Like you've been missing, and I saw pokey Henderson at the Romanovsky and Phillips concert last night, and she's got some great music so you need to get into Inklings and Lobo and get those Christmas presents girl. It's right around the corner and of course, Wildenstein will be here Monday nights at nine on KPFT. Every Saturday night at midnight on after hours we play music

∅ 00:43

glans is the guy

x 00:58

after hours every Saturday night at midnight, right here on KPFT Houston 90.1 FM

∅ 01:29

This is Vicki new president of the Texas gay Rodeo Association Houston chapter here to tell you the Texas rodeo is coming. So stay tuned after hours and KPFT.

x 01:40

And just think girl and a couple of more weeks we won't hear you talking to yourself, Mary nobody can hear you a couple more weeks. We won't have to hear that. It's just and you know, you know, I like Becky and all that but I'm I'm really bored with that. I'm over that. We've been hearing that for months. That rodeo and we will see it this Friday and Saturday and Sunday at

the Sam Houston Coliseum this after hours on 90.1 FM KPFT Houston and I watched it all on the radio I watched it all watched it all. 90.1 FM KPFT Houston lineup cart ride and I watched it all on the radio. And we're gonna be watching it on Live at the Sam Houston Coliseum.

02:42

Exactly this coming weekend to wait. I cannot wait. We're waiting.

x 02:48

Vicki. I heard that the rodeo was coming to Houston. God, when did we hear it? Jimmy? Do you remember when we really heard the first time? Six months? I'll bet months ago. Yeah. And we talked about it then and said this is really great. And we just have to get everybody out this actually

03:06

since last year. It's been

03:09

talking about the one in Fort Worth and telling us the next one was gonna be

03:15

on Easter.

x 03:16

Exactly. You were here for I was here for T gra

03:20

last year last year. Yeah, yeah. This is my second year being president. Oh, girl, that's remember. She's a masochist.

03:35

Oh watch, but a lot of hard work. But it's been fun. I don't have any regrets. No regrets.

x

03:40

It's been worth every minute of it. Right. No regrets here. No comments. David, we're, we're all out and about in the community. And there are a lot of folks that listen to us who have parents who are afraid that if they go to the gay pride parade, they're going to be seen on TV or if they go down to the Inklings or Lobo and pick a book a book. Somebody's going to see them go in. Can you reassure us that the rodeo is just going to be fun and there's not going to be any screaming and yelling and no protesting and nobody pointing fingers at you? That it's just going to be an honest to goodness community event and everybody can come out and have a good time.

o

04:21

Oh, yeah, it's always been that way in the past. We have good measures to prevent publicity have pictures that are supposed to be publicized. Aliases can be used if if you want to use them. We found in the past that it's just been a very good successful professional association.

x

04:47

So anything to the to the ladies that are listening that may be in the same boat. I mean, David can tell us for the guys that anything would you say to the women that are listening, they also just come out there and see and have a good All right, have a good time. Yeah, it's

o

05:01

if there's any finger point it's just usually at somebody's mocks or are looking at those finger pointing

x

05:10

sounds like the kind of finger pointing I can get into put her in the slumping booth No, we're we're just excited. I can't wait I really can't.

o

05:23

We are doing we really do appreciate KPFT Oh, we love it. We know without you,

x

05:28

we got it all the way we We are glad to be there for you and we just glad that this is happening in Houston. And I just hope and pray that the community comes out 100% and support you not just the gay and lesbian community. Now it takes a lot a lot of straight people that listen to us and we invite you as well to come out and be a part of this because it's going to be something really wonderful.

05:52

We do raise money for straight quote unquote organizations to charities so we don't raise money just for charities within our community.

x 06:02

Well Have we left anything out that you can think?

06:06

Not that I can think of like we've covered almost everybody be there girl

x 06:09

I guess we need to have some genes between now in front I know we're gonna stand out. And I've always wanted a hat but David, I just I don't I have never I grew up in Arkansas. My grandfather used to take us to the to the auctions on Saturday. And we'd sit up and watch him auction cattle because he's a big farmer and I mean we bailed the hay and dug up the corn and I mean all that I mean early we never had a hat though. Merry

06:41

Go Round to get one. Well, David you've got on.

