Rainbow de Clown, LuJack Tyler, Jimmy Carper

J Jimmy Carper 00:01

And, and I think that that or they could happen to close friends of yours and you would have you would just have to stand there and watch it happen.

L LuJack Tyler 00:11

Well, no, I would have. But I don't think that I would.

J Jimmy Carper 00:17

Now probably not. You wouldn't just stand there. You'd be screaming.

L LuJack Tyler 00:22

Yeah, I'm a big fan of taking care of your own business nutlin Folks, then your way when you're doing it, yes. Well, I had one more request, I told someone that I was going to talk about gay match. And they said, well, well, you know, do you have any great songs to play on that note? And I said, Well, you know, and so there we go into my record collection. And I have quite extensive record collection when you're raised by by older people.

J Jimmy Carper 00:51

You Oh, you get a wide diversity.

L LuJack Tyler 00:54

Yeah you get that? That whv diversity factor And so she she picked up one of my hits of the

Yeah, you get that. That why diversity factor. And so she, she picked up one of my hits of the 70s Whoa, did it blow your mind? And she saw their ban of gold by free to pay? Oh, yeah. And so she said, Well, you know, this would be a great, great, great size, like, well, you know, it's really a slug about a chick that that lost her law. Wow. Like a player who said, Well, bad of go, you know, you got to play and I said, Well, okay, I guess you know, what harm can it do? So, here you go with Brita Payne's 1970 band of gold.

J Jimmy Carper 01:40

Oh yeah, band the gold by Freda Payne, John and Montrose called in and he wanted here. I'm Melissa Etheridge. And I've got it for you. It's the I'm the only one. Jonathan Montrose wanted you to hear that or if he wanted to hear it. We've got another request for Thomas coming up later on in the show. But right now, we're back with Lujack and Jimmy on after hours on KPFT Houston and KEOS College Station.

L Lujack Tyler 02:20

You got it. I saw this great quote that I intend to use the rest of my life. It's called Know your limits and then ignore them. And in doing that, well, we're now going to talk about one of my favorite subjects. Yeah, say Republican. Oh.

J Jimmy Carper 02:41

Oh, yeah. gay Republican.

L Lujack Tyler 02:44

Yeah. I was checking out outsmart magazine and I have a new codename. They call themselves the pink elephants. Not the pink Pussycats. But the pink. Pink Elephant. Yeah. I've never seen a pink elephant. Have you?

J Jimmy Carper 03:01

Well, I know there's a there's a now defunct bar. That was called the pink elephant and okay, that's close. Oh, tired.

L Lujack Tyler 03:15

Really close it up. Oh, right. He did. Well, I mean, you know, but they had a, they did a really good thing much 12 with the precinct convention, and, and a lot of folks included, right. And they did a very brave thing. Yeah.

J Jimmy Carper 03:34

And I was on the air. And I did say that. I thought they were that Dale and Tyree. Were very and and Mike, were very brave to do.

L

LuJack Tyler 03:47

Yeah. But, you know, I mean, I don't think I would have had the patience and the end the stamina to stand there and be called a faggot on the floor now.

J

Jimmy Carper 03:59

And I don't think I could do. I mean, it's easy. Actually, when you get right down to it. It's easy being queer in the Montrose. It's very good.

L

LuJack Tyler 04:09

In other neighborhoods, sometimes I freak out because it's like, oh, wait a minute. Maybe I should look around.

J

Jimmy Carper 04:16

Maybe take the earring off. Or something, you know, while I'm walking around here. Yeah.

L

LuJack Tyler 04:23

But um, you know, it's, it's it's a difference between trying to change a political party and trying to change an entire establishment. I think. I think that if there were any Jews during the time of the Nazi reign in German, if there were any Jews that tried to change the hearts and the minds of Nazi Germany and the Nazis themselves. I don't necessarily think They are still alive probably were killed. I think that the idea that investing energy into an establishment that on its national convention, and 92, and once again, and it will come up again and 96 other national televised worlds talked about convention refer to gay and lesbian people as subhuman, as people that are disobeying the Word of God. And and should be, and shouldn't be destroyed. I think that invests the energy into an establishment like like that. I think it's, it's a waste of positive energy.

