♂

04:47

P

Peter 04:49

♂

04:55

guess we drag along with us tonight. And to celebrate the new year and we're gonna Going into handcuffs. We have a psychic with us tonight. Oh

J Jimmy Carper 05:09

you know there are a lot of queer people gay lesbian, bisexual, transgendered who are into the occult and things and, and I think we're different. We have premonitions we have, I don't know, we see things from a different angle.

G Glen Holt 05:26

Okay, people have

P Peter 05:28

just a little more perceptive

o 05:30

the proper top of the top popper bottle

J Jimmy Carper 05:35

we don't need we don't need drugs.

P Peter 05:38

Pineapple juice. Hey, we've

o 05:39

got a wonderfully gifted woman tonight as one of our guests. Talented. What's the right word?

o 05:49

I don't know. I was thinking bullshit. Hey. We have a wonderful

P Peter 05:54

talented boasts

05:56

a wonderful talented vocabulary tonight.

Jimmy Carper 06:01

Oh, it is after midnight, isn't it?

Peter 06:04

I think we can say the big password. Well, once in a while.

Howard McHale 06:08

We've got Sharon tonight. And she's going to be talking to us and doing some wild things over the phone. And probably something's wild back here too. She's gonna tell us a lot about some future things. Exactly what's happened in the psychic world? Exactly. Some future for Gemini like one day we might fall into a functional relationship.

Peter 06:29

Like you might grow hair. Only by accident.

06:34

Don't you be picking on me bitch. Anyway, we

Peter 06:37

had a wonderful time you and I didn't wait. We went out with Sharon. And Jeanette and Jeanette and we did pizza and did and did. And Denise was there too. Anyway, and we did psychic readings. We found out all about ourselves. About our signs or Neptune and our Uranus is I love that planet the bat.

Jimmy Carper 06:58

You told me a story about that earlier about your anus, not yours. Oh, yeah. Now let's move right along. Really high those old Metro buses commissioned not anymore.

P

Peter 07:14

She's been brought on service.

♂

07:16

That's what we got on and we've got Sharon Sharon, how What's your last name? I've got Hassan, Hassan. And if for any of you who believe in the psychic or want to call in tonight and talk to Sharon of course Jimmy will be telling the number later the phone number and I

J

Jimmy Carper 07:30

can tell it right now five to 65738 Jaam KPFT

♂

07:36

and she's gonna she's gonna call take baby take a bunch of calls tonight and just tell us about just what's going on in the psychic world and what what's going on with these planets in the alignment in the seventh year something or other and maybe Jim will have sex in the next seven years. Think may

P

Peter 07:50

been done this. Oh yes. How was

♂

07:56

this smells coming from from the chair. So I know it's been open lately.

J

Jimmy Carper 07:59

Oh. Let's go to a piece of dwell on hey, we're glad to be back. Yes, yes. Off of CD called free from out music queer group called vibe tribe. And it's called Metamorpho faiz.

♂

08:24

Ooh, yeah, that was vibe tribe queer music. From out music out of New York. Jeff Krasner sent that to me and I'll be playing some more off of that. Plus, Jeff crasner his new album right

G

Glen Holt 08:40

out there. So get a fresh cup of coffee and back there tonight. You're gonna need your

J

Jimmy Carper 08:45

well Glenn's with us. And we're gonna do a Q patrol report.

G

Glen Holt 08:48

That's right. We were you and I were Yes. On patrol last last night. It

J

Jimmy Carper 08:53

was cold. Oh, goodness. Was it ever but we had to though walking in it's which was really cool. Yeah,

G

Glen Holt 09:00

that was that was a little bit unusual. Even for the summertime. Yeah, yeah, yeah, we had we had two foot patrols and we had a mobile unit.

J

Jimmy Carper 09:07

It made me a little nervous because I like to keep you know, doing the mobile unit. I like to keep track of both books. And we had one on the north side of Fairview kind of checking out that area where people park a lot. And then on the south side, yeah. And it just kind of made me nervous. Just trying to keep track of everybody

G

Glen Holt 09:27

and chase after the Yes, yes, yes, yes.

J

Jimmy Carper 09:30

But it was relatively quiet. I guess because of the cold. Yeah, but let's not let that fool us into into taking dumb chances here.

