00:01

Question. And then I was looking at my calendar here. Let's say I have my calendar here, let's

00:06

say so you're ahead of me.

00:08

Well, hey, what can I say? And then we've got Gulf customer coming up. Yes. Two weeks later. Great. Great. That's that's I always like to have see that that connection between Ms. Gulf Coast and Gulf Coast. Oh, definitely. And I love it. We always get the the people who miss printed and put Ms. Gulf Coast drummer.

00:25

Oh, no. Oh, no. And I've had many people introducing me recently as as, as that are that are that drummer was was my predecessor. I said, Yes. Drummer magazine called me to do the centerfold.

00:38

I think it would work. And then of course, we've got, you know, are you going to be able to go to, to international Ms. Leather?

00:48

I'm currently going I mean, it all revolves around the travel fund? Oh, yes, it is something that that I have budgeted in that I am prepared to do. And in fact, I will, I will probably also make it up to IML. In Chicago, the international events are very important for me to go to. And it's because, you know, we have such a huge region in the Gulf Coast area. I mean, Texas, in itself is nine states. And so it's really important for me that that we have such a large presence and and especially with Cheryl and I, to really be able to try to go to all those international events.

01:21

How are you going to be running for Amazon?

01:23

I'm not going to be running for Amsel this year, I feel that I'm I'm just not spiritually or emotionally ready to do it. Miss Gulf Coast leathered? Really I didn't, I didn't realize that I wasn't as prepared for the magnitude of the region. And so I really want to make sure that that just like with Texas, that I get this region down before I try to get any bigger. And I think it's a real wise decision. I'm going to be in this for a very long time. And, and you're going Yeah, yeah. And and so if I, if I miss out on him. So this year, it'll be nice to at least go and be an observer so that I'll be more

02:02

prepared. And mentioning you are talking about fundraising, what kind of things are you looking at doing in the next couple of months to help raise money, so you can go place in

02:10

the next couple of months, actually, there are a couple of fundraisers that I'm doing and they are not for my travel fund. What I do for my travel fund is I bartend, at Mary's every Saturday from two to six. And I'm also going to be selling keychains and some other items. It's really, really difficult for me and anybody who knows me knows how difficult it is for me to do a fundraiser for myself to do a fundraiser for my travel fund because I feel that that's my service to the community is to go is to go these places. And the community has never begrudge me for it. They've encouraged it. It's just really hard for me when there's so I feel like I'm taking money away from someone else. So it's so I don't have any fundraisers planned. But I do have a fundraiser that will be coming up. I don't have a date yet. But it is it will be my next fundraiser and I will be doing a fundraiser for the Montrose clinic. Community Services, Deaf and Hard of Hearing Program. Wonderful. Yeah. And, and so I'm real pleased with that. It was really funny. I went into a bar just the other night. And a man came up to me and he started signing to me and and he was talking and he was signing at the same time. And one of my friends came up to him and he said Tiffany's not deaf, and he said oh really well all our friends are he just assumed I was deaf. So I thought that was really neat.

02:21

03:51

Well, that's great. That's great. Well, I'm gonna go ahead and let you go because it's getting nasty out there. And and I don't want you being stuck out there with all the drugs coming out of the bar. Thank you. So the rain and I look forward let us know what you're doing and let us know what we can do to help you and everybody was in Houston Of course all you have to do is listen for Tiffany and she'll whip it up that's right and go get those she does great Bloody Mary's I've heard the guys at Mary's say you do great Bloody Mary really? Yes they just love your Bloody Mary's so go to see her on Saturdays and and and support Tiffany and and we hope that you we know you'll do a great job for the rest of the region just like you've done for Texas.

J Jimmy Carper 04:12

given to this community ever since she hit it. Oh, back when I remember. I first met you way back when and you were doing safe sex seminar. Yeah. For women.

04:22

Oh, let me tell you her safe sex seminars for women are hilarious. Yeah, I've seen them she she gets up there with a saran wrap and throws it into the audience. It's wonderful. It's wonderful. I heard who was it? I guess it was Mr. ganja within la Houston was telling me that you were one of the only people he knew who made safe sex sound fun? Oh, yeah.

