SUMMARY KEYWORDS

people, hispanic, scott lewis, houston, galveston, hours, pageant, girl, thursday, gay, escort, night, nude, requests, usa, money, texas, vanessa, song, week

00:02

Yeah, it's hard not to feel it after she just keeps saying it over and over again, isn't it? I tell you what, God love her Martha wash, give the give the girl or do do I need to announce these later? Okay. Now we move from going to a fetish factory or what I'm not factory but going to have a fetish lived out to going out with an escort. With me is Tony ecom, who is with the name of your business is nightlife USA and you're in five cities.

00:47

What is people have obvious perceptions or obvious thoughts when you say an escort service. What are you offering to people that call your service?

01:03

Basically, what we offer is simply companionship. More or less, nothing, nothing more, nothing, nothing less. It can save you the trouble of going out to the bars spending money on drinks this or that. Finding somebody that you really don't really care to spend any time with in the first place.

01:31

If you know, for, for a little bit of extra money, you can have the person of your choice delivered to your door. Basically no obligation, you're you're free to turn them down if they're not what you're looking for. And you have the peace of mind of knowing that he's a respectable person. He's not a street, hustler. All of our people are professionals in their own right. Whether teachers, office managers, nurses, and the like.

02:03

So these these kinds of people do these kinds of people, those damn teachers and nurses, those kinds of people, people in professional jobs, such as teaching and nursing and so forth, are the kind of people that you can expect to meet if you were to call,

02:21

as a matter of fact that at one time, we had a requirement, where we would not allow anybody to work with us that was not college educated, simply because the clients are all very wealthy, intelligent, sophisticated individuals. And we feel that we need to provide equally intelligent sophisticated people, for them to enjoy themselves with.

02:48

Well, and y'all are doing pretty well, aren't you? Because you're in five cities. Now. How How long have you been in five cities?

02:53

We just recently we incorporated about six months ago and expanded into corpus in Galveston shortly thereafter. And then we've had Houston Austin and San Antonio open now for well, San Antonio has been around for 14 years. Austin has been open about six years now. And we've been here in Houston, going on almost two years now.

03:20

Wow. Now, that must bring do you do pretty well financially? I mean, that's EMS do you've incorporated that cost a lot that cost more than my car? Not really, because

03:31

actually not really. We are strictly a gay business. And we cater only to the gay community. That puts us in a different light from your column, your straight escort services, which tend to bring in a lot more volume than does the gay community. But as a company, we're doing very well.

04:01

Well, and I don't know that people. I didn't even know that there was a gay escort service. I had no clue.

04:09

Surprisingly, I've heard that many times before. It's, it's a relatively new industry. You can go back through copies of twits since the mid 70s. And you can almost document the growth of the Escort industry, just by watching the number of ads over the years and somewhere

between about 85 Somewhere between 85 and 90, the the business just did a really big boom, the growth in more than doubled itself over over a couple of year period over a two year period.

04:57

Well, and that's obviously because there's double And I mean, you don't have that kind of growth without there being customer demand.

05:03

Well, that that and also, I think the the onset of sexually transmitted diseases has played a large part. Your your, your more respectable person now is very leery of who he meets in a bar, who he takes home with this and that no longer are people picking up strangers in dark areas or participating in any of those types of behavior. And you know, what what we offer, you know, as a reputable service is, is peace of mind. You know, the, like I say, Our people are not street hustlers. They're not. They're not anybody who's going to be unhealthy in any way. They're all very, you know, respectable people in their own right.

05:59

How many people do you have in Houston,

06:02

I usually try to keep a staff of about eight to 12 people that I that I work from. And the way it works, then is simply when a client calls up, I'll quiz the client as to what his ideal characteristics may be. And somebody he'd like to spend some time with, and I'll find three or four people off that list that have some if not all of the qualifications that he's looking for, and describe them to them and let them make a choice.