J

Jimmy Carper 05:45

Okay, that's one argument. The other argument is, if change has to come, it's got to come from the inside. And somebody's got to be there to do it. And somebody had to do what with the Democratic Party to I mean, they, the Democratic party didn't always just embrace it. Right. And many elements of it still don't. So, hey.

L LuJack Tyler 06:08
I agree. I agree with that completely. But, but you would have to agree that by investing,

J Jimmy Carper 06:18
Oh, when anybody starts out with that statement, you would have to agree, immediate thought is? Oh, hell I do.

L LuJack Tyler 06:28
I do too agree that, that the concept of being gay and Republican, seriously taken seriously is a joke.

J Jimmy Carper 06:44
You're talking to someone who has an 18 year relationship with a gay Republican,

L LuJack Tyler 06:51
Pink elephants.

J Jimmy Carper 06:53
We just don't talk politics a whole lot. Because we both get angry. Yeah, yeah. We just have well, different fundamental beliefs-,

L LuJack Tyler 07:02
-were built, got used to say was that the the two ingredients of hope or anger in the curse, do something about it? Maybe Maybe they're believing in a place called hope. That's the only logical explanation I've come up to come to some conclusion. Maybe they're angry, and maybe they're doing something about it?

J Jimmy Carper 07:23
No, I think a lot of a lot of gay Republicans are coming from a different space than we are we are, we come from some basic human rights. And a lot of I'm not gonna say all but a lot of gay Republicans come from a more financial basis, in their thinking of government and, and their parties and who they want elected. Well, my philosophy and you know, and the human rights thing is totally secondary. Oh, yeah. Well, as it is in their lives, you know, it's secondary, that

they're gay. And it's primary to my life that I'm gay. So the Human Rights things is very important. The financial thing is secondary. And it's easy for me to say that the financial thing is secondary, because I'm a retired you know, in-.

L LuJack Tyler 08:20

Well, am I point of view is that is that if you're going to put your finances ahead of your basic human rights, then you in my opinion, you have a psychological imbalance?

J Jimmy Carper 08:32

Wow, a lot of a lot of people, not just gay, gay Republicans, but a lot of people feel that way. Yeah. Well, the financial things first, for human rights things the second?

L LuJack Tyler 08:43

Well, I guess, then I would have to Remley bring up, Paul, besides that murder. Do you honestly think that, that that one put their own life ahead of money? That was a situation in which a man was murdered? Because he was gay?

J Jimmy Carper 09:04

Yeah. And it didn't matter how much money he had and would not have saved him? No, they weren't after his money.

L LuJack Tyler 09:11

No. And so the point is in in that is that if you're going to invest time, and solving a problem, which it is a huge problem. You don't divide the community on it. You, you you come together on some type of unified structured thinking, and you and you break down the establishments that exist, and then you I mean, once you get to the mountaintop, then you do whatever you want to do. I'm thinking about the Bible. You know, when when Moses took the Hebrews over to the Promised Land, then they started doing their own thing, but going there you know what? The Golden Calf Of course, yeah, but gold, but going there. They're actually pretty well unified. Uh, the civil rights movement, you know, for the lodge, but for the most part they were You were unified. What they wanted to do the cotton mill natives they said they were gonna die right and get this land up they were unified and what they were going to do. Gay people have spent a large amount of time eating itself alive.

J Jimmy Carper 10:24

Well when in case we islands endorsement, we come from a different backgrounds than the other people that you talked about. You talked about the continental Indians, they all came from a similar background. And people of color come from similar backgrounds. Gay people do

not come from similar backgrounds. They come from tirely diverse backgrounds, all strata of society, well contains gay people. And so it's very difficult, like Romanovski and Phillips have said, When do gay people ever agree on anything for more than a minute?

 LuJack Tyler 11:05

Well, until we agree on something for more than a minute mean, you will ever have these conversations. I know.

 Jimmy Carper 11:12

We can't even agree on when to have a pride parade. No.

 LuJack Tyler 11:15

Damn, no, we can't No, no, we can't.

 Jimmy Carper 11:18

It's or whether to have one.

 LuJack Tyler 11:21

But there will come a point in my life. Yeah, well, I'm gonna say To hell with it. And, like so many other gay activists.

