00:00

Andy? He's a queen. He's a, he's a, he's a three

Chris Harrison 00:14

Yes, the homecoming queen is a queen. This is after hours queer radio with attitude and we're back and that was the flirtations with homecoming queen has got a gun, and they reach over here and push the magic buttons. And we should have on the Dean Becker. Good evening, Dean.

00:36

Yes. Yes. That was that was quite funny. I love that song. That was great. Yeah,

Chris Harrison 00:40

we had to deal with, you know, problems going out for everybody. And especially with our groups here have their their prom, you know, closely, we've got his homecoming queen. So

00:50

fair enough. No, it was good. I liked it. Oh, yeah, I wanted to, I guess, just alert folks to what we've got coming up this week on the half hour cultural baggage show in the 420s. John Conyers is coming back for a second round of interviews. And we talk about the war in Iraq in these prison photos and the comparison to the US prisons in the drug war, etc. I mean, that's an easy parallel to draw, you know. And we also have these couple of gentlemen from South Dakota, and they're trying to promote the use of hemp products, that, you know, there's over

20,000 uses, they're producing a magazine, actually, it's called emphasize, and catchy. I like Bob Nuland and Jeremy Briggs are the CO publishers. And they'll also be joining us on that half hour show. And something that I'm amazed about, I'm probably going to write some editorial about it's pretty good stuff to my ears. And that's that the the Drug Policy Alliance, the Marijuana Policy Project, and normal national organization for the Reform of Marijuana Laws have combined forces on a project, they're all three, supporting and endorsing working together. And I'll actually be meeting together on my show. And if you don't know the history of these organizations, it is it's a very positive milestone, it's a showing that the end is near. And we just got to combine forces and get it done. The Battle of the Bulge is almost over, if you will. Anyway, they will be joining us as well. And I want to say something here i that Dwayne said something the other day, 41 cents a day, he says he says a quarter a nickel, a dime and a penny 41 cents. That's a pledge of \$150. And if you support after hours, if you like these drug war news, if you value KPFT, and the diversity that you get from this station, I urge you to give a call here in a minute. send in your pledge. Let me say a couple other things. Go ahead. Well, I

 Chris Harrison 02:59

mean, yeah, that's I mean, the sort of topics you hear on the show, you know, we talk a lot about what we hear on after hours, you know, what other stations are going to give you a look at the the truth about marijuana reform and about the medicinal purposes of marijuana, of prison reform of, you know, the community, in the community in general, not just us, as the queer community. But you know, the different the silent majority out there who are looking at the world and going, you know, it's screwed up. And it's not because of fags and liberals. It's those wackos up in Washington that are putting us on a slippery slope to who knows what disaster? Well,

03:39

it's it's fundamentalists everywhere, that are creating this problem. They they want to, it's their way or, you know, to hell, you know, I mean, they're so right. And then the rest of us are so wrong, that they have a mandate from God, you know, and they don't back down. Now without severe, whacking a southern guy, but, you know, we, we have to just fight against that fundamentalism, because this belongs to all of us. And for anybody to try to take control, whether it's through their religion, or their moral stature, or their money is is wrong. And that's why we've got to fight. I mean, for the last 100 years, it's been these corporations taking over every basic, fundamental human right and putting it into their hands. And that's what's wrong. That's what's broken. And we've got to drive those, you know, corporations out of the politicians bedroom, because that's where they're all sleeping together. That's it. I'm sorry to be preaching to this choir.

Chris Harrison 04:44

I mean, but that's the fact of what of what, you know what Pacifica is, what KPFT is, it's standing up and saying, you know, something's wrong. And, you know, I think our mascot would be the little boy from the emperor has no clothes Those is you know, we've got the

corporate media standing there saying that, you know, all is right with the world. Everything's good. But, you know, we're out there saying no, you know something's wrong. You know, the economy's in the toilet gas prices are through the roof.

05:16

And something to always keep in mind the, the OPEC, the Arab influence, the high prices are really decided in those boardrooms, in the penthouses downtown Houston. We are the Arabs, that make no mistake about it, it is all a fraud.

c Chris Harrison 05:36

How the world prices? I mean, you know, it's the Saudis, who are the number one producer, who are good friends with the bushes, the house of salad in the house of Bush, the house of bin Laden in the house of Bush,

05:50

I think we'll get a good dose of that from this new movie Fahrenheit 911.

c Chris Harrison 05:55

Yeah, I mean, there's a lot of the connections between the Saudis and the Bush family. You know, the number was number three or number four producer of oil in the world. You know, they're not too happy with us because we tried overthrowing their President Hugo Chavez of Venezuela, who at the time was president was in the rotation position of president of the OPEC, when we tried to help oust him. And, you know, for him is one of the few times we can say that, you know, the government actually learned something because they realized with unlike Hugo, where they did not remove him from the country, they, they were smart enough when they got rid of him, you know, fly him halfway around the world. So he just can't come back real quick. That's the society we're in. And the fact that you don't get to hear stories about that you don't hear about, you know, Halliburton was in town doing their stockholders meeting this past week. And KPFT was out there broadcasting the protests of Halliburton and how they're being having their war profiteering and their, their assistance in the killings, around the world, in their name, basically to for these government grants and government programs that they were running around the Middle East and some in central South America. But you know, KPFT was one talking about the protests and the protesters that were arrested. And you know, you don't hear that kind of coverage. You don't hear the other side. And here's

07:25

one you didn't get in the Chronicle. This is I got it from Rob Camp, who heads up of Marijuana Policy Project, he says great news, the number of states that protect medical marijuana patients from arrest in prison is about to jump from eight to nine. And that's, he says yesterday, and I think this was about Tuesday, the Vermont legislature approved the marijuana policy

projects bill to protect medical marijuana patients from arrest. And the Republican governor announced he will not let the bill that he will let the bill become law. So, you know, we're making progress. So the vote was 20 to seven. And that's fairly representative. You know, I think that 75%, basically, and you do votes across this nation to any State of Union across the board. 70 80% of Americans say medical marijuana. Yes. And yet these politicians are so afraid of this third rail, so terrified of broaching the subject, let alone doing anything about it.

 C Chris Harrison 08:21

They're afraid of that they're afraid someone's gonna think they're on drugs and come at them with a frying pan.

 08:25

Oh, what's your or that they're soft on crime? Yeah, that's that's the phrase I hear used most often. No,

 C Chris Harrison 08:32

well, if you want to be tough, tough on crime, let's look at what some of the people are doing, to the detainees to the captivity cavities that we have around the country around the world that let's look at, you know, the robber barons of Halliburton, KBR, the top dog of Enron, you want to show us your tough on crime? You know, let's quit talking about this little piss ant crime of you know, having a joint or to let let's talk about the ones that are stealing billions and billions of dollars and are causing deaths of hundreds and 1000s of people. Let's go to where there's actually physical crimes where these crimes are going on with these people, not just someone possessing an herb.

 09:15

Exactly. I along that same line, I saw a story I don't have it in front of me. Yesterday, New York Times, some gentleman stockbroker got caught with his hand in the cookie jar. He made. I think it was \$800 million dollars. And he got fined \$60 million and told not to do it anymore. Yeah.

 C Chris Harrison 09:36

He'll be running for some some form of government. position there that kind of money. But yeah, yeah. So I

 09:42

don't know. I appreciate the time. I hope y'all will listen in this coming Tuesday. I'll have a lot of that speech with John Conyers and a little bit of those other folks I mentioned on the cultural

baggage show and some good stuff during the 420. That's good. So

 Chris Harrison 10:00

So cultural baggage is Tuesday night 630 Nestled in there between KPFT news and flash points during your drive home and the congestion as you burn more and more of that \$2 A gallon gasoline.

 10:14

So, people downtown. Yeah.

 Chris Harrison 10:17

We appreciate you calling in there, Dean.

