---

 Chris 00:02

It's it's a big event we're going to be that's going to be going on with all these rallies. And then tomorrow is going on Monday, where the people actually go in and talk to the legislators and let them know we're here. And we're asking for central things. We're not asking for free given the keys to the city, we just want to be allowed to walk through the front door of this job. If you want to get to the March, it starts at 1230. And it's going to be going from former auditorium along Congress Avenue mispelled Avenue Avenue to the Capitol building. And so use that that was a lot of the day. And there'll be another celebration. Return when the people return here, march 26 7pm, at the Houston lesbian, a gay community center at 803. Hawthorne, which will be a follow up. Houston celebration. Oh, I'm sorry, I

 Roy McCarthy 01:00

that's my story.

 01:00

I was reading down on my arrays and I I stepped on Roy's toes.

 Roy McCarthy 01:05

Anyway. But you know, that all this past week, the rainbow flag has been flying high and proud above the Connecticut State Capitol appearance.

 Chris 01:17

Oh, I have no I have nothing watching out for my 700 club to know that that has happened. So is it going to be a meteor or a coordinator or hurricane has been hit hard for

R

Roy McCarthy 01:26

I don't know, probably

C

Chris 01:30

the Connecticut State Capitol I would have figured Pat Robertson was about saying that UConn was not going to make it into the final four. for displaying the rainbow flag UConn will not make it to the NCAA championship while they're in the Final Four. Now, Pat, so it works.

R

Roy McCarthy 01:45

Anyway, well, you didn't step on all it was but I will say that. There the case there will be a celebration for wrap up the equality because at home, and it's going to be a Friday, March perfect. Like Chris was saying. And it begins at 7pm at the Houston gay and lesbian community center. And this special evening will be called equality begins in Houston celebration. Now, folks, the entire community is invited to attend this event. And there is no show organizers are listening for videotapes that are taken earlier this week to play during the event. So if you have one, bring it next week and we're welcome. Again as well quality because this coming Friday at the community center 803 Hopper 7pm

∅

02:35

on restaurant a candlelight vigil.

R

Roy McCarthy 02:38

Yeah, well. We'll go ahead and talk about it. Well, also, there's

∅

02:44

what appears in other parts of the candlelight vigil that I could just talk about, they're

C

Chris 02:51

very mechanical and visual, they're gonna focus on people have died as hate crimes. With emphasis on the recent murders of transgendered people here in Texas, there seems to have been a rash here a couple of weeks, that a month or so ago, there's also going to be a memorial for those people who have died of AIDS. And the final, the final part of the visual will recognize the throw away of the community where the parents have told the kids to get out of the house. And I'm sure that happens to some of them can talk about that a lot. They will see

that a lot more than what we may do out here. But after the ceremony, there'll be an open mic for those who like to share their experiences with hate crimes and stuff. Such as the candlelight vigil. Also there will be lunch or if it's too late for you to get in there. But if you email to GG, GG of the show here, vi h I USC at flash dotnet. I house our flash.net. They're going to be having Memorial cards that business card cards have suddenly turned Boston. business card size is going to be available in candles to river whoever you wish. And it may be a little late but give it a try. Now we're talking about some new talent in our news reporting.

R

Roy McCarthy 04:16

Right. The cue from voice is saying farewell editor Matthew Hurney. And there's welcoming in their new editors and incoming editor Anthony Connolly. And Richard Lee Hayes is going to be their new advertising representative rather first

J

Jimmy Carper 04:35

the Haines.

R

Roy McCarthy 04:37

Richard B. Eddie rate they invite everyone to Park Hill and ogres reception in honor of their advertising and staff members and their contribution to our communities. And that's going to be held up I love it in 501 Lovett Boulevard Wednesday March 31 530 to 8pm and And you've enjoyed catering from trade winds next week collaborate between Fox diner and Tony mandala. And they will, they will give a free full page ad to an attendee of the reception. So mark your calendar or your friends, and they'll see their voice welcoming party

o

05:21

free full page ads

J

Jimmy Carper 05:23

so like if I win, what do I do? Put my stamp on it?

o

05:27

Probably for one mediocre time

o

05:29

called Jim Carper for mediocre

R Roy McCarthy 05:34

I think it's probably for their advertisers. But they're willfully

O 05:37

everyone. Well I know a few people that could use a careful we'll discuss them on different Yes, certainly. Well. Chris,

J Jimmy Carper 05:51

oh, that tire thing she's still trying to put on that show next week, isn't she? I guess she is the stars are bright. Carolina's hard Well, that's just like the performances she misses here and there with the

R Roy McCarthy 06:08

House vote that was missing and that me Don't blame me.

