And they're really good. I saw them at their Christmas show and it was excellent. Because I'm a huge fan geek. I mean, anything kind of gear we have anything.

01:36

Dynegy hot,

Chris Harrison 01:38

very hot.

01:39

To me started off the show with something from them, didn't they day.

Chris Harrison 01:42

Yeah, that's why he got that was the piece of paper we were missing earlier. It's time for the roundtable discussion. And we got some of the MB B letters we're gonna go through Week. We did get an empty envelope from Chris. Yes, we did. It was empty. And so we're not sure if that was one that was

02:02

I am sad before it's I don't know it was empty. When I came here.

Chris Harrison 02:06

I got a strange feeling that what might have happened was is one that we read last week and the envelope that separated from the letter and when Larry possible and we left the letter the envelope sitting around here

02:17

that no because they all have the same postmark date.

Chris Harrison 02:20

Okay, so So Chris, if you send us a letter recently,

02:24

there was nothing in there.

c Chris Harrison 02:26

So we're not ignoring it. It's just Oh, yeah, but yeah, it's postmarked the 15th so it does look like it's been through hell though. The same lips kind of now battered, battered and abused envelope

02:45

Wolfgang right Roy Travis Stacy smiley and all the rest of the after hours smiling man don't go down on me. It's see here he comments on me freestyling from Miami and all this other stuff he says that uh him and some other friends are getting tired of East Ham or a unit and playing the medical moves so we hear you Wolfgang let us keep in touch let us know what's going on. You always make some interest in that he likes hardcore heavy metal music. Not your taste I'm sure. Panther he went Panther. What does a panther tool drowning Kool

c Chris Harrison 03:22

Aid depends on the mood you know, so I don't really Ryan personally, I don't have a particular genre of music that I listened to. It just whatever hits me at the time.

03:29

Here's something you might be interested in love tool sounds a you use something you might be interested in. He wants pain. He likes violence. He's in what was that? What it what is that when people get into s&m? Well, no not s&m necessarily. He goes off and says it's all the rage violence pain Disick darkness so to speak. Slave rights

c Chris Harrison 03:51

Yeah, that's that's an M honey. That's an MD BDSM sadomasochism Tune in next week when the leather lines here you can't beat third show our guests. Sometimes you can beat our guests and they like it. Well, usually the crew that gets beaten up guests. Well, you know, just depends on who's available with the payments down.

04:11

Oh, that's wicked. I'm just not looking at another bookmark that are we collecting these? What do we do with these?

C

Chris Harrison 04:16

Jimmy has them Jimmy has them yeah, there's

♂

04:18

got to be a collection of them. This one isn't the most straightest I've seen generally there's a little curve or they got a Prince Albert. The mask kind of throws me off. I don't know. He also said something from excuse me seems like Joey Sylvia from Batman is really getting into the transgender scene.

C

Chris Harrison 04:37

Did you see this? How other What are you getting that in prison?

♂

04:40

This is this will be contraband and I think this September they got two more months and then they have to get rid of it they're gonna probably lock down all the units and go

C

Chris Harrison 04:48

some other words that's what we're gonna be getting a lot of these Yeah, they're gonna be a wreck in the mountains. Well, no,

♂

04:52

actually probably not. Because it's going to they're going to be well hidden and mats and stuff that this is going to become this is like a soup right here. It's going to be It's contraband in a couple of months, it'll be

C

Chris Harrison 05:02

what it is. To explain people it's a basically it's a sheet of paper, double sided. Slick. That's an ad Soto ad for a transsexual video. No.

♂

05:13

Well, yeah, it's what it is. But it's Batman. I don't know if you ever seen a Batman but they are it's a hardcore magazine. And they're, they basically feature photographers, each photographer has a submission. And this guy right here is just all into he she's transactional transactions, big

time. And that came from slang. I

 Chris Harrison 05:30

think I've seen actually some of his more interesting regular hetero porn movies. And I do believe if this is the same guy that he actually has, like the intro to his videos as a girl with with Batman tattooed across the top of her but but it's a very attractive transsexual, though. She's really pretty. Yeah, I mean, I mean, she's really pretty, like if you covered her up, there's not a telltale sign until you get between her legs, depending on which way you fold the picture. Now, apparently

 06:03

slave likes Giselle. She has very beautiful eyes, blue eyes, I'm sure there are contacts but they're still pretty. And then he mentions in the way we talked to her come June, June 1, June 1, I have to get rid of all pornographic stuff.

