Her every Saturday night at midnight right here on KPFT Houston and KEOS College Station. I'm Jimmy Carper

Jewel Gray 02:14

and this is Joel gray. Yes coming to you live from Montrose we are live live really live we got a lot to talk about tonight sure do was in a such a wide range of subjects. We're going to talk about this guy in Florida

Jimmy Carper 02:30

the Cunanan Yeah, I've heard his name pronounced the about three or four different ways

 Jewel Gray 02:35

all the way they got it written in the voice they spell it out for each Cunanan Cunanan that's what they say, Oh, can we want to talk about him? Because, you know, he may be bored with Miami and looking for another place to kind of like for a little while and we want to be on our toes here in town and

 Jimmy Carper 02:51

where he's been in California. Chicago,

 Jewel Gray 02:55

Illinois. Yep. Hey, jersey. Yep, we're kind of blends in everywhere. So we want to be on our toes and be aware of who he is and what he looks like. And I was noticing that Lobo has a picture pasted on their window big Roy has a picture a flyer The FBI is might want most one inch roll is passing those out. Good. Good. And they should be one in every bar. Every bartender should see one every people like to love it in and hotels and places like that should be aware,

 Jimmy Carper 03:26

there's been a lot of television coverage. So

 Jewel Gray 03:30

yeah, you know, I think I was watching that coverage this evening. Some of it this evening, I think they're beginning to, you know, be covering themselves because they that happen, you know, and I think that what happens is that people start getting bored, and then they don't pay attention. And then they can run across somebody like this and not be aware of it. So we want to, you know, focus in on you know, just making sure that you are aware of who's what he looks like and, and that, you know, if you run across somebody like that we got some numbers a little while to give you for the FBI and the expecting Raheel to come in and help Ray gets here. You know, I just adore right. Yes. You I want to be when I grow up.

 Jimmy Carper 04:08

He am big Roy,

 04:09

he and big Roy who's kind of an expert in security absolutely been to school for That's right. And what were you saying earlier than he was sent to? You sent to Atlanta, Atlanta after the bombing? Maybe that's why that guy jewel got off because before I got there, and they knew better. They learned better quick,

 Jimmy Carper 04:29

there you go. Anyway, there's a nother aspect we want to touch in the gay community that's coming up. I read an article in the advocate, as recently

 Jewel Gray 04:40

about a new group called P Fox. Parents and Friends of ex gays. Now this is a scary group. Yeah, kind of scary. Just what I've heard about and read about and I checked out the net and there's a couple of places on the web that you can find information about them but they're not a positive. No, not a positive feeling positive good. group and we want to talk about them briefly because we, you know, we really don't have a handle on as much information as we'd like. But following that, we'd like to give you an alternative to one of these groups like this, and we want to talk about PFLAG. I was at the PFLAG meeting last Sunday. And it was wonderful. I really thoroughly impressed. They had a speaker and they played a tape and we're gonna play the audio from that tape later. And it was about the people who went from here to Washington to lobby for the entire thing. The employment non discrimination, there you go. See, I'm glad to hear. I knew.

 05:35

I have mixed feelings about it. Because as a gay man, I'm really all for it. But in the overall queer community, it does not cover transgendered people.

 Jewel Gray 05:46

Yeah, and that can that can be a real detriment to it. Because a lot of our a lot of support in our community, a lot of people who are powerful and

 Jimmy Carper 05:57

and you'll see after this, this P flat take, you'll see how important it is because most of the people in there did not realize that we even needed and

 Jewel Gray 06:06

get. Yep. And I was really impressed with their frankness, yes. And I tell you, really, truthfully, we were talking earlier that it brought a tear to my eye once or twice, listening to it. I watched the tape. And it was a really great meeting. They met downtown at the you know, the name of the church by Christ Church Cathedral, right down on Texas. And it was a wonderful meeting was probably close to probably 150 people there. And I saw people that I knew for years and years and I just was not aware were part of PFLAG. Not that. You know, 150 probably 150 people that probably really close to that. Well, they were really they were tooting their horns because they'd won the big trophy at the parade. Yes. And they were really just up on the top

of the world for that they were just real thrilled and congratulating each other and they should have they I saw pictures of their their entries and the trophy. They had the trophy and they paraded around it was really great. They really celebrate. And people they're eight trophies this year. Yes, they did. They really look good. Better than bowling trophies. Yes.

