## SPEAKERS

LuJack Tyler, Scott Lewis, Jimmy Carper

---

 Scott Lewis 00:01

City, California.

 Jimmy Carper 00:04

So what was that? Peel box? Peel box?

 Scott Lewis 00:07

7911 Culver City, California 90233. Cool. So yeah, I would encourage it. \$2 and that's great. And I want to say thank you for for privacy reasons. I won't say his name, but you know who you are. You little 15 year old Latino, you maybe in a couple of years, you can give me a call and you can be my life partner. You never know. Stranger things have happened. Yeah. Like I had a life partner once that was pretty bizarre. Like you have a life. Thank you. So that's it for me kids. I'm gonna head out of here and turn things over to LuJack Tyler. He will take over and take very good care of you. I guess I'm going to leave them with this song you put in Jimmy YEAH.

 Jimmy Carper 00:54

And they were by Jeff crasner he heads up out music it's a music company out of New York with that features gay lesbian, bisexual and transgendered artists and he does a remake of a great old Dusty Springfield tune that you know when I when I originally heard it, I kind of you know kind of reversed the sexes, but now you don't have to because you've got a man singing son of a preacher man.

 Scott Lewis 01:21

— hula hula is good.

J Jimmy Carper 02:01

and we are back. This is after hours queer radio with attitude on KPFT Houston and ke O 's College Station. I'm Jimmy Carper. And with me is

L LuJack Tyler 02:13

Mr. LuJack Tyler. Cute.

J Jimmy Carper 02:18

Yes. Well, you are involved in so many things these days. It's just really hard to keep up. I mean, you're you're kind of the big thinking now with HG LPC. He's doing gay and lesbian Political Caucus. Right. Yeah,

L LuJack Tyler 02:34

I guess so. Okay. Thanks. So

J Jimmy Carper 02:36

you've been kind of hosting things and, and all that kind of stuff. And I see articles written by you and outsmart. I mean, OutSmart is like, it should be national, because it's as good as it's good as the advocate OUT magazine, any of those. It's really, really good.

L LuJack Tyler 02:57

Well, I think that one day it will become statewide. And then once they hit National,

J Jimmy Carper 03:03

absolutely. And it's just nice to be on the bus early. Yeah. No, I hope you'll still be riding for it. Well, I

L LuJack Tyler 03:08

will, I will have a section now called left out. And I marched up there because I hate being classified as being left or right. And I said, you're not going to put me in left out? No, no, no, no, Mr. Mr. Blue check on that. I can do that. So I'll still have my own little outspoken or this or that whatever I intend to write about.

J Jimmy Carper 03:26

And what else are you involved

L LuJack Tyler 03:29

in the caucus? You know, I attend regular auger meetings. I didn't logger. I didn't rerun for the board, because I felt that my number one focus this year should be the caucus.

J Jimmy Carper 03:39

That's the African American lesbian gay. Alliance.

L LuJack Tyler 03:43

Yeah. And I'm still a board member of the Lesbian Gay rights lobby. Okay. And so that's exciting. And it's

J Jimmy Carper 03:49

just, I think you're kind of where I was about a year ago. It's like, Man, I gotta pull back. I've got my fingers in too many pies. I want to be effective in one pie, rather than just be an associate man. Yeah,

L LuJack Tyler 04:06

yeah. And I'm getting ready to jump into this marriage project bid in Dallas. Oh, they have a huge Marriage Marriage project that they're going around. They're sitting in Dallas working on. And I'm trying to start something like that here in Houston and board of the caucus has given me permission to do that. Wow. And so I'll be keeping folks updated on that good. Yeah, it does. It looks like it's going to be in Hawaii. We're going to be able to go rush off to Hawaii.