G

Glen Holt 09:39

Well, that's right. And just in case we have any neophytes tuned in that have no idea what cute patrol? Oh yes. Cute. Patrol is a nonprofit corporation which operates citizens watch patrols to prevent gay bashing right under the Houston Police Department citizens on patrol program. Right. Right. And we are certified I guess by the Houston Police Department as part of their citizens on patrol program. We are constantly, always looking for more volunteers.

J Jimmy Carper 10:04

Oh, yeah. And money.

G Glen Holt 10:06

That's right and more money too. We always need more people. And the way that you can get in touch with us the way that you can volunteer your time, great talents, or your money. Mm hmm. Five to eight, safe,

J Jimmy Carper 10:19

safe as safe. I like that. And you are the president or

G Glen Holt 10:28

sorry, I'm the president. And, and we are a 501 C three Corporation. Monies donated are tax deductible. Right? We have a pledge program where we ask people to donate to pledge to donate anywhere from five to \$30 a month, every month. And what that does is I mean, we have we have expenses, you know that we that we need to meet each month we have our our cell phone, which we're required to carry all the police, right. We have this wonderful radio says oh, it is good. It is so much better than CB but it really, you know, we had to have it. It's expensive, but we've got it more than half paid off now. Thanks to everyone out there who's supporting us. Thank you. We had our table out last night. In the cold with grandma. That's right with grandma. We have we we accept anybody out on cue patrol just about and to prove the fact we even have a grandmother. That's right, who comes out and she'll be

J Jimmy Carper 11:25

she you'll you'll be hearing her over the airwaves here at KPFT in the near future, either on this show or lesbian and gay voices, which is heard every Thursday night? Eight to 10pm. Right?

G Glen Holt 11:37

Yes. And for which I am the technical producer, hey,

J Jimmy Carper 11:41

you're kind of late liaison between the two shows. Okay. So anyway, a little bit you know, you're you're you're very professional for lesbian and gay horses and maybe a little too professional for after hours.

G

Glen Holt 11:56

That's, that's only because I haven't belt into the microphone yet.

J

Jimmy Carper 12:00

Okay, okay. Drink some more coffee there.

G

Glen Holt 12:03

That's right. I'm the only person that I know of who can belts on a couple of Bobby's. People in any other studio are saying.

J

Jimmy Carper 12:14

So the number five to eight, save. Great number.

G

Glen Holt 12:18

That's right. And we need people we need money. And it's a good cause we've been in operation

J

Jimmy Carper 12:24

for years. This is our fifth year. Wow. We're the oldest aren't we in?

G

Glen Holt 12:28

Well, that's right. And as far as I know, of, we're the only one that's incorporated. Wow,

J

Jimmy Carper 12:31

in the nation in the nation, the oldest continuous running COPS program. That's that's that's fantastic, have

G

Glen Holt 12:39

been very successful. You know, some people say, Oh, I couldn't possibly do that. Oh, but anybody can do it. Really? I mean, it's non interference, non intervention. That's right. Non interventionist means that all that we do is try to spot trouble before it happens. I like to say

the police can only act after the fact, we act before the Feds prevent trouble before it happens. We sort of spot the bad guys

J Jimmy Carper 13:02

by following them and letting them know that them know that we're there. We have them in our sights, right? There's no gun toting or anything like Sir, I know. We're not vigilantes. No, no, no, no.

G Glen Holt 13:13

And we keep a database of all the license plates that we record, even just the suspicious ones, right. So that if people show up multiple times, we send them a little pink nasty gram in the mail that says, Guess what your vehicle was seen in this area.

J Jimmy Carper 13:27

Just in case it happened to be Mommy and Daddy's.

G Glen Holt 13:29

All right. Your kids were out playing with the queers in the Montra Ha, we don't ever see that vehicle again. Right little things like that. I lost my train of thought. Anyone unusual? I know. People in the back are asking train. That implies things connected together.

J Jimmy Carper 13:50

Well, at my age, I'm lucky I can find the station once a week I think we I think we better get these other folks here. Our foot

G Glen Holt 14:03

patrol motto is walk off. That's it. Walk off those unsightly pounds. So if your New Year's resolution was to finally once and for all lose weight and or improve your aerobic conditioning,

J Jimmy Carper 14:19

we had a hand gesture in the next room here. Appropriate hand just

G Glen Holt 14:23

Yes. And they are on the air. Okay, the mics are on go ahead and say no. Fight.

♀

14:34

We didn't want to look at him. Anyway,

P

Peter 14:40

well, anyway. Yes.