 Jimmy Carper 07:13

I didn't realize that. The grand marshals got trophies just for being grand.

 Jewel Gray 07:17

Where did you put yours?

 Jimmy Carper 07:18

I have it right in my living room. I'm

 Jewel Gray 07:20

surprised you know, Jodie. Jodie Foster keeps her Oscars in her bathroom. But maybe my keep your off your trophy bedroom

 Jimmy Carper 07:27

there in the living room right now. It is in the living room. Yes.

 Jewel Gray 07:31

And let's see what else we're going to do. We've talked to let's see, talk to oh, we have we want to talk a little bit about someone who was very important as community just passed away. And, you know, we were talking earlier, I didn't know this man very well, but I did have dealings with him. And he was very important in the community. Very important. He was with the T gra group.

 Jimmy Carper 07:56

Sure was in fact he he was a guest on this program in the late 80s. When t gra was having their rodeo here in Houston. I remember that. Yes. Oh, my goodness, I promoted it very, very much. And always a gentleman,

 Jewel Gray 08:16

gentleman that's, you know, I was gonna say and by the way, for those who you who knew him, or didn't know him, this is Larry Garrett with Larry Bird. Right? And we're really sad to note the passing of this man. Very gentle man. Um, you said gentleman, but I know, you know, I got the sense that not only was he a gentleman, he was a gentle man. Yes. And, you know, the dealings I had, he was very generous, very soft spoken, you know, and was just a delight to spend time with. Like I said, I didn't know him very well, I knew him only as part of an organization that was dealing with his organization. And he was the person I was dealing with. And it was very dignified. Oh, my goodness. You know, I at first I thought he, at first I thought he was someone else when he introduced himself to me. I thought he was one of like, one of the CEOs of one of the other organizations. And then he identified himself further as part of the TG era and you know, and what he wanted to do and how he wanted to do it with bearings when I was with bearing and he was really involved there real involved with that church yes and real involved with

J Jimmy Carper 09:27

that up the Larry Garrett foundation that's right and so that all of these he did some big money contribution

J Jewel Gray 09:35

Yeah. Tribute to to this community. And we will feel this loss

J Jimmy Carper 09:39

the last few months he had been writing articles in the voice about AIDS and and the things that you could do to help yourself out and the things that had made him that's how I saw

J Jewel Gray 09:53

him Yeah, was somebody who, to the last ounce of energy would try to help somebody else. And you know, I didn't see these articles. You saw the articles? Are you just aware of that thing? Oh, I

J Jimmy Carper 10:07

read I read the article sorry.

J Jewel Gray 10:09

I've been out and

**J** Jimmy Carper 10:10

being DFE. H myself, I've been, you know, Larry was very conservative. And of course, I'm very liberal. And so we didn't always see eye to eye but when he talked about AIDS, he, you know, he was right on the monitor as far as I was concerned, you know, the feelings that you go through and, and all of that if you can get some past voices and cut those out, well,

**J** Jewel Gray 10:34

they're gonna have a celebration of life for Larry, Saturday, July 26, at MCC er and that's 1990 indicator at 2pm. And for further information, call 713-960-1165. And if you miss that number, you can call big Roy outside and he'll give you that number. And, but we do want to note that this is a major loss in our community and that it will, we will feel the ripples through it all through the

**J** Jimmy Carper 11:01

community that I've got a special piece of music by a local artist, Harry Haynes, who has had his music, played on other shows here at KPFT. It's electronic music, very contemplative, a lot of it is I think it's very beautiful stuff. And I'm very happy to be able to play his music. Cool. Um, I'm interested. I really don't know. Station, you know, it doesn't matter because Harry's a nice guy, local artists and

**J** Jewel Gray 11:36

yeah, puts out quality stuff. That's all that matters. Yeah.

**J** Jimmy Carper 11:39

I actually think he's better than Wendy. But this is off of you can get his stuff locally to where he's got a chair.

**J** Jewel Gray 11:50

I don't know. locally.

**J** Jimmy Carper 11:52

Yeah. He's got stuff locally.

