Chris Harrison, Bobby

---

 Chris Harrison 00:00

are drunk wearing only a pair of fishnet tights. May man

 Bobby 00:08

the uniform rules are so loose and

 Chris Harrison 00:11

not all apparently he admitted he was a part time prostitute after fellow police officers chased him through the boy de balloon. A wooded area on the outskirts outskirts of Paris reputed as a nighttime hanging out for prostitutes in the earlier early hours of Thursday, the policeman said he needed the extra income obviously

 00:32

the Uniform Code is loose and tear pockets aren't and

 Bobby 00:36

there's a reason that uniform cuz they don't obviously don't get paid enough boy

 00:41

allegedly legend. Oh, okay.

00:45

Oh, what's job?

Chris Harrison 00:49

Exactly. Okay, I had to read the whole little story on this part where as he started to read the headline of it boy allegedly bludgeoned did with schlong. High School, many high school varsity volleyball player was arrested at school after he allegedly led an assault on another player. While on the back of a school bus returning from a game in Arizona, has been charged with felony assault misdemeanor indecent exposure, disorderly conduct and felony public sexual indecency with a minor after he allegedly attacked a 16 year old junior varsity player striking him in the head with his penis as they returned from a game

Bobby 01:35

that's just

01:37

I wouldn't call it a salty I call it insulting. But depends on how big you want. There you go.

Chris Harrison 01:45

I mean, that's you know, I'm waiting for them to I'm waiting for them to come out and say you know, there's the gang go on here. If

Bobby 01:52

he actually made contact when that'd be assault and battery again, would depend on the side yeah.

Chris Harrison 02:05

becomes a misdemeanor or a felony on that. Yeah, the first article we pull up on here they finally the frog frogs Nambla priest, Paul Shanley, a Roman Catholic priest who served at a local church in the 90s. And it was a key figure in the clergy sexual abuse scandal was removed from the priesthood. He became the focal point of the scandal after plaintiff's attorney forced the church to release internal documents that showing complaints about him. He attended a forum with other people who later went on to form the North American Man Boy love Association,

02:42

was featured in a South Park episode.

c Chris Harrison 02:46

But I mean, that's yeah. And contrasted

02:48

to the National Association of Marlon Brando look alikes.

c Chris Harrison 02:57

The fact that after all this information came out how long it took the, the, the church to deal with this. And you know, a lot of what you're talking about with the Catholic Church, you know, I mean, you know, we don't agree with the fact of the molestation and the the torture they put these kids through. And, you know, the Catholic Church have been very slow to respond on it. And the Catholic Church has

03:20

never been accused of doing anything quickly, that

B Bobby 03:23

that would require them admitting that they're not perfect. Yeah.

c Chris Harrison 03:32

Unfortunately, I mean, it's a very bad situation has occurred with that. And, you know, we've heard the gay angle on that the one thing I have I've yet I'm very glad that I have not heard the gay angle on is the Iraqi prisoner abuse pictures that have come out, waiting, and I

03:53

still think they still look staged?

c Chris Harrison 03:55

Well, the thing is this, I mean, and I'm gonna sound like the most evil bastard in the world right now for saying this, but I'm gonna say because I know there's a lot of people thinking it. You

know, if you were just to see the pictures, and not told the background, I would think that was probably one of the hottest gay kink films ever. Everybody was a willing participant that what they showed there was so homoerotic and so pornographic, basically, that

04:27

Abercrombie is gonna buy the rights.

c Chris Harrison 04:31

The fact that you I mean, what you saw on there is the kind of stuff that would make chichi Uluru blush.

04:40

That's just the Rouge darling.

c Chris Harrison 04:42

I mean, the setups that were the poses that were done, the acts that were done in that are so it's just so over the top that I'm waiting for someone to say, you know, we must have queers in this group they have to come up with opposing and what they did. Hear because I mean you know having a soldier I haven't one of the the Iraqi prisoners on his knees in front of another male Iraqi prisoner and the one who's standing is told to masturbate to completion on the guy kneeling in front of him.

