### G Gary Norman 00:01

And that bill has been put forward by Scott Hochberg and Scotland's Democrat from here in Houston, who serves on the state legislature. There's also going to be an end to bail and a few other type of bills like that. So let's go on since we're talking about gays in in the bedroom. We hear something about rainhill in the sex, please what's going on there?

### R Roy McCarthy 00:26

Well, yes, this is true. Hewson system provocateur he Ray Hill, he's added again. And this time he has a one tail on police harassment. And this is the story of the native Houstonian, current activist talk show host and general rabble rouser. And his story takes another twist with the six week run of his new show. Raise most recent piece to long running one man show the prison years lambasted the courts and the police. Now Wednesdays, you can see Ray Hill on the sex police. Wednesdays at 8pm. One man's once a meal at 647. West grey. Tickets are \$10. And if you'd like more information call 713-524-0715.

### G Gary Norman 01:20

Sounds like a good thing to go to. I don't

### R Roy McCarthy 01:24

send in radios doing that in addition to his prison show, which he does on Friday evening from nine to 10

### G Gary Norman 01:31

from nine to 11, nine to 11 from nine to 10. They have discussion at 10 o'clock. They just open

the lines and they let the family members of people who are incarcerated within the Texas Ranger wire system, talk to their families and pass their love on to them. This the 27th That's this Wednesday. There's going to be a topic for the Women's Network which occurs at the Montrose Counseling Center there's going to be a segment on lesbian literature. R

Roy McCarthy 03:03

Okay, now, for all of you who have pets make get out to Rock Paper and pencil and mark February 23 Because that is the official celebration of spade a USA then locally the fun for animals will again be coordinating the annual neuter scooter for a nickel.

G

Gary Norman 03:27

Just thinking back one mecole

R

Roy McCarthy 03:30

neuter scooter for a nickel rounds of local veterinary clinics, animal shelters and animal hospitals to neuter as many male cats in one day as possible. Each clinic registers as a participant takes appointments and clients are charged five cents for each cat.

G

Gary Norman 03:49

That's five cents that's essentially free. And last

R

Roy McCarthy 03:53

year, over 1800 Cats are neutered in a single day. Excuse me. The reason the project is limited to male cats is that male noodles are quicker surgeries and more can be done in a shorter amount of time. Not only that, but we're one female cat can produce a maximum of 20 to 25 Cat kittens per year. male cats can produce an unlimited amount. So mark your calendar get Dr. Nichols and keep your eyes peeled for further information on the neuter scooter for nipples or your ears. However, if you're like me and you have a female cat, don't feel so hurt because if you call them you know, at their they haven't a 188 number. At 1882527387 they can tell you how you can get low cost in Spain for your female cat, or owners such as me,

G

Gary Norman 05:04

now, this is something that Roy needs to take care of also. And so probably by next week, if you call here at KPFT, five to six KPFT 713713 Next week, where I will probably be able to tell you some of the places you can go for cheap neutering of female accounts,

R

Roy McCarthy 05:25

because I have a few. Cat today go. I

G

Gary Norman 05:28

know, I know it's Christmas present.

R

Roy McCarthy 05:32

She'll get to see my kittens last week.

G

Gary Norman 05:33

Yeah. So I'd like to talk a little bit about the transgender community. The next meeting of the Texas Association for transsexual support will be next Saturday, which is January 30. And that's going to be at finesses at 7pm. For more information, call 713-780-4282. That's 713-780-4282. The next meeting of the Gulf Coast transgender community will be Saturday, February 12. Actually, I think that's 13. It's a Saturday at 7pm. And for more information, call 713780 GCTC. Now, I got the 12 by counting on my fingers, but for some reason my head says No, that's wrong. It's the 13th. I don't know why, but my head is better than my fingers. And helping cross dressers anonymous meets this Tuesday and every Tuesday from well, she's not well at all this Tuesday and every Tuesday from 7pm to 9pm. At Suzanne Anderson properties, which is located at 239 Westheimer. Just come by and stop in. So I think we've got a couple items here that we'd like to run through basically a Community Calendar type of thing. And so

R

Roy McCarthy 07:09

Oh, okay. We have the min survivors of sexual abuse group at the Montrose Counseling Center at 615 6:15pm. On Monday, this coming Monday, and that's at the Montrose Counseling Center at

G

Gary Norman 07:27

713-529-0037. The street address and 710 Richmond Avenue. Okay, and remember that number again

R

Roy McCarthy 07:37

is 713529, double O three, seven. And the Gay Men's survivors of domestic violence support group to meet with them call 713-526-1017.

