SPEAKERS

Peter, Glen Holt

00:04

Well I don't see anything bad coming to you. I'm seeing you surefooted. You seem to be open to for money, or opportunities, but I'm seeing scattered kind of like here and there. So you're open all the way around, you know, different different deals, and different things as far as family, there seems to be quite a few people there. So I don't know. I'm not too sure what you want to know about your family.

00:30

It would like to know about love me at this time with in love with me. And are you lovable, reliable? end up with

00:39

is your choice. I don't make choices like that. For people, I can help you see what's best for you. Or what kind of a woman is best for you.

00:47

That's what I like to see.

00:48

But I can't make your choices for you. That's your karma. Not mine.

00:52

For me what's best for me?

00:54

Well, that will take a reading for us to sit down and look at these people. And let me feel them out. I mean, do you have several people if you've been there's something here with letters and pictures? No. Have you been

01:05

corresponding with anyone? Oh, that's what I'm saying. letters and pictures correspondence with a female

01:12

I'm seeing girlfriend I need to know what's there for future why? Do you see anything for?

01:22

Are you already married? No, I don't see anything I feel that won't last.

01:29

You don't think so? Know that about marriage?

01:35

Why didn't you just tell me that you're married?

01:38

Yeah. But you know, in the process of divorce, but I'm saying you see anything there for the future

01:44

for my age? Yes. In other words, do I see you married again? Yes. remarried. I see you married again. Yes. But I'm not divorced yet. Well, like I say, if you divorce I see you married us seeing you stay married or are being married. I'm seeing you the state of marriage. Yes.

02:00

So that mean, I really be remarried. That's what you're saying?

02:07

Yes, because I'm seeing some woman walk away from you. There is one I thought we were talking about the girlfriend. I see a woman walking away from you, but I feel that you will get in another situation.

02:19

Or that the sooner or later, you're gonna

02:23

meet somebody new in May.

02:27

Great. Thanks. Thanks for calling sharing. Thanks. Whoo. Thanks for calling. And I hope everything works out for you out there. That was a hard one.

Peter 02:37

I want Sharon to be really psychic. Tell me my name. If

02:42

I am really psychic. What are you talking about?

Peter 02:44

I mean, like somebody

02:47

that's sitting down and doing one person.

02:50

My name Shawn, are you ready to give your phone number out tonight? Maybe we'll give it out real quick, sir. Watch, give your your your work phone number and then you can call her and you call Sharon. Remember, you're listening to KPFT night KPFT 90.1 With Big Daddy Howard McKellen, little daddy, Jim, our special guest tonight a psychic in the house and you share once you have your phone number.

03:09

My work number is 530784653077846

03:15

or six. And then if you want to get little special, a little specialty into your psychic with Sharon. Yeah, you're free and welcome to caller there. We have another line. Ready for one more? Before we go into a nice radio break. Button. Let's do it. You're on the air at 90.1 KPFT. When we speak you do? Hello?

03:36

We have a spiritual person here.

Peter 03:39

Oh, it's an angel.

03:41

Person. Hello. Hey, it's hard for them to tile. That's right. They did it.

03:48

Anyway, well, that was kind of fun. Hey, listen, I think we're ready to go to a little music here and take a little break. It's been a lot of fun and we're ready to go potty. And of course our phone number is five to six KPFT right here in Houston, Texas. Also Kate EOS in College Station. And we got Sharon the psychic in the house tonight that when we come

Peter 04:06

back, little break we're gonna have we're gonna have Sharon do a little thing for us. We know

04:11

we're gonna have our guests your weight. Notice I didn't tell him do that. She said you know, we're going to talk to genetic dentists to have a clients of Sharon, who's going to share a little little insight on dealing with a psychic when we come back a little music you got Sorry

04:35

isn't that a hot number? That is? That's Jeff crasner. And he's, he's out of New York. He heads up out music of all queers years. And that's a male version of son of a preacher man did you know and all those times that dusty Springfield's saying that I was thinking you know, I'm I'm thinking of it from a male perspective because I have known a couple of sons of preacher man. Yes. Ooh, baby.

05:07

He's got a couple of sons, son of a BS. I

05:10

haven't. Boy, what a rousing rendition before that I enjoy. I want it all. But it sounds like our callers tonight. That's exactly what they want. They want it all they want to know about their entire life from now on,

05:26

in a nutshell. And you know, I don't think that's the way it works.

Peter 05:30

No, no, it's process life's a process.

