Ran broadcast on KPFT FM 90.1 in Houston, Texas on Sunday, September the 13th 1987 from 2:00 until 4:00 AM. Our guest host in the studio that morning were Kevin, Ron and [? Catherine ?] with the Gay and Lesbian Switchboard of Houston. We were also in the middle of a marathon. Marathon is where we go to our listeners-- the listeners of KPFT-- and ask for their financial support. That financial support keeps programs like after hours and all of the programming on the air.

We are pleased to announce that we raised \$310, I believe in pledges during our first broadcast of marathon, our second broadcast on the air, which is very impressive from myself and all the people connected with the show. We also want to remind you during this broadcast that the Pope was on his way from New Orleans to San Antonio, Texas during his 1987 sweep across the United States. Heaven is a disco located in the Montrose area, a very popular discotheque down on Pacific Street, so you might want to keep those things in mind as you listen and enjoy the after hours show on KPFT FM 90.1 Houston.

[MUSIC PLAYING]

This is Jean-Michel Jarre and you are tuned to 90.1 FM, KPFT in Houston, listener-sponsored Pacifica radio.

[MUSIC PLAYING]

The following program contains language or images of a frank or sensitive nature that may be considered objectionable by some. Listener discretion is advised.

Hi. This is Kevin. This is Ron.

And we're from the Gay and Lesbian Switchboard Houston. And you're listening to *After Hours* on KPFT Houston 90.1 FM

[MUSIC PLAYING]

Good morning, Houston. It's 3-- 3, 4, 5, 6 minutes after 2 o'clock in the morning from KPFT Houston 90.1 FM. And this is *After Hours*. Good morning, Kevin.

Good morning, Buddy.

Kevin's here with the Gay and Lesbian Switchboard. And who's back there in the back with--

That's Ron and [? Catherine. ?]

Ron and [? Catherine, ?] they'll be joining us in just a second. We're in a marathon this weekend where we're asking our favorite listener, which is you to support us here at KPFT. You can do that by calling 520-5738 or 520-KPFT. And we'll be talking more about the marathon in just a minute, but right now it's time for this.

Hi this is Vicki Lindsey from Kindred Spirits, and you're listening to *After Hours* on KPFT Houston 90.1 FM.

[MUSIC PLAYING]

[MUSIC - GLENN FREY, "THE HEAT IS ON"]

(SINGING) The heat is on on the street. Heat is on in the kitchen it's on the street. The heat is on.

That's Glenn Frey and "The Heat Is On." And right now the heat is on you as a listener, sponsor. The heat's really not on you. Go out to the lobby and see what's going on out there Hello.

Hello. I've got a lot of eager volunteers out here waiting to answer phones. We're waiting for you to call in your pledge.

I understand we've got a very special premium this morning.

We sure do. Mark Schmidt down at Parkway Athletic Club has given us a two-month, full-time membership to give away for a \$60 pledge.

And what's the number to call?

The number is 520-5738-520-KPFT. And you, the listener, support this station. We know we are a new show but we need your support here at KPFT to keep the station on the air.

There's a lot of things going on KPFT in Pacifica, for example, we're going to have live coverage of the Bork hearings, which is very important to the gay and lesbian community beginning on September the 15th. That's going to be carried live here on KPFT every morning.

We've also gotten word from Duane Bradley, our program director that we're going to be bringing you live coverage of the rally from the National March on Washington for Lesbian and Gay Rights. Perhaps you didn't hear me, let me say that again. We're going to be bringing you live coverage--

That's important.

--of the rally from the National March on Washington for Lesbian and Gay Rights coming up in October the 11th. There's no place else in Houston that I know of that you're going to get programming like this.

This is the only station that's going to carry that.

And a \$60 pledge is only \$0.16 a day. That's one dime, one nickel, and one penny and that's not a whole lot to ask. And that works out to \$1 and \$0.12 a program for after hours. That's not that much to ask.

KPFT is a community radio station, that means it's completely supported by the community here in Houston. We've been on the air here for 17 years, 17 long years. Six months, I believe after the station was on the air they were bombed off the air by the Ku Klux Klan. And then shortly after that they were bombed again by the Ku Klux Klan. So there's quite a history about KPFT.

There's a big history about Pacifica and what Pacifica stands for. It stands for freedom of speech. It stands for rallies coming from Washington DC, our nation's capital, that should make you as a gay man or a lesbian feel proud of who you are and what you are. And I think things like that are important. Don't you think that they should be supported every chance you get?

