C Chris 00:02

Welco It was lots of fun. We, we supposedly, from what I've read there, there was more people this year and more money raised this year. And we had a lot of fun out there. It was a lot cooler than last years. Yes. And actually, there was a picture of the first time describing in the voice back part where they were, they're talking about the the AIDS Walk Houston. And like it was a good fun time. And it kind of started off a little early and kind of surprised us there. But we're helping out with it. But uh, it was strange. At one point, I'm looking over at Glenn halt. Because we're here with Q patrol, and we station our members, and we were just calling him by the radio stations that were sponsoring each booth and looked over Atlanta. Were from one radio station, and we're having to talk about all these other stations now.

J Jimmy Carper 00:52

Well, we do very well, I saw the latest Arbitron ratings came in and I forget if this show is either number six, or number seven, in all of the radio stations in Houston. Now, the first top three stations, which are mostly dance music stations, they take up more than 50% Yeah. Right. And but

R Roy McCarthy 01:18

to be in the top 10 That that's we're in the top 10

C Chris 01:21

for a station that. Be honest that sometimes when you look at the Arbitron ratings, when they come out in the newspaper, they usually don't get down to our number, right,

J Jimmy Carper 01:28

right. But there's a lot of people who listen to this show,

C Chris 01:32

hey, some of them are sober.

R Roy McCarthy 01:35

And some of them are not in prison. Okay, go on with the news. Okay, dark top story of the news is really not a local story, but it does affect. Jimmy and I were talking about this earlier this week, and this is about as significant as the Stonewall uprising. In Vermont, the state legislature, the State House has passed a vote in favor of civil unions for same sex couples that the vote was 76 to 69. I guess the 69 were too busy. But at any rate, it was 76 to 69. And this is a very significant news story, folks. Because all it takes is the first one. And eventually it does spread. And just like in New York, it was a stonewalling riots that began the modern gay rights movement as we know today. It started in New York City. It spread this build create civil unions, gay, gay and lesbian couples, virtually all the benefits of marriage, and it was declared in a critical legislative hurdle and gain final approval in the Vermont State House of Representatives on Thursday night. This is according to a report from the Houston Chronicle. And Governor Howard Dean has said that he will sign it despite the deep Shiism the issue has created among Rivermont. Here's the benefits, like I said, are virtually the same. In providing state recognition for same sex couples who cannot married couples may excuse me, couples may apply for a license from a town clerk and receive a certificate of civil union. And if they split, if they want to divorce, their union must be dissolved in a family court. Now this is one of the some of the wording in that bill. Quote, the state has a strong interest in promoting state stable and lasting families including families based on same sex couplings. Wishing Yes, okay, yeah, Virginia Puzo, who is the interim political director for the National Gay and Lesbian Task Force said that. Vermont has gone further than any other state toward recognizing and sanctioning same sex relationships. This vote represents a significant and historical breakthrough. And folks were if you want to get married or have a civil union, you have to go on up there to Vermont. For right now, eventually it will be all across the country. It will take time folks

C Chris 04:44

don't make the pancakes for the maple sarafan. Yet it still has to clear the Senate which is expected to do and it will and the governor said he will sign it will sign it but then you're looking at the first time when the the couple goes up to fill out that first one. Warm, you're going to see a lot of court battles coming out of that. What would that be? Well, because you're going to have a lot of people who are going to try and fight this on so many different terms. And if also if they try and the even with something like this coming out the possibility of a Federal Constitution, constitutional amendment to the federal constitution could negate all of this. Well, by actually passing a DOMA that is constitutionally bound

R Roy McCarthy 05:31

considering this, this is not a gig. This is not a quote, marriage. Yes.

 Chris 05:35

But see, we don't have to accept a hearing in Texas, even when Vermont has ruled. Because we don't have an equivalent here. It's not like a driver's license converting and

 Roy McCarthy 05:44

that is correct. That is correct. When we got gay rights, established in New York City, the rest of the state still wasn't recognizing it. Yeah. But it started in one spot and it eventually it does branch out. It does. And when state legislatures and others powerful people see that there is a an important economic interest for the state in promoting same sex unions. And when lawyers especially divorce lawyers, who always somehow or another lawyer, these kinds of attorneys always wind up in state legislators. When they see the money that's involved in this, believe me, it's going to happen. Okay, what do we got going on the local front?

