SPEAKERS

Rainbo de Clown, Jimmy Carper, Chris

00:01

And that's just one of the best memories in my life. And ever since I had every hash problem that I ever went to, I've gone to three of them. And I had three different nights because I always get dumped. But, you know, every time we go though, it's still no matter who's with me or whatever, it's still a great time you're there with somebody that you want to be there with, of the same gender. So somebody that you're romantically interested in, and it's people that are your own, like you.

Chris 00:33

It's upsetting part for me is that I haven't had by the time I found out about hatch. I was I was already so old. It was like getting nowhere, even near getting into something like that. But I've never had an experience with someone that I could see of going to a dance. Besides the fact I'm fine. I'm fat, white and suburban and we don't dance.

00:54

Do you realize how hot it is in the studio?

Chris 00:58

Honey, you're at least on this side. You should have been on the other side of the glass.

01:01

But um, where did where do we know where that we had the hatch problem this year? Yeah, love

c

Chris 01:07

it. And it was just was it just down the street from us? I just don't. I wasn't 100% Sure. I was starting out on patrol and drove by and I saw all the cars, what's going on? And then the big hatch banner was out.

o

01:16

Yes. I remember you approached me and asked me why I wasn't there. And then you realized oh, you have told her? I would have to pay and unfortunately I don't have quite that much disposable income.

c

Chris 01:26

Yeah, well, because then you went off and told us what you spend it all on last night. I shut up. Please, always discuss my sex life involving credit cards. Let's talk about your non sex life involving credit cards. Oh, well,

o

01:42

I don't pay from the sex. I just like don't get the sex when I paid for the room.

c

Chris 01:47

always the bridesmaid, but that's what you

o

01:49

get for when you invite like 910 people to your hotel room afterwards.

c

Chris 01:55

Any complaints about it? You know, we could talk about what we could talk about the Queen they got married today. Her Majesty Prince had some lovely ceremony.

o

02:07

I'm sorry. I'm just I'm not into the royal family anymore after after Princess died died and seeing the Queen's reaction to all of that. Oh, just I've lost my enchantment with the royal family.

c

Chris 02:21

Oh, you would have loved it. She was wearing a purple bird's nest on her head. The queen? The real queen, not the Queen

o

02:27

Queen. Like a box hat or did it really look like a bird looks like the front

c

Chris 02:31

part of a bird's nest on the that she was wearing. It was purple. My mother had her back drooling. But it was so funny watching this biting Tara I mean, you're so used to American wedding on standard speeches. For some strange reason the bishop who performed this one had to seem to keep emphasizing marriage and marriage between a man and a woman kind of frequently. When it got to the point where let no man go asunder. He kind of emphasized man a little bit emphasis as you looked at Prince Edward.

o

03:02

Well, I dare not even like, breach that topic.

c

Chris 03:06

Well, let's put it this way he put had his wedding ring was put on his pinky finger. Wasn't really, yes, she put it so he and he already had a ring there. I did not know. So he was getting married with a pinky ring.

o

03:18

Wild stuff wild and crazy stuff.

c

Chris 03:22

I actually set my TV to get up and walk. Okay, I know

o

03:24

that was a horrible Johnny Carson impression. Oh, that's what it was supposed to be. Sure go and go and go into

c

Chris 03:33

someone's call. Hello. Caller we have a member that we've often anglophile before we go

o

03:39

into song though let's mention the fact that because so as usual whenever I'm on and actually it's supposed to be every week offers us to free guest passes. Because so so if you actually want them the first two callers that ask for them will get the guest passes and give big roll your name. And you'll get a free entry into the concert on Thursday night at delicious it's just on Thursday night on Thursday night. Okay? Because you remember Robert and pussycat there will evolve. They do the Thursday night promotions and it's called delicious. It's a lot of fun. young crowd. Really house type music a lot of fun. Similar stuff you play. Yeah, pretty much but we're going with that I

c

Chris 04:26

may actually go and see it.

