SPEAKERS

LuJack Tyler, Jimmy Carper

L LuJack Tyler 00:00

Let's talk about Luke Soucy. Fact but Gabri what is going on with that queen?

J Jimmy Carper 00:05

I mean, he was like, he was like national headlines. He was gay. Yes. You know, and he had running for political office.

L LuJack Tyler 00:16

Yes. And now he's like,

J Jimmy Carper 00:19

what's going on? What is he doing? What is the real story here? I couldn't believe it. I read it in. And like one of the National Gay magazines. And he's like,

L LuJack Tyler 00:30

he's being smart. I mean, he's, he, I believe he's honestly using his head. Now. What is the story? What has he done? What most active is doing? We spend our entire lives screaming and yelling. Yeah. And we don't get anything done. Except, you know, we may get a nice bit when we die. Wow. But, you know, I mean, you

J Jimmy Carper 00:48

know some of the screaming and yelling has changed. Yes. I mean because because Brian

KNOW, SOME OF THE SCREAMING AND YELLING HAS CHANGED. YES. I MEAN, BECAUSE BECAUSE DRAH...
Bradley, yeah, screamed and yelled. Yeah. And because Randy. Yeah, scream fields, screamed
and yelled, I'm alive today, because there are drugs that are keeping me alive. Right. You're
right. And I'm healthy.

L LuJack Tyler 01:07

Right? Well, well, I think that Luke sissy bag is doing now is I think that he's now infiltrating. They've infiltrated us. So he's, I believe he's portraying them. He's come out in the press and said, What? That he's straight. And he and he thinks that being gay is an abomination of God. And he has his own little fundamentals radio show. And he's actually being taken seriously by the Christian Coalition, which I think is completely really is weird that it was just weird. And what I think he's doing is they, so he's gonna set himself up to be placed in a high position. Yeah. And then he'll be Mr. Sissy fag, or all over again. But he's gonna move, but he's gonna move himself in a position of high authority. And then he will come out and he will expose every single ugly thing that Those dirtbags have been doing all along. Okay. And he will have tapes, and he will have photograph, have documentation to prove it all.

J Jimmy Carper 02:04

I would like to think that I really would like to thank that. Because

L LuJack Tyler 02:07

because that, that that would be like me as human being would know. electronical anything transforming right here right now a quarter into a penny. What he has done? And I know, it's just hey, I mean, I mean, I mean, Liberace could have could have gotten away with it, but but not looks as if

J Jimmy Carper 02:26

that's the way I feel. I just couldn't believe it when I read that that article about RuPaul. Couldn't do it. Yes. That's what

L LuJack Tyler 02:33

that looks like. And that's just the bottom line on that.

J Jimmy Carper 02:37

That is so weird. Yeah.

L LuJack Tyler 02:41

Couple of quick announcements. Yes. As you know, Tracy Brown is a director of hippie has is has left to live in New York forever.

 Jimmy Carper 02:47

You announced that that he was going to New York, he's already gone. He's gone. So you know, what's the real dirt here? Well, hippy exists for a while, and then it gets kind of shaky reputation. I don't want to go into that. Yeah. And then it's taken over by some other group. And Tracy, and what's going on there?

 LuJack Tyler 03:16

Yeah, you know, when when you have a youth organization that's controversial, like hippie is, because it doesn't, I mean, it's like, Center for

 Jimmy Carper 03:27

because they don't toe the line? About what? Yeah, what what normal people think they should be doing? Yeah. Yeah. And it's, and it's they're giving options. Yeah. It's like if you're going to be on the street, okay. Here's a safe haven. But if not, hey, there's help here too.

 LuJack Tyler 03:43

And so it got itself into a situation that he could not get itself out of. I was a board a board member when they made that decision. And it was taken over. And now it's called street wise, but in my mind, I'm still thinking it's still happy. To always be Oh, yeah, it's easier to say it's in the same location. Yeah. And, and, but the deal with Tracy is that his lover got transferred to New York.

 Jimmy Carper 04:07

Oh, okay. His his I'm thinking, you know, okay, things, you know, went bad here. And so he's like, turning his back on Houston. No, okay.

