## SPEAKERS

Chris Harrison, Bobby, Jimmy Carper, Roy McCarthy

---

J Jimmy Carper 00:04

Okay, awesome women's music.

C Chris Harrison 00:07

Yep, that was genius envy with myth in Genesis.

J Jimmy Carper 00:12

That's what we started out with

C Chris Harrison 00:14

simplicity a new place for my heart and wrap it up with Billy and Patti believe in change.  
Simplicity

J Jimmy Carper 00:20

is a local group by the way. You need to get in touch with them because they were supposed to be on some weeks back and didn't make it. More

C Chris Harrison 00:29

knows we could use the guests tonight.

J

Jimmy Carper 00:33

Well, we hadn't have one on line one. As a matter of fact, Dean Becker.

O

00:39

Hello, can you hear me?

J

Jimmy Carper 00:41

Yes. Loud and clear. How're you doing, Dean?

O

00:43

I'm doing well. I'm reporting in again from the last concert cafe. Oh, my been here all day for the patent roses watermelon fest. It's been a great time. Highly recommended. And I don't know a couple of things I wanted to talk about tonight. First off, we have Emily Riley. She's the working city council woman for the city of Santa Cruz, California. She's coming to Houston. Monday they're going to up at the airport. We're going to have a workshop at the Unitarian Universalist church than 200. Fannin is going to be at 730 Monday night. And I'm hoping people will come out and learn what they can do. I'm inviting you Jimmy and all your listeners to lift in this madness. It's ours for the taking. And this leads me to the second thing I wanted to relay and that is Thursday night. Our drugs are John Walters was in town. He was at Dulles High School. And Sugarland. And I went out there and he was with Tom DeLay of all people. I didn't wear a rubber suit. I was brave. Yeah. And anyway, I asked John Walters, you know, if I could talk to him for a minute, I tried to get through his he had a crew of goons, the best way I can put it gathered around him and they would not let me take that, you know, walk that five feet to ask the man to come on the radio show. In fact, when I approached this little cadre, they closed ranks, he stood up and they left the building. Whoa, yes. They know you that well, or I don't know. I don't I'm not sure. It makes one wonder I'll say that. But as I as he was leaving, you know, through the front of the stage there. I walked beside this little gathering and held out my business cards or like to interview you for my radio show. And he glanced at me and they continued on. Anyway, my point I don't want to make is we own this, this war is over. We just have to dare to take a walk on the battlefield and they run like rabbits. There is no justice, no truth, no logic whatsoever to this drug war. And I'm inviting folks again, please come to listen to Emily Riley. The city of Santa Cruz is involved in a court case that's headed to the US Supreme Court over this issue. They deputize people within their community to provide this medical marijuana. And as such, they are therefore involved in this case. And she's going to talk to us about this. And then on Tuesday, she's going to go to the Houston City Council for that chance to speak to them each Tuesday and present the facts and try to get our elected officials to speak up to say one word because I've been there three times there have been, you know, at least a half dozen other people that have gone there as part of projects yesterday. And all they can do is look at you much as a deer in the headlights. They dare not say anything, because their ignorance, their superstition, or their inability to get away from those campaign funds, stops them from saying anything they know it's over. It's up to us to take this high ground. And just in this. And having said all that I appreciate once again, the chance to speak y'all. They're going to do it again is the last concert tomorrow. Good. That's right, support the station, get involved and have a lot of

J Jimmy Carper 04:18

fun. Yeah, and I believe three or four in the afternoon it starts

∅ 04:23

I think I heard three o'clock. I believe you're right. Okay. Okay. And Jimmy, do y'all keep up the good work and and I'll talk to you next week. Thank

J Jimmy Carper 04:30

you very much, Dean. All right. Take care. Good night. Dean Becker, host of cultural baggage heard every Tuesday evening, right here on KPFT at 6:30pm. And

C Chris Harrison 04:43

the 420. Drug news report at 420 in the afternoon, Monday through Saturday here on KPFT. And about a dozen other stations around North America. Yeah,

J Jimmy Carper 04:54

yeah. He's syndicated. Yes. Uh, yeah, well gotten a different one. Yeah,

C Chris Harrison 05:02

we ship him and I think disability radio. Yeah, I see off from KPFT

J Jimmy Carper 05:07

they're afraid to do us. Is that it? Well, we

C Chris Harrison 05:11

tried you know, college station got scared and we talked about nude radio. Even even see the pictures of Gigi. Yeah, see,

J Jimmy Carper 05:17

so hey, oh, well back to some music.

C

Chris Harrison 05:21

Well actually, you know, what's the word coincidental thing? Well, he's talking about where he was at.

J

Jimmy Carper 05:27

And you know, last concert.

C

Chris Harrison 05:29

Yeah, for the watermelon festival. Guess what CD number one is? What? It's Pat. It's not patch Rosie. Rosie? Yeah, Rosie is gonna tell us a little bit about the watermelon. Okay, well, let's

J

Jimmy Carper 05:39

hear it.

C

Chris Harrison 05:40

Let's find out where it is and where you can go tomorrow.

👤

05:45

The key thing for watermelon Danton summer social glass concert Cafe is benefiting KPFT there will be two days and nights of fun, great music good food artists and vendors and watermelons. J

Jimmy Carper 07:00

I haven't heard that in a while. That's nice.

C

Chris Harrison 07:02

When I saw you snuck in Hedvig in there, I had to pick one. I was like, I don't know which one of the Hedvig songs I wanted to play

the hearing songs I wanted to play.

J Jimmy Carper 07:10

There's so many. That was origin of love, origin love,

C Chris Harrison 07:13

you know, fellow mellow. You know,

J Jimmy Carper 07:16

we're gonna be doing a lot more music. And in fact, coming up. We've got an old old Dusty Springfield, one that you didn't hear on the radio folks.

C Chris Harrison 07:25

Well sound like she's doing anything current like, Hey,

J Jimmy Carper 07:30

by the way, you just played a promo for the watermelon festival. And we just happen to have somebody on the line here who can tell us a whole lot more about it, Sandy. Hey, how you doing? Well, pretty

07:45

good. This is this has got to be a radio first year. Anyway, I'm on one of these on mobile phones. card just left the festival tonight. And I'm real happy to report that the station. Well, we're in the black on this one as a fundraiser. This looks like it's going to do a lot of good for KPFT which is great. Yeah, but even better yet. You know, I just want to tell your listeners come on out tomorrow. We had a really nice crowd down there tonight. brought a lot of love in the air. Tomorrow, Carolyn Wonderland and new monsoon will close a list of seven other x 9x. And all three in the afternoon. If you're a KPFT member, it's \$10 to get in to cool T shirts. There's some great food down there. And some wonderful people and music too. So

J Jimmy Carper 08:31

yeah, great, great lineup for for tomorrow afternoon and early evening. And of course Carolyn Wonderland. You know, she could be the whole show in herself.

08:43

That's right, Jim.

J Jimmy Carper 08:44

I heard you raised a bunch of money tonight.

