giving up her failed grip, she leapt away from the horse to try to throw herself to safety. Unfortunately, her foot became engaged and tangled in the stirrup and she was at the mercy of the horses pounding gouves as her head struck the ground over and over and over. As her head was bat, battered against the ground, she was mere moments away from unconsciousness. Then to her great fortune. The Walmart manager saw her and shut the horse off

girl from Texas, New York. They received it side by side in an airplane the girl from Texas being real friendly said, so where are y'all from? And the girl from New York said from a place where they know better than to use a preposition to end a sentence while the girl from Texas sat very quietly for a few moments and then she replied, so where are y'all from? Be?

01:11

Just a quick one to none sooner. Oh, I can beat your team. Across the street,

01:20

two nuns are riding their bicycles down the back streets of Rome. One leans over and says, I've never come this way before and the other whispers it's the cobblestones.

Peter 01:34

You are thick. You are a thick, thick, thick. We've seen your visual honey. Or Catholic ladies are having lunch together? Yes. Yeah. And the first one said, Well, my son's a priest to me and

there's a room. People explained father in the second said, Well, that's not that my son's a bishop. And when he entered the room, people say Your Grace. The third symbol my son is a cardinal. And when he enters the room, people explain your eminence through the fourth lady smiled and said My furnace my son is six foot four hard body muscle bound hunk of a stripper. And when he enters the room people say oh my god !

02:21

bet they do especially over there at EJ is monday wednesday.

Peter 02:26

Lord Yeah, really? Oh, I

02:28

love that placement.

Peter 02:29

Wonderful thing. I wonder if the if the you know I heard the other day. Yes the I don't know if the girls that were doing if they did all pride news or if they did other fun news.

02:38

No, they did a lot of brides they did that

Peter 02:41

they certainly did all that I had two things written down it's gonna say one was I was talking to some guys tonight at the Montrose softball league Jackson dresses thing is coming up real soon Oh is it yeah yeah that's coming up real soon. And that's always a screamer because the league's about halfway through right now and and when they do this Jackson dresses turnaround thing that usually done in Rich's before and where they're gonna do it this year, but it is

03:10

so it is a big fun, big fun and they raise good money, who really real good money? Very, very good. Yes, indeedy.

P

Peter 03:20

I mean, and they have fun doing it. Yeah, they are just, it's it's a screen. Their games are real fun, too. They have the wives cheering section. Well, it's it's so fun.

o

03:30

Oh, I do have a news. Flash news flash flash. The Gay and Lesbian switchboard has moved into the community center, Gado three Hawthorne. So we have kind of come out of our closet. But well, you know, it was always a secret location before but we want to be part of the part of the community. And most switchboards in the country are in community centers rather than themselves. And so we did that. And we've started up, it's really wonderful. It's fun, and we're going to be able to probably pool of volunteers with the community center because they have staff there and they've been having problems because they've been getting counseling calls. And we've also were talking I don't think this is probably common knowledge. switchboard is also talking with Montrose counseling center because they want to start a 24 hour hotline, and they want us involved in it. So we're negotiating right now and seeing where we can go with that.

P

Peter 04:49

Good for you.

o

04:51

Yeah, and oh, one more. Wow, this is this is our friend Sarah Gish. Over at Landmark theatres ah,

P

Peter 05:00

The big game as being filmed. Oh yeah, that's a major

o

o

05:06

a broad guide in it. Well, that cool team Sarah Siski of Landmark theaters and the Houston gay and lesbian Film Festival. It's amazing that the gay gay lesbian Film Festival was started by four straight women isn't? Yeah, how would we have

P

Peter 05:31

ever known that?

♀

05:32

She has a new son, Michael George Buchanan. That was born Tuesday, the 16th at 10:48pm and six pounds 11 ounces all as well. So now she's going to be probably having to do children come with her when she does her monthly spot on lesbian and gay voices heard every Monday night from eight till 11. Eight to 10 right here on KPFT. Houston that that pencil neck thing? Yes. We had a caller who could not accept access the site? Maybe because there's too many people trying to get there.

P

Peter 06:14

Oh, no. What we have created that

♀

06:16

WWW dot pencil next.com. But we know that slash Laura dot htm and Chris. You have no

♀

06:27

choice. He was actually saying that it was couldn't even find that site. The law apart. Oh, really? So it's quite possible. I remember the last time these pictures got out on the internet. She threatened lawsuits pretty quickly.