 Jimmy Carper 11:31

Well, yeah, but it's, I think a lot of it is that as gay people as queers, we look on our gayness our queerness. Differently from all from the queerness being all encompassing to the queerness being a very small part of our lives. And so that that's where the importance of it rests. I agree to some of us, it's very important to some of us, it's not very important.

 LuJack Tyler 12:04

And I guess that until we get to a to a point where it's Paul Broussard and Michael present ski, I know I know, and a Fred man, John, every night of the week, then it may become important, it may become important to us, but until then, it's just a joke. And that said-

 Jimmy Carper 12:27

-and I think Redman Gianni and his lover, Ken Stern, were probably some of the best activists

that we have. Because they were living in a predominantly straight neighborhood. Openly again, all their neighbors knew. And what better PR can we get? That can be there can be not so, that's the way we're going to win over America. I think so.

L LuJack Tyler 13:05

Yeah. I think so. I think but to the pink elephants, I tilt my hat over your primary victory, but to one particular pink elephant. I spit in your face. Wow. Does Mr. Lindemann or or miss Lindsay? Not not Lindsay love but, John. F you, Lindsay? I say I'm not going to mention that pink elephant. But he or she? It knows what it is. knows who it is.

J Jimmy Carper 13:38

That note we have a request for music by Thomas because he called it 5265738 and requested queer music. It's erasure and it's a nice soothing to and that we could write about now and I don't even have the damn thing and-. maybe a couple have it the machine can hear it is blue Savannah. Okay, hey, we are back on the air. Yeah, listening to after hours career radio with attitude on KPFT Houston and KEOS College Station. I'm Jimmy Carper. And reject Tyler, you got it? Yes. And we were talking about oh, Rainbow called.

R Rainbow de Clown 14:39

Yes. Little Roy.

J Jimmy Carper 14:41

What did he have to say?

R Rainbow de Clown 14:43

Well, city council has made a decision last week that all bars and liquor and alcohol places that go instead of being 300 feet away from all schools and churches, is now to be at 1000 While rainbow has this bright idea, yes that the churches and the church goes up passes out the little packets and stuff around the bars should not be allowed within 1000 feet of the bars and personally I agree.

L LuJack Tyler 15:20

Oh rainbow

J Jimmy Carper 15:21

so they've changed the law from 300 feet to 1000 feet

L LuJack Tyler 15:25

J Jimmy Carper 15:30

L LuJack Tyler 15:35
Well, Jess was cast a vote so they could Sun their tails but people are dying from from diseases and being beaten in the streets. They could sit up and say, Hey, let's let's let's move liquor bars. Yeah. liquor, liquor. I don't even know

J Jimmy Carper 15:55
what to do it anyway. So they're

L LuJack Tyler 15:59
very sure. Unless, of course, there was a million bucks. Well, I would like it. Hi. Just what? Take the money and run away. Oh.

J Jimmy Carper 16:11
Yeah.

L LuJack Tyler 16:11

J Jimmy Carper 16:23
What? What? Who is he?

L LuJack Tyler 16:24
He's the film director for the National Gay and Lesbian Task Force and he's going to be in town speaking. And in fact, he's being brought to town by Coordination Center parades and pride at

And he's gonna be here on tomorrow as a matter of fact, and also tomorrow and Susan Anderson's 50th birthday. Oh, yeah.

J Jimmy Carper 16:57

L LuJack Tyler 16:59
That Scott will be here at Hammond Hall auditorium at Rice University on the Rice University campus. I don't have time for that. But you can call Adam Clark at 666 9372 or Michael pronto with the Center for AIDS at 5278291 Get more information about that. Also, Miss RuPaul is bringing herself to town rumor has it-.

J Jimmy Carper 17:29
I think it's more than a rumor honey.

L LuJack Tyler 17:32
Well, you know, Miss Paul, you know, she has so much so much attitude. You know, that's why I say maybe I'm sure that that that they had to dish out 15,000 to 20,000 get it down here. But she has her own show on BH one. Did you see it? No, it was flawless. It was called reports power to power hours.