08:46

Yeah, we did pretty good. Tonight. We did about you know, one of those after hours or esoteric pledge drives? Oh, no, we did about about double that. Station benefited. And that's cool. Because the station needs the dollars to do a lot of things. And it's hard to hard to survive in the world without the funds to do it with and we all know

J Jimmy Carper 09:11

and the more money we get, the more equipment we can buy and the new things we can do. And

C Chris Harrison 09:17

that's right. And the less we have to come on begging. Yeah. Maybe one lesson two less fun drives here. Wouldn't that be sweet?

J Jimmy Carper 09:23

Yes, that would be sweet. Yeah. Okay. Anyway, the watermelon festival carries on technology at his best. Thanks, guys. Now,

09:32

where is this last concert cafe? Thanks. So 1409 Nan Street. And if you're coming down i 10. It's the Hardy McKee exit as you're heading toward Beaumont. And if you're coming from downtown, well, it's kind of back at the University of Houston. But you can call them up and you probably have that number there somewhere. Don't

J Jimmy Carper 09:52

your hands, your fingertips somewhere but it isn't handy.

09:56

Maybe you can maybe can give them one out later.

 Chris Harrison 10:00

Is there Wait a minute 8713 to 268563 or click on the World Wide Web at last concert.com

 Jimmy Carper 10:09

Cool. Sandy, thanks for calling in with. Thanks for putting me on. Okay. And you will be heard next Friday night,

 10:21

right? That's right. Yeah. I'll be back on dead air next Friday night. And you guys have a great show tonight. I'll be listening. Thank you. Yeah. Good night.

 Jimmy Carper 10:31

Sunday from dead air normally heard 11 to 1am Friday nights and except on Fridays, I believe it's from midnight to one on the first Friday on the first Friday Yeah. And first Friday of the

 Chris Harrison 10:47

prison prison show gives doesn't get time off for good behavior. They put an extra hour and

 Jimmy Carper 10:52

a half out some more music. This is like I promised the Dusty Springfield Springfield that you never heard on the radio but I really like it's firmer CD called what?

 Chris Harrison 11:05

Now it's called a brand new may it's not called what

 Jimmy Carper 11:09

and the name of the song is haunted haunted, and you're listening to it on after hours queer radio with attitude

 Chris Harrison 11:30

I don't think I could have shifted gears any harder than that. That was a little blast from the far distant past. We started off that music set with Dusty Springfield playing haunted horse, the speed of the beat of my heart. Liquid pie if you want me for my money, temptress was queen for a day. And that last one was Merritt Brunel and his friars with masculine women feminine men. And trust me you're only going to hear music like that here on after hours queer radio with attitude on Pacifica radio for the Gulf Coast listener sponsored commercial free Kpf ti 90.1 FM Houston 89.5 Galveston, you can always check the worldwide web at Kpf T dot O R G. And you know the next song I've cued up in here, you know, it used to be the opening intro to our show and kind of an appropriate song for the show and was Gloria Gaynor heard let us know why I am what I am ah make a fireman come Oh my my my man that just makes you want to say boy how they boy how he is right. I love that

J Jimmy Carper 12:52

man. We know what's his name?

C Chris Harrison 12:56

That's J spears.

J Jimmy Carper 12:58

Yeah, J spear says he has my favorite album of 2003

C Chris Harrison 13:04

and that was house on fire. You know the funny things are starts talking about make a fireman come I was remembering last night watching you. As you're watching Denis Leary. A fireman and rescue me. Yes. That's it in Calvin Klein and Calvin Klein, jockstrap.

J Jimmy Carper 13:23

Yes, bending some women over that that segment is bound to raise controversy in the community. Because they took on the subject of homosexuality in a in a varied manner. Depending on how the character saw it, and most of the characters did not see it in a good light.

C Chris Harrison 13:47

Fireman you know, yeah, maybe they felt like Plaza hoses listened.

J Jimmy Carper 13:50

Firemen have been in the gay pride parade here in Houston now for I don't know four or five years.

 Chris Harrison 13:56

I mean, you know our I live there we've had the volunteer fireman and boy oh, boy. I'd love for one of the boys rescue man. God bless the suburbs and

 Jimmy Carper 14:07

the dudes the roundtable early tonight because we can Yeah. And yeah, we've got our usual cast of characters minus a couple but plus several new ones.

 Chris Harrison 14:18

Yeah, so we have a plethora of letters from our MB boy, did

 Jimmy Carper 14:22

we get mail this week, folks? Apparently

 Chris Harrison 14:25

the mailman finally found us and yeah, we've got a lot of letters as some new people. I've got a new person and we've got a returning favorite. So we're gonna be going through the MBB letters, and we're gonna talk a little bit about religion because last week we did a the hatch group did a wonderful talk about religion and homosexuality. Yeah. And we got a couple emails on it.

 Jimmy Carper 14:49

Sure. In fact, you got an email and Gary the Gay Christian wrote in, I want, I'd like somebody to read his letter. So

 Chris Harrison 14:58

yeah, we're gonna we're gonna come A little bit of religion and that because, you know, it's it's one of those topics that's very topical. Yeah, a lot of that's going around and it's something we should we can look at it from different angles. So, let's start off with our MBB letters. Okay, and well, first of all, we gotta do our traditional thing of the other room. Stuff. Sound off.

**B** Bobby 15:20  
Big Roy, Scott, Merlin

**♂** 15:23  
and Jan Benson. Zane. Eric, star, Matt.

**C** Chris Harrison 15:33  
John boy. Cubby, Roy. Yeah, it's like a demented version of the Waltons. Meet Mickey Mouse Club. Hey, grandpa

**B** Bobby 15:43  
Walton was gay. gives a whole new meaning to the phrase Good night, John. Boy.

**C** Chris Harrison 15:52  
We went there. All right. Well, let's start off with our letters. Because like I said, we've got a lot of them there. Who's got Smiley's? I do you do? Okay. Just wanna see about that one of them? Because it's gonna be a little bit update for our listeners. Yeah, well, who's going first?

**♂** 16:07  
I guess I'll go first, I've got a smiley face. Smiley writes in that? Well, his plight in a sexual harassment case is getting worse.

**C** Chris Harrison 16:20  
Let's give a quick little update. Last month, Smiley was charged with by one of the officers that he indecently exposed himself to arousal and refuse to stop. And this was a female guard that levied the charge on she was working. He was a first of all, this occurred in the showers. And she was not the guard on duty when he was in the showers that day. And as a gay man, he supposedly got himself aroused, and wouldn't stop being aroused in front of her. And so she filed a charge. And he said he was going to wasn't going to take this lying down. And this is the recap of what happened when they enforced the rule.

**♂** 17:05  
Yeah, well, smiley, I can tell you is definitely not a heterosexual. Let's see it says, Actually, his radio has been taken away. He's actually been doing the last 90 days without any radio. So as only means of contacting us through letters. We say

C

Chris Harrison 17:33

he was he said he was not going to he was not going to leave there. There was not going to accept the charges. Right?