G

Gary Norman 07:57

Yes, that's five to 610 17. And I believe that's associated with with, with comparing church.

R

Roy McCarthy 08:05

Also with I believe this is with bearing churches, the frost eye clinic, and it has free eye exams for people with a with HIV. You can call them at 713-830-3000. Net 713-830-3000.

G

Gary Norman 08:22

That number is too much clinic actually. Let me mention a few things on HIV. Tomorrow. The Montrose clinic is holding HIV testing at rascals between 10pm and 2am. So if you're at PASCO, if you can stop by and free HIV testing, we're rascal. Yeah. Also others has free HIV testing in English and in Spanish. That occurs every Monday and Wednesday from 1pm to 6pm. For more information, call 713-626-2837 pet six to 628 37. And that is to 12 oaks tower off of a Southwest Freeway on highway 59. I also like to mention that the Montrose clinic has testing at the community center on the first and third Wednesday. So that's first and third Wednesday of each month, from 6pm to 9pm. At the Houston lesbian and gay community center, and that's located at 803 Hawthorne, right in the heart of Montrose, two blocks south of Westheimer, two blocks east of me on trans Munnabhai,

R

Roy McCarthy 10:01

while we're talking about all this HIV testing, I have a couple items I want to bring up. First of all, once you get your testing, once you get yourself tested, please go back and get the results of the test, according to the Center for Disease Control 1/3 of people who are HIV positive, don't know it. And how do they know because 1/3 of the people who have gotten tested, did not go back and get tested. Also, and this is very important that you understand that we're talking about HIV and AIDS. This is no joke, folks. Apparently, it's becoming rather popular among some of the younger groups. They think that with all these new cocktails and everything, it's okay to do risky behavior, sexual behavior, it is not you have to protect yourself. Short of abstinence, please use a condom. And any type of sexual intercourse I, you know, I hear people say Conn, young kids say constantly, oh, we're going to do it bareback. And there is a well known gay porn figure in a recent magazine, who mentioned in that just came out that this well known gay porn star, in a nother gay magazine that just came out who said that in his movies, he uses a condom, because that's what the producers and the directors want. But in his private life, he doesn't. Don't do that folks. Use a condom. Not everybody can take those cocktails. And the side effects of these cocktails that people are taking that are survivors of HIV. The the side effects are horrendous, for instance, is protease inhibitors. It inhibits protein, you lose your muscle mass. And there's a lot of other things upset stomach aches, headaches, nausea, diarrhea, there's a whole slew of side effects.

G

Gary Norman 12:18

The other thing I'd like to mention is these are free and anonymous HIV tests. Because of some of the recent changes, that's probably now taking a little bit longer to get results. Please, please don't be discouraged. Come in, get tested. And please go back for your results. The results have normally taken about two weeks, they may take for the next month or so a little longer, until these organizations straightened out with the Houston Department of Health, how they're gonna handle it. Because they have found ways to to keep these tests anonymous, as opposed to what they call confidential, which is giving your name. And so it's taking a little bit longer to work on through the system as anonymous than it was before. But don't be discouraged. Go back and get your results. You have to do

R

Roy McCarthy 13:30

it also if you're going to play play safe or play safer.

G

Gary Norman 13:34

Okay, let's go on to something a little happier. Let's talk about court news.

R

Roy McCarthy 13:38

Oh, the Imperial Court. Imperial Court, I'll call it the Royal and sovereign

G

Gary Norman 13:48

imperial court of the single star of Houston Incorporated. Very good.

R

Roy McCarthy 13:54

I could never go I'm glad to have Michelle here because I could never get that name.

G

Gary Norman 13:58

Right. So upcoming is coronation number 15. Number 15. That's actually for you folks who still read Latin.

J

Jimmy Carper 14:07

Yes, the voting was today. Yes. The emperor and emperor.

R

Roy McCarthy 14:12

And the world has an intown show which is going to become come this Thursday at chances, which is the courts home bar and chances is that 11 under Westheimer. And Showtime is that 8pm That's the in town show an award.