J

Jimmy Carper 04:34

I was I was there in January and she got married. Well, I mean, it's not it's you can't do it yet. Or you couldn't do it then I don't I don't. I haven't been keeping up on it in the day to day basis, but very, very favorable. It you it seems that the the people who were against it are kind of fundamentalists who have come over From from, from the mainland to preach against you right, but, but the Hawaiians and the people of their mixed the wine race are kind of like, Yeah, well, why not? What's the big deal?

L

LuJack Tyler 05:13

And, you know, and I look for one thing that the United States of America wouldn't be dumb not to allow gay people to get married. I mean, that's, that's economic,

J

Jimmy Carper 05:24

you know, Roman economic standpoint. Yeah, absolutely.

L

LuJack Tyler 05:28

You know, but America is one of those countries that allows the folks on the TV to tell them how to think how to respond, how to act. One of the reasons why the the voter turnout is going to be so low this year in a presidential election. That's because of the media. Just the other day, they were showing how the Republicans are killing each other. Which is, of course, giving Bill Clinton nothing more to do except sit and sit in the White House and drink tea and, you know, try to convince Hillary that she used to dress better,

J

Jimmy Carper 05:57

not only not only are the Republicans seemingly killing each other, but they're spending incredible amounts of money

L

LuJack Tyler 06:08

while the President is making more and more money while they're spinning a lot. Yeah, the the only one that won't be affected will be Steve Forbes. And, and if so, am Phil Gramm knew that? And so that's why he was this, Phil Gramm is actually a smart man and folks who just sit down and look at it. He's a dangerous man, because

J

Jimmy Carper 06:26

he's so yes. Oh, yeah. I think so.

L

LuJack Tyler 06:29

Patrick Buchanan, on the other hand, is depending on his Christian coalition to help him along, and it's scary to think that he's being taken seriously to beat Phil Gramm, in Louisiana in the caucus. I think it's extremely terrifying. Well, and they come in second in Iowa.

J

Jimmy Carper 06:46

I think it's I know, but you've got to, if you look at the history of Louisiana, they're very, very different. Yeah. It's like another country. Or think different. Yeah, you're right. And religion has played a big part in the lives of Louisiana.

L

LuJack Tyler 07:04

Right. And it's just it's and

J

Jimmy Carper 07:08

and to their detriment, I might add

L

LuJack Tyler 07:11

any beat George Bush, in New Hampshire, and in 92, I mean, Patrick Buchanan before it's all said and done, I'm really terrified that he will, he'll almost make it to the White House. Well, if not make it Sunday. He won't make it this time around. But he is really making an impact. He's really staying in the media. And he's really staying out there.

J

Jimmy Carper 07:30

The history of the fundamentalists, though, is that give them enough rope to hang themselves. Because, you know, it seems to be a history of lies, whatever they're against, they can't tell the truth about it. They have to lie. That's a lie. And you do it long enough. And people catch on. Yeah,

L

LuJack Tyler 07:52

you're absolutely right. Yeah. I think from an economic stance, Americans favor Republicans over the Democrats. And when they realize that they that America is not just governed by economics, then they say, Well, maybe maybe we do need a couple of Democrats in there. So I think that even though Americans are feeling the pinch of their pocketbooks, I think that they're now seeing that Democrats are actually a better choice than Republicans. Well,

J

Jimmy Carper 08:25

you know, it seems to me, I may get in trouble for this. But you know, go for it. Okay. Seems to me this country works best. When it's when the Republicans and the Democrats are just about equal. And you really have to fight. When when one side is, is in majority, and the other side is a majority all the way. That's that's when we get into trouble. But when, when we're just about equal and you have to fight for everything along the way. We do best.

