Little bitty kids have something to say about.

C Chris Harrison 00:03

I don't eat fish just

∅ 00:04

an appetizer.

B Bobby 00:05

I want my fish cooked, preferably breaded Thank you very much. Don't hate

C Chris Harrison 00:16

but then again, you know there was worse on television, they're blue collar TV.

B Bobby 00:23

That's got to be the mother of all shell shocked. culture clash actually

∅ 00:29

caught that show in the time frank the guy out a whole lot more than the sushi did

caught that show in the limo break the guy out a while for more than the sushi guy.

♂

00:37

This guy liked this. I felt like I was actually fairly well to the outside world. There's a really good documentary on Amish kids and Rumspringa called the devil's playground. Really incredible shows a lot of different like experiences for the Amish kids as they go out into the real world. One of them is even busted for dealing meth I mean it's amazing the trouble these kids get into and some of them actually make a fairly normal life for themselves. So I mean it's and they all have varying opinions on as to whether or not they want to come down to the church or stay apart so I remember seeing the

c

Chris Harrison 01:19

pictures there are some people in the room Springer where they're, you know, they've got car batteries in their horse and buggy so they can power their stereo system

♂

01:28

well, you know, kids who the kids who are in Rumspringa can actually own cars

c

Chris Harrison 01:34

man, but can you imagine drugs

b

Bobby 01:36

from Matthias the meth dealer what

c

Chris Harrison 01:42

could you can you imagine just going through the countryside and seeing this low rider at the purple knee yes pumping out

♂

01:56

the hydraulic shocks

♂

01:57

yeah

 **Bobby** 02:02

you know when it with Amish people when they say you know six when they say horsepower they mean real horses

 **Chris Harrison** 02:12

This is also going to go back home because I'm I am from just outside Amish country in Pennsylvania. I'm sorry I used to go out to the family wasn't Amish yeah

02:20

to see some of the Amish

 **Bobby** 02:25

next week I've never been to Amish country have we had the closest we had on Long Island was old Bethpage village one of those villages where everybody still lives in the you know like 1750s or something

02:37

an Amish community named after Betty page

 **Chris Harrison** 02:48

okay, let's go to some other news stories here we have other news stories Yeah, we got another religion people would have leather and metal so if its way here we've got

 **Bobby** 03:05

we have news on the thing this week. Yeah,

 **Chris Harrison** 03:07

we got of course we're going to the greatest bastion of everything news and stories we can do. The daily rotten actually pulled off from the Houston voice Iran a bad place for gays not so bad for transsexuals. Two men were engaged in sodomy the punishment is death for women convicted of being a lesbian. It's 100 lashes.

03:32

Oh, that's hot.

Chris Harrison 03:36

A convicted homosexual could be stoned to death drawn and quartered, beheaded, thrown off a cliff burned alive or cut into two pieces with the remains burned.

Roy McCarthy 03:47

That stoned to death. I mean, here, here in this country. A lot of the gay guys that I know are stone

03:55

stone for incredibly extended periods of time. strange

Chris Harrison 03:57

sounds though the Islamic Republic allows people who have been diagnosed as being transgender to have sex change operation and the subject is openly discussed. That's it so transsexualism and transgenderism is the opposite that over here and where is all this Iran

04:19

as countries

Chris Harrison 04:20

number two on the W hit parade,

Roy McCarthy 04:24

I want to I want to I like the thing about Kat Everett or not, what's that porn star Chad something to you

Bobby 04:33

that the there was a story in here about a guy a

04:40

porn star who's a valet for for conservative conservatives

Bobby 04:45

at one of those, you know, get back to your primal nature camps and, you know, sort of and you're sitting there going okay Republicans do it. Well, you know, That makes sense that a lot of Republicans go to the after all they so many of them are throwbacks.

05:04

They need so much preparation ah because they're still conservative when it comes to the lube as well.

05:12

Chad savage

05:15

looks pretty cute. Yes, he could use a few savages like that around the house

Bobby 05:26

is there anything else

Roy McCarthy 05:30

we had Ben Ben Affleck's quote with a matt damon are not

05:35

to blow jobs.

05:38

Giving head was interesting Ben Affleck was doing an interview with Playboy and he just threw in the joke that Matt Damon gives the best head he's ever had. So Matt Damon just responded by saying that's true I give great head

05:54

myself I would never leave the house right

05:55

then who would?

