00:01

and just get a bunch of your friends, family members, anyone to sponsor you, and all the money will go to benefit those agencies.

Peter 00:09

How far is the one?

00:10

It's a 10k walk? Of course it also rollerbladed

C Connie 00:13

Peter would ask that question. If it's farther than the walk to the refrigerator he's not interested.

P Peter 00:19

Don't even go there. But do you don't have to like, big fan of buffets on the cruise ship.

00:26

Oh, Peter.

P Peter 00:27

Girl, those bodacious thought as you didn't get from doing 10 ks girl

00:36

Alrighty, then moving. I'm

P Peter 00:37

moving right along. So tell us more about this walk thing. What do you do? Where do you start? How much do I have to pay? Well, what do I need to do?

00:45

You pretty much just get as much money as you can. It starts at Lamar and Bagley at the SAM Easton park downtown and goes up Allen Parkway, I think and back down again. It's great. It's a lot of fun. There'll be entertainment there in the morning and afterwards when the walks over the walk starts at 930 And then there's a little party at 11 It's fun, it's fun to get your friends to walk with you and form teams. So Peter they're

C Connie 01:10

assuming you'll be back by 11

P Peter 01:13

I was gonna say far is 10k Put this in terminology that we be able to do miles understand

01:21

um I would say between six and seven miles

P Peter 01:25

breeds a piece of cake. And you know what? My thighs won't hurt near as bad as yours.

01:33

girlfriend

01:34

01:34

if you don't finish no one will know is to get the money and that's what's important right? Oh,

Peter 01:39

I remember say that I'm ready.

Connie 01:41

Here's a little self disclosing thing but I remember a couple years ago I was walking in the walk and you know traffic like some of the walkers are going north and some are have already made it down to Allen Parkway and are coming back around well the group of people were like Screw this we crossed over it just came back up that already made

Peter 02:05

a disclosure by commies rank pine went the other way.

Connie 02:10

But I got my money in and that's what's really important and know people get like T shirts or sweatshirts or something.

02:17

If you raise \$75 Do you can get a free T shirt and if you raise 150 You get a sweatshirt for this lecture

Peter 02:26

watch. So what do people have to like pay to get like that? I mean what you know what do you what do people pay? I mean if I'm gonna go out and solicit these folks, what do I ask them for? You ask them for whatever they can give me like so much a mile or something or so much.

02:42

Now just sort of a flat fee flat out fee.

Peter 02:46

So I gotta I gotta cough up 150 bucks to get it lousy. Do they come in? Did they come in full figured woman sizes they come from Lane Bryant store

C

Connie 02:58

I'm sure we can accommodate you sent in Nanning is not one of those munchies Peter you might be out

P

Peter 03:03

oh my god your wardrobes going down? Is that who we were supposed to thank for the lovely creation you're in the seat. Oh, ouch they just couldn't say what are some more honey

♂

03:20

um, some of them include but are not limited to. AIDS Lions of the Bay Area AIDS Foundation, Houston body positive Casa Colt 40 fives, Metropolitan Community Church of the resurrection Montrose Counseling Center new hub Counseling Center Omega house people with AIDS coalition, Southeast Texas legal clinic the assistance fund and WAM foundation.

P

Peter 03:44

Cool. So you could check out directly to any one agency or

♂

03:48

check should be made out to the Houston AIDS Walk. Houston AIDS Walk and then the money is split up.

P

Peter 03:54

So how did you get to get it to be one of the beneficiaries of this thing?

♂

03:58

Um, to be honest, I don't know the answer to that. I don't want to make one up and cause a

P

Peter 04:10

little late for that. Well, that's interesting, though. So this is when now tell us all about the witness. We date Sunday, May 18. Sunday May teen at Sam Houston park downtown 939 30 is the actual walk Tagi shoes on ready to go. money in hand? Where did you pay off first or what you can

04:32

pay out upfront before you know pre-register Or you can bring the money on the day of the walk.

C Connie 04:38

And here's a little tip. If you're out there, getting pledges and donations, don't walk and then try and go back and get your money. Just hit people out before the walk hit and go. Get go. You don't need to come back and ask him for the money later. Because people will tell you, you know Yeah, give me 100 bucks. You come back rents do groceries

P Peter 05:00

Hey, can I get that little green check in your hot little hand.