♀

06:39

Oh, maybe that's because I saw I went to that site this afternoon. Oh, yeah. Yeah, it was.

♀

06:47

Afternoon. Oh. Yes. Her comments would be about the NASA Oh, I'm going to be cute. Gosh, gosh, gosh. Oh, honey.

P

Peter 07:01

*Don't go there. Or you're gonna end up going out of here. Look at my oh my anymore, honey.*

DON'T GO THERE. OR YOU'RE GOING TO END UP GOING OUT OF THERE. LOOK AT MY OWN MY ANYMORE, HONEY.  
Because that's a black magic marker by the time I get done doing you

07:17

Well, I thought you'd be flirting with the fact somebody was actually coming at you with the six inch

Peter 07:22

marker now Honey, we're looking for the real thing. It's already been in him and laying on this board. Anyway, did you know that this Joe friend of mine was out shopping for a new motorcycle? Yeah. And he finally finds one and a great price and it's just missing this little seal some kind of little seal. Okay, and so whenever it rains he's got a smear this Vaseline over this spot. And then to keep the water so that it will grow. Okay, gotcha. Yeah. Anyway, his girlfriend was having to go out for dinner to meet her parents and he drives us new bikes her house and where she comes out and starts telling him she said, listen, we've had this big family fight and over who's going to clean up and who's going to do dishes and she tells them listen, I don't say a word. Because the first person that says something at the table has to do all the dishes. Oh, okay. So she includes him in ahead of time not to do this. And so you know, just as down for dinner, and it's all been decided and the dishes are piled up in the kitchen and there's nobody saying the word and so Joe decides to have a little fun with this. What are you doing over there? So Joe decided to have a little fun with it. So he grabs his girlfriend, throws her down on the table and has mad sex with her in front of her parents. While his girlfriend is flustered his dad's obviously live in the mountains. Horrified he sits back down. Nobody says a word. So a few minutes later, he grabs the mom throws her down on the table and does a repeat perform well, when are the girlfriends furious? The dads boiling in the mother's little app here. But there's still complete silence at the table. Well, all of a sudden there's a loud clap of thunder and it starts to rain. And Joe remembers that about this motorcycle, he's not gonna be able to get out of there. So he jumps up and grabs this jar of Vaseline from his backpack and upon witnessing that the girlfriend's dad jumps up back swinging the table and screams Okay, okay already I've had enough I'll do that

09:26

just a little bit get your coffee boy that works strokes.

09:35

I mean, I mean, medicine but in your case, you know it's not working work. Monday Oh yes, I'll do the dishes. Yeah, no.

Peter 09:48

Go there with me baby. Say

09:51

Yeah, save that Vaseline for something else. Somebody else. Oh,

Peter 09:55

and off the internet. I pulled Did you see this thing about the copycat pervert burn By no means there you see it right in front of your face right this minute. A teenager who tried to copy who tried to copy a scene from the hit film American Pie by shagging an apple pie, was rushed to the hospital with serious burns to his penis. Dwight Edinburg 17 Couldn't wait for the day's debase street to go down after he'd slit his Oh, did not advance all the hot filling. This American hospitals Yes, hospitals folks and in Boise, Idaho said this demonstrates that producers should consider the effects their films have on the young and impressionable people. And Darwin,

10:50

yeah, no,

Peter 10:51

that was before. Yeah, that we should put that up for something.

10:56

You know, that song that I play every once in a while it's talking about it takes us to make the USA talking about all the different states. And you know, you can't take the Mary out of Mary land and, and all of that kind of stuff. I remember that. Yeah. That's in a show called when pigs fly. And the masquerade theater is presenting this this play when when pigs fly vaudevillian musical comedy by Howard Crabtree who died just five days after completing the work. The story revolves around Howard who is putting out a lavishly costumed, extravagant over the top review. When things go horribly, horribly wrong. Howard overcomes it all with a burst of clever ingenuity. It's a grab bag of songs, dances, sketch, comedy, brilliant word play, and so much more. The Masquerade theater is located at 1537 North Sheppard drive in Houston, and will showcase this premiere through June 17. Oh, that should go longer than that. Yeah, that should go through. Yeah. Through pride, pride. And Saturday, Saturday performances are 8pm. Thursday, May 25. At eight. Well, that was already and June 5 at 7pm. So it's the masquerade theater of 1537. North Shepherd drive give them a call to find out when the next performance is because that's that's got to be a great show. Because that's another fun fun solving.