o

04:29

Tonight we're actually going to set in different though. We're going to Madonna. Oh, we're gonna go with the power of goodbye off of her raidlight CD

o

04:50

God I love that song. That is like really one of the most orgasmic songs that I think Madonna has come up with.

c

Chris 04:56

That explains why removing your chair like that.

o

05:00

Now that would explain why. Well, moving right along, folks,

c

Chris 05:05

before we played Madonna we announced we were giving away tickets to Club de casos Thursday night show. And we neglected to give you the phone number,

05:14

which I guess is fairly important when giving out free passes to a club,

c Chris 05:18

and it's usually par for the course. The phone number which says to we're not trying to collect money is not on here it is 713526 KPFT

05:30

as 7135265 7k

c Chris 05:38

p 338. Okay. Yeah, we

05:42

don't we don't some like,

c Chris 05:44

burden. Okay, I finally found it there. 7135265738713 Jam KPFT.

05:53

So the first few callers in to ask for the passes to Picasso. We'll get them. And we are going to take you on to

c Chris 06:03

that we are getting ready to celebrate Stonewall 30

06:06

and upcoming next week, Pride Parade and just everything going on next weekend.

c Chris 06:13

That's well, that's whv the Pride Parade is because Stonewall. Well, yeah. And

THAT'S WHY THE PRIDE PARADE IS DURING STONEWALL WEEK, YOU KNOW.

06:17

but not everybody has their pride parade during the 30 day or during the anniversary of Stonewall

Chris 06:22

because Dallasites put it in October where it's cooler for Howard. So they can they can figure out how to do it at night.

06:27

But you know, it's tomorrow. Besides the fact that it's Father's Day, which actually kind of ticks me off because at the same time as Father's Day is the pride day at Astra Oh, yes. So at three o'clock in the afternoon, we're having like a barbecue type thing at my house for my father, which basically means I can't go to Friday and AstroWorld

Chris 06:47

well, I'll join you because I won't be going to pride for after the Pride Day at AstroWorld for simple fact, I have not been to AstroWorld Oh, good grief.

06:59

Oh, well, I went to pride day and AstroWorld last year and I got dumped a week after so because I was well the guy I was dating at the time saw his ex but

Chris 07:09

I wasn't even a teenager yet. Last time. I've only been Africa once. We'll leave that alone. Yes, we did have rides back then. Horses. I'm seeing a part of a horse right now. So we're gonna in honor of the beginning of the Stonewall 30 celebration, especially the disco ball that will be out there. A little cut from Studio 54.

07:33

If you could read my mind.

Chris 07:37

No, darlings. Oh, you want to talk about cutting it close there.

ING, DARRING. OH, YOU WANT TO TALK ABOUT CALLING IT CLOSE HERE,

07:40

right? No, not at all. Not me. Nope.

Chris 07:43

I was looking through. At the main I was just looking for your CD.

07:45

Stick that in there. Oops. Oh, hi, and turn the phone on.

Chris 07:49

I was looking through your CD collection. And I'm I'm amazed. I actually have two CDs in here that like

07:55

which C doesn't

Chris 07:57

rent. And the gay Comedy Jam.

08:01

We love of course we love gay comedy. Rent. I'm kind of getting over actually.

Chris 08:09

But you know, it's one thing. I was wanting to talk about another thing. Something else here. We've now lost it. I can't believe.

08:21

But don't lose your ideas here.

Chris 08:23

I know it's become so few and far between you one thing if you've been watching the TV a lot lately, you've been seeing a lot of gay movies. Sundance that a whole film, The Sundance Channel did a whole film festival. When was this this whole past month. A lot of gay themed films. For those of you lucky enough to have HBO family channel, at like three o'clock in the morning, they were playing Trevor. I didn't get to see that because I don't have the family chant the the HBO family station. But it was it's a it's a cute little story. I saw that part of boy's life too. And it was strange seeing all these gay themed shows and programs like a show called lesbians and film in the middle of the day.