G

Glen Holt 14:41

Now that you have heard about the patents that I have, though, right? What about the wide poundage that I have? What Pam we've heard

♀

14:52

you we've lived next to you We heard you pound

J

Jimmy Carper 14:54

oh that pound sounding whoa wizard you

P

Peter 14:57

ran around naked at the at the In New Orleans or something with only shoes and a small ring

J

Jimmy Carper 15:05

apparently I thought I thought it was a pretty big ring myself

P

Peter 15:08

I use that was just a snide remark after those poundage murmured

G

Glen Holt 15:13

no actually it wasn't a ring it was a cock harness but anyway oh I see so when you the videotapes are available for purchase read

J Jimmy Carper 15:19  
this rooster around by Lee

P Peter 15:21  
Oh the videotapes are shown in the mighty gummy why purchase them?

G Glen Holt 15:25  
Oh, that's right, I forgot about

♀ 15:26  
that you need a whole harness for that thing, a whole

P Peter 15:29  
harness? A whole harness? Hey

G Glen Holt 15:36  
imagine being out on patrol and carrying on like this yourself

J Jimmy Carper 15:39  
for hours on end. It's

♀ 15:40  
wonderful. Until someone throws eggs at you.

G Glen Holt 15:44  
Well, then you got to do something about it, you know, yourself and somebody throws weight and there's lots of fats, right? To say, hey, we just got egged or fact or whatever, whatever. You get people, you know, you walk past and people say hey, Q patrol, you know, and then my response, of course, is always Hey, just throw money or sexual favors.

♀ 16:05

How do you throw a sexual favor?

J

Jimmy Carper 16:09

It's called a flying one.

P

Peter 16:12

I'm gonna say Oh, this sounds so cool.

J

Jimmy Carper 16:16

Okay, Howard.

P

Peter 16:18

Let's go. Let's

♂

16:19

go. Anyway, yes, sir. All the seriousness side, we have got a wonderful show planned tonight. And basically what Gemini we got together, we talked about how the new year is upon us. And like, just like many gay, lesbian, straight, whatever, whatever. Whatever people out there. There's always that that hint and that realization that something else is out there. And the future. And so tonight we got together we searched the world I tell we went to every psychic fair in town, did we?

P

Peter 16:47

We did. Yeah. And we ended up at

♂

16:49

No. and and we came across this charming, talented woman gifted from the gods. Right, Sharon?

♂

16:58

I don't know. I was thinking I should have worn my hip boots.

17:02

How was your psychic? How wonderful. I mean, does

17:06

for almost 20 years. professionally. Oh,

Peter 17:11

that wasn't me that was that asshole from Q patrol. Is he got his coffee?

17:18

Anyway, a psychic. Okay, we're going to talk about what we're going to talk about with the psychic. Jim,

Peter 17:24

we want the psychic just to give us a little broadcast forecast of new 96 We're in is this some kind of new millennium or some kind of new thing. I know I read my what's coming in my life and they said the seven years were of this horrid whatever I was in is over. And I thought that was exciting. And it has been a huge

17:44

new year. So far, I haven't seen touch or taste in seven years.

Peter 17:48

Things have changed. It's a new year and I'm so excited. Anyway, so I heard that it was something like big and new going on and 96 and so I kind of want to hear about what was just bear generally the forecast

17:59

but what's this seven years something what's going on right now.

18:03

Okay, every year has a universal year, okay, you add up 1996 And you come up with a seven year okay, and that represents a vibration. But it doesn't right represent a vibration of just one