It was just a great show and she was flawless black gown and she made over the straight kid in the audience. Put them in drag it was so funny I just love it so so much it's nice to have that type of gay drag ism in the in the world for the world to consume sure is also Cheeto Riviera is coming to town with our kiss of the Spider Woman I intend to take one of my bows Mr. Eddie out to see Kiss Kiss kiss of the Spider Woman I think it's going to be so so absolutely great. I normally don't go to Broadway shows but I was so taken by the response I got at the Tonys a couple of years back and, and it just sounds like a gay thing. Kiss of spider welded cheetah I mean that just sounds-.

J Jimmy Carper 19:06

L LuJack Tyler 19:06

J Jimmy Carper 19:08
Yeah, she's She's great. She is great.

L LuJack Tyler 19:11
So I mentioned it. I'm going to check that out.

J Jimmy Carper 19:14
I got a letter from Jeanette at the University of Texas. Actually the Health Science Center, University of Texas and there's lesbian volunteers are needed for a study of women's attitudes towards hysterectomy participate in a one hour focus group and let lesbian voices be heard on this woman's issue. Hmm, they were they were looking for lesbians aged 35 to 60 who have not had a hysterectomy. And it's gonna be they had one already and there's another one Tuesday night. May the seventh At 7pm at the Montrose counseling center that's at 701. Richmond. We'll be talking about that on future shows too. But lesbians aged 35 to 60 who have not had a hysterectomy. And you might think there's a possibility of you being paid money for this. For your participation.

L LuJack Tyler 20:27
Yeah, money is always yes, it speaks. My grandmother was what told me to today have an interview that she saw a couple of years ago in the 20s of these African American guys who who did something like that, and I hope I don't freak anybody out. But um, but that was they were they were they were guinea pigs. Yeah. And they were infected with syphilis.

J Jimmy Carper 20:54
Oh, yes. That's Oh, that was incredible. And they would like to withhold the medication. Yeah. Just to see what the effects of the syphilis we're gonna do today to these men. Yeah.

L LuJack Tyler 21:06
And so I try not to get involved. With black guy I chose Taylor. But um, I think that that sounds

And so I try not to get involved. With black guy I chose Taylor. But um, I think that that sounds like a winner. One says I was sick, twisted. So and I believe,

J Jimmy Carper 21:26

One more time. Father Charles from the Annunciation community of the ecumenical Catholic Church. Now, this is a group of Catholics who actually father Charles is gay and they do not. They believe in the the sacramental preachings of the Catholic Church, but not the papal part of it. Do not believe in the pope at all. 52680955268095 He was here earlier and did a wonderful job. Yes. You've been listening to after hours queer radio with attitude. You got it on KPFT Houston and KEOS College Station. With me tonight is Lou Jack Tyler,

L LuJack Tyler 22:19

You got it. I was recently on magic one or two.

J Jimmy Carper 22:25

Wow, what were you doing there?

L LuJack Tyler 22:27

I take care of children during the daytime and we all got invited to the radio station. And they send something out called shots. Have you have you heard of that now?

J Jimmy Carper 22:39

Well, shouts out shout out.

L LuJack Tyler 22:41

Yeah, they call it shots shots. Yeah, like drinking shot.

J Jimmy Carper 22:45

Oh, okay. I'm confused. Well, but then I got confused too. When when when we started dissing people, and I'm thinking okay, so I'm old.

L LuJack Tyler 22:57

I've decided that I want to become into the group and I want to send some shots. Okay, so shots. shots out. What would you say before that? What did you say the Shi t. Well, I hope not.

shots but it's kind of like the Oscars when when Susan Sarandon said something about her breast. Oh, yeah, the breast of water. Sitting Shouts out to Michelle Rose, Zach, Holly. Schatten, Gina Carrie Mobilio. And I guess myself.

J Jimmy Carper 23:48

Wow. And Henry and he didn't have that written down folks that came right out of his own head.

L LuJack Tyler 23:55

So I figured that on my show, I need to start sending shots out Yeah, shots. Okay, shot. Shot, shot right now. pour myself a glass. See what people call the night.

J Jimmy Carper 24:11

And, and Stacy and John leather folks. So we're gonna have find out what's going on on broad week and find out what's going on in the leather community. Tell me daddy, ha ha.
