 Michael Williams 00:00

Morning, I asked Jessica with membership. So Jessica, I tell me how many people that were listening to after hours called the station and wanted to be a member of our after hours. Team.

 Jimmy Carper 00:10

How many?

 Michael Williams 00:11

Absolutely none. Can you believe that? I know there's somebody out there that wants to get up on a Saturday or Sunday morning. Excuse me, that's March 14. And get your butt down Sam Houston park, so y'all can walk with us? Yes. And

 Jimmy Carper 00:25

no, I know, a lot of folks that are listening to after hours are either going to be walking on their own or maybe they're with another group. That

 Michael Williams 00:30

could be true to that. But not everyone. Not

 Jimmy Carper 00:32

everyone. There's somebody we're looking for KPFT. After hours, members that, too. Yeah,

M

Michael Williams 00:39

exactly. Exactly. And if you come out there, we'll get you something that identifies you as a KPFT. Team member. All right, get you out there and you can walk with us. And if you want to join KPFT team, give me a call or give Jessica Mays a call with membership here at KPFT. And that's 713-526-4000. That's right. And her extension is 314. Actually just call 71356 4000. You ask for somebody with membership. Yep. And Jessica will hook you up with everything you need to know or

J

Jimmy Carper 01:08

just ask about the AIDS Walk. Yeah, no, say we'll be answering the phone. And so she'll hook you up, you can go to

M

Michael Williams 01:15

AFH, his website at WWW dot aids, walk houston.org. Once you get to that web page, you can click on the team icon and type in KPFT. And it will take you to our web page upon this website. Join our team, oh, you can donate money to KPFT team. And you can do it all online. It's all easy. Just get your neighbors or whatever. And if you want a brochure or something, you could of course can stop by the radio station. We got tons of brochures, okay, so but we need people to join our team. We do need that. And we, you know, I was just so disappointed to come in and find out that no

J

Jimmy Carper 01:52

person had called I know, so

M

Michael Williams 01:55

goes yeah, so I'm gonna get that number one more time. I

J

Jimmy Carper 01:58

mean, people, you know, this aids work is very, very important. Because you may think that, oh, you know, that just helps some people. I don't even know it helps people. You do No. Like me? No, that's right. Yeah, that's exactly true. That's right.

M

Michael Williams 02:19

In this brochure has it says why will you walk and it gives a few a few reasons why somebody should walk. And it says HIV doesn't discriminate. And neither should we. And it says a nation. Half of new HIV infections occur in young people under 25. Oh no no that's a lot of our view

That's a lot of our that's our that's everybody out in radioland that's listening to us right now. Right, that's under 25. Y'all should come down and be a part of our team. Yeah. And show that you support not only our community, but everything that you're doing. Another one is, I want to do whatever I can to help other kids with AIDS. Kids have it. Give me a call. 713-526-4000 asked to join Kpf T's team. See ya later. Okay. Thank

J Jimmy Carper 03:03

you, Michael. We've got to get to Dean Becker. He's been waiting on the line for five minutes now. If somebody will press air and one air and one dean Becker. Hello, Jimmy. Hey, you do and thanks for waiting.

♂ 03:18

No, no, no, I'm always interested. I mean, you guys haven't great, great discussions, as

J Jimmy Carper 03:22

always. Absolutely. Tonight, it's been it's been incredible.

♂ 03:25

I wanted to put in my two cents on the if I may, on discussion, let someone was talking about the potential that certain people would get married on a whim and end in a disaster and be bad, as you know, look bad for the overall scheme of things. But come on, that happens in the heterosexual community, every day. It can't be held against anybody. It's just part of human nature that some people take bigger chances than others. And you know, it doesn't reflect anything on anybody else. That's right. And anyway, it

J Jimmy Carper 03:56

just reflects on the person like Britney Spears, when she had that fiasco, not reflect on all straight people did on her. Right?

♂ 04:06

No, the rest of us are like her now. It is crazy to draw big smearing brushstrokes like that, isn't it? Yes, it is. It really is. As the rest of this year, you're going to hear me talking about one thing, project hughster Dam, or project given dam or project cares a lot. I'm not sure what the title of this is going to be. But we're going to move it through Houston. And I'm going to encourage the other stations out there on the drug truth network to do the same. The report to me compare notes make progress. And what we're going to do is try to bring reason to the process and we're going to have zero tolerance for superstition. Ignorance good. That's the whole key to

this. It certainly is because we own the battlefield. They refuse to come on the battlefield and and do a discussion with us. I am having to do a debate with a DEA agent At different times really Oh, really? You see, because they cannot. They cannot face the truth. They can give their little propaganda spiel and blah, blah, blah. And what about the children? And of course, everything they do is designed to entice and addict the children. Oh, yeah,

 Jimmy Carper 05:19

right. Well, you know, what about alcohol and children? Oh, yeah. And,

 05:22

you know, yes, the whole process right now is the best I can figure. This is what I gave to the city council. I it's small enough, I'll read it to you. The drug war is a huge success. After 89 years of our best efforts, drugs are now cheaper, purer and more available than ever before. Millions for Osama \$3 Heroin fix or a \$500 announced marijuana for our kids. urine testing the real gateway, the end of racial bias in America begins here in the Gulag filling station of planet Earth. Medical marijuana now please contact and this is where everybody out there listening. I want you to be part of it. Please contact Dean Becker 281-752-9198. You know, the point of it is that many of you are out there are unemployed just like me, and it's easy to get into downtown. You this you speak to the to the council and the mayor, maybe two to 230. And you're out of there by four. And you know, you're in and out before the traffic goes while it's sleeping. And in the mid part of the day there. And we need your help every Tuesday and the sign up. You know, there's instructions on my website, unvarnished truth.org. I'm going to dress it up this weekend. I'm going to put up a sign up sheet. And we're going to be bringing in ambassadors, judges, scientists, doctors, lawyers, authors. I'm hoping to bring a senator out of Canada, the gentleman who wrote the report that said legalize it. We are going to bring people from the UT Health Science Center right here in town. This city council, we are going to make the change. But you know, I can't have a scientist there every week. But I want to have a Houstonian there every week. I want to have people in masse even if you can't talk to begin to show up to show our presence to the city council. And this year, we can make a difference. It may be incremental but we can begin to make the change and it's going to take us as as the prior guest was saying it takes that a little involvement it takes a few hours of your time rearranging your schedule a little bit god dammit we can do this do that. And I'm sorry to be preaching. Oh

 Jimmy Carper 07:34

no, no no no that's it's it's your time to do what you need to do to get to promote this and and get people off their butts

 07:46

was in the truth be told Jimmy it is possible. That's the one thing I mean, we all know that the drug war is an excuse it's an excuse to go after blacks it's an excuse to go after gays as an excuse to go after young white kids cheap vehicle. It is an excuse to fleece the populace and is

why because what hell is just allowed there is no why and

J

Jimmy Carper 08:13

there's no good reason there's no all the reasons that that they have a baseless

♂

08:19

Yes. And And again, that's why I was the you know, I'm doing it. This is for an access dad TV show. But the DEA gentleman will not do an interview in a room with me. He will he will do an in response, whatever. That's what I'm saying. Jimmy, I have asked everybody from John Ashcroft on down through the governor and all of those old state and federal congressmen, none of them are willing to come on.

J

Jimmy Carper 08:48

I of course, because they look like fools. All you have to do is put the facts out there. Now. They cannot refute refute them.