06:40

Nan, how long is this something that I could just call in? And you know, first of all, is it a 24 hour service? Yeah,

06:47

we're we're open 24 hours. Now i i do man, the phone myself and occasionally my other half takes care of things. But occasionally, in the wee hours of the morning, you, you might not get an answer. Sleeping too heavily. But But generally, I answer my calls 24 hours a day.

07:10

07:10

So if I called whenever, you know, six in the evening, or whatever, and I called you for a big, I'm bored, I'm lonely, I'm depressed. And which is a typical Thursday for me. And I'm teasing. And I say, Steve, I need a Hispanic men over here to keep me company. You could just take care of me.

07:35

Sure. Now, bear in mind, all of the people that work for me, like I say they are all professionals in their own right. So they do this strictly part time, depending on the hour of the day, will vary greatly the availability of the people I have, for example, at 4:30 or five o'clock in the morning, rather than having eight to 12 people to choose from, you might be lucky to get one or two, right? Generally, early in the evening, you know, I have the most number of people available. Generally, I'll work with anybody. I can usually get someone to you within an hour. If you do have some very specific requests as far as type, you know, the type of person you may be interested in. Then the more notice that you can give me the easier it makes my job.

08:38

Right like I like a size 11 shoe or bigger. No teasing, tease.

08:44

Um, I want to give me about two weeks on

08:50

and so an outro seriously, but if if the person if the customer is pretty flexible, or if I'm pretty flexible, I can call you and you can generally you could have somebody to me in like an hour or so maybe an hour and a half. That's incredible.

09:05

As a matter of fact, depending on where you're located sometimes I can have them to you within 30 minutes.

09:11

Wow. If they couldn't have come to me in 30 minutes, I wonder if I could have them on me in another 30 Is it time for a break teasing? You're listening to Miss Scott Lewis on after hours a continuing tradition on KPFT Houston 90.1 FM and 89.1k E O 's College Station Brian, I can't believe I remembered all of that. We're continuing tradition. We're never going any way so if you don't like it go to hell. The religious stations three to the left. I am sitting here with Tony AECOM, who is what is your title? You're just like the head man in charge.

09:48

Actually, my my title at this point as I'm President,

09:52

right, because you're Incorporated. Didn't feel good to be the president

09:56

as sort of it's it's kind of an honorary title The The other, the other stockholders actually have have more of a share at this point than I do. But if it were come to a test it would be it would be my vote that would be the deciding vote and in the matter

10:15

Excuse me. You have you been involved with this for 14 years?

10:21

No, I bet you

10:23

don't look old enough to be involved in this for 14 years.

10:25

No, I was. I was a restaurant manager for many many years and desperately seeking a way out of the restaurant business. And I fell into this business by accident I I answered the very ad in the this week in Texas that we run today where it says now hiring and I worked as an escort for, oh, probably six months to a year before moving to Austin and opening the Austin franchise and then later purchasing the company after that,

11:01

do it as an escort there's pretty good money to be made.

11:08

It depends on your own good looks. Your better looking guys better built guys are going to make more money than those not so good looking. It's just like being a dancer, or anything else in that respect. You know, this is very similar to say the modeling business.

11:36

Is that because they get requested more, or is that because they get tipped? Or?

11:42

I would say it would be because they get requested more, you know, primarily the main requests we get are for someone middle aged, or middle 20s rather collegiate looking masculine preferably Caucasian. Those those types of people if you fit into that bracket would make the most money as opposed to other people that may be very short or very tall or very slender or somewhat rounded on the edges.

12:22

That would be me. I wouldn't be an escort. I tell you, I'll tell you a scary story. One time I was walking down Avondale and some old man tried to pick me up I said Hayden was pull him over officer because he is not supposed to be driving without corrective lenses.

12:41

The other day I had a gentleman come to come to apply for a job and over the phone he sounded like a very nice guy and

12:49

you can never tell from over the phone but the door

12:53

and he must have been about 55 years old gray hair spare tire around the metal. And I you know, I felt very very bad. I really did I I almost didn't sleep that night. But I didn't even go through with the interview. I simply told him that he was he was not quite the type that we were interested in. I think I broke his heart I felt bad about that. But oh well.