O

17:39

He's he told him that he wasn't going to be punished for a bogus case. He was ordered to submit to a strip search and placed in hand restraints. And that's not the smile. We know. Usually he would accept that right? Especially if you're going to put him in hand restraints. So anyway, they had ordered him to a strip search been placed in restraints and refused telling him he didn't expose himself to the female officer. And after he refused again, and stated that they get a camera, they came back with a camera. And then at that point, he had been ordered to strip search again, he wrapped his head in a towel and bundled up and duct and they sprayed him with gas. It was let's see, he was left naked in a cell with only toilet water to wash himself off, took nine and a half hours before he went to medical 10 hours before he got a shower in 10 and a half before he received a mat and clean sheets and clothes. He's also filed on that issue. So he's hoping that the paperwork will run its course on that. Yeah, yeah. Say he does plan on saying each of us. Upon release, he's looking at three months if he wins his case, six if he loses

C

Chris Harrison 19:13

it, you know, one of the other prisoners or one of our other MBBS. Senator, no, there's that he he liked the fact that we were reporting on the smiley incident and that I think, you know that as part of things when we're hearing some of this stuff. And, you know, we hear a lot about the prison issue here into N Texas. And, you know, the fact here we know, a gay, a gay man who's been accused of getting aroused by female prison guards. You know, she may have been kind of Butch looking. But yeah. You know, this this case got as well, as far as it was. And, you know, like I said, you know, we're just going off of Smiley's word, but, you know, we've known smiley long enough that we don't have a problem going off of Smiley's word, you know, Now, so hopefully that thing is going to be resolved and there's someone's listening who knows smiling can get a word to let them know we're thinking about him and we're doing what we can on our end. And

O

20:09

by all means everybody remember him in your prayers to

C

Chris Harrison 20:15

Okay, who's next to speak? I love the comment here at the bottom there.

20:22

Will Roy breathe into the microphone? Will Stacy get another piercing? Or will Chris make another bad joke? Tune in and find out. same

Bobby 20:35

bat time same bat No.

Chris Harrison 20:39

Betty people saying trust me, Roy, you don't have to ham it up. Build your mic earlier just for the sake.

Bobby 20:47

Well, Stacey did we love your doors?

Chris Harrison 20:52

Well, yeah, it's a new phase of the moon. So Stacey had to get something pierced. Right?

Bobby 20:58

What they don't know that is his other life with him. You know he is secretly dark faggot. You know? You've heard of Darth Sidious. He's Darth faggot. No, he's

21:11

insidious.

Chris Harrison 21:18

I knew this was a bad idea. You lifesavers come to mind.

21:24

Nothing light about it.

Chris Harrison 21:28

I know it was a bad idea to give an extra 45 minutes to this group

 **Bobby** 21:33

You have no BS here. So

 21:35

your mistake live with it.

 **Roy McCarthy** 21:36

We have virgin newbies with us. Quite

 21:42

a little bit questionable. I might be new to the radio, but I mean, yeah, virgin to the radio. Yeah. Okay. We're just talking about radio. Okay. This

 21:51

side of the mic anyway.

 **Chris Harrison** 21:55

Okay, what's our next MBB letter, Roy?

 **Roy McCarthy** 21:57

Okay, I have one from David, who talks about a number of things is that he'd like to ask anyone out there if someone could help him with information for he's looking because he has this lady friend who's a lesbian who's looking for a group called Low lesbian over age 50. He listens to the show. She's not. She's not one of the captive audience to the volunteer audience free world. She went to the community center to try to find out some information and apparently wasn't able to get the information she was looking for.

 **Chris Harrison** 22:42

Well, if she tries now, it'd be a little bit easier because there is a full time employee now at the Houston GLBT community center. Who works on every afternoon during the week.

R

Roy McCarthy 22:56

And also if that person doesn't have any information on that rack, there is a rack to the side that has all these little handout things about all the different groups here in the Montrose area and whatnot. And I'm pretty sure that lesbian over age 50 group has a little handout fliers in there. He's also wants to know what ever happened to end Miss Indigo he says he hasn't heard Miss Indigo in a while and he's really curious about the humbler.

B

Bobby 23:35

Talking about the humbler

C

Chris Harrison 23:40

the leather lines kind of in a rotating position different rotating it's you know we've had we've had a lot of turnover in that area a

♂

23:55

lot of switches.

C

Chris Harrison 23:58

Speaking of turnover and leather excuse me

B

Bobby 24:04

there's no excuse for turnover like a stomach

C

Chris Harrison 24:09

yeah but now hopefully people will pop back in and pop back out. It's this is a very fluid organization and

R

Roy McCarthy 24:25

talking about popping in and popping out their game little bit obvious.

C

Chris Harrison 24:34

Just call me Miss India. Just call me missa innuendo.

①

24:39

Yes, pundit.

R

Roy McCarthy 24:42

Oh, and he was nice. And Chris. David was nice enough to give us a drawing of his magic wand.

C

Chris Harrison 24:51

Oh, yeah.

①

24:54

I think that's a tracing. Yeah, trace,

B

Bobby 24:57

trace. Magic

C

Chris Harrison 24:59

Wand.

R

Roy McCarthy 24:59

Wow, that's pretty easy. There's like a carry lollipop.

C

Chris Harrison 25:04

And how many how many licks does it take to get the middle of a Tootsie Pop?

①

25:09

So he's in prison? I

①

25:10

doubt there's much cherry about it.

C

Chris Harrison 25:12

Information on loaf lesbians over age 50. You can call 71386914821 information on the load.  
And

R

Roy McCarthy 25:25

also he is concerned about David, you want me here? David's filling all right.

C

Chris Harrison 25:32

From the day Oh, Dave

R

Roy McCarthy 25:33

our phone. Yeah, our problem, David,

C

Chris Harrison 25:36

not you, David. Go back to your hole. Yeah, no, David's still here. He's,

R

Roy McCarthy 25:45

he's still with us.

C

Chris Harrison 25:48

All right, behave in there.

J

Jimmy Carper 25:51

They don't know the meaning of the words. He asked me if we're gonna have to start doing  
nude radio. They're invited.

B

Bobby 26:03

I know. This one to know that wouldn't be too big of a jump.

R Roy McCarthy 26:09

He does have one comment.

C Chris Harrison 26:14

Okay, okay. Let's try and stay a little on topic for a change

R Roy McCarthy 26:17

on top and trying to find the sea of Chris got sent him on how to get permission for the interview. I

C Chris Harrison 26:26

did receive the information. Unfortunately, just as I was trying to get all that stuff together. I lost my job. So the fact that I can't afford right now to go looking for to go up and talk to the MBBS. Hopefully, Goddess willing, Lord willing, fall well willing. This situation will be taken care of here in the next week. And I will be once again gainfully employed.

R Roy McCarthy 26:54

And just one little bit of housekeeping I was reading last week with

C Chris Harrison 26:59

you and housekeeper you and housekeeping. I know.

R Roy McCarthy 27:03

There was an interesting thing. One of those Scandinavian countries is doing a commemorative postage stamp. With Jeff Stryker on it now.