👤

08:56

I've spoken with a couple of congressmen excuse me, Councilman here. Ada Edwards is certainly she did respond to me when I went to the Council this week. She said, You know, I mentioned the upcoming racial bias conference. And she said she had heard about it. And she had met Deborah small who's coordinating and said she, you know, hopes it's a success. And, you know, I was quite happy to hear that, you know, she would, you know, their despair, speak on it. You know, it takes a little courage and I admire her for having been that brave amongst those others. They were like deer in the headlights when I was done with that speech. It was like you're bringing that here. You know, they could not respond. And and Ada was kind enough to share a word with me. this coming Tuesday, I'm going to be busy. I have a two hour show. atashi has given me that 10 to noon slot. All right. I have six current and former law enforcement officers coming on the show. We're going to talk about for God's sake that did you hear the bus that happened? I think it was third. Today, the Houston copier got caught with a kilo of cocaine and 100 pounds of marijuana that he was delivering in uniform in his patrol car while on duty. Yeah, you know. So we have the in essence, the cops are the drug cartel. And if you can't tell the difference, you've got a big problem. There you go, we have the same problem that they've had in Mexico and Colombia for decades, and has now come to the US. When will it be enough? You know, I don't know, it's going to take the people out there giving a damn saying that they own this battlefield, that they can make a difference right now, by by just showing up and given a three minute speech, you have done something substantial, you have shown that you are a citizen, and a, you know, concerned citizen, because you can't lose this battle. You cannot. There is no justice, there is no reality to this damn war on drugs. We need your help. And anytime call me, Dean Becker, my phone number 281-752-9198. I'll help you write a speech. I'll make you feel comfortable. I'll you know, tell me what you want to say. I'll help you find scientists that can back up every feeling you got. Because it's all on our side.

And Tuesday night, cultural baggage 630 I'm going to have three medical marijuana patients come on and talk about what it's like with cancer and debilitating disease in a city like Houston, where there are no compassion clubs, I'm on

J

Jimmy Carper 11:36

HIV list. And there was just an article that came out yesterday talking about a study that had shown that one of the the really painful side effects of AIDS medications is neuropathy of the feet, which I have. And the study showed that marijuana cut that pain in half. Now we did that they did a study and gave each of the study participants three marijuana cigarettes, you know, to take three times a day, and they reported the pain. Some of them, it was down to 20% of what it had been. So you know, that's why I'm in this.

Ω

12:28

Yes, Jimmy. And, you know, that reminds me, John Walters, drugs are Yes. He made a statement in that regard. He says, Well, certainly they feel better after smoking a joint they probably feel better if they did they hit a crack or some heroin too. You know, and that's not the point isn't the point and the heroin, and the and the crack can be debilitating? Yes, can mess with your kidney and your liver, etc, etc. And and and for some people, it's just not the right medicine at all. No.

J

Jimmy Carper 12:55

But you know, this study, if they didn't give the patients that much marijuana just enough to cut the pain noggin enough to dull their senses. It's been

Ω

13:08

shown in in many instances that a person who who needs some of the opiates can actually cut down the amount of opiates they use by you know, a factor of 1/4 of the prior amount, just by smoking a little bit of marijuana every day. Yes. And, and it's just totally ludicrous and insanity, to keep trying to do this. To save the world from drugs somehow by destroying us all in doing so you know, they're willing to kill us to keep us from killing ourselves. I don't know how.

J

Jimmy Carper 13:42

Anyway, you're on every Tuesday night at 630. Right here on 90.1 KPFT and

Ω

13:48

the 420s. This week, we'll all have medical marijuana patients. Jimmy, thank you so much. Thank you, Jane. Good night, y'all.

J

Jimmy Carper 13:53

Good night. Dean Becker. The only heterosexual man who? Oh my You only heterosexual man who has a permanent spot right here with his cultural baggage show. We're gonna go to a piece of music I hope. And then we've got the leather line. No.

And at this moment, I would like to take this moment to remind you that you are listening, listening, listening to after hours queer radio with attitude on 90.1 KPFT Houston and 89.5 in Galveston and as always on the web@www.kp FT dot o RG and at the moment I have mistress Norma Jean Hello. And her two friends who I forgot their names. Speak up.

♂

16:14

We've got Jerry here and Bob, Jerry

♂

16:17

and Bob. All right, and this is the leathers line. And what are we discussing today? Well,

♂

16:23

we're going to discuss but worship and trampling. Okay,

16:28

isn't that what elephants do to smaller animals? Well,

16:33

yes and no.

16:37

Just the flaming ducks.

16:40

A flaming ducks. Okay, so we're talking about foot worship, and okay, that microphone is not needed. Okay. trampling is, like having people walk on you. Exactly. Exactly. I used to have a Soos that would do that to put my back into place. Is that the same thing? Or? Well, you know, she

17:02

did it for a job. Right. We do it because we get off.

17:09

So that's the difference. She got the aid you get.

17:12

Maybe she got off? Yeah. I mean, did you ever really look at her eyes after she was done to see where she was?

17:19

Well, it was a guy. So I think I would have been able to tell if he'd gotten off.

17:25

Right. Well, you know, some people can get off mentally and not physically there. Well, yeah, they do know this. They get glassy eyed and they kind of lose it and you go to another place.

17:36

Your eyes roll back. Yeah.

17:39

Doesn't Jerry have a sexy voice? Yes, he does. Listen to his accent. Say something. Jerry. Something. Talk with the Italian accent.

17:48

Which one?

17:51

The one you're using on me all night? Any people that know misters Norma Jean know that she has a long hair fetish. And Jerry just happens to have long hair. Isn't he lucky?

18:03

Absolutely. Absolutely, positively. Yeah, I

18:08

was. I was pulling his hair tonight. It was fun. Oh,

18:11

yeah. And I'm sure he enjoyed it, because he allowed you to do it, of course.

18:18

But I do want to introduce my my guests. And we're sorry that Miss Indigo couldn't be here tonight. But we'll help. We can do justice to the show. And we've got two fabulous people here with me. We just came from an event sponsored by a website fortnight.com www.fortnite.com. And they had their first party here in Houston. This evening, which we all attended. Jerry came in from out of town about five hours. And so you can kind of tell how serious the fetishes. And then we also have Bob who's also known as CC dude, and he has a huge website, cc do.com. And he is the most walked on man in Texas. I'm very happy to have him here. Thank you for coming. Thank you both.

19:06

Appreciate it.

19:07

Only on your show. Would you be proud of being walked on?

19:12

Now a good way though, right.

19:14

So I've had the pleasure of walking on CCD this evening, and putting my toes in his mouth. And it was it was very enlightening. And of course, he lost it. You went to another place, didn't you? Did you Where did you go to

19:31

visited Mars or the other side? Took me a while to get back but Okay, start yo,

19:38

let's go and tell the audience how many years you've been into feed and kind of give us a background on how it started for you. And if you know, I don't know if you've kept count, but how many people have really worked on you. We'd be interested in knowing

19:52

well, I don't want to be a heel, but

19:58

the bad jokes start to get Have you ever nothing Yeah, hilarious I

20:03

grew up in a small town we listened to Paul ankle and opposition of being well heeled, yes. I hope our listeners will arch their back and I'm here. But I was totally into this from the beginning. I have no reason why I can tell you no reason why. I guess it's like having

20:32

you know, I want to interrupt you for a second because someone a few people actually have told me the same story and I want to know if this holds true for you at all. Elementary School. The shooting angle

20:43

I'm talking about shoot angles are awesome. Yeah, like

20:47

most of the guys that I've encountered that come to me for foot worship started a new about fourth fifth grade when they started checking out girls, you know, and the shoot angle you know, I'm talking about no complete shooting angle is where the shoot like a pump, okay, comes off and it kind of dangles off the toe. Kind of teasing you and just mesmerizing you as the shoot goes back and forth. Back and forth and Jerry's getting

21:15

a high school year. Is

21:15

that true for you? But yeah, go ahead. So I just I wanted to hit that. Just to see if that holds any water for you.