number seven represents the vibration of one through seven. So it's a cycle. At that stage it's a cycle and you start out with new beginnings which we are doing and you go into coming together are pulling apart which a seven year has real strong hidden to in it because it's seven year represent union it's union between you and God's spirit and matter you between you and a partner or a friendship union with society as a whole. So it represents that need to overcome blockage or barriers and form a greater union. So that's the hope of the disturbance that happens in a seven is the hope that it will bring it together stronger and a greater union. And it starts out between you and God your spirit and your flesh. Okay, so that is basically what the year is about. And then from there, of course it flows outward into our our marriages partnerships and especially sexual relationships because there'll be sexual disturbances but it again it's to bring greater union it's to get over that block to help the couple become closer. So sexual practices may be changed or new methods which is the five okay, a four is the foundation. So three is communication. So all of these things are wrapped up in this seven, okay, and we're being used for this one purpose, which is to bring greater union and kind to yourself individually and then of course the relationships out from there and society as a whole. So they're in water is usually the main element that covers the seven which we've already had water problems. Look at the great blizzard of 96 Okay, and then we've got the spillage up in a I'm Rob Island. Rhode Island. Yeah, we've got the the oil in your floods, right? Right, we started right and the person to be born there and it does represent rebirth because a relationship can be birth itself by going through those little nuisances and problems and learning to communicate and get over and and therefore become closer, you know, a greater union. So it does have rebirth, it does represent rebirth and sonship. Because that's that connection between us and God. And if we're closer to God, or that connection is better between us the higher and the lower than it's going to be better between us in the inward and the outward world. So water is very important. So this year, we've already had it starting out, like I told you before, I did my notes in December, and I had no idea and I knew it was coming quick. But I had no idea January was what flooding and water problems. Later on in the summer, it'll be just the opposite of where there is not enough water, agriculture is highlighted, I was seeing a lot of stuff with that. I was seeing couples but but I would like everybody to remember, this isn't, you know, time to break up, it's a time to get over it. You know, to get over your ego to get out of your problems, talk them out, get new methods, you know, try different things, that new beginning, and I was seeing where the first of the year until about mid to the end of July, we're going to plot plot, play pioneer, you know, start getting out looking for things, you know, we're just looking for something we know there's, we need something different, we need something to happen to bring things together. So we're gonna go out looking like the pioneer and starting looking for things we know. But after July, towards the end of July, it is New Beginnings are going to be a struggle, you'll even see this with the government. I mean, new beginnings look, I have they're struggling, we started into this new year with the government shutdown, look at that difference. But that is for greater union. And I want you to know something I'm not a blip Bill Clinton fan, but of what I see going on there, I see that they're also have a hidden agenda. And when he Yes, because we'll end up and the Republicans, because they he offered them a way to settle the issue and not hurt and text the people in the social systems. And they didn't want it. And the reason for that is because of the baby boomers, there's more of us, we're taking care of our health, we're living longer, we've been putting our money in all these years. And it's an and we've already heard, you know, there's gonna be trouble. It's not there, they've been using it, not enough of us died off. So they want to cut back the social services. So that's kind of like a hidden reason why they they're not agreeing with Clinton, because they want to cut him back, because they want to cut them back several times, in order to get ready for the baby boomers, we won't have the the money there that we need, we won't have the social system, it'll already be, you know, kind of cut down the fat cut down and the strict rules already in place. That way, we can say, hey, you're just doing

this, because there's so many of us either trying to do it ahead of time and work towards that go. So they have a lot of hidden agendas of why they don't want to agree with him. And the fact that he set up a balanced budget without having to hurt the people that much because he did cut back on social services. He was trying to show the people is what I kept getting to look, look, if they don't want to agree on this. They want to cut your social services, don't you say? They want to use this excuse to cut it back. The big issues is he wasn't like

P Peter 23:33

Medicaid stuff that affects everybody so greatly. I mean, that's one of the major money's,

23:37

yeah, but you see, here's the thing, it's not going to just help hurt the baby boomers later on, it's going to hurt people now, and there's going to be more crime, we're gonna need to put more money in that, that who's going to take care of these people that are now really hurting them more on the streets, it's going to be us, we're gonna have to volunteer and you know, and develop groups and stuff. So we're going to pay for these people that aren't getting the services, either that or we're going to step over their bodies as we walk out of our doorway. But I'm being dramatic about that to show the black and white there. But the thing is, we're gonna have to pay for it. Plus, we're, you know, we're gonna do it anyway. So why don't do it as a social service? Because we pay our taxes Why pay twice? Why have this, you know, tell them okay, you can cut this all back, and then we end up with a problem on our doorstep. We're gonna have to do something with it anyway, from a psychic so it burdens us even more from a psychic Klein

24:32

psychics Well, I'm trying to say second standpoint. Do you see things affecting gay and lesbian people? Do you feel anything that the age did you see better? Hell,

24:42

yeah, we'll see it because this year kind of governs that sexual relationship between people. That intimacy and energy. Yeah, it will. There's going to be more issues I was saying something about in the summertime. We've already come out with just recently some new things about aging. in different things that have come out that they've been testing, I was seeing some new stuff come out in the summer about the AIDS, there's going to be some breakthroughs. There's going to be better understanding of event. In fact, I'm seeing several health things again, come up in the summer time