I sure would. This is the only station in town that you can hear a gay or lesbian program. There are four of them now on KPFT. We're the fourth.

I was talking to a man in KPFA in Berkeley that does a gay program there. He said there's one program in California, one in Washington, and I believe one in New York gay program and we have four.

And that's a lot.

Not just *After Hours*, but we have *Breakthrough* on Friday mornings from 8:00 until 11:00. We have *A Woman's Place* on Tuesday evenings from 8:00 until 9:00. And then we have *Wallenstein*, the longest running gay men's program in the country here every Tuesday evening from 9:00 until 10:00.

So there's a lot going on to KPFT and we want to hear from you at 520-5738 or 520-KPFT. And Kevin's in the studio with us this morning, along with Ron and [? Catherine. ?] And we're going to be talking about--

The Gay and Lesbian Switchboard Houston.

And I'm sure we've got a lot to say about that. In the meantime, we're going to play some more music. We've got something special for you tonight.

We reported last week on a benefit that was going to be done by the residents of the Westmoreland Square Apartments in which they all got together and had a wonderful gathering on Memorial Day, I'm sorry, on Labor Day. They called it a Labor of Love and they raised quite a bit of money. All the money and donations went to the Stone Soup Benefit.

We also have a special interview with the Reverend Jeri Ann Harvey. She's in Houston this weekend doing a special spiritual renewal service at MCCR and Ellen, I'm sure will have something for us about that. Right now though, let's get back into the music. But first this.

This is Reverend Jeri Ann Harvey, the guest speaker at Metropolitan Community Church of the Resurrection. We're having a spiritual renewal this weekend. And you're listening to *After Hours* on KPFT Houston 90.1 FM.

We are everywhere we'll be free. We'll be free. We are everywhere we'll be free. We are everywhere we'll be

[MUSIC PLAYING]

Hi. This is Tom from the Kitchen of the Pot Pie in the beautiful downtown Montrose. And you are listening to *After Hours* on KPFT in Houston 90.1.

[MUSIC PLAYING]

[MUSIC - BRONSKI BEAT, "SMALL TOWN BOY"]

(SINGING) Run away turn away run away. Run away turn away run away turn away run away

It's 22 minutes after 2:00 on a Sunday morning. You're tuned to KPFT Houston 90.1 FM, listener-sponsored Pacifica radio, the only place to be. That was from the *Age of Consent* album, the Bronski Beat and "Small Town Boy." And we've got a lot of things happening for you this morning.

Excuse me, Buddy, we've got a late breaking story here on the Pope's visit to America.

We interrupt this portion of *After Hours*. Allen, our Church Director, our Church Reporter, our Community Affairs Director has something for us. Allen, is there something going on with the Pope? We understand the Pope is on his way to San Antonio, correct?

Well, the Pope was on his way to San Antonio. But the Pope made an unscheduled stop in Houston on his way to San Antonio last night after hearing that Heaven was located on Pacific Street. He wore his white Lycra Spandex papal vestments with holier than thou spike pumps.

The Pope was shocked to discover that only gays and lesbians were going to Heaven. As he departed, the pontiff was heard to remark, "Heaven is a lot like Texas. I Think I'll stay." Former Mayor Louie Welch intended to confront the Pope on the issue of gays in the church but was put off by an aide to the Pope who said, "Louie, Louie, whoa, whoa, we got to go."

[MUSIC PLAYING]

[MUSIC - NATALIE COLE, "DANGEROUS"]

(SINGING) Da da da da da dangerous da da da dan dangerous all my friends say he's much too hot.

It's almost time for our Before Stonewall segment. We're not going to do that this morning because we're talking about marathon. And Roger's in the lobby.

Yes.

Have you got any good news for us out there?

I got some good news.

Oh, oh, you mean the phones are ringing at 2:30 in the morning?

Phones are ringing at 2:30 in the morning.

You mean there are people out there that support gay radio in Houston?

There sure are.

Who we got to thank?

And I've got a pledge from Joey, who's a long-time supporter of KPFT.

Thanks, Joey.

And he's made a very generous contribution. But we still have a two-month membership to Parkway Athletic Club--

Oh, that's right.

--available.

Mark Schmidt.

Special premium.

--and all the fine folks down at Parkway. That's for a \$60 pledge?

For \$60 pledge, a real good value.