21:22

I'm sorry. I had to change my shirt. So yeah.

21:30

Thanks for sharing. Glad Glad we could

21:33

live without that knowledge. But I think a foot person is a third person psychologist in Houston, Texas. I don't know if anybody's been there, but comes with the territory, right? This psychologist said that a foot fetish is the most common least harmful on Earth. And there are

tons of us. And I think people will tell you that they cannot explain the time it began. It is just them.

⌚ 22:04

So what did you like this evening about my feet in your mouth?

⌚ 22:07

Yeah. I don't want y'all to think I suck. But

⌚ 22:17

you did that quite nicely.

⌚ 22:19

Thank you so much. Oh, yes. All righty.

⌚ 22:22

mouth is full.

⌚ 22:26

hardly say we couldn't get a word in edgewise. No.

⌚ 22:30

He gave a mouthful. You can call me Bob or or Roberts or whatever. But I would say that it was quite pleasurable. And I think you could go home to your parents without offending them or anyone else.

⌚ 22:40

Beautiful. Now let's let's go into trampling. Yes. What is that about for you? Traveling

⌚ 22:48

is a pressure thing. It's sort of a the pressure. It is relaxing. It causes one to enter an alpha level rather quickly generally

Teacher quickly, generally.

23:00

Okay. Can you explain to people that don't know what that means? So what alpha level is,

23:05

let me explain it to reflexology. When everyone is having their neck massage or their feet massage, they enter an alpha level which is a state of sleepiness, drowsiness, inversion, or however you'd like to say it. And it's a very pleasant, pleasing level, relaxing. And when one comes from an alpha level, it would be similar to being hypnotized, they would feel refreshed, relaxed. And so it's a very refreshing thing. And I must say that you have phenomenal feed, by the way, and thank you, you have 10 toes that are each one their own on beauty. Just the fact.

23:50

Now, there's some people that like to be walked on barefoot, and there's some people that like stalking to feet, and there's other people that like heels, and shoes.

24:00

Wouldn't that be painful? Well,

24:04

depends on the person you know, everyone's got their own threshold for pain.

24:08

You're in that gotta have thick skin you

24:13

so to speak, did what you love is excellent. We got to get you talk.

24:20

Oh, I love it. And he's got long hair. He's a musician. And he's got an accent. It can put him on the list for candidates for husbands. Oh, yes. I'm still looking I'm still looking by the way so you

24:32

said you were going to talk about that

24:36

yes, I'm looking

24:39

at this mistress. You're in that mindset the pain isn't really a part of your aspect. You're looking at something different than right then that. Okay, go ahead.

24:51

So tell us what what do you like Bob? Do you like stocking feet bare feet or shoes or like stiletto heels? What's your favorite You know, as far as trampling Hello.

25:06

stocking feet Hello.

25:09

Welcome to level one. Please call us 713-526-5738 You're listening to KPFT 713-526-5738 Please give us a call. And Jerry. Let's hear your let's hear your story. long haired boy. long haired boy. Alrighty, so stop.

25:32

Really high girl in me over here

25:34

which my friends could see you. Oh,

25:37

actually blushing?

25:38

Well, we That's my natural color though. It can be I guess. What are we talking about? Here we're born and raised in Queens, New York. You know, it's I have still working on my southern drawl over here. You know?

25:56

That's alright. I could talk like this if you want me to help you.

26:01

Friends Russia.

26:05

That Stop, stop. No, no.

26:09

That's really annoying, isn't it? So tell us what, what started it for you. Man

26:18

taken? I think it was Vanna White on you know, yeah,

26:26

I think it went What was it about being Are you being serious?

26:29

It might have been I don't really it's so far back. It was just like a childhood. It was I was 1213. And it was something that was just overwhelming. You know, homeroom class, you know.

26:41

So, back to the shooting.

26:43

~~Yea, I shoot that back there. You know.~~

YES, I SHOULD TURN BACK THERE. YOU KNOW.

26:49

You said what kind of angle did you have to the shoot angle was kinda like it was sideways.  
Was it

26:56

kind of towards this back side? So it was kind of like if she happened to turn and look at me. I turned my head. Just so she wouldn't know. I was looking because it was. It was like, you know, you didn't want people to know about that was kind of I was a closet case of foot fetishists.  
Really,

27:15

there's other boys in the class are the same way. I mean, did you ever look around and see, like, guys like, looking at toes?

27:23

I can't say for sure. But I later like years and years found out that my best friend's cousin has this big foot fetish that we can share and talk about today. But back when we were in school, you know, I mean, we never knew that about each other that we both happen to have, you know, foot fetishes. Oh, that's great. Yeah. So

27:47

okay, cool. Yeah, we're gonna, we're just gonna pause for a moment and take a call from goddess Evalina. That's one of my great friends in Miami. She is a very well known dominatrix. And very glad to hear her Collin. Go ahead. Evalina Hi. Hi. How are you? Darling? I'm doing good. Oh, yay. I'm so glad you called him. Thank you so much. Well, you're talking

28:09

about one of my favorite little subjects here foot worship and trampling. Well,

28:14

anyone who knows you that you should be their favorite subject.

28:19

20.10

Last you. You know, it's interesting. You mentioned hypnotic elements to that because I've used that actually, in one of my videos that I have to sort of use the motion of the foot and kind of position it very elegantly, with very beautiful on the doctor and actually using that for hypnosis. It's an interesting aspect of that because I do think it can be very erotic but also captivating to see that kind of dangling shoe or that slow moving so well. You know,

28:54

my dear friend, I'm I'm hypnotizing Jerry with my foot right now.

29:01

I'll have to get my boy in here. This thing is sticking out. Listen.

29:07

I'm sitting in the chair. Yeah. Got my foot up, like right in front of his little face. long hairs like that. I'm like, going around and he's following it like a chicken should make him cackle.

29:22

That's exactly the effect I'm talking about. I've watched people kind of their little heads. Take off my boots. Oh, yeah. Oh,

29:31

yeah. He's taking it off. Yes. My dear sister. He's taking it off.

29:35

I have I have to call somebody and

29:40

get our feet down at the same time.

29:41

Yeah, well, that's my goal. Right now. I'm getting my boy in here. Oh, good.

29:45

And for those of you that don't know who Evaline is. She is known as probably the United States foremost Hypno DOM. She's got a tremendous site and I'm so proud to call her my friend. Oh, Evalina Can you just please tell the audience your website address so they can worship you as well?

30:05

Three of them actually, oh, please

30:08

do tell.

30:09

I have www.ed V D, which stands for Evalina digital videos domination, a DVD that S T. And that is my video site. Then I also have WWW dot hypnosis dynasty, just my Hypno domination site. And then there's just everything which would be dominatrix data's T.

30:38

And that is an awesome site.

30:40

Thank you. Thank you. I'm working to update it actually to put more video clips and things like that.

30:48

What are you doing? So much content so little

30:54

time? Well, I work on a lot of videos and I like to like that and the things I'm actually releasing one two nights so I can have it all night. Yeah, but this is one more for the community. Yeah, because it's it's something that I think every slave wants to be able to enter subspace really quickly and write on command for his mistress so I've developed something that will kind of help train people to do that. So it's not specifically for me this is the first time I've done a

hypnosis video. That's for basically any mistress to get her slaves to enter. You know, that special submissive state, right? The second day, enter that dungeon. I know. That's one thing that I always crave as being my slave in that state.