13:22

No requests for aging heavyset man

13:28

actually, I have I have had requests for just about everything under the sun the

13:34

strangest request.

13:38

Strangest requests were for somebody with a kind of a biker type look or rock star look. Only they wanted them dirty. They wanted them unshowered and unwashed the type of person you would pick up on a street corner someplace exact is exactly what they wanted delivered to their door.

14:05

Well, first of all, wouldn't you need 24 hours so that Hey, Jim, I got one for you don't shower. Meet him tomorrow at six. And if that's what you wanted, why would you just straight off? Well, I

14:19

almost did actually but no i i

14:25

Bridgette I guess because they know that they have the safety, the reliability with you. And

14:30

I had an acquaintance that fit that description somewhat at the time. So he he's he's he's now the editor and publisher of a leading circulation here in Texas that I won't name

14:50

Oh, I wonder if I know who that is. So give him your phone number

15:02

220111. And it's the number here in Houston. And it's

15:06

nightlife, USA life USA. Now what there's a and we can't discuss price because we're public station. I don't really know why I don't write the rules, I just follow them. But for a fee, do I mean how does that all work? Is there like a flat set fee versus a certain amount of tissues cover

15:28

a flat fee for for an hour and a half's worth of time? There's there's no extra charges

15:36

for an hour and a half. And would you say you would pay kind of like Houston cellular \$1? A minute? Or? I mean, how would that go?

15:48

Basically?

15:50

Or maybe a little more give or take, but what's an hour and a half? That's 90 minutes? Or

15:55

you're looking about \$2? A minute. Okay, no less than \$1.50 a minute, maybe?

16:02

dollar 50 a minute. There you go. I want to have that boy working. Now you listen to this story, I have to tell you, I was so pissed at her that mother of mine. I would just be going on and on and on. They'll be calling you the next day and going to that one again. If I hear one more story about his mother do they do you get when you were doing it? Excuse me when you were doing it? Do you get a lot of people that just want to sit there and talk to you just want somebody to listen to?

16:34

A few. Most people have something specific in mind right? Now remember, we can do we can do anything the client wants us to do you know as long as it falls between you know the legal

guidelines, you know that that includes nude modeling, fantasies, domination, any anything of that nature as well as, as well as just simple companionship or somebody to sit there and watch a movie with you. Right? So you don't spend the evening alone.

17:09

nude modeling, you've intrigued me. What does. If I say if I call and I say Tony, it's Miss Scott Lewis from KPFT. And I need a nude Hispanic in my living room quick. Not that I would specify Hispanic, but chances are high. What I mean, what did when you sit because this is something I've never done even to the point I know they have the tanning salons you can go to and you can get a nude model. Believe it or not, my mother should be listening to this should be ecstatic. I was in some place two weeks ago with a girlfriend of mine, whose girlfriend lesbian couple and the one woman works in one of these places. And so I was there in this place where you go in and they're talking about you pay I think you pay X amount and you go in a room with them. And then you can get extra things that like there was a masturbation show. And there was a vibrator show and I mean that's

18:11

right. That's that's one of the differences with us is basically we will do all of the things that any of those other places too. For no extra fee. Just Joe Yeah, and that's one thing I kind of one time now. Now don't don't get me wrong if they feel that, you know, they had a really good time and they would like to reward that person with a tip. Well, you know, of course we're not going to turn it down but but any anything you ask us to do or any special request, there's never any extra charge for it.

18:45

What is but what is nude modeling? I mean they just stand there for you

18:49

NUDE NUDE, yeah, nude nude modeling is basically any form of modeling in the nude. is as far as the law reads. If it is a nude modeling session, then you're simply not allowed to touch the model. But you're you're more than more than welcome to you know, to act out your own fantasies along with the model or anything of that nature. Remember the the only real rule that we have to be care very careful with is that you know prostitution of course is ill

19:27

Right, right. Can I make him clean my house? Vacuum, vacuum faster? Windows,

19:35

you can do it within an hour and a half. That's fine.

you can do it within an hour and a half. That's fine.