06:44

There's too many places to buy hats and especially with the colors that are available now you can bind smart little headband to match the shorts that you're wearing.

J Jimmy Carper 06:53

David, you've got on the black hat does that mean you're a bad guy? No. That doesn't work anymore.

07:03

Well, no because Jim Walker was a white wedding we know he's not a good

07:08

nowhere near

x 07:13

listen, I just want to what

07:15

I was gonna say Debbie Powell also has a white hat. And we know what she's all about.

07:24

Let's talk about actually got her that's what she's probably not awake either. She sees matter if I were talking about on the seventh day Powell. She's running for State president in my organization next year, and she's running unopposed girl. So she will be our State President next year. She's from here in Houston.

x 07:41

It's really crazy, because I don't get to hear this show until Sunday. Because I go home and I'm off on Sunday and Monday from the police department. You bitches give me that like three days. But I go home on Sunday and we die of course about 430 And then I get up on Sunday morning and put my little Walkman on and parade around Montrose squad. Hey, here I am. for about four hours. Listen to the show. I just noticed this hat. Did you see this? It's pink girl.

08:13

I'm doing plugs. Where do you get a hat? Richard Montgomery is our state president this year and last year. Yeah. Thank you. Miss Montgomery. This is her idea. Pink is flop pink cap. On sale at the Coliseum.

x 08:25

All right down there. We'll be there. Taping and talking and interviewing. And we'll be bringing in of course to you all next week for four hours. That's all we're going to talk about is the rodeo. And hopefully we'll have a lot a lot of tape to play for you. If you didn't go on Saturday. We couldn't get enough juice and you didn't want to go on Sunday because it's going to be a lot of fun right?

08:47

Exactly anything we forgot. Like I said rodeo it'd be the same either day. So if you can't come Saturday you want to come Sunday or vice versa. You won't miss anything because the same

Saturday you want to come Sunday or vice versa. You won't miss anything because the same events exact same thing both days

x 08:56

tickets are 1215 Advance is that right? Right. The door box seats girl. Oh,

09:05

we want to mention there's no microphone there's plenty of seats at the Coliseum there's 8800 seats same

x 09:12

tickets available through ticket Tron you can find them at 1-800-275-1000 and of course they take all that plastic or from any tgr a member or at the back pocket right back pocket. Burb at TNT T shirts and jeans. Inklings I don't know if anything's has only three places. Usually, usually the only time we do anything gay, we get some Inklings and Lobo all of a sudden, we say well, you gotta get your tickets and they go Yeah, we know. But not this time, boys and girls.

09:47

Just don't forget that the also the royalty contest is Thursday, November 8 at the ranch 9200 Buffalo Speedway and that's very, very important, because a lot of these contestants aren't in town yet. So Houston has to pull that off in Betsy Ward and the owner there is is \$5 to get into the work I was gonna ask her to get in there \$5 goes back to T Gra. Also Betsy has given us rebate on cocktails and she's coping all the judges drinks and she's supporting to a big time to Vicki,

x 10:13

can you tell us once again what happens? Or David either when are you when when we get when we get finished with all this and all the sweating is done, and all the horses are put away and we start counting all this money that we're gonna raise? How does it go? And who decides where it goes? Where,

10:29

okay. It's when the state board has set it up to where each city there's eight cities that are Chapters and Texas, each city that do these fundraisers all year long. So the way it's set up the amount of money that is raised in each city. That is the amount of money that comes back to that city and is up to the members of that city to disperse that money to whatever charities that they want to Oh, really? Yeah.

x

x 10:51

So then you have some kind of executive committee or something that will decide where the money goes. Exactly. Great. Okay, what now girl, I guess go to Don's Western word. Go polish. Will they let me in? Oh, honey. If you don't say anything, isn't there a Western place here?

