J Jimmy Carper 00:03
Ooh, Hazel Dean honey searching looking for love.

P Peter 00:07
Honey, is that not where we are? Haha I've been looking for love.

J Jimmy Carper 00:11
Doesn't that bring down the memories?

P Peter 00:14
Oh it does. It brings back memories. I don't know that I remember as far back as you do, but

J Jimmy Carper 00:17
Oh give me a break.

P Peter 00:20
I've been on a cruise ship. I'm like those nuns as endless time seems to go where-.

C Connie 00:26
800 years old

ooo years old-.

K Kirk Keevert 00:27

And I'm talking about looking for love in all the wrong places a Polish convent.

P Peter 00:32

What I found there was the eternal youth. Look at this beautiful body. You'd never guess it was old enough to remember that song that would you?

J Jimmy Carper 00:39

Oh, hey, listen, don't make me put my hands on my hips girl.

P Peter 00:44

Oh, when she does that, you know that shit? Getting ready to pull out? 5265738 if there is a Hispanic man, yes, hearing my voice at this minute. God likely that seems Oh, Baby please. If you are not if you are home, I don't know why 5265738 A little pledge. I will take you to Rascals for cocktails. Wine and Dine you-.

C Connie 01:14

And whatever and hispanic man honey. Don't let any man calls for Peter.

J Jimmy Carper 01:18

I know that's well most men calling here call for Peter. There they go.

P Peter 01:27

We have a special guest in the house we do.

C Connie 01:30

In the house. You're so-.

K Kirk Keevert 01:35

Careful. We're gonna be doing shout outs.

J Jimmy Carper 01:38
I draw the line there. Just just talking to normal voice.

P Peter 01:44
Yes, please. Just talking. So listen, we're looking for five to 65738 for your pledges. Come on. Let's get those in here. We gotta get moving on that alright.

J Jimmy Carper 01:53
But Chris is here Chris. Hey, Chris. Hello.

P Peter 01:57
Hello Chris. What's happening big guy?

S Speaker 1 01:59
Well, I am.

J Jimmy Carper 02:00
Chris is a longtime listener to after hours and a longtime supporter of After Hours also.

S Speaker 1 02:06
I think this is like my third marathon that I've donated to yeah third time I've been on the air here and the first time I don't remember much I just came from one of the bars so-.

J Jimmy Carper 02:16
Yeah. Listening when you were when you're living at home and in the closet.

S Speaker 1 02:24
Yeah, I was the one that was sitting there listening to it in the earpiece there in my room and see a light come on turn off everything and pretend I was asleep and last June I moved out of my out of my parents house got my own place and yesterday kind of dropped a bombshell on

them for National Coming Out Day. Yeah. I was kidding with some people. I said yeah. After I told them my dad is expected to walk in about three to four days. They're saying my mom's out of the ICU now.

J Jimmy Carper 02:51

So you came out to your folks yesterday for National Coming Out Day and how did it go? Yay. That's a brave thing to do.

P Peter 03:06

How old are you, Chris.

S Speaker 1 03:07

24 24. Good. And I mean, I scared him to death. I came over to the place turn off the television on my dad's gone. This is serious. They came out I'm talking to them and the first thing my dad goes is did you get someone pregnant? I go No. Problem daddy. You don't have to worry about that here. You notice these pounds? No, he did not save enough time walking in regular shoes. I couldn't get up on this high heels or anything. But now I told them and my mom as they see traditionally she she already knew she she kind of found out the hard way but my dad it was kind of thrown from left field. And hopefully we're gonna work through that.

J Jimmy Carper 04:03

So obviously your mom can keep a secret.

S Speaker 1 04:05

Yeah, she she knew or she guessed No, she she helped me move and I didn't have a chance to seal up all the boxes.

K Kirk Keevert 04:16

Second them trashy novels and them dirty.