05:20

And there was other things like the the mutual masturbation the one of the prisoners was sodomized with a chemical light and a broomstick?

c Chris Harrison 05:31

Well, that's, I mean, there were corners.

05:36

But no, I mean, they were trying to make him glow.

c Chris Harrison 05:39

And also cutting open those chemical lights and pouring the phosphorus. Oh, so you know, I

mean, this isn't really something with to be kidding about is the fact that what's going on here and like I said, I'm waiting for someone to come out and put that that gay spin on because what was shown there was very homoerotic because, you know, in the Muslim faith, they they take homosexuality to a bigger extreme and the Catholic Church does. I mean to them, it's not only punishable by death, it it is practiced that it is punishable by death.

 **Bobby 06:13**

I have to ask just one question. What is it in people who pull this stupid crap that they have to take pictures of? How stupid do you have to be? The

 **Chris Harrison 06:33**

PIC the pictures actually take pictures? Well, the thing is, is the picture part is not just a new thing. I've heard them. Some news shows them interviewing Vietnam vets who did the same thing. Who took pictures. But the thing was this, you know, you get it developed. And you take that photograph, and you put it in a corner, you know, you pull it out for the friends you show them. And you put it back away and you're footlocker,

 **Bobby 06:58**

A Few The Proud the stupid. Nowadays,

 **Chris Harrison 07:02**

we've got digital cameras over there. And so what's happening is some guy goes off and makes puts his all these pictures out on a CD, and hands the CD to his buddies. And then they go over and show it on their computer, and the CDs go floating around.

 07:18

And other people would just make copies, they're all these copies are getting

 **Chris Harrison 07:21**

floated around. And you know, we're

 07:23

putting it on the internet, which is

07:25

just put it on families website, everybody will watch it.

C Chris Harrison 07:27

And the fact is, the pictures we've seen are pretty amazing of what they've shown. And you know, they're saying the worst is yet to come if they ever get released.

B Bobby 07:41

They keep showing the same pictures over and over again. And they keep showing up there. You see all these Iraqis. You see one officer in every picture, that one woman, like they are crucifying this one woman and I'm telling you there's a room full of people there who need to be strung up. Someone had to take the picture. Somebody was taking the pictures. And I bet and I bet it took more than just those two, to pull this nonsense. Yeah,

08:14

takes a roomful of people with automatic weapons to pull that kind of stuff

C Chris Harrison 08:19

around the world quarterback for that what it is, is that she mentioned Yeah, that was they're still talking with of how it's gonna go with the one office, the one the female who has been shown on there. You know, she's part of the vmps, the military police that were in charge of this area, and combine that with the fact of the trend. So that was reason why she was in a lot of those pictures, and then turn around to the fact that you know, she's one is getting a lot of heat for this. And she's five months pregnant.

09:01

There's also they've decided to start going after the a brigadier general who was in charge of the prison at that point in time they are going after her for it because she should have known better or have known what was going on and she's saying the whole thing that that she didn't know what was going on that she didn't know what was going on in that particular part of the prison because it was ran by the intelligence community.

09:26

So I suppose she's gonna blame it on Oliver North. No, what

B Bobby 09:29

— was it Larry intelligence. There's two words that don't

09:33

it's not military police. It's malicious perverts? Well,

**C** Chris Harrison 09:36

what they're doing is there's a lot of this blaming going on of, you know, it's not the military that was doing it was the it was the military intelligence. It was the contractors who are in there. Oh, please. Sure. I'm

09:48

sure Halliburton wants that getting out.

**C** Chris Harrison 09:52

I'm sure I'm not sure it was I don't think it was Halliburton people but the this is, you know, the stuff of what they're doing. Hey, I'm flipping through some of the pictures here that's on the New Yorker website, part of Seymour Hirsch's article that he wrote. That's that's a saran wrapped its body.

**B** Bobby 10:17

They also took pictures. That's the picture of the dead guy.

**C** Chris Harrison 10:20

I've also taken pictures of dead Iraqis. Mostly he's just wrapped in plastic and packed in ice.