Bobby 06:01

I swear those two are milking all of the rumors they may heavy emphasis

06:07

on the milking

Bobby 06:10

whether or not they're milking each other they've been milking those rooms they have now gotten so into milking those rumors about them it's it's it's priceless. I mean, there was just getting

06:21

over the rumors and milk there and they're so comfortable

Roy McCarthy 06:23

with who they are and what they are. It just doesn't bother me another

Bobby 06:27

quote a few months ago about about the fact that it was Ben Affleck again saying that he was a bottom and and and you know what's his Matt Damon Matt Damon has had you know he's not too big so it doesn't hurt that bad

Roy McCarthy 06:47

I can't picture Matt Damon being a top Yeah,

06:49

now you don't have a good enough imagination. Then

06:54

Africa bottom that totally kills my fantasies

Bobby 07:00

very Spoken like a true bottom Well, yeah,

07:03

thank you.

c Chris Harrison 07:05

Let's take a little musical interlude now and regroup again

R Roy McCarthy 07:11

this is a what I call

c Chris Harrison 07:18

you're listening to after hours quit radio with attitude. I don't know why you're listening. I unplugged my headphones minutes ago let's get a little bit of music I don't know what's in here Jimmy pushed all the buttons so we're going to have

J Jimmy Carper 07:36

c Chris Harrison 07:40

come on forming Oh Broadway plays that no one went to he's a DJ now

07:48

we'll push the button badge

c

Chris Harrison 08:06

Okay, we're back that was a was that a Boy George? mini marathon. Gi Josephine she was never he

o

08:22

same thing in reverse same

c

Chris Harrison 08:23

thing in reverse and unfinished business had to think for a second there couldn't see read the the note there you're listening to after hours quit radio with attitude for unfortunately you know Ron dotcom let me down. They only had the one story. So what all do we have? We can sweat hard. Knowing my group I have in there. I know. We can't go into a political discussion.

o

08:55

Oh, sure. Why not?

c

Chris Harrison 08:58

Anybody wants to the

b

Bobby 09:00

for all those vegans out there? This is you know low. Hold on.

c

Chris Harrison 09:03

Yes. Right here. YES. Jimmy gave me some things on here to talk about we have a point can't promote an after hours club. That's competition. You know, people sober up before they start listening to us. Well, first.

b

Bobby 09:21

You You apparently have not been out there when the phones ring and you get you know, you know, you know, sad, sad south, you know?

o

09:21

Chris Harrison 09:34

There's a newest after hours club resurrection. It's on West grey between Montrose and TAF. Across from Cecil's, yeah,

09:43

with a hyphen. Resurrection today.

Chris Harrison 09:52

On Thursday nights you can hear DJ Jimmy Skinner from South Beach on Friday and Saturday nights. It will be in the main room. DJ Leroy Peters from clubs some high Purnia and vision. And in the back room is house man. And on Sunday nights at midnight a queen's revenge for all the faggot in us. DJ Neil Malone DJ Houseman, DJ Tucker Dawson.

10:23

What? Salad awesome

Bobby 10:29

how do you find all the salad sorry, keep

Chris Harrison 10:33

the same first name, DJ. And don't forget coming up. In September, the Houston gay lesbian Film Festival will be held from September 9 to the 19th. They're still putting together some of the some of the movies you'll be getting to see digital delay from Sundance Channel has become one of the sponsors of the Houston Film Festival. And there's going to be more information going on at Houston at WWW dot h GLFF dot O R G get ready for their opening party on September 9, which is gonna be Thursday. And you know, the film has always interesting, you know, we played earlier Hedwig and the Angry Inch and I got to see their film. They're kind of a gray. Unfortunately, Jim has taken all the CDs away from me so I can't play anything else. I've

Bobby 11:33

just got a god awful pagan job thing running through my head. Well

11:39

go ahead. Well, it's

 B Bobby 11:41

not so much it's not so much a joke as a thought that you know, this this month is llamas, which is basically a harvest festival first harvest of the year. And I was just thinking with all the with all the gay pagans I know. First thing that comes to mind is breadsticks. And you know what there were a lot of people will be praying with their sticks of bread. And a

 12:11

funny way to think about

 J Jimmy Carper 12:16

well, you you brought in some new guys can ya did you get these guys from and do you know? What's the background? What's

 C Chris Harrison 12:24

your secret? Because

 B Bobby 12:29

there's one reason they call me papa Merlin because so many of my friends are half my age trying to move from Hollywood and I get them all from Hollywood Go

 12:43

figure. The well well do you want me to give us biography? Or you

 B Bobby 12:48

know, they're just people that I've met at at Hollywood and gotten to know and make friends with and, and you know, lust after in one or two? It looks like there's there's no and of course since there

 C Chris Harrison 13:03

isn't any more of a younger crowd there we're going to start out at the Catholic Cardinals at the front door.

13:09

We already made our choice i

13:13

i Always my caller at the front door.

c Chris Harrison 13:17

However, the one around your neck Oh

B Bobby 13:24

star zone name few. A few of these are what we would refer to as furries and and, and various other. It's a fandom thing. It's a yeah, they're into animal things. And

c Chris Harrison 13:43

not not animals specifically. Like wearing the mascot, like

B Bobby 13:49

dressing in the stuff and people who like drawing the pictures of you're

13:53

opening a whole can of worms.

c Chris Harrison 13:57

There's a whole basically the chicken they're looking forward to the San Diego chicken

B Bobby 14:05

and they're all just fabulous people I know and, and despite their age, the the at least these three here who I know being some of the younger ones in the group are also much more intelligent and much more well versed on a great many topics in their age might suggest having had some fabulous conversations on the patio with all of them. Despite

14.00

14:50

my H ISD Education, you know, I can still muster one or two coherent thoughts.