31:44

Oh, yeah. Do you know what I'm talking? I know what you're talking about. Juries, juries, Jerry's looking. He's kissing my toes. This is lovely. You know my dear sister I'm into long hair and it's just too much for me right now.

32:01

It's hard to concentrate.

32:02

Oh my god you gotta see this guy. He's Hi girl.

32:09

feelings to you know there's so many nerve endings in your feet. It's just there.

32:12

It's so Oh, yeah. So tell us tell us just how long you've been in practice it is a lifestyle or and what do you like about foot worship the best Do you like trampling? Do you like having your feet caressed and oh

32:30

god I like a bow. That's a hard decision. What

32:32

do you know better than the other but I'd like to I'd like to know what you're

32:36

taking the trampling for me kind of appeals more to my sadistic side because I just love the idea of taking my boots walking all over somebody. Very sexy thing for me. I'm very visual. So when I see those stilettos just crashing into the body. It really does something for me. Oh,

yeah. And then the, the There's something about having your toes licked. The feeling of it. Just I love to have slaves slide their tongue between my toes.

⌚ 33:08

Oh, like this. Oh, my. Jerry. Good evening. Or Good morning. What day is this?

⌚ 33:15

It's Sunday, Sunday. Sunday

⌚ 33:17

is gorgeous. Henschel though, you know, there's nothing that makes you feel more powerful and more pampered than having someone kneeling before you licking your feet. Oh,

⌚ 33:30

this is wonderful.

⌚ 33:31

I mean, it's the seat to there's also a little bit of a humiliation aspect. So

⌚ 33:35

we get Jerry like closer to the mic so you can hear his lips against my foot.

⌚ 33:38

The mics are picking it up.

⌚ 33:42

Listen to that. I can't I can't help you with that. My boy can't get close to the microphone. Evalina

⌚ 33:47

listen to this

33:52

I don't hear enough tongue action.

33:55

She does have stockings on so.

34:00

Yeah, like that bear skin. Very effective as being a stocking foot. Oh, yeah. You know, especially right over the mouth or sometimes another thing that's really fun to do when I do trampling I like to kind of pinch the person's nose between my big toe and the other toe and just sort of squeeze it. Well. I've matched the ball of my foot up against their mouth, like this. Oh, yeah. It's like a slip. And it lovely. It's very exciting to me. Just to know that I have, you know, somebody's breath under my foot. Oh, yeah. It's odd feel them kind of trying to breathe in.

34:42

We're acting it out everything you say.

34:45

To give people ideas.

34:47

Juries good idea was of his own. I was pulling his hair tonight. From

34:52

I love that too.

34:53

I had to. I love

34:54

that too. I love the hair handle. I like to kind of pull by the hair and direct. Oh yeah. It's so much

fun to grab somebody by the hair and pull that head where you want

35:03

to. Oh, yeah. Oh,

35:07

my rather short it doesn't matter to me though. I just I, I can get a handle no matter what. Good deal. Are you thinking about coming here, huh? Yes.

35:16

And I want to thank you so much Evalina has invited me to her facility. And I'm going to Miami to see her from March 11 to the 15th. For those of you that don't know, my website address, it's [www.mrsnowmachine.com](http://www.mrsnowmachine.com) Evalina. Thank you so much for calling in. I've got to take another call. I appreciate your time. And please keep listening and to everyone else in our community. We love you.

35:41

And we must remind you to start booking now. Yeah, I know in high demand honey, Norma Jean is going to be in demand. Thanks again. I can tell you

35:52

too. Okay. All right. Talk to you soon. Bye. Bye. We have another call coming in from Jim. Hi, Jim.

36:01

Good morning.

36:03

Good morning. Thank you for waiting. I appreciate it. Oh, it's

36:06

quite alright. It's a real cheap this time and i

36:11

i hope you have unlimited night and weekend dear.

36:13

Yeah, that's fine. We're talking about people who like barefoot people like stockings and people like heels. Now, I've got a particular weakness for athletes. Athletic ik types. I see. So are running shoes. Do you see much of that? Well, be much of Mary Jane's those black and saddle shoes. Are those things that they had to wear in Catholic school? Oh, yeah.

36:45

Marriage jeans are hot. Yeah. They kind of almost Gothic now. Yeah. Especially because they put platform all across the bottom and made them very high.

36:54

Yeah, that's a whole different deal. Oh, man, I have a funny story. And my wife won't take long my wife was shopping a yes, I'm a heterosexual marriage guy married but not that. It was great. She was shopping at a shopping at a shoe store. And the salesman was obviously a major click guy. And she finally decided on what she was going to buy. She went up to the router and as she was making the purchase, the guy said that he really liked her ankle chain. When she said, Yeah, my husband keeps me in chains. Yeah, it was good. It's not an automatic thing for me, but I can get into it if that's what's the thing to get into. So hey, you go, folks. All right.

37:55

Take care. Goodnight. Oh, thank you for calling in and we appreciate it. Okay, you have fun and thanks for listening.

38:02

Thanks

38:06

all right. All right. Well, oh, she lost a stalking I've

38:09

lost guy. I have Jerry on the floor now speaking to come in here and see this sweetheart. He

just disappeared. He's our guinea pig. electrocuted.

38:19

Now that was him electrocuting somebody else

38:23

what kind of see? Well, you know what I mean? Yes. For to something in the morning. You know, is that hot? Jimmy? Yes. It is. My feet No.

38:40

was a very fast to know there. I don't think Jimmy plays with women at all. So that's okay. Fish. So,

38:57

got feet with my tongue.

38:58

He's cleaning my feet with his tongue. Should we, Jerry, tell us what you're going through when you're under my feet. Like, why don't you slide this way? So your face is like, right under my feet. Okay.

39:10

Can you hear him? Come over here. You can extend the microphone down towards him. Yeah, he's way down in the floor. Okay, come on over here. Okay, the beauty of a boom mic.

39:21

I got my own. Boom. Boom, down there. Oh,

39:25

you started something. You're not getting away. Now.

39:28

Come over here. Slide your face over here. Okay, now, tell us tell the audience like what my toes feel like in our little mouth.

39:37

feel really good. Susan. Like they belong. They're hard to explain. Actually. It's just she loves it. Yeah.

39:52

total bliss, total blast. total bliss. It's like indescribable by words just like you just have have to know.

40:02

I want I want somebody to call in. That's never stuck toes before.

40:07

And number three,

40:08

yes. 7135 to 65738. Please give us a call

40:18

which is very difficult at this moment. It's just very difficult at this moment it's it's very unique. Every situation is unique from the prior.

40:38

I'd like to hear from people that have never stuck toes, but maybe have think they have a foot fetish. And I want to hear about their little fantasies. I love to hear about people's fantasies. So I live for at

40:51

least a part of your job as well. Yeah, listening to people's fantasies and then fulfilling them

40:55

and it's such a good job, honey. You know, I sleep very well at night. Very well at night, and I'm just so glad I could help Jerry finish. Because my poor feet are just going through awful things right now. I mean, I've got teeth. I've got a whole hellhole.

41:17

You're being tortured there.

41:20

Oh, help me someone, please. He's got he's got three of them in his mouth. He's got the big one in the second one. And the third one. Oh, that's hot is faces. It's like wow, he needs a pillow. I don't think he's moaning Listen. Yes. Beautiful, huh? Oh, look at that. Look at Bob's helping out his foot brother.