Peter 12:28

Goodwin going on to it. I think it's theater down under something like that. I don't know if it's written up in this or not. But there was I read another good thing about that. Why don't you find a fit another one of our favorite little country? pieces of music to entertain our guests. Okay,

okay. I will share this one last little story with you. From my research department now or I'll do that and then we'll play okay. We'll go into music.

12:58

Okay, there,

P Peter 13:00

the son was placing his father in a nursing home. And, you know, he's pleased please don't put me in there grind. The old The old man was all upset and he says, Well, you know, I Pompey's. I can't take it anymore. You've worked really hard. I'm working really hard. I've checked this place out. It's really one of the best, I think you're gonna really like it. And you gotta trust me on this one. You know, yeah, it's time to go. So the next day, the father called the son back and he said, you know, son, he said, You're right. He said, I love this place. So, like, I felt good about that. He says, Yeah, thank you so much for making this decision. When he said, That's great. He said, though, you know what? What made it so great. Why did you change your mind that she didn't want to go? You know, what's going on here, but last night, I was in my room. And from I don't know where I got this erection. Any nurse came in and saw me and gave me a blowjob. And he said, I haven't had one of those in 30 or 40 years. Oh, Lisa. Well, I'd almost forgotten what it was like was fantastic. That's great. So few days go by and the father is still there and suddenly calls me causing me just screaming gotta get me out of here. You gotta get me out of here. I can't stand to hate this place. can't live here anymore. Oh, my god like it. So what's so wrong? You know, last week you were loving it? You know, let's feel it. So well. Last night, I fell down the hallway. And I was getting up. And I was on my hands and knees. Yeah. And this male nurse came along and he saw me and he said I can I will not live like this. Then you got to get me out of here. So Daddy said I know it's terrible. We'll get it straightened out. But until then you got to understand we just got to take the good with the bad. So just hang in there. He said no, no, no, that says you don't understand. He said I get an erection maybe once a year, but I fall down two or three times a day

14:51

oh yeah, I can understand that.

P Peter 14:54

Went back little grid that little Yes. So

14:58

I have a

15:00

15:00

New I have new music by Martin swinger off of his album bear naked bear in a bear naked neck kids go further. Yeah, he's he is with the CD. Yeah, it's an album of bear music and oh, yeah, but since you know we had all over the country, guys here. I'm picking a tune that's kind of in that in that flavor. You're so good. I know. It's Ragtime cowboy Joe by Martin swinger Oh yeah, it well. It's a rather updated version on you're hearing it on after hours career at radio with attitude on KPFT Houston and ke O 's college station

15:52

there you go. Ragtime cowboy Joe by Martin swinger offers his brand new album called bear naked and referral rabbit Yeah, we've got a little fire right. Oh, boy. Howdy, and he's God's boy Murphy. He's got something. Oh, that would be terrible. That'd be terrible. He's got some more interested I will give my email but I'd probably get in trouble is probably

Peter 16:25

would they big Roy just handed me things from the Houstons other magazine. Yes. And he was talking about the police blotter in there and it says recent weapons and a firefighter one was hit another one they have the toilet seat they're going on about different things that people have used Rob places with one was like a Python and they bring it by finding John rob me and they have everything I ever Oh, no tomato. A man get this. I don't understand this one. But it might give a new clue to rob reasoner. And a whole lot more interesting if you can. Imagine the channel to reporting Yes, a man holding a dildo and wearing a jockstrap over his head rat rob the hungry how he's in Toledo, Ohio of \$40. A hungry Howie's ain't making much or that was worth the site. I'm not sure what man robbed an adult sex shop magazine.

17:16

He brandished a dildo and

Peter 17:19

with the jacks up over his head. He only got four years. He's gonna beat somebody to death with it. I don't or a man robbed and adult sexual menacing waving a vibrating tongue at the clerk. And that happened in Florida. Let's have some of that here. Yeah, I'd like to see somebody running and have it on channel two news ready and brandishing some cilia thing and get 40 bucks yeah. Oh, well now MERV in the magazines good run in brand new brand is seen that thing?

17:49

Well, I've got I've got I have got the vibrating tone. Now. I'll tell you

P Peter 17:57

what, let's see where this

o 17:58

gosh.

o 18:01

Oh, my, my my my gosh, this is fun show tonight. Yesterday's. Here we go. Yes.