L

LuJack Tyler 08:59

We Are you absolutely right. Although I am as a person that works for a federally funded project that they're trying to cut out. i I must say that I would like to see a few more Democrats when the governor who is Republican, has been uh, he hasn't hurt us and he hasn't helped us. He's just been a very good governor in the sense that he hasn't done much of anything with the exception of a concealed handgun that has really hurt Texans. And so I think that Texans are in a very good position right now. But America as a whole, I think is suffering because of the large number of fundamentalist Republicans now note I don't have I don't have a problem with Republicans. But I do have a problem with the fundamentalist

J

Jimmy Carper 09:47

Republicans. Well, you know, which are the majority my lover is a Republican. And from his viewpoint, it he's he's a Republican. for economic reasons, and I can understand that, and I'm not a Republican for for, for human rights reason. Yeah, he can understand that. But so we we just kind of maybe don't talk politics a lot, you know, and we get along much better that way.

L

LuJack Tyler 10:21

Well, you know, I was speaking about smart and the Republicans, the guy who writes left out because Gail carpenter writes right out, yeah, his name is Darrell Moore, and he's an attorney in the city. And he just broke it down. In the latest outsmart that just came out today,

J

Jimmy Carper 10:40

I know you have one. And I was looking all around the station, and I didn't see another one, like,

L

LuJack Tyler 10:44

I live around the corner from them. I see. It's like, it is the neighbor that comes in and drinks their coffee and leaves. But um, and he really breaks it down at any talks about, you know, if you are a gay or a Republican, just know who you're gonna vote for. It talks about Bob Dole and Phil Gramm and Steve and Lamar and all the rest of them. And they really do have some major, major ad ties against gay people. As a matter of fact, only two of them support don't ask, don't tell the rest of them oppose it. They all oppose,

J

Jimmy Carper 11:18

yeah, they advocate random thing on that they all oppose,

L

LuJack Tyler 11:21

you know, just everything. I mean, I mean, even even tolerance of homosexuality being taught in schools. It's ludicrous than anybody from our community will have the audacity to vote for one of these clowns.

J

Jimmy Carper 11:36

It's It's tough. It's very tough. Yeah. Well, for those guys. Oh, yeah. For me, it's easy, but, but for voting for anybody else. It's like nobody out there agrees with everything that I agree. No, you just have to kind of pick and choose what's the most important thing? You're right. You're right. And unfortunately, in political arenas, most of the time, it's, it's voting against somebody rather than voting for somebody. Yeah,

L

LuJack Tyler 12:03

it is. It is. And that's why that's why Bill Clinton in his second year was in such a hardship because his own democratic brother and turn their back on it. Yeah. Because I mean, you know, and then it goes back to the media, the media didn't didn't understand universal health care, the media didn't understand. That's

J

Jimmy Carper 12:23

absolutely right.

L

LuJack Tyler 12:25

You know, not carrying automatic weapons, because it was going to decrease the amount of new stores that they were going to have. But the long term effect was really going to be great. I mean, and and to think that my own grandmother is sitting at home right now. With just her social security check, depending on offer children and grandchildren to help her along the way hurts her. Sure hurts me. Sure. Because now I have to, you know, I don't mind because I love my grandmother to death. But I shouldn't have this extra strain on me. And, and other folks have, have it even worse than than that. And it's hard to think that once you get old, older, or if you're poor, or your life, or if you're trapped in a situation that you can't get out of the United States Government will look at you and say, Hey, fu Yes, I

J

Jimmy Carper 13:15

know. I know. I know, I've been in that situation. I have aged Yes, you do. And I I'm alive now because I have been able to not work. My lover has been supporting me. And so now that I, for the past 10 years. And I recently found out there because he supported me, I am not eligible for Social Security benefits, because I haven't worked in the past 10 years, even though I worked 20 years prior to that and paid in. Because I haven't worked in the past 10 years, I do not get Social Security benefits. So I have to depend on my lover now.

L LuJack Tyler 13:57

In the process of bashing America, let's get we're gonna do do that tonight. Louis Farrakhan, as you know, is under a lot of

J Jimmy Carper 14:05

hot hot water, because what's he done now?