41:45

Put a jacket under him.

41:47

Oh, that's nice. Now, I'm gonna put my heel right there. Now what do you think about the heel Jerry?

41:53

I love every part of he loves every part of the font.

41:59

Now, where did you put your heel?

42:01

I've got my heel right on top of his mouth. Open up. Open up. Yeah, always biting it. Sometimes feels good when they bite if I see he's got sharp teeth, too. He's like an animal. I think you are an animal. Robert, you need to tell some jokes. Tell some good foot jokes. Like what's the best foot you ever had? Honey?

-- --

42:27

years. I knew you're gonna say you're new right?

42:34

I asked you what? Allow Whoa, it's my wonderful friend. Hi, Indigo.

42:46

There we go. I missed you guys. So

42:51

we miss you too. And you know if you've been listening that I have a long haired boy here.

42:56

I'm not really a long haired boy who would have ever thought

43:05

so cute. I got pictures. Trust me.

43:08

I can't wait to see long hair. Oh,

43:11

he's hot. He's a mix of Italian and Argentine was with excuse me complete with sideburns.

43:20

Jean if you're with him I know he's hot.

43:24

You know I don't pick ugly man. Girl.

43:28

Sizzling Oh,

43:29

he is. And he's wearing leather. is wearing a good time. Hold on. Let me get my foot out of his mouth. And he could say

43:44

oh my goodness. Yes. So he didn't bother his tonsils too much. It doesn't sound

43:49

too hoarse. No, but I have pulled his hair already. You know who I am. Okay, Let's

43:53

shove your foot deeper.

43:57

Oh, he's got it. He's missing the pinkies doesn't have a pinkie and he's gonna Oh yeah, he's got the whole foot in his mouth. Oh, that

44:08

same shoe size. I'm gonna pretend it's me.

44:11

Oh, yeah, because the tongue is like right under the ball my foot. Teeth rubbing against me and his tongue is going in between my toe My Big TOE my second toe Oh my god. Yes don't know. I feel like oh, it is people don't realize it really is guys. Having your feet licked on and caressed is very appealing. It's very sexy. It sends these what does it send? It sends these signals to your head that just Whoa. It's a feeling you're sending?

44:51

Oh yeah the speed and if you if you saw certain parts of the see they say that it helps other parts of your body. Adi, if you want to cool them quickly, in the summer, if you put cold water

on your feet through bodies of your timber, this changes. It's amazing. It's absolutely amazing. Now the feet are in our major erogenous zone. And if anyone's ever talked to my slave Jeffrey, he is one of the biggest flip fetishists around. He's made me appreciate my feet much, much more.

45:25

You've made a good point there because I don't think that people really appreciate feet until they get into you know, interactions with someone that likes to rub them and caress them and lick them and it makes you feel very good. It's almost has a sexual connotation to it, but at the same time, it makes your whole body feel good. It's very oh my goodness, it's very refreshing. You know, and you're talking about you know, if you're hot Well, I say you know, screw the cold water. Let's just put our feet in somebody's pocket.

45:57

Who doesn't generally make you hotter?

45:58

Exactly.

46:00

But you know, hey, what a

46:03

way to get warm.

46:05

If you're cold during the winter again, just stick your mouth in somebody else's or your foot in somebody else's mouth. Yeah, right. Not your own mouth and your own foot. Okay. Engineer David is having problems speaking tonight

Jimmy Carper 46:21

all of your toes in his mouth. Oh, yeah. Jimmy?

46:24

Yeah. Do you want to see that again? We should do the left foot Jerry's picture this chair is opening his mouth again.

46:34

I normally can guess size of the foot you can

46:38

normally just by looking at it besides your mind

46:42

you have a size 10 Oh,

46:45

he's way off I've got I've got webs out in the car. I could just thank him

46:53

the bigger the more

46:55

there was a 10 your mouse would be wrong.

47:00

My ex wife oh I'm

47:03

getting compared to the ex wife interesting phenomenon that I've noticed is that a lot of fetishes enjoy larger feet. Right? Which which is interesting to me because they usually women prefer to have smaller feet and I'm half Asian. And so the foot binding isn't isn't a new concept you know so anyway, the point is, is that it's just it's like the more area they have to worship the better

47:30

their jury we do better with the right foot. Yeah,

47:33

exactly. And normally in mistress Norma Jean is trying to stick her entire foot in his mouth

47:38

it's in its in its all the way Look at that. Like he like it's almost like sometimes dislocating their jaw like a snake. And his eyes get really watery and it's so hot, but it's tongues like so like in euphoria right now. Aren't you Jerry?

J Jimmy Carper 47:54

Okay, I shake his head yes. Just to get erections from this find out

48:03

I think that's what Jimmy is trying to get you to do

48:10

want to know I've got the other foot in another place

48:13

There you go. That's why it's so wonderful. You have to have them not necessarily for walking people

48:20

Yeah, let's make that perfectly clear. They are not

48:22

unless you like walking on people.

48:26

I met another event this weekend sir

48:36

He wants you to know if he's got a hard on from you not yeah having your foot in his mouth

48:40

not yet but maybe the foot down below we'll do it

48:48

I don't know what he said

48:56

okay, it's a gradual process.

48:59

Oh it's a gradual process.

49:01

You know I think that you get so into it. Getting falak real rounds ism isn't always a part of it. It's so mental okay. You don't like my flavor it unless he just doing that there's no arousal it's but it's such a it's an it's almost like a holistic experience of body mind spirit. Everything some it's just amazing. You guys are having a lot of fun with Alice.

49:31

This point is not left his mouth. I'm telling you. It is in there. I've got people coming in here that I haven't even seen before. About

49:40

this is amazing. Well, you've seen me before in here.

49:43

Oh, you Yes. I was talking with this gentleman. Yeah, that's

49:47

mine. Yes, that's my other half. I'm gonna make him do that later.

49:50

49:54

my goodness. You're having a lot of fun.

49:56

50:05

50:26

That's gonna be a great show you everybody's got to tune in for that one because he is definitely the premier fetishist finishes in the country. Absolutely. We're so lucky to have him here in our community.

50:39

He just moved to this area and I am so glad as soon as I knew he was coming I just pounced on him and said you have to be on the show. Oh passion I had to arm wrestle him for I don't know point two seconds

50:57

do you know he wrote me from the South Plains leather fest he's up in Dallas. And the fourth thing had to be bottom for a demo today he hated it.

51:08

Suffer suffer that was the same event this this tonight so it is just really great to be amongst other king stirs.

51:17

Yeah, I'm sure you have any time.

51:20

1:01:27

That's what happens when they're too squishy. Oh, you follow your stomach can't stop. Oh, I thought you're flexing it like you're pushing me off.

1:01:42

I don't think he'd want to do that.

Jimmy Carper 1:01:46

It was a whatever it was was a natural reaction to

1:01:50

broken ribs. He's got broken ribs.

Jimmy Carper 1:01:53

Oh my god.

1:01:54

I told you is what most worked on me and in Texas was line. Two broken ribs on the side.

J

Jimmy Carper 1:02:00

So because ribs and be very careful there. Oh, yeah. But she did have a foot in his crotch and one on his stomach. Well, I

o

1:02:07

We have the ball and they have the border cross and they go. Oh, yeah. That's what it feels like. Okay, see and look at them. chenko It's like one of those. It's like you go into curves. You know, you don't really have to do anything. It just the whole machine works off

J

Jimmy Carper 1:02:37

your feet or on each side of his thigh. Right

o

1:02:42

right by his pelvic bone. Yeah, going back and forth. Any you know, as butts moving against there

J

Jimmy Carper 1:02:46

were the thigh meets the crotch. Where you have your feet and

o

1:02:51

it's fun. It's fun to like, stir them up a little bit, you know, like a James Bond thing.