04:39

Oh, it's definitely fun.

04:43

Well, thank you very much, Tiffany, and you drank careful out there. Okay.

J Jimmy Carper 04:46

Thank you for being in the community. Thank you. Let's go to a piece of music now. I've got Gene group, actually a guy from England, openly gay guy and he does a Hello number called fighting fit and you're listening to it on after hours queer radio with attitude on KPFT Houston and KEOS College Station

05:15

we parents want to persuade society that our gay children are not acting out of defiance or self indulgence. They're being true to their own nature. Our children are fine men and women. And we say to society, that the parents and friends of lesbians and gay men will support their children.

05:43

I remember an incident four years ago when I was walking through an amusement park holding hands with my lover and was called queer by a child six years old. And from that day forward, I've been all too aware of who the child molesters in this society are. These are gay and lesbian

05:55

people singing out here what's your reaction to that? I

05:56

have a little boy and I would hate for my little boy to be like that. Those are animals I think it's terrible how to rock and throw them

06:11

all the queers want equal rights why? God made us do it your mother father from Cincinnati children learn to hate from their parents to hate other people and themselves. Which is why as a lesbian and gay public awareness project wanted you to hear and think about this message. For more information write us at Post Office Box 65603 Los Angeles California 90065

J Jimmy Carper 06:43

Ooh, yes. Some words there. We're back. After hours we're radio with attitude on KPFT Houston and KEOS College Station I'm Jimmy Carper and Margo Grace is here and I have in front of me a copy of the Montrose area pride

07:04

my Mi Mi on new Yes hello thank you

J Jimmy Carper 07:07

I am so sorry No but I have been pushing map the Montrose area pride ever since it came out in fact I have every I've saved every issue well the thing I really I was put the thing I wanted I think they really blew it this time.

07:20

Oh dear. What did they do cover? Yeah, that

J Jimmy Carper 07:24

has got to be the most unfortunate photograph of Don woods I have ever seen in my life.

07:31

Did you see the picture of Mr. geyser last week? Oh it was horrible. It looked like a mug shot it said you know it said Mike geyser President event la Houston and we during the NLA spring iniquity we put it up as Mr Mike geyser street person I mean it was a horrible shot

J Jimmy Carper 07:49

okay he is standing next to a woman right didn't even recognize oh look at that and now look at the bottom what does it say

07:58

Mr. Ms and Miss

J Jimmy Carper 08:00

Miss and Miss Montra indicating that Don was is Miss Montrose but

08:08

which which he is not which he is not No no that's that's that's that's cherry Mara Tino

J Jimmy Carper 08:16

Well, you know, things happened and well, you know, like the publication I think it's great. Oh, it is and the calendar of events

08:24

is the calendar of events is wonderful. My personal favorite thing is is for anybody coming in from out of town, is the map that they always have at the center.

J Jimmy Carper 08:32

We use that at the switchboard. Oh, yeah. That that went up.

08:36

Yeah. Because I don't know about you. But the first six months I lived here, I could get lost go into the grocery store.

08:42

Yeah, that's a great thing we've got. Yeah. Well, it

08:45

looks like we've got just unbelievable amounts of events coming up just in the next couple of weeks. You know, they've got the chain of command is has their Fiesta unchained run April 25 through the 27th. And let's see, of course, we've got the MS. Montrose contest coming up on April 25.

J Jimmy Carper 09:07

And actually, that was last night. That was last night. Yes.

09:10

What is today? Today's the 27th Yeah, actually,

J Jimmy Carper 09:12

it's Sunday now Saturday's already Saturday's already over we have to go and say

09:17

2027 So there's the MS. Montrose contest at VN. Yeah, tonight. And just do it by the Royal Sovereign and imperial court at BRB. Tonight. Okay, and let's see, what else do we have? We have the Houston music Co Op doing the toast of the town. Wow.