S Speaker 1 04:18

So she she kind of had a pretty much had a clue there from the magazine cover and she thought well maybe was just a gag. She would have kept digging deeper. She would have found half a Lobo down there. Speaking a gag- gag. But uh, it's it changed. I mean, I felt a lot better. That's why that's why I came out. I was tired of going out, having fun at the bars and coming home and saying, hey, it doesn't you don't need to know where I was. I'm out. I came

back. I'm fine. I mean, you don't need to know where I go every minute of the day and I tell them now that I've Yeah, if they asked me, Where did you go? I said I was out of the gay bar. I was out in my community in my area and enjoying myself. And that's what I did. I thought it was about time and and like say it was from out of left field. They weren't expecting anything about it.

J Jimmy Carper 05:20

But now you don't have to. I don't want to say lie but kind of avoid the truth about you know where you've been or what you did this weekend. Or-.

S Speaker 1 05:29

I got very defensive and I told stories, the one one where I go I go to Jr's and they have all these wonderful little promotions. I'm sorry, I know it's the rascals hour but-.

P Peter 05:45

Oh, but you know what? Tonight prior to this show, we had run by Chances to get right for the radio and a fabulous new little bartender named Jackie was just too fun for words. So we Connie and I we do Connie and I managed to make it to just about everywhere that there is to be and this is part of our research department. So tonight we were chances and got right for radio and this cradle gallium Jackie was there with a really kind of fun time. Yeah, yeah, we didn't a lot of friends met some really keen guy name Charles. And it was kind of fun. Yeah, yeah. So there are other bars and although we do love that and we especially love it on Sunday night. Connie especially loves them on Sunday night. I do she does-.

C Connie 06:33

I like it on Monday night and all them back to down there watch a football.

P Peter 06:36

Oh, well there's a new place to do that with free pizza. Don't tell him anyway. So Chris, well man, you know what Chris I think for everybody that I've ever known it's done this whether mom has seen you know a box and in the process of moving or whatever. Mom always knows basic she knew the minute you hit back you know when you started you know wearing your clothes early or you are going to the Sunday paper and you spend a little more time on fashion. Yeah, well in fashion or on the on the underwear. Men's underwear as titties and and it just you know, they know women Moms always know dad is like you may not want to face it.

S Speaker 1 07:16

Well, they should have known the last week Westheimer street fest they had out here i My dad

was saying no, it was further down Westheimer and he kept saying what the addresses are said no it isn't it stops at Mary's and goes all the way down towards-.

I [Together] 07:31
Cutie orange border. Cutie No-.

S Speaker 1 07:33
I kept saying the bookstore.

I [Together] 07:35
Oh, diamond diners

S Speaker 1 07:41
So I mean. I mean, if they didn't know that, then when I brought my brother down here for the Westheimer street fast I'm driving by and I came down love it. And I had this station on Sunday. It was Sunday. This was the blues show. And I go Yeah, it's amazing. I can't get it on my radio right now. But right there's radio station because my current antenna was all messed up. Not not not the station antenna. It's was good. Yeah. Getting better. Yeah, I'll plug that for you. So your brother's like how do you know where that station is? Where my brother wanted to find the other one wanted to find the station across the street. I said yeah, it's just take Montrose down to Lovett. It's one street.

K Kirk Keevert 08:20
It's like you live here.

S Speaker 1 08:21
Yeah, I mean, if they couldn't figure out that then I mean, I've dropped enough hands.

J Jimmy Carper 08:27
It's amazing how people ignore the truth.

C Connie 08:30
Yeah, know what they want.

J Jimmy Carper 08:32
Right?

S Speaker 1 08:33
So so far it's just my parents. One of my co workers.

J Jimmy Carper 08:39
You have you have a brother I take it.

S Speaker 1 08:43
Well yeah, well, they haven't known they don't know now officially that I've came out my dad wants to keep it low key so here I am on the radio.

P Peter 08:53
Your last name is no no no. I will say this much your brother. What the hell? Well go for broke. Well, you can save it for next year's Coming Out Day.

S Speaker 1 09:05
No, no, it's it's coming down. I told him I said look, if they were here at the time, I would have told them and it's he wants to wait. He's He's doesn't think I'm thinking it through. Ah, he thinks this is just the phase. Just the phase you'll grow out of it. Well, it'll be alright. Well, it's just one of these things because of my size. He goes well, you've never been out on a date. You haven't done anything with a female have nothing with a male. There's no reason-.