 Chris Harrison 06:16

Oh, what's the life in prison without porn?

 06:21

He also says he knows Cory from last week when we had Corey here talking that 15 minutes Yeah. Read edited, edited, edited, edited. Versus Johnny dangerously. Oh, he commented. Y'all play the John in danger city last week. I just share my little but it couldn't be helped. Shake.

 Chris Harrison 06:44

Did I say help? share his love. Oh.

 06:48

Yeah. Well, if he looked at his K looks like an R. So that's why I'm sorry. But it is. Yeah, I had to shake my little but I see.

 Chris Harrison 06:54

And we're going to be working on getting some of the other genres universe like songs that we can play. The only problem is a lot of his songs are not FCC compliant. Oh, cool. I

07:02

hope that he had a visit from his father. I hope that went well. Did he did it he says he'll write me once he hears from me. Did y'all get the music that ends the show? Hey, not much.

c Chris Harrison 07:15

Oh, yeah, he forever homie. That's tough. I made a joke that you know, it's one of the few people who liked that music. Well, everyone on the show seems to comment they do not like, like, you're like, Oh my God, where

07:29

did you get the music at the ends of the show.

c Chris Harrison 07:32

The music we play the end of the show when we do the you know when I start telling her when you got 30 seconds. That is dreams of the summer time by Thomas Reynolds insky as r a n ISZEWSKI. As from his album a midnight at a time. So with a name like that, if you can't guess what nationality his family is from, give it up. Because that name is more polish than mine.

08:07

Angel boy writes, Chris, he makes a you said something about respect. In my prior letter, I just wanted you and Chris to know that I wasn't trying to hate on you. I just use that as an example about the people misuses the word respect. He goes on say because Chris, overall this time I've been hearing you I've grown to respect you. I like your heart. I can feel your passion when you speak on certain issues. And just because I do not respect your stance on state sponsored Murtaugh the state sponsored murder definitely does not diminish my opinion of you as a person. I want to go on about this, but I believe in educating myself. And then he goes on talks a little bit history about that. But yeah, he commented on that,

c Chris Harrison 08:50

well, I appreciate it. Because one of the one of the things you probably came from was when we were talking about the Focus on the Family. And you know, the way I the way I treated the the interviews I did with them. That's part of part of what the thing of I want to hear someone else's point of view and I love getting into debate. So and then and you know, I'm if I feel confident enough in the that I can argue an opposing side, if there's a need for debate, I don't mind playing a devil's advocate when need be. So, you know, that's, that's part of what I want to do, especially with the show and, you know, have a kind of freeform discussion on some of these things, go into different points and open it up and really get some dialogue going. Whether it's on something specific we get out of an MBB letter or something's going on in the general population. You know, let's take a story and run and make it run.

09:47

That's the way it was a small week. That's all we got one other. We have. Of course Stacy's

c Chris Harrison 09:53

Of course, of course. Yeah, we have. We have my mini book. It's only eight pages. I know. It's only the front side of the page and it's only eight page lacquer I know anyway he's you know our hopes everything's going well back home and this brings a smile to your face he's thanks me for leaving Madonna Rama early of course you know whatever I was. I was done about three o'clock but then they played like a prayer and I had to jump back on the dance floor for another 15 minutes because it was the extended mix and that is one of my favorite Madonna songs of all time Yeah, no, you haven't overstepped your bounds he does like have some measuring thing he says this is for measuring a belt I don't know at you know it could be I have not seen Jimmy move that fast. It's for a belt it's for a belt He's got the whole he's got the little I see that yeah, you know whatever. He's had to work all day so what he does ask what my waist sizes because apparently he's making me the belt. If you hear this and you're listening, okay? Like whatever you want to do and black leather is really good but if you can like pound my name and it backwards, I'm serious. I want S T A Cy backwards and it's so I can leave that imprint um cuz I have some people who have some people who would love me to use that on them works with the craft shop work in the craft shop he doesn't know I understand it because I was I think it probably for you you'd want it on the belt buckle backwards so you know Yeah, I don't care. I'm Mac and with either end of it. I wasn't thinking smacking I thought it was like wearing an impound. Yeah. Oh, man. Well, you know that to turn it around. It doesn't matter. I'll leave an imprint some way as long as my name is in there backwards and I can read it and read that would be there. I'll say hi. Jimmy Jimmy's toes curl his eyes cross. Yeah. Hey, says hi Smiley. Hey, what's up RJ? Oh, so yeah, he's working on a picture. Oh, good for me. Oh, bad. No, great. I need artwork. I know. I need it. I love that.