 Chris 06:35

Well, Paul chants Dylan, one of the 10 woodland teenagers, convicted in 1991 gay bashing death of Paul Broussard, was released from prison on Friday. Although powerless to contest or halt the release, Nancy Rodriguez, Paul Broussard, his mother, traveled to Huntsville from our Georgia home to be present when Dylan was freed. Rodriguez was quoted as saying, I don't want to talk to him. I don't want to confront the guy. I don't even really want to see him to be quite honest. But I want him to see me. I want him to know I'll be watching him until I die. Dylan now 30 has served about six years of his 20 year sentence and will be released to parole under the state's now defunct mandatory release act. Dylan and nine cohorts all students are former students that makalah High School in The Woodlands drove to the Montrose area on July 4 1991. Looking for homosexuals to harass they bought they bought boards with nails and rocks to throw their victims. The group spotted Paul Broussard and two friends as they were leaving a gay bar and attack them. One of the youth, John Christopher Boyce, stabbed resorted to death, boys received a 45 year sentence for his role in the attack. Dylan got 22 others received 15 year terms. The other five defendants were given probation, but two of them have violated the terms of that probation, and have been sent to prison for 10 to 15 years. Although Dylan's was the second longest term, he's the first to be released due to the old system of that we had for the mandatory release act. And the group that's was started as a result from this incident Q patrol. We're still out and about on the streets. And if you want to help protect your fellow citizens and members of the community, we invite you to come out and join us walk the streets with us. Considered a three hour tour of the Montrose and just watch out for other people who may not be in the best shape sometimes to keep an eye on themselves.

 Roy McCarthy 08:42

Now tell me it is a Q patrol, get involved in any if there's a confrontation or a problem happening out there on the street, does Q patrol intervene, physically intervene? No, we're

C

Chris 08:53

not the guardian angels. We're not going to jump in and try and tear a couple of people apart. We just keep an eye on it. And if necessary, we'll contact the police to do that we had a kind of a domestic squabble going on out there this evening. And we just pulled up and they saw that we were there and kind of broke it up themselves and went on their ways. Which is the sort of thing that we would like to do we want to our main goal is to avoid having those confrontations by letting people know that we're out there and we're watching and not even to come into the neighborhood to start some

R

Roy McCarthy 09:25

it's amazing how much a presence really deters.

C

Chris 09:28

Oh yeah. If you want to if you want to join with Q patrol, give us a call at 713528 safe 7233

R

Roy McCarthy 09:36

Okay. Glenn has called on paramount to terminate the relationship with Dr. Laura Schlessinger and this move comes after his plessinger Cancer apologies. Channel to hear here in Houston is going to be airing. Dr. Laura's show when it when her show begins This past week, Dr. Laura Schlessinger a syndicated talk show host, personality recanted a recently issued public apology that gays were deviant and malformed and whatever. And she issued an apology to the people hurt by her comments. And GLAAD Executive Director Jonan. Gary said this disavow of her own words demonstrates such danger cannot be held accountable for what she says publicly. Now, folks, this is my view on this. They put all kinds of pressure on paramount, and all kinds of pressure on Dr. Laura, to recant and to apologize. She recounts, she apologizes. And then they still, you know, rant and rave. That's not right. That's not right. If you weren't going to, you know, they didn't want her for anything. You know, regardless what she said, they should have been right up front about it, and say, Don't switch, you know, change the rules in midstream. That is wrong. And that is embarrassing. And that discredits the gay, lesbian, bisexual, transgendered community that discredit says, bad folks, when you contact people, and you tell them to do something that do it don't get on their case, because they did.