J Jimmy Carper 09:38

And that's kind of a singalong thing. Is that what it is? It's not it's not a drag show or anything. It's kind of like singing show tunes or something. Oh, cool. Yeah, that's different. That sounds fun at the briar patch.

09:53

Oh, wonderful. And and it looks like it's going to benefit my alum house. That's wonderful. That's wonderful. And it cuz

J Jimmy Carper 10:00

that's, that's the wonderful thing about all of these places doing every weekend, every

10:06

weekend. Oh, it's amazing the amount of money that is raised in this community. And, you know, it's it's wonderful to think that, you know, at some point with the advances that have been made in edge research, that at some point in the not too distant future, hopefully, aids will not be as as horrible of an issue as it is. And if we can keep being as strong a community as we are, we're just gonna take the world by storm. But let's see, what else do we have coming up? Oh, this is an interesting one. The what's up with two peas? En la Houston. It's an early fundraiser for NLA Houston's Christmas toy drive. Oh,

J Jimmy Carper 10:54

good. Yes. Yes. And that was one of the wonderful things that no NLA does.

10:59

And look at this. I was reading this look at what they're going to be doing. They're going to be doing at the venture end chances and Jen trees. Oh, so I don't know what I'm gonna have to find out about that. That sounds like fun.

J Jimmy Carper 11:11

Thanks. You're in Vienna on the second and chances on the third and Gentry is on the fourth.

11:16

That's going to be wonderful. That's pretty cool. Yeah. And

J Jimmy Carper 11:20

I was reading somewhere that NLA Houston. Got like 1400 toys last year. Yeah.

11:27

11:27

They just had unbelievable amounts of toys. It's It was great. Yeah. And then of course, we've got the street festival coming up. Oh, yes. And that's the same weekend as Texas leather pride. Down in down in Austin. Yeah. pout? Yes. And it's also splash and splash. Oh, of course, of course. And they've got an NL VL PWA holodeck. I have someone who just walked in here. Oh, yes, I do. I have someone who just walked in here. I just had Mr. Geiser street person.

J

Jimmy Carper 12:02

We have the we have the Oh, I see. That is the guy who was on the map

o

12:08

last week. That's the guy who was on the map last week. I

J

Jimmy Carper 12:11

don't know wonder I didn't recognize.

o

12:13

Well, you saw this picture of Mr. Woods, didn't you? Look at the bottom. Look at the pot bottom. Oh, yummy. We did not know that Dawn Woods was Ms. Montrose. I that's what I thought. But anyway, yes, Mr. geyser is here. He just stopped in on us. But we were talking about what was coming up. So there's like to sit in another chair. He can always come over here and join the microphone with me. He could talk into her microphone. Oh, he's just gonna sit there and look cute. Okay. We'll get him on the microphone some other time. And we've got you know, let's see we've got the LBL PWA holiday fund fundraiser on May 4 at BRB. And that one's called may days Oh boy. And then oh, oh, a very important one. On May 10. Yes. Is investiture for the house of glade and this is going to be a large large camp event. I have I have seen the I have seen some of the people in the house of blade yeah it's it's it's kind of what the world sovereign and Imperial quarter the single star was when they started No kidding.

o

13:34

Yes. Oh, okay. Do know

o

13:37

who the president who the house of glade is.

J

Jimmy Carper 13:40

I know nothing about it. Well,

13:43

oh, well, Mr. geyser will have to tell you about the house of glide Mr. geyser, if you will come to the microphone, please. You can only hear in one year of that microwave, the headset

Jimmy Carper 13:55

so yeah, well, we're a poor radio station. What can I say?

13:59

Okay, that's when I got the hearing aid. That works. Okay, so you want to know about the house of the house of glade? House of glade started out as a joke where I decided to mock the Royal Sovereign imperial court in a loving way by wearing one of those crown air fresheners on my shoulder Oh,

14:15

I Yes. So what we're doing with that stare and actually they got you got something add in at the Royal Courts investiture, the new year I

14:25

became the the keeper of the fresh air society or something presented to me by the current reigning Emperor Jarrell 13. So what we've decided to do as a fundraiser for the loving arms Learning Center and the bio city leather alliance is we've decided to make more fun of the Royal Sovereign imperial court in a single star with with love by taking the seven hour Queer Nation program and condensing it into about an hour and a half. So we're going to run the axon and off that stage as fast as we

14:58

can If only they could run Queer Nation that fast.