12:13

I've received so much artwork in the past and I love it all. But you know, I'm breeding

c Chris Harrison 12:19

he's even talking about building your frame. So RJ after you finish my picture, I will relinquish custody of you for a moment to maybe make something for Jimmy so he doesn't get all you know, without him. We wouldn't have this whole thing going on. So we ought to send them some little tidbit. Yeah, he's talking about some Rawhide something or another. Oh, that's the belt. That's the belt. He also says his hands are blistered from busting up a pit for our garden at the kennel and what sucks is I'm putting in all this time and I'm not even going to reap the reward Since he'll be driving soon. I hope so. Just for your sake. Sounds like he needs a change of pace. He's learning to play the guitar and his fingers hurt the guy showed me said that if I didn't cuss or bitch about my fingers hurting then I wasn't learning that's that's pretty good. Yeah, no pain no gain honey but I can't hear it. Oh yeah, yeah, I see that. He loves the Red Hot Chili Peppers Hagen it's Monday night I've had a long day of course. Yeah, we want you home

to he says Damn, I want to come home. So he got together ordered from his pick from from his sister. That's cool. I'm glad Yeah, I just I can't wait to get you home either. The little issue that you're jealous over honey, trust me. Don't worry about it. There is no reason to be jealous. I promise. I'll explain it all I'm writing you a letter but I got in a car accident last night. I'm okay but my car is not someone ran a stop sign and we had kind of had a little collision and bounced to the opposite end of the street so little

14:08

your cars virtually totaled

Chris Harrison 14:11

well we don't know yet. There's a 5050 chance that they'll total it and so you're hoping well we're not saying that out loud. Okay, that's my

14:21

might be listening. Oh, I don't

Chris Harrison 14:22

care they can listen all they want I've paid my premiums I haven't had an accident. I don't have any tickets on my record. That's you know, that

14:30

is some letter somebody's girl. It's

Chris Harrison 14:32

it's a fabulous letter. It's a lot of it is very, I wish somebody would have personal which I love very much. But you know, and it was actually even sent to my Stacey Yes.

14:48

Well, you know, we don't read other people's mail because somebody's named and

Chris Harrison 14:52

well, actually, this one came to my home address, but it was addressed to my stay safe. Gotcha. Somebody somebody's claiming ownership of this one can you believe that my

anything? Yeah, all I gotta say honey is gonna take one heck of a man but nobody right now has a better possibility so okay to me. Oh my God we're doing husband hunt again now their UK husband found what do you welcome to husband? The prison edition? Yeah, no, no, no, it's not husband Hunter prison edition. It's been like, you know, the tricks of the trade whatever. I don't know. I need to. You've been trading tricks though. Whatever I just need I need a belt buckle that says felon or sell an FCC or at least I know my type. Gotcha. Tomorrow's the last day of the rodeo. So if you hurry up, I bet you there's someone there who makes belt buckles.

15:53

Yeah, but check in Hey,

c Chris Harrison 15:55

can I get Fallon? I'll put on my belt buckle. Now he could. I think that'd be hot. I think it would be hot. Better. That's rather that's gonna be your other belt buckle.

16:10

Just think of it as community outreach. You know, go and get a belt buckle at the rodeo.

c Chris Harrison 16:15

Anyway, RJ I'm working on your letter. I've really enjoyed the last two letters. So now you haven't crossed any lines. And I

16:22

really hope that anyone anyone who writes to us once they get out they come by the studios that fortnight team love it and hang out with us. It's only

16:33

one block off West I don't know if you know where numbers is which I know all of you know where numbers just go down tap and take your first right on love it. Okay, are half of them. Were right there.

c Chris Harrison 16:44

camisas Yeah, something like that. So, birds you got Smiley.

16:49

Well, that's it on the MBB letters. What I just going through the articles and everything like that Alabama passes a bill banning gay marriages.

c Chris Harrison 16:56

Well, the old figure

16:59

Guy No.

c Chris Harrison 17:01

better left to heterosexuals. But isn't there an exception to the Alabama marriage law that allows brothers to marry brothers? Kissing cousins.

