 00:05

Exactly. So tomorrow will be like the kickoff for it and thereafter it'll just be like a really fun party every Sunday morning, Sunday brunch time, you know, afternoon. And that's from 11 to four. And there's also cards,

 Jimmy Carper 00:20

Greg Gibson Estrada a little competition there. Absolutely. You

 00:25

know, you gotta mix it up a little bit. Doesn't hurt, you know, he got to jump around and you know, have a good time. So this is for the, the, you know, the never slept on Saturday night, you know, continuing to party Sunday.

 Chris Harrison 00:40

are the ones who get done with this radio show and, you know, catch little cat nap and it's time the Exactly,

 00:45

exactly. So there's a really great special actually, for those of you who do want to enjoy the brunch, there's a complimentary brunch offer valued up to \$10 with the appetizer purchase and appetizers started around seven or \$8. So it's a really great value because for someone who buys an appetizer an entree for free and that's going to run every single Sunday

 Chris Harrison 01:13

you cannot beat that. Yeah, it's a

 01:15

it's a great deal. It's just a very aggressive marketing effort on the part of her Gaza but I'm really glad that I can put the event on there because I think it's I can do whatever I want with it. It's gonna be great. Just a lot of dance. Okay,

 Jimmy Carper 01:28

I want to hold on to these because this little information card because we want to promote those in the coming weeks. You're welcome

 01:37

to you know, on behalf of me give out some free brunches and and you know, swing people buy from you know, send people by so I can buy them some free Bellinis I remember says good so you're welcome to give like

 Chris Harrison 01:53

with the exception of him Yeah, I don't think I was gonna pass for free believe teetotaller. You have you have so many other vices. Oh, really? We don't have that much time to go into.

 02:11

That was my next question.

 Chris Harrison 02:13

We only got 30 minutes left. I appreciate that. You bet. Thank you. And yeah, let's go with a little bit of music here and I don't actually know this song. But you know, since people are talking about the history, let's do a little thing of remembering Stonewall. Yeah, so

J

Jimmy Carper 02:32

this is very good. We'll be right back

C

Chris Harrison 02:39

okay, well, we were gonna remember Stonewall but apparently the CD was created back at that time and decided to go fluey on us. So let's try pushing the magic buttons again. One six

∅

02:54

people are usually smarter than computers and take two

∅

03:03

okay

J

Jimmy Carper 03:07

try didn't try it in the CD number three

C

Chris Harrison 03:09

and that's one of the eight right the CD two weeks ago

∅

03:13

so I know

C

Chris Harrison 03:15

it's one of JD CDs so you know why 165 Take three You gotta love a song. This is pre pubescent and and for some reason. See how quickly Jimmy runs in for that one. That was Melinda DiMaggio remember stone wall? Like other kinds of challenges this other one called Stonewall 69 It says not for airplay.

∅

03:55

I can I wonder why.

∅

03:59

03:59

He uses big words.

B Bobby 04:05

Grown up words.

C Chris Harrison 04:08

Usually the kind of words that blue haired biddies kind of curl up on Hey,

B Bobby 04:13

watch it about those blue haired people.

04:17

How are they grown up words when I hear so many people who aren't grownups using them?

C Chris Harrison 04:25

Well, we'll give you a little event that's coming up here at Rich's on Saturday, the 26th which is pride day after the Pride event and all that Grace Jones, the movie star recording artist model and super diva is going to be performing at Rich's on the 26th on the 26th starting at 3am until the cows come home. What are the tickets? Tickets are 25 in advance and rich it's 18 and up. Rich is that 2401 San Jacinto? For more information go to the website riches dash houston.com. And says diva from the 80s coming around to to visit us for pride, a lot of pride events coming up. Yeah, so the last one the past. For those of you who watch I love the 80s you will see her whichever station is running the James Bond marathon is helpful. But six one I think something like that. And then with her hair, she goes up to about six, seven.

05:44

That's only when she's sporting hair,

05:45

or to have hair.

C Chris Harrison 05:49

But hair and conium

 **Bobby** 05:53

I don't think she had hair in any of the movies, but she had herring cone in

 **Chris Harrison** 05:57

the first one. No, that was wasn't on her head

 **Bobby** 06:04

that was now

 **Chris Harrison** 06:10

I've always I've always

 **Bobby** 06:14

if it wasn't if it wasn't for her age i Her current age I'd probably I would have thought she'd have made a great storm in the X Men movies. But she's I guess she'd be I

 06:27

like Halle Berry. She's fine.