 LuJack Tyler 04:18

No, Tracy would never do. Well, that's,

 04:21

you know, that's what I was thinking, too. I

L

LuJack Tyler 04:24

mean, I mean, Tracy Tracy Brown was a fighter or absolute. He was the there was no funding for gay or lesbian HIV positive youth. In the state of Texas, Perry. Yeah, no. And Tracy marched to Austin. And he got that funding he watched. He stood in front of Sue Cooper. And he yelled at her and he got the money. He needed to start hippy. And so he didn't run away. I mean, and I don't want anybody to get that impression. Okay. Life takes different changes and different terms and and you know, It is a matter of love. I think that die would take take that also but hippy is in a position now where it can grow and it can prosper my fear. Is that what Tracy gone in, it'll become a COVID house, it will become a, a sandal, it will become a place that that puts labels on you. And so that's what that's what my theory. Yeah, but me too, you know, I mean, but you just have to deal with it. Yeah. I mean, it's life

J

Jimmy Carper 05:29

tracing has a life too. Yeah. Okay. Yeah. And what's Ryan Lewis doing these days?

o

05:36

Let's be talking about late.

J

Jimmy Carper 05:39

Oh, we don't have to, but I had a lady

L

LuJack Tyler 05:41

now. What's the Pacific Street Station as a bartender? Okay. That's all I've got to say about why. I'm like Forrest Gump. That's all I'm gonna say about that.

J

Jimmy Carper 05:52

Well, he, you know, he went and he was involved in Stonewall 25 And did the national thing and came back and it's like, it's, it was almost like, it was almost like the guy from Vietnam coming back to, you know, to lie like Gao worked on Stonewall 25. Yeah, what's the big deal? There's, there's just so much bad press on Stonewall 25.

L

LuJack Tyler 06:19

I mean, no one loves to celebrate anything that actually caused that cause any type of success for an oppressed community. Nobody likes to remember. Black Panthers. Yes, you're right. Nobody. They've they've tried to write Malcolm X out of history. They've written Marcus Garvey out of history. Nobody knows who Dory Miller is. Right? Nobody knows who Harvey Milk is.

Nobody knows anything about Stonewall. You don't see Rock Hudson, one of the greatest actors ever on any type of television. They're always see other folks from that time period, who are great actors. But James Dean and Rock Hudson, who other saw a pillow talk on television the other night, it was on channel 71. Was it on 13? Or 11? No, no. And so what happens is that folks don't want to remember anything that about that uplifting for an oppressed society. And but now, the March on Washington, I'm sure will be remembered longer than Stonewall 25 was because it was It wasn't celebrating a ride. It was just a bunch of gay people going to Washington.

J Jimmy Carper 07:40

And it's remembered it's because the the queers taped it, as well keep selling those tapes and making you remember you're absolutely right. You know, it shows like this and lesbian and gay voices that make you remember Stonewall and tell you what it was about? Because you're not going to hear it anywhere else.

L LuJack Tyler 07:57

Nope. And I think and you know, even in San Francisco that the textbooks in San Francisco, uh, one of my friends is from there. They don't talk they don't teach you about Harvey Milk.

J Jimmy Carper 08:10

They teach you about Mayor Moscone being killed. Yeah. And then and supervisor Harvey Milk. And that's, that's probably about it.

L LuJack Tyler 08:19

No, but they don't even mention Harvey. You're kidding. No, no, no. And he was the first openly gay person in sannan. San Francisco. Yeah. And everywhere, but but not even that is mentioned in one sentence, because my friend didn't even know who Harvey Milk. Wow. That's incredible, very studious person. And she's in the government in history. And that's her major things. And I was telling her about how we did that. And she's a San Francisco

J Jimmy Carper 08:46

Art historian. That's incredible. That is yes. And so first openly gay supervisor. Yeah. Hey, he was elected not by the gay community. Thank you very much. They they endorsed other folks. But because he did coalition building with the unions, and with the Asian, he got elected. And he represented all the people. He's the one that that should have taught the gay community that you you cannot survive without coalition building. Because that was the only way he got elected. He served 11 months and was assassinated by fellow supervisor Dan White.

