P

P

Oh get those little fingers going up there children number one to give

J

Jimmy Carper 07:38

rise to give her a big rise. Something to do out there.

P

Peter 07:42

sitting out there playing with themselves

J

Jimmy Carper 07:45

there's nobody else out there

P

Peter 07:48

Oh, that was so good. And so quick. He is quick. We were talking earlier about this rain is godforsaken come out of their house it's a full moon and people are crazy. people's cars are breaking down flood I talked to some guy today. His got flooded out costume. I don't know how much he's got to get fungicide to get the smell out. Your buddy with the jacket and the break. I know people that have lost their jobs. I know people it's just I don't know what's in the winds but whatever it is ain't right. No, something's in retrograde or Venus has got a new penis. I know something's wrong, but anyway, I should get one or get one. But there is obviously we're not the only ones that have gone down the tubes. There is this incredible story here about a stressed out mom. And we just thought we'd like to bring this to you. And you know what paper this is on?

C

Connie 08:48

Um, some reputable publication. I mean apartment was so dire they failed to put the source but they

P

Peter 08:55

failed to put the source but it is like I mean you can obviously tell it's it's newsprint and it's cut with a little line and you know the whole bit that's got pictures and the whole bit. Anyway, a stressed out mom went nuts when she saw her kids pet gerbil running loose in the house. Well I went to and she furiously stomped to death right before the eyes of her children. Oh

J

Jimmy Carper 09:15

my god. Poor

P

Peter 09:22

Joan Libyan are lesbians whatever name is horrified kid they call the cops who arrested her on charges of mistreatment to an animal and disorderly conduct. She said she'd

∅

09:34

had his treatment and mentors been stopping him to death. Yeah,

P

Peter 09:39

I think that's about as mistreating us you can get she had a very bad day.

09:42

the understatement of the year.

Peter 09:45

She had a bad day. And this is from New Berlin, Wisconsin.

09:50

You know they're not right up there. Now.

Peter 09:51

It's a little cold summer's spring hasn't even struck up there. They're really dying. The Police Department spokeswoman Renee Lorber oops Eat. Anyway, Joanne's day turned rotten. When her husband asked her for a divorce. That'll do it. Then her nerves were really shot. When she returned home after a trip with her daughter 13 and her son 11 and found their pet scurrying around the floor.

C Connie 10:16

She should have found that bottle of Xanax again, she should

P Peter 10:21

have known something happened that her husband left her with. She was full of anger after arguing with her husband and the sight of the gerbil out of its cage center over the edge, said Lubinski she chased it behind the planter, grabbed it by the tail. The gerbil turned and bitter on the one hand, she grabbed it with the other hand and the gerbil bitter again,

10:42

was like fighting for life.

P Peter 10:44

Well just got grabbed and bitter. That was the last straw for Joanie. She hurled a little animal to the floor and stomp it three or four times. According to police. She threw the dead gerbil in the cage in the garage. Then she retrieved Oh, no, excuse me. She threw it in the garbage. Then she retrieved it out of the garbage and put it back in its cage.

11:04

This is my favorite part.

Peter 11:07

The cops say Joanie told her children there now it will never get out again. I guess not. The kids his father wasn't home obviously since he divorced her and left her that morning. The kids

J Jimmy Carper 11:22

are thinking boy is this a metaphor or

Peter 11:25

next? There's no get out of your bed again. The kids his father wasn't home because he obviously the worst rumor that morning thought their mom was going crazy they fled to the neighbor's house and found the police the animal mistreatment charge was later dropped poor gerbil dead charges dropped a what sounds like eight grand to me was dropped after Joanie pleaded guilty just disorderly conduct. She was placed on a year's probation no a bit years probation child a year's probation for throttling the little gerbil that's just said that naughty word again. Anyway she got a year for doing the gerbil Can

C Connie 12:04

you imagine being like it your probation meeting with other probationers? So what are you here for

P Peter 12:09

murder robbery? What are you here for I kill the jury. Okay. I mean, you know, I think this is really kind of interesting that it's like, God, I just can't believe this. You know what? Oh, amazing. She got Oh, just I think you know, poor woman is she didn't have enough going Poor her grip there is a hierarchy of life here. I mean, she's a woman got divorced, mistreated you got two years we're raising we're killing a freaking gerbil which is the next kid where rat Akami hat. Oh, cake.