**J** Jewel Gray 11:55

Did I record something where he was playing somewhere you may have oh, like maybe chances maybe I thought, no, no, no. Was that playing a chance? That was somebody else,

somebody else? Anyway, this is

**J** Jimmy Carper 12:07

off of some new music that he's done and happens to be my favorite. It's called Winter Solstice and this is for Larry. You're listening to it on after hours. KPFT Houston KEOS College Station music by Harry Hain when it lonely, that is very, very pretty. It's called Winter Solstice. That's not wrist that's not available yet. But he does have other stuff out. Find that in the studio now. We have

**G** Glenn Holt 12:51

big Roy and Glenn from Q patrol. And God is Glenn look good. Yeah, imagine if if I had been wearing this when they were interviewing me

**J** Jewel Gray 13:00

on Lord. I bet I see more Glenn than any woman in a long time. I told him I said if you turn a lesbian on boy tells you some.

**G** Glenn Holt 13:10

I'm dressed for going out this evening. And should I describe what I'm wearing?

**J** Jimmy Carper 13:16

Ah, yes, I think you should. Okay.

**G** Glenn Holt 13:19

I'm wearing a chest harness. Yes, just a basic leather straps. Leather chest harness. I've got my Chrome armband. I've got this spiky thing on my my wristband. Yes. And then underneath my shorts, which I'm going to take off when I get to Pacific Street. I have my new leather codpiece that's made out of sort of straps. So it's very transparent.

**B** Big Roy 13:44

Very seat to match. Yeah.

**G** Glenn Holt 13:46

Yeah leather match Yeah

Team, Teamer, Teamer, Team.

- B** Big Roy 13:48  
I have a strange question. What is this harness this chest? What is it? What is its purpose?
- G** Glenn Holt 13:54  
Well, it's sort of accentuates the
- J** Jewel Gray 13:56  
did yeah, yeah. Yeah. What? Then breasts, the muscles, breasts, the muscles. The muscles? Were the B. Here's the beef. You can't you are you got beef.
- G** Glenn Holt 14:13  
Big Roy, you got more beef than all the rest of us. Were like mostly the bread around your stomach. Just no signal sound good. Now that we're on the new tower
- J** Jimmy Carper 14:27  
that we are on the new tower. Ladies and gentlemen, if you listened last week, you got a lot of space. And this week, we are clear as a bell and we're talking about Houston now. Yes, we're probably reaching further. That's true. Cool.
- J** Jewel Gray 14:42  
I like that. I'm out in Rosenberg.
- B** Big Roy 14:45  
I had just gotten a call from someone in clear lakes and that they couldn't pick us up. And I said, Well, I don't know. Maybe the sun and the moon weren't in the right position. He said Well, what position with this Postman 69
- J** Jimmy Carper 14:57  
Were they 19.1
- G** Glenn Holt 15:01

 Glenn Holt 15:01

You'll also notice no more little buzz in the background or anything like that. That sound is just so much more crisp. Yeah, it's wonderful like CD. Well, the reason why I dropped by is because Q Patrol has not not upstage Ray.

 Jimmy Carper 15:16

No in fact right was supposed to be here and anyway going on with

 Glenn Holt 15:21

Q Patrol has released a press release about Andrew Cunanan and I brought this along to read for everybody. Andrew Phillip Cunanan the suspect in Tuesday's murder of Italian fashion designer Gianni Versace is Wanted by the FBI for a string of gay related murders in Minnesota, Chicago and New Jersey. Andrew Cunanan is 27 years old, originally from San Diego and travels widely. Some of Cunanan acquaintances have described him as a party boy, with a distinct loud laugh and lots of money just like Roy he is five and a half five feet 10 and a half inches tall, weighs about 195 pounds, not like Roy and has a brown buzzcut. His average boy next door looks allow him to present several different appearances. The FBI is offering a \$10,000 reward for information leading to his arrest. And I think that's actually gone up now.

 Big Roy 16:16

Actually, it's in South Beach there the FBI has 10,000 the gay community themselves down there at rate another 10,000 and the business establishments down there raised 10 So that's a total of 30,000 down there in South Beach.

 Jewel Gray 16:31

I heard he may be looting the police by walking going around and drag this evening.