05:05

And if anyone's interested in making a donation but not walking themselves, they can just make that donation by making our check to Houston AIDS Walk and sending it straight to AIDS Foundation. And that'll go to the same fun to benefit all the agencies we mentioned. So if someone's not interested in actually getting out there and doing the actual walk, they can just show their support by sending their money.

C Connie 05:27

Cool. Is it too late for people to form teams?

05:31

No, it's not. Walk teams is a good idea. You get a bunch of your friends to walk with you or people that you work with. schools, businesses, everybody's doing it. You get a bunch of people to walk, you try to you know, set a fundraising goal and it's a lot of fun. And it's a great way to raise a good amount of money and get people interested. And anyone who wants to form a walk team can just call that number six to nine walk and get more information about how to do that.

P Peter 06:00

Cool, cool.

Connie 06:02

Now, Sarah, I thought I saw you walking with a friend is Trixie in the building today. I could have swore I saw her walking with you.

06:14

I saw earlier the hallway. I don't know where to see it now. There wasn't Peter to

Connie 06:23

Sarah, for those of you in our listening audience who don't know her personally has a dual personality

Peter 06:29

that she she's basically one of these. What do you call them? Who's a gal that had all those things that the movie? Famous? Sybil. You're a civil

06:41

That's not my name.

Peter 06:43

All good. Okay, it's a small studio. What do you say we keep right on moving.

06:50

You might want to stick around for the leather portion of our show

06:53

later. Trixie might want to stick around for leather. I'm all about leather, honey.

Peter 06:59

Okay, tricks. All right, girl. This might work. I think Connie by wants to grab the leather. She looks like she's ready.

07:07

U / U /

Connie will be on her way home.

P Peter 07:10

For leather at home. What's the difference? Oh, anyway, anyway,

C Connie 07:13

thanks for bringing this valuable information. We're trying to promote stuff in the community once again,

07:20

Sunday. Sunday, May 18.

P Peter 07:22

Thank you, thank you bet a bit much. You earn totally too good.

07:29

Like get our heads getting bigger,

P Peter 07:31

like in our head or headphones or swelling up? Oh, well, Kenny honey after this little piece of informative information. Yes. Um, let's see, what else do we have here? I know what we have here. We have this incredible article from the Houston Chronicle. Just the other day, as a matter of fact, now, our research team went out of the way to find out, hey, this is one after reading it. They didn't understand it. I didn't understand it. You didn't understand it. But we want to share it with you anyway. Maybe

C Connie 08:05

somebody can make sense of this. Maybe somebody likes to make sense of it. We're not sure it's funny, but it's noteworthy. It's

P Peter 08:11

terribly noteworthy. Now there's an it raises a ton of questions, I believe is why we informative radio. Bring this to you. Absolutely. Now national briefs in Fort Lauderdale, Florida. There was a

homicide in AIDS death. And elderly West Palm Beach man who was bitten. Now Jimmy Carter is going to probably want to listen to this. This is too good for words. An elderly West Palm Beach man who was bitten by an HIV infected prostitute. Oh, my died of AIDS. And his death has been ruled a homicide. Yeah, Say it isn't so a criminal investigation into the death of Elmer yoodo 92 years old. 22. Thank you. We'll be open to determine whether it was murder charges will be filed against Naomi Morrison 2323. Yeah, who attacked?

09:11

We're talking like six? Well,

J Jimmy Carper 09:12

let me tell you it should be the other way around. Because let me tell you. Where did they go since 293 a hell of a lot more times than 93 goes into 23. Oh,

P Peter 09:23

thank you, baby. This is where I was going with this. Who attacked you to in August tonight for now in 95 Hido that the old man and 82 year old man became the first person confirmed through DNA testing to have contracted HIV through human bite. Oh, perfect. So Morrison the 23 year old doper prostitute bit hyukoh on the hand and get this on my hand, arm and leg during a robbery.

09:53

What? Yes, she was robbing him.

P Peter 09:57

That's the big question.