17:09

Now you're, you're thinking of origins so? Well,

c Chris Harrison 17:11

it's honey, Alabama. You know, I know a certain person who's moved to Alabama and oh, I've already you know, already tells me a lot about the state when they let a man

17:20

look what got me kind of weird, was it it's democratic, that does propose the ban. Representative Yusuf Salaam is the leader of the black democratic Yusef Salaam is the lead sponsor of the measure to amend the state's constitution to ban gay marriage.

17:38

Something smiley,

17:38

he's Muslim, first

17:39

of all, black people. Theoretically, I've never really experienced this, but black people have something against gay marriage posts, according to Ann Coulter, who's a right wing nut job, big time, but also his name is Yusef Salaam. He's obviously a part of like the Nation of Islam and gay marriage is something so huge right now that it brought.

Chris Harrison 18:01

We won't say we can't say if he's, if he's a member of a certain organization, right? It doesn't Johnson, we're not we're not we're not going to equate certain certain people with certain organizations.

18:15

Okay. I didn't mean like the actual group, I'm in the overall overall religion,

18:23

right? The Muslim, the Muslim religion itself problems. They use this they use the same reasons that the Christians do.

18:29

Well, Catholics is special

18:31

Catholics. Actually, there's a

Chris Harrison 18:33

whole lot of democratic officials who don't agree with gay marriage. And so just because it's a Democratic candidate, or a Democratic official doesn't necessarily mean they're gay friendly.

18:44

Yeah. But we, you know, we we know, we don't have many, many friends on the Republican side. So we hope that a majority, at least of the Democrat all

Chris Harrison 18:54

I'm saying honey is third party choices. Because

18:59

well, out of the 13 states that have actually enacted the ban, Louisiana is only one that has had any kind of litigation in court and the constitutionality of that ban, Louisiana,

c Chris Harrison 19:10

there's such a fusion between the two, Republican and Democratic Party there, you know, and every one of them I think, are trying to the rights are trying to move away from being too far right and less are trying to move away from being too left. Everybody's afraid of pissing anybody else. I've seen

19:26

anyone from the right trying to move away from being too faint. Do

c Chris Harrison 19:29

they play down a lot of their ideas? Right? Because if they came out and said exactly how they felt without any sort of PC filter on there, what what you're what also what's happening right now is a lot of people are driven more by polls, or anything else. I mean, you want to talk about how much you know, the day program and we're talking about being driven by polls.

19:52

Stacy

19:56

said it.

c Chris Harrison 19:58

The fact that you know, we're talking Talking about, you know, gay marriage is kind of, you know, both the Republicans and the Democrats are not really being our friend. You're seeing this trend coming up a lot of things where they may be fundamentally opposite allegedly in so many things. So many of these hot button topics right now, they're kind of getting together. I mean, when you look at the Terry shaido case, in Florida, you've got Republicans and Democrats, for the most part, bending over backwards, forcing these laws through trying to get the feeding tubes again, some of the Democrats in the Senate stepped back a little bit and weren't as enthusiastic, but they still were, basically goose stepping in line. And so that's

part of what you're seeing is, you know, there is part of the schism, that even though you know, when it comes to abortion, when it comes to church and state, and sometimes there's fiscal responsibility, they may be diversion, but a lot of these hot button topics, they're looking at what the news stations in the newspapers are saying, These are the poll results for him. And that's what they're what's driving them because they want to be reelected. And he's a Democrat in Alabama. I mean, and if you have a black Democrat, Black Muslim Democrat in Alabama, we're assuming

21:07

he's a Muslim, he might be. Well,

21:10

even if he was a Baptist, even with the Baptist, there's a lot of Baptists. You know, I mean, you know, there's a lot generally religions are not pro

21:20

over here, talking about religion. I was watching a movie last night and I saw a commercial for the United Methodist Church. And guess what I saw, I saw the church advertised for parishioners to come in here and what they were using where same sex couples are sure it was University was UCC, or no, it was it was United Methodist, on a&e using sAm same sex couples, they had these lesbian couples,

Chris Harrison 21:42

that someone you know, you can't come in.