 Big Roy 16:39

Andrew cannon is almost like a master of disguise. He's got several different looks about him. He could even be dyeing his hair, blonde or red or whatever. And he could be going in drag and

 Jewel Gray 16:59

we just want people to be aware

 Big Roy 17:01

egotistical person and who if if he doesn't get his way? Well enough. Yeah.

G

Glenn Holt 17:06

There's there's every possibility that Andrew Kanaan and may appear in the gay communities in Houston or Dallas. That's true. Q patrol is warning everyone who lives works or socializes in the community to be aware of this person and report any sightings promptly to the FBI. This warning is extended even to persons who do not identify themselves as being gay or bisexual, but who have business social or sexual contacts with the gay community cannot and should be considered dangerous and the FBI warns against taking any direct action. Cardona is intelligent, cunning and described as charming, it is apparent that he uses contact and acquaintances in the gay community to support exaggerated claims of wealth and social status. It is also apparent that he is following news accounts of his crimes and uses these reports to elude authorities. Sure, Canadiens behavior fits the profile of a sociopath which makes him dangerous because he is unlikely to fear the consequences of his actions, and probably has no inhibitions about committing antisocial acts including murder. A sociopath such as Cunanan will present himself with great poise, confidence and serenity, and will show little emotional effect in circumstances that would be embarrassing or physically uncomfortable to a healthy person. These traits allow him to portray himself as wealthy even though he works only a part time jobs. His mother believes that her son earns money as a male prostitute. Andrew Cunanan is suspected of using people in the gay community. He is now also the prime suspect in a series of robberies and murders. If you see this man avoid making contact with him and report his whereabouts properly to the FBI. For more information, check the FBI website@[www.fbi.gov](http://www.fbi.gov) or search any of the online news services for references to Cunanan

B

Big Roy 18:52

now I will say this I will say this about Cannan and which is that your assessment there is really right on he doesn't have any qualms about killing someone. He already knows that he's if he gets convicted, gets caught and convicted of capital murder they can only kill him one time. Yeah. So he's on this killing spree and he just doesn't care. Well, once you are in his way, he will eliminate you.

G

Glenn Holt 19:21

That's right. He's done it once. He's found out how easy it is to do and nothing is gonna stand in his way now

B

Big Roy 19:27

and I've seen this so that the except for one instance, everybody that he has. That's been one of his victims has been have been people of means that one other person was that that Grave Digger who and he needed that guy's cars he just needed the truck.

J

Jewel Gray 19:49

They're afraid that's gonna happen down in Florida now is that he's gonna hijack a car down

they're afraid that's gonna happen down in Florida now is that he's gonna hijack a car down there and hurt someone. Yeah.

B

Big Roy 19:56

The thing is he's staying off the main he's Getting off the main, the main highways and thoroughfares because he knows all the cops are looking for him. This guy is smart. Don't think that he's dumb as a stump because that's going to be a fatal mistake of yours.

G

Glenn Holt 20:12

Yeah, he can charm the birds of a feather from 1000 feet away. And like I was talking with someone earlier software bird, I mean spoonerism

B

Big Roy 20:21

Anyway, like I was talking with someone earlier today. There are people in the gay community just like there is in the straight community who have this danger fetish. Like, okay, Richard Ramirez, a straight serial killer, who is known as the hillside strangler. He has a huge following of women who still write to him in prison, and they want to event they have this fantasy about going to bed with a guy and having sex with him. That's weird. It's warm. But believe me, there's people in the gay community who are just as weird and warped. You come across this guy. Stay away from them call

J

Jewel Gray 21:05

call the FBI. And I can give you a number here. 713-693-5000 713-693-5000. On can.

G

Glenn Holt 21:18

Michelle, our Vice President of Q Patrol just stopped by. We were having patrol this evening. Little bit of activity out there. One of the questions that the news media has been asking is if Houston has seen any sort of increase in crime because of the sort of copycat phenomenon and the increase in bashing anything like that. So I think I think tonight's patrol went reasonably smooth. Good, but we are out there and we are a visible deterrent presence on the streets. Eilert. Do what

B

Big Roy 21:49

are you on high alert tonight? As

G

Glenn Holt 21:52

as high as ever? Yeah Oh no That's however we're of course we're asking for the support of

as high as ever. Team. Oh, no. That's however, we're, of course, we're asking for the support of the community and we're getting it.