J Jimmy Carper 09:32
I haven't done anything with a female I don't want to.

S Speaker 1 09:38
Then then he brought up this one person who I used to go out to lunch with at another store that I worked with and said well what about her and I was about ready to go down. She was a bigger deck than anyone I see it the bars I go to.

K Kirk Keevert 09:52
No, do you think fix my transmission dad.

C Connie 09:54
Now what's your number?

P Peter 09:57
Connie looking at every transmission fix right? I heard that nasty screech at the beginning of the show. Now we know what it was I thought it was the wind tunnel going down or No.

J Jimmy Carper 10:09
But you know, Chris, your relationships with women are going to be confusing to your to your parents because lots of gay men have straight women friends and lots of gay men have have lesbian friends.

S Speaker 1 10:22
I communicate with a friend at the school I went to had Interpreters for the Deaf and I was quite friendly with the one interpreter. Older Hispanic lady. She had been born again Christian, I went to her church a couple of times, I sat there going, Oh, please.

C Connie 10:43
Stop the insanity.

S Speaker 1 10:45
And she had this- and it's like, I mean, she she always in the knowledge that a lot of a lot of the other interpreters were gay. I didn't see anything I was interested in but-.

P Peter 10:57
Because they can use your hands can you read my lips?

S Speaker 1 11:03
Why do you think I learned I started learning sign language. I went and found the dirty books there and found out how do you sign those things?

P Peter 11:10
Oh, I know. I know how to sign dirty books. Now if we were in live action camera. What does this mean? What does that mean?

C Connie 11:18
Either this is radio.

P Peter 11:21
Really? But I know sign language. What's this? Oh boy, and for the person that could call 5265738 and tell me what I just did. And sign YouTube and when I'm evening with Peter and Connie.

C Connie 11:39
Coffee with peter and Connie or whatever.

P Peter 11:43
Anyway, if you can tell me this sign that I just used-.

C Connie 11:46
I'm still waiting on that \$100 to come rolling in.

P Peter 11:50
I would really? I mean I might if you I would shut up for the whole rest of the night if-.

C Connie 11:56
Somebody call.

P Peter 11:59
Connie I'm gonna ship you back down to the first deck of their love ship lollipop if you don't get back to the aerobics girl. I'll stay up on foreign keeping and three and four. So Chris, what do you out and about literally now?

S Speaker 1 12:16
Oh yeah, I mean even-.

P Peter 12:18
We have a big eyeball after breath child-.

S Speaker 1 12:22
I bought I had to take a break for a moment last night I went out celebrating and somebody had set up shop out on the Pacific street there and-.

P Peter 12:34
Big left breast

S Speaker 1 12:36
tTash so I got this huge wonderful little-.

J Jimmy Carper 12:39
Yeah, and I know what it says I don't know it by heart but it's-.

S Speaker 1 12:43
It's it's it's something that brings that I've when I saw it and started to read it. It especially hit home because even though I didn't be I wasn't trained at the Polish convent I am Polish.

P Peter 12:55
Oh, you want to know this? Look at the ugly quick get the picture of-.

S Speaker 1 13:02
Mary. She didn't have enough cabasa in her.

P

Peter 13:05

Oh, listen, I think she looks like she needs a big huge glass a lot like Oh, I found her child like-.

K

Kirk Keevert 13:14

Chad Alan needs a big huge Kill Box.

C

Connie 13:17

I think he's been there done that.

P

Peter 13:18

Now these two are out of 1350 or something can you believe those two? Look at those pitch. See we are not just be guessing you here we have live pictures of Chris is now looking, Chris give me-.

S

Speaker 1 13:30

I can I can see where she says she was from 1100 Because it looks like they dug this one woman up.

P

Peter 13:37

I have she taught me math in third grade. I see I used to go by Billy that's the old man. I see not the right answer, but like the way you think.