21:46

Yeah, no, that was I saw that one, too, that was in there showing that the fact that you know, these people were rejected, and these people were rejected. They were using the church, like, back commercial we're talking about No, that was that when I saw the United Methodist United Methodist, on a&e, same sex couples, it was firsties lesbian couples holding hands going out the parking lot into the church. And then these gay, these gay couples with a child that were sitting down in the pews and everything like that, and then a show to a white and black couple to gay was divert, it was showing diversity. And that's what tripped me out.

22:16

Well, the it is a huge hot button item because we're not just talking about politics here. We're talking we're mixing it with, with religion in effect, because most people think of marriage as a religious. Right? When actually it's two it's two, it's two rights and one it it's there's the state

marriage, and then there is the church monitors differently, which is really two different things,

22:46

to different things. And what I'm also noticing if anybody else is that the religions are finally starting to modernize like they've always done in the centuries. Yes, not enough. Run. Not okay. You notice the United Methodist Church trying to recruit

22:58

check for the pope lately? I don't think so. Okay. That's the pope get major religion.

23:05

You can't it. Okay. You realize the candidate. Okay. There's a candidate talk

23:09

about the southern but you've been talking a lot. You've been talking? Have you read anything about the Southern Baptist Convention lately?

23:16

No, I don't think so. Okay, we'll find that the egg. There's eight candidates for the Pope. There's eight candidates to candidate in South, the candidate in South Africa, who is black, who's up to become a poet happened. He's more liberal in the gay stand

23:30

that listen can check. There's no card. No, that's going to be that liberal? None. Absolutely none. John Hall has stacked the deck he has and he wants his views to go on. Exactly.

23:45

But also, I mean,

23:47

I think there's also a thing to that. I think I still believe that a lot of people could care less and just in life in general. But as you said, everything is poll driven. So I think there are actually a lot of senators and people in public position who could care less. But unfortunately, because of

the polls, because they need to get elected because they have constituents, when they get asked the question, they have to have a certain opinion regardless of what they really believe. And they have to vote a certain way agree. So politics is all about Yeah, and that's really disheartening. And because it doesn't help us any you know,

24:28

it's just the squeaky wheel gets the grease. Yeah,

24:32

but I think there is a degree of something sort of cool about the idea that I think a lot of people could just care less Thank you. Just get on about your business and let me get on a map. But you know, gotta have something on for them to argue about on on argument, entertainment, news channels.

24:55

Travis.

24:57

Um, well, I don't where it was They're going with that. Oh, I think the pope role really is fairly liberal. I mean, he's allowed birth control in certain instances. And

25:08

he wasn't too happy about the gay pride parade in Rome.

25:11

No, of course not. Because being even though he is a liberal, liberal, he is a liberal Pope.

25:20

I see your point.

25:22

Standards are your standards, but by old school Catholic standards, yeah, they don't burn.

25:27

That's the problem with the Catholic Church. It's still in the 15th century. diligences.

25:31

Right. But I'm saying like, small steps are still steps.

25:36

Thank you. Exactly.

Chris Harrison 25:38

The most progressive thing, the most progressive thing that John Paul has done was Vatican two, where basically that was in 60s. Now seven, Vatican two was the 70s 60s. I was six when they took Latin out of when they started doing Catholic services. Yeah, in English, French and Latin. You know, that, that still upsets some older people. My grandmother lives up in coal mining portions of Pennsylvania, and the her church is starting to do services in Spanish. Yeah. And her church is up there, the most of the churches are also kind of based around an ethnic origin. And actually, the church she goes to is more Italian, in in tradition, and, you know, she complaining, you know, why are we masses in Spanish when, you know, all those years, I went to the Catholic school, and to Catholic Church, it was done in Latin, I couldn't understand it. And playing goes back to that was the most progressive thing was what Pope

26:37

also allowed cremation in Mexico,

26:40

because there's no control. I'm sorry, he did.