**B** Bobby 10:25

Now I grant you I know, some I know, I have several friends who are gay and Muslim. And I'd like to see them in some very interesting positions. But that would be voluntary. Yeah.

10:40

We're bringing these people democracy.

B Bobby 10:44

Well, this is our idea of democracy. We should, it's time for us to pack up and come home.

C Chris Harrison 10:49

We'll see. That's the point I was making about this, that, you know, we could look at these pictures and I like so I'm waiting for them for someone on the radical right to say, look, look at the homosexuals, what they're doing, how they're creating this stuff. They run into problems. You know, the woman in this was, she's married, because she's married together. She's five months pregnant. The other one was smoking the cigarette, they're

11:10

gonna have CPS waiting for her.

B Bobby 11:15

She's gonna be real popular when she gets home.

C Chris Harrison 11:17

But the fact is that we've got all this going on of these these crimes, and you know, I'm waiting for someone on the realest, right to say, look, it's all homoerotic stuff, we've got flags in the military, look, what they're causing them to do, and all this other stuff. Because, you know, I mean, from my point of view, we look at this stuff as a game, and I can look at this stuff, and you go, you know, this is very homoerotic of what they're showing, and the stuff of what they're doing to these people. And, you know, it's, we always say there's a kind of a fine line between s&m and torture. And this is this is all non consensual abuse. Well,

12:02

and it's the abuse issue is even deepened by the fact when you look at the Muslim stance on homosexuality.

12:09

Yeah, I mean, it's even more degrading for them. Because of the the whole issue of it.

C Chris Harrison 12:13

Being naked in front of another man is considered taboo. For these people being naked in front of a woman is like, is to I mean, especially woman who's not, who's not your wife, she's not covered in the way of the Faith says

 **Bobby** 12:34

No Burgos.

 **Chris Harrison** 12:35

And, you know, the fact of these that's going on, of what they're what they've done and gotten away, or what they've so far gotten away with. It's amazing. Well, I mean, something's gonna happen. And unfortunately, it's gonna put us on a very bad look around the world. And, you know, these half ass apologies that the Politico's have been giving aren't going to cut it.

 **Bobby** 12:58

I have noticed something about our current administration on this note, every time something goes wrong somewhere. It says if the media has to raise a stink about it, before they get the idea, oh, maybe this is something we should apologize for. Or make a statement about? Caitlyn? It's not until the media says, Guys, what's what's your stance on this? Until before they actually say something, uh, Keith

 **Chris Harrison** 13:35

over asked a question on one of his guests. You know, does this administration have a policy? Have you sign a policy saying, Okay, we're not going to something happens, we're going to deny it and cover it over until they get a hold of it in the media. And then we're going to apologize and point fingers. I mean, the first apology he made was not to the people who was done to not to the Iraqi people but to the King of Jordan.

 **Bobby** 14:04

So you know, it creeped me out about the one photo that they keep showing over and over again. Was there the guy standing on the box with the hood? Yes,

 14:16

and like Cape thing the

 **Bobby** 14:18

creepy the putting aside just the fact that they've got a guy standing there naked with a is that hood for all the world looks like a black que que que hood? Yeah. And that just creeped me out when I saw that. I mean, and

C

Chris Harrison 14:38

the fact is, you the wires that they go when they don't they haven't really told you that there's some sources that have mentioned the bag, those wires connected to the arms or the legs and to the penis. That's where those wires that you see sneaking into the syrupy I guess for lack of have a better term that that guy's wearing that they have on there which is surprising in fact, they put some clothing on the guy considering what to do with the rest of them that's what he wore there's electrodes went to so man we're getting kind of down right now in more ways than we're serious. Let's do this let's

♂

15:26

play some music and

C

Chris Harrison 15:27

let's hit a music may want a hit song maybe two and let's come back and let's try and let's try and get a little upbeat. Oh minor note.

♂

15:36

Well, since you were you were talking about it earlier, I decided that I would find this song and play it from pansy division. This is big

♂

15:51

already and we're back for housewives. I know what boys like the dance remix.

B

Bobby 15:58

I'm a frustrated single man.