25:18

about equal rights. Have you ever? Oh, yeah, very much

25:21

so. Because again, It rules the Libra, which is justice, fairness, that balance and that's what's going to hit it with couples too, because they're going to be looking at it as, hey, this isn't fair, this is an equal, this isn't balanced. So there's where they're gonna get the feathers ruffled, and you know, and bring it out so that they can get something worked out for greater union. Okay, so yeah, it definitely will remind

25:43

you listen to KPFT, Houston, Texas and que EOS College Station, Big Daddy Howard McKellen, my sidekick, little daddy gym, baby, baby. And of course, we've got a psychic in the house tonight. And we'd love to hear from you. Our phone number is 526 KPFT. Call in now we'll see what Sharon has to say about you. We also have Noah on studio tonight, two of Sean's close associates who are clients of hers who have who have spoken to the psychic and gone to her. And they're going to kind of talk about what they've revealed and how working with Sharon has been real fundamental in their lives. Should everyone see a psychic,

26:21

it's up to the person says they need guidance if they need counseling, different people are comfortable with different things. It has its advantages.

26:31

We had we had met earlier and we talked over over pizza, which I'm still belching. And it was great when it was a lot of time. You know, I'm amazed the fact that that and I asked you over over the over the line I asked you what are your psychic powers come from? And you told me blunt? You know, I was afraid because you're gonna you're gonna you're gonna strangle me. And it's true. You told me that everyone has these powers. Right? How do you how do you harness them? How do I know they're a gift?

27:02

Well, let's face it, we humans don't use very much of our brain yet. So therefore we're evolving race, and it's part of all of us. We're all God's children. And we have that capability no matter how minut that our Father has, which is God and my mother, which is which is mother nature. So these are the things said, look, what is it 90% of the brain isn't being used? It's part of our nature. It's an all of us are there

27:29

in now when your visions come to it? Am I using the right word?

27:35

You I get in any way I can. Okay? Whether it's symbolic. However, it comes to me because it comes through the five senses. So yeah, anyway, I get it, whether it's visual, or just a knowingness feeling, which is pre cognitions.

27:50

Anything bad on the horizon?

27:54

And everything you know, from the perspective, Is the glass half full, is it half empty? I have a tendency to choose it as half full. So everything that I look at even the negative in my life in the life of my clients, I see the good that can come out of that.

28:06

Okay, this is we have a first phone call for you tonight. And let me see the name again. Who we talked to, we were talking to Joan on line seven. What chatlines seven there.

Peter 28:16

Finally, what line line seven was I probably hit that one that's blinking them on Well, number Blinken at this happy moment. So okay, which ones?

Glen Holt 28:25

Just go ahead and hit

28:26

one hit any of them. See if we get anybody ever go? Hello, you're on the air. Hello. Hey, what's your name? Eric.

28:34

Eric boy tonight we don't. We'd like to talk to share. Now. You know, you're on the air and you have a question for our psychic tonight. You have a question for our psychic tonight.

28:42

40.44

Yes, Eric. What can I do for you? Oh, I mean.

∅

28:55

Well, maybe we should go to the next line. Thank you, Eric. We're

∅

28:57

gonna make up on me. Eric,

P

Peter 28:59

you gotta come up with a question, man.

∅

29:02

He wasn't ready for y'all guys.

P

Peter 29:03

You weren't ready. You want to call back when you're ready? No. Oh, all

∅

29:07

right. All right. To me, like how am I gonna be? Yeah, so I'm Ansel life.

∅

29:12

You want me to look at your financial life? Okay. Are you dating? Are you living with somebody now or at home?

∅

29:25

Right. Okay.

∅

29:31

Um, what was your last job? I've got to get some point to start out with

29:36

while still working there. I mean,

29:39

because I really don't see a lot of action there. I just see. It's kind of like come home. You know, it's steady and somehow that's all I keep getting.

29:46

Right now. I'm a cashier.

29:50

Did you did a friend just recently tell you about another job? No.

29:56

Well, a friend somebody has been a friend

30:01

In other words, you just heard about it. Yeah. What is this job about? What kind of job is?

30:07

What? Picking up people and dropping them off?

30:11

Okay, how does this hit you? Because I was saying something about it's good money and it gives you an opportunity to be versatile. But do you want to leave the steadiness of where you're at?