C Chris 06:11

Boy look at the life on the Prize Committee refused to official fundraiser my rainbow the clown. And these two I actually have to say this word was taboo. Yes, the Baboon, Nancy for the is baboon. Sounds like a cart.

J Jimmy Carper 06:31

Yes. The Animaniacs.

C Chris 06:34

I should do any J's at 2517 route Street.

J Jimmy Carper 06:41

And Nancy would be here tonight. If she wasn't going to Austin.

C Chris 06:46

I think I think that's the radio staff here is in Austin.

J

Jimmy Carper 06:49

Well, yes, the half with any talent evidently.

∅

06:54

That's why you're still here.

J

Jimmy Carper 06:56

That's the I'm talking merely about myself and that first half a show which was really laid if it wasn't for the music. We would have gone down in flames. Flaming

C

Chris 07:09

ants at EJ 2517 Routh Street, Sunday, March 28 at 7pm. Wrong.

J

Jimmy Carper 07:16

That's that wonderful place that has all of those little boys taking their clothes off all the time.

R

Roy McCarthy 07:21

Oh, yes, I know. And it was a nice.

∅

07:28

Monday was a Friday. Well.

∅

07:33

The downside is I don't have that many bucks to talk.

C

Chris 07:36

Yeah, and the false machine has a \$50 limit. That's the depressing. It's an open variety show with MCs. And for more information, contact rainbow the clown at Rainbow Felt like the bread ra i NVODKLOWN as web tv.net or 281-448-0959. And I like to classy way he was trying to tell you how to get to ej turn right before you get to marks I always remember turn right at the Veterinary Clinic.

R Roy McCarthy 08:13

Okay, now a little bit of follow up on some information that Jim was given a little bit earlier regarding Charlie's coffee shop. And that's been a tradition in Montrose for many years. And this gay historical spot has been serving the community for more years. And I can remember,

J Jimmy Carper 08:30

well, I could remember the years since that

R Roy McCarthy 08:34

time, anyways, Marlene informs us that it's going to be transformed into in between an upscale dance bar. And they will have a menu of snacks and our d'oeuvres. So keep on listening for more information. And target date is somewhere in the early April.

J Jimmy Carper 08:53

Because I'm telling you, we trashed them in the first half of the show because the food sucks. They closed long ago. I mean, it started when they opened first opened and for a very long time it was good food at reasonable prices. And then it just the prices kept going up but the food quality kept going down. And you know, I'm sorry.

R Roy McCarthy 09:14

I think that as of the end of those two Greek brothers sold their interest I think the people that they sold it had absolutely no

C Chris 09:22

compelling fundraisers to announce here for the Houston game.

J Jimmy Carper 09:31

What group was lesbian switch bars?

C Chris 09:34

Now I don't have the switchboard stuff. You have a switchboard. Can you plug the switchboard I plugged up well, this was for the gay lesbian film festival I love it tomorrow night. As everyone if you want to join a large group to watch the Academy Awards. For \$10 you can wine moc

point in shriek with an audience of fellow sufferers during the Academy Awards party were at the landmark River Oaks theater. It starts at 6pm. And that's, I think that's gonna be a very interesting way you can comment with everyone to see who's wearing, who's wearing what and why they're wearing it. Also, there'll be another fundraiser for it. The show the movie steam, who I want to say the second half, it looks like a like, it looks like a movie you'll see on Lifetime network because it's got a colon in it steam. The Turkish bat, I see everything I said about Lifetime movies.

J Jimmy Carper 10:37

There's a lot of colons in that movie.