26:43

He did allow birth control for couples who were going to have beds made

26:47

acceptances. He has made circumcise

c

Chris Harrison 26:53

the only birth control once the child is formed, and you've and you've just heard determined that a child is going to have a disease is abortion.

o

27:03

Now I'm talking like sickle cell, not necessarily sickle cell anemia. But I've seen

c

Chris Harrison 27:07

nothing of saying where the Pope has never said that he was all about abstinence.

o

27:14

And that's the problem. That's why so many millions of people have died from AIDS because he's, he's with this abstinence thing. And no, no, no. Sex education,

o

27:25

it religion is not necessarily a thing to beat

c

Chris Harrison 27:29

him up and get him on the show. Yeah, can we call the Pope, email the Pope and get him on the show? I don't have his phone number.

o

27:37

Does he have an agent who's an

o

27:38

email?

c

Chris Harrison 27:41

He does have an email. Tell you what, I'll go home and talk to God and see what he says. Oh,

o

27:45

God, next subject. I was looking

27:48

I tried to get Margaret Cho but the station's already got murdered. So I don't know. They said they're more than welcome to share that interview with you. Margaret Cho. How

27:57

who? Are you talking about great show? already gotten an interview?

28:02

KPFT Oh, really? I don't know. Who did they interview Gina Miller says she's has an interview on tape for No kidding. And you're more than welcome to use bits of it.

28:11

I'd love her who knew? Well, I never heard her.

28:14

This. See that's what I'm trying to sit here is she's in the Eclipse Houston voice part and it says that she's a political now I can understand she's a comedian. But what activist activities has she done law? Oh, she's great. Have you heard her routine? Yeah. Gay. No, I haven't. That's why I'm asking. Well, what I mean, I'm going on what I folks he's been away. Yes. I'm reading whatever.

28:35

she's bisexual. She Yes.

28:37

She does a lot like keynote speaking and stuff like HRC, galas and stuff like that. I mean, I can't think of anything specifically. I do remember she was uninvited from the HRC gala in Boston during the convention because some of her jokes were a little too against you know, other people and their every policy

29:01

ask her whether about whether the Pope is liberal and I'd love to hear her.

c

Chris Harrison 29:05

Her take she is absolutely one. Okay. It's no notorious ch. Oh, and what's the one revolution something revolution? Yeah. But like her entire comedy routine is is based around her politics of kind of being like an Asian fag hag growing up in San Francisco. What it's like to be discriminated against about being an Asian American. I mean, she is like, you know, women's women's wise.

o

29:33

Oh, she's completely over it.

c

Chris Harrison 29:36

very outspoken. Very, but hilarious. Yeah.

o

29:39

And married to a man. Yeah, but she's.

c

Chris Harrison 29:43

And she has fears taste into slice. Let me tell you when I saw her live, man, Oh really. She had some heels on and these things have this little leather thing that went up the back of her calf. And they were just like this kind of strappy high heel but they had this leather cut out that went all the way up the back of a calf and laced all the way around. her leg like almost up to her knees. They were fierce. Wow, she was hot. Very hot.

o

30:05

Smiley when she pointed out that she's married to a man because she commented

o

30:09

right here. Well, I'm married to a man and at home, I was such a housewife and yet I'm so gay, but I'm a trainee too.

o

30:15

Let's see there you guys at all. What's the mystery?

c

Chris Harrison 30:24

I think she's odd. I

o

30:25

thought you were saying that somehow, like gay for less validity in the gay community because

o

30:29

she was married to a man.

o

30:30

No, I just was coming to him and she was at the window. She's coming March 7 at the hobby Center. I'm planning to be there. When Sara March April the seventh March the seventh is over Yeah, no, sorry, April the seventh at the hobby center. Kind of want to go see see it live. Baxter bunnies also back in the Houston voice. Anybody see the episode with duster? Buster Buster Baxter and Baxter Baxter bunny? Baxter. No, it's

o

31:00

buster. No.

o

31:01

They have Buster Baxter beat Sesame Street, nary a gay character and only the adult seems to be bothered about it.

o

31:06

I think. Last name.

o

31:08

Yeah, it is. I wish I would have seen that episode. I saw a little bit. I watched a little bit of it. It is real cheesy.

c

Chris Harrison 31:14

..

I mean, it was

31:16

cheesy cartoon.

Chris Harrison 31:19

I mean, the fact that you know, they were talking about the homosexuality part of it. It's a very it's very kind of hidden. By the way, I've got two mothers here's a little disappointed

31:28

with the Simpsons kind of gay thing. It turned out to be the aunt. I mean, big deal.

31:38

South Park did you hear or see the South Park where Mr. Garrison had the operation?