05:32

Yeah, you know, things happen. And things happen in your life, that affect the rest of your life. This happens and because that happens, something else down the road can happen. And you kind of have time, it's just like coming out. It's a process, it happens a little at a time.

Peter 05:52

And if you're not in tune, if you don't take some time every day to sit down and figure out you know, some people call it meditate. Some people call it getting in touch with the cosmos, I don't care what you call, but you need some time to sit and, and let these things that happened to you the day before the week before the I mean, to put them into some kind of perspective.

You can't just roll down through life and expect to go to somebody and say well, yeah, in March, you're going to come in too many and whatever. And all of a sudden, you know, you have to take some time to think what's going on and they will plotting and planning of your own and yourself and be part and so that you're aware enough of the stimuli that come at you that are opportunities to make money or to have a relationship or to do this to do that if you're not in touch with what the hell's going on. You can have you know, God his or herself tell you what's going on.

06:39

In your life. Your life is your work. Someone can help you and hold your hand but they can't do your work for you.

Peter 06:44

Exactly. Okay, kids. Come

06:45

on. Let's get to another phone call. I'm not worried. I

Peter 06:47

think that until Howard about what's gonna happen to his love life. I want to know I want a question. I got a question. Okay, somebody's gonna meet. Howard arrived tonight at the mining company for after hours so we're gonna get Oh, lucky.

06:59

I'm seeing a group. I'm seeing more than one. Oh, Howard.

07:05

My glasses on the damn goat in the corner. Go call a goat.

Peter 07:13

We are gonna get lucky after that. Sounds good. We're gonna head out there. All right, baby.

07:18

We're ready your question to you because you know I coach your Pride Week for 9096 Do you

see accessible Pride week coming up?

07:25

You see something Nirlens I will see something about the weather. But other than that, it's gonna go right.

Glen Holt 07:29

I need to interrupt you for just a moment for one of these legal fine. Hey, Dillard Mona. Just need to let you know. Let you all good folks listening out there and know that you are tuned to 90.1 FM KPFT Houston and are we doing the videos?

07:42

Yeah, ya ke o s College Station at 9.1. Okay, go

07:48

ahead. Okay. Let's get back to some phone calls. Because we're not here for too much longer. But we this is an interesting topic and

07:54

a wonderful night tonight bring Jeanette and Dennis. Yes, we

07:57

were do a couple phone calls we're bringing we're going to talk to a Jeanette and Dennis. And find out how it is for them to be working with a psychic and some of the questions they feel and some of the revelations until just a couple of phone calls. And we'll get to Dennis and Jeanette. Great said, Hey, you're on the air KPFT 90.1. Who is speaking to this is Lisa. Lisa words it is Sharon tonight.

08:18

Actually, I have a couple of questions. One would be whether or not I'll be in a serious relationship within the next few months. It's you know, within the year, I'd say

08:29

at first thing I'm getting is sometime in the summer. It's like maybe June July right in there. As

as I'm getting is something in the summer. It's like maybe June, July right in there. As far as serious because it was taking a while to meet him know him to feel like it's really serious. I'm seeing there's somebody now that you feel sort of serious about but I just feel like it's gonna have its ups and downs. And there's somebody else coming in too.

08:49

Oh, really? Interesting.

08:52

Okay. Second one, question number two, the

08:54

second one would be my financial status. I just

08:58

opened down you need to do some real thinking about that one darlin. Because, you know, it depends on what you're prepared to do, you know, the risk taking, you know, of it, of expansion that it takes, it takes change, if there's some kind of schooling or something you've been kind of tossing around in your hand to add to something to add to what you know.

09:19

No, actually, I just got into a new job recently. And I'd like to

09:24

learn new stuff and I felt that was very good, because that would add to

09:28

your repertoire as far as new stuff.

09:32

This new job are you learning new stuff? Oh, yeah. Okay, cuz I kept feeling like you're gonna learn something I've never done before that learning process is going to give you more stability. So it feels good. It feels good. Okay. Okay,

09:48

great. Listen, thanks. We're gonna move along and good luck in your new job. Then we've got another one. You're on the air at 90.1 KPFT. talking to Sean the psychic tonight here on after hours got a question.

Peter 10:00

Talking to you. First of all, we'll be talking to Billy

10:03

Chamberlain. Yeah, I was just wondering if this CC's anything is relationship wise. Within the next year

10:13

about you for a relationship? Yeah. This this last one that you were in how long ago? Was that? Because I'm seeing a timeframe like between one in the other. So when was the last one?

10:24

Well, I've never been in.