J Jimmy Carper 12:50

See, you're listening to after hours career radio with attitude on KPFT Houston and ke O 's College Station. Now. We had a screw up because big Roy didn't know we were giving anything else away. So we took three callers and said oh, well, we gave it all away. So but we haven't given anything away yet. But we still have the book

P

Peter 13:09

callback callback 123 First, second third

J

Jimmy Carper 13:12

book, the screenplay for Chasing Amy we're taking the third caller again.

Ω

13:18

What channel is big

P

Peter 13:23

isn't listen to us. Our lives are lighted. Roy Are you listening to us out there and radio and I

Ω

13:34

have the baby's hands are just too busy too.

P

Peter 13:41

Okami? That was quick. Did you hear that some friars as in little monkey get behind on their Belfry payments. Well, you know the belfry? They're behind on their belt. They put up a big tambourine. Wow.

J

Jimmy Carper 13:53

Some bats or

P

Peter 13:57

they don't pay rent. So they opened up a small floor shop to raise funds. Well, that sounds really, since everyone might buy flowers from the men of God. The rival florists across town thought the competition was unfair, say at least. He asked the godfather to close down but they wouldn't. And he went back and begged them to close but they ignored him again. And he asked his mother to go on as the friars to get out of the business and they ignored her too. So the rival florist hired Huey McTaggart, the roughest and most vicious thug in the town, Fagin. McTighe excuse me the roughest. We've even met the roughest vicious thug in town. They make it anyway. The roughest

J

Jimmy Carper 14:41

faggot you would have to think.

P

Peter 14:44

You can be from Kingwood anyway and the vicious, most like in town to persuade them to close. Well, Huey may Tagen. Huey beat up the fryers and trash their store saying that he'd be back If they didn't close that shop, so terrified, the friars did, thereby proving that Q. And only you can be Rhett can prevent florist fryer. Oh

W

15:18

just walk right into that.

P

Peter 15:21

God. I see cars careening off the road I send you home for you and only you can prevent floors fryers anyway. Well, we've dealt so many damn dirty jokes. I've cleaned up around here. Oh, that's but I think the classic thing is poor woman damn think years probation. I mean, you know, this is much. But which reminded us and we have gotten a lots of cards and letters, right.

C

Connie 15:56

This isn't the first time we brought up. No. wrote it in the news?

P

Peter 16:00

No, we have brought up rodents in the news on various occasions. And one of our friends out in red video land. Ed wrote and reminded us of this wonderful thing that we had talked about rodents. And when we saw this news, our staff said, Listen, you know, you really ought to run this back from the LA Times. And go into the Rhoden thing from before because it was just hilarious. Too damn funny for words. So for all you out there tonight, we are doing our we haven't we do have an article here from the LA Times. And we also have the top 10 thing tonight that goes in conjunction with this article. So Miss Connie, would you like to begin to brief us about the article?

C

Connie 16:49

Sure. Let me just take you back here. In retrospect, lighting the match was my big mistake. But I was only trying to retrieve the gerbil. I can't even read it with that left.

J Jimmy Carper 17:00

Yeah, remember this was tasteless, totally tasteless,

P Peter 17:04

but do funny. This poor woman she ends up a year in jail this

C Connie 17:11

Eric Thomas ASCII told Burmese doctors in the severe burn units of a local of a Salt Lake City Utah hospital

P Peter 17:18

severe burn unit.

C Connie 17:20

I see just a little inkling of what's to come in this story. Tom is ASCII and is homosexual partner Andrew. Kiki fun. What a name. I've been admitted for emergency treatment after a felting session Peter defined felting for

P Peter 17:36

felting felting it's got something to do with

J Jimmy Carper 17:44

them. You cannot like the lesbian to explain it to you and not possibly explain it over the air without getting us in trouble.

∅ 17:52

Everybody go look up Webster. We'll wait.