14:45

Three words above the mono.

B

Bobby 14:50

Well, here's the thing. I mean people have certain assumptions. If you're under a certain age, people have certain assumptions if you look a certain way that That's the way people are. And unfortunately, so I mean generalizations that people make, which were really suck. I mean, karyotype stereotyping, that kind of thing. So general libations are looking at this, look at this guy right here. And for people who can't see him on the air, I mean, he had

15:20

a great sight gag.

B

Bobby 15:23

I, he's, you know, he's a long haired, you know, sort of

15:29

80s Rocker, rocker, you

15:32

know, he looks like a child of metal and grunge

B

Bobby 15:37

child, the metal truck, I keep wanting to ask where the squat where it is, but he's like, you know, but I've heard him in conversations I have heard him come up with ideas and concepts and, and discussions of things like that come from TV stuff, and politics and stuff. That was stuff before he was born. And you know, that he has some concept of, I mean, you know, same thing here. I mean, this one with the collar on his running his own is running a business now. You know, so they're not, you know, they're a fabulous bunch of kids, but they're, you know, some part of them is not kids. You know, they're they've already done a lot of growing up for their years. So, Roy Deli. Yeah, food. Go figure that kid from the Jewish family running

 Chris Harrison 16:38

Jelly Where's deli boy, we need to CD in here. To teach him to dance to day I

 Bobby 16:44

thought he was gonna say something about hiding the salami

 Chris Harrison 16:51

Dick had closed down so that I can't get my 12 inch Italian that I usually get

 Bobby 16:59

about it. So yeah, I, I just invite people to I've always told them that, you know, Jimmy loves to have new and interesting people to you know, drool over.

 Chris Harrison 17:13

Me, does it take new and interesting to get the drool, go.

 17:17

That's a factor of age, I think. And

 Bobby 17:19

so I invite them to come on. And sometimes they get to say one very intelligent things on the air. And then there's the rest of us.

 Chris Harrison 17:29

If you ever run into my friend again down there and fight him along, I'd love to meet up. Meet him again.

 Bobby 17:34

I haven't seen him in a couple of weeks. But if I see him again, I will let him know

 Chris Harrison 17:39

Steven, if you're listening, you know, contact me somehow. Now, there's former coworker Steven

 **Bobby** 17:49

there's an Eric back there some isn't Eric back here.

 **Chris Harrison** 17:55

Okay, let's see, we've got another three minutes, we need that say, Hello.

 18:02

I'm really, you can do in three minutes. We take longer than three minutes to list.

 **Bobby** 18:09

I think we once again have proven that queer be it, you know, GLBT, whatever you want to use comes in so many different packages. I mean, well, I mean, nobody in this room really fits the

 18:23

talking about packages.

 **Bobby** 18:27

There's never enough talk about those packages, zoned out all of my kinds of places.

 18:38

Different kinds of lifestyles. We have, like, you know, the building.

 18:43

Brand and Yeah.

 **Chris Harrison** 18:44

Yeah. Hey, let's, let's do this. We've we're getting really close to the end here. So whoever wants to do a final quick shout out, do a quick shout out we'll do something hatchling, like

everybody

B Bobby 18:58

would be much love. Happy Lamos and all that, etc, etc. Yeah,

19:04

I actually have a couple of friends from some chat room. It's called. It's just on IRC. It's at SF net. And they're all listening right now. And I told him that I'd do a little shout out if I ever got the opportunity. And one of them's named urban Fox. He's a very good gay friend of mine who lives up in the East Coast and just wanted to say hi to him. I wanted to say to Brad, hi to Brad my Australian friend who's also listening and yeah, and also this one pompous, arrogant, straight and British craic name tight. Listening and I told him I would say hi to him. So yeah, hi, tyke and I hope you were having fun. You know, he says he loves gay people. So you know, I give him that at least. But yeah, I guess that's Oh, my best friend Lita. She's not listening right now. She's probably sleeping or something. And so that's about it for me.

19:51

Hate all the Texas first. Hey, I gotta say I live out in the woodlands. Blue woodlands Yeah probably out there somewhere.

B Bobby 20:06

The town I grew up in was the asset of the world.

20:10

Yes and Long Island.

C Chris Harrison 20:14

Okay, all right. Thank you.

20:18

C Chris Harrison 20:21

20:23

you're the one who wants students

c Chris Harrison 20:27

by the music's going on so that means we're coming close to the end and now it's times like this. Make me wish I had religion because I need to be saved from this group.

B Bobby 20:43

Hey, it was a fabulous show. Yes, it was

20:45

they're going by the skin of our teeth. Now it's pizza and pie time. Pie pie. Looks like chicken still to me. Show

20:59

is over.

c Chris Harrison 21:00

Come back to the comeback when we do with the country like show. When she ain't getting any. You've been listening to after hours queer radio with attitude. If you can't figure it out. There's attitude and you've sure weren't listening. In the background, we've got some classical music for our show. This is a hood. Deuce

21:23

J Jimmy Carper 21:28