10:27

Oh, come on. Everybody has relationships. No, honestly. So you're telling me you're wanting a long term relationship? Not just meet someone and date them? Yeah. Oh, okay. How old? Are you now? 25.

Peter 10:43

And you've never been in a relationship ever? No.

10:47

I'm not seeing you really get settled in a relationship until you're very late. 20s like 2829 I was seeing there's also something about a big change coming. There may be a change of residency, it could be out of the 10 out of this town. Oh, okay.

11:07

11:07

Thanks. Thanks for calling. You

Peter 11:08

can have relationship you can come meet Howard tonight in about an hour at the mic.

11:13

I'm gonna get Hey, listen, I'm now sitting next to Sharon, we have a Jeanette and Dennis. And Janelle, I want to ask you a question. Because being a person who goes to a psychic for the first time, what was your experience like? And what do you share? And what did you get out of it? And how would you feel and did working with Sharon builds your character or moral stance? What was it like?

11:38

Well, the first time I went to see Sharon, I had been to other psychics before. But the first time I did go and see Sharon, she was very detailed, that's something about her that I would have to say, is different than other psychics I've been to. And she was she was very helpful in getting rid of some of the blocks that I've had in my life and helping me through some of my transitions. Not that I psychic can ever tell you what to do, because you have the free will and choice to do what you want. But she helped me look at many different choices, and still is, I have a very strong intuition myself. And I would feel things but I wouldn't always understand them. So she helped me understand what I was feeling. And I think each person has that same intuition that they both that they that they can work with. And I think someone like her herself is good.

12:29

I would remind our audience too is that if you also have a question for our two other guests who are in the room here that have have worked with a psychic and a lot of times maybe you want to ask them a couple of questions and then and how how she relaxes you and if you were skeptical at first or were you afraid Dennis you get over here I want to ask you a question. As a male did you feel intimidated by a woman psychic?

12:53

No not at all it's easy if you're open to the idea of having someone help you in any way you want to mine was this trying to break the past of the hat of the way things were going in the past as make something new a new direction to go in. So that's the way I went and the only people that were available I was comfortable with were females. So it seemed to be an easy way

13:27

there's there's a lot of skepticism in the field. Did you walk into it with an A real open mind? Did you feel that this was a positive experience for you?

13:40

It just seemed like the right choice for is the way I just walked in I was very comfortable. And Sharon and there was another person that was hard to tell me for you for three almost four years and keep coming

13:57

back

13:59

things I have to work through and things work out

14:03

the way you feel like it's pretty accurate you're pretty much on on the road here to looking clearly at your life.

14:09

Yes, but it's not as fast as I'd like it to be but let's learn these lessons fast and move on. Sometimes they take a year sometimes they take less Yeah, it's it's all choice.

14:25

Jeanette has seen a psychic helped you through your relationships with all kinds of people, your loved people, your friend people, your the people that you bump into elevators, has it open your mind and help you accept in love other people?

14:40

Yes, I'd have to say it has and I still have some areas to work through. It's hard to love all people that that's where we try to work through. But especially in business, I had some blocks in business that she's helped me through understanding the business world and how the business world thinks. I know that I am a child of God. And working in a corporate environment is not easy when you are real creative and live in a real right brained way. So I'm learning to balance my life and balance work with play. And that's not always been an easy thing today.

15:15

Let's get to what I want to remind everyone in the audience. I do have Sharon's business phone number. So if you got a little pin there, and if you'd like to ever contact Sharon and get involved with her and have a reading done and dwelling really get into a part of you, her phone number is 5307846. We're going to take another phone call here, right on KPFT. Yeah, hit the button. Right there with Big Daddy Howard, little Jim and Sharon, the psychic for the night. Who do This is Mary Ann. Hey, Maria,

Peter 15:43

how are you?

15:44

Fine. Well, actually, I just wanted to know, he's kind of an alcoholic, okay. And he can be kind of an antiquated kind of, well, okay, so he is an alcoholic. And he can be a real ass a lot of the time. And I was just wanting to know, if there is any possibility of my husband and I having a better relationship with him.

16:12

You're gonna have to get a few things straight and stick to it. You know, it's like with children, you know, you tell them certain things, and you have to be firm. And it's the same way with your relationship with your father in law, I'm seeing that y'all need to clearly define your own areas, and respect each other stand up for each other. And by doing this, you clearly let him know what you can handle and what you will not handle, just like you would with a child, you would tell a child I'm sorry, that behavior I will not handle that or I can't handle that. You know, I won't. So I'm seeing something about you. I've had a lot of wishy washiness, and discussions and stuff about this. And so here's where your problem is. Y'all need to get it together and stick to it. Okay, so she asked me, Houston, except that time

16:55

and time, a lot of time probably.