o

11:12

We're talking about ERP back pocket. Okay, because I do models but

o

11:17

I can get your jeans and T and I mean James gets T shirts and TNT jeans and appearances. Okay,

x

x 11:23

girl. Did you write all that down? Yes, I did. Montrose is my mall baby. And we go shopping Monday, then

o

11:29

go home and polish your boots. Oh, I don't have it. If you don't want to go and polish them. You can polish them at VRB. That's right.

x

x 11:36

Great. I cannot wait. And I guess we should let you go. So you can go get everything ready.

o

11:43

Thanks. You just went back. I'm taking off all this week from work. So I've got a lot of work to do this week to get

x

x 11:51

that oh, yeah, I've only taken off Friday and Saturday. So I'm looking forward to

o

11:56

that's good enough. Oh, here there.

x 11:57

This hateful bitch doesn't work at all. If we can get her out of bed. Let's see what time does it start? At 11. She'll miss that. The box office opens. Parade isn't She'll miss that I get up at noon. If you have coffee, she may be there. He knows we will be there because I will make sure that this hateful radio person has

J Jimmy Carper 12:26

helped me she knows she's got to call me an hour before

o 12:29

two days out of the year.

o 12:34

Looking forward to soothe your nerves. Yes, you can buy coffee throughout the rodeo.

J Jimmy Carper 12:39

Thank you. Anything else? Have we forgotten anything else be not some popcorn and soda pop and all that kind of good stuff that

o 12:45

afford us. We're working for the community.

x 12:48

And that's what it's all about the Texas gay rodeo. It's a wonderful organization and they're gonna bring us a flawless rodeo, the seventh annual Texas gay rodeo this weekend at the Sam Houston Coliseum. Be there or we're gonna get a horse and personally come out and find you. Drag your butt in the Texas gay rodeo sponsored by the fine folks at Miller Lite and Hyatt Regency and American Airlines. And I hope we get everybody in there if we don't know we will next weekend. Thanks maybe so thank you. I love you and I will see

o 13:20

you at the rodeo. Thanks. We love you too.

So talk to your friends and your family and the people you work with the people you shop with. Wait a minute. We did get a call for some romanovski and Phillips and we have a from a listener who went to the concert last night. That's right. They wanted to hear from Ron and Paul. But guess what, girl? Here's a brand new album and some brand new music from Romanovsky and Phillips. We have got a brand new Ron Paul song Yeah, when they did last first so fine long time. This is on a new album and titled feeding the flame songs by men to end AIDS. And it's on flying fish records and it says artists royalties from this album are being donated to organizations working to provide services to people with AIDS and committed to finding a cure for the epidemic. So all the money raised for this goes to this right. Say hello Terrance. New listener. Yeah. Hi, Taryn. Hi, baby. They hand me these notes in the middle of everything and say hello, say hello to Taryn. Of course we're gonna say hello. turn bad. You bet. Anyway, Terrance, this is real scary. It's called gay radio. We're here and we're queer. Oh, I'm sorry. Yeah, she took my line. You bitch. We're here and work where we certainly are. And Terrance. I work for the Houston Police Department. It's no big deal girl. I've been down there since 1984 And I don't work at all it's no big deal give or take a year I got mad when you're in quit. I remember that for the gay community and they really didn't want my home. That's another show on another day. Yeah, like the last one. The last Ask them what do you mean when you do your last show? Oh yeah, we'll just rag everybody from Ray Hill on down the list. And girl we will be slinging the dirt. Anyway, writer note, we've got this new album and it's gonna be available at Inklings next week. poketo me? Because I didn't Oh, really? Yeah, I didn't grab it at the concert I was on. I was in a hurry to see who's to Mike Show. But it's got quite a few songs here. 16 Yeah, songs from a lot of gay artists. straight ones. Yes, that's true. Pete Seeger did some stuff. Jeff Morgan. It's called songs by men to end AIDS. The album is titled flaming are feeding the flame. And this is brand new from Romanovsky and Phillips, and it is called What girl? One of the enemy and it's found out all about school teachers. Yeah. So this is from the new album feeding the flame. I think I think I said that about 1000 times. But I want you to go out and get this record because all of the money goes to help fight something called AIDS. And when Madonna does a lot of

rebel, she says a lot about fighting aids and I feel guilty for not playing a lot of Madonna, but we're gonna change that. We are because she has raised 1000s. Anyway, here's Ron Paul with some new music on after hours 90.1 FM