B

Big Roy 22:04

After Jimmy Carter's administration, Hamilton Jordan came out, mentioned that they did do cocaine in the White House. We knew what they meant by a high White House official. Yeah, right.

G

Glenn Holt 22:15

Well, anyway,

B

Big Roy 22:16

we're on high alert tonight.

G

Glenn Holt 22:17

Yes. So of course, Q patrol is always looking for more volunteers. You can always volunteer for Q patrol. It's easy, and it's fun. No special sort of physical requirements or anything like that. We don't do physical training. We're not vigilantes. We're not the guardian angels. No. We're just another citizens watch patrol, operating under the Houston Police Department's citizens on patrol program. And if you would like more information if you'd like to join us out on patrol, or if you just like to maybe donate some money to the cause. Every dollar donated to Q patrol goes directly to putting patrols out on the streets,

J

Jewel Gray 22:56

you know, make it sound like such a job

B

Big Roy 22:58

one of these teller evangelists, which goes into their pockets,

J

Jimmy Carper 23:01

actually, what we do is we take names and we tell on you Yeah.

23:07

Some but sometimes it sounds like such a job. But I from what I understand you guys have a pretty good time out there you have a lot of good a lot of talking to people and visiting with

pretty good time out there you have a lot of good a lot of talking to people and visiting with people that you run into on the streets. And you know that there's it's a lot of fun to want those volunteers prospective volunteers to understand that yeah, you do take names and report but that you meet a lot of decent people out there we tend, and that it's a lot of fun to be out there with a bunch of people what

**J** Jimmy Carper 23:35

my yarn, basically are the eyes and ears for the police department. When we discover something, we notify them, we do not intervene

**G** Glenn Holt 23:51

even when they're real busy, and they sort of say well let Q patrol handle it. We say no.

**B** Big Roy 23:57

I have a question. It's not or have we have you all come across any gay bashing incidents or attend to gay bashing whether it's just verbal threat or actual physical abuse within the last few weeks or Well, yeah,

**G** Glenn Holt 24:09

there there actually were a couple of well, they weren't specifically gay bashings. But I mean, a couple of people got beaten up and robbed in the community last weekend. And we did have Yeah, Michelle reported on that. Yeah, yeah. And then we did have we had a fagging or somebody drives by No,

**J** Jewel Gray 24:29

oh, that was me.

**G** Glenn Holt 24:34

Well, we, if we if we can identify the vehicle that was involved. Then first of all, we'll make sure that they are aware that there's community watch patrolling the area. And normally they leave

**J** Jewel Gray 24:47

send postcards. Yeah, yeah. That was a wonderful idea.

**G** Glenn Holt 24:51

 Glenn Holt 24:51

Great. Yeah, we have we have a little pink nasty gram. That if you if you've been if you've been a bad boy or girl in our commute At Your parents will get this little pink nasty gram in the mail with greetings from cue patrol and you know the name and license plate number and all that we run it through the DMV so we know where the where the address is this car

 Jimmy Carper 25:13

has been spotted a Montrose is in there that

 Big Roy 25:15

was explaining to mommy and daddy what they were doing

 Jewel Gray 25:17

they were doing in Montrose. And they're not gonna buy that by batching story. No, they're gonna think you were down there doing the other thing.

 Big Roy 25:26

Do you ever see repeat customers coming?

 Glenn Holt 25:29

After a pink nasty gram? We never see that again. Better than a police ticket.

 Jimmy Carper 25:34

Anyway, this cannon thing? It's a serious thing. It was reported in the gay press three months ago. Yeah, it was in April, it was all over the internet. And we talked about it here. But as all things it didn't affect us directly. So we just reported on it. So now and it's not just because of Versace. But I mean, it is just a shock to the community. someone as talented and creative Saatchi could get killed like in the front of his house for for apparently no reason. But this guy could be in Houston could be in Dallas could be in New Orleans, anywhere. I mean, anywhere along the Gulf Coast, is right.

 Glenn Holt 26:25

And, and he's got a very sort of Boy Next Door average sort of looks, even the pictures that the FBI has provided. If he was in a crowd of people, you probably wouldn't recognize him just because he'd blend right in.