J

Jimmy Carper 1:02:56

Going back to the stomach. And I gotta work on Jerry now. Okay, now she's walking on Jerry stomach, and one foot and Jerry. And he has this huge smile,

o

1:03:07

isn't he? And I'm gonna keep walking on her. Okay, she's

J Jimmy Carper 1:03:11

And at this time, I'd like to remind you that you are lifting and listening to after hours queer radio with attitude on 90.1 KPFT Houston and 89.5 in Galveston and always on the web at WWW dot k or KPFT dot O R G and we're going to put some music in your ear and then we are going to come back with Chris and the round table

c Chris Harrison 1:05:09

okay, all right. All right, ladies and gentlemen, boys and girls, children of all ages. It is time. Time now for the news and views, roundtable whatever the hell this segment is called the round table. Okay, hold on. We're gonna start off here. I guess this does work. We can promo this here. Devon's gonna do some stuff with rodeo. Yes. Rodeo is going on right now. Just started up stay there during the barbecue cook off today. They had the day. Yeah, they had a little piss at rodeo parade. You know? It's the big it's the biggest one in Houston. Okay, three or four of the stations cover the damn thing. Well guess remember people was number two, it comes to the end of June. It's our parade. You ain't gonna see that on television though.

1:05:54

It used to be called the fat Stock Show and Rodeo. And now they call it livestock. I don't know why but they changed it. Anyways, I have a schedule here of the performers that's going to be there that isn't politically correct anymore. Oh, it's not politically correct. No, it is.

c Chris Harrison 1:06:12

Yeah, look that just look to your left and see where the hands are gonna be smack in your from Oh,

1:06:16

I don't think anything's politically anymore. At least correct.

c Chris Harrison 1:06:20

All right. So let's, let's, let's find out who's going to be here this first week. Okay.

1:06:24

Tuesday is when it starts. The second and it's gonna be John Meyer is going to be on there.

 Chris Harrison 1:06:31

Take your drool buckets. Honey. Rights, right. If you would have seen him he would know who he is like John

 1:06:37

Meyer. Know your person. Yeah. John. Thank you. And then Wednesday we got George Street. He's gonna be there. this coming Wednesday. Yes, the third. I've seen him in concert already. Then on the fourth we got Wynonna seen her in concert. The weird thing she

 Chris Harrison 1:07:01

can see her mug shot. I saw her latest video where she was sitting on the curb after walking the straight line and didn't have a good beat you could dance to but it was good video. She was walking a straight line while she was trying to she was told to but she didn't she needed better choreographer.

 1:07:21

Yeah, well, Friday the fifth we have Bardwell

 Chris Harrison 1:07:25

Snoop little bow. I'm sorry. No, he, he turned 18. So now he calls himself Bow Wow.

 1:07:31

He thinks he'd grown up now. Yeah.

 Chris Harrison 1:07:35

In that genre of music you you're aren't grown up until you have a rap sheet. And I don't mean the list of your songs.

 1:07:41

Not your music clear. And out and it's Saturday, the sixth you know, I'm really lost on how that has to rodeo and you know, stuff like that. What bow

 Chris Harrison 1:07:55  
does very simple for farmers

 Bobby 1:07:57  
in the last few years who have absolutely nothing to do with country music.

 Chris Harrison 1:08:01  
Well, what it is, is this, they do one week, one day or one weekend, they do black heritage. So that's where they bring in the r&b and the rap and the hip hop is Friday the fifth then they also do a go to honno where they bring in some of the Hispanic performers. That's where Selena got her break was on Tonto day. That's the 14th you have that part that comes in there. Plus this year because of the Super Bowl them having to push the rodeo back. They're having and some of the rodeo events are going to be occurring during spring break. So that's why they're bringing in some of the teenyboppers check it out. Spring break for what they're calling spring break, which isn't during the last week before they bring the stampede I think before they bring in the old fart Willie Nelson to close out the whole thing

 Roy McCarthy 1:08:49  
during break destination, Oh,

 Chris Harrison 1:08:51  
well that was that's the thing is they're trying to make it coincide with it. The fact that you know, here's something you can come to Houston and do I mean, why go to Fort Lauderdale and get laid when you can come to Houston

 1:09:01  
come to the

 Chris Harrison 1:09:05  
to the bow. Who do they got dreams? Or the pop artists they've got that are coming. I think Kelly Clarkson, Nick Lachey and Jessica Simpson just Nicholas che Nicholas che they made me know that newlyweds the newlyweds on MTV. And Kelly Clarkson, the Dallas waitress who won American Idol to a one

 Bobby 1:09:28  
ache and why did they call

c

Chris Harrison 1:09:32

now he he's not going to be there. We're hoping to get him for the Pride Parade if he ever comes out.

o

1:09:41

Justin Timberlake, oh

b

Bobby 1:09:47

Timberlake still digging himself out of that mess.

c

Chris Harrison 1:09:50

Well, the funny thing is that the African American community is going all bats over him because of the fact that you know he He's the one who actually expose you to Jackson's bras and because he's the white guy, he's not getting in any trouble. And Janet is getting a whole bunch of stuff. Well, yeah, it was her boob. Her fault was getting somebody who's not meant to close to a female boob to know when to stop grabbing. And the last time he has latched on to a female boob was not with Brittany, but it was with his mom's

o

1:10:23

litter around it.

c

Chris Harrison 1:10:27

Don't forget also the Houston Livestock Show and Rodeo is a charitable type organization they are they raise money in the scholarships on the livestock show side. I know you'll probably be hearing a lot more about the rodeo side on some of the daytime programming here on the station. I can almost guarantee that but okay,

b

Bobby 1:10:48

Christopher Lowe claims to have not been between a woman's breasts since he was four years old

c

Chris Harrison 1:10:55

that's what I in the one chat room on my birthday. I kept putting on there that I was getting

ready to celebrate the anniversary of the last time I was between a woman's legs and you know some of the people will go Oh, happy birthday and other ones go How would you be why would you be celebrating the anniversary of a bat? So boy, you know concerning the conversation we've just had here you know, I'm so glad the FCC is cracking down on discussion on the on the radio airwaves. I heard Howard Stern was taking off

R Roy McCarthy 1:11:30

certainly one he wasn't offended Well, Howard

C Chris Harrison 1:11:32

Stern was suspended from six radio stations. Howard Stern Show is owned by Koch now which means you know become here. Howard Howard Stern Show is produced through infinity which, which I think it's infinity infinity rockets. They're like number two. Yeah. What clear challenges because Clear Channel is basically it wasn't for Clear Channel shoulders they would be so far off someone's you know what, right now

B Bobby 1:12:03

that they talk about that? Yeah.

C Chris Harrison 1:12:05

So what happened was Clear Channel did not like the conversation Howard Stern had with the male actor, the male performer in the Paris Hilton sex tape. So apparently, because they were discussing nudity, they were having a discussion about nude people on the radio show Clear Channel finally decided that the six stations that rebroadcast the Howard Stern Show, we're going to cancel it. Because it was obscene and disgusting and blah, blah, blah, blah, blah. But everything he did was that way. That is Howard Stern. But when you consider the fact that I mean, if they're really concerned with that sort of stuff, I mean, they're gonna be putting Michael Savage on the air here in Houston. You know, he already us. That's what I'm saying. I mean, it's clear channel that puts him on the air here in Houston.