L LuJack Tyler 09:36

LuJack Tyler 09:30

Yeah, then we got the Twinkie conspiracy. Yeah,

Jimmy Carper 09:39

yes, yes. Yeah. Well, the famous, you know, he ate too many Twinkies. And he was out of his mind. Yeah. Well, well, he was out of his mind, but it didn't have anything to do it. Right. Yeah. And he served seven years, or actually he was given seven years he served less, got out of jail and committed suicide.

10:00

Huh, okay,

Jimmy Carper 10:01

yes, we've done. Okay, pansy division, it's time to play a little pansy division. They're coming to Houston. At Fitzgerald's on Thursday. The 22nd Tickets are very cheap. So anybody can afford them. And you know, it's Fitzgerald. So it's kind of an all ages show. And I'm going to do a couple of pansy division tunes because you love it. And I've been playing pansy division here on this show for three and a half years now. And they've got lots of music. So let's start out with one of one of my favorites. And it's one of the cleaner ones that they do. Called boyfriend wanted. Why pansy? Division? Yeah, man, they are coming to Houston on Thursday the 22nd at Fitzgerald, I will be there. I hope you will be too.

LuJack Tyler 11:01

I think I might actually go oh, they're fun

Jimmy Carper 11:03

in concert. They've been here twice. Now. I got to go to the first one. And unfortunately, I missed the second one. But they are fun, fun, fun. You won't

LuJack Tyler 11:13

miss the third 100. But you look a little five year old kid. You know, just get ready to go have some candy or something. Oh, yeah, it's

Jimmy Carper 11:22

great. That's a fun concert. It will be and they've got so much material now these days. I mean, they do their own material. And they do take off like that one that was big bottom. The gay

version. They do. They do or take off on femfat towel, which is which is an old song by The Velvet Underground. We read folks. They do. Smells like queer spirit. Take off on the Nirvana thing. They do real man to take off on their old Joe Jackson thing. Plus great songs that just it's just fun. Yeah, just fun. And it's really cheap. Not supposed to mention prices, but I mean, it's like a single digit dollar. I mean, how cheap can you get? I mean, anybody can afford that. It's great. So I will be there. And I'm happy for it. You're listening to after hours square rodeo with attitude on. A lot of Ke O 's College Station. Lu Jack Tyler, Jimmy Carter.

L

LuJack Tyler 12:31

What more can you ask for? Scott was here earlier, it was just like,

J

Jimmy Carper 12:37

we need more women. We just need more women and we did an after hours weekly. Do we you know Sarah G is here? Occasionally. Yeah. Stacy. Balding is here. Yeah. And you know that, Sarah dipalma. Yeah. But, you know, we just need more women. We need we need the woman's point of view. We don't get it enough.

L

LuJack Tyler 13:03

Now we know. And well. Changing community. Yeah, we'll eventually get it.

J

Jimmy Carper 13:08

There was an interesting show on this station Friday night. And I was really glad to hear it. It was Mary Helen Mary Ellen Mertz Bakker, who, who has worked with lesbian and gay voices, is an ex general manager of the station and an expert on women's music, especially lesbian women, and she did an hour show on on African women. She did lots of Sweet Honey in the Rock and, and some some other stuff. It's just great. It's great to hear her back on the air. And, and just to hear her expertise in women's music, and it reminded me that this is Black History. Something that, you know, Hitachi talks about and said all of that, but we don't really get around to it much and and, you know, what is the state of black history? Do you Do you know, well, how is it being taught in the schools? I mean, there's a bookstore owned by Sears that deals and black authors

L

LuJack Tyler 14:18

in the schools. I work for serve us that and it served us so we are chopped up in after it's after school elementary programs. And I work in a predominantly in fact, it's about 98.5%, Hispanic and both of the schools that I work in, and believe it or not, they are taught black history as much as I was taught life history, and and a 98.5% African American school. And so I honestly think that Black history is being taught appropriately. It's being taught in a fashion where folks see it as being a man where we honor and we recognize and we pay tribute, and we respect other folks that that in reality, you know, created a foundation on which we stand on and that

and those were the African slaves from Africa. Yes. And so I'm African American history is growing, it's getting bigger, it's getting better. I think that we're doing some positive things for ourselves. The NAACP has announcement of black dollar days, I think, was a marvelous idea. And that, and that concept, which was introduced last year, and it was reintroduced this year, was that African Americans only spend Susan B Anthony dollars and \$2 bills the entire

