to have a computer.

08:01

That's the thing. And as it stands for EDA, we don't know what's going to happen in the future. For that a sense right now. You have to be kind of in one place to have a lab computer, but you have to be in one place. With the book, you can take it anywhere you want.

08:15

That is true. So, but the I don't know, the lending library, maybe? I think it may just felt the demise of the lending library.

08:29

Well, I never used one anyway, if I thought it was good enough to read, I bought it.

08:35

Well, yeah, but, you know, there are a few of those things that you just want to reference and then give it back to home here. You know, once a whole encyclopedia is sitting there, full set of them sitting there for all he needs a couple of little pieces of information. You know, well,

08:58

you can't ever have too much. I guess you can

09:02

do we get a we got a thing. Yeah, we got that. Then we know where and when and why and how

09:09

09:14

TV Vaughn trends in the scene here, Davy

And they don't have the the Asian show. Come on right now. It's kind of weird. Yeah. You're just so used to that. Coming on like, I mean,

09:46

right there boy there Yeah,

09:47

09:53

Yeah, so TV Montrose. Yeah, it's a good show.

09:59

Why don't they just sell Ready their first day anniversary?

10:02

Yeah

10:04

it's been a hard road for them Yeah,

10:05

I know that a hard road but they haven't given up and they're still there with it.

10:10

They've got moved into that office and stuff. Are they still there? Yeah. Okay and all that in

10:15

They they have it on there on the big screen TV. So cool. It's cool. So let's give away because Roy's and expecting this either. Let's get oh, we like to keep them working. Yeah, work it right, honey. Let's give away some movie tickets. Apparent movie tickets to means steam. And we'll just clean out all that other stuff. Like we said before, Steve steam steam. Maybe he said it. Maybe he's there too. Maybe that's who's gonna win right? Steam which is the sultry world of Turkish baths emblematic of men's erotic love and desire for each other. Yes, that's happening Friday, April the ninth at land mark Greenway theatre. Let's give a pair away now. Well actually send our code out. Now so that we got it. There you go.

11:55

So music,

11:56

Hedwig and the Angry edge. This is the opening number from it. And it's called tear me down. You're listening to it on after hours. Queer radio with attitude on KPFT Houston, and ke O 's College Station. We are the sound of Texas, ladies and gentlemen.

12:23

Whoa, that is rousing music isn't it?

12:29

It kind of sounds like a pop.

12:31

I really like that. I really liked that. And, you know, the rest of the album has that same kind of energy has copper, you know, a couple of ballots and stuff in there. But that same kind of energy. That's fun stuff. I like if our listeners would give us a call at 5265738 and let us know what they thought about that tune. Yeah, we can play more. We sure can. But in the meantime,

10:50

12:56

and this musical is it a is it a play? Is it a movie? What is it?

13:02

It's yeah, it's a play. Oh, it's a play? Yeah, it's a stage play. It's not a movie yet? Not yet. Not yet. They're working on it. Okay, okay.

13:14

Well, I didn't know you could see this thing somewhere.

13:18

But no, right. Not right now. I just have to get the soundtrack.

13:23

Uh huh. And here's Chris making his way Well, I can see his reflection in the glass and then he got big but not that big

13:36

13:52

Okay, it's not what it says it is on the little flyer there.

13:56

No, it doesn't give a time. Oh, okay. That's why you gave me the note. Ah, gotcha. Okay.

14:01

I usually these is that they sneak preview something like that Yeah. That you have to get there

usually these is that they sneak preview something like that. Yeah. That you have to get there early because they Whoa, they can fill up they feel

14:14

14:24

You mean there might be we manage well, I don't know we

14:27

14:34

actually a

14:36

weenie just as opposed to cleavage. Yeah cleavage for we women we manage for men. No, it's Prestidge. Bro breasted. Okay.

14:46

And we need excuse me, actually was a surprising movie. I saw the head windage in wild

14:53

things. Wild Things had wild

14:57

things. You see a whole lot of Kevin Bacon in his way niche? Oh, yes. Oh yes. Wow, what Matt doing in the, in the shower. Well, he's tight. He's taking a shower and just throws the door wide open mat bill in there in the bathroom.