P Peter 18:13

Imagine Elgin zeroes. Colonel Klink orders all the prisoners to exercise outdoors daily. And they all do some kind of exercise while clink is walking around making sure and they're keeping fit. One pow, standing straight and moving his head to the left and then straight. And then moving his head to the left and straight and on and on. With each movement of his head. He says tick. That's all the tick tick and clink is baffled and Hogan says it's the person's way of exercising. And after two days clinks exasperated and he shouts out shirts. Take this prisoner to the interrogation room. And to pogon he says clink says slyly we have methods to make him talk through methods to make him talk. But that'd be like butterball was the best I could do. Oh, it was a short cycle somebody promised me

o 19:14

No Don't Don't put that away. I want to put the blinds down. Oh, we don't

P Peter 19:21

want we don't want to wreck the cars or wreck. Oh right. You're already here wreck. Oh, there goes the blinds. Let's see. Oh, you know what, I heard something the other day at? I was in J of ours at after work. After work, and this. They were talking about things that they Good lord. I don't know what Jimmy's doing over there but whatever he's doing, it sounds like he's sharpening knives. I don't know scared in here. I don't know.

o 19:59

Do you know it's raining outside? No,

P Peter 20:03

it sure is. So much for your barbecues to my birds to do.

20:08

Happy birds. A lot harder getting hurt. Some people were getting hot, the cotton wet.

20:15

Only in Houston. Oh, well Oh, man to tell you the weather in Houston.

20:19

I want to thank everyone, everyone. And I didn't get the chance last week because it wasn't here who who donated money during our summer membership drive. And we did very, very well. To under \$33,000 was pledged. Isn't that nice? Totally. Yes. And as of the latest audience data, is that we have more than 133,000 people a week listening to this show. This show not listen to this station. I'm sorry. Thanks. I

Peter 21:01

was gonna say we have picked up prisoners. And here we thought we were talking to dead air. That's our larger 1000 people.

21:07

It's our largest audience ever, ever. Yes. Two years ago, two or three years ago, we were like 77,000. And with the new program director, it's now up the

Peter 21:21

new program director Edmundo Resendez. Yes. And

21:26

now it's up to 133,000. That is wonderful. Wonderful way to go. Yes. Yes, yes. Thank you for for your pledges and please pay for him.

Peter 21:40

Don't leave us hanging out there on the old line. Yeah. We've got any of you this is my latest and greatest thing. Have you heard of the dead horse theorem? Dead Horse horse through tribal wisdom from the Dakota Indians passed on from one generation to the next says that when you discover that you're riding a dead horse. The best strategy is to dismount

22:05

Yeah, okay. No, I agree with that

Peter 22:08

would be true. However, what is wrong with us? Because if you stop and think for a minute about the modern business in education, especially in government, yeah, Lord Jesus, especially in government, because of heavy investment factors and taking in consideration all these other strategies often tried the dead horse theory includes the following, okay. Instead of getting off, we sometimes like by a stronger whip. Change riders threaten the horse with termination. appoint a committee to study the horse. Arrange visits to other sites to see how they ride dead horse. Which is I think what some of our city council people went to somewhere to see how somebody ran a way lowering the standards so the dead horses can be included reclassifying the dead horse as living impaired. Hiring outside contractors to ride dead horses. That might explain the city say that my harnessing several dead horses together to increase their speed. provide additional funding and or training to increase the dead horses performance. Doing a productivity study to see if lighter riders would improve dead horses performances. Declaring the dead horse carries lower overhead and therefore contributes to more to the bottom line than some other horses, rewriting the expected performance requirements for all horses and promoting the dead horse to a supervisory provision. Boy,

23:47

that's the big one. There we got that's the big one. We got it. Well, since we're talking about horses, horses,

23:54

there was almost another musical guest here tonight. Really? A group called horse or yes out of England. They did a show in actually the lead singers name calls. She calls herself horse and she's she's an out lesbian.

Peter 24:11

She's out outlets.

24:13

Yes, yes. They did. Really good rock music. They did a had a show in Austin Thursday night. And they were trying to get to Houston to be on the show. But it turns out they they had a show in LA tonight. So we're gonna make it right a little hard to get to. Yeah, so maybe we can get together the next time they come around and then it should be in just a few months. So this

has been a song that that they've done and it's been very well requested often. I really like it. It's from their album called THE SAME SKY This is called and she smiled and you're listening to it on after hours on KPFT Houston and Keo s

25:17

he Whoa, horse, somebody. Yeah, I was talking about horse on on the email to the queer music listserv out voice and somebody said, whose horse and wow, that's horse. That horse that is. That's really that's good. Rockin music. I like that.