 **Bobby** 06:28

She's so yes.

 06:30

I can say that. Oh,

 06:32

yesterday. Phoenix Phoenix she she she I love the X Men that's

 **Bobby** 06:38

 **Bobby** 06:00

love the X men couldn't stand Halle Berry.

 **Chris Harrison** 06:41

Grace. Grace Jones could have played storm on American Gladiators. Yeah. We're gonna go delve into the past I'll bring up that little

 **Bobby** 06:51

blast from the past. That show didn't last long after the one. The one gladiator came out.

 **Chris Harrison** 06:59

Which one came out? Turbo

 **Bobby** 07:01

turbo turbo, Turbo or nitro one of the two wasn't either bigger. I think it was turbo.

 **Chris Harrison** 07:07

I think it was turbo cars night. Nitro actually went on and continue to do the shows. I think when it started to peter out when they started franchising it to other countries.

 07:18

That's an interesting turn of phrase there.

 07:22

You know, that was not an appropriate word.

 **Bobby** 07:27

was appropriate for that moment, though. Because you could see an awful lot of that in that spandex. But that says hello.

 07:39

And I'm thinking that spandex was pretty much at its limit too, if I remember correctly. Yeah.

Okay. Female

C

Chris Harrison 07:56

and also your dog.

♀

07:59

No, I don't usually have

B

Bobby 08:04

time for everything she'll live. Don't don't plan on waking her up for anything in a few hours.

C

Chris Harrison 08:16

I'm, I am.

B

Bobby 08:21

Okay, Chris, except for the height. It's really sort of hard to see her as the age she is. But that's all we're gonna say about that.

♀

08:29

Thank you.

B

Bobby 08:32

She's so mature. mentally speaking. She's, and she shakes her head.

♀

08:42

No, she's a good kid. She really she really is a good kid. Compared to the group we have in here. I

C

Chris Harrison 08:50

like drugs on a sliding scale.

 B Bobby 08:52

Looking for slides.

 C Chris Harrison 08:55

Well, no, I I told some members of the Lesbian Gay rights for task force here in Houston, that I would promo this movie that they're going to be screening at the Houston GLBT community center. And I left the paperwork at home and I have and I don't have it with me and I am frustrated that I can't find anything about it. That it's of it's coming up there. It's it's about what the gay marriage and Betty DeGeneres is the narrator in it and unfortunately,

 09:30

I would love to know, are

 09:32

they having that on lesbian film Night or a different night? No, it's

 C Chris Harrison 09:35

a it's a special event where it's like a \$10 screening to see the film and then there's progressive packages you can get from that and starting at \$25. You get to come to the cocktail reception which starts at six of two I think like 102 \$100 you get a copy of the film as well, as well as the reception In all the other stuff, and the director is going to be coming into town. And hopefully it's not this week, or next week, I just, I blew it with that one I I knew if I took I know if I took web stuff inside the house, I was going to forget something. And I remembered the globe. Oh, and I forgot them. All right, well, but you know, if you go to empower Georgia Brown, just stop over at the community center. Booth. It's 505. And you can pick up the information there and some of the other events with the Lesbian Gay rights for sand law, the other organizations that are just out there, setting up shop on that website. I checked their website didn't see any information. Really? Yeah.

 10:41

Can they call the community center?

 C Chris Harrison 10:45

Yeah, why even looked at the Community Centers website? Let's call Shane up, Shane. I feel so bad about that. And hopefully, we'll get back to that.

 B Bobby 10:58

There's an awful lot of stuff that happens during pride month. Yeah,

 C Chris Harrison 11:02

it's just,

 11:04

I mean, just cram a whole bunch of stuff in one month. I

 11:07

would sure it would be a lesson in one of the publications I was looking for.

 C Chris Harrison 11:14

With just the I mean, the official pride events, which you can find it at Pride Euston dot o RG, you know, there's a lot of different other organizations that are having unofficial events are going on. They already have a monthly scheduled event that's going to be just happens to fall during pride month. And there's plenty, plenty of groups out there that need your support.

 B Bobby 11:37

Come hang out at the parade.