L LuJack Tyler 14:08

What he did, he did exactly what Malcolm X did. 30 years ago, he went to the Middle East. And he's been talking America down and letting folks over there know that America isn't the promised land it's claimed to be and, and he stood up in front of well over a million or so folks and said that the Muslims are going to take over America. And they're going and they're going to add it's going to be a downfall in that, and even though it was a dumb statement, and it was an anti American statement, you know, it's really the truth.

J Jimmy Carper 14:47

I don't get it. I don't get it. He organizes the Million Man March for unity. Yeah. And then turns around and says, America is going down. tubes and then blah, blah, blah. And so I don't get it.

L LuJack Tyler 15:04

I mean, if Lewis was an honest man, like I've stated in the past, he, I would be in support of him shaking up the fishbowl, but he ain't, but he's not on it. So I'm not in support of that. But But I am in support of the idea of shaking up the fishbowl because America needs it.

J Jimmy Carper 15:21

Anybody needs it? Yeah. Yeah, when you get complacent, that's when you get. Yeah, that's when you get into.

L LuJack Tyler 15:29

And as many folks as America has discriminated against, seems to discriminate against and continues to, to send completely up the river to his racism and it's homophobia, it's edit sexism, I will fully support the concept that America is going to self destruct and fall into the same situation that the Soviet Union or the or the, or the, or that Russia has fallen to. Because we're in a situation like that right now, where we're heading for somewhere that we don't want to be as American citizens. And because we refuse to vote and because we refuse to do the things that we're supposed to do our lives here, our lives in America will probably be worse than they were during the Depression. And we probably won't have a president who's too stable minded thinking enough or strong enough to pull us out of the next thing that we're heading toward. So instead of us beating each other up over our differences, which is supposed to be embraced in this country, we need to check ourselves before we end up wrecking ourselves. And so I can understand that statement. And I can agree with that statement. I don't necessarily know what the Muslims are gonna do it. Yeah. I am a Muslim, my own self. I just

J Jimmy Carper 16:48

what does it mean to be a Muslim?

L LuJack Tyler 16:51

The honest truth about Islam has nothing to do what racism or fascism. It's, it's all about it's, it's the truest form of Christianity. Okay, true. Christianity teaches that you're supposed to love people, as human beings, no matter what, if you disagree with them, fine, but still love them as human beings and to carry yourself in a manner that folks will know that you are our true or true human being. To me,

J Jimmy Carper 17:19

that is the Montrose way of life.

L LuJack Tyler 17:21

Yeah, it is. And I think that anybody I mean, you don't have to call yourself a Muslim or a Christian, but, but just loving, loving yourself and loving the people around you and respecting the people around you, in my opinion, that makes us all Muslims. Okay? And folks, look at me, and they say, Well, you know, you know, why this and why that? Well, being an African American, raised in a society that, that kind of sort of helps you along, or kind of sort of makes you, in your own mind, believe in a higher power. I have all my life felt obligated to believe in a God. And so I started off with baptism. And when I got, you know, you know, told that I wasn't a man because I was gay in front of the entire, you know, congregation to hell with that. And my dad was Catholic. So, you know, I had the Catholic bed side and work either as well stay a Christian. And then I read the autobiography of Malcolm X over years ago, and I decided, hmm, this sounds like something that I could be. And, and I've actually met quite a many Muslims at the mosque, and I go to who knows that I'm a gay who know that I am a gay man who respect me because I am a gay gay man, and who, and who are actually friends of mine, because I carry myself in the truest form of Islam, even though I don't agree with what all of the so called

T teachings of Islam, in relevance to women and the relevance to homosexuality and other things. I'm still respected because I carry myself as a human being first. Okay, and everything else falls behind on that.

J

Jimmy Carper 18:56

I guess there's no religion that you can agree with 100%. You know, there's always going to be something

L

LuJack Tyler 19:05

Yeah, I mean, unless you become a Buddhist, because Buddhism is actually the only religion that has nothing to say about gay gay people in reference to it being a bad thing to say. It actually embraces homosexuality. My reasoning for not being a Buddhist is because of Buddha. I'm not. I don't understand Buddha. And I don't understand where Buddha comes from, and I don't understand the power of Buddha. Okay. Tina Turner does, yeah,

J

Jimmy Carper 19:39

yeah, she's a Buddhist.