C Chris Harrison 27:12

Scandinavia, Netherlands, Netherlands,

B Bobby 27:15

the Netherlands. Close enough. Yeah.

 Chris Harrison 27:18

Yeah, the low lands

 27:19

are Dutch.

 Roy McCarthy 27:22

I have I've never been a stamp collector, but I think

 Chris Harrison 27:28

probably if you're going to be philic about the stamps. Okay. Remember, you don't lick the backside?

 27:38

Are these life size stamps? Are you that would be like the \$20 \$20

 Roy McCarthy 27:45

stamp is to just strike a life size. Okay. As we digress

 Bobby 28:00

as he does his best impression of Geordi LaForge they're on board. Engage.

 Chris Harrison 28:12

Okay, come on. We got we got some more MBB letters. Do let me turn here. Sure. Yeah. Well,

 Bobby 28:20

I actually got one sees a newbie, I'll let him Yeah, give giving me

 28:24

the Virgin here on the radio to do it. I've actually got an angel. You know, he sent us to actually one that he never got to send out May 4 2004. But in his July 26, one, he generally just wanted

to say, you know, hi. Hi. I attached this older letter that I never got to send out in the May 4 one he wanted to say, you know, I feel bad because I never wrote to say thank you, Jimmy for the postcard you sent from Waikiki Beach, but and you know, I'm sure you must realize that I did appreciate it. And I hope you forgive me for not writing sooner on

J Jimmy Carper 28:58

how I Yeah.

C Chris Harrison 29:03

When it comes to writing.

♂ 29:08

And in the May 4 letter he also wanted to ask, you know, who is pagan there? Is it Bobby or if so, whoever? Yes, that would be

B Bobby 29:14

Merlin. Yes.

♂ 29:15

Slash Bobby. Just kind of a wide variety of pagans in the room. There's Yeah, you could say there's,

B Bobby 29:21

there's yeah, there's more than one Orzly in the room at the moment. pretty diverse culture of a lot of religions. Yeah, really?

♂ 29:28

Well, you know, yes. Yeah. If boy wasn't Catholic, he could be a double wide version of pagan

J Jimmy Carper 29:35

rituals.

**B** Bobby 29:38

That's because so many of them are done. YEAH.

**C** Chris Harrison 29:43

Jimmy, there's more to the religion than dancing around the bonfire naked.

**B** Bobby 29:50

No, it's not the part is the nevermind. Go ahead. Oh, yeah, sure. Well, I

**♂** 29:56

generally he just wanted to say that he had a subscription I had a subscription to A folio newsletter from the wecan Wiccan fellowship Freudian fellowship club, you know the circle of the goddess and they're out of Ontario, Canada and stuff a lot and these letters this week anyway. Yeah, the whole weekend thing. I don't know you're just popular with the whole you know, thing everyone knows about it. Generally, you know, most of his letter goes into more but I don't know if the issue of same sex marriage has been covered to death here. Gonna be grown but generally Yeah. Dead

**♂** 30:33

Horse behind long ago. Yeah.

**♂** 30:37

But skeleton to go very deeply into the origins of marriage and stuff. And I think you know, he has some pretty good insight into you know, and I'm sure you guys have been covering that road for quite a while. But uh, well, it's

**B** Bobby 30:50

about time.

**♂** 30:51

Even in seminary, they talk about gay marriage. Hey, Stacey, what's up?

**C** Chris Harrison 30:56

It's the best of the party because okay, okay, okay, okay, people people focus. You know, I

Hi, I'm here at the party again, okay, okay. Okay. Okay. People, people focus. You know, I

∅

31:05

mean, I don't feel bad that you know, you guys are tired of talking about same sex, which I was secretary of my high school's GSA club for a year. And that's all we discussed for the whole spring semester was just gay marriage, gay marriage. And I'm, yeah, I'm just a little bit tired of it. I mean, yeah, it is obvious that I'd be for it and everything. But you know, hopefully, that'll all end with a happy ending or whatever. But Angel, you know, it's just good to point out that, you know, Angel has some great insight into, you know, same sex marriage. And you know, even though it's a groaner, I mean, we still all appreciate his thoughts on that.

C

Chris Harrison 31:36

No, just the fact that, you know, we've, we've done hours upon hours of it, and, you know, there's people's opinions out there who, you know, the people who are in charge this stuff, we're not going to change their minds. Yeah. I mean, you know, their head is so far up there, you know, what, they're not able to get this radio reception. So. And I just, it's one of those things. It's, it's a topic that's, that's covered a lot, unless you're the Democratic presidential candidate, and then, you know, he barely mentioned it in his speech. At all, the only mention he made was the fact that he said he would not use the constitution to try and divide people.

∅

32:19

Yeah, that's vague enough. appeal to the whole you know, every day American you know, he's trying to be as centrist as possible with that, because,

∅

32:28

you know, pretty much the rest of laws surrounding marriage are state centered. So yeah. To be a federal issue, but yeah, that's a disaster moving on.

C

Chris Harrison 32:39

Next MBB letter, or do we need to take a music break? And there's

B

Bobby 32:42

I have a letter from chat, chat chat, the chat, the chat. The chat changling chat, it starts with my dearest fairies.

R

Roy McCarthy 32:57

Is that a beginning of a? On?

33:00

No, it's a hyung Chen

33:02

is the best kind of

33:04

jokes about people we

33:05

never miss counters.

Bobby 33:08

He says awk and thank you for writing in like English. I'd like to thank you right now for writing in English because, you know, well, I can read this. It might be

C Chris Harrison 33:19

true. Ah, it's hard to read the letters and we know someone's a good one.

Bobby 33:23

Even at that size, I can read them these are anyhow. Apparently he's a size queen, because you know, these are big letters. But it's all kinds of nice things here about how important we are to him and to and how important he thinks our show is to the community in general. Which is really he wants to know as a what happened to someone named Derek. that something had jumped Jungle Fever. Somebody they was this somebody who was on the air at jumbo fevers. I try to remember those. Yeah, the only

C Chris Harrison 34:00

person we remember his jungle fever was San Diego boy,

D 34:05

B

Bobby 34:05

please tell Chris Stacy Merlin, Jimmy David Hello. Yeah, all that. He he's he wrote to me that he's studying Wicca through something called the Texas prison pagan ministry Association, because that's a lot of work he's rather new at it. But maybe, maybe I could write to him and guide me as a guide him as a mentor.

R

Roy McCarthy 34:42

As a mentor that scary.

B

Bobby 34:46

First Student I'd rather be mentor a mentor than mental love you're

o

34:52

already hitting mental

B

Bobby 34:55

Bebo? That's big. That's because I've known you for so long Scott. Love you.

C

Chris Harrison 34:59

I will digitally.