09:10

We you know, what I think is actually strangers. And that is the fact that the main network networks like ABC, CBS, NBC, almost, at least pretty much one show out of every primetime lineup has a pretty major gay character NBC taking the frontline with willing grace.

Chris 09:30

Oh, yeah, they had to take over from Alan. But um,

09:33

pretty much every major network has in their lineup a pretty active and serious gay character, you know, and it's not necessarily you don't necessarily know he's gay every episode. But you know, he's gay at one point and it's brought up during the season but it's not necessarily a it doesn't become a weakness during the

Chris 09:56

setup. And one thing I don't know if I still have The paper with me. I got a copy of the Philadelphia game news. My brother brought back from me on a vacation and they list in the back of their mag evacuator newspaper all the programs that week that either have gay characters gay themes. Gay heroes in that they list every time be witches on Oh, Darrin Stephens. It took me also it said Agnes Morehead the thing that throws me and say throw South Park in there. The show on Comedy Central South Park. And they go through they're saying like Mr. Garrison isn't gay, but Mr. Hat definitely is.

10:46

I'm not going to make any comments about that, because

Chris 10:50

they just go through a lot of stuff. There's another great source for that. At popcorn q.com as part of the planet out network, they go through and they tell you all the shows that are also having the they also have gay themes that are on regular broadcast and all the national programs and it's a great way to keep up with some of the programming that you really don't get to see that often. And you're seeing a lot of it here lately and I mean, they even pulled out a they show reruns of old Dennis Miller live shows and they had one with his his aunt his anti homophobe tirade that he has at the beginning of his his monologues and if I would have known it was on I would have taped and we could have possibly played part of it. He didn't say the F word till the very end very reserved that word for Miss Lewis and Peter

11:49

which Miss Lewis there's so many Miss Scott

Chris 11:51

Lewis Mr. Lewis

11:57

Miss security

Chris 12:01

so that is, I mean, it's it's a great way of going they're seeing but then you turn around on the spectrum and they've got all these softcore porn movies that they have on there. And those things are so homophobic because I mean, think people can be dropped on a desert island and somewhere the guy gets a sheet covers that

12:20

well okay, here's what I don't get. Okay. You can so a female's just to avoid and to avoid any controversy her front side Yes, you can. And not just her breasts but the other front side to

Jimmy Carper 12:35

vagina. Okay, but don't

Chris 12:37

go there so I don't know.

12:39

But you're it's it's still controversial to show a man's backside in those movies. Well look at the the race and God forbid they show his front side because you know, there's like five or six in the entire history of like United States film that you can see a man's genitalia not including the porn industry, of course. But you can see that

c Chris 13:03

the the movie Get Get real, which is still playing out at Landmark Greenway. Oh, just turn them all on. Okay. I'll just turn them on when? Because there was a big talk about the movie Get real. Receiving an R rating for maybe one. I haven't seen the movie. So I'm just going off of what was what I saw in the paper. Roger Ebert stood up for the film going. They show one brief kiss between two teenage boys. It gets an R rating.

13:37

Oh no, God forbid gay gay boys kiss.

c Chris 13:40

But then you get stuff like, I mean, Austin Powers. This was something that also in last week's voice. Austin Powers was about to get an R rating. But they cut the final scene out, which will probably put back into the DVD. But the only way they could keep a PG 13 is they cut a scene out where you saw two bodies writhing under a bedsheet and up onto the sheet pops Rob Lowe. And a second later, Robert Wagner pops out from underneath the bed sheet. They were going to be given an R rating solely on that scene. Sure.

J Jimmy Carper 14:21

And you didn't even see anything we need to break for a second.

14:25

Commercial Free and listener sponsored Houston's 90.1 KPFT the sound of Texas of Pacifica network station KPFT Houston K us College Station.

J Jimmy Carper 14:36

The whole thing of males being naked in the movie. I think it stems back to that old macho crap.

— · — · — · —

 Chris 14:45

Oh yeah, cuz HBO also has a plus plus

 Jimmy Carper 14:49

whose it you know, I don't want anybody's to be bigger than mine.