19:40

Tony, I thank you so much for coming down. It is nightlife USA. It's to 200111 and you're in the back of the twit and are in any other

19:53

publication. Basically right now we're just in the back of the back so

19:57

they can if you didn't get the number you can pick it up in the back Got a twit, you can call me if I

20:02

pick up a twit from 14 years ago Well you won't get the Houston number but you'll you'll see us in there

20:09

and if you forget the number you can call me and I'll come over nude model for you trust me you better call him I tell you what, I would do a song here but I don't have one. So let's just see you in a little disco. Sure, we'll just play a little disco. Do you have a favorite disco song they're all on here this has got to be the best if you don't have this is called Mighty real life beat dance classics volume one and it is 16 songs that are just I mean it's every big disco song is on here. And the incredible thing about this is that all of the money goes to life beat which is the music industry is response to AIDS. So you can feel competent if you go spend 13 \$14 or whatever on this that you are going to be given that money right to the fight against AIDS you know I'm gonna play this song and I don't know that people the younger people will have no clue because this isn't one of the bigger knock on wood or, or Donna Summer songs or anything like that. But I remember it growing up and I love this song. It's called right back where we started from by Maxine Nightingale one of my favorite disco songs that you don't hear a whole lot of I tell you, it's just nonstop in here tonight. I mean, they are just all wearing me out. One after another interviews tonight. Now joining me is just the fabulous the flawless girl you're flawless. Miss Vanessa Ray. Hello guys and girls and everybody out there. Now Miss Vanessa is in the house tonight to promote a couple of events that are going on. Here in town, no girl, you are over at escape now. And it's funny because you know one thing I've noticed about Hispanic Queens grow Hispanic queens are the one to screw with the club's name. They call heaven heavens. Like there's two of them sitting next door to each other or something. And they're calling because I may not grow hang out. Well, I don't really know. But I'm like I said because I

might get in trouble. I hang out with a lot of Hispanic people. And why hang out only with Hispanic people I might. Because I'm Hispanic by injection. And they're calling escape a Scott Bay. Is that like the French version? or what?

22:49

I have no idea. I heard him calling it and I'm like,

22:52

Butch is skabe some coin one night coked up said I'm going to his skabe and then the Queen next are on acid when Oh, where's that? Oh, we're going to Scott Bay. And that's how it all started. You're over to escape, which is actually the old energy the original energy over at 6121 hillcroft. And you do Thursday nights over there. Now Scott Bay's like an all men's club.

23:22

Right. And I want to clear something that it is it is not that they have a club at all. Right and then they don't play 200 music only on Tuesdays is the handle night. And then for after hours. They'll mix it up a little with very light the Hummer

23:38

with the lawless Alex Torres Gagne. He's flood Alex Torres will tear you up on a dance floor. You'll be begging him to step up. Get up close, close. I can't take any more.

23:51

I heard she'll tell you the morale team.

23:55

Wow, I don't I don't know about all that. But uh, so you're doing Thursday nights over there, which is a male strip contest. Excuse me. Good response.

24:09

Actually, last Thursday was our first show. Okay, so as you aware third, of course, when you first start out, you

24:15

can right? Right, we're

24:17

planning on picking out we have an ad out in the sixth twit. We do have a bigger ad coming out. The following week. We're going to be making some flyers and passing it around and doing a little bit of promotion work and stuff like that. Try and get a crowd and we've got some cute dancers that are coming by now and the fact that some really really nice dancers and girl. Are they Hispanic now? Not all of them? Some of them? Yeah, it's a good mixture. Actually. Last week, I had two Hispanic and

24:49

last week I had for Hispanics. Teasing.

24:55

Got the Hispanic man lined up at her door girl But yeah, I mean, we're trying to get a good start on it. The cash prize is 7550 and 25. That's winner first for first, second and third prices. And then of course I'll be there to do a couple of numbers for you and make it all exciting.