10:39

I see in the picture here. If you just look at the picture they got in the Houston voice. Yeah, there's

C Chris 10:48

steam coming off the page. I'm telling you, it's gonna be March 30 at 7:30pm Also at the landmark River Oaks theater, it's \$5 for tickets, and that will be benefiting the

J Jimmy Carper 11:04

somebody it's

C Chris 11:06

this the film festival I'm trying to say what year is the third one, isn't it?

J Jimmy Carper 11:10

It is in that series? Yes, there was a film festival many years ago. Gay Film Festival and some other fundraisers going on? Of course you missed the one that was fabulous over at the outpost on the 17 but Sunday night at the lazy J 8pm. Mr. Gay Texas, Shawn Carter will host the show to benefit the gay and lesbian switchboard that's this Sunday night. That's tonight, like Yes. And also Ed Glaser's hard work and appreciation of the lasers hard work and organizing the shows and the fact that he's running for Mr. Prime choice. He's Ed is a bartender at the outpost. He's also got some other fundraisers going on that we want to talk about. On March the 28th at the briar patch, the court and friends to benefit stone soup April the second at Nighthawks 9pm. And that's the benefit Stevens house April 11. At decades the benefit stone soup 3pm barbecue and 5pm show by the SAM Buka sisters. That's scary. Have you ever seen Sambuca sisters? Well imagine makeup really lifelong nails, high high heels and nuns outfits.

R

Roy McCarthy 12:41

Are they like the late part of that? nuns of perpetual and don't know, but

♀

12:46

it sounds like you should be drinking plenty of Sam Bucco before Yeah, I

R

Roy McCarthy 12:50

think that's it sounds taboo to me. It is fabulous. Okay, talking about fundraisers next Friday on the 26th PFLAG and hatch will host their first annual Spring Fling, and that's a fundraiser dinner for the PFLAG hatch youth scholarship fund. And this is going to be in the Versailles room as the Warwick hotel over there and mainstream

J

Jimmy Carper 13:18

R

Roy McCarthy 15:14

Okay, now that here is a new list of cases of transsexual thinks, oh yeah. And it's a private email list for trendsetters with children. And it's very proud to announce the formation of silence. And as a private email is for children with a transsexual parent. And although they welcome to parents who participate in CSR, by no means is it required for the child to be able to sign up for dialogue. And the children of our transsexual and transgender parents have issues that they have to deal with as well. Including bigotry in school and hatred. And for those what else now if you have more for more information concerning dial up and for details on sign on, on signing up and contact Julie guilty

18:00

on time over this year

ON TIME EVEN THIS TEAM.

R Roy McCarthy 18:02

Yeah, that's okay. Sit up there. So

18:06

for this time, we'll talk to y'all next week. Enjoy and let us know if something's happening

J Jimmy Carper 18:38

oh, okay, and hatches coming up. And during the hats program, I've got new music that I'm going to be bringing to you by free dollar bill. And Glen means more, as well as some dilemma music, gay and lesbian American Music Association Awards coming up. I believe that's April. Well,

19:00

we'll be bringing the winners to that. But right now there's a little something that Jason likes. It's just plastic as Jason is to a club kit. And pandas has cocoa girls so always kind of fun to put these two together for right now. Just well that was that kind of country born again. When meet more with let me turn you out. And of course, that saying is a whole lot of meeting for our folks in the penitentiary. But before that was especially for Candace by \$3 bill called telematic

19:46

M before that was Vengaboys vegetables we like to party which was actually insert perhaps because we're gonna start with companies just because that's how I got it started. Well when campus eventually completely takes overwhelmed

20:10

by then she becomes as entrenched in the club soon as I have, but well maritime for anybody know Candace has a topic that I have to start out talking about that middle last night at regionals. I do have I am and therefore I have to talk about the fact that that meddler was doing is doing a little plug for and last night. She was so fabulous. I mean, she was just

20:43

it she better been really fabulously to pay \$35 To hear her

20:46

sing four songs. That's what I'm saying.