 14:52

Well, I think it actually genuinely sins stems back to the our basic Puritan roots in this country. As like you The woman was for the man. And so you watch the videos and you're you watch the movies and it's no problem saying breast or whatever. We're

 Jimmy Carper 15:07

talking about objectifying women. And when it comes to objectifying men by showing them naked, oh, no, we can't do that.

 Chris 15:17

Because also with age, I mean, Showtime has the softcore porn show so awful. Some of them online.

 15:27

I'm not gonna make any comments,

 Chris 15:28

that really Bill Beverly Hills bordello with the sailors. It was a cute sailor. I watched it three times when I would see something different

 15:36

if our listeners could only see the look on my face when he said that I don't know. Yeah.

 Chris 15:43

But I mean, showtimes got the softcore porn that you don't see anything. HBO puts a little class you're in a documentary form. They've got three different show real sex, real sex turn on TV, and sex bytes. I've never seen the other two. I've only seen TV is where they show adult shows

from other countries. Oh, that one is the one you see the most male nudity? Yeah, you may actually see. I mean, they showed a documentary on a real full monty group. And there was one guy that had a full month not full monty a full Montgomery, who he knocked out first row yellow, but like I watched, I think it was real snow was this one show one show called Sex bites. And it's all about computers and all the stuff. The last scene I finally saw, had to rewind my tape to double check saw in a brief glance of male frontal nudity during the clown orgy.

16:42

I'm not even going to approach that subject. With not with a 10 foot pole

c Chris 16:47

to know that then they had a real sex they showed the Folsom Street Fair in San Francisco. Yes, the big leather vest. Yeah, I mean the the mecca for if you want to be spanked, this is where you go to get spanked

J Jimmy Carper 17:03

all the guys in chaps with nothing outside.

c Chris 17:05

And you didn't record crap. Yeah, you didn't see anyone. I mean, the women were walking around topless. The guys were walking around topless, but everyone's still fully clothed downstairs. And I mean, some of the things that these people were wearing.

J Jimmy Carper 17:23

What a boring view of the

c Chris 17:26

Folsom city. Well, the closest thing I saw was a Folsom Street Fair. Yeah, was a woman went up to one of the vendors there and bought a sausage and have been through the

17:36

sausage away. We'll just leave that comment alone through the sausage or

c Chris 17:39

went through the sausage away. And she plays to her. Can we say strap on on the air? Yes. Okay. She placed her strap on in the bun. Oh, how cute

⌚ 17:50

strap on, strap off and went and Fed had to go there had to go there.

⌚ c 17:59

I was looking forward to the guy that they were auctioning off you. You pay three bucks and you get to spank. I'm not interested in that.

⌚ J 18:07

We're, we're we're we originally we

⌚ c 18:10

were biphobia television.

⌚ 18:12

But you know what I think? Well, what we needed a time has been a thought that's been in my mind this entire conversation is the fact that

⌚ J 18:21

how can you talk about homophobia in television, when each and every season there are more and more gay characters.

⌚ 18:28

We discussed that too. There's also still a lot of homophobia as to how they touch it and so forth. But one thing that stuck out in my mind during this whole conversation is the fact that we all think about Amsterdam, okay. Yeah. And we think about how free it is and how, you know, gay men can marry. And they can adopt, they can marry but they can legally they can marry they can or

⌚ c 18:48

they can register as a domestic partnership, which is which is the

J

Jimmy Carper 18:52

bench equivalent. That's because being gay is not a stigma in Holland. Well, because of that, because of that there is no Montrose.

o

19:03

Well, you know what the thing that was actually mentioned to me, and I thought about it for a minute or for a while. And then I was like, That's really true is Amsterdam pretty much took or Holland took the American United States Constitution and stuck to it. Well, all men are created equal. You're allowed to pursue certain rights and liberties is within you know, and they stuck to it. Well,