26:40

And know that's what we were talking about earlier. I swear I've seen this guy. But we were talking about that because he's got one of those faces Yes. That you just swear you've seen this guy, you know over Jr's are hanging around someplace. But you know, he's just got one of those really average good looking faces that, that it's really terrible. Sad.

Jimmy Carper 27:01

Yes. And nobody knows what's going on in this guy.

Jewel Gray 27:04

Well, you know, if I were If I were him, and I was looking for a safe place, and I knew the reputation of Houston police officers, I'd come to Houston

Big Roy 27:15

we really do have to be on the on the lookout. And we do have to be aware. One of the things I wanted to say that I heard a number of people mentioning gay people, you know, having a tizzy fit saying, Well, why didn't the FBI do all this earlier? Well, it's not the Hispanic guy. It's not the

Jimmy Carper 27:39

UK actually, he's been honest.

Big Roy 27:43

According to the according to according to the law, as far as the FBI is concerned, Canadians only wanted on four cones of interstate flight to avoid prosecution. That's why the FBI capital murder charges are up to the United States local, and it's a local, it's the local departments that are supposed to be getting into a tizzy fit and letting us know.

Glenn Holt 28:06

And part of the other reason of course, why it's getting so much media attention right now is because it's the summertime and nothing else is going on. Other than Mars,

Big Roy 28:16

you know, then, and now we get this new term of spree killer.

**G** Glenn Holt 28:21  
This spree killer. That's a new one. Serial Killer,

**B** Big Roy 28:24  
just hit me just this past week. And you know, I've got a lot of university studies and degrees and in this stuff, and there's a day my whole life. I've never heard this term spree killer. This is a new one, folks.

**J** Jewel Gray 28:35  
No, it's not a new one. No, no, no, it's not a new one. This is something I've always been fascinated with serial killers and that kind of streak. Yes, I know. I know what you're talking about. I've always had a fascination for that. And I've heard that reference several times in my, in my reading in my self education. I've not gotten any classes, but I've done a lot of reading and a spree killer is someone who goes on a spree of killing and usually only three or four people after they've had some great traumatic experience in their life, financial emotional, sometimes they snap right they snap and then they kill a couple of people and usually end up killing themselves. In some way these spree killers are people who go and take over post offices. And they go over and take you know, kill their two children in a truck because their wife is divorcing them this guy just recently or the woman who you know, took her children out to the lake. These are commonly referred to as spree killers, or Marielle killer is someone who enjoys what he's doing. He enjoys it. It's part of what he gets. Or she there's only been one noted what they get self satisfaction from a spree killer is usually someone who snaps goes off and says, you know, I have nothing to lose. I'm going to punish. Okay.

**J** Jimmy Carper 29:57  
I see. I see someone insecure. Are they shaking their head here?

**B** Big Roy 30:01  
Yeah, I was gonna say that a person who kills like, like a disgruntled postal worker or guy who goes, kills his whole family, you know, all at once. When a person goes on a killing spree all at once in one location that's known as a mass murderer. That's like the person at the McDonald's in Yorba Linda. Yes, or that guy at the post office. But they snapped. Yeah, that's called a mass murderer. And that's usually just a one day deal. Usually, it's a one day deal, maybe a two day deal. A serial killer is one, it's stretched out over a month, and it's four or more people over a period of time, as opposed to on one particular

**J** Jimmy Carper 30:48  
day of spray. We have serial and we have

**B** Big Roy 30:51

mass murder, I mean, and so as a spree killer from what I can understand this past week, which is one of the reasons why I love Security and Criminal Justice, criminal science is that it's always growing it there's always something new here that he goes on a killing spree at one particular,

**J** Jimmy Carper 31:17

regardless, this guy is bad news or bad

**J** Jewel Gray 31:19

news, bad news. And you need to be aware of what it looks like. You can look at posters all over the community, stapled to posts from what I understand stapled to telephone poles put up in the windows at bars and local businesses. Stop by spend a minute looking at that and if you run into this person, do not do not mention that you've noticed him don't have any contact with him. Right? Just call your local authorities