B

Bobby 35:02

Who said that? Oh, that was me. I'm sorry. Yeah, those sky clad rituals could be fun. Yeah. by LucasArts

C

Chris Harrison 35:19

one wanted to tie people one at a time. And

B

Bobby 35:21

I assume here when he's talking about the pagan priests and temple stuff, he's probably talking about GG. He's making some mention of that said, you know, that, how off, you know, just about the

C Chris Harrison 35:34

GG show was about the Texas event and the they just got a campground if they're gonna be hosting some events in Texas like to

B Bobby 35:41

also say he loves the leather line, and does some gives a graphic detail of what he wouldn't mind somebody doing to him. I would, however, suggest that he should not have used the word, let the phrase Let any guy because trust me, you really don't want just any guy doing that. That's all I'm saying. But Roy's here. That's a dangerous property. So anyhow, there's also some mention here about

C Chris Harrison 36:18

scratchy, JC he likes that.

B Bobby 36:23

Positive since 95, march 95, and good days and bad days, you know, those of us who are positive know how that is.

C Chris Harrison 36:35

He was asking that the positive people on the show. Okay, we can still hear you on the mics. Bobby And Jimmy are both positive.

B Bobby 36:50

And positive nine years Jimmy's been at it a lot longer. But yeah, but my latest T cells are 600 are 644, up from 400. All right, any privacy, so that rocks, but anyhow, just all kinds of good stuff about how he, you know, tries to do things like say a mental mantra about during each pill time, about how much this is doing good for prison is harder to find HIV patients x because though they may at times be able to get access to free HIV therapies. And stuff like that. Just a lot of stuff hear about that. And that's, it's, you know, just so much and again, he's thankful for this and thankful for our show and, and thankful that he has something to listen to from that side of the, he's Oh, and he's being and he's being reviewed for parole. So no, and from a certain County, but he has to go to a certain County, but but he has no family there. So he may end up somewhere in East Texas, if given the chance. So could write and explain. He wants he hopes her one of us to write perhaps Jimmy and explain how being in the HIV community outside is handled here and how you get involved in you know, I guess all the organizations yada yada yada. So, yeah, we can, you know, we can, we can probably hook you up there because, you know, got us notice those of us who have had to deal with the services and the organizations and the end of hurdles and hoops, hurdles, hoops and yada yada and hurdles. Yes, the stuff you have to jump through just to get just to stay alive. So and So anyhow, any

kinda ends this with Jimmy, I bet you here's something for you. You are so sexy. He loves your voice. And you know, he and again, he loves hearing from Chris and Stacy and all of us and you know, so wild and he loves that. So and he loves your piercings stories. He loves. He loves hearing about your piercing. Yeah. So anyhow, that's and that's pretty much to that. You know, he's never been pierced or tattooed. Been in several domestic abuse relationships are not the same thing. not

♀

40:01

like my personality domestic

B

Bobby 40:07

apparently apparently he I don't think this is directed towards you, Stacy but something to be how does this go? Sweet bitchy master

♀

40:25

you've been talking to people

C

Chris Harrison 40:29

here comes chat sex god now.

B

Bobby 40:32

So anyhow,

♀

40:33

I think the voice thing was a dirty pictures. No,

B

Bobby 40:38

he loves. He'd love to send he'd love for a picture of you to be sent and stuck to his wall. And scared but you'd stick to the wall with the answer that question. And last but not least, thank you for all the Oh, so fabulous pictures you sent and at least one of which is coming home with me. Yeah, deal with it for the first time.

♀

41:04

Tell us how you're sticking it to your wall.

C Chris Harrison 41:07

Talked about someone's sending us dirty pictures. We finally got someone to send it to us. And it's one of our MBBS. All right. Roy's been wanting to say

R Roy McCarthy 41:21

before we leave your letter, there was a number of years ago, when we were getting the peanut gallery

C Chris Harrison 41:28

quiet down in the back end.

R Roy McCarthy 41:31

heard this kind of a serious note a number of years ago. When I was with the station here, we were getting letters from MBBS who were positive. And prison correction officers or prison officials were as a means of a form of punishment. withholding the HIV medicine from some of these NDB is horrible. And I want to know if this practice is still going on out there. So if any of you MBBS are out there, big boy really wants to know because as far as I'm concerned, a correctional officer is not a doctor and has no business using your medic medication as I do not care what the excuses medication is medication. And it's not for correction officer to decide to use that. withhold it as a form of punishment.

B Bobby 42:31

I think any officer who does should be charged with attempted murder. Yeah,

R Roy McCarthy 42:36

I agree. Yes.

C Chris Harrison 42:37

Okay, let's take a little while.

J Jimmy Carper 42:40

I wanted to put in here. Something not so furious. We were talking about God. There's that voice and we've had quite a few sent to us actually from our MRBS most of them have been

voice and we've had quite a few some to us recently from our friends those of them have been drawn. Yeah, yes. I have them all.

 Chris Harrison 43:02

He doesn't share those. No. Okay, what we're gonna do is we're gonna take a little music and or first

 Jimmy Carper 43:06

put a little something in your ear.

 Chris Harrison 43:10

That's something we're gonna be putting our ear. Rip a little PSA in your ear. And then a little music by request. You know, we're going to do a little bit of policy that will push you to read coming up by request and we'll be right back.

 43:26

Hi, I'm Bobby Muldoon, the KPFT election supervisor and I'm looking for candidates. If you're a KPFT member who loves the station and wants to do your part to make it better, the KPFT Local Station Board needs to the Local Station Board Governance KPFT sets policy reaches out to the many communities in Houston and oversees how management is doing and KPFT members are about to elect nine people to serve on the board. Right now the field is open and we're accepting candidates for the KPFT election this fall. Being on the board it's hard work, but the feeling of accomplishment can be a huge reward. If you care about KPFT enough to serve on the board, you can contact me Bobby Muldoon at KPFT to throw your hat into the ring. But don't wait too long. The nomination period ends September 25 Call me at 713-526-4000 And I'll tell you more that 713-526-4000 to join in KPFT experiment in democracy

 Jimmy Carper 44:26

Yeah, I'm Bobby just called in a few minutes ago to after hours and one is your reiterate all that he said in that that promo because they are especially looking for GLBT people and of course any minority folk man to get on the board because it's it's it's a way you can help. Make sure that your community is represented here at KPFT.

 Chris Harrison 44:54

I mean Chabad GLBT, we've got one or two or One Hi. I know we've got one. Okay, but I, I that's that's all we have in our community that's represented on the board. Yeah, that's that's a sad state of affairs. So it's either we need to start converting these people over, we need start to get some candidates in there.

 Jimmy Carper 45:15

I'll help with the conversion.

 Chris Harrison 45:18

board hasn't changed since I saw the original board. No. Nevermind.

 Jimmy Carper 45:22

No, we are looking for folks for more community to especially it would be great to have transgender folks. On the on the board, that would be really great. I'm sure we already have bisexual folks. So they may not admit to it, but hey, yeah, you know,

 Chris Harrison 45:43

there's some there's some interesting groups in

 Jimmy Carper 45:45

there, but some G and ELLs would be nice, too. Yes.

 Chris Harrison 45:49

And then some open B's and yeah, the T is a couple of cute alphabet. Do we have your Z out there? We

 Jimmy Carper 45:58

really want yeah. That So Bobby Muldoon at five to six 4000 during business hours, or you can email elections election elections at KPFT dot o RG

 Chris Harrison 46:17

Okay, now we're gonna do a little bit of policy just a little post to steal little just a little pissy. Okay.