15:02

We're not going to be done with lots of love. The Emperor and Empress will be there present on the Dyess with us.

J Jimmy Carper 15:09

Is that going to be like, you know, taking an old 33 And a third record and playing it at 45?

15:15

No actually, it's a matter of fact that you mentioned that we're going to be playing some current hits and things like that some of our drag community is actually going to be singing in 78. Girlfriends this is going to be this is going to be this is going to be a real riotous event now what we're a little concerned with those of us who are the patriarch and the matriarch of the house of glade Well, we're going to where it is the court has a few surprises for us. Oh dear. What is really awesome here is the fact that none of this is leaking out. We can't find out what they have planned. No kidding. So that's may 10. At the at the venture in starting at nine o'clock is a fundraiser for the Bayou City leather lions and the loving arms Learning Center with the charity this year. I've selected charity of the Emperor and the Empress. So what we're doing here is we are with a lot of love we are supporting the Royal Sovereign imperial court and their charity says yeah, through the House of Wade and there's rumor going around the world rebel court and that's been very very amusing.

16:14

So what we have here, the leather cord

16:17

a leather cord Yes. There'll be a lot of surprises. I think you'll find that there's going to also going to be a few people there that you would never never never expect to see and drag. Hey, looking pretty beautiful that night. Oh,

16:30

cool. Sounds like a lot of fun. Sounds like a lot of fun. Well, thank you and thank you for stopping by.

16:36

We just came out and say hi. Oh, well thank you. We're gonna be up all night.

16:40

Not well, let's say three at least well, no. Then I get to go home and study some more. Oh, lucky. Oh, I started studying at five.

16:50

Do you listen, we just came by to say hi and tell you about investiture coming up.

J Jimmy Carper 16:53

And I'm so glad you did. Well, listen, we

16:56

just wanted to see what you people do when the bars closed. I see. We're on our we're on our way right now. But Jack in the Box, and we're going to probably order the left half of the menu. Anyway, y'all have a good evening. You too.

17:10

Wonderful to see you. You bet. You bet. Well, that sounds like a lot

J Jimmy Carper 17:15

of fun, doesn't it? Yeah, that really does. And we you know, I'm always talking about the bars who do fundraisers because you know, they deserve to get the publicity. Oh, yeah, no, B and B are be generous raise every weekend these places are doing fundraisers. It's just phenomenal. And I want to leave anybody out because I know II Jays and and

17:41

there's there's some that are being held now at the new barn is holding fundraisers and of course, chances has held fundraisers a whole bunch. Yes. And so yeah, it's it's just it's it's wonderful. And

J Jimmy Carper 17:52

I think the house of glade this is, this is wonderful, because, you know, the court is such a wonderful institution it is has raised 1000s of dollars 1000s upon 1000s of dollars. Yes. And I remember when I was a new member of the gay and lesbian switchboard back in 1988. We we took bar tours, because a lot of the members of the gay and lesbian switchboard, don't go to bars. And, you know, we get calls from out of town or saying, you know, where

18:21

can we go to do Yeah, what

J

Jimmy Carper 18:23

did the bars look like? And so as a group, we would, every few months, go to a half a dozen different bars just to check them out. And it was really a good idea, especially for men to go to women's bars and women to go to men's bars so that they would know what it looked like on the inside, right? Anyway, we were in one. I can't even remember which one it was. And there was a newsletter from the royal court. And inside they had a full page ad for the switchboard. Wow, no one at the switchboard knew anything about the court. Wow, you're kidding. No. Oh, my God. From that day on. I've had the utmost respect for the court. That is wonderful. I've been following them ever since promoting them on the air whenever I can.

👤

19:07

Oh, they're just wonderful. And they're wonderful people that Oh, yes.

J

Jimmy Carper 19:11

And I've even dated one or two.