J

Jimmy Carper 19:25

they've had a long history over there of personal freedoms, long history,

c

Chris 19:32

and more importantly, what they did is they looked at the situation and said, Okay, this has the potential ality of having problems. So let's make it acceptable and purify it. Sure. Prostitution is you can run a very big great risk with the use of prostitutes. So they make it legalized. You walk down the street, it's like a shopping district. And it's A fin is clean, it's regulated. It's

o

20:02

just it's really amusing to me the fact that the country has got prostitution legal has one of the lowest STD rates in the world,

c

Chris 20:09

because we're talking about something that can be with problem with America's you have a lot of people who can't talk to their parents can't talk, really, families aren't as open about sexuality in many cases. And it's hard to sit down and say, Mom, Dad, what is this? Because they're gonna go, you shouldn't be thinking about that you shouldn't be doing this. We're going to send it to our priests and I know what happens there. I'm Catholic, I can say, I am the exception to the rule. I'm a Catholic all I was a Catholic altar boy. Never never approached, of course, God, am I thankful for seeing my priest.

o

20:48

Why am I here, Jim?

C

Chris 20:49

Hi, father. But I mean, that's one way that's, that's what's considered the liberal way of looking at it. And you see someone has a potentiality of a problem. Fine. Open it up to discussion. Take care of it in moderation. And, sure, to some degree, that's the whole Yeah. And then when you go to the conservative thing is put your foot down, stop at choking to death. For 10, it's not going to happen. And that's why I say it's, we have the problem with

J

Jimmy Carper 21:19

the guise of getting government out of your life. Oh, yes.

C

Chris 21:24

Strangely, they don't want to stay in other people's bedrooms. But you know, what? If they're not interested in our lifestyle, they need to get out of our bedroom?

♀

21:31

Well, no, they want to be in other people's bedrooms. They don't want people to be in their own. That's the key. Newt Gingrich divorced his wife in the hospital what? Yeah, really, really, and then talked about his sister being a lesbian. I'm sorry, I just really think that, you know, I think that her being a lesbian just doesn't quite take the cake out of those two issues. But that's just my opinion.

C

Chris 21:57

Oh, hypocrisy is in their in their bylaws.

J

Jimmy Carper 21:59

Okay, so let me ask you this. What does Pride Week mean to you? To me? Yeah.

♂

22:08

To me, it's, oh, gosh, you had to make me think, yeah, sorry, I guess it's more or less thing. More in his work, how far we've come. But at the same time, we're celebrating how far we've come how far we have to go. It seeing where we came from, because the pride movement hadn't been all that

J

Jimmy Carper 22:28

old? Well, it's as we, as we recognize, right.

♂ 22:32

Well, as far as civil rights goes, though, it's still probably one of the youngest publicized fights going on. It's

⌚ C Chris 22:39

taking the longest to get some semblance of acceptance.

♂ 22:42

Oh, yeah. I especially seeing as how we went from the Greco Roman periods where it was widely accepted. You could just go to, you know, go to a bathhouse. And, you know, well, it wasn't really accepted,

⌚ J Jimmy Carper 22:54

but in a different form. Well, yeah, it did very different form.

♂ 22:59

But even in that form, it would be completely unacceptable.

⌚ C Chris 23:03

I mean, that's, that's part of, of, of recognizing where we come from, that there has been there was a struggle. And that's one of the conflicts they have of the older generation and the younger generation. So the close I want to get on the subject of ageism. No. It's that we don't, that's supposedly the younger generation, we don't care of the struggles we went through. I've always called myself a library queen. When I started the coming out process to myself. I went out and bought the books. I mean, important to do. So I still have the 9094 95 Gay almanac. Oh, I

♂ 23:43

still to this day, buy books on on things like coming out.

⌚ C Chris 23:47

And I and I've read through it. I flipped through it a couple of nights. Last week, I think became a part of a discussion I was having with my father, which was very strange and spooky. Several weeks ago, my family my dad and I got into a discussion of gay characters on television. We were watching NYPD Blue when he saw the character on there and was was asking, Is he gay? Is it? Is it? Because he plays it really good. It's called acting. And so we were talking about that. And I said, Look, there's only one, one good, openly gay character, one openly gay actor playing a gay character on television right now. And he's never seen the show.