 46:25

All right. Dan, we'll

C

Chris Harrison 46:26

be right back with more roundtable Yes, free policy by request. Banks. So yes, that's Percy touret.

J

Jimmy Carper 46:50

From her CD.

C

Chris Harrison 46:53

Which in Hi Fi is that her first one? Okay, Jimmy, you won't explain to people what Hi Fi is you know, because at the bottom while Roy, Roy and Bobby those of you familiar with Hi Fi Hey, I

B

Bobby 47:09

even know what a tracks are. So right now.

♀

47:14

I still Oh,

C

Chris Harrison 47:17

is the piercings that make you young moisturizers. I would hate to see the portrait you have hanging in your closet.

J

Jimmy Carper 47:26

He is. He is a stockholder in au lait.

♀

47:36

For all my money go.

J

Jimmy Carper 47:43

Yeah, I was reading an article in the voice about those boys. Which ones? The Ole Boys.

47:52

My name wasn't mentioned, was it.

c Chris Harrison 47:54

You were the cover of child?

J Jimmy Carper 47:57

Are we still working on our embouchure MBBS.

c Chris Harrison 48:00

We have a new listener who was recently transferred to the area and it was up late one night a few weeks ago when he caught our show. And he actually wanted to be up after that to listen to our show. Hmm, and found himself staying up to to catch the show again, and he says he finds us truly enjoyable. Thank you. Wonderful as the show enjoyable. This is no we got a lot.

J Jimmy Carper 48:28

I'm trying to not use the guy's name so much. Because I'm still not convinced that using Smiley's names so much didn't help get them in trouble.

c Chris Harrison 48:39

Yeah. He's looking for pen pals. And we've got some boy

J Jimmy Carper 48:44

and we are so bad at being able to give these guys pen pals. But yeah,

c Chris Harrison 48:48

he's got something in here that would intrigue Stacey into writing. He's got quite a number of piercings and tattoos.

J Jimmy Carper 48:57

Oh. Oh, I don't want to picture yeah, I want to see every single one. Yes. Does they

 **Bobby 49:04**

let you have piercings and stuff and No,

 **49:09**

no, they don't. But you know, you have to take the tattoos out. Can't hurt you just sell

 **Bobby 49:17**

improvised jewelry. With the tattoo. It's not Friday, the 13th the TV series.

 **Jimmy Carper 49:22**

Do you have to say

 **Chris Harrison 49:23**

Wow, just a lot about his background in that. He's looks like he's gonna be out in about four years. For crying for something he says he finally did not commit. Okay,

 **Jimmy Carper 49:38**

um, this might be the guy who wanted to get a letter to a friend of his who was also incarcerated. I didn't get to read the Yeah, I think so. And we've always put out that out there that if any of these guys want want to send a letter to a friend who's also in ursery we'll be glad to forward them. Just send them right here to after hours for 19 Love it Boulevard, Houston 7706

 **50:11**

It's not just a zip code lifestyle.

 **Chris Harrison 50:14**

So we've got a new listener and Chad was a returning listener I believe. You know what, Roy? I

 **Roy McCarthy 50:21**

was looking at the mail when it came as they came in and I kind of got a chuckle out of out of one of them was addressed. Snail mail. Oh,

C

Chris Harrison 50:30

yeah. That shows people were listening. Yeah. Yeah, most Okay, fine. We got some more letters in there. Yeah,

J

Jimmy Carper 50:40

we want to get to Gary the Gay Christian too. Yeah. Oh,

B

Bobby 50:43

what's Gary they come

C

Chris Harrison 50:44

on there was who's gonna? Okay, no, no, no, hold on. We still got MEP letters.

J

Jimmy Carper 50:49

Yeah, let's finish up. We've

C

Chris Harrison 50:50

only done about there was there had to be another one there. wasn't worse than nicely typed one. Did we do that one already? Yeah.

B

Bobby 50:58

That was okay.

C

Chris Harrison 51:00

I'm sorry. I thought we had summarized Okay, well, I know we had a whole whole stack of things there. I for y'all just found the pornography and decided that's where we're going to stop. No, no, we actually I wouldn't put it past some of you

∅

51:14

originally. Yes. But we listened to our mother.

 Chris Harrison 51:19

But no. Okay, so I'm gonna go into the topic here last week. Well, first of all, let me do this. You're listening to after hours queer radio with attitude here and here on listener sponsored commercial free Pacifica radio for the Gulf Coast. KPFT 90.1 FM, Houston, 89.5 Galveston and always on the World Wide Web and KPFT dot o RG. I think I got that in one breath. It's all that breath control. someday someone will be lucky to find out how well that it works. As TV runs screaming into the night. Last week, our hatchlings did a show on religion and homosexuality. You know, we could do show after show after show about that. And we got a couple of comments. You know, we finally got somebody to write in about it a couple of free worlders because this came in on email. And if you want to contact us by email on anything you hear us talking about or some information love mail, hate mail, do anything. I can't get behind notes. I'm sorry, they those boys descended and they ain't going back up.

 Jimmy Carper 52:28

Toes are

 Chris Harrison 52:36

sorry, I refuse to wear that type of shorts.

 52:40

Occasionally the week is nipple you can hit the highest

 Bobby 52:43

Jimmy's at this point that Jimmy says he has to go to the boys section to find shorts that

 52:49

not be mine.

 Chris Harrison 52:51

I thought it was a Junior Miss panties.

 Jimmy Carper 53:00

And that coming back coming from a Lane Bryant customer

53:09

my mom heard that she'd kill you.

c Chris Harrison 53:16

Okay, let's see how well his computer works later. You try and get tech support coming in from the suburbs. Next time.

53:27

He's looking for athletic support, not tech support.

53:33

I remember from beneath

B Bobby 53:34

by an athlete and

c Chris Harrison 53:35

I've seen your files to Jimmy. If you want to send us email, the email addresses after hours at KPFT dot O R G. Let's go with was it Gary the Gay Christian? Yes, yeah. Okay, I wasn't I wasn't sure in the first name there. So let's take away here this email.

53:57

So I've listened to last night's show. And I was so pleased and happy that you had gay Christians on there. I wanted to call the kid not. I was very tired and didn't want to sound like an idiot. It went very well though. I hope in the near future that you have more gay Christians on the air. This is some matter that he goes into detail about and some of the problems that he's had about being both gay and Christian. And I can Harken on to this because I grew up Roman Catholic in a small town and can definitely understand the problem of coming out and being gay. However, I was incredibly lucky that when I was in college, I came across some of the other mainstream Christian churches out there and believe it or not, there are those out there that they're not gay churches, but they're very affirming churches, one in the Houston and Dallas area that you might want to try. Look killing it. Should you be a gay Christian, that is safe, they won't try to convert you is called OCC a that stands for Orthodox Christian Church of America. You can look it up, they have a nice website, it talks about all kinds of issues. And

something else I'd like to say if you're on the net, or you're outside, and somebody comes up to you and starts giving you the hate talk. It is my firm belief as a Christian, that my faith is between me and God. And Christians don't hate. And that's just all I have to say.