16:59

I'm thinking it depends on how solid y'all are together about it. If y'all are together, and you both sing the same song, I'm seeing that, you know, hey, I'll try anything to see if he can get away with it. But if he can't, you know, then he's gonna march to that tune or go elsewhere. But no, I'm seeing that you're it'll be easier when you're seeing the same song, marry, and that's he works in knowing not only

P

Peter 17:19

that is that psychically, probably true, but in just a 12 step programming, and then just plain good psychology. If you don't draw a line, and do an intervention or do something and get the ground rules rural stray, what's allowed and what isn't, and some sort of tough love kind of a stance. It's, it's never it's like when you said he's kind of an alcoholic, that's like being kind of pregnant. Either you are, you aren't. And either he is or he isn't. And at some point in time, somebody's gotta say, this is how it is. And we're gonna move on down the highway here. And here's where and you can be a part of this if you do such

17:51

and so this is how you can use you know, a lot of times we use a common enemy to make us closer to to make us unite stronger, and I'm seeing that you and your husband can use this, if you'll stick together. You can use this to actually enhance your own relationship. Are they I think his main problem is he has a lot of money. Okay. And he has a father.

18:12

My brother in law Yeah, no. Yeah, he just has a lot of money and he doesn't think that he's an alcoholic, you know, because it doesn't happen to him.

P

Peter 18:23

Well, no, and he may not ever and no one have they ever think that they are actually when a bunch of people confront them, and I thought his vibration

18:31

seemed awfully familiar. Really?

18:35

Bad. Thanks for calling today.

18:37

baby a kiss for me. I will.

18:41

.....

Hey, listen. Remember you're listening to KPFT 90.1 in Houston, Texas, and ke OS and College Station. 89 point. What we're doing over there give me those numbers from k yo 8.1.

 Glen Holt 18:53

It's 89.1 89. Psychic.

 18:56

I knew that yeah, get get that pencil out of your butt. Anyway.

 19:00

She's lucky I didn't say anything ugly about her father.

 19:05

After hours tonight, we've got a psychic in the house. Our phone number is five to six. KPFT All right, you too. Now. We got another call.

 Peter 19:15

Ready? Good. You know what I was supposed to say hi to my friend. Frannie. Tonight Yeah, all about it. Wow. Friend. And the kids at home and the kids at home. The kids are down. Here we go.

 19:25

Hey, you're out there. Hello. Hello.

 Peter 19:29

They were on the air. They just hung up. We'll leave that.

 19:34

Oh, well. No, that was just a bunch of girls chit chatting. Let's

 Peter 19:37

braid hair and do nails and pop popcorn and watch movies. Because I missed one of them. Oh,

honey, that guy's broke on my neck.

 **Glen Holt 19:43**

I've got a question for you. Oh, oh, okay.

 **19:46**

Here's here's even mentioned accuracy. Accuracy. Yeah. Okay, well, here are these bimbos ever mentioned accuracy. Here's what needs to be my strong suit.

 **Glen Holt 19:55**

Here's here's one you can be real accurate on it's either yes or no. Are we gonna get another government shutdown before they get the balanced budget thing.

 **20:03**

Shut down. Aren't we shut down now? No.

 **Peter 20:06**

We're kinda sorta operating trying to Florida.

 **20:10**

They're doing what is temporary until March. Yeah, right,

 **Glen Holt 20:12**

right. But then when when that expires, are we going to see another big battle? Or we're gonna see another government furlough, we

 **20:19**

got some big battles. Oh, yeah, but let me just be good.

 **Glen Holt 20:21**

Are we gonna see another government furlough like we had before? Well, I don't really

P

Peter 20:26

stay and all they do is get a vacation

G

Glen Holt 20:28

together yet. Okay, but I mean, at least

Ω

20:31

you're saying do I see a union? Yes, I do. Yes. In other words, I feel like they're going to kind of get it together here. It seems more hopeful for not completely okay. But April seems to be very highlighted as far as them getting something down on paper someplace to go. Okay.

Ω

20:49

Am I gonna find a husband? Am I gonna grow hair?

Ω

20:53

Never finding is one thing keeping.

P

Peter 20:56

We've got that down. Growing hairs one thing keeping it to another,

Ω

21:00

or we got another call here.

Ω

21:01

I've kept the same one for 17 years. He's a sweetheart.