 10:19

Thank you all. Have a great evening. Have a good day. We'll

 Chris Harrison 10:21

talk to you next week. Okay, bye bye. And I said Dean Becker is the host of cultural baggage Tuesdays at 630. He's also the producer of the 420 News herd at 420. In the afternoon, Monday through Saturday, we do give him some days off. You're listening to after hours queer radio with attitude and by request we're going to play a little Jase put a little Jay spears from his boy howdy CD in your ear. And coming up is the leather line and which misters do we have Max rules maximum mistress max or Mr. Master Max? Mistress Max mistress Max rules. Okay. We'll be back in just a moment. Except what button alright, let's just push this button and see what happens. No, that's not that button. What the hell CD do I want to play? Let's push this button. Let's see what happens when I push this one people will be back

 11:30

stop critiquing from the side seat.

 Jimmy Carper 11:33

Head. assistant engineer. I

 11:37

am the only engineer. You two are co executive producers and I am the engineer. Whatever.

c

Chris Harrison 11:45

And yeah, tell us whoever makes your business cards.

o

11:49

I don't have business cards. And in our lovely studios, we have mistress Max rules and the other two I don't know. So you have to introduce yourself. All right,

o

12:04

we have Amy how's it going? Good. Good. Lovely switch. Amy. And we'll talk about that. And we have Miss Virginia Hello.

o

12:14

Thank you for having me here. Okay, and

c

Chris Harrison 12:16

since your sash on her

o

12:20

you just can't see it. And my helpful ready to volunteer for anything at any time.

o

12:30

Well, except for the boys. So for that thing.

o

12:36

I have a toy of the month here. And I'm looking for volunteers and

J

Jimmy Carper 12:41

the strike boys to chicken to do it to you since most famous queer

12:51

I'm looking for freaky person to come in and so that I can demonstrate the humbler

12:57

and if you want to volunteer or if you want to give us a pledge, you can call us at 713-526-5738 or 713 Jam KPFT yay.

Chris Harrison 13:09

And they say silence is golden and unfortunately it's been silent out there from the ring of the phones very for the past hour or so. And you know Roy is not here so if you're afraid you're going to call in and talk to Roy you don't have to deal with Roy we're really free this week.

13:31

Oh so ROI free and

Chris Harrison 13:33

pine fresh so

13:39

of air freshener but

Chris Harrison 13:45

the fact is this, everyone you know, we had a great segment the first half there we were talking about gay marriage gay adoption, you know from a younger person perspective. Perspective.

13:55

That's it. That's the word. You got it. Yeah, Jimmy.

Chris Harrison 13:57

Apologize.

14:03

Let me let me put this humbler on Yeah, better. You'll get it right.

Jimmy Carper 14:07

Oh, I got your politics

Chris Harrison 14:12

a little dusty. Martha Red

14:17

Power didn't hear.

Chris Harrison 14:19

I saw the hum. I saw the humbler. She's walking in there. And I was about to go who broke the arm off.

Jimmy Carper 14:28

That's what it looks like when they call up at five t 65738. What are they getting for their pledge?

Chris Harrison 14:35

Well, you're getting this kind of programming. You know whether you love it or hate it, you know we're informative or entertaining or educational. infuriating. You know, we try and give a good spin on our community and our life not our lifestyle. Our life.

Jimmy Carper 14:53

Yeah, we don't have a lifestyle. This is a life funny. And some of us don't have a life. Your lifestyle is like painting your bed. grim blue.

15:02

So I mean, that's just a mistake.

15:07

Life mistake.

Chris Harrison 15:10

The fact is, you know, when we come down here, we're all volunteer. And we're here to give you a slice of our community in a way that you don't hear, you know, the people you hear on the show, we're not the kind you're going to see invite in the background of Will and Grace or Queer as Folk or any other queer programming, you know, you're not going to hear Ellen talking about us on her show, you're not going to see Rosie, when she had her show bringing us out, we're a different slice of life, I don't even think Sharon Osbourne has the Kohonen

15:41

Can we all definitely have faces for radio, but

Chris Harrison 15:44

the fact that and we have a different right now

Jimmy Carper 15:50

that we have is just talking about the regular weekly crude.

Chris Harrison 15:55

The fact is, you know, we have a different point of view, we look at life a little differently on this show. And we try and bring a different perspective. To us out there. We're not we're not the same boogey man that you hear on the stations to the left of us or when you push that am button on your dial, you know, am is only good if you want to get the traffic report, you know, or whether whether I turn off when it goes to sports, but the that's what we need is we need for you to for people to understand that we are valuable. Well, you know, we're a viable portion of this this community as the community of Houston, Texas. And that's where we have to come out here we ask for your pledge of support we ask for you to to show that support by making a donation you know it costs was 140 \$180 an hour to run this station. And you know, that's not going to salaries that's not going to you know the fancy cars we have out front because that's that's the job. It's not even going to the I mean, it's not even going to the music that you hear is playing you know, the the CD collection the music you hear on here Jimmy brings in from the Vault, which is actually his closet, which is weird to say that our our queer music comes out of the closet every week out of the closet all the time. Okay, hundreds of basketballs can't be wrong. We're not but the fact I myself was here I got stalls named after them. Oh,

17:29

Stacy.

17:40

Don't tell my mother

17:42

doesn't listen to the station, does she

Chris Harrison 17:46

have stalls in force and none of us are called John. Hey, John, but not. But you know, the stuff of what you're contributing to is for this message to get out, you know, we have fun, and you know, we rip it up. But you know, when it comes time to do something serious and inform and educate even when we're making jokes left and right, you know, we still try and give out the message. And that's what we need. We need people to call in their pledge support. 7135265738713 Jam KPFT. I promise you wouldn't come next week, okay, we're not gonna sit here begging you for

18:20

money. We're not PBS, we're not gonna sit here.

Chris Harrison 18:23

We're not going to do one month worth of, of begging and pleading, and then give you two weeks of programming and then come back and do another month of begging, begging and pleading. We're here to provide a service and we want to be able to provide that service for you week in and week out. We've been here for 16 and a half years. We want to be here for 60 gears. We want to be here. Even after the time that we're all fully assimilated and we're all one and happy and you know Pat Robertson has has gone to that place where the eternal damnation that he realized oh my god,

18:54

that's my fantasy. For real my fantasy is to get Pat in my dungeon.

19:03

The humbler?

19:08

That kind of biblical the whole humbling.

19:10

True. Only I think with him this would turn into a butt plug

19:20

I hear the wrath of the goddess

19:24

to hear that lightning bolt coming.

c Chris Harrison 19:29

I dream of that South Park thing where as from South Park, the movie where Kenny was at the gates of heaven. And I don't know I imagine that being Pat and Jerry for the rest of the gang that you know all of a sudden the cloud opens up and they dropped down to the the wonderful toasty warm place that they deserve to go and I'm not talking about me. But you know, so we need people to call on their pledge of support. You know, we've got we're at the halfway point here. We've got to hours remaining in the show, we need people to call in, you know, take a moment from the show they're calling, let us know what you think, contribute a little bit to the show. Let it run. I mean, like, say we've been here 16 We want to be here. 60 We want to hear your 60 Plus, we want we want to get it where, you know, it's not where you know, the next host or the or some of the hatchlings that you hear now. And then when they're on and we want the hatch kids that are on during their time to be the next generation coming in. We're here to get the next generation out. We don't have a gay agenda. closest thing I had to a gay agenda is when I go get a Franklin planner with a with a pink cover. That was that's, that's the thing of what we want to do. So we need you to call on your pledge of support. 7135265738713 Jam KPFT. So what we're going to do is we're going to say one last thing to you and then we're going to kick it over to the humbler line because you're listening to after hours. Queer radio with attitude here on Pacifica radio for the Gulf Coast. KPFT 90.1 FM in Houston at 9.5. in Galveston, it goes check the worldwide web it KPFT dot o RG and if the hackers would get off our back we'll be back up on the air on KPFT archives dot o RG as well. Actually I think

21:20

they he has it up as a temporary site now. Good. So he's at least got it temporarily back on and leave it alone.

c

Chris Harrison 21:29

So we're now going into the leather line with

o

21:34

Max rules and the Holy Spirit generous virgin

o

21:36

virgin was coming in there. Oh, so it's been

o

21:46

on the tongue ring I'm sorry, Miss Virginia.

c

Chris Harrison 21:51

Virginia, Virgin sash there went long. Way over here.

o

21:59

That was really nicely put and all that you people out there. But this is mistress Max rules saying alright Frakes get on the phone and call in some money. All right. Okay. So so

o

22:17

who are you going to torture now?

o

22:20

I can't get met with a name like Matt, you would think you would at least being

o

22:29

you know, there's gonna be more before his name. But I'm not

o

22:36

revealed to me yet what that is, and you know what I mean?