I know it's worth a lot more than \$60.

That's right.

Anyway, we're going to be talking about the March on Washington. And we want to have a little conflagration with some folks here in the studio. I don't know what conflagration is.

Ron, do you know what a conflagration is?

Never heard of it.

How can the listeners call us here?

The number is 520-5738.

520-KPFT.

And we want to hear from you now.

We've got Ron. Good morning.

Good morning.

And [? Catherine. ?]

Good morning.

And Kevin.

Good morning.

It's like roll call. We're all here to tell you about something that's real important in the gay and lesbian community in Houston, that's the Gay Switchboard, the Gay and Lesbian Switchboard of Houston. That number is 529-3211

And I don't know about you, but myself I've picked up that phone many times and dialed that number because of various reasons and one knowing that there's going to be another gay or lesbian on the other end that you can share your joy or sorrow with. And it's been around for quite a while.

Yes, Buddy, it has been. We're now in our fifth year of operation.

I know Ron's dying to say something about this.

Ask me a question and I'll tell you whatever you need to know.

We get a lot of calls at the station from people, believe it or not, especially at this hour of the morning that have problems or are trying to find help. And you get a different kind of question I'm sure. What are some of the kind of the calls that you get down there?

Oh, we get--

The most common call.

Our most common calls are sort of information referral calls where we tell people where to go in the community. We send people-- refer them to doctors and lawyers and physicians and the bars and restaurants and businesses in town--

And KPFT radio.

--and KPFT radio.

Of course.

[? Catherine, ?] do you get a lot of calls? Do you think most of the calls are from people locally that just are here like me that sometimes they feel like their job or the pressure on the job is just too much and they don't have any place else to turn?

Well, definitely most of the calls are local. The majority of calls that I get are bar related. Hi, I'm new in town or Hi, I'm visiting for the weekend, where should I go? That kind of thing. But we do provide a service as far as listening to people with whatever they want to talk about. And they do avail themselves of that and so that's good.

And there's so much going on in Houston. We come in here every week and play a lot of music and laugh about what's going on but there's a lot of serious stuff going on here, not just the Switchboard but a lot of positive stuff for the gay and lesbian community. Sometimes it's overwhelming.

I called the library this morning and asked for figures from the census in 1985-- census is all that they had. But the total population in the United States is 239 million people 203 million of those were white, 29 million of those were Black, and 17 million of those were Hispanic.

Now, if you follow the Kinsey Report, 10% of that 239 million are gay and lesbian. So that means in 1985 there were 24 million, 24 million, 24 million gay men and lesbians in the United States. My God, do you know what kind of numbers those are?

That's a lot.

Harvey Milk said that if he should die that we should rip the doors off of the closets and come out, and that's not easy. I talked to Mary last week with the March on Washington. She was in the studio with us.

And she talked about her first contact with the gay and lesbian community here in Houston was the Switchboard. And Mary said that she called up. Someone said-- what would they say, [? Catherine, ?] when they answered the phone?

Gay and Lesbian Switchboard, can I help you?

And--

That's that and then--

--Mary cried for 45 minutes.

Oh, well.

Oh, well.

That's all she did. She cried for 45 minutes. She wouldn't talk. The person on the other end of the line was real nice to her, but she was just afraid. And she finally called back and they gave her information on local bookstore here in Houston. And she went down and got some publications, and now she's leading the Houston community on to Washington for the March.

It's great.

So it's hard. I know it's hard coming out to friends and family and coworkers, but trust me, the first person you tell may be tough. The next one's a little bit tougher. But when 24 million men and women stand up with smiles on their faces and pride coming from their hearts, hey man, there's some folks that are going to be in for a surprise. You know what I'm saying?

So anyway I think we should play some more music. We've been warned by KPFT and by Pacifica. I have it right here in front of me, well, not just the gay programs, all the programming here at KPFT and Pacifica. We have what we call a sensitivity policy.

There are certain words, seven words in fact that you cannot say on radio. There are some things that you cannot do on radio. Normally at 2:30 we have a thing called Before Stonewall. We play some old nice knotty music from the '20s and '30s. We can't do that this morning because of technical problems. So we're going to do the next best thing.

But in compliance with the Pacifica policy, I'd like to tell you that this could be dangerous for some gay men that are trying to make their way home now from the bars and maybe a couple of women because I believe that there's a little drag queen in all of us. So if you're subject to what I want to call a drag attack, please pull that car over to the curve girl. Set that emergency brake because it's time to go.