15:18

I heard an interview about that shortly after they made the movie. Yeah. And they didn't realize that they got that shot in the movie. They got it on camera. So the producer went up to Kevin and asked. We happen to get a crotch shot. And all Kevin asked was well, does it look okay? And they said, Yeah,

15:35

fine. Yeah, yeah. It's impressive. Really is

15:42

just one a really good one. Have you seen pillow book? Pillow? No. Read it fast forward to the first half hour.

15:50

Oh, no. Is that a foreign film?

15:53

It's about a Japanese writer who submits her manuscripts to her game publisher. Yes. Writing them on men's bodies. See you and McGregor from Trainspotting is in there.

16:05

And I bet he's all naked and everything. I didn't get

16:07

past the third book it was

16:12

and that's the rest of the movie is really bad. Chris

16:15

she'll be here. Yeah, she will. We won't be able to stop them. It'll be here. He's sitting. He's I guess he's gonna sit in for Michelle. We may have some wires crossed here. Michelle may be in Austin doing the Austin thing. Yes. You know, we quality begins. Yes, yes. We may have like three listeners out there tonight. Who knows?

16:43

Yeah, they're all in Austin. Yeah.

16:46

Well, they're all winning tickets. I'll tell you that. Yeah. Yes, they are. How about a blast from the past?

16:54

Okay,

16:54

17:26

17:29

you like that? By by living color. Well, we've been discussing how dizzy I am tonight. Yeah, but I don't feel half as bad as my predecessor as male co chair male. CO Grand Marshal. Oh, actually just co Grand Marshal doesn't have to be you know, male female thing. Okay, just call Grand

Marshal.

17:59

So why should he be dizzy my

18:01

predecessor? Well, here it is came over Hey and net good ol hand net. Afterwards, after several discussions with Wayne Gray, the owner of the briar patch. It has been decided now I got this thing. It's like yesterday, the briar patch. It has been decided to reschedule the hams from hams show. Originally scheduled for this coming Sunday March the 21st. And in its place waynebow will be hosting an academy awards party at the briar patch. That's coming Yeah. Tentatively. The hams from hams show benefiting the PWA holiday charities Easter giveaway program will be moved to Friday March 26 9pm at the lazy J Okay, well nothing like just you know, wait until the last minute Bob bouton. So I don't feel quite so dizzy. There are other people as busy as I am tonight. Yes, and it was lovely seeing crystal last weekend. Crystal Ray Lee love over at the outpost where Ed Glaeser were Glasser was having benefit for the switchboard. There's quite a few court people there Bob boutons, Emperor of the court. Oh, get out. Yes. He is the Emperor Tada.

19:32

So he gets to wear the little tiara on his shoulder. Yeah, yeah, he already was doing that. Yeah. Cool looking. Yeah. You know, they

19:41

have Chris gets to wear it in her hair and, and he has the smaller one that he wears on the shoulder. I think that's really cool looking. Yeah. Why he doesn't worry about his head. I don't know how to. Usually he's wearing a cowboy hat. Maybe that's it? Yeah, maybe thank you guys. It's here. We'll just fit around the hat. You know? Wouldn't that be cool looking?

20:01

Or just a tiara with a brim on it? Oh,

20:06

that would be great. Oh, somebody's got it. Yes.

20:12

Somebody's got to make that

⌚ 20:13

Tiara gimme cap

⌚ 20:17

with a cap on there. Yeah, please.

⌚ 20:20

If you are over 25 Turn that cap around unless you're going into a bookstore he or two old does that cat backwards

⌚ 20:34

or play air guitar? Oh

⌚ 20:36

yes. Don't do that either. Oh, like that commercial? Yeah, those two fools play an air guitar. selling those you know tired songs from the 80s

⌚ 20:46

Oh, God, just horrid stuff. That challenges survives on music. This

⌚ 20:54

it's I don't know when it's your size. Later on after the news, which should be forthcoming and quickly. I've got new music, new music, new music from Glen Mead more and \$3 bill as in prayer as dollar bill Yeah, this is kind of more on the Pankaj side. Actually glutton me more. Is a progressive BORN AGAIN country punk singer.

⌚ 21:22

Oh, okay.

⌚ 21:23

It's an incredible mix. You don't want to miss Yes. All right. Yeah, there we are. There we are. So are those news people ready yet?

21:38

Yeah, really?