 11:39

I have something to mention that I thought was interesting. I picked up the outsmart magazine, I was flipping through that. And I seen they had an article in there that he said now has their first transgendered rock band that's supposed to be Yeah, I can't remember where they, I think they were supposed to be like on the roof of Mary's or something like that, or somewhere along the pride route they're supposed to be playing. And the interesting thing about that, is that one of the members I used to work with at BestBuy years ago before they transition so kind of interesting, but yeah, yeah, I

 C Chris Harrison 12:19

mean, that's, that's it shows us some of the interesting stuff you're going to be seeing at this this month, as it gets longer, gets closer and closer to the pride I mean, a transgendered band you don't hear about those sorts of things. I mean, it was just finally started hearing something

about a you know, we've played some queer hip hop artists here. And you know, I heard of a new one that had come up that was on VH one they were talking about they've been VH ones were doing a lot of this the show totally gay or Gaston greatest sort of thing that they're they've put on every once in a while. And they had all sorts of stuff of talking about you know, Metro sexuality and you know, queer that metrosexual

 **Bobby 13:01**

the rap guy, the rap artist

 **13:08**

trying so hard to put a label on, you know, the bar

 **Bobby 13:11**

is actually was a favorite of mine, the read the rap artist that I saw on and they have this guy on for the for some of those, like, I love the whatever, you know, 70s 80s But and so forth. And I'm pretty sure that he's, he's been one of the people they that they go back and forth with talking about the different things and he wears these bug guide. Glass glasses that that don't they don't do this number. They go over his head and hook over his head and I'm like, child, you look like a praying mantis. It's like, but, but yeah, I mean, you wouldn't have thought of gay hip hop. I mean, it's like, you know, but But what, 15 years ago there, there were a whole bunch of things you wouldn't have thought of in queer music. You wouldn't

 **Chris Harrison 14:04**

have thought of queer punk. You wouldn't have thought of, you know, queer country you wouldn't thought of where we have queer bluegrass, right music that we can play. There's

 **14:13**

been everywhere. I just guess they haven't had their sidecar. Yeah.

 **14:17**

Oh,

 **Chris Harrison 14:18**

that would be scary. Queer Zydeco? That's a whole story.

14:26

roundtable Squeezebox.

c Chris Harrison 14:27

He's my sister and

14:31

I don't mean to we have one more letter that has okay,

c Chris Harrison 14:34

go go. Speak now forever hold tight peace.

B Bobby 14:38

Don't ask people to hold their pieces. They're

c Chris Harrison 14:42

gonna start yak and start talking about Tigger again.

14:49

To the left there, man.

14:51

I know we can't say names. First names only. Okay, so then it's Roger. Roger, right.

c Chris Harrison 15:02

You don't have to read the whole letter, just just just somebody look at the letter and

B Bobby 15:09

he says hello. And it's been forever since he's written. He can't because he can't take the show up, I guess from where he's at. He's busy with college. He's going to college. You go.

Apparently it's some kind of poor education. Oh it's gonna be a poor education

Apparently, it's some kind of peer educator education. Oh, it's gonna be a core education. Yeah, he's and sponsor a program sponsored through AIDS Foundation just and apparently. We're educating

15:47

populations for HIV and STDs. Yeah.

15:51

That's cool. Well,

Chris Harrison 15:54

obviously that, you know, they're, they're acknowledging that there's a problem about that in there's a potential problem by the prisons, not just turning a blind eye to it. I mean, it's not like they're handing out condoms to protect people like other prisons do. Because that

16:07

would mean that we'd have to acknowledge that ever having sex in prison

Bobby 16:11

is, yeah, acknowledge that they're having sex in prison, but that people? Yeah. That's like, that would never happen. No.

16:20

Let's just confirm that stereotype that

Bobby 16:22

only happens, you know, on TV, certain TV shows that and only and aren't on the air anymore,

Chris Harrison 16:30

and only in women's prisons, because you know, what guy doesn't love a good lesbian prison rape scene?

16:30

16:58

I've been trying to get in with a fistful of Pardons, but it hasn't worked yet. This

B Bobby 16:48

was a kind of a delayed reaction. I didn't need that. Damage. Or damage before you got to this? I can second that, because you wouldn't when he got here. It was all Hey, no, but it was all those swords to the head. You know, that's what you get when you let long long blunt objects hit you in the head. You let

J Jimmy Carper 17:12

me jump in here. And it's hard mentioned that big Roy called in and reminded me of something that he had told me earlier on my answering machine is that Stacey is not here tonight. Whereas a and that's because Stacey I don't know the particulars of it. But last night, I believe Stacy was out walking the dogs and ended up getting stabbed. Yes. Oh, went to the emergency room. He's home now. He's fine. But we have no particulars about that. So Stacy, if you're listening, Honey, we're we're thinking about you.

17:53

Absolutely. Really? Yeah, absolutely.

J Jimmy Carper 17:59

Another reason we need to patrol Yep.