30:20

I wasn't a little more challenged.

30:23

30:23

Because I keep picking up y'all to go for that. It's at least it's sort of like, God can lead you but he can, if you're playing rock, just sitting where you are. Sometimes you have to get out live and try it like a smorgasbord. Because then as you're moving around, God can shove you into something else, you know, introduce you to people and situations that will move you on. So I don't see this as something you're going to stick with for a long time. But it feels like going that way. Or you can choose another way if you want, but you need to get going another way.

30:50

Well, this is Oh, thank you for calling. Okay, sure. And you feel it. Okay, over there. Sharon's got a fire. You got her all chopped

30:56

up. I have a cold.

30:58

I'll be ready to go to another line.

Peter 31:00

We're on another line. Hey,

31:01

we got ya. Hey, John. Remember you are here tonight with Sharon our psychic we'd like to share in a couple of questions.

31:08

Yeah. Okay.

31:10

I would like her to tell me something about my boyfriend.

31:14

How long have you been going with? Oh, almost two years? What would you say is your biggest complaint about him? Jealousy?

31:26

Well, I'm seeing something about that sort of a cover up for not being lazy and not having to communicate properly with you. In other words, not being open. That's that's an excuse. Um, what do you want? What do you want me to look at? Like, stay with this guy? I mean, give me some place to go. Yes, I would like to but, you know, how when do I see like with family problems? His family or yours? Mine? Does this concern him? In other words, are they do they approve or disapprove? Because I'm seeing some Baptists getting all mixed up together. When do you mean? In other words, is it caused problems in your family? dating him? Yeah. Because I was seeing they're all mixed up now. With him and your relationship with him. So y'all need to get that straight on who you're having a relationship and where and your family only have say, so far in your life. And he only has to say so far in your life. You gotta quit getting these mixed up or it's gonna cause a lot of problems.

32:33

Okay, okay. Okay, thanks. Tonight. Are we gonna? Oh, lots of code showing you total care over there.

Peter 32:40

Hang on.

32:42

Tickle, and I've got lots of tickle. A Chieko

Peter 32:46

would love to feel it. Well, you

32:47

ought to be sitting on Jim's finger over here. I think I'm getting the heat. Hey, let's let's let's get another line. We will do

Peter 32:54

another one. Well, let's, let's get her tickle out of the way and your tickle out of the way and everybody's tickle out of the way. A year. Oh, baby. Look at that sounds.

33:03

Okay, let's Okay, let's

Peter 33:04

go. There. I'm gonna run in there while she's ready. Went. Let's go. Hello. You're

33:08

on the air. KPFT talking to Sharon our psychic for tonight too. We talking to

33:13

Steve and I live in the Breezewood area. Okay, Steve. I just had a question for the psychic little, you know, romance question, what have you I've been dating somebody for often off and on really? And I was wondering, she can proceed anything?

33:30

Have you been dating him? At least two months?

33:33

No, we met over in the Odyssey

33:37

in two months be a point where it's gonna either make it a grip or break. And that's why I wondered if it had already happened. And I'd gotten over it or what

33:44

actually there was like a two month kind of breakup not so much of a breakup as, as in like, kind of adrift.

33:54

Okay, so you're back together now, from that drift? That two months drift?

34:00

Yeah, say so. Kind of sorta, it's, I don't know how much how for certain, it's really gonna, it's really gonna go or anything?

34:08

Well, I'm getting the feeling that you're having a lot of your feelings here with this relationship. And I want to tell you something, there you are, who you are. And you don't have to ever be ashamed of that. You might as well put your feelings out because it's better to know now whether a person can handle that and understand him or not. And it's it's much worse later on, you know, to find out that, you know, they don't agree in who they are, because it's more painful. So it's saying that you need to open up emotionally and be who you are, and be proud of that. I feel like this, this gentleman can handle it. Regardless of what he kind of puts out is he kind of like a touchy person at times?

34:44

Sometimes we're very, you know, we pretty much direct, you know,

34:51

and that's how you're gonna keep that relationship. I can tell you that openness. I feel it's very much required between both of y'all.

34:59

Hey, let's Some Thanks for calling Steve and good luck with that relationship. I tell you my relationship

Peter 35:05

to ours just called Howard. He'll be happy to do.

35:10

That's an attorney did for me really? I've done those older than that. Hey, let's go.