25:39

Jimmy YEAH. Merlin hear my song.

25:43

Deli boy. Oh, yes. Okay. Oh, we can go out with that. Yeah, go out with

25:49

well, we can always play the tape I have in my tape player.

25:53

What's in your tape player? Rocky Horror Picture. Oh, yeah.

Peter 25:57

Oh, my.

25:58

I'm sure sweet transmits.

26:01

Or the TED is good. Or the data when any of them. It's all good music.

Peter 26:06

What's What's the one you talked about a minute ago? First thing you said

What's what's the one you talked about a minute ago? First thing you said

26:11

deli boy, by the velvet mafia.

Peter 26:14

We played that but Oh, yeah. I just Merlin's

26:17

favorite. That's Merlin's favorite song.

26:20

I still have that recording. That's you said. Here's for you, Merlin. My sister recorded over

26:24

the last part of it. Oh, ouch. Okay. Oh,

26:28

my mom. I will say this only straight woman I know. A mom likes this show.

26:33

Hey, okay.

26:34

I don't know if she listens

26:35

to it. Because stepdad doesn't really like. Okay,

Peter 26:40

I think it might be. I wonder if yes. I made sure that Charlotte and her boyfriend Yeah, you did email Patrick. You did about the Polish polish. You were distracted by so I was distracted. But in case they weren't listening before. Maybe they'll listen now. So we needed to get that and they did. And that's about it. I have some things I can save for next time. Oh things I heard it at Jr's about I heard people talking about their jobs and things added early. After evening. Five o'clock jobs are we talking about? Well, they work or a lot of people come in after you know work and they're all having cocktails, and they're talking about how lousy the job was all day. And everybody's got their telephone. Oh, yeah. clever things that yeah, whatever. Yeah, just standing around listening. And I heard some interesting comments like this one person was going on about how awful the day was whenever. And she said she finally just had had it and reach across this counter and said to this person, do I look like a people person to you? Just to be your and it was like, and, and follow that was like sarcasm is just one of the services we offer. That's like, Oh, okay. Okay. And there was somebody was talking about something they said. They were talking about their office and they described it as hell with fluorescent lighting. Somebody was talking about the cubicles and they said it was like, a rubber room with no door. All their office cubicles? Oh, I hate those things. Oh, I know. And yeah, a cubicle is just a padded cell without a door. That was what she said. That was definitely and there's one woman standing and she said well today was just a total waste of makeup. Tell that to a drag queen friends of mine. Oh, that is funny. On this other guy said, some guy came in and they were talking about these different people. And he said he told this one guy said whatever kind of look you were going for. You missed a missile. And they were just going on about people's clothes and all kinds of things. And and then this one guy said, he told us this guy is off. He was talking about off his boss was his boss told him flat out he said, you know, errors have been made. Others will be blamed. Oops. Yeah, I saw my daughter.

29:21

Oh, yeah.

Peter 29:23

And another person said she told somebody one of the other girls in her secretarial pool. She asked her if the aliens forgot to remove the handle. I thought that was a cute line.

29:39

And robs me of South Park. Yeah. Eric Garmin with it.

Peter 29:45

Well, this guy was said this. His secretary came in and she or I don't know somebody from production or something came in and they were going on and on and on about whatever it was. And fine. He looked up at this person. He said, Does your train of thought have a couple of was

30:03

good that's really good and

P Peter 30:05

just dying to use these and the other ones like you off my plan. Just fun thing. And like by throw stick where you leave. Oh, that's great and wanting to use some of these so bad. And I've stand around a little pad pencil and stick Yeah, five of our research just in each corner of the room. Find out a lot of things you can use later.

30:32

Some of the things you probably wouldn't want to know. Yeah, well, fun place I have. Honestly, I've

30:38

never been to Jr. I've never been there a ripcord. I'm afraid to

30:45

you shouldn't be afraid to be afraid. It's a wonderful wonderful company got whistled at

P Peter 30:55

whistling led me yeah, by the matches mining company.

30:58

Well, having a body like this, you know? Yes,

P Peter 31:02

that's true. Did the the quote in the Houston voice and you were talking about your favorite friend? Miss sleisenger. That that actor Nathan Lane? Yes. You know, Oh, yeah. I'm an anti gay radio and he was talking about her at the Millennium March. And he called her Jerry Falwell's prom date. That's a great that's that is for Miss. Thank

31:29

God. You have been listening to after hours queer radio with attitude on KPFT Houston and ke O 's.