S

Speaker 1 13:52

Now but since since you brought up what's written on this pin, I just want to read it because it does hit home too with the community. It's from Pastor Martin nine molar who was around during the time where the pink triangles came around and goes in Germany. First they came for the communists and I didn't speak up because I wasn't a communist. Then they came for the Jews and I didn't speak up because I wasn't a Jew. Then they came for the trade unionists and I didn't speak up because I wasn't a trade unionist. Then they came for the Catholics and I didn't speak up because I was a Protestant. Then they came for me. And by that time, there was no one left to speak up. And reading that and knowing the history of some of the people that I mean, my ancestors may have been in there for either being Polish or possibly Jewish or even gay. And then hearing what goes on nowadays, and I'm glad that there was an outlet like KPFT that I could listen to that I can enjoy. And it's great since I've been had my own apartment. I can listen to the radio station without the earphone. I can actually now start listening to lesbian and gay have voices. And I've started doing that even more and more. I mean, I've done more than I've ever done before. I've stopped watching the television and go

in there and turn that on. And it's an important part of our community. And it's something that I mean, I don't live anywhere close to here I live out in Copperfield. And if any further out and you hear the cows mooing it's, where's copper, you-.

C Connie 15:23
Can probably pick us up on KEOS.

S Speaker 1 15:27
To be honest, for the longest time before y'all started mentioning KEOS. I was wondering why could hear you at two different spots on the dial. And I think I was picking up KEOS.

P Peter 15:44
I got my face a little too close to those bodacios tatas. Did they did? Connie has the most bodacious top dogs in the world, doesn't she?

J Jimmy Carper 15:55
Yeah, she real? Oh, but anyway, Chris to wrap it up. What are we wrapping? Boy-.

K Kirk Keevert 16:08
You can tell always wrap it always wrap. Oh, that's right.

S Speaker 1 16:12
You can tell this is definitely not a productive show. Go ahead, Chris. Production. That's right. He did Christmas rehearsal. Sorry, this microphone is just too intoxicating.

K Kirk Keevert 16:24
Very. What's he going to do when the dance number comes around?

P Peter 16:26
I don't know. But I'm getting you away from that microphone.

S Speaker 1 16:30

But not just everyone. I mean, I started pledging even. Well, why is it getting bigger. I mean, I started pledging here. Even when I was really deep in the closet. I mean, the first time I pledged I scampered out of the apartment at one o'clock in the morning, down to a payphone. So I could pledge my pledge, my support, went out, got a little one of those little posts, those little mailbox things, to get the information to get in the stuff. And it's important whether you've come out or not. Show me support the station. It's I mean, it's very important, especially for the people out there, the younger ones, and the ones that are live far out of the city. I mean, it took, it took a while to get in here and there was no traffic. And if you can't come in, you can't be a part of the community, at least the community is reaching out to you through this radio station. And it's something that's really should be supported. And I hope there's people out there that you may not be able to call now. Or because you can't get through a phone without someone listening. If you're still closeted in their call during the week. Tell telling me you support the show. Let them know that this is an important thing to you. And if you're over 18- go in there and vote out the people who don't want to keep this going on. Who want to shut it down. Who would have been in there, sitting there with the Bama in what was it 78 And keep hearing about. I mean, they're trying to do it again. But this time instead of putting a bomb in the place. They're wanting to shut it down electronically. They don't want this stuff programming to get out. They think it's going to affect people. No, it's helping people to empowering them. So call please.

J

Jimmy Carper 18:11

Because you listen KPFT is important. It's it number nine. Number nine programming is unique. We've already covered that. I mean, absolutely not can be found anywhere else Hoka to s&m Lesbos. Thank you baby. Number eight. Because you understand the difference between commercial and non commercial radio. It's important to some to support community radio.  Peter 21:38
as we've said a million times. Where else can you get Polka to purple tinted lesbian? Number five? Well, yeah.

 Connie 21:47
It just comes down to keeping KPFT on the air.

 Peter 21:51
It does. And it also is about the sincerity the programmers who are really real people. Yeah, there's no, you don't get no more real than the peter and Connie Lingus show child They've been a real now it ain't real. All right. And Number 4321 Number four-.