B Bobby 18:03

And while we're on the subject I wonder where Scott is tonight

C Chris Harrison 18:10

of missing people.

B Bobby 18:11

Speaking of missing people,

18:13

I was on that list I'm not anymore.

c

Chris Harrison 18:17

Yes, we got our semen back

o

18:23

you still want me i nude radio too? We don't manage to slip through that twice.

o

18:32

On the military. We're also like missing

B

Bobby 18:35

Tony and Tony and well what of course we can we can forgive a certain person. He's got a boyfriend these days that keeps him occupied. A certain motorcycle riding? Yes.

c

Chris Harrison 18:51

How was he declaring a boyfriend this week? Now?

B

Bobby 18:53

I don't know. I haven't seen a minnow in

c

Chris Harrison 18:58

the designation changes I think

B

Bobby 19:01

whatever

c

Chris Harrison 19:03

the letters are, are B and F and sometimes they get reversed it's just you know I'll let you do the figuring out on that. We got to just

19:12

go I mean barbarian Oh, no, I

Bobby 19:18

think that would be more your category you would know I'm sure you probably know a few flaming for barbarians no

19:25

peek around the corner here

19:26

and obviously Okay, stopping just short.

C Chris Harrison 19:31

stopped short never. Okay, we're gonna we go long and hard.

19:35

Oh, okay. There is a line here and you're hitting.

C Chris Harrison 19:43

Jimmy, I keep forgetting to print up those forms. Well, we can't already

19:52

gotten there just yet. Jamie wanted me to mention two upcoming events one on the 20th of this month at seven o'clock. Rocket bricks. We are holding a benefit show. We're holding a benefit show to raise money for the Montreux softball league at bricks to at seven o'clock on the 20th. And then there's another benefit show at the BRB on the 27th. And I can't remember who that's for. But it's being hosted by Mr. Miss BRB. And of course, I'll be in the show.

C Chris Harrison 20:22

And I do No. Forget when it is there. The monitor softball league is also having a a jocks in drag event. Yeah.

20:31

Which is fun. That's going to be at Rich's that, yes. So

20:38

when are they going to have a drag race or something? Not

Chris Harrison 20:41

sure. But it's kind of like, you know, drag as big as Texas is their theme. So that should be an intriguing night of entertainment. And you know, there's a lot of events out there to find out what's going on in the community. And like I said, with the pride events, check out pride Houston dot o RG and give you a rundown of all the events that are coming up the official pride events and just grab yourself a copy of the voice and the triangle and cue taxes and coming soon twit, and to get get familiar with what's in the area. And you know, we're bringing twit, yeah, what's interesting twit is going to be coming back. It's going to be it's, it's going to actually be TW it. They're they're bringing the AI back. They're gonna have a special pride edition. And two months later, they're going to start back up with a weekly edition. Cool. Look for the return of twit and hopefully we're going to have some intermedia. Occasional twit reports here on the show. So keep an eye

21:41

out. twits recording occasionally on Yeah.

Chris Harrison 21:45

Yeah, but he's working tonight. You been listening to after hours queer radio with attitude and pay if that thing didn't tell you that attitude? I don't know what else? Well. This has been the roundtable segment where we were getting very close to the end of the show. And

Jimmy Carper 22:06

we're Rustom on vibrations coming up. Yeah,

Chris Harrison 22:10

we are halfway through pride month there next week. We'll have our It's our third Saturday show. So we're going to have it's going to be the country doc show. Yes. And we're calling her the city dike now.

J Jimmy Carper 22:27

Oh, well. She's halfway in between city and country. Yeah,

C Chris Harrison 22:31

the suburban dike. There you go. Me, me suburbanite with a strap on that one.

♂ 22:40

dress up as a little Dutch boy.

C Chris Harrison 22:42

And

J Jimmy Carper 22:43

you want to put your finger on it? Of course,

♂ 22:46

Chris, is that I wouldn't be any different than any other guy. Yes. And

C Chris Harrison 22:50

after that is our black on black segment. And then the following week is going to be our special pride event. And hopefully you'll join us there for the Pride Parade and the after party afterwards at the South Beach. Jr's complex

J Jimmy Carper 23:05

know what the second half of that show is.

C Chris Harrison 23:12

Next week, yeah. Third Saturday should be black on black. Yes, that's what I said. I'm sorry. The following week after that is the pride event. Okay. So you know, we were talking about queer hip hop a little bit so you know, let's go a little let's get a little dangerous and Johnny dangerous and we will see you next week. Not