P Peter 17:56

Anyway, Connie knows what a felting is. I know how to do it anyway. She knew I didn't know she went to that you know High School for Performing.

C Connie 18:05

Okay, after it fails the felting session had gone seriously wrong as they sometimes can. I pushed a cardboard tube up his rectum and slipped ragged are gerbil in here

P Peter 18:19

shove this tube up as the buttocks up the buttocks and slip ragged the gerbil in he Okay.

C Connie 18:26

As usual Kiki shout it out. I'm again in my queue that he had an out

P Peter 18:33

Armageddon. End of the World. It's not some secret word and I bad enough that

C Connie 18:41

I tried to retrieve ragged but he wouldn't come out again. So I peered into the tube and struck him head thinking that the light might have tracked him yeah. Just as press conference a hospital spokesperson describe what happened next

P Peter 18:58

at a hushed press conference. The hospital spokesman yes describe what

C Connie 19:04

the magic nodded a pocket of intestinal gas and flame shut out the tube igniting Mr. Thomas eskies hair and severely burning his face

P Peter 19:14

gets shot out and burned by the guy. But

19:18

yeah, I guess to the day when you're like nope, somebody's been fired.

P

Peter 19:23

Well, gas fire or whatever. Anyway, go ahead.

C

Connie 19:27

Also set fire to the Jerboas fur and whiskers, which in turn ignited a larger pocket of gas further up the intestine propelling the gerbil out like egg and

P

Peter 19:40

people this is not made up. It's from the LA Times. Looking at this. Now imagine this a second light up, which ignites a little whiskers on the derby finale of swords, igniting another pocket of gas and blowing this damn gerbil like a cannonball out there. skies but I had just discussed. Can you just picture this just to make a mental picture of this one? Okay.

C

Connie 20:09

All right sounds ASCII suffered second degree burns and a broken nose from the impact of the gerbil that sucker was flying. While Farnum suffered first and second degree burns to his anus and lower intestinal tract out

P

Peter 20:27

now with that night keep one and this poor woman just strangled a little bit stepped on it. And nobody's hurt now we got two guys with a broken nose Bert but a dead gerbil. And God knows what all nothing ever happened except for press conference. It's not a good. It's not a good year for gerbil. And we thought we were having trouble and we're sad down here in Houston. For gerbil. Well, we decided that after an article like that, there was really room for a top 10 list.

C

Connie 21:00

There's room for a top 100 We narrowed it down to 10 I see it's quite frankly, the whole thing's just a little scary.

P

Peter 21:09

Now if you were going to recall this story, get the picture. Do guys fooling around felting if you can look back at me dictionary and doing the gerbil thing getting this little devil caught lighting a mat and blowing yourself the gerbil everything halfway to hell and back. Not pretty. So the top 10 scariest things about this story got me needing the top 10

C

Connie 21:36

Number 10 That somebody pushed a cardboard tube of this guy's rectum Wow. I mean, that doesn't sound like a good thing to do.

P

Peter 21:45

Number nine.

J

Jimmy Carper 21:46

How can you help somebody when there's a cardboard to it sounds

C

Connie 21:49

like it might be a little unless you had incredibly long tongue. And I'm not even

P

Peter 21:55

gonna go there. Don't even go there. Now. Number nine. Take a Peter Vettel Eric. Whoever Eric was the guy know the guy standing on the outside of the tube looked up this tube. Oh, ugly. Yeah. I would rather use binoculars and stare at the sun I mean does castings state of affairs number eight

C

Connie 22:27

that poor gerbil who obviously suffers from low self esteem needs to call it project Cesar I guess being shot out of the guy's anus like Rocky flying squirrel from you imagine the trauma

P

Peter 22:44

portal thing he did though? My might be not Bernal number seven. Suffering a broken nose from a birth gerbil being launched out of somebody's give me a

C

Connie 23:00

hand explain that one in the app. It's what happens here now.

P

Peter 23:06

My buddies but and

C Connie 23:09

the max number of people running around with these volcanic like, packets of gas and no, I mean, what was the guy's name? Did he own stack and Taco Bell?

P Peter 23:26

Oh II those kinds of buckets.