B Bobby 1:12:51

If they wanted to bar the truly obscene from the airwaves. George Bush's State of the Union addresses would never have gotten on the air.

C Chris Harrison 1:13:03

Well, I mean, that's that's one of the things we were taught when you look at what's what's going on with this. The large thing of all the, the media talk here lately with the FCC and the hearings. You know, this past week, I watched briefly some on C span they had before a House

committee, someone from Fox Television, saw that ABC, NBC PACs TV, which is a subsidiary of NBC, Clear Channel and a couple other minor players and are sitting there talking about what they're going to do to help clean up television. Okay, we've got Fox Television there. Who thinks it's good comedy putting on who wants to marry a millionaire? That sort of philosophy, the littlest grew without which I'm gonna say, wrong, it is wrong, but I'll tell you this, okay. I'm going to admit this. It may mean a different hanky, my pocket, but that guy was kind of cute. Yeah.

R Roy McCarthy 1:14:04

They made a Hagee for that one.

C Chris Harrison 1:14:07

I mean, he may have been four fours. And I'll tell you this, okay. Between the two, the two of us standing together will be one hell of a picture.

R Roy McCarthy 1:14:16

I don't even want anyone to

B Bobby 1:14:21

know, I've actually seen, you know, say what you will but I've seen some very attractive people, people who are little people and

C Chris Harrison 1:14:28

he was a cute guy. He was a cute guy. And I mean, the whole process of that was coming out and at the end of the game, towards the end of the game, they brought in some regular size women, for him to choose. I mean, you get this all sorts of weird thing. We've got the next. I mean, they've had Queer Eye for the Straight Guy. Now Comedy Central has put up this god awful show, which is their take off of it. Straight plan for the game man. I watched I watched a couple of minutes of it. I had to turn it off because I was about ready to put my foot through the screen because they're playing it completely for laughs red necks trying to turn

B Bobby 1:15:06

away. Yeah, have you know that you know they've done a video right? Yes, the queer that video is on the top 20 Countdown. Oh yeah. On the on the music stations. Music TV station. I love the video. Bravo

Chris Harrison 1:15:23

did a 30 minute special on the making of the video before they premiered it. So I mean, comedy is such a haughty medium. I don't think he's done his hair. Better first season. We've got I mean, Comedy Central do this straight plan for the gay man. And apparently it's not like reality based sort of thing. I think the I think the gay guys they have on here were comedians because of the simple I mean, they had the guy there was making meatloaf was the cooking segment where he's gonna make meatloaf and he's sitting there go is this Nelly little. It was sometime it is sometime in his lineage. There was Hispanic or Italian in him. I just saw that about me and I just couldn't touch it. I couldn't bring myself to touch it. So with the straight guy goes, pretend there's a Barney's card at the bottom of that he just starts diving in. You know, I really don't think when Queer Eye does this stuff, they really go that stereotypical over the top. Now I've seen there's going to be a takeoff of Boy Meets Boy, where they are bringing in a woman and putting her with these 25 suitors. And some of them are gay. She

1:16:36

does check her gaydar.

Chris Harrison 1:16:38

Did they already do that? No. This is coming up here this next week. And it's it was called Getting it straight. Or getting it straight.

Roy McCarthy 1:16:48

I think they did do something like close to a year ago.

Bobby 1:16:51

Well Boy Meets Boy that was Boy Meets Boy, which was all about so

Chris Harrison 1:16:55

they're gonna have a meeting. And the way it works is if she picks a straight man, the two of them share a million dollars. If she picks a gay man, the gay man walks away with all million thought the whole million I need to get out and he can pretend to be gay. I mean, if he can pretend to be straight, or something like that. Then I've seen some guy wrong. I have seen some of the guy I mean, when I saw the promo and they're showing these guys and they're like, I'm going

Roy McCarthy 1:17:22

where this marriage. Yeah

B Bobby 1:17:31

I wonder why there's a 52% divorce rate and

C Chris Harrison 1:17:35

Fox did I mean Fox was I think it was Fox. He did. Yeah, it was Fox. It did Crux my big, obnoxious fiance. Right. Where

B Bobby 1:17:44

that was wrong on so many levels.

C Chris Harrison 1:17:46

I watched the final episode. And I must say this, her brothers are cute. I wanted to get I watched any of it. I wanted to get a cameraman to help us show what was underneath the Scotsman's kilt.

B Bobby 1:17:59

There's nothing worn beneath the kilt. It's all imperfect.

C Chris Harrison 1:18:04

But no, it was personal knowledge. But it was it is anyhow touch. But I mean, that's the sort of programming you get out there talking about marriage, they bring out an actor who's married to pretend to marry this woman. And he's gonna sit there and have a belching contest and scratch all the parts and dance in his underwear in the kitchen. And while he grabs a candle whipped cream and pours it right into his mouth. You know, I run in some circles where, you know, that would be a turn on. But they're playing it as a turn off.

B Bobby 1:18:37

You know that what that woman that they had for that? The big fat thing, he whatever. I'm like, even if they were being serious about that, and I was a straight man, I wouldn't marry that woman because she, she hurt between her IQ and she was about as deep as a Petri dish.

C Chris Harrison 1:19:02

I just did it. I did it for my family so that, you know, my parents can go on vacation, my sister and I can go travel the world and my brother can move out of the house. None of those have to

worry about bills. Do

B Bobby 1:19:13

you see that wedding? I don't think they really had to worry about that. I

♀ 1:19:16

think the actual truth is, so she can go on her own vacation, go, go go to her own places and kick her brother out of the house and get him killed. I don't know.

C Chris Harrison 1:19:27

It's I mean, that's just the sort of thing we have in society, what we're looking at nowadays, and it's it's in a way it's very sad, where we're, we're heading and then we've got these stories of, you know, people complaining about marriage. For in the queer community. We've got 3400 Now in San Francisco, there's a village up in New York state which is starting to send out licenses. Whatever happened to that California issuing licenses, they're still doing it. They're doing it. They're waiting for till the court. So what's happening is the last I heard is the Attorney General from California, the Attorney General is going to court to try and get him to stop it. And basically, you know, it's just going to drag us, it's going to drag its toe. And what's gonna happen here is, if they drag it in the sit in the state and federal courts here, this isn't gonna hit the Supreme Court until next session, which is going to be October. So there's gonna be a lot of this stuff, unfortunately, is gonna really be hitting during the campaign season. You've got, yeah, you've got President Bush, who's sponsoring a definition of marriage. Constitutional amendment? Well, you know, the last amendment to the Constitution took 200 years to pass. And that was the one where you can't grant yourself or your own pay raise. Progress

R Roy McCarthy 1:20:57

is the very same thing that the original signers of the Constitution had fought over. It was working for very long, it almost wound up. It was a toss up between that and think about gerrymandering, which one was actually going to be the First Amendment to the Constitution. And neither one of them wound up with it. They won't have the freedom of speech and religion as being the first amendment but

B Bobby 1:21:23

they have given me a new reason to be pissed off about

R Roy McCarthy 1:21:27

can't say that. About this you

C

Chris Harrison 1:21:30

can

R

Roy McCarthy 1:21:32

we keep we can. We can stay, we can say that we can

C

Chris Harrison 1:21:35

say passed off, he can say pissed off on regular television that we didn't talk at all paranoid. No, we can talk about being pissed off we can be we can talk about being pissed on. Oh, that's I think that's the difference big phone rings and

B

Bobby 1:21:52

give it a whole new reason to be really irritated by this whole marriage thing, because now they're talking about Dick Cheney and his daughter, and

C

Chris Harrison 1:22:04

are married.com. Ya

B

Bobby 1:22:05

know,

C

Chris Harrison 1:22:08

her name is Mary.