C Connie 09:58

You're robbing a nine Need to Mandy is for you? I mean, come on.

P Peter 10:03

Do you need to buy his arm? Do you need to buy his leg? Do you need to buy anything? And

10:08

Lauren? Who's?

P Peter 10:10

I don't understand this at all. What is a 92 year old? At that time? He was 89. Give me a break. What is he doing with a 20 year old? Well, I

C Connie 10:19

think we know what he was trying to do.

P Peter 10:21

Well could be. But did she bite me because he couldn't? That's my big question. She's gonna be disappointed every day off because she I mean, who's at fault here? We're missing some

C Connie 10:33

details in the story. This article is entirely to show him that he needs to send Barbara wah wah straight down the fort ladder down? I think so. And I think she could get to the bottom of this.

P Peter 10:44

I think there's just too many unanswered questions. But the big deal is like, no one's ever got this thing through a bite. You know, now we got this three year old baby biting this 92 year old man for an A robbery. I mean, there's something missing in this article, a

o

10:57

bad episode of cops. A bad episode.

P Peter 11:02

I think we should have did this when Ray Hill was here so that he could have served he would have had a couple of things to say organize some major thing about this. So that we could have really got to the bottom.

C Connie 11:13

What kind of bite is gonna give you HIV? Was she like bleeding at the mouth?

P

Peter 11:18

Was he I mean what? Who? And what I'm wondering what is the I mean, you know, this there's just too many unanswered cases

C

Connie 11:27

many and we're so sorry that the poor guy died of AIDS. Well, that's the word

P

Peter 11:32

92 godly knows what he died of. That's why by weather pull him out of the ground to figure it out.

C

Connie 11:37

Oh, Peter. Let the poor guy rest man throw enough.

P

Peter 11:42

That was my sentiments. Exactly. What did they do in this for this poor 23 year old babe. I mean,

C

Connie 11:48

it's just one way doing it. Those rest homes that there's like prostitutes getting them on the beach or they belong.

P

Peter 12:01

There's just too many unanswered questions. But I think that's just like yellow journalism. Absolutely. At its all time best. worst, worst. Whatever. You know, it's about the lunch buffet. Okay, we have some more guests.

C

Connie 12:18

Do we? Yes, my goodness. Everybody's dropping by today.

P

Peter 12:22

Driving by coming by get doing and doing out and

C Connie 12:26

I'm glad because with the way things are shaping up in Houston this weekend. There isn't a whole hell of a lot to talk about. So good thing. We got the guests here.

P Peter 12:34

Really, this is the slowest week in all of Houston that I've ever seen, you know, worlds in San Antonio doing the

C Connie 12:42

and I frankly, I wish we were there because the weather here is just crappy.

P Peter 12:46

I think it's pretty crappy in San Antonio to think so. I always like green thing. We only went all the way across Texas.

C Connie 12:54

It's been awful. We went to I went with my girlfriend to see Anaconda earlier this evening. And it didn't I did. Snake show. It wasn't bad for a snake movie. I let her pick the movie this time. But oh, you know it's filmed in the Amazon. I cannot

P Peter 13:07

even watch things on TV, let alone No girl.

C Connie 13:11

Well, it was filmed in the in Brazil. And when we walked out to go to the car, I felt like I was still in the Amazon. So human and yeah. My hairs off Rosie,

P Peter 13:22

tell me about it. Oh that's a good thing about radio. You just really can't see Kenny. We're talking frizzy city here. It is not a pretty picture. So do we have here and the gifts we have tonight? Here on guest chair? Gary gay? No,

13:43

I feel so honored.

Peter 13:44

Well here we couldn't be more honored to have you here than just it's just I'm really more honored. I think nipples are hard and all that. Anyway. Please don't make tiny little mock the student. Somebody's I watch the microphones on the table. Oh, Kenny put those things down. Anyway, this is a small studio. It is a small studio, but those were these times has just taken a bunch of adulting. Anyway, Gary. Yes, Peter. You are the publicity chairman for the Montrose softball league. Correct. And I think it is time at the Montrose softball league God little play so that everybody knows what in God's happy greener it's going on.