 Jimmy Carper 24:29

You know, there have been a whole lot of gay actors who played straight parts. So why is it so? Look at them? Why Why can't a straight person play a gay part?

 Chris 24:41

I mean, Amanda Bierce played the horn, the horny neighbor, and married with children. For me. That was the longest running comedy at its time. And she played a horndog straight woman and she played a lesbian in one episode. Why don't

 25:00

we just say we all know what the undertones in that in Mary, which Oh, she was a big old lesbian who couldn't make up her mind yet. But she's just waiting to come out of the closet.

 Chris 25:10

But I mean, it was going on. I mean, this is something could hurt their career and I go, it never hurt Billy Crystal. No. I mean,

 25:18

it didn't even hurt Al Pacino and no, go take a

 Jimmy Carper 25:23

dog day, afternoon,

 Chris 25:24

Dog Day Afternoon cruising, cruising, cruising. What are the other ones that they don't that made the worst film The the list of the worst gay? I mean,

25:33

if you think about some of the best actors of what we're watching currently are known or got known for playing their gay parts. Okay, so you can't use that argument for okay. So, back to back to pride.

c Chris 25:49

The pride is what pride is the fact that I've come such a long way in such a short amount of time. I mean, this is the third. This is the third pride parade that I've gone to. And I may be in it. Hey, I'm still debating with myself going in that.

J Jimmy Carper 26:07

Once you march and a Pride Parade, you will never be happy sitting on the sidelines.

26:12

No, and I only been 21. But having been in singing camera for is three months. I remember my first Pride Parade. The reason I went to my first Pride parade with hatch

J Jimmy Carper 26:23

rainbow has joined us, by the way, and I ran board.

26:28

But my first Pride Parade, I marched with hatch, and I marched because my boyfriend wanted to march. And I was in the middle, very middle of the hatch crowd that was actually walking. My boyfriend was up at the side and I was just hiding back like in the middle. But so while you were being shy,

c Chris 26:46

back only Milam

26:49

but that was my first taste of the pride parade. And ever since then, where was on last year? You were on

...

J Jimmy Carper 26:57

the after hours. Yeah, if

♂ 26:58

I wasn't on the float, then I was in the crowd hugging and kissing everybody or I was Dirty Dancing with Chad. There

J Jimmy Carper 27:03

you go. We have the pictures to prove it. But

C Chris 27:08

see the funny thing I have with the price rate is my youngest brother swears he does not remember saying this. But when I came out to my youngest brother, one of the first questions he asked me was I ever been in a pride parade. And at that time, I hadn't even been to see a pride parade yet.

J Jimmy Carper 27:24

Oh, he knew more about it than you did. Well,

C Chris 27:26

no, I've we knew about the parades. But I had never. I had never attended one. And that was I came out. I had moved out of my parents house and was in my own place for the last daytime parade. Okay, and it was raining and I was still unpacking I didn't feel like going Yes, I really did. I came out to him in October a couple months later, National Coming Out Day. And then the following year, I was with a group. I went with a friend of mine to the first nighttime parade. And then last year, I stood with the with the Q patrol contingency on the sidelines watching the parade. And this year, I might actually be either walking or riding with the Q patrol for continuously. Yeah. And it's like, I don't know if I want to do this. A lot of things.

♂ 28:17

Oh, please. Well just realized.

C Chris 28:19

Unlike unlike Jason, specifically Jason here, and Jimmy,

28:24

I'm being targeted.

Chris 28:25

I'm I'm a media whore. But I do it behind a microphone on radio. Yes,

Jimmy Carper 28:31

I don't. I did that for a long time. But I had

Chris 28:34

them and they took my picture for the Q patrol. Like I couldn't handle my picture being taken for that.

Jimmy Carper 28:40

Oh, come on. Come on. Come on.