22:41

Time will tell.

22:44

Okay. Anyway, um, I brought Miss Virginia here. Because I've met her since I've just recently come to Texas. And she's has a very different attitude about this. This domination, I like to call it fetish thing that we do. And it's not all about whips and chains and things that bring pain. Not that I don't like those things. But there's a lot more to this. When people ask me what is domination? I just call it the super duper Walmart a fetish. There's just so much involved with it. So Virginia, tell people about yourself. Okay.

23:31

A little bit about myself, I didn't even get into this thing really didn't know there was a scene until I was 32. And I'm 40 now. So that was about eight years ago. And up until that point, I spent a lot of time like, I think a lot of people do fill in like a freak, but it was not from just a fetish place like, ooh, bondage is cool. Or, you know, a lot of people aren't into it, but more from a place of being a dominant female. And I'm going to talk first about being a dominant female. You're your dominant female, I'm a dominant female, that never changes. That's not something that we came to. Okay, that's just what is your Absolutely. As a dominant female. Very early on, I developed a taste for sexual control. As soon as I was sexually aware, there was a control aspect to it. And so that began to manifest itself very quickly as I started dating.

Explain

24:25

when sexual.

24:29

Yes, very early on. I learned like a lot of women do, how to use my sexuality to my advantage. And what manifested itself was if I saw somebody that I had chemistry with, I was like, wow, I want to be the ultimate sexual fantasy to that person didn't necessarily mean having sex with them. In fact, I was doing that long before I was actually having intercourse. And so that simply meant creating like the most elaborate seduction scene I could come up with. And making that happen. Of course, we're talking about 1617 year old guys. So what more fun can you have the mat? You know, I was like 15 to 16 going on 35 Yeah, I

25:16

was gonna get you to clarify that. You weren't doing this last week with 15 and 16 year olds.

...you gonna get you to clarify that you weren't doing this last week when 18 and 19, you said, but anyway.

25:27

You know, I'm talking about what am I talking about today? Yeah. Okay. It was yeah, no, I was Yeah. Okay. And so the thing was that I would even tell these people what I was doing even as oldest, you know, 16 say, Oh, this is what I really want to have happen. But when you do that, when the person you know, you're in the backseat of the car in that private place, and half your clothes are off, and there's lots of heavy breathing and lots of touching, even when they say yes, Wow, it sounds wonderful. That doesn't mean that they're really consenting. So the next day, you know, men or boys are like, what did I do? I had thoughts that I wasn't supposed to have, and they may act kind of strangely. And even though they really liked it, they were freaked by it. And it wasn't about what happened. That was exotic. There was nothing exotic that happened. It was about the control aspect and

26:21

the female being the aggressor. Absolutely.

26:24

And so it took me a long time to come to terms with that. What I ended up trying to do is suppress that and it suppressed in a number of ways because the other piece of that was that I realized by the time I was 32 that I had been always been poly polyamorous.

26:37

Explain polyamorous to folks that think we just might be in here having a seriously good time, right?

26:45

Oh, yes. Because Because polyamory is a very serious thing. Whatever, enjoy ourselves, very simply means loving many. And I want to distinguish that from swinging. I don't have a problem with swinging swings. Great. Have a blast. I'm not a swinger. Okay. I'm a person who enjoys having intimate relationships with more than one person at a time. Yes, I'm

27:08

Polly. No, I was like with you. So her

27:20

air that dirty laundry out there.

27:23

Now, this doesn't mean like simultaneously, it can. It could in terms of a group, you know what I mean? Okay.

27:33

Yeah, orgies are not bad things.

27:37

I wasn't saying they were.

27:39

But we're talking more about a relationship basis rather than, than just an event. Yeah, yeah. It's not an event driven thing. It's a it's an a relationship. So if there's going to be more than like, if there's going to be a triad and inclusive triad or inclusive quad or whatever, you have a bigger get deck, it has some Hexam or, you know, whatever you want to go for?

28:01

Are you serious? They're actually poly relationships that are 10. A

28:05

Well, I, I've never seen one personally. But the theory is, yes, it could be. And if you're looking at, if you look at communal living, where people are actually inclusively having sexual relationships, and they're communally living, they kind of have to define whether or not they're calling that poly and how they're interacting with that. But yeah, it could be

28:28

now you don't consider yourself the traditional, dominant female or mistress or, you know, I really want to call it and in this poly relationships that you have, you don't necessarily call them slaves or submissives. And it's not that kind of relationship.

28:49

*It can be I don't. I'm never going to have a slave because I'm not going to own somebody.*

It can be I don't, I'm never going to have a slave because I'm not going to own somebody. Okay. And to me, someone who is a slave, and I, you know, I believe there are people out there that are slaves, one of my very good friends is

29:04

absolutely and as a black woman, it's really good when you're buying

29:09

that is right here. You know, women in the state of Texas are still all women in the state of Texas are still I think property on the papers. But back to Yeah, I respect slaves greatly. Okay, people who are self admitted slaves and are, you know, believe in that 24/7 relationship? I'm not there. Okay. I'm never going to be an owner submissives I can have submissives I can play with submissives my preference what I find is I'm drawn to what I call boys, okay. And particularly what are alpha boys?

29:48

Okay, and alpha boys are the

29:51

easiest way and anytime I give you a definition of this, I'm giving you one aspect there is complicated stuff. So the easiest smart Yeah, super fun. Hallmark, the easiest way for me to describe that is now for boy is someone who isn't necessarily submissive all the time, they may be a switch, or they might be submissive, they are capable of great profound moments of submission. See,

30:15

I call those Sam's born as masochist name.

30:23

Because no, no, because because you can have Alfa boys who will submit to one person, and they will even serve that person. But for instance, what you're going to find is if you have them in an inclusive poly situation, they'll always be the dominant over all the other submissives in your household. They're always telling them what to do, and they're probably going to be playing with them when you're not around. Okay, but when you're around, they're going to be serving you. Okay? And then there's usually not even, you know, they're usually not even lying about that. It's not like they're trying to fool you. Okay. One boy that I worked with, you know,

his ultimate fantasy, and I do, I think this is very indicative of who he is, is to be serving a DOM who has a stable of FEM subs. And then he would be responsible for grooming and pampering the femme subs or, okay,

31:10

and But wouldn't it be more of a switch?

31:14

Alfa boys I think are switchy by nature. I think they have to be to be oh, well, yeah. Yeah. But But when, but I ended the gay leather community, I find that a lot more acceptable. But yeah, the femme DOM community. It's not that acceptable. Well,

31:30

right. Because the that it's that issue of, you know, lots of times dominant, meaning divine. And so you can't have that that equal, well, relationship. It's

31:42

that difference between femme supremacy and feminine domination. Yeah. Yeah. Okay. Which

31:47

I want to want to get into a me. Yeah, you are a switch? Absolutely. Okay. So do you consider yourself at some times more submissive than dominant or

32:00

mindsets that you get into? Yeah, generally, I say that there are people that are I am dominant, with and people that I'm submissive with. But in general, yeah, I think it's a different headspace. You know,

32:15

I'm not a switch. So you know, it's like that. I mean, that headspace, I have done passive play, just so that I can know how this feels or that feels, and, you know, try to get into that place. So and there are a lot of people that feel that if you switch, you're really confused. It's sort of like decided being bisexual. They'll say I am bisexual. You know, I was like, I was mentioning to somebody earlier that I was 15 years old before I knew that people were heterosexual. You

know, my mother was gay. So, you know, the only father Avenue was a woman and you know, it was definitely I want a child. But there are you know, I even have gay friends that go, when are you just gonna decide what is it like, you know, by now gay later

33:07

it's not layaway

33:17

it's not layaway, and it's not credit. Yeah.