👤

19:15

Well, they're I don't know what y'all I listened to some of the last arrow but I was or the first part of the show. I know you all touched on Helen, or Ellen vs. H. E. Ellen. Right. So I don't want to talk about that. Because I think y'all covered that real extensively covered

J

Jimmy Carper 19:34

that but we do have different listeners that tune in

👤

19:37

Yeah, no, it's it's, you know, I think that the big thing is, is I can't believe the amount of fervor there is about about this coming out. And I think looking at it, I think one of the big things, you know, when when Rosie kissed the woman on her show, there wasn't as much of an uproar about it. And I think part Have it is it that Elon looks like your next door neighbor? Yes. And I think that's what really gets people. That's the point. Exactly was

👤

20:09

she's the main character. Uh huh. You know, it's like, okay, Rosie, kiss somebody, but that you never saw that person again. Yeah. And, and it was no big thing that Roseanne is not a lesbian, right. But all of a sudden, now we have to, every week, there's going to be a lesbian main character, and her primetime sitcom

20:32

who looks who doesn't look like, like, what the the mainstream stereotype of lesbian looks like. Exactly, exactly. And I, you know, I personally, I applaud Disney for doing this. I think it's been an absolutely wonderful rave. And

J Jimmy Carper 20:47

I've been saying, For weeks now, I know that some of the sponsors have pulled out. But what we need to do when we're watching that show, and we all will be is take note of the sponsors that are there and make sure to support them, make sure to support them and make sure that we write or telephone and let them know we're supporting them.

21:09

Exactly, exactly. Because those those companies that are doing that we need to let them know that we are behind them. Tom's here

21:18

the the thing that that is going over my mind is with Elon coming out, will other leading TV and movie stars, do you think they will make their?

21:32

I don't know, I think it's it's very much and I feel very strongly about this. I think it's very much a personal decision. You know, there are some people who feel that for whatever reason, they cannot come out, you know, especially people who have children or, you know, are concerned about their family's reaction. I know that the the main character of Xena whose name I cannot remember off the top of my head he lawless. That's right, she's out. And and I'm very proud of her for that. But there are people who for whatever reason can't come out. And I think we need to respect that. Well,

22:10

what's probably going to happen that there's gonna be you know, the big whoop dee doo over the coming out episode. And then it'll settle down because it's gonna be the same Ellen. Yeah, just that she's a lesbian. Yeah. And then it becomes ordinary. And when it becomes ordinary, we've won, we've won, and then you'll see other people coming. That's right.

22:33

This is this is really an extraordinary move. This is something that is really great for the gay

community of clear across the United States. It is extremely important. And it is extremely important that we support those who say, Hey, we're not the coward. So we're going to go ahead and advertise with the program because we think it's great. Oh,

22:58

exactly. And and it's so nice that they are too damning, because up till this point, every time you've had either a gay male or or gay female, on a show, it has always been stereotypes. Yeah. It has always been, you know, the Nelly the Nelly queen, male or the really, you know, either very physically unattractive, or overly Butch female. And so it's it's wonderful that we have something going on here. That is somebody that that someone sitting in Duluth, Minnesota can go, you know, that looks like our next door neighbor. And and I think that's, that's really good. Nail. That's exactly. That's the whole point. And I wanted to move from that to there's there's some other things that, that I saw in the paper that, you know, when I was reading, I'm, I'm a horrible person. I'm stuck in grad school right now. And so I don't get much time to read the papers. But I was reading the papers this evening. And the one thing that we've talked about a lot is the gay marriage issue in Hawaii. Yes. And have you seen what's going on with the legislature

J Jimmy Carper 24:08

there? Well, of the last that I saw on it is that they're they're also introducing domestic partnerships. So that in case the marriage thing doesn't doesn't fly, that maybe the domestic partnerships, right,

24:21

basically what they're doing is they're they're introducing, they've passed and it's gonna go to the voters next year, a proposed constitutional amendment for the state of Hawaii, that will restrict marriage to those of the opposite sex, but they're also going to allow gay couples to sign up for as what they call reciprocal beneficiaries. This my tongue doesn't work here. Well, that's

24:50

what they did was was was they compromised?