[MUSIC PLAYING]

It's just little this country plays nothing much to see no are they going on

Hello. This is city council member George Greanias urging you, yes I mean you, to pledge your support to listener-sponsored community radio in our city. KPFT 90.1 FM is a Houston institution and we need your help to make sure it stays that way. Please call 520-5738. That's 520-KPFT.

That's Councilman George Greanias, and he's going to be joining us in just a little bit. Councilman Greanias is gracious enough to come in every week here on *After Hours* and give us a report from City Hall, what's going on in City Hall, what's going on with Kevin and Ron and [? Catherine, ?] and what's going on in the lobby with Roger?

Hello.

Hello.

I've got some good news to report.

Oh, oh, does that mean the phone's ringing again?

The phone's ringing again. We've got another pledge, a very generous pledge from Vicki. And this is the first time she's given to KPFT. And she's going to get some mugs or she's going to come in and shop her room of premiums.

Room of premiums.

I heard Garland and Steve doing that the other night. It's kind of nice.

So what's our goal? Do we have a goal since this is only our second show? Do we have a program goal this morning?

We have a program goal of \$200.

And so far we have raised?

So far we have raised \$120.

\$120, yay.

That's very good for just two shows.

Two shows.

And it's all made possible by you, the listener.

And you're only going to get gay and lesbian radio here on KPFT. You're only going to get the live coverage from the National March on Washington for Lesbian and Gay Rights, of which there are 24 million of us out there. Those numbers are wrong because that was the 1985 figure, so there's probably like 25 million and 10 or something by now, I don't know. Kevin, how many do you think there are?

Oh, I think there's at least 25 million.

There are a lot of folks out there. And we've got something to say to Washington that we're going to be seeing it on October the 11th. If you can't go to the March, you can turn your dial to Pacifica Radio KPFT Houston.

And you can support KPFT by dialing 520-5738, 520-KPFT and donate \$60 like a \$60 pledge. We've got a very special offer from Parkway Athletic Club.

That's right, Mark Schmidt our Sports Director

A two-month, full-time membership that's for use of the facilities-- the sauna, the free weights, the aerobics classes for two full months. And that's a real good deal.

Sounds like a good deal to me.

You can also opt to come and shop a room of premiums. There are a lot of good items in that room-- T-shirts, mugs, sweatsuits--

Records.

--records,

Tapes.

Tapes.

Books.

You name it.

And we've got it.

And you're only going to get it on listener-sponsored Pacifica Radio, KPFT in Houston. Last week on the show we reported something called a Labor of Love. Labor of Love was put together by the residents of the Westmoreland Square Apartments. And all of the proceeds raised from the Labor of Love celebration went to benefit the Stone Soup. The *After Hour* staff went by there and took our little microphone down there on Labor Day, and I want to share with you what we found out when we got there

[INAUDIBLE]

Well, here we are live. We're live on tape by the time you hear this at the Labor of Love. How's it going, Gina?

It's going marvelous. We have raised quite a bit of money for our benefit and it's going well. We're all having a wonderful time and enjoying ourselves.

Looks like a lot of people around the pool.

Yes, there is quite a bit. And people from the outside have come in as well. It's not just residents it's people from the outside as well.

For those of you that don't know what we're talking about, Labor of Love was put together by the residents of Westmoreland Square Apartments because they're very concerned about what was going on in the community, especially with the AIDS problem as it is hitting us all real close to home. So this little festival, that's what it looks like a festival.

Yes. We will be doing quite a bit more here as well. And the spirit we've had and the love and fellowship that we've put together here has really worked out well. And we can do this in the future as well.

It looks like you've got a nice crowd. It looks like everybody's having a good time.

Everybody is enjoying themselves, having a wonderful time.

That's what counts.

The next one I hope that you all, if you miss this one, I hope that you come to our next benefit fundraiser.

And when we do that, when you do that rather you'll be sure to let us know here or *After Hours* so we can come by and tell everybody about it.

We certainly will.

Thanks, Gina. Everybody have a good time.

Thanks, Buddy.

Hi. What's your name?

My name is Cheryl.

Cheryl, what's going on here today? It looks like a Labor of Love at the Westmoreland Square Apartment.

Yes, it is a labor of love. What's really important here is we're standing in fight for AIDS. And we're also contributing the money to Stone Soup. It's going to be a fantastic thing. I mean, Jerry has his kids but we have our brothers.