33:21

What do you have to say about people think that you just confused and

33:24

don't know, just like I think that there are some bisexuals who are confused there are some who know their minds. I think it's the same with switches. There are some switches who are confused or maybe they haven't reached a point yet where they're able to make that decision. Maybe they're still experimenting and finding out what they like I'm one of those people who personally thinks that everybody has a little bit of switch on them. Maybe that's not true. But you know, I think that I think it's great to experiment and have a good time and you know if you decide that domination is for you than domination is for you if you think that submissions for you than submissions for you, I personally enjoy both. That's, you know, that's the conclusion I've come to and it's there's no confusion about it.

34:06

Okay, has anybody called in to say they're like sending some money in here? I show up people out there listening. Come on now all the freaks come out at night and if you're listening to this I know you want to keep listening to it. So

34:19

mistress Max rules expects you to pay her tribute to the KPFT fundraiser Exactly.

34:29

Auction myself off or something? You

34:31

can we've done it before. All right. We didn't Yeah, I think we auction somebody date off was one of the volunteers who worked here. Okay.

34:41

myself off. Oh, really? Yes.

34:45

Well, if you want to make a bid on misters Max rules 7135265738713 Jam KPFT. And whoever's the highest bidder gets mistress Max rules.

34:59

And my Hunkeler

35:04

I'm thinking that's a new title for you I think mistress Max rules the humbler

35:09

now Max, do you only play with boys?

35:11

Oh, absolutely not. I do Sorry. Love what I am you know what I mean? So I do enjoy women. You touched on something that I get into a lot of arguments about with other Dom's and that equating dominatrix with divine and the real supremacy thing. Wow, I think just plumbing wise period, I think we are a much more advanced model just because we have our plumbing on the inside. But I mean, what good is a queen without slaves. So the slave, the submissive, the bottom, whatever you want to call it is, is a very important part of this equation. You know, you can't have Yang without Yang up without down top of that bottom, all these things. And for me, I realized that I have to be in control of myself. And I have to discipline myself. I'm not saying that I go in the bathroom or law secretary and try to smack with with a hairbrush

36:39

but you know, just in life, and and in doing that, then I am able to share with others and help them broaden their horizon, shall we say. And I know that you also go along with that philosophy.

36:53

Well, and I think that we talked a little bit earlier about, you know, dominance versus mastery. Don't I mean, to me, dominance is about dominating, that's all it's about. So if my bend is control, I'm going to get off by exerting control, okay, and it's about my self gratification. Whereas mastery, is, to me something in the longer term, whether you're talking about mastery by ownership, or mastery, because as teaching, and I'm not ever going to own any slaves, but I am committed to learning through being with my submissives. And I'm committed to them learning by being with me. And I'm an educator by trade, I have an elearning company, I am perpetually finishing a doctorate in education, I'm all but dissertation. So I've been doing corporate education and adult learning for 14 years now. So it's not I'm not a guy in a diner, when it taught me when I talk about education, whether it's applied through BDSM, or whether it's applied in a corporate classroom. And it's a commitment that I have, I'm always learning I want the people I'm with to always be learning. And my goal is that this person is better off having known me, and not for a session, you know, I can't change anybody in a session, I can't help them improve. I

38:17

have to disagree with that. Okay,

38:19

maybe you can well,

38:23

just you know, is with with a novice, you know, I enjoy seeing that person that after, you know, dealing with the fantasies for however long and calling me four or five times, finally getting the courage. And it does take courage, being a submissive or a slave is not for cream puffs. You know, not at all, you have to be a very strong individual. And she's you've

38:55

even said right then this person has called you four or five times you've already developed even if it culminates in one session talking

39:02

about most of the time in hangups. They just get that far,

39:06

right. But I'm going to say that I know a little bit about you, and how much work you do with that person, even if you're doing just a session with them. There's been enough preliminary work there, that you've developed a relationship even if that relationship culminates with a quote unquote, session,

39:24

right? Because I feel like a great place to start right, you know what I mean? Because it is a safe environment. You know, I have been doing this for some time so I know what I'm doing. And it is absolutely magic. You know, seeing someone for the first time has done nothing but look at this on the internet and have they have all these ideas of what the heck's going on? Like somebody's gonna snatch them as soon as they come in the door. Unfortunately, due to the films and everything we have out there, they don't see the whole our agenda Association before people do these films, so you can change someone in an hour

40:05

and I have to say I mean you know i Nothing there is something sweet about popping a cherry on a bondage virgin I mean always you know I'm sorry to sound so crude but it's

40:16

fun popping a chair

40:21

lot a couple of years ago I was really fortunate to have someone who who was significantly younger than I usually play with but not in the 16 year old range he was in his mid 20s which is significantly younger than I usually will take on and we had one session and then his a gobble scared and ran away for a while and then a second session he came back and he and I said okay, I'm gonna show you something for fun rule number guy. So I did a pretty good hog tiling. And we played a little bit that way maybe for an hour and a half and then later we did something else and this went on for like five or six hours you know? And the last thing I said what do you want to do your last name? What are we gonna do? And he's like, it was so cute looked at me with those little blue eyes that somebody's the puppy dog you've met by the way Tony boy you know talking about oh, yeah, those puppy dog eyes and goes Can we do the hog tie again? Oh, I think mama can manage that.

41:23

There is freedom How about that one Matt? Will bondage you know what I mean? We'll get that your kink man.

41:31

Look he's like I'm not telling these women do anything.

41:37

And they have you trapped in a corner

41:41

on the corner far from the door

41:45

you don't know them well enough if they're not scared

41:54

Alright, any has any Do I have any bids going on here?

42:00

I don't know. All right. There. Do we have any bids for

42:03

Max rules? Tony unfortunately, no phones have gone totally dead silent. Right.

42:12

It's that 77135265738 If you have an alphabet fetish, it's 7123526 KPFT if you're really into it, it's 713 JAMK. Me f t and

42:31

we're not talking about jam and in any other fashion other

42:38

well, you did last month that picture of that bottle of jam was over the top.

42:47

This was gay radio with an attitude and now they're denying the whole G

42:56

crap I did not bring that photograph. Swear

43:00

deniability.

43:03

Okay, okay. Okay. What are some of your favorite things that you'd like to do?

43:07

Oh, I'm pretty pretty simple gal. Yeah, bondage fetish. Nipple tortures lots of fun. I'm developing a taste for caning

43:28

Amy has blessed me which end? Amy give

43:32

Virginia's is teaching me how to play with canes from the bottom side.

43:36

Isn't it amazing? It's like two. It's like getting hit twice. Isn't how so? I hear one right, that first little hit. And then it sort of seems to send a wave through the body afterwards. Especially if you get that sweet spot. Really

44:04

what's really funny about that is not only did this beautiful woman blessed me with the opportunity to help her over this is actually about overcoming a fear of being caned but she in and helped me overcome this big block I had because here we are on the gay radio with an

attitude and I'm like, Miss heterosexual you know, I don't play with women. Bla bla bla bla bla, because I'm such a big sexual player. And so I was like, I'm so confused about this.

44:34

Through my you know, Oh, yeah. So

44:36

she's like, you know, I mean, Amy is, you know, the thing about Amy is she's so demure so she you know, we've got her up over here.

44:43

I didn't notice

44:47

that was sarcasm. Okay, I was really good. You know, pushed all the way up over her head basically. Driving around. Oh yeah, she started Okay, now this is no I'm just tapping you and then I'm going to like lay it on a little bit and let it send that wave through and this is a long cane so you can get some leverage going but I'm never you are getting

45:11

dreamy just should have visual here I mean Is she like yeah and so

45:22

she's gone to that next level moving around a lot

45:30

and so then she's like getting off and everything and so then I'm like God you know this makes me I'm grabbing her and going oh we should just Virginia baby I'm so ready don't stay with me if you do go that way but it's it's really cool because it goes back to you know that my Ben my main Ben is control essential control the Ben does not care what gender or orientation you know right the bend doesn't care

46:09

if and yourself girl

46:13

sweet isn't that sweet?