♂

16:02

So you might as well be a housewife.

B

Bobby 16:05

Can I have bread for my birthday? Anyhow?

16:09

If we can find any on vinyl

c Chris Harrison 16:14

fetishes we do that on the fourth Saturday. We can

16:20

have a problem with that. Where did he go anyway? Did he go? Out in the lobby? Here he comes. Here he comes.

c Chris Harrison 16:28

Come on. You're missing it, man. You want to read it? On Air? Yeah, right. You're sitting in a corner quiet as a church man who's

16:38

been the token house boy.

16:42

For the continuing on with our conversation, you were finding something happy to talk about?

16:48

Oh, yeah. How about the only reason to watch fan housing? No,

16:51

you are not allowed to speak at their movie until I've seen it. Okay.

B Bobby 16:54

It's in a watch. That movie is half naked people. Right?

c Chris Harrison 16:59

Okav. Hev. I've got a coupon for time for to use that gift card. I've got like a month

17:11

I control the microphones. Speak again of that movie and I will turn you all off. Oh.

17:20

Mommy's crying.

Bobby 17:22

Baby. Take your clothes off. That's

Chris Harrison 17:25

gonna that's gonna turn us all off.

17:28

We weren't talking about you. Watch it nicey man, be careful. You are the weakest link. I will tell you

Bobby 17:37

he may be the weakest link but he's got hands bigger than your face.

Chris Harrison 17:44

Just put it this way. Pictures and I'm not afraid to use them.

17:49

Just because you're four times the man I am I will

17:54

three times than you ever could.

Bobby 17:50

B

DONNY 17.50

I will sit here and laugh as he rips your face off your skull. This isn't

♂

18:09

the best session Okay, so let's get ready to know more gay white trash

B

Bobby 18:15

let's get ready to rumble oh we can talk about Men in Tights now.

C

Chris Harrison 18:21

Jay Rodriguez the culture Raven from the Bravo series Queer Eye for the Straight guys so cute. to Houston he is so the cutest member that he will be here quite likely to get with his hair this year. I don't care

♂

18:34

who cares? I think he's just I'm not looking at his hair.

♂

18:39

It's everything else gonna

C

Chris Harrison 18:40

be appearing at Empower on June 12 and 13th the business and community Expo presented by the Greater Houston GLBT Chamber of Commerce, Rodriguez a singer and Broadway performer he was in rent and Zana don't.

♂

18:56

About time we had that title running around.

C

Chris Harrison 18:58

Here Riverside did a VIP party and autograph reception during liftoff. Our launch into pride. He's going to be performing his single Love is good at the out of this world party and dance later on it tonight. The Empower is going to be at the George R brown Convention Center. And that's June 12. And the 13th

 **Bobby** 19:20

he is without a doubt my favorite career I guy. I see.

 19:25

The interior decorator one is cute. minute, but J is definitely cuter.

 **Bobby** 19:31

I'm all about J Harley watch TV. He looks like a fairy.

 19:35

No 10 Speed Check the crotch check the crotch.

 **Bobby** 19:41

I actually got at some point to dears he looks very like he could be very elven.

 19:45

Yeah, and pointed ears are easier to grab on to.

 19:51

As we just lost our PG 13 rating.

 19:54

We never had one ever. We've creeped from

 19:57

NC 17 to somewhere around between R and x

 20:02

from toaster to color TV

20:10

what are those? You just got the recruiting

20:11

prize of queer I?

Bobby 20:14

I just saw that, like, the bad thing that they did with the guy who was in like a play or musical?  
Yeah.

c Chris Harrison 20:22

The the musical theater writer, director, producer. Oh, yes straight.

20:28

Yes. That was. Yeah,

Bobby 20:30

okay. Well, I believe a girlfriend

20:32

that was with him. And but you know he a roommate, I would

c Chris Harrison 20:37

rather see him get along with a boy or with a roommate.

20:41

But yeah, that was an interesting one. I actually guess that was the first episode I saw was that one was when they were doing because I happen to be flipping through the channels and saw it. And then actually, what I saw was them talking about the fact that he was in musical theater.