L

LuJack Tyler 19:40

But, you know, I think that in the end, that all the gods that we honestly try to live by and try to worship. I think that that will be the huge God and that if you honestly and truly be leaving your religion like Buddhism, which, which is what, which also believe promotes love, or Allah, or true Christians rather true Christians believe in love. I think they in the end will see that God. I think so. But other folks that use God for their own political expediency or their own gain in the world, I think that those will be the folks that we won't even remember even existed. I think that

J

Jimmy Carper 20:28

I hoped I would like to think that yeah, I would, I would I, I'm just, I'm not a religious person. And I've yet to find an organized religion that I can align with. So I have my own religious feelings, which are akin to a lot of different things. But I just went out when I see somebody saying, You must live your life this way. I just, you know, that just grates on my nerves. I cannot I cannot go along with it. And any, even in the, the feminist movement of the 70s was, you must live this. And I was very against that. I just, it's just,

L

LuJack Tyler 21:17

well, you. Yeah, and I do that too. I was recently in a situation with somebody demanded something of me and I looked at them as like, are you exactly or

J Jimmy Carper 21:28

are you even down to the fact that my lover likes to go to bed at 1030? And maybe because of that? No, dammit, I'm gonna go to bed at 3am That's the way I'm gonna live my life. Yeah. Don't tell me how to live.

L LuJack Tyler 21:40

No, no, you know, I don't know. I guess we're ruthless.

J Jimmy Carper 21:45

I don't know. It's, it's just, in fact, Stanley was telling me today he was he had to go downtown, and he had to pass by Planned Parenthood. And there was a, an anti abortion thing going on there. And he was he was all upset about it. And I was kind of surprised at him at that reaction. But you know, it's there. There's a bunch of people and and a lot of lot of he said, There's he saw a lot of people waving rosaries around and stuff like that. So there's a lot of religious and it's people who saying, live, live your life the way I say, not the way you want to, right. And the other factor about that is that many of the women who are trying to go to Planned Parenthood are going there for checkups, you know, and, and to get education, education and vitamins and error checking up on their baby, they're not going there to terminate. So, you know, what kind of good are these people doing? I don't get it.

L LuJack Tyler 22:51

Well, you know, what kind of girl was Hitler doing? No, good. No, good. So I mean, in the world, you're always gonna have those type of folks, I guess. Scary.

J Jimmy Carper 23:00

So do you have an article on the new outsmart?

L LuJack Tyler 23:03

No. I know. I know. Well, I mean, I'm planning to future articles, which may come out in the same month. I don't know. I'm going to do my dealing with Tom to part two, my year later.

J Jimmy Carper 23:17

Good. Good. Well, cuz you've grown Yeah, since that last article I have. I have

L

LuJack Tyler 23:23

and I and I wrote it. And I'm proud that I wrote it, like I've expressed in the past. And I just I need to expand on it. Because a whole year has passed. And I've seen more Uncle Tom's and at different time different kinds of Uncle Tom's I generalized in the last one and so that that also was was wasn't fair. Also in the new outsmart. Okay, there and we'll talk about after our musical break,

J

Jimmy Carper 23:58

well, actually, we need to take it to the top of the hour and we need to tell folks that they are listening to after hours, queer radio with attitude on KPFT Houston and ke O 's College Station. I'm Jimmy Carper. And I'm talking to LuJack Tyler Nashua, and we're talking about kind of more the political end of of what's going on around the community. And we are going to take a musical break and when we come back I want to talk about what the HDL PC has been doing lately and and your response to Deborah Dannenberg. Can we talk about that

L

LuJack Tyler 24:42

after caps the freakin loser

J

Jimmy Carper 24:44

right after group that Michael Crawford debuted on after hours, they're not a gay group. But they have a great song called queer, it's garbage and they're going to be coming to Houston in the next week or two, but this is a great song. Listen up Ooh, yeah. Garbage with queer. How funny. Yeah, that's not cool. I love it. Yeah. Michael and Sergey introduced that song a couple of weeks ago when I was when I was out, I think. Do I really like that went out bought the CD just on hearing that one song.