20:49

But you know what, that was was so packed, you couldn't, I mean, I can look it up my legs and this has been in the air you know, it was great. They were walking out the door after the concert. And been suspended in air. Well, for more reasons a month, but but I just, I just have to I just have to quote the one comment. Truly. I mean, we know that Miller has a great sense of humor. Yeah, and the one comment that truly sticks in my mind is she's talking about she's the only actress this year that hasn't played because there's so many Shakespeare equinor was given out this year and she said well you know what, if you can't play

21:33

I have I swear there was nothing for him and I guess according to the fire marshal I if they're gonna fire there last night. It would have been a complete and total disaster we would have lost these passwords as a population

21:55

we would have we would have to recruit some more. We'd have to recruit some more well actually I'm past the testing stage. I've actually worked on the motherboard by now

22:15

the guy anyway completely suspended in production I'm flashing and in the booth tonight we have Kendall Christian and evil flows promotions who promote delicious on council on Thursday night has been generous enough to do KPFT after hours. Two free passes

22:55

to delicious on Thursday night. And we want callers can get the names on the guest list at 713526 KPFT.

23:10

Hey Roy, boy, we're taking phone calls

23:15

I've been asked a lot

23:21

supposed to it really got free passes to your name on the guest concert on Thursday night.  
Seven KPFT 713-536-5757 Jam So Candace what's the topic

23:48

actually

23:56

they're so awesome

24:02

we love actually see we all work at Apple otherwise,

24:10

but talking about it's got some really good topics like the one Wi Fi bootlegging over the internet with

24:22

some great ads

24:25

I got to overcome that

24:31

big fan of clothes I just want to know where can I order boys. And how much do they call

24:37

mail order brides basically

24:49

the man here I am not I'm not promoting prostitution either. I have to put that disclaimer out there.

25:05

against the game. really upset. Really bad. It just

25:09

it was pitiful. Christian

25:14

you got to get the Religious Right. Right. Right. Right. Religious Right for religious right which is me?

25:25

Third right what?

25:26

Okay, so the Christian coalition There you go 20 members

25:36

they all met in the basement of an Alabama church

25:38

to figure out how to discourage society from accepting gay lifestyle. And I was gonna

25:50

come up with a meeting on sexuality. I don't know.

25:56

Especially you know, God forbid your love and accept your fellow human

26:01

man I do. Stuff is overrated.

26:05

Do unto others as you would have done unto you judge not judge. Judge not lest ye be judged, that he who is without sin cast the first stone?

26:20

Okay, well, I've got a little question. For anybody who has an answer, because I haven't found one yet. Why is it those who claim to be Morrigan, Christian is the big, heavy Bible tend to be and I'm not saying all those. It's just from what we see from the vocal, it may even be the vocal minority, what we see, tend to also be the most prejudiced and racist people out there, the ones that claim that they are such so much for God tend to be so prejudicial against everybody else. Why is that?

26:54

I think there's I don't I don't I don't want to comment on that. One again.

27:12

It means you found whoever you've you're looking for a second time when they showed it after they showed it to you the first time. And you missed out and found it the second time? This time? Yeah, thank you. Thank you. You're all high and mighty maybe depending on who you are. But some people just choose to own this go with something that may not necessarily be right for them. Right.

27:48

The topic was just how I've just been noticing a lot of stuff around me. Very anti gay, I guess. Like me, and

28:00

actually, like, this has grown intention. There was a scene where Oh my god.

28:08

Geez, oh, no, we need to call Jerry. That was

28:11

really horrifying, you know, was

28:15

so woodlands mind when town? And

28:19

so how you doing? We were mining, watching films. I thought it was going to be happening. And sure enough, all the guys and everyone in the audience knew all the disgusted reactions never

28:36

guessed. No big deal. Nothing they hadn't done.

28:40

And prejudice is regional. I'm telling you.

28:44

But I'm actually shocked that the guy is the guy because you know, you know, all the straight guys I talked to they're always like, to girls, not necessarily man, because I'm not that. Well, I didn't say I just say most guys I talk to that's what they say. You know that they want to be in the middle of that. Yeah. Because that's two girls talking about well, I forget I forget what female comedian it was. It said she said she doesn't understand why straight men are so intimidated by gay men as opposed to not being intimidated by lesbians. Because we think it'd be more scared for lesbians because they figured it out. The men aren't necessarily

29:28

I'm not saying when necessary. I'm just saying that it's nice to be needed sometimes.

29:44

Commercial sponsors 30.1 The sound of the political network station KPFT.