31:44

More tasteless? Yeah, it's always my Big Gay dog and all that stuff. It's always been way over the top and Satan and Saddam Hussein. Yeah, I mean, mega strides Dan and no, but they really build up the Simpsons things like it was who's going to come out? With that,

Chris Harrison 32:04

the interesting thing is gonna be tomorrow night. You got Desperate Housewives. And when last left The Desperate Housewives. They introduced the fact that the Wasp son was gay.

32:18

I may start watching the when

Chris Harrison 32:19

he was he was the one of my mother. I'll be so verklempt the laugh of the wind. I mean, the one of the last scenes in the last episode, they broadcast last month featured the waspish 16 year old son naked in a swimming pool 18 or 19 year old

-- --

32:37

I'm gonna have to start watching this show.

c 32:39 Chris Harrison

No one No one makes a comment and nobody commented about that because it was the same night as the Simpsons and everybody was just transfixed on Simpsons right well what

32:49

would find what I find fascinating about the whole thing I've never seen an episode but it's the fact that it is written by a gay Republican what what housewife Desperate Housewives. He's a gay Republican who

c 33:01 Chris Harrison

cares who was threatened by

33:05

Well, there was a bill about how

c 33:07 Chris Harrison

exactly and that one chick with the red hair whose face just doesn't move ever. She's frightening. She looks like a transgender to me. She played an entirely like not even manipulated

33:18

entirely different character on Everwood that was like a new age healer and was just like the most he's got a very gentle person and it's got a very masculine present. What I'm saying though is she's really a great actress because she played a part that was the complete opposite of that in terms of softness and gentleness. That's

c 33:36 Chris Harrison

good. You know, I was watching MTV like God forgive me a few weeks back that a friend of mines apartment and they had one of those reality dating shows and they had a gay guy that they hooked up with like three other three other guys and of course like all the guys that hook them up with I would have like thrown down the street

33:55

little like cereal show they had with all the different relationships with people

c Chris Harrison 33:59

Yeah, it was a real world. Yeah, but this wasn't a reality dating show

34:03

world I'm talking about it was it was a written scripted thing it took place in college dorms and was all these rooms. Yeah, all it's all about everybody having sex with they were I mean, MTV and A and B have always been extremely gay friendly. What's always what's up with this gay gay satellite satisfy one of the gayest things that's ever been on TV that particular show and it is all about sex. And and and understanding what's

34:31

up with this gay satellite channel TV has that taken off television that they know that good Sirius? Is it Sirius or XM? That's got the gate.

c Chris Harrison 34:38

television or radio? The radio is on Sirius net on the Sirius satellite network right there. There's kids out Q Ray right. Is

34:49

that okay? Yeah, the gay TV set one is that up and running again network. It's all it seems that depends

34:54

on what week it is whether or not Paramount is going forward with their or the I'm sorry, not paramount. Viacom is going to be doing that to showtime MTV network for gay television. I mean, the gay Television Network, which is what was it called?

35:11

What is it going to be called?

35:12

I can't remember. Who is gay people we demand our right to have as mediocre entertainment as stripe PayPal. I forget what the station's or the number can be called overstayed American okay. There

c Chris Harrison 35:26

is a network out there already called here TV, which is available mainly in the North East. And also there's a Canadian gay channel. I don't remember exactly

35:36

what I just haven't heard much about it. I just remember when they came out and they

c Chris Harrison 35:40

said or a sexual plot. What happened was, you know, Viacom came out and they said, We're going to do this station, we're going to do it. We're going to do it. We're going to do it. Then they go, Oh, no, no, no, no, no, no, no, we're gonna have to back away. Wait two games. We're gonna do it. We're going to do it. They're gonna. And basically, they've jerked us around enough. We're not going to make a big hype until we actually see the damn thing. How well programming, can you not only that, but do we really want to be like the rest of the mindless heterosexual world aimlessly sitting in front of the TV clicking a remote control? Well, it's

36:09

a heterosexual world. That's most people.

c Chris Harrison 36:12

I think what they're looking for is, you know, it'll only get worse, at least give a mirror to some of the things. I mean, Showtime was one of the one of the first blow up your TV. Showtime was one of the first stations that actually came out with a televisions one of their television series that had two openly gay characters who you know, were happy. Yeah, they they weren't depressed. They weren't trying to change you. They were what is that? us brothers? Okay. Oh, yeah. That was good. That was way back. Soap had a good soap did too. But unfortunately, they took the gay character that Billy Crystal played. And they started off with him being trans. Why don't you be transgender? Yeah. And then all of a sudden, you know, he's not transgendered. He's gay. And then by the end of the series, he was straight.