L

LuJack Tyler 25:31

Yeah, I'm gonna buy the CD myself. I love it. Try singing queer. Yeah, trashy queer. And they're all straight?

J

Jimmy Carper 25:40

Yeah. Well, I don't know. Maybe, you know, other cues slightly bent. It's it's kind of grungy, punky. But are they cute? Here? Take a look. Okay, whatever. Garbage, kind of parking. We'll be talking about this later. But a favorite on after hours. Pansy division is going to be in town on Thursday, the 22nd 22nd. Outside, it's got Fitzgerald. I'm gonna be there.

L

LuJack Tyler 26:12

...

I know. You will.

J Jimmy Carper 26:13

I'm going to be doing we'll be playing them later.

L LuJack Tyler 26:15

You've been getting out a little bit. You've noticed that. You've noticed that? Yeah. You came to a caucus? I did. And I scared?

J Jimmy Carper 26:23

Well, you know, it's it's, it's we've been talking about the caucus, and you kind of shamed me into it, because I let my membership drop? Did you really? Yes, I did. Yes, I did with all of the there's some controversy and some things going on. I didn't like and so I thought, you know, like, why should I support this group? And then then I got to thinking, Well, you know, I support this group, because of the work they do, because of the the endorsement process and, and getting those cards out to folks and all of that. And I kind of felt bad for letting my membership drop?

L LuJack Tyler 26:59

Well, you know, it's a, it's a, it's an changing face. And I'm so so pumped up about the Cox I'm so excited. Because I think for the first time in almost 21 years, the caucus is about to take a change that it never wanted to take, and I'm so glad.

J Jimmy Carper 27:16

What do you mean by change, and they never wanted to take

L LuJack Tyler 27:20

the caucus is actually a very conservative group. It

J Jimmy Carper 27:24

can be Whoa, it can be real conservative,

L LuJack Tyler 27:27

it doesn't take risk. And I find that to be the most conservative thing they can do. Point. A case

in point. We don't endorse anybody who we don't think is going to win. And we endorse folks, we who have supported us in the past and that we until until they make a big enough mistake. We'll keep on endorsing them like Deborah Dannenberg.

 Jimmy Carper 27:54

Oh, okay. But before you get into the Deborah Dannenberg thing, I think, you know, yeah, I've seen that. And when you say we don't endorse people, we don't think you're going to win. I think that's because in the past, we've endorsed people who didn't win. And then we were really crapped on by the person who did win

 LuJack Tyler 28:14

your ride. But as

 Jimmy Carper 28:15

I said, that that's a chance you have to take that, and our

 LuJack Tyler 28:19

membership is really low. And is it really Yeah, it's it's there for a Political Caucus.

 Jimmy Carper 28:25

There have been a lot of people like me, huh. Like dropped their membership.

 LuJack Tyler 28:31

And I think that, that what I am, I think that when you talk about me taking a higher role and a higher position in the caucus, it's my goal, and it was my goal. From the minute I saw I wanted to be a board member and that was to bring in new energy bringing our life Right, yeah, bring him back to where we

 Jimmy Carper 28:50

have got, yeah, we got to have younger people in role in all of our groups, not just he LPC, especially HD LPC, but I mean, all of our groups, because, because if you don't, they're gonna die out, and they're just gonna kind of wilt on the vine. So what's with Deborah, I mean, she's been a friend of the gay community for many, many years. Yeah, you're right. Well, I mean, so what's the deal? Same