He was the producer and the writer for it and he was straight and it actually caught my attention. So I actually watched the episode. You

 **Bobby** 21:03

know, I think I think the Queer Eye guys have to start writing stuff down for these people. When they get around to being all on their own. A screw up so often.

 21:19

The one they did with the artist I think it was last night or wasn't night before last that they did with the artist. They were trying to get him to wear like these these. It was a suit with a T shirt. And instead of putting the suit pants on he put regular blue jeans on that were like faded and it actually looked better than the suit did. Yeah. Yeah, that was

 **Chris Harrison** 21:40

Butch from season one. Yeah, it was actually kept it up they they brought some of the people back for the Christmas reunion show. Yeah, I saw which

 21:51

was one of the worst that they put on TV. Yeah,

 21:54

well they're supposed to be doing same mother's days marathon this weekend.

 **Bobby** 21:57

Well there were some somebody was missing from that group. What are the five of the of the know of the straight men strike? I

 **Chris Harrison** 22:07

don't think they brought back all the straight guys. I mean, I certainly guys probably you know some turned off from it from that. But no, I mean, that's a very interesting little show to to peruse around there. And like I said Jay will be coming here to Houston because we have reason to want to go to see go to empower me to

 **Bobby** 22:29

— sing for me any day. microphone on it

 c Chris Harrison 22:37

Hedwig and the Angry Inch is playing here in Houston. The musical The musical the Off Broadway sensation Hedwig and the Angry Inch inspired a cult film and following and help revive the pop cultures fascination with glam rock. The story tells the tale of hospitals Schmitt, it used to be Atlanta looking to escape the Soviet bloc, Hansel decides to undergo a gender change surgery to marry American GI Luther Robinson and flee to the US. The surgery is butchered but Hans will still succeeds in becoming Hedwig Robinson, with an inch of manhood still intact. After her gi hubby abandons her in a trailer, Park Hedwig decides to pick yourself up, dust yourself off and reinvent yourself again as a rock star.

 23:27

Yay. A really bitter rock star.

 c Chris Harrison 23:31

I enjoyed watching the movie when it was part of the gay lesbian Film Festival a couple years ago,

 23:37

I was fantastic. And of course, all original music written by the guy who plays the drummer in the band. I thought he played Hedwig No, no, no, no, no, no. The screenplay and musical for the stage were written by the lead actor. The music was written by the drummer, okay,

 c Chris Harrison 23:57

and just see Friday and Saturday nights May. Okay, hold on. There's two there's two different events going on. Hedwig and the Angry Inch is going to be at Fitzgerald's on Friday, Saturday and Sunday nights on throughout May at 7pm. Fitzgerald is at 2706 White Oak. And for information you can call 713-862-3838. Or check out online at Fitz live as fit Z live.com or Hedwig houston.com. Even though I'm pronouncing it the correct way Hedwig is spelled with a W right. You can also see the cast of the play infiltrates the theater on Friday to make the experience more glamour glam mystic and Pinkalicious. On Friday, May 21 And Saturday, May 22. The Midnight Show at Landmark River Oaks theater will It'll be Hedwig and the Angry Inch. And so the cast will be there to participate in part of that. I I see.

 25:06

That's a new incarnation of rocky dying to happen.

 Chris Harrison 25:10

I can see that happening. I will be there with boots on

 Bobby 25:13

and we thought glam rock died when? What's his face? Put Ziggy Stardust in a clock David Bowie.

 25:22

Gonna say when David Bowie and Mick Jagger Mick Jagger quit sleeping together.

 Bobby 25:31

But, you know, Velvet Goldmine did wonders for reviving Velvet

 25:35

Goldmine was fabulous bankrolled by Michael Stipe of REM no less.

 Chris Harrison 25:41

But it also had Hedwig It was basically as a fun movie. Yeah, I remember when I came back and did the review of that and did a review of Nico and Danny and I tried to find a common theme between these two and the strange one was both movies involves scenes of someone else tossing this I can't say that using the wrong terms not tossing the salad according to Oprah diet overdone a little bit of trouble for the obscenity on one of her shows what obscenity. She did a show

 Bobby 26:16

she had a Republican on.