C

Chris 11:24

That, I think better efforts we put in for rather than than yelling at Paramount yell at the local affiliates, because channel two is paying who's going to pay money to air this program? Let them know you don't appreciate it. I mean, when you consider in fact, right now, there's a controversy with one network show on NBC, that like 17 television stations have said we're not going to air it. We're chosen God the devil and Bob. They have 17 stations who said they're not going to air the show. And that's a network program that they're not having to pay to do this. Let channel to know that you're not happy with their decision to carry Dr. Laura. And especially

when you find out whenever it's finally released, what timeframe she's going to be sitting in there. Whether or not they're going to banish her to the after news program or the between the Jay Leno and Conan O'Brien segment, or if they're going to put her most likely in during the early part, even if they get rid of the four o'clock news to put her in. Oh, they could get

R Roy McCarthy 12:29

rid of Jerry Springer put her in

C Chris 12:33

one loudmouth versus another. I think Jerry Springer's somewhat slightly more friendly to our community. But let them know that's the best thing to do is rather than yelling at the nationals and letting the national yellow feather national organizations, let them know local front.

R Roy McCarthy 12:47

Okay, what's happening with PFLAG in Heck,

C Chris 12:49

he flag. Unconditional Love is showing on I 45. The first P flag billboard is up at I 45. And Patton. You'll need to be going southbound on I 45 to see it here the patent exit. It's lit up and has great visibility. And they were talking about it early this morning on channel 20. PFLAG was on a show called Assignment Houston, I happen to catch that and very interesting discussion. The host was a little uncomfortable though sitting there going through saying lesbian, gay, lesbian, bisexual, transgender. She's kind of she couldn't roll it off her tongue enough there so she had to kind of stop in the middle. Also, PFLAG is looking for people who are high school seniors who are interested in applying for the PFLAG hat scholarship. For more information, you can go to their website at www.pflaghouston.org/scholarship. Or you can call the PFLAG Helpline at 713-942-7002 application deadline is April 15.

R Roy McCarthy 14:08

Okay, folks, it's still not too late to purchase a \$5 raffle ticket from the Houston Gay Lesbian Political Caucus if you'd like to go have a chance to go to the Millennium March on Washington. It's going to be all expense paid four days and three nights at Marriott on the Mall in Washington DC plus airfare and so you get a chance to go there. And if you'd like tickets, give us a call at area code 713-510-1000. And they'll get the information off to you. We'll get a raffle ticket off to you. And now I got an article hear on the upcoming census. And the US Census Bureau is collecting data on March and April. On the American population, the same sex couples living in the same household can and must be counted in the 2000 Census. Census data is a primary means by which communities have been able to advocate for public policies and programs. Hello. What happened here?

C

Chris 15:29

That's called an Oscar subtle hint. Keep going, keep going, keep going.

R

Roy McCarthy 15:37

Okay, where am I now,

C

Chris 15:41

the census, fill it out and make sure you put down the heart for our community.

R

Roy McCarthy 15:46

Right now. There's to get you there. I've already done my census for this year. They have to if you have a same sex roommate or a same sex domestic partner, can they do make a distinction on that, and if you are of different races, you can already have multi races, you the areas to check off on that. And this is very important because strong representatives of our families in the 2000 census is so vital. The Policy Institute of the National Gay and Lesbian taskforce and the Institute for gay and lesbian Strategic Studies have teamed up to launch a national public education program called Make your family count. And so folks, get out there and fill out your census

C

Chris 16:31

figures, right, we'd be out of a census by now.

R

Roy McCarthy 16:35

Oh, that's terrible. The Women's Network

23:12

That would be good or sweeping.

♂

23:16

10 points for Justin. Oh, me. I'm right. You got the gold star? I don't think okay, what? What got me going on this was I learned about a little device that you can carry on your keychain that you know someone else's game. They're in the room. They have one on their keychain. Both of them start going beep beep beep Yeah. Are you for real? Yeah. Isn't that crazy? Worrying about this? Carol actually told me and then I went on the internet and type type type like

♂

23:46

me, do you really think I need to Avia? Nobody knows I'm Kay. Yeah, right.