14:30

Well, I appreciate both of you asking me here tonight. It's an honor for Ilegan myself to be here. Well in your presence. Oh, hey, listen. I don't get that much either.

Peter 14:40

Oh, my God, we're gonna bring him on more often. Anyway, tell us a little bit about Montrose softball league, like how it got started and what what it does and I was out a couple weeks ago and I mean, I was just impressed because could be I mean, it was like, there's all different kinds of levels you can be like really good at this or like really lousy. Or you can put on a skirt and do pom poms and be a cheerleader. I mean, it was like fabulous. Everybody seems to have a good time we try

15:08

to attract everybody. Well, community did a great job. Actually, our league started in 79 was formerly called the Montrose Sports Association. And we became our own separate body and 83 or 84, I believe. And that's when we change our name to the Montrose softball league. And we're a nonprofit organization in the community. And our motto was unity through sports. And that's basically what we do. We try to get the gay community involved in sports at all levels to everybody's kind of happy and kind of funds our own. Oh, comfort level, I guess some sports sitting on incriminated at any time. And that's really a great way to get together. And a non bar situation basically, is what it is all about. That's great. And it helped her situation.

Peter 15:48

So many people say, you know, where do you meet anybody had to go to Varanasi, the same old people doing the same old thing to Iraqi saying, No, you know, there's a softball league, there's, you know, church functions with bearing MCR,

16:03

with everything else, you really have to search these organizations out. Yeah. Everybody thinks the bar first. And that's what they have to do. And it's really not true. There's a lot of options out there besides going to the bar. Yeah. And it was just

Peter 16:13

a lot of the people that I saw there. I've also seen it the bar. So I mean, it's not, you know, wallflowers I mean, they're fun, guys.

16:20

We have a few drinks. But it doesn't mean the fact

Peter 16:24

that they meet at a bar after. And that sort of floats. Yeah, so tell us what goes on. With the softball league. Like there's, like, one of the teams I knew went like for major, like United States playoff thing somewhere in California last year. So yeah, we're basically

16:44

earliest part of naugus and North American gay Amateur Athletic Alliance. That's a national group, which Houston League is a member. I think there's about two dozen cities, I believe. It's kind of an umbrella organization for softball. Cool, and we follow their guidelines and what have you. And we do have a national World Series once a year and this year, it's going to be in San Diego in August. And we changed cities every year. Last year is in Minnesota. Next year is going to be in Atlanta. So we get teams from around the country. We had our own national tournament here. Easter weekend, this past Easter weekend. We had six teams from across the country here participating so yeah, it's called a benefit

Peter 17:24

or kind of a fun thing for that. And haven't made a big buffet thing. Exactly. It's the fun stuff. Exactly.

17:33

To get all the teams and here's a chance for people around the country to come to Houston and and take in our hospitality. And it's fun to have

P

Peter 17:40

a new meeting down. Oh, of course. There were lots of beautiful women they have. Yes, there's women's there are women's Hi there. Yeah, that'll drag. Definitely, you know,

o

17:52

the lesbians love the softball

P

Peter 17:54

play better than I do. I find it hard to lose softball. It's just I mean, I care

J

Jimmy Carper 18:00

less to KPFT Houston and ke O 's College Station. Oh,

P

Peter 18:04

thank God we got that in under the four minute mark. Five Minute mining We won't tell the F A C E or whatever. We were just over there. Chat that up having a good time. Oops. And I forgot. So yeah, anyway, there was um, I don't do softball really well at all. I don't I do football. I mean, with a body like this might as well. And but some people can hit broadsides of barns or doors closed but a tree, but it's really a fun thing. I mean, and you play kind of fun where people can come out, catch a little few rays watch the game.