**B** Big Roy 31:45

right 911 If you don't have a call if you don't have a quarter nine, one one will do just as well. Okay. And I just got a message here from Doug said that He's even been profiled on America's Most Wanted this week. Ah, so you know that that's important. Also, I want to say that

**J** Jimmy Carper 32:02

our coverage the more people will recognize this face

**B** Big Roy 32:06

look for there's a ball on him a bolo a bol. That's a be on lookout for him to 150 different countries. Wow. So just in case he decides to get out of the country. We, you know, we got him well covered here. Okay. I say this, oh, he's not going to be able to go into any gay bar, or any restaurant we serve, or any place like that right now. Well, that's what they thought in South Beach.

**J** Jimmy Carper 32:37

Well, I know. And this was in broad daylight. So then he that's the danger. Yeah.

**B** Big Roy 32:45

**B** Big Roy 32:45

And he is wanting for questioning in a doctor's killing the was the day after Giovanni SRC? Yeah.

**J** Jimmy Carper 32:52

Well, well, they don't know. The thing of it is it's not just gay man. Trying what? Vehicle healing to take whatever is closest, that's right, and kill who's ever in it? That's right. So opportunist, right. Right. So it's not just gay men that have to worry about this.

**J** Jewel Gray 33:12

And they made that clear in Miami the other day in a news media report that, that it would be really remiss of them to suggest that this is just a gay thing. That that they feel like that he's angry at the gay community. Some people have suggested they found out he had AIDS before he started this spree, and that, that he's angry at gay people in the community. And that that's why he's doing this but they also highlight the fact that he has stolen a vehicle and killed a man for his vehicle, and that he is moving around. He has no way to get around so that he is likely some artifact that was the biggest thing they were looking for. After the Versace killing was any vehicle stolen in the immediate area, because he's he's notorious for that.

**B** Big Roy 34:10

And I will say this though, I'm kind of I'm really kind of proud of our Houston community here, our gay community here in Montrose area. I mean, our club owners, even our other sister show, gay lesbian voices. The voice has they've been really responding to this crisis. fantastically. I cannot. Tom Richards and I were really kind of upset with a twit today, because this is the place for Canadian likes to go and there's not even a one liner in the twit.

**J** Jimmy Carper 34:46

Okay, well.

**B** Big Roy 34:49

But, you know, the rest of the community has responded very, very well to this Q patrol. The club owners Charles Armstrong and others. Get aim has been voices and some of these, I heard somebody mentioned Lobos has a poster out

**J** Jewel Gray 35:06

on their window. So I think that's really low. I had their poster up before the Versace killing. I saw it last Sunday on the window when I went to shop for some for a friend of mine. And as I went in, I noticed there was a poster. I think, besides he died like Tuesday morning, something

Jimmy Carper 35:22

like that. And that may have been why there wasn't anything in the voice because they go, they their cut off is Monday at noon. Me at twit, twit the voice? No, there's something. You mean. Okay, you're talking about that? There's nothing in the toy. Right. Okay. Both of them have a cut off. Yeah.

Big Roy 35:40

And I think that I think it's really fantastic the way the rest of the community has really responded to this. Well, we all

Jimmy Carper 35:47

need to respond to this because it's just not affecting gay man. It may have started out as when he first started as as affecting gay men, but now it's, it's so especially

Jewel Gray 35:59

on the run, especially with the pressure on him. He may do almost anything, and we don't want to terrorize anybody out there. That's not what we're trying to do. What we're trying to do is simply educate you tell you where you can find out more information. And if you do see this person reported, okay.

Big Roy 36:15

It's one of the things I want to point out about this is that and it's kind of amazing to me. We saw this with Ted Bundy, a very attractive guy who could alter his physical apparently, you know, somewhat alter his physical appearance. And even though there was warnings posted at the at the women dormitories and colleges, he was still able to keep on going until he finally got stopped on a traffic stop. And the same thing may very well be happening here. His looks may make people you know.

Jewel Gray 36:50

Yeah. Disarming

Jimmy Carper 36:52

Yes. Yes. And that's that's very dangerous. Okay, okay. Let's go to some music. Sounds good. We'll come back and talk about P Fox. And you're listening to after hours continuing tradition. It is on KPFT Houston and KEOS College Station.