♂

23:56

Okay. keychain size electric device.

♂

24:02

What kind of batteries?

♂

24:06

I use those on something.

24:08

It's gonna be something like \$44 Because Americans like to buy things for 49 instead of 42. Okay, so our first quiz we have today we're doing quizzes today. Quizzes are fun. Hey, look, come on. I mean, is. Is your gerbil gay.

24:32

All right. You really want to know out

24:34

there? Well, I don't want to always. I don't know I had

24:38

lovebirds that are

24:40

extremely fascinating. Okay, and we want you to do the quiz with us and then call him with your answers. Our number is 713-526-5738 or jam. KPRT. Okay. Pft Yeah, I knew that writing on him when he duction Fernando

Chris 24:59

See with those letters.

25:02

All right. Question number one. Y'all got y'all pens and papers ready? Absolutely. Oh, Jimmy's fingering me to do something. Okay. All right

25:19

Marsha free and listener sponsored community radio for the Texas Gulf Coast, Houston's 90.1 KPFT the sound of Texas Pacifica radio network station A KPFT. Houston EOS College Station.

25:33

Okay, what I forgot to tell Tommy was that at the top of the hour, we must do legal Id keep the FCC happy. Go FCC. Yes. And that must be done. Between five and five after the hour.

♂ 25:51

Okay. Oh, okay. 10 points for that. Okay. completely legal on that one. Okay. It says Does your journal seem like lists, lists and unhappy even though you've given it everything a gerbil could possibly ever want? Does your journal seem to tell you something but then stops and says nevermind. I guess it's really nothing. Then you find it laying in bed listening to Frankie Goes to Hollywood and staring really hard at the top of its cage. Is it possible your gerbil is having trouble coming to grips with its identity? Maybe your gerbil is gay. Homosexual homosexuality among dribbles is fairly common. About one in 10 dribbles report having at least one homosexual encounter at some point. Take the filing quiz to help you determine if your gerbil is gay. Okay, question number one. My gerbil likes a Guns and Roses. Be 38 Special for see Judy Garland.

♂ 26:55

Oh, hey. Okay, what if he doesn't listen to but he's just wearing the shoes.

♂ 27:04

For the shoe? Okay, sell them at

♂ 27:07

Walmart. Check that out. It's really cool. They don't make them in size. 13 Because now

♂ 27:13

okay, my jervois favorite movie is a terminator. Be rocky three or see kiss of the Spider Woman. That's an easy one. Okay, question number three. Did y'all get that one? Yeah. All right. My gerbil has a question a collection of NASCAR headbands be a Green Bay Packers cheese had had which in my family would be kind of common. Go Green Bay my mom would say or see spent a fortune decorating its cage with its kids. Retro finishing. What's that word?

♂ 27:58

I'll go with your pronunciation.

♂ 28:00

Okay, right. Kid Kitts. Yeah. Okay.

28:07

Number four means tacky

28:14

my gerbil reads a Soldier of Fortune B guns, guns and ammo or see Christopher Street and puts them in a special laminated sleeves in a special binder Okay,

Chris 28:35

now what would this special binder because it'd be what would it be could see through

28:40

you know the like little things that people know cards in Well yeah,

28:43

but like, what on the outside? Wouldn't you have it like decorated? Yeah.

28:49

Journals everywhere on it. My journals favorite food is a pork rinds and Coors. B, raw meat and old crow or C. Watercress sandwiches with the crusts trimmed off pasta salad and white wine Spitzer.

29:15

Okay, that's your typical gerbil food right? You're going to pick that up at any local Petsmart

29:20

now here's comes the scoring. If you answered to see to most or all of these questions, your gerbil is possibly gay. Oh my god. It's nothing to be alarmed about. You must reassure your gerbil that you will never you will love it regardless of its sexual orientation. And your gerbil is gay. If your dribble is gay. Never leave a roll of duct tape anywhere near its cage. They could cause your gerbil to have nightmares are runaway that about hey, I have no idea. Well, you know

29:51

what duct tape could do to adorable

29:57

gerbils. Whose trouble was it? A mine. As a matter of fact, your dribble was gay. It's gay. We had a lot of gay dribbles. Absolutely all gay dribble. survived, you know. And remember if your dribble is gay, they can't come to hatch, but well, but yeah, hatches there for us. And our gerbil. Yeah, well, okay. Well let him come.