C Connie 23:32

And then when something shoved up their bottom, Oh, please.

P Peter 23:35

Number five people who do this kind of thing. And then admit what they're doing in an emergency room. Really? Please? I'm sorry. But I think I made up a story about a gang of raving pyromaniacs anal sex fiends breaking into my house sodomized me with charcoal lighter fluid. before I'd ever admit the truth of somebody's thinking a gerbil.

J Jimmy Carper 23:58

I would have said I've been in the coma for three days.

P Peter 24:02

Call me old fashioned if you will, but I just absolutely can't imagine looking at a doctor and saying Well Doc, it's like this. See? We have this little durable name ragged and we took this cardboard to

∅ 24:19

prepare you for that kind of stuff in med school.

P Peter 24:21

I just don't even think Ben Bob. I think they'd find that refreshing Yeah, any number helpful.

C Connie 24:28

First and second degree burns to the anus that's yeah, that's not a good thing. When that make

the burning itch and discomfort or nemorrhoids a welcome relief.

J Jimmy Carper 24:40

Probably get rid of them.

C Connie 24:43

And how do you ever take like a healthy poop after an incident like that?

P Peter 24:48

Takes a long time. And the smell of a burning but I mean, it's gotta be the top most five ugliest sense on God's green earth

J Jimmy Carper 24:58

may help get rid of those anal warts

C Connie 25:04

Peters writing that tip down fiery gerbil

P Peter 25:10

the 10 was great story number three

C Connie 25:13

people named Kiki which is obviously a Polynesian word for idiotic white men who insert rate right. Oh

P Peter 25:21

my God, he's been up there Matt. Polynesian name Kiki. Kiki. Of course he's got rodents running around as I'm gone. Number two, my most favorite. Yes. What kind of a hospital holds a press conference about something really? In a dark white room? There's lots but a lot of breast. Hushed audience

J Jimmy Carper 25:44

I get I need this notoriety.

 Connie 25:47

A heart transplant on the back burner. We got something to talk about.

 Peter 25:51

Yeah, I mean, God sakes who would ever Oh, that'd be something that would you say that let's not talk about maybe in the coffee room, but not in public. You gotta keep

 Connie 26:00

this on the down low. That sounds like some policy they might adapt on issues like this.

 Peter 26:06

And the number one scariest thing in the whole wide world about this story? Is

 26:12

that it happen in Salt Lake City. What kind of Mormons

 Peter 26:17

I'm starting to get a whole new image of the asmin family no kidding.

 Connie 26:22

I need some more nightlife, the Salt Lake City have to resort to animal

 Peter 26:27

but that is without a doubt probably our most all time. Favorite List, one and top 10 list and real live true story that we've ever done on this radio show. And we have been asked time and time again to please repeat. So we thought we would share that again with you this night. What fun wet game. That's right.

 Jimmy Carper 26:46

And we have and with it We have hit the bottom of the barrel

P

Peter 26:52

More about durables than we ever want to know. No kidding. But now that we know what kind of fun things you can do with them. That poor late I wonder what happened to Kiki? I bet he didn't get a year's probation. I'll bet

J

Jimmy Carper 27:07

I want you to know that Tony In the Heights is listening and says wants to say hi to Peter.

P

Peter 27:15

Hey. All right, Tony.

J

Jimmy Carper 27:18

So and we also have a musical request from him. Hey, cool that I'd like to do right now.

P

Peter 27:26

Oh, he's gonna run off 50 pounds running. Yeah, I'm

J

Jimmy Carper 27:28

getting all kinds of great notes here. Cool.

P

Peter 27:31

So Tony, Ron won the book.

J

Jimmy Carper 27:34

No, no, no, no, no. No. Sorry. That was won by Chris.

P

Peter 27:39

Chris. All right. Chris from that out Chris from where anywhere

27:44

from within our listening audience Hates

P Peter 27:48

Chris from Ohio. Oh, there's people in Ohio I love it. I love it. I guess it's a long distance call for those people in college stations why they don't call in right maybe? God we need to get an 800 number or something.