26:29

every day I go to work.

x 26:37

Yes, God, that's pretty, isn't it? Roman Oskin Phillips in one of the enemy. This is just flawless. It's such a beautiful song. And it's well, it's amazing because working at the switchboard, there's a lot of school teachers who volunteer their time with the switchboard. And I hear this type of talk coming from them. It has to change, it will change. It's just not changing fast enough. I mean, Jesse Helms, that crazy old man is going to get defeated on Tuesday. Yes, we hope we hope we know when we defeat Jesse Helms. We're not just defeating that crazy old fart from North Carolina, we're defeating that archaic attitude yes, that I have to have my way and, and you're going to do like I say, or you're not American. And that's garbage. That's McCarthyism. What scares me most about the good Christians that Minister Mike was talking about earlier in the beginning of our show, and please watch cable access for the minister Mike Show over the next couple of weeks. What scares me the most about these good so called Christian people, is that somehow they have this twisted idea that this nation was built was one nation under God and, and built on the Bible. And what you have to understand is that as long as it's their Bible, and as long as it's the Judeo Christian god, you're okay. But if you happen to be a Buddhist or a Jew, or any other religion, you're screwed, and you're going to hell just as fast as the queers and everybody else are going. So this country was built on the Constitution, the one that begins with the words we the people, and our forefathers ran as fast as their little legs could carry them away from England and all the process persecution, religious and religious persecution that was going on there. They were very, very careful when they wrote the documents that have governed this country for the last 200 years to assure that there was separation of church and state. They were very, very careful to make sure that those religious hateful bigots and those good law abiding Christian filled people like Jesse Helms, and Anita Bryant, and all the other maniacs that have tried to take our freedom away from us, were put in their place. Yeah, they get in power, and they get, they get worked out. And they get their way for a while, but they don't always win. And the reason they don't win is because what is inside of us is real. What is inside of us is right? What is inside of us is true and honest. And honey, when we knock these Christians, we're not knocking the Lord, or we're not knocking the Buddha or we're not knocking the force from Star Wars. What we're knocking is the wall of ignorance, and the wall of injustice, and the wall of bigotry and the wall of homophobia and the wall of sexism that has to come down if we're going to survive as a society, not as an American people, not as a European people, but as a people. We have got to learn how to live together and work together and love together. And it has to happen. And what's happening now across this country, is that gay and lesbian people are We're looking at themselves and going there, right? There's something inside of me so strong, that they can't hold back. And I can understand what it is what it is child. It's life. It was meant to be lived. And it goes by so very, very quickly. And what you feel inside of you is love. Whether you give that love to the Lord, whether you give that love to Buddha, whether you give that love to the force from Star Wars, but if you deny it and hide it, it will only choke you, and you will be miserable. And your life will

be full of garbage. And we don't want that. So recognize that there's something inside of you. And it's wonderful. It's called life. Please enjoy it. And don't wait until it's too late to try to take that first step to be a part of it. Come come to the rodeo this weekend. It's going to be fabulous. Jimmy and I are going to be down there and pink cowboy hats if we can find them. And carrying on like quite women, girl and having a good time. It's going to be wonderful. We'll see you next week. We're going to be talking about the Texas gay rodeo all week next week on the show. So stay with us. And if you need any information about what's going on in the community, you can always call the gay and lesbian switchboard. Five to 930 to 11. So next Sunday at midnight Saturday night at midnight. Have a great week. Bye babies I love I love you.

31:39

Bye bye. The higher you build your barrier the tall lobby