36:56

Yeah, well, but that was so I mean, it was a good to take off and

37:00

do with Kevin Bacon is playing a gay role in that Queen Queen Latifah that Queen Latifah movie coming. Oh, Kevin. Yeah, Beauty Shop. Kevin Bacon is playing a gay role. Yeah, yeah. I saw that. I saw the previous

37:11

4k and JFK. Oh my god.

37:14

Was he hot in jail? Or what? Kevin

Chris Harrison 37:17

banking? Yeah, good. He also appeared on an episode of Will and Grace and he's like, come on. He's

37:23

been like a geek. And he's been he's been everything any kind of like out there character. He does. And he's great.

Chris Harrison 37:29

He was really good in that movie sleepers. A pedophile?

37:32

I accidentally insulted him in New York one time. That's awesome. I was at a club. It was like 8382 A suddenly in there. Did you dance? Was that club that was I don't know. It was the one where with Bruce Willis was the bartender. And And anyway, we were in the lounge. And like he was walking by and I turned to my friend. Oh, look, there's Tim Hutton. And Kevin Bacon went and got a sour look on his face and walk up.

37:58

How old is Kevin Bacon? Oh, yeah. I don't know.

38:03

He must be like 45 or something.

38:04

He's hot that like that old in that watching JFK that one prison scene where he's all like, you're not a bad looking man. Not a bad looking man at all. I'm gonna come out of here and we're gonna find you and we're gonna have some fun. I was just going oh, my God opened that shirt a little more than you should have was the one Oh, I can't remember. What is it? Where is it? There was somewhere he has like full frontal. Yeah, yeah. Well, what was the

38:32

name of it? But he started out in New York on On Off Broadway in a play where he was about hustlers. I think he got naked. And that on stage was his full frontal. That's where he started before he got into

38:45

a naked picture. Kevin Bacon right now.

Chris Harrison 38:48

Now I'm just trying to a wild things is the name of

38:50

that with him isn't Keanu Reeves?

Chris Harrison 38:53

No. Kevin Bacon was born in 1958 1958. So

38:59

1983 4546 25 in

Chris Harrison 39:03

Idaho with River Phoenix and Keanu. Darling.

39:07

Maybe? Yeah, that was talking about that in the same conversation as the other movie a couple nights ago. Yeah, I get this. I get things mixed up if I talk about in the same conversation.

c Chris Harrison 39:16

Like if you can erase Keanu out of that movie, it would have been a perfect film.

39:21

There were some moments. Yeah.

c Chris Harrison 39:23

I mean, it was great. It was brilliant movie, but Keanu almost killed it. Man.

39:29

I'm thinking Why does everyone talks about him as if he's gay? Matt Dillon no Keanu Reeves

c Chris Harrison 39:35

who cares because he

39:36

like because it's been so ambiguous about it. Wow. Like whatever I'll just began like, Well, if he won't say it, then what is that? Good night, RJ. Good night. David. Love you.

39:48

It's time to say goodbye to everybody. I was just thinking California is back in the news and what play I can one is he coming out? Play can come out.

c Chris Harrison 39:56

None of our business who cares? Doesn't matter when the music starts you got 30 seconds and Nuts

40:01

he's a redhead.

subconscious killer man. Good morning, Houston. Good morning brother.

42:41

It was so fast downtown man. Man one

42:43

man it was it was it was wicked man I had just I don't want to give too many details away because I don't know who all is involved in it but hey, look man, I'll give you just one aspect of it. We had I personally had just tossed away I work at a bar. I had just tossed away a broken Tip Jar big huge piece of glass right? Take it outside put it into the blue trash bag. And one of the guys that was fighting picked up the trash bag that had that I had just tossed that broken big glass into the one guy and so I knew how dangerous that was myself because put put the big

button because I know what's in there. Yeah, man. It sounds like crazy man. Luckily the guy did get hit so everything was cool with that. But I was just frightened man for the brother and frightened for everybody. That was you know,

43:30

in the famous words of Rodney King Can we all just get along please? Where can we look? Man I feel like singing a song. No right now though. I freestyle. I'm awake. Oh Chris. Come on, man. You think we should never say

43:44

43:54

How about we lead Shabba ranks saying yes, we'll do