J Jimmy Carper 28:00

Anyway, Tony wants to hear a piece of music value ratio. Okay, we can go out there brand new album. Yeah, yes. I don't think they did it last week at at their concert in The Woodlands. Did you get to that? Oh, yeah. It was great.

P Peter 28:17

You did great. Yes. Seats or lawn seats or

J Jimmy Carper 28:21

no I got that was in row double at that double S Peter your bra size? Yeah, that's like two or three from there. Yeah, it was great. It was really really great. Yeah, you can see the screen did they do like old stuff? They did a lot of old stuff. I mean, it was it was continuous. They did a bunch of stuff from the new one and everybody there was like real eraser fans singing every song especially two queens behind us. Double T right there in the 50s You know who you are. And we never want to see every song they were having a great time

P Peter 28:56

and stoned out of their life went home and killed a gerbil

J Jimmy Carper 28:59

even the straight guys there with their girlfriends were you know singing along having a good time Yeah, it was it was such a weird night. I loved it I really loved it. I don't think they did this song it's on their brand new album. They they believe table opened the thing with reach out and they did rain and don't say Your love is killing me and you know all these other ones but I don't think they did. What Tony wants to hear. And it's world's on fire. Hey, Tony I played the wrong song.

20 41

29:41

Up there, or maybe was subconscious. Maybe you wanted to make a recharge?

Jimmy Carper 29:44

I don't know. You know, it's a full moon.

Peter 29:49

I told you. I told you things are tough. Um, so no

Jimmy Carper 29:51

one really got it rolling and bitch. I'm sure they did.

P Peter 31:22

∅ 31:33

P Peter 31:35

poor Kathie Lee. She's a role model. Let's

J Jimmy Carper 31:38

see if this is gonna work. Okay, Tom?

∅ 31:42

.....

Yes. Yeah, yeah. Look here. There's there's some gay bashing going on out in naturals right now. Right? Yes, yes. Yes. That's right. I can't believe you left me on hold this long. There are two people out there with clubs. One of them is wearing red clown hair. And another is is wearing a ski mask. Okay,

J Jimmy Carper 32:04
how did you hear about this?

32:07
I was working on my hate crimes deal. Matter of fact, a coincidence here at the switchboard. And the call came in from the hate crimes line and picked up the receiver and talked to demand. His name's Kevin, and he was beaten. And he called here I called constables office and that way to get hold of the police department. Okay, but thought about let you see people on the air and topic. Be careful out there. Now. Would

J Jimmy Carper 32:36
you repeat that? Yeah. Okay. There's

32:37
two people. Okay. They are driving. He wasn't able to give me a description of the license plate. But he said one of them was wearing red clown hair. And the other is wearing a ski mask. And what are they doing? They're using clubs, beating on beating on the brothers out there. Okay.

P Peter 32:58
Okay, well, thank you very much. Okay, we appreciate that. Oh, I was talking to a guy that got walked out of his apartment on it's been going through a lot of therapy and things like it's been numbers of months, but still this post traumatic situational stress thing. Two guys just beat the shit out of he and his lover just walking out of their apartment right on Fairview and Stanford not all that long ago. And I talked to another guy that's has tons of broken thingies. Just getting over being hell beat out of him walking to his car a couple weeks ago is awful because I mean, I just take that with you Avondale neighborhood thing and all the police going on arresting jaywalkers you think they could find somebody with a club, clown hair. You think they if they're out there resting jaywalkers, they might be able to do something about that.

C Connie 33:53

And I know from some of the folks over at Seton sounds that a lot of the tips went to them and I've been fortunate to have him. He is very, very nice man. J

Jimmy Carper 36:30

far wash. Really? That they? Oh,

J

Jimmy Carper 36:56

so maybe next Saturday? Well yeah. DJs and at the twit office

P

Peter 37:01

that'll be fun. But the the guys were hearing well, weeks ago and they did that great Casino Night. Awfully Yes. It was a rainy ugly night. Dammit Kim signs downtown. It was jam. Oh, good. I mean to tell you it was jam we were having big fun. I was I was at a table you're gonna dive into buffet table. No. buffet table, bitch anyway