L

LuJack Tyler 29:20

thing that happens with all politicians who sit in office too long. Yeah, they don't they own it. And Deborah, allegedly did some questionable things during the city election. Last fall. That I think were were not right. They went against the endorsements of the caucus and particularly the one that Juden Boni and Sondra Chase gray ran for and and the caucus knew about it. And the caucus has forgiven her and she and she has been endorsed again I think that the interesting thing, though, was that many leaders in the community threatened to run against her in their own little circles. She didn't know that, but that's exactly what was occurring. Wow. And I was with a leader on the night that you could, on the night that you get last put your name on the ballot, who said that? He or she went up there and really, really thought about it, but just decided they didn't want to do it because they didn't have, you know, it wasn't the right time. And so I made the motion at the endorsement meeting that we not endorsement. Well, did

J

Jimmy Carper 30:39

she come in for endorsement? No,

L

LuJack Tyler 30:41

she she she screened. But she didn't come and give us a little speech the way candidates normally do. Yeah, she did not send a representative. She did not make her presence known. She, there was a mixer on Tuesday. She did not attend. She was one of the first candidates bought it. And I think that she's taken our endorsement for granted. Do

J

Jimmy Carper 31:03

you do you feel like she's one of those folks that maybe feel that they have she has the HDL PC on her hip pocket?

L

LuJack Tyler 31:12

Absolutely. Right. Absolutely. Right. And I and I think it was spineless. The vote came down 20. Against my motion 10 in favor of my motion and seven abstentions. Wow. And so it was a clear, I feel it was a clear air in the room that maybe we should not endorse her. But at this exact same time, the leaders who threatened to run against her in their private circles were also at this meeting, and voted against my motion. Yeah. And the message that I got back from all of them, who threatened was that I couldn't vote with you. And Jack, I want it to but I couldn't vote with you. Well, he made the motion. She got the message.

J

Jimmy Carper 31:55

That Well, that's it. I mean, and it's hard to vote against someone who's been your friend for many, many, many years. You're right. You're right. It's really hard. Right? Well, I would have

problems doing. Yeah. And she has been a real friend to the gay community, the queer community,

L LuJack Tyler 32:12

I can no want to say I can understand that. Yeah. And we've had a lot of friends that have disappointed us. But at the exact same time, you know, and

J Jimmy Carper 32:21

you know, why? Because we don't have a queer in politics.

L LuJack Tyler 32:25

And, and that's it. That's the by we don't need friends. I mean, we do need friends. We do.

J Jimmy Carper 32:31

We'll always need friends. But we'll need that coalition bill. Yeah,

L LuJack Tyler 32:35

yeah. But we also need a place at the table. We do. I mean, it's a demand and we need to get some folks on

J Jimmy Carper 32:40

board. We're never gonna have a place at the table with a friend. It's got to be a queer. No, because you're proud to be a queer. It's sitting at that table. Yeah.

L LuJack Tyler 32:49

And Delo rep represents Montrose as she represents the heights. That's it. That's all she represents. And I think that it's behooves us not to own not to be in charge of my own neighborhood, right. I'm often nationalism, folks who know me know that I'm for black nationalism. And I'm plugging nationally. Oh, yeah. Koreans do it. That's why you have all these little shops. Jewish people have done it. Yeah. Irish people have done it. A large number of folks have done it. I'm gonna get

J Jimmy Carper 33:21

our liver, gay people. I love to Montrose. I will. I cannot imagine living anywhere else. No, could

I I cannot.

L

LuJack Tyler 33:29

Gay people and African American people are the only folks in the world that do not practice nationalism. And I think it behooves us not to, I think that we should that that the seat that Deborah is in she's represented as well. Yes. On a state and on a state level, she sponsored bills that nobody else would sponsor. You're absolutely right. That same time. We need somebody in that office. We need a queer. That's us. Yeah, she represents the two main gay districts and we need somebody in the that it's us, and I'm not gonna let another election go by in two years, I guarantee you if she is running unopposed, I won't be at this radio station, because I'm running

J

Jimmy Carper 34:10

against her. Wow, that's, that would be a tough race.