That's right it's Labor Day, and we're doing this live-- well, we're not live. Now we're on tape of course, but this is called a labor of love. And all these folks who got together here at the Westmoreland Square Apartments to help raise money for Stone Soup. And Norman, just walked up. Norman.

Hi, everybody.

It looks like you got a nice crowd?

Yeah, it's a good crowd. We're having a lot of fun.

Everybody seems to be having a good time and that's what counts. And hopefully we're raising a lot of money.

That's our goal.

Pointing the microphone everywhere, nobody's getting to say anything. Anyway, thanks for talking to us.

Buddy, I'm glad you came by, I really am.

Well, *After Hours* wants to be a part of what's going on in the community. We're glad to see all these people. Cheryl knows what I'm talking about. Any time you say that the community needs help or you ask for help everybody always is there, and that's evident by all the people that are smiling here today in the sun, playing in the pool, and having a good time. And that's what makes Montrose, don't you think?

I was real happy to come from Nebraska to find the same thing here, but to come back to my home state and find more love and more compassion than what was up there.

That's right. I'm amazed that everybody talks about how unorganized the community here is in Houston, but every time you say we need help it happens just like this.

That's right.

So I think we should play more music, right?

All right, I go for that. Just remember, united we stand, Westmoreland Square residents stick together.

And we're talking to you from a labor of love on Labor Day Monday, September the 7th.

Hi. I'm Mike Wilson, Manager of Parkway Athletic Club reminding you that you are worthy of the very best in life and that you now lovingly allow yourself to accept it. You're listening to *After Hours* on KPFT Houston 90.1 FM.

They don't understand something-- they don't understand something we are not talking about clutch politics. This is not a movement from the waist down. We're talking about our right to love and to choose and to live.

And I don't care about street tolerance. And I don't care about street understanding. You better hear me in Washington. We are demanding-- we are demanding our civil right.

[MUSIC PLAYING]

And now this is Whitney Houston, "How Will I Know" on *After Hours* KPFT 90.1. The news and the sports and all that good stuff is coming up at 3:00, so stay with us.

[MUSIC PLAYING]

[MUSIC - WHITNEY HOUSTON, "HOW WILL I KNOW"]

(SINGING) I say a prayer. How will I know? Ooh, how will I know? I fall in love. How will I love, hey, how will I know? I'm asking you.

Hello. This is Randy Brown, publisher of the Texas Forum reminding you that the best revenge is a great lifestyle. And you're listening to *After Hours* on KPFT Houston and 90.1 FM.

Where you can call right now and pledge your support at 520-5738 or 520-KPFT. Hello--

Hello.

--Roger. What's going on in the lobby?

Well, it's been kind of quiet lately.

What about a total out there?

Well, we're still at \$120--

\$120.

--which is real good for our first-- for the first marathon we've gone through. And it's only our second show.

Our second show. Next week we're going to have Robert and Lloyd from the Gay Fathers of Houston in the studio with us. We're also going to be also going to be bringing you the Bork confirmation hearings here on KPFT beginning September the 15th-- that's in Tuesday-- and live coverage from the rally and the National March on Washington for Lesbian and Gay Rights October the 11th. I don't know where else you can get community radio that stands with the community as much as KPFT does.

I don't either.

Well, I think we need to play something that came out back in the 1970s. It's going to lighten everybody up just before our news segment. And all I can say is it's called "Bruiser LaRue."

Hi, sports fans. Welcome to to "Ace Grobny Talks with the Superstars." Tonight's guest, the incredible fullback of the Steubenville studs Bruiser LaRue.

Hi.

Another great pullback in sports.

The following program contains language or images of a frank or sensitive nature that may be considered objectionable by some. Listener discretion is advised.

It's 3:00 in the morning and this is *After Hours* on listener-sponsored Pacifica radio KPFT Houston, 90.1 FM. And before we go to our news segment, let's check with Roger in the lobby and find out how our telephones are doing. We're in the middle of a marathon. Right now where we're asking you to pledge your support to listener-supported radio at 520-5738 or 520-KPFT. So how does it look out there?

It's still kind of quiet out here. We've still got \$120 towards our goal, and we still have that very special premium, two-month membership full time at Parkway Athletic Club to give away for \$60 pledge.

Well, it's time at 3 o'clock, Kevin, for something that we call the News.

All right.

Isn't that original?

Yes, very original.