P

Peter 21:05

I mean, he just took it away with your coconuts ever had Oh my god. Hey, and bring us back a pineapple. You sweet little thing?

21:13

I don't grow them there anymore.

21:15

What do they grow me?

21:18

Pineapples are grown in Africa now. Don't you learn something new every day? How are you little piece of trivial. It takes two years for a plant to produce one pineapple. So and you know and land is so very rare and expensive there. So

Peter 21:35

I'll be now you can listen to this and who would have ever? You've just learned something wonderful new every day.

Glen Holt 21:40

And then over in Africa. You see they've got that huge Sahara that they're just not doing anything with right. Things like that.

21:50

But boy, do they have papaya?

21:53

Do they? That's a New Zealand or is that QE?

Glen Holt 21:57

Kiwis are in New Zealand

21:58

now how in the world did we get on fruits? Haha.

P Peter 22:01

Let's see we're doing we're doing after our gay radio with an attitude. That's a start for free to hit that button. Let's do another call. Hey, Jaime. Jaime,

♂ 22:11

you're on the air.

P Peter 22:12

Hi. Hi. My name is Corinthia I couldn't Yeah, hi. Go ahead. Great.

♂ 22:22

I just wanted to know that she said anything positive. This was my life. My love life and concern.

♂ 22:29

Are you dating somebody now? I'm seeing somebody off and on like you've seen them off and on? Yeah. How long have you been doing this?

♂ 22:38

For about a year?

♂ 22:40

Don't you think it's time to change? Yes, I do. Go for it. Matter of fact, I know it is. Let me tell you something. You need to let go of this. Okay. Yeah, no. And when you do, and you go through that grieving process, and that releasing and finding yourself again, right after you get going finding yourself when you're feeling really good. I am seeing a really neat guy. Now he's a little bit younger, don't let that throw you off. Because he's worth it. So you see, like a female or anything? Well, that's what I was saying. And it's just that I'm used to doing it that way. She sees a partner in other words, a partner that's really worth it. That's really good. They flow they flow with the new you it seems to be a takeoff on a new direction that they seem to to stimulate for you or help you stimulate that in yourself and get more. What is the word self motivated?

♂ 23:33

Okay, I need that. Thank you.

23:38

Take care. Bye. Bye. We don't isn't it funny, Sharon? That a lot of people are really they want to know the future when it comes to relationships. And probably we're

23:48

all our relationships. This is the year farm Oh, so good news

Peter 23:53

for you yet hours I get rid of that goat. Finally,

23:57

seven also, you know, it's it represents union marriage partnerships, partnerships and business

24:03

but tell that to God but a Foucault who is that guy?

Peter 24:08

Who is insecure ladies date and whatever. You met him the other night at the bar. Running out of time, you're not gonna be about oh, here we go. Ready? Hey, you're on

24:17

the air with Sharon, the psychic.

24:19

Hi, hi. Lucy.

24:23

In the Sky with Diamonds,

...

24:24

how you want to know about relationships? In money. That's what everybody wants to know about. Which weren't any money. So give me something to start some energy, you know, to start with? Where are you at in relationship now or are you? I am. Okay. How long is this going on? This relationship? About a year? I'm seeing some changes are coming is there's some change in either one of your occupation or something that's happening around the occupation? Both both. Are these parallel? Well, for the both of us, it's up Okay, okay, so it's happening for both of y'all. Okay? Because that's what I was seeing is the lot of this, what do you want to know about it?

25:06

What's going to happen in the future with it?

25:10

Communication is very important for the two of y'all, I'm seeing that y'all have to respect one another. That's very, very important. And support support seems to be a big issue here in this relationship, on where we have, where you have it and where you don't. Okay, so I feel like something's coming up in March, and then I'm seeing something else again in April, that's going to kind of like highlight this did this person or you either one run into somebody from your past recently.

25:41

Not that I know, I'm seeing

25:42

something about a past person coming back up into the life and this is kind of helping you relook and rethink and reevaluate this relationship that you have now, for me or for the other person, for both of y'all. anybody?

Peter 25:59

Anybody have anything to do with San Antonio, but

26:02

it doesn't feel bad? It feels like it's got a good, you know, it's got it's got a lot of good basic stuff here. Would you say that you're both kind of like ambitious people?

...

26:14

Yeah, but in two totally different directions. Well, I

26:16

understand that. But the fact that you're ambitious and creative is what drew you together help to draw you together in the first place. And there is a way to work that out. But you can't get into a lot of fine details, you got to come to some unconditional love. You know, that's just the way it is. That's the way you are and this is the way I am. Let's accept that.