J Jimmy Carper 15:44

month. Wow. And it's kind of hard to do

L LuJack Tyler 15:47

yet is all of my money is stamped gay dollars. Yeah.

J Jimmy Carper 15:53

But I've always been a proponent of spending gay money in gay neighborhoods with gay businesses. You know, as much as possible, you just can't do it all over. But you know, you can do it with gay businesses and gay friendly business. And so, and so I can I understand the concept of black money.

L LuJack Tyler 16:16

And so that's occurring. And that's very exciting. You know,

J Jimmy Carper 16:22

well, I'd like to say that I'd like to think that we've progressed. I know, about 1520 years ago, when I was still working at tenneco. Oh, I worked for Kentico. I want a year now. You're kidding.

L LuJack Tyler 16:37

No. Wow. Those are the folks that sponsor our team.

J Jimmy Carper 16:41

Wow. I worked in the purchasing department. There's a black secretary, who was kind of she's very political and angry, angry young woman, you know, that type. And she was absolutely flabbergasted when she she kind of cornered me one day and says, you know, Juneteenth is coming up. And she said, I said, Uh huh. And she said, Do you know what that is? And I told her, and she said, wow, you're the first white guy who I've ever known that knew what it is? Well, I would hope that it was progress, that people knew things about black history. We

L

LuJack Tyler 17:22

we all African Americans go through a lot, let gay people see what our books understand is that gay people and African American people have similar histories we do. And we have similar ways of thinking. Black people go through a time in their lives when they discover that racism truly exists, where the world is truly against them, and they become angry, and they become pretty much to the point of becoming anti social against anything that's not black. And I went through that period, and I spent approximately eight, if not nine or 10 months in that period, I was absolutely angry. And

J

Jimmy Carper 18:05

well, you know, it's, it's hard as a white person to realize that you, you are racist. And that, you know, just just from growing up just from watching TV commercials, you cannot help but be racist. And fighting that and recognizing it first and then fighting it.

L

LuJack Tyler 18:29

Speaking of lane Lane told me about a conversation he was having with one of his co workers at PS. And he was discussing how he didn't understand how he thought it was racist that the NAACP and the Black Panthers as a nation of Islam, exist as sole African American or be NBT as so African American organizations and television stations and lands response to him which was smart of laying, which was to say it's not racist, because if it's races, then Roseanne has races, then Murphy Brown has races, then CBS is races then ABC is racist. And NBC is racist, because the majority of the shows on those programs and commercials on those programs and soap operas on those programs. Yeah,

O

19:12

our white Anglo Saxon.

L

LuJack Tyler 19:14

That's right. So that's the bottom line that we have to deal with. We have Black History Month, for a reason. Because we didn't have it, it would be another that's not Africa broken month. And so in a way it's racist or reverse racism, but in a way, it's also saying, America, world we exist. We are here were breathing alive human beings. And I

J

Jimmy Carper 19:42

think maybe correct me if I'm wrong, or you know, educate me if I'm wrong. But Black History Month is not just so much for non black people to know about what's going what has happened in black history, but for black people to know what's going has been what has happened in

black history and and to realize that just like we were just talking a little while ago about queers, not knowing about Stonewall, you know, it's the same kind of thing.

L

LuJack Tyler 20:17

Well, I think that African Americans need to know where they come from, and in order to know where they're going, and I think that thus far, we've had some wonderful, wonderful leaders. The first Africa, the first American to die on their end of the revolution was addicts, Cyprus, if I hope I didn't say it backwards, because I have a tendency to do that. And the majority of us don't know that black person. Yeah, no kidding. Dori Miller saved the day at Pearl Harbor. Shut down more Japanese planes than anybody else did. And and he's been written out of history. Black man, Barbara Jordan, you know, yes, first African American period, to go to the Congress from the south ever since Reconstruction, and I think that that pretty much tells a lot, the Black Panthers and Jesse Jackson, black pride, Black Power bros, the first time we ever even thought about, wait a minute, we have Power

J

Jimmy Carper 21:26

and Pride and pride.