 Chris Harrison 26:20

She did a show a while ago. It was talking about sex. There's not up there yet. The thing was this. I mean, well, Jerry Springer is still on the air. But you know, his show like you're in Houston is on at two in the morning. You know, type of people stay up that way.

26:41

It's also on during the middle of the day, just in time for the kindergarteners to get home.

Bobby 26:51

How did they get away with it? With that whole getting people in trouble? It's 2004 Folks,

c Chris Harrison 26:58

well see, here's the problem. We

27:00

get ourselves into trouble. Oprah Winfrey. Let's

c Chris Harrison 27:03

see here. Here we go. In the wake of Oprah Winfrey Show that included explicit talk about teen sexuality, and address topics such as rainbows and getting one's salad tossed. The FCC received more than 1600 letters complaining about the racy March 18. Broadcast and demanding that the talk show host be cited for indecency.

B Bobby 27:27

Okay, now compared in the millions and they're complaining about Yeah, compare 1600

27:31

to the rest of reviewers?

c Chris Harrison 27:33

Well, the thing is, I mean, they're discussing tossing your salad and i I'll be honest, I didn't know this definition of it there. I thought tossing salad meant you take the other person in your hand. According to overall tossing a salad is

B Bobby 27:53

tongue in places so that yeah, playing

27:56

with their back door

27:57

is the fork hoe

Chris Harrison 28:01

to use the scientific term at annual Lingus. And I didn't understand that was the term there. Unfortunately.

Bobby 28:08

I've done that for years. I haven't gotten to do it but

Chris Harrison 28:15

they Your time has come with. They've got these reports on here instead of the Yeah, it was power Washington episode of The Oprah Winfrey Show, where she graphically explained her audience how to look someone's a hole and use different shades of lipstick to create a rainbow or erect penis. Well, I was wondering if you also wants to prove

28:36

Okay, here adds a whole new meaning to Rainbow Coalition.

Chris Harrison 28:39

Here's the best lunch. I was wondering if you also watch this program so that you could apply better techniques to George W. And Mr. Cheney. You are a disgrace to our working class to pay your ridiculous salary and your father was a double talking coward. Yes, eat something in November because you're out

28:59

like that. You know, you gotta wonder what's going on in the White House, you know, with George Bush and Dick Cheney.

Chris Harrison 29:06

And Colin Powell.

B

Bobby 29:10

What do you got to new? She hasn't gotten in that deep Deuter to since she ticked off the beef lobby there. Yeah.

♂

29:21

Lobby. Okay. We're

C

Chris Harrison 29:22

getting real close. And so part here. A member of the real world cast got in a little bit of trouble for doing a Pee Wee. Dan Renzi, who was on real world Miami is cute. He was the guy who, you know, went on to do a modeling career. Well, he got caught doing the P way down. He was in a Kansas City porn theater. pleasuring himself during a movie when he was followed by undercover vice cops, who were oppose them to join to deter sexual activity.

♂

30:04

He's gay. What else do you expect? And

C

Chris Harrison 30:06

he's an adult movie theater. What else do you expect? So they've got his cute little mug shot up here are crying.

♂

30:14

Eyes are all red. Well of

♂

30:17

course he probably didn't name away from his face.

C

Chris Harrison 30:21

No, that's that's a common condition is called Red Eye blue ball up all night. So

30:29

white boy with the red eye and blue ball. It's very American thing.

30:34

Well, it's coming dangerously close to the end.

Chris Harrison 30:38

dangerously close to the white

Bobby 30:40

complexion when he saw the cops.

Chris Harrison 30:44

So now it's time to wrap up the show here. We have a song to get us towards the end.

30:50

Yes, we have a song to get us towards the end.

Chris Harrison 30:53

Okay. Even listening to after hours queer radio with attitude here on KPFT 90.1 FM Houston 89.5 Galveston and the World Wide Web KeepCup T dot o RG. This is Pacifica radio for the Gulf Coast. We'll be back next week.