25:19

Are you going to be doing numbers tomorrow night? Yes, I will be there tomorrow night just the Miss Galveston sweetheart 96 Pageant which is their escape 6121 hillcroft. Tell us a little bit about this pageant. What is

25:35

it? It's by Jessica Lynn productions from corporate or from Corpus Christi. I'm thinking by the bay girl. It's over in Galveston. It's the MS Galveston sweetheart pageant. With me your host and emcee Vanessa Ray on the current rating was Hispanic Texas 96 Gotta put that in there girl. And the special guests include Martina Reese, of course Jessica Lynn cinnamon, which is from Galveston. She's the current rating was Galvatron Island USA and then Tandy CO which is Mr. Handle USA. There is a slew lineup of contestants oh it'll be lovely. I'll be there to do several members for you along with our special guest great competition!

26:18

really feel it's gonna be so you already have quite a few people actually yes

26:21

and some pretty good name girls here that that are really fresh and getting started here in Houston and stuff like that are really coming out it's I'm really surprised at the the lineup of contestants that are coming through it's gonna be a great patch

26:38

if there was somebody that was listening that has an interest in entering a patch and is it too late

26:45

No, never too late walk in registrations nine o'clock you come in at nine o'clock the entry fee is \$25 entry fee in the winner and first runner up and second runner up get a crown they also get sashes The winner gets sponsorship to any preliminary they choose whether it be an America Pageant preliminary or USA pageant preliminary which will that preliminary will take them on sort of as Texas and then from Miss Texas Of course you go on to Miss USA or Miss America, stuff like that. It's pretty much like it is on TV. You know like you Miss Texas on TV like that. It's just a lot of man and dresses tiny. That's the only difference.

27:29

What did I have to go through? I mean, in other words, what did what when they enter the pageant when they come in and they pay their fee? what's expected of them what do they need to be prepared to do?

27:40

Talent is first talent competition consists of any kind of talent of course, which most of them usually do lip fake. After that would be evening gown competition, where you would present yourself an evening where which would be a fully beaded evening gown. After evening gown competition will be on stage interviewer will I will personally ask each contestant a question which will be a different question for each contestant. And they'll be judged on their answer how they answer the question and how well they speak on the microphone, poise and how they present themselves. And then from there we go to the choosing of a winner and stuff like that. There will be six judges and you my lovely Scott Lewis will be on the judges panel. I'm

28:28

judging my first pageant I've been asked before and I've never done it. So I want you to know that I've never done I've been asked before and never done it. But yeah, I'm gonna do it for Miss Vanessa. Right? Because she's my sister. So yeah, I'll be down there. So if you if you are out and about and interested in drag and some up and coming some of the people that the people to be looking out for in the Houston scene tomorrow night at escape for men is what it's

actually called escape for men. It's located at 6121 hillcroft, which is just right there in a U shaped shopping center just right next to ecstasy. I think it's called ecstasy, fantasy fantasies in a shopping center. Strike club. I'm not even supposed to know.

⌚ 29:15

Yeah, but it's kind of scary over there.

⌚ 29:17

Is it now it's scary, but I mean, Hispanic gangsters.

⌚ 29:21

No, not scary like that. I mean, like a drag queen walking in a straight bar girl. Like I would never do. True. Dragon I love it.

⌚ 29:32

I bet you did because they probably tried to pick you up girl I

⌚ 29:35

wouldn't know it.

⌚ 29:39

So tomorrow night Miss Galveston sweetheart. 96 Pageant and escape for men 6121. He'll crop with host and emcee Vanessa Ray. Also Vanessa is there every Thursday night doing the male strip contest. So I'm gonna have to check that out. Sure. I'll

⌚ 29:55

see you next Thursday girl, and I hope to see all y'all there too.

⌚ 29:59

30:14

Girl we sit. All power.

30:16

We are all piling in if you want to go Jenny Craig, Miss Alix with Sammy. It's gonna be scandal. Vanessa, thank you for taking time out of your busy schedule and coming down and hanging out and we will see you tomorrow night at escape for the Miss. Galveston sweetheart. 96 Paget, this is I'm going to do a song that back in 19 When did this come out? 1983 Loomis thing I was 12 years old when this came out.