We do gay news every week, gay and lesbian news from Montrose. We do gay and lesbian sports every week from Montrose. Yes, there is sports.

And before we do that though, we always have what we call our News Intro because we don't think you can do anything in the gay and lesbian community without making a production out of it. Well, that's not what we think but that's what a lot of people think. So for the next 30 seconds we'll let them listen.

[MUSIC PLAYING]

Good morning, Houston. Dateline Houston, welcome to After Hours News. This is Brian. A evening to help our friends was the Crowne Plaza Holiday Inn Galleria this week where over 50 guests listened to the mayor of West Hollywood Steve Schulte, Glen Maxey, who was the lobbyist for Lesbian Gay Rights Lobby of Texas, and Loren Laureano, Hispanic gay activists here in Houston. To help send PWAs to Washington for the march was the host for the evening.

The following night, a reception honoring Steve was held at a fashionable home of Warren Duncanson on Hawthorne just here in the Montrose. We have a new portion of show this week is called Boos and Hisses. St Luke's Hospital, boo hiss St Luke's Hospital in Houston Community College for suspending John Westergaard, a nursing student with high grades because he tested positive in his ARC. We'll keep you posted on all the details.

He condemned the government here in Texas for the lack of support, lack of money, and lack of help. A day-long standoff was the big news of Labor Day weekend in Montrose as the owner of a tattoo parlor held HPD SWAT teams in Bay with four guns in his store till early hours of the evening.

There's something going on I think you should know about. It's called the *Advocate Magazine*. In the *Advocate* we have a new story news front here. The Fairness Fund aims milligrams of lawmakers. The man's name is Stephen Endean, I believe is the way we pronounce his name.

He hopes to generate tens of thousands of milligrams through Western Union targeted at national lawmakers. If you'd like some more information on this, contact the Fairness Fund's AIDS Action hotline that can be reached by dialing 1-800-998-4726 and asking for any operator. Hi. This is Tom from EJ's where we're celebrating life in the heart of Montrose. And you're listening to *After Hours* on KPFT Houston, 90.1 FM.

[MUSIC PLAYING]

Hello, sports fans. I'm Mark Schmidt from the Parkway Athletic Club. And welcome to the world of sports from Montrose, Texas.

In our second week our big sports news is from San Francisco where the Montrose Mining Company softball team won second place in the National Gay Softball World Series. Minneapolis won this year's series with the Dallas still coming in fifth. That's a pretty good showing for our Lone Star State I think. On the women's side Houston's Honey Bees didn't fare quite as well as they lost twice and were competing in the consolation tournament.

In other news this week, the bowling leagues are having their annual party today at Shoots at 3 o'clock. If you can't make the party and want to bowl this fall, you can call Tommy at 699-8160 for the Monday night men's league and Steve at 699-3732 for the Thursday night mixed league. Also, if you're interested in volleyball this fall, why don't you give Nick a call at 777-1823. And if you're ready to play today, go on down the EJ's and have a little fun playing outdoor volleyball all afternoon.

A couple of other sports you might think about this year are tennis and jogging. The numbers for tennis are Randy at 796-1846 or Rich at 524-2151. And for the Front Runners, our famous jogging team from Houston, why don't you call a 520-8019. And remember, all groups are active and welcome your participation, whether you're a novice or pro just going out and have a good time. This is Mark Schmidt for *After Hours* saying stay active and stay healthy and see you next week.

It's eight minutes after 3 o'clock and time for the community bulletin board and church report. And joining us in the studio is Allen. Good morning.

Good morning. I'm Allen. And I've got information for you on area churches and information from the community bulletin board.

Spiritual renewal is in full swing at Metropolitan Community Church of the Resurrection at 1919 Decatur. The Saturday Night potluck supper was a great success, and 11 performers turned out to sing at the special music program afterward. Music selections range from contemporary Christian to country gospel and spiritual along with them unscheduled congregational singing.

The level of excitement was so high that the people couldn't stay in their seats. There's still plenty of time to get in on the excitement of spiritual renewal at this morning service at 10:45 AM or the evening service at 7:15 PM. The Reverend elder Jeri Ann Harvey is the guest speaker this year at Spiritual Renewal at MCCR.

The Reverend Jeri Ann Harvey was kind enough to take some time out to be interviewed by Buddy. And she has an important message of hope for all of us. We'll be hearing that interview later in this morning show.

After Hours continues on side two of this cassette.