C

Connie 18:41

I've been to the games. There's a lot of fun. One of my friends plays one of my bestest friends in the whole wide world plays on I think the briar patch team. Yes.

o

18:51

Yeah. During the competitive division, we have three divisions that are in the competitive division. You have three divisions, a recreational and sort of a middle division we call B division and there's a division which is probably the upper level teams some more competitive teams per se. We got 14 teams this year. We're growing every year 14 teams Correct. Wow, cool. Hey, so it's a lot of fun. We're gonna be growing every year like I said since the middle 80s We lost a lot of people unfortunately to DD aids disease. We've got a memorial plaque we got probably 75 members names on there people who've lost over the years unfortunately, that's kind of that's very sad. And we are gradually getting back and getting people involved again and that's what it's all about. Great Good deal. Well

P

Peter 19:38

so what all outside of getting together on a Sunday afternoon catching a few rays sitting in the stands. Bring bringing your palm and having a good time. I mean these group of guys get together and they they play really close there's a there's one field they play at that's like right off of

O

19:58

Tim field. You Yes tin horn field which is basically our home field, that's right at the northwest corner of wall drive and Memorial Drive. You can reach it off of Fagan and Jackson Hill Street. In our league does play every Sunday afternoon, generally from nine or 10 in the morning until five or six in the afternoon, data, a few over at Memorial Park every once awhile, we play Memorial Park fields four and five when we can get them. Cool.

P

Peter 20:21

And so they do that. And then you can go out and watch the team and have a soft drink, carry on do whatever

O

20:31

you want. We do after the games, we have a host bar host sponsor each Sunday, we're a sponsor, hosts all the teams for that day, then go by there and get a drink or for conversation with heavy tank gets everybody involved with the sponsors and everybody else. So

P

Peter 20:47

folks, you know, when you go to the game, exactly, we got a large fan base out there. Yeah, a lot of fun, catch V rays and do it exactly. But they also not only do they play softball, but they also are a charitable organization for the city, creating our community, not just the city but in our community. And so they do they put on a couple of things every year, and one of them sounds just like an absolute scream. It's like jocks and dresses, which ought to be

O

21:15

correct. We have two main fundraisers each year one is Casino Night and the other one is jocks and dresses. One coming up immediately is Casino Night, Friday, May 9 at Kim's on ballroom, a market square downtown.

P

Peter 21:27

Well, that's the new Kim Sun place. Exactly. Right downtown like 300 mile I'm correct.

21:32

300 mile rule in us from 830 to 12:30pm. On May 9, may 9, that's a Friday night Correct. Tickets are \$10 If anybody is interested in buying tickets beforehand, you're welcome to call the league office and we will certainly get them out to you. That number is 8673913 Give me the number again 8673913 And just leave a message and we will get back to you and get tickets to you

Peter 21:56

any other place you can get him pushing probably get him from anybody that's playing softball, exactly any

21:59

softball member board member. If you're not sure who to get him from just call the league office and we'll get back in touch with you. They are \$15 at the door and everybody is welcome.

Peter 22:08

So you get it for 10 ahead of time which sounds like a lot of fun. So you come in to this this great casino and I at Kim signs I'm sure there's probably going to be a little child laying around and everybody loves Kim song.

22:20

Exactly the restaurant will be open for for dining if those people that wish to eat. We will be gaming tables, roulette, Blackjack, little bit of everything there. craps I see here, plenty of doors,

Peter 22:33

a couple of \$1,000 worth of chips things when you come in with your ticket

22:38

with each ticket you get \$2,000 worth of play chips and you can buy more chips. Once you get there. Cool. And lots of door prizes and lots of door prizes and your chips go for exactly one grand prize and and what it does, it really helps our league generates money for us. In turn at the end of each. Each year we have our awards banquet. Part of the money we raise every year

does go to local charities and this year we are supporting Stephens house we're very happy to be doing that. They will get a percentage of our whatever monies we raised this year that's why it's such a good cause.

P Peter 23:10

Hey super, we love that

♂ 23:12

we try to give back to community as much as we can.

P Peter 23:15

That is really neat. That is so cool. Well tell somebody about Jackson dresses that sounds like some kind of

♂ 23:20

really fun you're more than welcome to come shock hello and we want you to first thing

P Peter 23:25

she does is she had skied out the back end of it because one of the boats

J Jimmy Carper 23:30

I heard she shot squirrels too

♂ 23:34

bad to shoot the finger

P Peter 23:37

beavers not score what is painter she blind anyway

♂ 23:48

but but Jackson dresses is our is our second biggest fundraiser and is coming up Saturday, June 14. And that's going to be riches this year for the first time. Riches Hey cool seven to nine in

... And that's going to be ticketed this year for the first time. Tickets they, cost seven to nine ... basically it's softball members, sponsors, friends, whoever wants to get together and kind of do something different. Get dressed up a little bit and just have a good time. And that's what it's all about.