21:40

Was we've we began but you

21:44

know, we haven't we have a lot more things. There's a lot more things I wanted to talk about. Like.

21:50

Like, where was her knees shifting through the paint? Oh, I

21:54

had it right. Every Wednesday night is Skate Night. Skate. Oh, they still doing that? Yes, they every Wednesday night roller skates. Roller skating night at that place keeps changing names though.

22:08

It's still way out on dairy Ashford and Westheimer. Cook

22:12

road at beech. Oh, that one? Yeah. At 75 Cook road. Its Zenith skating rink. I thought it was a different. Last time I was out there. I didn't seem like that was the name of it. Lambda roller skaters every Wednesday night, from when to win eight to 10, eight, eight to 10. And they always have fabulous door prizes. So go out and wear socks. There you go.

22:39

What were two pair socks because you will get blisters.

22:43

I never did, really. But that I don't skate that much either. Yeah. I stand around and talk about do a loop and then at around a force, it takes me you know, about four or five minutes to do the loop. I'm exhausted by the time I finished doing that.

23:04

So the speed the Speed Round is not for you. No, no, no, no, no. No. Do they even do races? Yes, they do. They do they do? Do they still play wipe out? You know, that used to be the race song for all

23:17

of its races. But they do the whip thing? No, it's not the races. Oh, okay. Well, no, they

23:23

get out there and see who can skate fastest. And without falling down and stuff. You know?

23:28

Well, that ain't May. Yeah. But still, it's a lot of fun. Because if you fall down, it's just the friend. Well, when you're looking for a date, then I guess. Yeah. Looky loos guy points. Yeah, but hey, really bad. Yeah, it's not like somebody's gonna beat you up or something. They're just gonna not go home. They're just gonna run over. That's right. It's just bad advice.

23:53

Can I ask him

23:54

out for a really important what a klutz? Forget it. I

23:56

really hate it.

23:57

I was very good at ice skating. Really? Yes. Oh,

24:01

I tried it twice. You know, you try the first time. For most, the most of the skill requiring activities

24:11

is not good. No, no, no, no, you have to do you have to do quite a few times. I was kind of born to it. Yeah.

24:17

Well, I tried it twice. I thought okay. Okay. The first time was not that great. You know, so the second one, you have to Okay, strong ankles. No, okay, fine. I'll try it again. And second time was even worse. It was just horrible. So I just I just made up my mind ice skating is not for me.

24:36

Yeah, it's so much more versatile. I mean, you can do

24:39

just I don't care about just about tried it at all like Well,

24:45

it's been fun having you here

24:49

it's just what I did that belly flop on the ice after that Zamboni machine ran over the ice you know and and it like gets really really slick. Yeah. Well, man is like one corner was kind of slushy, but I just fell down. I just slid on the ice. And this little kid came by and said safe.

25:06

And that was it. And as as

25:10

Oh, I said, I, if I could just fall on you. If I could just fall on you. I'd be happy. But but you know, I couldn't catch him. He's too darn foul.

25:22

I know. That's what kids are.

25:27

But that was my in the end my skating career right there, man. Okay, no more of that humiliation.

25:35

Well, you know what, Jim? No. You What? The news? There it is time for the news and our

25:44

hours. With the show and rolling

25:55

it out. We don't have Kirk here anymore.

25:56

I know. I was

25:58

just about to say it. Was he supposed to make a tape for us is that yeah, he was. Well,

26:03

you don't want me to sing. We do want to keep our listeners

26:08

we get enough complaints when you get on the air as it is now and you're single lose the other ..

three,

26:13

hey. We've taken the calling after hours, news and views because I was discussing what we do during the news segment with my lover and he said, Well, that's not news back. So pinion. I said, Oh, well, maybe we ought to just add to that news and views because we do give her opinion. So

26:40

are you saying I'm opinionated? No.

26:45

I'm trying to make several points. I might as well say that. Roy, you're trying to make as many points in your speeches as you do on your head.

26:53

I tell you what, well, let's put it this way. Well, a big brother Jim there. I guess we know you won't be upcoming Rudy. Glenda on the well. Okay, well welcome, everyone to this week's edition of after hours, news and views. And tonight we have Chris sitting in for Michelle. And we got quite a quite a lot of things happening this week. This is a very important weekend. When stuff I mentioned that today, there was a rally up at Austin.