L

LuJack Tyler 21:27

Yes, yes. Right. Malcolm X.

J

Jimmy Carper 21:32

And it's not being exclusively that, you know, it's, it's kind of like not assimilating into the white culture. But but being an American. But knowing your roots.

L

LuJack Tyler 21:52

Yeah, although I still don't claim my citizenship. Because I've yet to discover where any of my ancestors were take taking the Ellis Island and sworn in. I am for folks who, who realistically, half the American citizens. Now I do realistically, even though I don't claim it. I'm not going to a treason, commit treason, or do anything to violate America or hurt America, because American reality is a great concept,

J

Jimmy Carper 22:23

or whatever it is, and it's tough to live it. You know, we look at other countries. And you know, it's like, Gee, they don't have their problems we do. But they don't work. They're not the melting pot. We are either and maybe it's not so much a melting pot, but somebody else put it as a salad. It's different ingredients blending together. Absolutely.

22:44

Right. Yeah.

LuJack Tyler 22:45

You're absolutely right. So next month, because and I apologize to the fans, I really want it to have a, a an African American, kind of sort of tribute. We're like a bunch of you know, different types of music like James Brown or Aretha Franklin or whatever. But next month, I will certainly have you know, African American guest and African American soul kind of music to kind of set up.

23:09

I mean, you don't have to be late.

J Jimmy Carper 23:11

I mean, I don't want you to be you know, feel like

23:13

no, I want to do it. Okay.

LuJack Tyler 23:15

I think that I'm, I'm really proud of who I am. And I And so, in June, I intend to wear rainbow colors the entire month. Okay, Doc, Dr. King Day I wear black like we do. And in and in Feb February, I honor African Americans.

J Jimmy Carper 23:35

Okay. Although not done. I don't want also the idea that okay, February, we concentrate on black history, then we forget it the rest of the year, as long as you don't forget it. Well. That's right. That's right.

LuJack Tyler 23:49

I don't let you forget it. I just haven't be both of them. And so I don't have any other choice but to kind of spit them in. Also just want to talk briefly about the cover outsmart. Oh, sex, I think is I know that Michael Crawford started his new group last week. Oh, yeah. First topic was gay

man and sex. And I just I know how I feel Phillip, Phil about it, Jim. But you know, I mean, do you do you want to talk about this for a few minutes?

J

Jimmy Carper 24:25

Oh, sure. Are you kidding? It's one of my favorite it is it is and I'm glad to see outsmart tackling it because we've never been afraid to tackle it on on after our no we have not. But I'm interested in saying that you have an interview with Tom Steele, who was one of my favorite porn stars and happens to be a local boy. He's from Galveston. And I've seen him several times around town around the Montrose because he is a gay man. And so, you know, when it comes to porn stars, you kind The wonder, you know, are you know, Are they sick? You know, have they, you know, because so many of my favorite porn stars from the early 70s are dead because of AIDS. And I'm glad to see he's around. I'm interested in reading that. Let's say, Patrick VASHAUN has an article what is sex? He's one of my favorite. One of my favorite ones, too. Oh, yes, yes. Yeah, I

L

LuJack Tyler 25:27

love to read his articles. Yes, they're always sexually stimulated. Yes. And to make you think,

♂

25:33

well, not only that, but a lot of his articles because he's a psychoanalyst. And, and I've kind of thought about he talks a lot about relationships. Not always the sexual end of it, but but having better relationships. And I know that I have a better one just from listening to or reading his articles. Let's see. Are you addicted to sex? Well, maybe I am. Is that such a bad deal? That's a that's an article by Barbara Levinson. Oh, when I interviewed Margaret Cho stick it by Nancy for it. That ought to be good. Yeah, yeah. So outsmart Not that I need to push it. I mean, it's just a good magazine

♂

26:15

for advertisement. Maybe they'll give us a free magazine.