24:54

Well, you know, don't don't don't throw the the marriage thing out the window yet. No, no, no, no, no. Justin's, in Hawaii and I was talking to people who live there. And the thing that we may not understand about Hawaii because I was surprised that this this was arising in Hawaii of all places, because their gay community is not all that visible. I mean, it's it's close, and they

do a lot of things. But it's it's in the Bay Area in Honolulu was like a two block long area, you know, it's not a big deal. I was kind of surprised. And my friend over there said, Well, you have to remember, there is no majority here.

25:38

That's true. That's true. Hawaii is is very much a melting pot, kind of

J Jimmy Carper 25:42

like it is. I mean, you've got Filipino, you've got

25:45

Japanese, Japanese, you've got all Flanders and everything.

25:49

But why ends and you've got a you've got some whites. And over the years, they've all intermarried and intermingled. And so there's hardly anybody left a pure blood anymore. And nobody is the majority. Yeah, that's kind of a strange situation. That is an interesting situation. Yes. And all kinds of different lifestyles live together.

26:10

That's wonderful. There used to that.

26:12

But how, how would the gay community play this out to other people with with in Hawaii, where they say, wait a minute, you are part of a minority? Do you want to be discriminated against? Do you like discrimination? Yeah, that's how they're doing it.

26:30

You know, they're approaching it from from a discrimination point of view. And I think that's, that's a wise way to do it. Yeah. I

26:36

think that's the only way to go about it.

26:38

You can't, you know, I think the the thing that is helping us is the realization that's beginning to come about that this is not something that, you know, I woke up yesterday morning and decided that this is what I was going to be, you know that this is an integral part of me as my skin color, the color of my eyes, the color of my hair. And I think that's very important. It is very important. Yes. One of the other things that I that I found in the paper was something that's going on up in North Dakota, and I don't know if you saw this Oh, yeah, about a confined and HIV confinement law. What? Yes, let me let me read this to you. This is from the voice. North Dakota has become the first state to enact legislation that would allow individuals suspected of being infected with HIV to be detained without benefit of trial or forcibly treated for the virus. Actually, I'm sorry, this is not from the voice. This is from the triangle. Under the terms of the new legislation, which Governor Edward Schaefer quickly signed into law, emergency workers, health care workers, or patients who believe someone has, quote, significantly, exposed them to blood can get a court order to confine the individual for up to five days, while a judge considers mandatory HIV testing for the person.

28:05

Well, I don't think that'll hold up. I

28:08

don't think I do not think yeah, it says here that the ACLU is considering a legal challenge to the law, which it says serves no public health policy function and violates constitutional guarantees. of due process.

28:21

That's just it. In other words, Jimmy, I think the way I read it, is it just on somebody saying, he, he may have he may have exposed me. So therefore, I put the person in jail.

28:37

I want them to Yeah, I want them to

Jimmy Carper 28:38

find and tested.

28:40

Yes. Can Find and tested. Yeah. In that frightening and that frightening? Yeah, I don't think that

that will that will stand up to constitutional

28:49

muster. Looks like Colorado's proposition two, right. It's basically the same thing. It just has different words. Claiming to go another direction.

29:01

Right. Right. And, and then one of the other things I read was a thing about a saram. A cemetery that refused to that would not put up a headstone. Oh boy, and this was in grap. Again, yet well, this one, this one's really annoying, because the the partner had extensive documents, you know, as far as the will, the Living Will all of that stuff to ensure that her partner after her death would be able to put up a headstone and all of that kind range make her arrangements for her death and everything. And apparently the cemetery won't do the instructions for the headstone. And and get this I mean, this is such an innocuous headstone wasn't as its beloved life partner, daughter, granddaughter, sister and aunt. I don't see anything offensive in that Oh, okay. And this cemetery will Will are citing the wishes of the dead partners, parents to remove life partner from the headstone rather, isn't that horrible?

J Jimmy Carper 30:10