55:41

All right, that's a good message.

Chris Harrison 55:42

Okay, let me pull out the other email we got here. Now, we're not gonna I'm not gonna mention any names on here. Because the status what he's talking about here, he's trying to rock and hard place about this religious issue. He's a gay 29 year old male in northeast Houston. He lives in a so called religious house, where both parents go to a church on regular basis. But he does not because one of the statements that we made on the program, he's always been told that he'll burn in hell for being gay. He doesn't look gay or dress gay. But it's true. If you saw him on the street, you cannot tell what side of the bread has his bread is buttered on. It also stems that he works for a fairly conservative company. He's pretty sure some of his bosses go to Lakewood Church, which he's attended, actually, he's gone to, and he feels guilty about going into the church. And he was told on several occasions by associate pastors that he would burn in hell if I did not if he didn't change his ways. And like now, I know there is a God out there but I can't I cannot take the pressure from my family and hiding at work and all the stress I put on my daily basis of who I am, and I'm gonna burn in hell, if I don't change my lifestyle. It helps we can point him in the right direction. You know, this is part of what we're talking about as a topic is the fact that the indoctrination you get in the Bible, a lot of a lot of faiths go in and you know, pick and choose what they want to preach and overlook certain things. And unfortunately, you know, they get get kind of hung up on that one paragraph and Leviticus, Man shall not lie with man as he would does with womankind or it's an abomination. Well, yeah, you know, wearing cloth of two different fibers is an abomination. There's

57:40

well over 230 Different laws telling you what you can't do in Leviticus. So if

Chris Harrison 57:49

your parents are having surf and turf, guess what lobster

Roy McCarthy 57:54

and don't forget touching the height of a dead pig, you know, a football

Chris Harrison 58:05

you know, I mean, you know, sausage, pork is, is taboo.

 Roy McCarthy 58:12

But the about the two men being in one bed, in Leviticus, in the Gospel, oh, Lord, help me, God. Jesus is talking about, about the rapture and all that. And he says, Two men will be in one bed, one taken the other luck. And he's also talking about how two men will be out in the field. What I mean, in the same sermon, two men will be out in the field, one taking one left, two men will be in one bed, one taken in one. So he made a very distinct difference in that sermon between people working and other things. So yeah,

 Chris Harrison 58:51

also, I mean, look at the very simple that the Old Testament is, you know, that's the Jewish part of the Bible, that we still read part of there in the Christian faith, but the Christian part is, you know, after Jesus, you know, Christian Christ, you know, the name kind of fits in there. At no point in there. Is there talk of Jesus denouncing homosexuality? The only person who supposedly does is Paul, and you know, that's a hanger on is really

 59:20

kind of a second hand Christian. Yeah, you know, wasn't even part of the original 12

 Chris Harrison 59:25

He kind of filled in after Judas decided to go swinging from a tree. I think

 59:29

the most important thing to realize is that your personal relationship with God is just that your personal relationship with God, that's something for you to keep in between you and God, whichever God you may believe in.

 59:44

And I think it's important that I say something at this point reading this and specific church. I've been specifically invited by members of this church and I've been specifically invited by the pastor's wife and specifically invited by several ministers. So Victoria is very well aware that I'm openly gay, I don't think I do think they may have an ideology of conversion. But the church itself, I

 Chris Harrison 1:00:21

...

believe that

1:00:22

welcomes welcomes anyone in who wants to hear, quote, unquote, the word of God as they want to present it.

c Chris Harrison 1:00:31

You know, I'll also be a little cynical, you know, until the offertory plate comes around, everyone's welcome.

1:00:41

On on a serious note about religion in general, and this isn't any one religion. But throughout the ages, people have used religion as a way to oppress people. It wasn't that long ago that even in this country, the black people were still being enslaved by the Bible. So you need to be very careful when you quote scripture, or listen to other people talk about Scripture and read it and understand it for yourself. And

c Chris Harrison 1:01:05

plus what you know, one of the things we talked about was the fact depending on which Bible you pull out, is different terminology. Yeah,

1:01:12

well, I mean, one of the reasons that the King James Bible appears to be so anti gay in so many places is that King James the First was a queen, wildly public, bisexual, and many of the translators he had working on the first English translation intentionally translated it as a statement against King James the First.

B Bobby 1:01:34

The I am the only thing I'd like to say about the church that was mentioned Lakewood, is that I know I do know that there are people who do not who you know do not judge and who are open minded there because my fairy god daughter goes to that church with her fiance and, and her one year old. And she's my fairy goddaughter. So you know, she Yeah, and as far as that's about as open minded

R Roy McCarthy 1:02:06

as you can get as far as people dressing gay, I you know, if we had a camera in here, I don't

see anybody in here who dress who is dressed gay, myself, Chris. Roy,

 Chris Harrison 1:02:20

if we had a camera here, the FCC would have shut us down a long

 1:02:26

are you dressed in the dark, so we really can't count.

 1:02:30

And so many of the straight people out there are stealing our styles. It's hard to tell now.

 1:02:37

Metrosexual is just another word for copyright infringement.

 Roy McCarthy 1:02:43

Come on straight guys getting lipstick in their eyes done in their hair done. nails done. And,

 1:02:50

you know, I like to dress like one, you know,

 Chris Harrison 1:02:53

I'm not a homosexual. I just play one on the radio.

 Bobby 1:02:58

It strikes me that, you know, while while we were so talking about the whole religion and gay thing, that wasn't the whole point that Jesus was crucified, so that nobody else would have to be later. Oh,

 Roy McCarthy 1:03:16

that's right.

1:03:20

Don't they?

B

Bobby 1:03:20

I mean, it's just, you know, and we cruise and we have people who, you know, feel a need to be in other people's business about, yes, everybody who knows me knows I'm pagan. But in the end, my beliefs and what I, what I how I feel about it. My business. Same with every other religion. Yeah.

1:03:44

And going back to what we were talking about earlier, like you said, you know, the Bible, and religion in general has been used as a form of control generally, and oppression. And, you know, it doesn't matter even though Jesus did so much good stuff and the time and you know, he was crucified and supposedly, you know, saved everyone, of course, people are still going to use the things that were taught from religion to still control and oppress

B

Bobby 1:04:06

in the in the name of religion, some of the most horrible events in history have been committed against human beings. Everything from the inquisitions to the witch hunts, to you know, I mean, to Hitler, for

1:04:21

the Dutch invasion of South Africa, the Crusades, the Crusades.

B

Bobby 1:04:25

I mean, so while while people are putting that book on such a high pedestal, let's remember that. Whether or not you believe it was inspired by God, the hands that wrote it, were human beings. Yeah, yeah.