P Peter 24:10

You got one really it may 9, which is the big Casino Night around June 14 14th. About a month later, which is Saturday night, which is good. That sounds like fun.

♀ 24:19

Those are two big fundraisers for the year. And that's pretty much how we generate money for the league and, and our charities that we help.

P Peter 24:25

Yeah, well, I know the league has a lot of expense. I mean, you gotta pay the city ordinances and all those boys and umpires and empire. One thing everything. But I mean that we're talking some action stuff out there. I mean, these guys are getting dirty and slide man and have a great baseball. It's big fun.

♀ 24:40

It is a whole lot of fun. I've been doing it since 83. And there's some members been there longer than I have and everybody looks forward to it or beer. It's really a fun thing to do and get everybody involved in sports and ordinarily wouldn't do it in the gay community.

C Connie 24:53

What if somebody wanted to play or join a team? It's

♀ 24:56

too late now pretty much for the league. We're in right now. Many bright So like or anything during the year? Yeah, a few minor injuries. But don't let that scare you. You're still welcome. Oh, yeah,

P Peter 25:06

I'm not worried about that. She needed like, bring in an extra player here and there like what if somebody was standing in there really, really good and they just didn't hear about this and they wanted to get on team. Do you have it? Yeah, actually squeezing.

25:17

Actually, I believe our deadline for adding players, the roster I think is coming up in a couple of weeks. If anybody is interested, just call the league number again, and we will get back to you. It's 8673913. More importantly, we also have a fall finale, which starts in September, it lasts for six weeks just doubleheaders every Sunday. And that's totally for fun. Just random rosters, we just pull names out of a hat, put you on a team and go out and have a great time and very relaxing, very laid back. And that brings out a lot of people in the fall.

P Peter 25:44

This is really, really cool. I mean, there's everybody we keep talking about, you know, what can I do? I don't want to do this. I don't want to go to bar I don't want anyone I want to meet somebody, I want to find a husband. I want to find a wife, whatever, whatever. Well, you know, I mean, these people are out there they're having a really really good time

26:00

with congestion. So there's a drink available food drink

P Peter 26:03

available. And you know, it's not everybody thinks these queens are bunched in limpar simile faggots and they're just not I mean, some of these people know how to hit a ball. Probably these sweaty bodies in shorts and stuff, baby if you want to see some great looking men, I think in uniform. That's the place to go in uniform. God knows we love men in uniform. I mean, hot sweaty man on a Sunday afternoon. This is the place to go. There's stuff out there baby. Jimmy

J Jimmy Carper 26:32

rainbow earlier.

26:33

Where are you? Rainbow is in our league he plays for EJ this year.

J Jimmy Carper 26:37

He says he plays in a dress.

26:40

A little pair of culottes he's very cute out there. I we get a kick out of a rainbow. Rather than

Peter 26:45

their eyesight cheerleaders. I saw hi I mean, hot, hot, gorgeous.

Jimmy Carper 26:50

So we're talking about we're having we're serious. And we're fun. We're serious. And

29:33

The field is like I said Tim Hearn Park. It's right at the corner of wall and Memorial Drive on the northwest corner there. It's kind of tricky to get to but if you take Fagan off of wall drive and head west on Fagan for block and turn left on Jackson Hill, you'll find a field there. It's really easy to get to.

P Peter 29:49

You can see it when you go down Memorial then you go around and around to you. Finally, you see other days but I can't get out. What you do when you get

J Jimmy Carper 29:55

I mean, if you get to St. Thomas, you pass it get off and go around. Try and try it one more time, girls, but

30:22

basically why Memorial? Exactly, yeah. The northwest corner.