30:55

At three How do you remember?

30:58

And when I saw this man? Well, first I didn't know if it was a man or a woman. But when I saw him I knew right away. It's a man. Well, this man but at first I didn't know if it was a man or woman. But when I saw him, I said there's something about him that attracts me to him. This is his second album. My role model as a gay youth. This is his second album. It's a song titled Black money. It's kind of depressing. But sometimes you get into those maids and I want to and I want to get send it as a special dedication to Mike again gets a little black

31:42

money who I love that stuff. But I was just telling Scott that that's my second favorite Boy George album next to the last port George album Jamison beauty

31:55

most recent hopefully not the last. Oh, you're right. You're right. Well, yes, black money when you love somebody and they don't love you in return. You've got money to burn.

32:04

You're listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station on Jimmy Carper with me is

32:13

Miss Scott Lewis who was just getting ready to head out here in just a few minutes and turn

MISS SCOTT LEWIS, WHO WAS JUST GETTING READY TO HEAD OUT HERE IN JUST A FEW MINUTES AND TALK...
things over to Jack Tyler. Oh, yes. But there are a couple I got a few letters this week. And I just kind of wanted to go over. Yeah. Just talk about them just a little bit. One of them's from a young man who I will leave nameless, for reasons he explains in his letter, who is a 15 year old Hispanic young man, well, that's reason enough, who that's reason enough to give him my home phone number. Hey, he actually he says Latino. He says he's Latino. There's a difference right between or Hispanics just kind of a all encompassing word, right? I

32:58

thought you were the expert on this.

33:01

I'm an expert on how to please them. Okay, I call them papi. Not Latino, Hispanic or Mexican. So he was telling me in his letter that his only connection is a 15 year old closeted young man, Latino young man that he is finding after hours and gay lesbian voices the other gay radio program here on KPFT on Thursday, Thursdays between eight to 10 that he is you know, he has a hard time of why to get the other resources.

33:38

While I know it's tough. There's the game lesbian switchboard, but sometimes they're hard to get ahold of.

33:43

Well, he said he stumbled across an ad in the February issue of request magazine, which is a music magazine available at Sam goodies. And he glued the ad in here. And it's the ad says young and gay question mark. Resources and referrals for youth under 24. Send \$2 In a large return envelope and your age to the landed a Youth

34:07

Network. Send \$2 and a large envelope a

34:11

large envelope for it to come back in. Oh, okay. He says I took a big step and sent in a large return envelope and a sheet formally stating my name, address and age with to \$1 bills tucked into its folds. In parentheses. Some of those mailman are pretty sheisty. After about a week throughout that sheisty

34:37

beans, you know, right, so you have to deal on cash.

34:41

After about a week and a half. He thought that he had just given away \$2 Yeah,

34:45

well, sometimes.

34:47

He says girl I was wrong. Oh. Some days later he received his envelope filled with lots of great stuff. Inside was a letter from the Lambda Youth Network explaining what exactly it was that All right Lambda newsletter, two sheets full of the names, addresses and phone numbers of local resources for lesbian, gay and bisexual. And a very thick packet of national resources ranging from pen pal programs to help lines to newsletters, some specifically for us closeted folk. He says, you know, it included three in depth pages on safer sex Information and Procedures for lesbians and gays. He wanted me to let the listeners of after hours know that and I am glad to let them know that he also wished me a happy birthday and sent a an adorable little Valentine. Oh, that. He said on his Valentine to me, let me find that. He said on his Valentine to me that all ready to go, here it is. It says, Dear Scott, I wish you a very happy birthday and a Happy Valentine's Day. Now of course, he knew my birthday. And he also knew how old I was. How did he know that? Scott, you hateful cow. Because you sat down here and broadcast it over the air after I have spent many years lying about my age, and trying to just I mean, not even much just two little years. And you blew it for

36:23