30:26

Ha GCN

30:30

turbo friendly.

30:32

So now among our topic of gaydar, how do you find people are gay? We're going to start with Justin on this one. Oh, you're gonna start with me? How

30:42

do I find out people are gay, I guess. Usually after they have their tongue down. Kind of a slight tip off, you know, that's bad. That's extremely bad. I know. We'll just a lot of mannerisms. Typical things that you see, you know, when they like, look at their nails, like with their fingers curved instead of sort of like,

31:04

you know, because everybody can see what you're doing right now.

31:06

Yeah, they can't

31:07

- - - - -

see. So describe. Oh, putting them in front of

31:11

like, like you're telling someone to stop if they view their fingernails

31:13

like this. Okay, he got all into description.

31:18

Like, stop me now.

31:19

How about you, Freddy?

31:20

How do I find some of these games? Yeah. I just see them. The gaydar is just going beep beep beep it like

31:32

a sixth sense. Now he bought that 4999 designs. Okay. Sounds can you

31:39

usually I think people find me very open minded and they're willing to just come up and say, hey, yeah,

31:46

I was any person on the street. But since you know I'm Yeah. Your name is?

31:53

How about you, David?

 Chris 31:56

Don't you always like, you know, you look for the eye connection. Yeah, you're looking for the little stare that extra second longer than maybe you wouldn't get typically from someone who's straight.

 32:09

I see. You know, everybody stares at

 32:12

me. I stare at you Justin

 32:15

everybody stares at me of course. If you knew what I was dressed like out there, you know your chest. Everybody would stare at me.

 Chris 32:22

But see we stare at you or or those those who are totally interested in you because I'm so beautiful. That's but but those that actually her gay and interested in you would actually stare like maybe a second longer.

 32:37

Okay, probably wouldn't give them as nasty as look either.

 32:40

So let's let me talk. Fine. Okay, me. I can't tell. I don't know why you can't tell. I cannot tell. I am told. Right if you didn't know what you want to tell you just right, right. There's some kind of good are you have right? Yeah, but my mom has better Gator than I do. Oh, yeah, of

 33:00

course she had to.

 33:03

But I mean, that's crazy. She'll like, no, she knows. My mom knows.

BUT I MEAN, THAT'S CRAZY. SHE IS LIKE, NO, SHE KNOWS. MY MOTHER KNOWS.

33:08

She's the kind of person who can spot him and like 50 miles away at age two. Yeah. My mom knew

Chris 33:13

and I'd be curious to know how many think their way is the surefire way. Like I wouldn't say like mine works out. 100%

33:23

I would say mine does either. I've been people surprised me why people surprised me.

33:28

How about you Freddie? Do people surprise you?

33:30

Sometimes I feel that they're in denial. And I'm not allowed to prove them wrong. Yeah. It's I just let it on the table and say it's cool.

33:44

Okay, so my friend April painter. She's. She's a great person. Great lesbian, high five for April. Yeah, okay. Well, she let me borrow. So you want to be a lesbian? Because I have no like lesbian insight because

34:03

it's not a pamphlet. You can find it? Or is that a book? No, it's

34:06

a book.

34:08

We actually have those pamphlets. I know. It's so your Ella's know you think you're a lesbian?
Yeah, yeah, like but you're wrong. You don't wear 15 pairs of like athletic shoes are just wrong.

⌚ 34:22

Oh my God, my friend's mom

⌚ 34:28

but I actually learned a whole lot from this. I got a lot of insight there. A from page one to page Z. There's questions to it describes different types of lesbians in fact, okay, let's find one. The Nancy girl lesbian, a seemingly asexual woman who hangs out with lesbians, but has never seen or known to have carnal knowledge of anyone.