P Peter 30:26

Big, big, big, big fun. So we're really glad you came by Gary, welcome. Thank

30:30

you most informed

P Peter 30:31

us that our gay community can do other things outside and go to bars and meet people

C Connie 30:35

more so ordinary. That's the main thing. I mean, most very true. You know, just like any anybody else. Yeah,

P Peter 30:41

work true. Yes. And then trying to make Ellen out. She was something different and she's not she's just, we do everything else like everybody else does. That's true. And there's bowling leagues we're gonna go into that one of these days we're gonna hit this sports thing hearts big

volleyball League, and while they ball well that's what we call it for Connie wall the ball.

 Connie 31:05

We play lots of volleyball on the cruise.

 Peter 31:08

I know, on the cruise ship lollipop

 Jimmy Carper 31:14

running to another piece of music,

 31:16

as long as it's not anything.

 Peter 31:18

No head banging. Can we just do some nice retro crazy

 31:24

some nice baseball music or something? Yeah, well, maybe. Well, maybe not.

 Peter 31:28

Did you find something sweet for me? Yeah. Yeah, I

 Jimmy Carper 31:30

want to dedicate this to the only woman that I love. Connie Lincoln. No, Evelyn. She's here tonight. Maeve is Elton John. And this is one she wanted to hear. That's great. You're listening to it on after hours. And when we come back to me, Claire radio with attitude on KPFT Houston and ke O 's College Station and when we come back top 10 Okay. Oh, yeah, Elton John. Now that was much better. Yeah, that that's, you know, I could do a whole three hour show just on Elton John. Copies. Yeah. And all kinds of music from ballads. To jazz to rock.

 Connie 32:23

The man is remarkable. Yes, he is. And let's not forget really, Mr. Top and his partner. Yes. Welcome back, Peter.

P Peter 32:32

Coffee dash. That's what I do. And I get really warm. Jimmy YES. Guess what, what? You know, I sometimes feel like we leave our friends in college station out of the picture. I mean, you know, we've never really directed anything totally toward that we begged him to call us. And I think sometimes we have to go out of our way.

J Jimmy Carper 32:59

So once in a while somebody from the area has called in. I must. That's true.

P Peter 33:05

That's true. And God knows we love that when that happens, because then we know that there really is somebody there. Yes. And so tonight, the joke for the evening, outside of my other previous little silly one is directed especially for all of our friends up in College Station, Brian area, and whatever. And that is, do you know why Texas a&m? Does not schedule Driver's Ed and sex ed on the same day.

J Jimmy Carper 33:35

Okay, driver's ed and sex on the same day.

33:40

I don't know why why

P Peter 33:41

the mule gets confused. Now, was that really for them? Well, it was kind of for them up there. You know, just a little sad things. But one of the job we had drivers at SEC said Hey, welcome. We've Oh, yes. Yes, I was running down through the tell you

J Jimmy Carper 34:12

the truth. I wanted to do. I wanted to kind of say something. Please do. And I hate to do monologues but I like to do conversations. All right. I'm glad that you two are here. You have talked about Pride Week. And the parade, which is June 28. Yes.

P

Peter 34:32

28th to 29th 28th. Yeah. Okay. Saturday,

J

Jimmy Carper 34:34

Saturday night, Saturday night at nine o'clock. And I am very fortunate and I'm still on cloud nine about being elected. The Mayo Grand Marshal.

P

Peter 34:45

There's nobody that deserves it more than you well.

J

Jimmy Carper 34:49

On the night of the election, I was there and I met met a man who's working on the pride committee named Pete Contreras and I introduced myself to Pete. And he was he was like, Oh, wow, yeah, I, I listened to after hours when I was coming out. It was great. It's, oh, I can't believe I'm meeting you and all of that. And, you know, it made me feel good. And I get that every so often. Yeah, I know, people who have come out to after hours. And later on. He had made he made the mention to me, he says, you know, you're the man. And I got to thinking about that.

o

35:37

No, you're the woman. But no, no, no, I'm

J

Jimmy Carper 35:39

just, it's, it's that. Here. This, here's Pete, who had a growing up period, listened to after hours came out. And because he listened, he probably had an AC are coming out. And now he wasn't the only one. That's right. Now, a couple of years later, Pete is, you know, early 20s. Or if he's if he's not still 19 and on the pride committee on the pride committee, wow. Great. Here is a guy, a gay man in our community, who is putting back into the community. And I just have to say that Pete Contreras is the man.