J

Jimmy Carper 37:28

frosted Hammond each

P

Peter 37:33

on a cruise ship carnival Midnight Express. Anyway, no, we they had gambling tables galore. And everybody was having this great great time and they were doing it was drinks and fun and loads of people it was just a great time when anyway at this one table I was at it was the end of the night. And on these things are these gambling things, you know, they how they take it's all play money. It's all play money and the guy's got chips in this table. We're having a great time. And people were down to the last thing and had we're betting you know, huge sums because I mean, what the hell at that point, you know, Midnight is over. So it was myself and one other guy gal there dressed up, you know, with drugs and yeah, looking real cute and having a screaming night was between me and her and the dealer and whatever. And at the end and

with all your money, they give you these tickets and they call out numbers for the prices. So anyway, I got one below the dealer. We're playing blackjack, and then the she got one above the dealer. So at that, with all the screaming and harangue going on the dealer just took all these chips on the table there was like \$1,000 shoving them over in front of her and with that she took one of her boobs and flopped it right out on top of this pilot at the table went down and the lady said I've seen men drop their pants but I never saw lady put it on the table. It was it was really funny. We had such a good time. Well these same crazy people but they're not playing this weekend Montrose softball league is this week is it down we got some Memorial Day. So next weekend, they kick back up again at the park right over there. Yeah, and memorial guy knows where else but anyway, in June they have their they do two fundraisers here that's it. And this is their big second one. And it's Jackson dresses. Oh boy. It is funnier than hell. Anyway and it's gonna be at Rich's this year which is a nut place yeah cuz you can you know like do this and the dance after and have a good time tonight of it. So riches, which everybody knows is like, you know on San Jacinto 2401 San Jacinto. Anyway, it's going to be on June 14 and at 7pm and what they do is like I'm a member or every team puts together like a little either one person the whole damn team or whatever puts on like one number. Yeah, so you know he had a patch and PJs and yellow bow and whatever there's loads of

J

Jimmy Carper 39:58

this. There's there's like really Oh serious teams and then there's the common real fun

P

Peter 40:03

team. Yeah, yeah, I mean the people that are gonna go to the national playoffs Yeah, we're and then the people around those guys and and yeah, and a lot of the lesbians I mean there's women's team yeah so this is well I guess they're gonna put on suits I don't know what they're gonna pack into. They're gonna dress up as real women. Anyway. So on the 14th on Saturday night at Rich's is to be a fun night not to be missed. I mean anyway and there's presale tickets going on, at crossroads and at all the ballgames this No Till then, and they're gonna be five bucks. And they get you enriches a whole night and do whatever then you can stay in dance after and you know, make a night of it. But if you wait till you get them at the door, it's going to be seven. So run by Crossroads, or come over to the ballgame. And they have you know, a little tent of selling candy bars and drink some whatever, whatever you can pick them up there too. So then what they do the night of that big performance when you get all these crazy people all dressed up and doing really funny things he's bigger the way that they figure out who miss Montrose softball league is they award a winner that night. Yes. What they do is instead of like Audience applause or whatever, whatever they do it by whoever makes the most tip most intent money per number. Yeah, wins Miss Montrose softball league ah so and it could be like a team can do a number we tend to be just one person you know, or whatever. So there's each team gets one spot and so the teams are really anxious to do this well because who wins this thing is the person who gets the most tips at the thing which is kind of a neat way to do things you know, like yes, you know, so they

J

Jimmy Carper 41:47

are number of days you're gonna have a really good show to because they're gonna really looking hard

P

Peter 41:51

they want Yeah, right. And so and then you know, this covers like all the fees of going with SAPA which is you know, you gotta run Empire so you got to deal with that damn city Houston and all this other jazz.

J

Jimmy Carper 42:01

Whatever happens every year. Keep that field

P

Peter 42:05

Yeah, but anyway and that and then also they chose Stephens houses their charity this year. That's great. So it's gonna be a really fun night. In fact, they're wanting Stevens has to get together and do a number thing too, but we'll have to see if that happens. My goodness.

J

Jimmy Carper 42:20

That'll be yards the facts.

P

Peter 42:23

Don't go there. Anyway, we have this other