Peter 35:17

That's a great line. I love it.

35:19

Oh, anyway,

Peter 35:22

it's another tickle. Are you alright here? Oh, no.

35:27

Hey, let's get short, some water.

Peter 35:29

coffee warm, something warm and soothing for her throat.

35:33

And relationships are real tricky. Oh, they are give and take. And I wish I had a psyche along every date. You know to imagine

Peter 35:44

like, you know, you like pretty ways, but this is ridiculous. I

35:48

don't even like talk to someone. And then if you said something stupid, they'd say, Well, you just said something stupid instead of me like drooling or something or toggle them off bowl of food you could take you could take a

Peter 35:56

therapist along good. Same deal. I mean, that's probably do you better Hey, she's okay. She's gotten a lot.

36:10

These questions are steaming up out here. Hey, listen, let's try to get that Jason from Rosenberg on line nine.

P

Peter 36:16

We don't know what line nine is. Gonna do? Well, I don't know whether it's four or five.

o

36:21

We'll just hit it mono below. Let's do it. Okay.

P

Peter 36:25

You think here

o

36:26

we go. Here we go. You're a hello. Hey, you're on the air was sharing our psyche for tonight? How are you?

o

36:31

I'm pretty good. Am

o

36:32

I talking to

o

36:33

Jason? Jason?

o

36:37

Sharing you Okay, over there. Why don't you choke up, Sharon? Because, you know, Jim had been choked in a long time have any makeup

o

36:43

on when we leave here?

P

Peter 36:45

Oh, that's okay. Have you stuck out to worry about I don't have any makeup on either

Oh, that's okay. I have you stuck out to worry about I don't have any makeup on either.

36:49

You want to talk to Sharon here? Yeah, I

36:52

had a question. I don't know if she can answer this one or not. So I was just wondering, I had read that, you know, according to the you know, some beliefs when you're born into a life you have a specific like goal, or thing to accomplish. And I was just

37:12

I believe that yeah, if you can speak from what I believe or what I found to be true. Well, I was

37:17

wondering if you can, if you could get it, you know, give me some advice on what I'm supposed to do.

37:25

Come for a reading because that's going to take a while. But I can tell you that yes, we come in with certain lessons certain things that we that we want to learn I mean as spirits that's what this whole level is about to embody ourself in flesh to forget and get involved in things and meet new people in love. You know, when that's that's the essence of life is a beautiful gift. And so yeah, we've come here to kind of round out ourselves and what we have learned to experience different things. Yes, I did definitely believe that. Okay. Yeah, I guess but as far as your personal destiny, yeah. It depends on what area of your life you have many areas of your life where are you referring to? Like your cause in life your professional career?

38:14

Yeah, profession and career.

38:20

I can tell about your love life if you're sitting home on a Saturday by herself give up honey.

Peter 38:28

© 2023 All Rights Reserved. All rights reserved.

Richmond Rosenberg. Oh, honey.

38:30

Yeah, I'm in California limbo. How old are you? 24 and about on Monday,

38:36

let me tell you something, you're gonna have a big breakthrough round 26 I was seeing something about your career and a lot of things coming together for you at that time of your life. I will see you also do some real changing of your mind. You know about what you like and what you don't like certain things opening up. Because I'm seeing that you have some talents for some things that you're not even looking at now. You're not being serious about

Peter 39:00

it. Don't give up until 26 Though start doing some Baba.

39:05

Oh see and that's when you're gonna really come into your own

39:07

details I've been missing and a hint clue direction

39:12

helps plan interaction, we'll get him all

Glen Holt 39:15

you mentioned doing a reading what's involved with doing a reading?

39:20

Oh, I have it depends on time I have 130 to 45 minutes and and then another one that I give that's an hour to an hour and a half. And that's where we sit down and I look at things and use everything I can and then some to try to help you focus on your life. See why these things are happening to you. Because a lot of times it doesn't seem like your life is making any sense. But if you sit down and you look at it psychically, you can see why you brought certain things to you over and over and over again same kind of work situation show the same kind of mate

situations. You'll see the reason why I'm once you see the reason why you can work at changing that in you or that attitude that you have And, and overcoming it. So yeah, a lot of, in fact, all of my clients learn to become achievers.

40:07

Listen, Jason, I used to work with it. And thanks for calling tonight. And I appreciate you sharing that we might later on give you a phone number. Is that a possibility? Great.