46:15

Now control does not necessarily mean engaging in a lot of it has to do with deny. I mean let's face it, that's how most countries you know really run things you control the sex of the people you control the people absolutely

46:31

yeah, absolutely. I mean to me look at every religion Okay, now I'm gonna you know let's go there I was a Baptist girl so how did this happen but

46:44

girls make for wild wild when I went to Catholic school I think the best free to go to Catholic

46:53

so I went to the wrong school.

46:57

did good. turned

46:58

out good. We just haven't found that yet. But right. Being being born being raised not born but raised a good Southern Baptist girl. You know, it didn't even as I explore education and religion, academically and socially. Notice that every single religion we do

47:19

have a pledge Oh

47:23

good. Getting a favor. Very good. Whoever you are who is who Oh

youu. Getting a favor. very good. whoever you are, who is who on,

c

Chris Harrison 47:28

Agent fetish V. In a pledge, we had another person who had called in earlier and Oh, give you all some hell and I said well, why don't you come down here and they can show you the humbler?

o

47:44

Get yourself down here. I will show you how.

c

Chris Harrison 47:47

But he chickened out on it. And I mean, you

o

47:51

will think it's heaven.

j

Jimmy Carper 47:55

That we still have two more CDs Melissa Etheridge is new lucky to give away with a pledge of \$50 on plastic. You know if you're just right, teetering at the brink here. Maybe that'll push you over the edge. We're going

c

Chris Harrison 48:12

to slip a lesbian into your CD player if you call in That's right.

j

Jimmy Carper 48:19

Okay, conversation that's going on your genuine

c

Chris Harrison 48:26

importantly, another four part here is fetish agent V. You know, I know y'all over there I've taken according to him, Y'all take care of a lot of his virginity he's God just became a new member. Oh. Agent V.

o

48:45

48:45

You are so gonna get taken care of.

48:50

I've got some mirrors that need cleaning. seem to read out a clock that needs cleaning

49:02

Yeah, and I'll have to talk to you about some fetish agent views. Like yellow places yellow. Okay. Yeah, he'll really appreciate that. But

49:10

but but I like to discover these things. Myself. Of course, it's much more fun. You know what I mean? Absolutely. Sort of like, like, Braille and first sighted people. And I love it when they

49:27

love it and to make them beg. I mean, whether they're begging for more or begging to stop. It's just so moaning

49:35

Yes, the best. Yeah. When the best one brings good. Love. Oh, no. Oh, please. Oh, stop. I think they're having a good time then.

49:49

Absolutely, yes, yes.

49:51

Okay. All right. Somebody else has got to be out there. Come on.

49:55

I'm so distracted now.

50:00

heard before the phone rang? I don't know. I think we were fixing to do the work. We're going to put the humbler on Stacy.

50:08

Come on, I had to demonstrate this thing on someone. Come on stay. Somebody has to be in the neighborhood of 713 JMKPF. T. Two, I get to play ball.

50:23

We get to play ball, but somebody's gonna pay for this. Okay, come on.

50:28

Don't look at me. I'm a broke one.

50:29

We have to have a pledge for this call today with a bill you'll get to hear you know, the vocal sounds sorry, you can't see this. But it really is a very interesting looking item. The hand and it gets very nice. It does. It looks like you know the handle off of a chair. And it's two pieces that kind of screw together. But in the middle, there is a hole and

50:55

always

50:58

middle and Max. What goes in the hole you Zack, is that an accent? Zack here?

51:07

No. It's kinda like a vise grip.

51:12

To put people's head in, lock them up in stocks the stock

51:16

stocks for

51:17  
your bowl. It's like a stock for stocks for your socks. Honey.

51:25  
Are we gonna like demonstrate or what? Alright, ring foul.

51:30  
Okay, if somebody Yeah, if somebody calls in. If somebody calls.

51:35  
Robert is in there massaging a woman. Yeah. And making her move he join

51:41  
it. Wait. This is

51:43  
a side Judah tissue.

51:48  
sliding off the cleanup. I repeat, we need a cleanup. But remember, remember servitude doesn't recognize gender. And this is just evidence. See? Because this is really nice. It's

52:08  
good to think it's a gay man. That's doing it.

52:11  
I love it. That makes it special. Yeah. Gay

52:14

men touch me. I love to go when we go to ej Isn't it because the bartender handle our breasts?

52:20

I went there.

52:23

My adorable little Brad we'll find them on breasts. Later. He's so sweet.

52:27

What a great place. A lot of stocking stuffers though. Yeah, one of them was like very lumpy. I'm like, Oh, baby.

52:40

Okay, it's not stuff. I need to go see a doctor here.

52:48

Oh, gosh, you're just having entirely too much fun. What's What the heck are we talking about? I keep going back to the humbler thing you know, I'm not really getting any any action Okay, all right. In the meantime, Blaine with this

53:12

arm from a chair. There are two knobs on it. There are two pieces of woods and it's nothing

53:23

it's a breast cyst and there's this hole. And you just take you play with one a little knob. Okay, you

53:41

know, it's like teabagging a vise grip.

53:46

And it kind of you know, like goes like that. Oh,

53:50

you do it like that. Yes, it's much easier

53:53

without really taking you know the thing totally apart. And then we want to like sort of get some balls here and then put it down.

54:03

So trapped exact the

54:05

shackle for your sacral right.

Jimmy Carper 54:10

In a nutshell your sack

54:18

indentations on it. It's not a straight piece of wood. And then we will stretch the balls behind the lens just sort of snap it in and you are unable to stand up straight. Hence, the humbler the humbler you have. You know for those that have a little bit too much attitude.

54:41

That's why we that's why we download teared Stacy.

54:45

Stacy doesn't have that problem testing.

54:47

I don't have too much attitude. I

54:49

should have brought my tour guide again. We could have collared him before you did put

54:52

a leash on him too, you know.

54:56

Now you're just turning them on.

55:00

And we've moved past that.

55:03

You ended up in a box or the that's not the point you would look at.

55:09

Well, I was hearing you talk about switches. And I think there's a point where I graduated to where I wanted to. Well, at one point in my life, I was definitely on the submissive end of things. And as I progressively learned that controlling other people was so much fun. I have a sexual control fetish with straight men. And they love it. Love it. And so and sometimes it is about denial. But yes, I've been on the very, I've been very dominated by a woman very physically dominated by a woman. It's a very mental thing. Oh, it's all mental. Everything is she was amazing. She was a it was a very nurturing experience, too, as well, because she beat me to Bloody hell. And everyone in the room was freaking, she understood she released control to someone else, and understood that I wasn't comfortable with that and immediately took control back. And the next day, she was babying me down with AMD ointment and doctoring and nursing my wound. Oh, aftercare

56:13

is very important. You have to land the plane and park it a horse you gotta get a

56:21

mental understanding and with this particular woman, I could submit and enjoyed it with the person she released control to was not okay. Yeah, it's not always good.

56:31

And we got another pledge we have to do. All right.

56:37

How much more time do we have? Because I want three more pledge how many dollars so I want three more people to call in. Come on this

56:45

one. This one's on air here. Can you shut up for a moment? This one's a very special donation. He pledged it in honor of his boyfriend earned. And it's Mike from Dayton. So this is his pledge is going in honor of his boyfriend. Okay.

57:03

How many dollars all right,

57:04

gotta go. Hey, and he pledged and that's awesome. That's right. That's

57:11

I had a boyfriend that would do that. He's fine. I just wish I had a boyfriend. What's his name again? Mike. Mike.

57:18

You go Mike. All right. Mike.

57:20

Did you catch this on we played earlier this afternoon. I like

57:27

okay, I want three more freaks to call. Okay,

57:31

come on freaky people waiting to see this. This.

J Jimmy Carper 57:35

That means we only have one more Melissa Etheridge CD.

57:41

CD. No kidding. He didn't want the CD. He just wanted to pledge in honor of his boyfriend. That's terrific. Okay, so we'll have to Okay.

57:49

We have

57:50

two more Melissa Etheridge is and we're still auctioning off Miss Mistress match. Match rule?

57:59

No, it is not short for Maxine. It is short for maximum. Max. Maximum the maximum.

58:08

I called you Max pain. Oh, well. That'll work.