1:04:40

And another thing is, I think, you know, we're noticing a lot of trends like you know, a lot of the evils we're speaking of a generally conform, you know, formed from organized religion and notice, you know, recently in America there's like been this trend where more people are more spiritual individually. And I think there's a large difference between spiritual being spiritual and being religious

1:04:59

base. Spiritual is a very personal thing being religious as a community thing. Yeah, it goes back to the organization. And as you're participating in a religious organization, we do have to remember that the Bible is very open to misinterpretation,

c Chris Harrison 1:05:12

yeah, you're talking about something was written in Greek translated to Latin, then English? Well,

1:05:17

a lot of the original New Testament was written in Greek, which is probably one of the harder languages to translate into English.

c Chris Harrison 1:05:25

And plus, there's so many words that they use, I mean, you know, the word that we use for love, the Greeks had 14 or 15 different words. So you know, you see that one word, you translate it in, you just change it over to love and Oh, not,

R Roy McCarthy 1:05:38

not dimension words, change in meaning. And even during the same period of time, in different geographical area errors, areas, the same word will have a different meaning. Like, like right now. We have a can of soda here. Now, up in Massachusetts, if you ask for soda could start click will probably give you a bottle of Armand Hammer

1:06:08

for Cana pop,

B Bobby 1:06:09

ask Rihanna pop, and you'll get a soda.

R Roy McCarthy 1:06:12

pop down here to look at your kind of funny.

1:06:16

can of Coke, they'll ask you what flavor?

Chris Harrison 1:06:19

Yeah, it's got on

1:06:22

this topic. There's a guy. And he's one of the people, at least when I went through my fail failed attempt to become a deacon, that they talk about when it's one of the first classes you get when you study Christianity is about a man named Rudolf Bultmann. And his entire works are about this topic. And if you look it up, he doesn't just talk about religious texts, he talks about all kinds of texts and translating texts and translating speech from region to region. And it's a very, very interesting, man, if you're interested in what we're talking about right now. And it

Roy McCarthy 1:06:59

is a very important thing. I think, maybe, Paul, the apostle might be getting grossly misunderstood because of a grossly outdated? Well, it's not just that Paul, also

1:07:11

grossly divergent from the early Christians as well. He really kind of started his own movement within Christianity. And

Chris Harrison 1:07:19

Paul, Paul never met Jesus, you know, no, no.

Bobby 1:07:22

What's interesting to me is that, and this is something that I learned in college, I had a lot there was a whole Greek contingent in my, in the college, I went to agree. Pretty. One of the things I learned is that although it you know, when you talk about Greek thing, somebody always brings up homosexuality, you know, the whole going Greek and all of that nonsense. Well, yeah,

Chris Harrison 1:07:55

but they don't understand the real reason what going Greek style is for right?

 **Bobby** 1:08:00

This is, and this is the thing, according to my friends, in the time periods are we talking about the when the Bible was written, there was no word in the Greek language for what we today call homosexual. No word for gay in the context that we use it.

 **Chris Harrison** 1:08:25

You know, so it was standard practice that, you know, older men teach the younger cheese, young man, the ways of the world. In fact, when a man gets married in the ancient Greek culture, his wife was supposed to dress in a men's tunic wearing sandals to bed. So basically, he'd still get used to fooling around with a guy you know, when we talk about Greek style sex, you know, that comes down from the fact that the man would go in the rear door view so he wouldn't break the hymen so that when his girlfriend did get married, you know, the hymen would break there was proof that she was still a virgin and all the mean time he was parking in parking, the pink Cadillac and the rear. Okay, let's, let's slightly diverge off religion. How many people caught the show last week, this new show called Amish in the city?

 1:09:17

I did. I

 **Bobby** 1:09:18

didn't ever stay home. I didn't I watched about

 **Chris Harrison** 1:09:21

a half hour of it and I felt a brain aneurysm coming. I believe

 **Bobby** 1:09:28

mission city Amish

 **Chris Harrison** 1:09:29

in the city is basically you take the real world and you put the writers on crack. There's 11 People moved into this house and six of them are city folk. And now here's what you do you pick you it was like you went to Central Casting for reality shows. They've got a vegan girl. A party girl, African American Girl. A sensitive jock male All the time maybe the out of control party boy from Boston, and the flaming homosexual, of course, I mean, I had my television I called 911. Because this he kind of he was saying he's metrosexual and it's like, no, no, no, you're aware. And so these six guys, six people show up at the house, cool digs and all that.

Then all of a sudden, five Amish people come knocking at the door. And there are three other roommates. So you've got these people who have been sequestered mainly in life. In California, they've they set them up in a house in Los Angeles, they moved also,

1:10:47  
they made

1:10:48  
the five, move the Amish to LA,

c Chris Harrison 1:10:52  
the five Amish people are in what's called a Rumspringa. Right? Yeah. Which is, you know, a chance for them to experience life outside their religion and get used because

1:10:59  
because in order to be Amish, they have to choose the Amish lifestyle. And they can't do that unless they are over 18. Yeah.

c Chris Harrison 1:11:06  
And so they they send these five Amish kids, not kids are 18 to 24. So they're gonna be Amish for life, while they decide after they go back. And, you know, this is such a weird culture clash, you got these kids, these people who've been sequestered in a very strict faith. And you know, they're throwing me with an African American female, and a flaming gay guy, who is

1:11:32  
who's already starting to make a difference between those two.

c Chris Harrison 1:11:36  
starts making a comment a gay guy, who do you think you'll nail the gay guy? You know, the one of the Amish guys. I mean, they, when they're rock is broken for doing the laundry, they use his abs, because it shows a little video at the beginning of the show, to show how they cut firewood, and he did it without his shirt, and it's like,

R Roy McCarthy 1:12:00

he was a hottie. Yeah. People don't, in case people don't know, the Amish, they do not have any of the monitoring, no electricity, no telephone, no television, no washing machine dishwasher, none of that stuff.

c

Chris Harrison 1:12:17

And they don't show him without a shirt on the website. But the fact that having, you know, they're bringing these people in and you know, the weird culture they're gonna run into is Reese who is the he's the party. Let's see. He's a club promoter from Hattiesburg, Mississippi, basically, they took the character, they took it from Queer as Folk and found a real life one. And, you know, he's already was talking to the party girl going, you know, the sensitive jock I'm gonna get him you know, and you know, he's a cutie too. But this is a weird thing of what they're doing with religion that they're bringing these poor kids into a culture that's totally what strange them they started off, put them in a limousine take them to the top of a building so they see Los Angeles then take them out for sushi

R

Roy McCarthy 1:13:13

that's not enough to make them go roaming. Running back to the Amish community. I don't know what is there

♂

1:13:17

is no sushi sushi.

♂

1:13:19

That's right. So she's good. No bad.

B

Bobby 1:13:22

Two weeks in Japan. She rocks. Sorry. Sushi is not food. It's it's bait and it's snack food. It is not food.

♂

1:13:37

For health reasons. There's no reason I don't

R

Roy McCarthy 1:13:41

have something to say about.

C

Chris Harrison 1:13:43

I don't eat fish just an appetizer.

B

Bobby 1:13:45

I want my fish cooked, preferably breaded. Thanks