P

Peter 36:24

Well said, well said James, well said,

J

Jimmy Carper 36:28

because that well, if people listen to this show, and then give back to the community, man, that

because that well, if people listen to this show, and then give back to the community, man, that that's pretty fine.

P Peter 36:35

Oh, really? Man, if people listen to the show and realize that, that is it's all I mean, it's all okay. And people are just people. Yeah, it's got nothing to do with, with anything. It's not mean your whole how much your life is really sexual. Like, give me like, maybe 10%. I wish I wish that. Yeah, I wish you know, I mean, it's like everybody, their doctors, lawyers, Indian chiefs, every walk and making market of the line, you know, 10%, across the board reading the statue on a read. I mean, they're just people. And beyond that. They do these other things. I mean, hey,

♀ 37:09

one other thing. Yes. I don't know if if you've ever talked with Scott Lewis or anything, but Oh, yeah. You know, Scott, there's a there's a guy out there named Adrian. unhealth who had been writing to after hours for a year or so now. On tail is very young. But I got a note from him because he stopped by the studio every, every so often during the day, said, Dear Jim, hi. still listening and thinking of you. On hell, PS, guess who came out to his mother, and still has her love, and still lives at home? I'll be turning 17 on Friday.

P Peter 37:56

How cool. That's cool. That way. Cool. That is way cool. And

C Connie 38:02

went along those lines. I just want to say, we had a little thing this week at my office and with somebody who a lot of us are gay at my office, and we're, you know, oh, no, kid.

P Peter 38:18

Oh, tell us border

C Connie 38:20

anyways. Um, but they're, you know, in all of us are at various stages of being out coming out. So there's a process, right? Absolutely. And I just want to congratulate somebody without saying their name, because I'm not sure they're ready to be that out. But they just came out to their parents and I know that he's listening in. Yeah, I just want to say good job. Good job is really,

♀ 38:42

really, really good luck. Because there's a process you go, even the most ardent activist right? Probably has someone in their family who they're not out to an aunt or grandmother or something.

P

Peter 38:53

Well, but you know, and, and even after they, the parents know, you know, so called No, then I think there's like, a growing up with and having them understand. I mean, I mean, I know a guy that's 40 years old, this this last Tuesday, that still, I mean, engaging the parental units in and totally acceptance and they're just marveling now at this this wonderful child of theirs that they've seen have some hard times and some this and some that who's just blasting him I mean before them and being this they're going God he's just so cool. And you know, I think it's a constant process along the way not succeeding go guess what, I'm good. But then after that, it's like yes, I'm gay. And I'm also determined responsible, terribly articulate terribly talented, terribly this and that and learn to be to where these people just come to be. I'm just so damn proud. You know?

J

Jimmy Carper 39:59

Well, it It's like we say at the beginning of the show coming out, it's not just blabbing out to all in everybody, right? It's being responsible. It's standing up for yourself. It's taking responsibility for your own life. Oh, yeah. Right. Yeah, that's what it's all about.

P

Peter 40:15

Well, you ought to see my mom was Tara. She's 82 and lives in his retirement home. And you better not say anything about gays in a nasty attitude or the HIV issues or whatever. I mean, she has informed that crowd and has turned that crowd around. She's

o

40:32

a llama, Peter,

P

Peter 40:33

Mama Peter, she is not right, girl. She's not right. And you know,

C

Connie 40:36

my mom kind of put it in perspective for me when I told her and that was that. It was, you know, she's cool with it. She's about as supportive as you could expect a parent to be. She just kind of explained to her to me that it took some getting used to just that. It wasn't the picture she had had in her mind for what she wanted for me, but it wasn't less of a picture. It was just

J

Jimmy Carper 40:58

a different, different character. And it just takes on getting you some

C

Connie 41:01

adjustment and I appreciate her honesty and I have to give her that space. So

P

Peter 41:05

cool. We are we have decided that this week as we looked around this town with absolutely nothing cooking that we could figure that we decided
