P Peter 08:29

me and when you're questioning all this and wondering, oh, God, what's wrong with me? Nothing, right? You just have to integrate it.

J Jimmy Carper 08:38

It just you if there's nothing wrong, you're just different. I was talking

P Peter 08:41

But you know, yeah, that's very interesting.

J Jimmy Carper 09:20

A lot of us know very, very early. A lot of people don't realize it till much later in life. But you know, it same way with

P

Peter 15:23

15:38

What? Cats do what they want? Well, that yeah, they sure do.

P

Peter 15:44

They rarely listen to you. They're totally unpredictable. Yeah. When you want to play, they want to be left alone. Sounds like my lover. When you want to be left alone. They want to play. I guess it would be Yeah. They expect you to cater to their every whim. Yeah, that's him. They're

moody. They'd either hair everywhere. They drive you nuts and cost you an arm and leg. Conclusion. They're tiny women in fur coats. What's the dog out? What's the dog?

 16:16

Okay, let's let's Oh, dogs

 Peter 16:17

lay around all day sprawled out in the most comfortable piece of furniture in the house. And they can hear a package of food being open to half a block away. But they don't hear you when you come in the room. They can look dumb and lovable at the same time. They grow when they are not happy. And they when they want to play they want you to play and when you want to be left alone, they want to play and they will love you forever if you rub their tummies at their toys everywhere. Conclusion. There are tiny men out Oh, that's good. Oh, now Yes. This is for those people out there that are thinking tonight. Hello. Oh, but a little bit a little bit wake up who can think at 118 in the morning? Who can think of 118 in the morning? Oh, well, some people out there are working as Jim is. That's right. And he may be thinking Jim and southwest. He's working. He was thinking well anyway. Now we have this this incredible quiz. And this is to tell whether you're a professional. Oh, okay. So this audit

 17:23

 Peter 17:26

Oh, it is. And this is like our research department has developed this to the ultimate. Okay. Okay. All the code not difficult, but okay. Okay. here's question number one. Yes. How do you put a giraffe into a refrigerator? The answer is you're ready, but you don't have the answer. But that's what's better, and they build this is to see if you're really a professional like I could use this to see if I'm hiring the right person. Because it's gonna tell you more than you want to know about yourself. How do you put a giraffe in the refrigerator? Open the refrigerator but the giraffe and in and close the door? Question is to test whether you are doing simple things in a complicated way. Ah, all right. Question two. Okay. Okay. How do you put an elephant into a refrigerator?

 Jimmy Carper 18:35

You open the door? You put the elephant in and the and then you close the door?

 Peter 18:40

That's the incorrect answer. Oh, the correct answer is open the refrigerator. Take out the

giraffe. Elephant and close the door. This is the question you're for cya. You are going nowhere as buckaroo. Yeah. The Lion King is hosting an animal conference. Okay, Lion King. Conference. The animals tend except one. Which animal does not attend that every time we Hey, yeah, hate it. The correct answer is yeah. The elephant eats in the refrigerator. Are you capable of comprehensive thinking? Yes. Yeah. He did not answer the last three questions correctly. This one may be your last chance.

19:35

Okay, last chance out there in Wonderland

Peter 19:39

to test your qualifications to be a professional. Okay, there's a river filled with crocodile. Yes. How do you cross it?

19:47

On the bridge?

Peter 19:49

Simply swim through it all the crocodiles are attending the animal meeting that I just told you We told you there wasn't the right and the question test your reasoning ability. See, if you answered four out of four questions correctly, you truly are professional. Drop that broom down there, Jim and southwestern and run to the nearest plays and via professional wealth and success await you. If you've answered three out of the fours, you have some catching up to do, but there's hope. If you answered two out of four consider your career as a hamburger flopper at the fast food joint. And if you answered one out of four try sell some of your organs it's the only way you have to make any money Oh God and that one correctly consider your career that does not require any higher mental functions at all. such as politics. **P** Peter 32:45  
Yes. But the one thing it's about is there's somebody out there that loves you more than you'll know. And that would be that higher power in your life, whatever it is. He just loves you to pieces and he can't knock it. It's just got to be too good for words.

 33:03  
Thank you. Love it. See you next month.

**P** Peter 33:07  
Easter eggs and bunnies and all the love and

33:09

all that good stuff.