29:56

Awesome. I want to say hi to the stations and the politicians Um, I met someone there, I passed this and she's really awesome. Really, really cool. Callsign

30:12

89.1 Take us constantly doing the rocking. And actually, we would be the ones that are broadcasting, right.

30:27

I remember the first time I actually heard after hours, when I think that was when I went to school in 9697. And I was driving to the club, which is the one game. And that happened to be what station was the chamber was turned into. And I just heard it and so I just listened for a while. I never heard

30:57

last night, well, we love

31:06

the fact that this is actually

31:11

the number is 9427002. We call that anytime. And Your call will be returned competency by Portland. We're here to support Fridays and Sundays,

31:27

Fridays at eight o'clock on Sundays at seven. She looks at me.

31:35

Every well I have not been there in recent history. And I've talked a lot about it. I was I was told I have not been confirmed. And she's going to do me the favor. And I was told by the neighbors think she'll have to call me

31:55

but yeah, this is after hours.

32:00

The number of for hackers, nine, four to seven days will be with confidence.

32:07

You have any questions about you know, even if you have a class that you have, he would like to have a hatch pedal.

32:15

We can even at your high school. So you do have to get permission that will help with that. We're just trying to do as much outreach as possible right now. We really

32:27

are there any major problems and

32:34

we are having a fundraiser of matter of fact, the first second weekend of April, we're doing a power walk,

32:40

which you know what that means lots of chicken and in a small foot. So coming to your

32:54

legs. Some people come in look at it. And some people just like genuinely want to give money back but some people want to come. So, chicken tenders getting

33:09

in the way just as this Sunday for members to catch this Sunday at 645. Where we meet in class, we are

33:26

having a class coming up six weeks things and we're just

33:34

here. And they're very awesome. Impromptu efficient. They're coming forth with us this Sunday. So show up if you're dedicated and willing to follow through with the six week program. Okay, so back to topic now that we've got tabs.

33:54

If you have any comments on the topic of, I guess a good way to phrase the topic of the controversial recent controversy and homosexuality straight or the mainstream culture of America.

34:08

Yeah, has been getting a lot of publicity. You know, what I think is really,

34:11

it's really cool to see like when Jerry Falwell spoke out against computing, saying he was gay they didn't know his name on Sunday that's the purpose I was happy with the plane was had the curves guys

34:24

was scary. Not because one of them was gay, but because just they look spooky. They do a look. It's like, it's

34:31

just really, really warms my heart to see that Jerry Falwell actually took back the statement. He denied saying at one point, he eventually admitted it but he denied at one point saying it because so many people came out against him coming out, trying to find a woman's sexuality and smallest thing there was so much support a for the children and for the gay community and just because there's not a conspiracy going on out there. There was so much support I guess, at one point

35:06

but then we admitted it so that's

35:09

what the politicians do that like takes us back and put it out and take it back and like expect everything to be all right. Right? Yeah,

35:17

because they're politicians and they get

35:19

it the Illuminati sorry.

35:23

But speaking

35:27

about to say something that might get something in mind. I don't really care because it got me mad. Joe's Crab Shack i 45 North. What was on their marquee? No Teletubbies. Welcome here. Well, okay, I don't know about you, but I'm no longer gonna give them my service. I haven't really got it. But if I ever were to become Crabeater it wouldn't be spent it just check on my 45 north. So just to let you guys knew they put that on their marquee new Teletubbies welcome here. Yes, they took it down but they denied that they put it up and it was just stupid. And

36:05

so hopefully they hopefully they at least learned a lesson from it

36:17

take cheap shots never go on. If you have any comments about tonight's topic, we really haven't discussed much. We actually did. We're actually going to take a music break and recollect your thoughts.

36:33

Okay, I actually have

36:37

she always has the mic either it's either me or Jimmy that tries to fight or to put a CD player so okay,

36:44

this song actually comes out to someone and I appreciate it. Because I find it so

36:50

Kathy, this crazy blue third sex. G it's so

37:02

so crazy Well,

37:10

we made a boo boo. Jason

37:15

that didn't notice wasn't crazy. Whoo. Here's krazy glue. And yeah, like I said, Listen to the words.