27:29

The youth rally was yeah,

27:31

it was the youth rally, which happened today up in Austin. And Diane Hardy Garcia, a bunch of others were speakers and with this youth rally. The focus of the youth rally was was to try to end discrimination and in the public schools and do something about the hate crimes that are committed against gay lesbian bisexual students in the schools. And going along on that No. Further first time, now I'm given a report here as I get it from the Houston voices reporting this, that for the first time, the federal government has included information about protecting students from harassment and hate crimes based on sexual orientation. That's in a policy guide that has been issued to the nation's public school systems. Now, it was issued in mid January, yet it does not appear to have any immediate impact school officials and gay community leaders here in Houston and across the south, so they have not yet seen it or even heard about it. Now, this is 158 page guide, which includes samples of policies already in place in some

jurisdictions, and represents the, for the first time the United States Department of Education has included advice for schools in protecting gay lesbian students in a manual that has been designed to help establish school policies.

29:00

And something like that's something we can really use and use because if I remember correctly, there was a study that came out and they didn't use the report card grading system for and I do not believe maybe valedictorian? I don't know, we were pretty Yeah, I if I remember correctly, I remember seeing that letter quite a bit on my report card. And I my family wasn't happy with that letter, I think was closer to F than anything else. And it's a shame that we see that still to this day, especially in the city that was supposedly so progressive, in many ways.

29:31

Well, I'll tell you what, you know, the Gay Lesbian Straight Education Network is did a survey of 3000 students aged 16 to 18 and 48% that they are biased against gays. And now that number is up 19% from last year, up 19%.

29:53

Unfortunately, it still takes it takes a lot to try and get those numbers down.

29:57

Now, according to the FBI The Federal Bureau of Investigation, they reported that 848 incidents of hate motivated crimes and school during 1997. And that's the most recent statistics that we have. And that number represents more than 10% of all the patrons, and does not take into account the incidents that were not reported.

30:23

Oh, yeah. And you get a lot more of those unreported cases, and high schools. And the worst part is a fact that once before her, I talked to the first member of the patch, I was giving a presentation on hate crimes last month, and there was one, one young kid in there that he's going through hell and high school, and the principal is looking to throw him out of school for being a disruptive influence, because he's out in the open. And unfortunately, the people upstairs at his school here is just wanted to decide on a good day, he only gets gets called names and spit on a few times. And that's a sad thing that occurs in our schools. And I'm, unfortunately, hatred, something that you can't really legislate.

31:07

No, you can't you can't change people's hearts, but you can make it illegal for them to save.

31:16

Hopefully all as well, as far as as many as you saw some distance from center, right to make all these policies that when there's Toothless, that no one's nothing's going to happen to the kids. That's the downside, going along with with

31:28

that same kind of structure that you're actually bringing out. Did you know that gay, lesbian, bisexual transgender kids, they make two to five, they're two to five times more likely to skip school than their other classmates. Because they feel unsafe. And according to that same gay, lesbian, Straight Education Network, gay, gay kids in high school are twice as likely to consider suicide, and four times likely to attend.

32:02

That's an unfortunate thing. I mean, why would I mean, it was a young kid growing up, fans hot, you don't touch it. So if you're gonna get all of us events for why would they want to go?

32:12

You know, and so that's why we do need, we do need something to be done.

32:18

It's a it's a shame that we have. The only time you hear about this, when we hear the bad stuff that comes out for us that Bruce has made a choice of who they want to believe into their spirituality. And they've always been able to push forward and get their protections and their rights within on that. But someone, it's not a choice. But even if as far as the choice isn't my choice has the same have the same opinion as someone who wants to believe a certain spirituality that they should receive a treatment that's, that's higher that you can't go in and say something against them. It's, it's unfortunate in that, hopefully, we're gonna see some of some of this is going to come out that actually makes some difference to

32:58

people. I'll tell you something, and I'll tell you something else about this, which is that we have the political and the religious, wacko. So those right wing, you know, who say that, who are so opposed, they love to say that they are in favor of that they are so pro family and family values for both hate, hatred and physical oppression is not a family value. And I do not know of any religion, Christian, Muslim, Jewish, Hindu, Buddhist, I do not know any religion in which he is part of their religion nor where you physically affect people. Is condoned in the

33:50