B

Bobby 1:22:09

He is it is not, you know, they're talking about is, you know, Dick Cheney saying something to the effect of I defend I, I support my president, which is not necessarily the same thing as saying that, you know, I support this whole marriage amendment thing, but still. Well, I My point is this at he's, if he if Dick Cheney supports this thing. He is saying to the entire world, that he he is disenfranchising and treating as a second class citizen, his own daughter. Yeah, that just really grates me. And there's

C

Chris Harrison 1:22:49

a lot of people in the queer community that are upset about the fact that, you know, Mary Cheney hasn't stood up and said, Hey, wait a minute, dad, remember, I'm in a eight year or so really committed relationship? I mean, here's the ring on my finger. And well, I mean, unfortunately, because she's working on the campaign for Bush, Cheney 2004. She's not, she's not talking about that's why there's a website, dearmary.com, where people are basically posting messages to Mary of going, Hey, why aren't you speaking up? Well, why are you letting your butt I mean, you gotta look at the fact I mean, if he if he doesn't support Bush, then Bush isn't gonna support Halliburton. Right? And then, you know, Dick Cheney is gonna have to find a real job and come next November.

R

Roy McCarthy 1:23:33

Well, I you know, I think this whole thing about constitutional amendment and gay marriage and everything being brought to the forefront. I, I have to be honest, I think this is just a smokescreen, that Bush wants us to be in front, because I don't think he wants people to know about his record on the economy and other things in jobs.

C

Chris Harrison 1:23:55

Like if he starts talking to distraction, because

B

Bobby 1:23:58

people will be talking about all the all the, you know, the flags, the Yeah, all the facts and the different little, little things. So we don't, nobody takes a real hard look at what's gone on in

C

Chris Harrison 1:24:10

the last because, because what also is happening as the fact you know, the one thing you can run on this fact, they're going to claim that he is the war president. Okay? So basically, what's going to happen is they're they're going to start with talking about the war. But you know, they've got to get off the subject quickly, because you spend too much time talking about it. Somebody, hopefully someone in the media is gonna go, Well, that's nice. Well, let's talk about the 500 Plus Americans who are killed. Right, let's talk about the 10,000 Plus Iraqis who have been killed. No, we don't talk about those sorts of things. You know, I think at least back in. One of the big differences I've heard is, you know, back in Vietnam, one of the things that changed a lot of people's hearts and minds I was watching this flag draped coffins come home. Cameras are banned from showing that the news crews are not showing that you know, we talk about you know, here's this casualty in the news. National News things they'll come in, they'll may show a picture of the person, but they'll show a little just give you a little profile of who's been killed in action. And only things that are being reported or those who are killed in action. You don't hear the device, you don't hear the discussion about, you know, the soldiers who have shot themselves to get home. We've got people, we've got weekend warriors, we've got people who signed up to do one weekend, a month, two weeks a year to basically play Commando. And we've got them over there fighting in a real war, doing the kind of a job that you know,

somebody decided several years ago that hey, you know, I can take a break from this for a couple of years and go off and campaign in Alabama. And you know, maybe I'll show up and maybe I won't show up. And that's the sad thing of what we're talking about, is it? You know, some of this debates coming on, and you're watching Scotty McLennan and trying to explain this stuff. I feel sorry for Scotty. I look at him sometimes. And I go, you know, it must be difficult to I think you actually somewhere in there still have a soul. And I know it's hard to work in that place and still be able to say with a straight face of you know, here's the proof. He got paid for it. He got pay stubs, he paid taxes, and he was were there. Does a big wall up.

 **Bobby** 1:26:19

Have you noticed that? Nobody's that that almost nobody is? They there are a few blips on the screen here and there about number of suicides among troops. Yeah, in your rack. And it's, it's been little blips, and nobody's really hearing that. But you know, because

 **Chris Harrison** 1:26:39

we're not even 50, you know, because they're not even counted as killed in action. They're not, they're not counted in the rates issued by the Pentagon, that these things come in. I mean, somebody's over in a rack, and they get run over by by their truck, or they're jacking up the Jeep, and it slips and crushes or legging or crushes them, and they're die. They're not counted as an injury. Only the only the people who are shot by unfriendly forces are killed by unfriendly forces are being counted in this bread

 1:27:07

house. I had a friend in Iraq, and he wrote me back saying that no, it's not the enemy fire killing, it's mostly accidents.

 **Chris Harrison** 1:27:17

And those aren't being reported. They don't I mean, they told us flat out, they're not going to count Iraqi civilians. And so what we've got is this gay marriage debate so that, you know, I'm the war president. I'm the morality president. So he can stand up and say, look, what I did, 911 came, and I protected the United States by continuing to raise a little engine that could in Florida, and then got into my airplane and flew to Texas, and then flew to Kansas.

 **Roy McCarthy** 1:27:43

And now actor he didn't do actually I said, Well, he didn't do squat. It was all his other advisors and everything and everyone else around him. I said, this is what you're going to do now? Yeah, I looked at BB before that the guy was a total idiot. I mean,

 **Chris Harrison** 1:27:50

CHRIS HARRISON 1.27.07

for the fact that

R

Roy McCarthy 1:28:01

he couldn't get, he couldn't do anything correctly. He couldn't he couldn't get his talk. He couldn't talk. He couldn't get his facts. He couldn't do anything get

B

Bobby 1:28:09

through a speech that he did that to somebody else didn't.

R

Roy McCarthy 1:28:15

He couldn't even really get elected. He had to get he got to get a bunch of judges to select him. But well,

C

Chris Harrison 1:28:21

the same. I mean, the simple fact is this. Okay,

B

Bobby 1:28:23

which four hours later is kind of irrelevant that hey, but the

C

Chris Harrison 1:28:26

simple fact is, when we look at what happened and what all was done in that, you know, the thing that helped push the most was the fact that when September 11 occurred, he had a great support staff who knew what the hell they were doing. Yeah. And that that's where that's where we got through here. So we've got through the fact now that, you know, we're going to be raising these kind of an issue where basically, he's going to try and put off everything he can to somebody else. And we've got this giant smokescreen of, you know, I'm the morality president, look what I'm doing to put down the gaze, so that we're not discussing the fact that how deep in debt the United States is,

R

Roy McCarthy 1:29:07

you know, Chris, just before it came to the station tonight, I was listening to some of the different news radios. And I've been hearing different conflicting reports coming out of Iran, out of Saudi Arabia and other places that Osama bin Laden has actually been caught. And then there's actual official denial. You know what I bet he is and it was not going to come out again until October maybe toward the middle or the end of October, another October

B Bobby 1:29:34

somewhere. Wouldn't that be a shock? And look what

R Roy McCarthy 1:29:38

that would do for his popularity? Actually,

C Chris Harrison 1:29:41

no, I betcha it's gonna come a little bit earlier than October. If If Osama is going to be pulled out of a hole, okay. If they're if they're gonna watch me pull a rabbit out of my hat sort of thing. It's gonna happen Uh, during the Republican National Convention, when Bush is standing wherever, as it's probably gonna be Madison Square Garden because being held in New York City, and he can stand there in the middle of New York City and go, we have got the guy who did 911.

B Bobby 1:30:17