58:15

Speaking of pain, yes. My attention it's just it's a very, very simple device to bring about. attitude change, kiddo. Sort of like happy hour.

58:32

That's making ugly people

58:35

except this one doesn't make you relax. No,

58:38

no, no, no, no. You can make people have gotten a little bit to relax and

58:44

make the DOM relax. Indeed.

58:50

dropped out. Come on. Let's go. absolutely ready. Oh, he's so ready.

58:54

All right. Okay, oh, well. Yes. Yeah, you have to bend over darlin. Oh, you don't have a problem with

59:07

this back. My bad

59:15

view. Oh, this is beautiful. You should see the lovely tattoos on the thighs here. Cute little bottom. Look at my hand just cover that whole little cheek there. Just imagine that definitely didn't get a torn rotator not kidding with jewelry. Okay, okay, now we may not be able to work this with the jewelry. Okay, but just bend over our stretching as far as I can see. See what we could open up those legs. Get a few nice jeans. Oh gosh. Yes. The legs wider. must get a good grip like we need we have we have piercings I'm going to go over one and under the other okay?

1:00:17

I haven't done this in a while so I'm just expressing myself for this incredible service I'm getting

1:00:26

I don't know that I'm going to be able to Yes I can. I gotta get the back piercing to go up

1:00:37

so if it hurts really bad just scream really loud. Yeah.

1:00:39

And my my pinching anything if I get any closer I'll be like doing as worship worship

1:00:54

Okay, there we go. If you want I'll come in there and

1:01:00

let's see how many pledges we can get for that.

1:01:02

I'm sorry. That was the outside voice wasn't.

1:01:10

sounded like

1:01:13

it was supposed to be okay.

1:01:14

I am that little hole I'm talking about. Yeah,

Jimmy Carper 1:01:18

okay, they're in but okay. You have it between his legs.

1:01:22

1:01:23

That's right. On the backside.

1:01:25

That's right on the backside. And what I'm gonna do is I'm going to pull the ball

1:01:36

over I just wanted to thank because I needed over

1:01:39

you got him up against there

1:01:40

we are and see the

1:01:44

station. And he stood right under the Chi. It's actually

1:01:49

the balls right here poking out. Yeah, these are like some really stretching things here. They've had a little weight training. The butt puffed up very nicely. You know what I mean? For a little caning a little Oh, what a cute. Let's see how much you can see.

1:02:15

Oh, no. Yeah,

1:02:18

I am leaning forward. Yeah,

1:02:19

I can see that. Yeah, that's a great very

1:02:26

definitely more comfortable to lean forward on my dad's the whole line to my knees.

1:02:31

You mean babies got back

1:02:37

stand up it's like that good. Tug. And guys you know when you tug on yourself opposite directions it's that feeling

1:02:49

good. You didn't need to know that. i So did

1:02:58

that that's the whole idea to keep you bent over. You know what I mean? Looking at the floor. If you stand straight up too quick, you can get a little rough. You can pull right

1:03:10

in your abs kind of feeling Yeah, yeah. Like you know where a woman's ovaries are really straight insurance like a menstrual cramp.

1:03:21

Actually, probably pretty accurate. Yeah, yeah, that would be it. So this could actually been you I never thought about that way. But this actually

J Jimmy Carper 1:03:32

there were no cameras here.

1:03:34

What's that? What's that? Oh wait, I have one of my purse.

1:03:39

I can hear the phone ringing. phone ringing

1:03:42

Do we have a Sharpie photograph is hardwood floors

1:03:55

floors, I know. This is nice. I

1:03:57

have done it goes through the head of my penis and then I have one underneath the head. Okay, I have five. Where's the fifth? Well, there's two went through the head when underneath the head. Okay, two in the scrotum and one underneath it all.

1:04:11

I did I miss that one.

Jimmy Carper 1:04:14

too. Okay, in the perineum.

1:04:16

I have. I have one in the taint region.

1:04:21

They want specifics here.

1:04:23

I have one in a taint that is called the geese. For a man i i would say the spot that you like to touch yourself. When you're pleasuring yourself just underneath your scrotum. Yes, your love button is what I have pierced to in the scrotum that are just hoops. And those are nice because in public you can kind of roll around on them and get a little stimulation. I do have two that are

not in one is called a front end which is underneath the head just in the skin. It's a very surface piercing the idea would be to stretch it up and actually be able to move it over and around. They're not see helmet of the head of the penis and then I have I have one it goes all the way through top to bottom like if you were to hammer me to a table okay

1:05:10

and I've seen that done you know I've

1:05:14

ended up I've taken the amphotropic out more and left it out more just because

1:05:18

just too much stimulate no damage

1:05:24

on top with it it has caused some damage yeah

1:05:28

yeah so you're also likely to damage his nervous system right by having that done. Oh yeah simulates well, it not at all. It reduces the sensation or makes it last longer.

1:05:43

Not at all not at all. Not at all. That is that is absolutely the least of all sensitive piercings for me it was probably the most intense getting but as far as like actually adding sensation it didn't add any for me it did for my partner but yes

1:14:12

1:14:15

to relinquish control and letting someone have their way with you. Well, just trusting that someone else is going to take care of you.

1:14:25

But it's not it's not rewarm yet it's see it's red. So yeah, it is. It is so cool. Yeah. Closer to the wall move closer to the wall. Well,

1:14:39

there's a massage therapy technique which could be used to make that a little warmer.

1:14:45

Oh, that was a good one.

1:17:07

I'm with you, Amy. All right. Well, we are coming close to the end. So

1:18:00

Thank you for having me. I really enjoyed it and good and

1:18:03

this just this this is mistress Max rules.

1:18:09

And we'd like all of us at KPFT after hours queer radio with edited we'd like to thank y'all for coming out tonight. And y'all have a safe trip home. And just for y'all. I have decided to play but boy the hooded ungulate flogger is the name of them is the song like this. This is just for y'all. And we'll see you next month this next month. As soon as I figure out how to push the buttons

1:18:42

that's always an important thing

c Chris Harrison 1:18:58

Yes, let's pull that down to the background that is but boy the fan favorite instrumental here on after hours. And how would that play in the background? You're listening to after hours as queer radio with attitude here on Pacifica radio for the Gold Coast. KPFT 90.1 FM in Houston at 9.5 in Galveston and you know we've been in a leather kind of mood and yes, we need to talk a little bit with the owner of the paddle that so brightened up Stacey's and master

J Jimmy Carper 1:19:30

statehood. Yes, welcome to after hours. Howdy. How you doing? I'm

1:19:35

great. How are you?

J Jimmy Carper 1:19:36

I'm great. Now you were over at the rip cord tonight. Work in the fundraiser for travel funds.

1:19:43

Correct. I've been doing chair massages the ripcord every Saturday night which is club night the different leather clubs take turns at the beer bar outside to raise money for their clubs. And they've allowed me to come in to help raise my travel funds to represent Houston

J Jimmy Carper 1:19:56

massage chair massage, okay.

1:19:58

Don't get any ideas. Got

J Jimmy Carper 1:20:01

your Are you a license? Yes, I

1:20:03

went through school. Okay, so

Jimmy Carper 1:20:05

that means there's no funny business going on now

1:20:07

not there. Now, although being in the leather bar, it does tend to look a little radical, which sometimes, of course business.

Jimmy Carper 1:20:15

Now you have a title, right? Correct.

1:20:17

I'm currently master of leather 2003

Jimmy Carper 1:20:20

And you are looking to go to a contest?

1:20:24

Correct. I'll be representing Houston international Mr. Leather. Next weekend, Memorial Day in Chicago. Oh,

Jimmy Carper 1:20:32

Chicago was why was I thinking it was Florida? I don't know. Chicago. Of course. That's where it is. Da

1:20:37

Chicago is the home of IML. It's always in Chicago always Memorial Day. Yes.

J Jimmy Carper 1:20:42

And it also is the home of the largest leather museum in the world, I believe, correct? Yes, it's an interesting thing. It didn't the museum didn't start out as a leather Museum. It started out as just the GLBT Museum. But it grew from donations from the leather folks until it just became a leather museum

♀ 1:21:07

matches the fact with Gulf Coast archives and museum here later.