L

LuJack Tyler 34:13

It'd be a tough race, but it will be a race now that will, that that will be an example if I lose, and it will be a great victory. If I win it. Yeah. So I'm still right. I challenge folks that can beat her to go out and do go out and do it instead of talking about it. Yeah, it's, you know, I mean, the last time I'd put my name on the ballot, just just just to do it would take five days, and I was pissed her off, and I would have pissed off the community. But at the exact same time, I set out with five different community leaders, or so called leaders rather, depending on how you look at them and they stated, you know, I really want to run against I really want to run against dog on do it. I mean, I don't have I mean, I don't have time. I mean, we don't have human rights. We don't.

J

Jimmy Carper 34:57

We don't and we honestly don't and we are are still criminals in the state. Yeah, yeah. No, you know, we were trying and we're getting closer. Yeah. But when it comes down to the not cotton, we're still criminals in this state. Yeah.

L

LuJack Tyler 35:12

And it's ludicrous that gay people just don't understand.

J

Jimmy Carper 35:16

And not that anybody ever gets arrested for being gay, but it's used against us. It's used to keep us off of the police department. Right? Because being a gay means you're a criminal, and you cannot be on a police department, military, military. Anything we want to do there. We

L

LuJack Tyler 35:35

got to do ya get married? Have the right education. Yes, basic rights that on the day we were each born we were given. But the minute we came out, snatched from us, yes. Yeah. And I think that it's, it's, it's a tragedy, and gay people aren't taking it seriously. This is speaking of the caucus and the election, this would be a great time for gay and lesbian people to come out and vote. Oh,

J

Jimmy Carper 36:03

and registered to vote. Turn this radio off right now and go do it. Yeah, I think

L

LuJack Tyler 36:12

this will be probably the lowest lowest voter turnout race and a presidential season in United States. And this would be a great time for gay and lesbian folks to get out. Yes. And make a statement. African Americans did it in the 60s. We've kind of sort of slapped up now. But we did in the 60s when voter turnout turnout. turnout was low then. And gay people can do it now. But it'll be interesting to see what type of leadership. We'll have to pull all this off.

J

Jimmy Carper 36:42

Is there a gay vote? No. There I mean, mine.

L

LuJack Tyler 36:46

Yours.

J

Jimmy Carper 36:48

That's about it. Because we are so incredibly diverse. I mean, romanovski and Philip say it in one of their songs. It's like when did you ever hear of gay people agreeing on anything for more than a minute? Just, it's incredible. We are so

L

LuJack Tyler 37:10

broken mirror? Yeah, that's it.

J

Jimmy Carper 37:13

Call us and we will. I can't read it. And it to me, Tom. He's got a comment.

37:24

Boy, Tom, here we go. Listen, now see that you get a voter registration card.

J Jimmy Carper 37:30

Okay. Okay. Give us a call. 5265738 If you need to get a voter registration card and Tom, we'll get it to you. Yeah, he sure. Well, it's very, it's very important that every queer votes speaking of voting, we're talking about gay lesbian, bisexual, transgender, and asexual

L LuJack Tyler 37:56

folks. Yeah. And or folks who think like us? Yes. I'm in love with the straight man. But that's another story.

J Jimmy Carper 38:05

They're straight but not narrow.

L LuJack Tyler 38:06

Yeah. Folks keep telling me he's been he looks like he could be gay, but we'll talk about him another time.

J Jimmy Carper 38:12

Maybe he's bisexual.

L LuJack Tyler 38:13

I hope so. I'll be married. But that's another story. Yeah. Let's talk about Luke says effect but Gabri what is

J Jimmy Carper 38:21

going on with that coin?