J

Jimmy Carper 26:21

Pick up a copy anywhere. Yeah. Cool.

L

LuJack Tyler 26:24

I don't necessarily know if I'm addicted to sex. Otherwise, I do know that I do have a slight

J Jimmy Carper 26:30

problem. We are man. And there are times that our penises rule what we do? Yeah, yeah, no. And later, we think, Oh, I can't believe I did that. But it's the all hormone thing. I think we have to once we acknowledge that, we're gonna be better. Yeah, we'll be better that we know that. We are led around by our penises sometimes. It happens. Oh, well, yeah.

L LuJack Tyler 26:57

I mean, that's live.

J Jimmy Carper 26:59

That's coming up towards the end of this show. You know, coming up at three o'clock will be the news. And hopefully, we can do if we can do this, right. We've got some new equipment in the back there. So I don't know. If we have to do things a little bit different. We're gonna try it. If it doesn't work, then we will go directly to the return of the sons of musical chairs. Billy Gilbert, and Elmo are in the house. I suspect Randy is too but I've seen Elmo running around here. And that's going to be lots of fun music. They it was still kind of a theme. You know, one week one of my favorite weeks was they did music based on body parts.

L LuJack Tyler 27:43

I hope that they renew that way because yeah, oh,

J Jimmy Carper 27:46

that was a good one. That was fun. Elmo told me I'd like it. And I did really enjoy that when they they kind of do these things and it's very interesting music, some music that you're you might be familiar with and certainly a lot that you've never heard and you're glad you caught him.

L LuJack Tyler 28:05

Absolutely right.

J Jimmy Carper 28:07

Let's go to a piece of music right now before we come. Well, we'll come back before the the end of the show to say goodbye. But one of my favorite artists. Melissa Etheridge has a song on an album that I got turned on to by Sarah G ain't nothing but a sheet thing is the name of the album. And it's got Annie Lennox Luscious Jackson, salt and pepper. Vanessa Williams Queen lativa, oh, sings who sings Patti Smith, so you know, straight women, queer women. But this is Melissa song. And it's a really pretty one. And it's kind of it kind of talks about just what we've been talking about. And it's called the weakness in me. Melissa Etheridge, in a song that says

everybody's a fool for somebody. Yes, a weakness in me. And you're hearing it on after hours queer radio with attitude. AP ft. Houston and ke O 's College Station, Brian. And it's LuJack and Jimmy and it's almost time to go. Yeah.

29:29

Yeah. What's nice though, what's the Muppets have a new movie?

J Jimmy Carper 29:36

Oh, I saw that ad. Yeah. Yeah. In the background. We've got Jimmy Somerville. And you know, you've heard it before. It's just my favorite on his newest album. Someday we'll be together.

L LuJack Tyler 29:51

Yeah, that's one of my great, great one. Yeah, I love it.

J Jimmy Carper 29:57

What do you what are you up to in the next month?

30:00

Well, let's see. Well

L LuJack Tyler 30:07

I don't quite know but I'm sure it'll be something interesting that I'll talk about next month. I guess get a good getting over any lecture and Okay, we got primers coming up on 12 You'll be

J Jimmy Carper 30:19

working with HDL PC. Yeah, naturally. Okay.

L LuJack Tyler 30:23

Oh, and I'm also going to do my first interview for ultimate magazine. Leadership in the community. Good citing. Okay. That's my deal.

J Jimmy Carper 30:33

We'll see you next month then.

L LuJack Tyler 30:35
Peace, loving soul

J Jimmy Carper 30:37

coming up. Hopefully after the news, if not sooner than that will be the return to the sons of musical chairs. And the theme tonight is L S. D. S. And almost here. Billy's here. I think Randy's here I haven't seen him. He's in the out in the lobby probably. Okay. And until next week, let's see next week will be Howard and Stacy and John the leather folks. And Howard will be giving. I don't know what Howard's gonna do. He always does something very strange. Yeah, we'll see you next week. Take care