J Jimmy Carper 1:21:12

The largest part of our collection is leather, leather stuff, jackets and paraphernalia and, and posters and awards and you name it. You name it, the leather community has really come through

♀ 1:21:27

and not to tout our own grandeur or anything but the leather community has gotten involved in many number of causes, including pride and HIV causes. Yes,

J Jimmy Carper 1:21:36

yeah,

♀ 1:21:37

I'm very proud of them for this.

J Jimmy Carper 1:21:39

Yes. Yes. So how'd you do tonight? Over there.

♀ 1:21:42

Tonight was a pretty good night. The biggest part of the night for me was there was a lot of camaraderie, a lot of folks that are going up to IML. Also, oh, Gray had been there before giving me little tidbits and things to look out for and ways to truly shine and bring the title back home. Yeah,

J Jimmy Carper 1:21:57

you know, who's doing the MC?

♂ 1:21:59

I don't know if he's emceeing. I have been studying up on all the judges because it helps a little bit to know a little bit of the stuff about him. That's right. So

J Jimmy Carper 1:22:07

what were you have to do with this contest?

♂ 1:22:10

Well, the majority of the of the judging is upon an interview with the judges. And after that there's what they call pecs and personality, which is basically your jockstrap or skin portion of the show. Then there's,

J Jimmy Carper 1:22:23

you'll do well with that, well,

♂ 1:22:25

thank you. There's also a speech segment where you are a you get a message as important to you out to the community. And for the top 20 finalists. There is a fantasy segment as well as for all the contestants, there is full leather image.

J Jimmy Carper 1:22:41

Now the fantasy fantasy segment that's is that alive. Correct performance? Yeah. Okay. And this is okay. And it's held at a hotel. Actually,

♂ 1:22:52

the contest itself is at the Congress hotel, not at the Congress theater. IML bought a theater in Chicago. And that's the only event that's held in this theater every year is Oh 26 years, they've put together enough money to buy their property. So that's real. That's a wonderful aspect of it. Also, the host hotel this year is the Hyatt Regency Chicago a lot of the preliminary events and stuff like that are in the hotel care, but the actual night of the contest Sunday night is in the Congress theater.

J Jimmy Carper 1:23:22

So how much time do you get for your fantasy?

∅ 1:23:24

I understand time I was like seven minutes seven minutes

J Jimmy Carper 1:23:27

and and you get to have other people in there

∅ 1:23:31

I will have one boy okay there okay, I'm gonna read you the fantasy that took me the title here. Oh, okay that'll work massage con erotica tapotement goner I hope men and massages any shorter striking whether it be chopping, tapping, smacking. It's a little freaky, but a little erotic.

J Jimmy Carper 1:23:52

It says it says it. Oh, oh. Oh, gosh. I know quite a few people who are going up there. Folks that may have gone like last year and were just blown away by the whole experience and, and decided they weren't ever going to miss another one.

∅ 1:24:08

What I find is so I've always wanted to go to IML I just think it's really cool that I'm gonna get to go first time is a good test.

J Jimmy Carper 1:24:15

Good for you. Good for you. And we've had reports come in from past IML is that just walking into the host hotel lobby? Is is is a real experience. Yes. All that leather all around? Me.

∅ 1:24:35

I wish it was like that in Houston. Yeah,

J Jimmy Carper 1:24:38

yeah, it could be. Yeah, it will be

1:24:41

one of these days have anything to do with it.

Jimmy Carper 1:24:45

Good for you. So how long are you going to be holding the title?

1:24:51

The Masters of leather title, as you know, is a typical of most other title lines. Most title lines go within the year that they serve to IML with masters of lettering, we serve out our title year, the year before we go to IML. Oh, so my title year ran from April 18 of 2003. And I just threw my bomb for Bon Voyage party on April 25 of this year. Okay, so I got a year of grooming from the community here. You know, that's

Jimmy Carper 1:25:20

really a good idea because it gives you a lot more experience. Yeah,

1:25:23

it gives you time to really touch base with the people you're going to be representing. There were nights when I was at the ripcord that it didn't make a whole lot of money for the travel fun. But it's about three things really, it's about being doing what you say you're going to do. Number one being amongst the people that you're going to be representing. And just getting a feel and representing the title and being out there as best you can. Yeah,

Jimmy Carper 1:25:47

yeah. That sounds great. I think you're gonna represent this very, very well. Thank you. Thank you. Yeah. Anything else you'd like to tell us?

1:25:55

Well, actually, there's a few little thank yous. Through the course of the year I was able with the help with the community to raise about \$2,700 for different causes here in town. Nice. And on behalf of myself, Master of Law, the 2003 Masters Stephen Lloyd, and my pet charity bearing Omega community services, as well as Donald R Watkins, the center of rage, Houston's Buyers Club and PW Air Coalition would like to thank the following clubs and businesses, for having us hold events there.

J

Jimmy Carper 1:26:27

Now, folks, when you hear these businesses, I want you to keep those in mind because these are the folks we need to patronize because they put out for our community.

♂

1:26:36

Amen. Amen. The ripcord number one for having me on to raise money for these charities of mine as well as allow me to come in to help raise my travel funds to Montrose mining company every time I've asked them if I could come through with my masters awareness driven they said yes, sir, to Joey and William at the mind. Thank you so much. And the staff of all these clubs. Management is not the only ones that get in there. The staff of all the clubs. Oh, yeah. Meteor was a great outing. And that was for the Houston Buyers Club. Riches with a good showing. And E J's add moniker at E. JS has been over backwards to help me this title. Yeah.

J

Jimmy Carper 1:27:15

Isn't he the most wonderful guy? Yeah.

♂

1:27:18

Anytime anybody needs anything, it seems. That's right.

J

Jimmy Carper 1:27:21

He's, he's right there. And he certainly has the place to put on whatever kind of event you want.

♂

1:27:26

And Hollywood book and video. Oh, yeah. They had me on one night. And I developed at the top of this title year, a signature ribbon that I've had out and about, and probably many of you out there probably have them. It's a red ribbon with a black ribbon folded inside of it. It's termed the Masters awareness ribbon. And I made this debut. And it was originally designed to reach places the leather crowd normally doesn't get to. So I'm so happy to be able to get them out to places like media and riches and DJs and Hollywood. Just to get the word out to other folks as well. You bet you bet. On a personal note, I'd like to thank I mentioned DJs in the RIP Corbett Blackhawk lead that they've helped me out by donating some stuff for raffles and just the personal insight that Bob and Kim have have really helped me a lot. And a couple of guys in particular Mr. Ken Fiegel, Mr. Texas leather 2003 and Mr. King claw and Mr. Tex leather. 1999

J

Jimmy Carper 1:28:28

Oh my god. Kay, how do you know that he wants hosted the leather segment here. Yeah, on after hours. Yeah, he is a fantastic guy,

1:28:40

wonderful guy. And both these guys have really taken me under their wing and given me all their insight, and I just appreciate you so much. And can feagles to, I don't want to say boys, because it's, I'm not quite sure what the aspects of their relationship, but that's up to them. So that's kind of what's cool about leather. It's whatever works in your house as in yours, actually, to Larry, and Eric as well. Thank you for your help With my Bon Voyage party. And one final person. Mr. Mark Samuels of Houston Buyers Club. He's been there and he's been like the money man the point man on several of my fundraisers. So, Mark, love you. Thank you. See you later.

J Jimmy Carper 1:29:23

Nice. Good luck in Chicago. I know you're gonna have a great time. No matter how it comes out.

1:29:29

Thank you. I'm jazzed up about it. And you know, when they asked me why I should be international, Mr. Leather. I'm just gonna say several reasons. But the biggest thing is, it's not my plan. The big leather guy upstairs put me in this place. And he's been guiding me the whole way through. And he still has things for me to do. That's

J Jimmy Carper 1:29:48

right. Nice note. Yeah. Okay. That's the Steven thank you for stopping Thank you.

1:29:53

You wanna you wanna you want to spank into Oh, no. Maybe we can get maybe we get that little that little don't Asian lying all right, some self flagellation for some money. Oh, it

C Chris Harrison 1:30:11

J

Stacy's a sweetheart. Yes. Well, I

o

1:30:25

want to thank you all for having me over. You bet. And perhaps after I get back, you'd like a little recap.