Chris 28:43

Because especially when you've been walking down or walking down the parade, they're gonna wonder why isn't there strings hanging off that they'll do realize

28:50

no matter what you think right now, if you decide to march, you will never think that the being on the sidelines is an option after

Rainbo de Clown 28:57

I was in the parade in 82. No, I saw my first parade 8219 82 I was next. No, no, it was 1981 I came here to Houston. saw my first parade. June it was hot. Yeah. Well, they've all been hot. And then in 82 and 82 I started being in the parade and I haven't missed one set.

Jimmy Carper 29:24

The I missed one year since 88. And I vowed I would never do that again. And as a matter of fact, I will be with the switchboard. The Gay and Lesbian switchboard and we will probably be ~~back there at the end of the parade with rainbow we got the mix up with our entries~~

BACK THERE AT THE END OF THE PARADE WITH RAINBOW WE GOT THE MIX UP WITH OUR ENTRIES

o

29:45

I'll be marching along with Jeremy just so I don't get stuck on the sidelines this year

J

Jimmy Carper 29:48

but but I'll tell you it's it's this gay lesbian switchboard may be unique in the gay community is that it is in our bylaws that we must march in the parade.

R

Rainbo de Clown 30:02

It is well Yay. I think we

o

30:05

need to redraw the

J

Jimmy Carper 30:06

bylaws for you know, like, one year there was like I think one or two people marching I think two they just had each end of the banner

R

Rainbo de Clown 30:15

and they can join me. But hey, we'll make a beginning Yeah, join me there's always there's always a beginning of a parade and then there's always the climax international

J

Jimmy Carper 30:32

some kind of wild outfit going

R

Rainbo de Clown 30:37

wow. Pride power and then I'm bringing it up the buzzer. Oh. What is the theme again? Pride power and pizzazz. I'll probably wearing my Mickey the Martini drink but I've got a couple extra things with it. No lights, no guide, suddenly the lights

C

Chris 30:57

showing off the olives in that Martini.

R Rainbo de Clown 31:03

I've been working on as you can tell I got we call it foam insulation all over me. You know it'll spray can I make all my customers out there stuff

♂ 31:15

I've learned I'm scared and

R Rainbo de Clown 31:17

I'm learning shaders. Now in the rain last year, my bathtub disintegrated. We never no one got to see the bathtub in the parade. Because that 10 minute little shower it just the Senate.

♂ 31:33

Let's not discuss last year. Oh, it was fine. It was actually it

J Jimmy Carper 31:37

was really was a hell of a lot of

♂ 31:39

work. What was that? We also waited too

J Jimmy Carper 31:42

late. Yeah, you have to and

♂ 31:44

then you got to talk. Yeah. And you've got to love because you know, our flow wasn't bad looking. Before the 10 minutes of rain. I know. But the 10 minutes of rain just didn't.

J Jimmy Carper 31:54

It was lots of paper products.

R

Rainbo de Clown 31:56

Well, let me use streamer paper streamers that if you don't know the weather, you better be careful. I would suggest tablecloth, those plastic. Those plastic roller tablecloths that you get at Arneis say that. And they're \$10 they're plastic. You cut them up. You can make them as long as you and they last a lot longer than those paper things.

∅

32:21

Real quick. I wanted to remind everybody that we've got those two passes to Picasso on Thursday United delicious. So if you want them the first two callers to call in and ask for them, sub 13526 KPFT 713526. What is it, Jimmy? And you know what tomorrow is? Don't you? 5738? Is

R

Rainbo de Clown 32:38

J

Jimmy Carper 33:04

∅

33:07

Rainbo de Clown 33:09

on the internet. There's I've been watching different celebrations all over the United States. I mean, they have gone from small little towns to big towns, you'd like that one in Birmingham. 300 I think was 300 people that was marching down the street now. That's pretty good. Yeah. You know, for Birmingham. Yeah. And no problems. Gosh, I'm

Jimmy Carper 33:30