J

Jimmy Carper 1:30:31

I would indeed. When I

o

1:30:34

My school was evacuated because of David Koresh. They were expecting him to come out and he didn't he lied. But enough of that. See, we've got a letter from David. And wishing Bobby, a belated birthday. And he comments the fact that supposedly here, Jim, Jimmy is listed in the new RFD magazine. And so so yeah. Jimmy got an ego stroke on that one. So he's going to be rushing home tonight and check that out.

B

Bobby 1:36:20

I have. I have a question. He's wishing me a belated birthday. Yeah, he so he, I guess he knew it would arrive after my birthday. Yeah,

o

1:36:31

he was people know that about the mail.

c

Chris Harrison 1:36:33

Yeah. Well, you wouldn't, you wouldn't be seeing it until today. Yeah. So work with it. Someone's giving you praise. Yes. Yeah, shut up there. Take it turned 30. He doesn't take it. Why?

o

1:36:51

Merlin's claims to be

B

Bobby 1:36:56

just a second.

c

Chris Harrison 1:36:59

He's been hit harder in the show

1:37:05

And he was tied up.

1:37:10

Team. Hey, whatever.

Chris Harrison 1:37:14

David also was putting on here the fact that some other radio shows that are out there, out FM as the radio show on our sister station, WBL up in New York, which is a their show airs. It's a one hour show one or two hour show on like Friday, midday. So, you know, I think we got a better time slot. We be a little wilder a little crazier, they start to be prim and proper.

1:37:44

On that no live spankings in their studio. They're not rising to the Pepsi Challenge.

1:37:53

They're not rising to anything. From

Chris Harrison 1:37:55

what I've heard the spankings usually occur at the meetings. Has a couple of articles he dropped in here, groups suing to stop legalizing of gay marriages in Massachusetts. Oh, and they're referring to the lawsuits as a Hail Mary pass. That's just wrong. So wrong, really is a Hail Mary kind of pass here. A gay couple were told they could no longer take their communion or sing in the choir of the Catholic Church because of their relationship up in Minnesota. They've been together for five years and the priests asked them to restrict participation in church activities after one of the one of them David sand wrote a letter supportive of same sex marriage. It was published in the local newspaper. So it's so nice that the priests there took the

Bobby 1:38:46

time did they respond by telling them where they could stick their crucifix? I don't know.

1:38:51

But giving the priest an invitation would be a bad idea

But giving the priest an invitation would be a bad idea.

1:38:56

Probably be good to understand

1:38:58

why anybody is surprised by a pre segment. Well, yes. That's sort of the official line of the Catholic Church.

Bobby 1:39:06

being surprised you the only way

1:39:09

you can be gay and being the Catholic Church is to not have sex. That's the bottom line. Well, I

Chris Harrison 1:39:14

mean, they're also going after, if you want to be a good Catholic, they want to go after Democrats also who are pro choice that they're talking about. They're actually talking about God's

1:39:25

given Well, that's the Catholic Church for you. That's the Catholic Church. I mean, that's the that's the package deal.

Chris Harrison 1:39:30

Well, you know, they've got they've got their own issues they need to deal with before they start designing who's or people

1:39:36

need to realize they they aren't good Catholics and just deal with it.

Chris Harrison 1:39:42

We got a letter from smiley Of course with a special letter for our cherry ass over there.

1:39:50

Tell me about it except the color.

c Chris Harrison 1:39:54

Oh, so this was to help him get his creative juices flowing and I'm going to make make those Calls there and we'll see if we can work out they're smiling with my creative juices flowing No it's getting his juices flowing flowing through your letter his

1:40:07

his juices are flowing and this letter I

c Chris Harrison 1:40:11

know a couple of our MBBS were asking about you know the we're going to try and put together a thing where we can talk to some of them and interview and a couple of them have responded to that they're gonna check and see what it what it takes to do that so we're gonna send all this stuff out and get started on that cute little joke here you know we love our strange and twisted a little humor week yet so chicken and egg are laying in bed the chicken is smoking a cigarette all relaxed and content the egg says well I guess that answers that question he does say it takes a second for some it's See he sent in a copy of the what do they call it now the Opus the penguin that came back from Bloom County is that he loves his hat. They're kind of the Chita Rivera fruit salad on a hat offering for samples

1:41:13

what kind of samples of a comment

c Chris Harrison 1:41:14

Christmas day one of the samples there because it was part of the thing I forgot what I was talking about that man made a comment about samples. He also sent him the thing about the lowdown which we were hoping was gonna be covered on black on black last week but we weren't down down what did I say low

1:41:30

down I keep doing that

1:41:32

way to go reading

Chris Harrison 1:41:34

I keep getting back keep getting it bass backwards. But not something that's gonna be a topic on metal black on black segment here. Soon. Windows RS is trying to draw gay tourists down to the little cosmopolitan city.

1:41:53

Panic.

Chris Harrison 1:41:58

Okay, who said this microphone to pull down? Oh, that was we've had worst jokes, but I mean, this let's see, this is an article coming from the San Antonio Express. I'm talking about linguistics from their travel section talking about the fact of a pair of tango dancers move awkwardly across the floor laughing as they try to avoid stepping on other's toes. And it's a it's a it's an A gay milonga. It's I guess it's a gay bar. Yeah, that's what they call the gay bars down in Buenos Aires a milonga. So that's the next tourist spot there forget fire Ireland forget P town, it's time to go to Buenos itis.

1:42:42

Tango was originally a male male dance before it was a male female dance.

Chris Harrison 1:42:49

I would explain the thorns not being afraid to hit in your mouth. Because only a man on man dancing wouldn't mind a little prick in the lip.

1:43:02

I think I wear mine quite well.

Chris Harrison 1:43:08

We also got a letter from Tigger, who has drawn another appendage of his on in the background of his letter to hold it up. Hold it up. It's his foot. Nice. Okay, obviously, you haven't been over on the side here when we make the comments about the foot when I put my foot up

on the leg and go it's an old wives tale. A very old wives tale. So

1:43:31

I said the foot was a nice size.

1:43:35

Men with big faith, they buy big shoes. Yeah, that's better, more accurate. Unfortunately,

c Chris Harrison 1:43:42

Tigger looks like he's gonna be in for a little bit longer than he was hoping. And we're sorry to hear that. And he's trying to get back to getting getting to hear us on the air. So hopefully he's out there listening. And he sent in a couple of letters, one from one week and it's also trying to make the best of it looks like he's gonna be trying to get some, get some education and learn. Get on that. And he's also you know, this is the kind of dedication with the MBBS he's going through a lot to try and get us back. Well, that he can listen to the show. Plus, he's also trying to work away that he can get an A pledge of support to us. Someone, someone who's you know, making money in there, but you know, he's trying to do something to get and just show his support for us. I swear I had more or less some of the articles out there. I pulled them go find them then. Oh, I did not look through these pages before.

1:44:42

Anything juicy.

c Chris Harrison 1:44:46

Cover your eyes, man. Hi. Yeah, I don't know what magazine he pulled these out. I don't know. But good magazine, Cosmopolitan. Even better. Yeah, it's a hunks in heat sack. Hello. All women are so apparently

1:45:04

the temperature is not hot enough they're still wearing clothes apparently

c Chris Harrison 1:45:09

apparently women are lucky when they get there with picking their mags on time yeah very nice pictures in there I think it'd be kind of strange them receiving cosmopolitan at a men's prison but hey that's all kinds yeah I guess if you can get the advocate dropped in there I

current events going on there but

1:45:31

always to keep your man happy. You know her

1:45:33

favorite their favorite top 10 FX trick? tricks. I mean, come on. Well, I

Chris Harrison 1:45:37

mean, Martha Stewart is coming out with a prison edition here soon anyway, it's

1:45:41

all the things you can do with vertical stripes.

Chris Harrison 1:45:47

You know, the skull stripes

1:45:49

and plastic.

Chris Harrison 1:45:53

Okay, we've been talking weeks and my