G

Gary Norman 14:29

Yeah, for those of you who don't know what in town show means. That means all the folks from here in Houston are going to perform. Members of the court from Houston are going to perform the Dine on Friday and then on Friday, the next day, the out of town show and bus tour. Yeah, so that's for those people of the of the other courts that are coming in to honor the new Emperor and Empress

R

Roy McCarthy 14:53

and that's gonna be Friday the 29th at the Marriott with Luke hotel. And Jimmy was that little catered Excuse me. The Marriott West new hotel?

G

Gary Norman 15:04

West Lou? Yes, I guess. South of Westheimer.

J

Jimmy Carper 15:09

Right. I'm not gonna be able to make it because it goes on very, very late.

G

Gary Norman 15:16

Yes. And it starts around six

R

Roy McCarthy 15:19

sets the short term, supposedly at 7am.

G

Gary Norman 15:22

That's on Friday. And then Saturday. Don't do that. Then it's carnation 15. That's

15:31

right.

R Roy McCarthy 15:33  
Very odd with Lupo,

G Gary Norman 15:35  
you will find out at the current at the coronation ceremony you will find out at the same time that the new emperor and Emperor is find out who they are that amazing. I think it's I think it's great.

R Roy McCarthy 15:49  
Oh, you know, I saw

G Gary Norman 15:51  
so when in fact gonna be

R Roy McCarthy 15:52  
that's gonna be next Saturday the 30th and Showtime it out the doors open at five and Showtime is at six. And tickets for that is \$25.

G Gary Norman 16:05  
Yes. It's a really great show. And it's an opportunity. Yeah, and it's a fundraiser. Yeah. And and they make a lot of money, which they immediately turn around and they give to organizations within the community

J Jimmy Carper 16:16  
or tell you something about the court. I was great. They were a call came in on my answering machine that the court had done a show for the switchboard, the gay and lesbian switchboard. And they want to know where to send the check. They did a show, we didn't even know it. That's the kind of folks we're talking about. They know the needs of the community. And they're out there doing shows raising money for those needs.

R Roy McCarthy 16:53  
And I'll tell you something. Just about every week, during the year, or quite frequently. Michelle and I were doing our little community update calendar update. We constantly I mentioned this,

that or the other show that the court is benefit that the court is doing

**J** Jimmy Carper 17:12

because they do shows every week, every every week benefit show somewhere.

**G** Gary Norman 17:17

Yeah. And to follow up on Jimmy mentioned, you take someone like Bob bouton, who's going to be the next emperor, and she only had to say Yes, right. No one was running against him. He's got a list of organizations and things that he's done just just unbelievable. They work in all aspects of the community, and particularly in the area of HIV AIDS. You bet. Okay, well, I think that's

**J** Jimmy Carper 17:49

speaking of the court. I was talking earlier about the Mardi Gras ball. And I ran into crystal Rayleigh love there who was looking lovely, yes. In a black tux. Oh,

**R** Roy McCarthy 18:07

ma black, tough.

**J** Jimmy Carper 18:08

Yes. In face with a black tux.

**R** Roy McCarthy 18:12

Well, Peter can do drag.

**J** Jimmy Carper 18:19

That's right. And Jackie Thorne was there too. In green?

**G** Gary Norman 18:28

Oh, well, yes, that's her. That's her real big color.

**J** Jimmy Carper 18:33

 Jimmy Carper 18:48  
Great is the Emerald unicorn

 Gary Norman 18:37  
match. She's one of two people running, who have either been voted either won or didn't win. Right. And they won't know until next I'm telling it to now and that's the carnation that's an incredible

 Jimmy Carper 18:50  
thing.

 Gary Norman 18:53  
So, I think that's about it. We'd like to wrap up with some closing remarks.

 Roy McCarthy 18:59  
Closing remarks here. Don't you know, Jimmy, there are some days in the

 Jimmy Carper 19:04  
week. There's more than closing remarks.

 Roy McCarthy 19:06  
There are seven days in a week. Yeah. And of those seven years, four days out of those seven which there are gay lesbian broadcasting.

 Gary Norman 19:14

G

Gary Norman 22:11

right. And don't forget next week to give you a new request to Roy Can I Kimmy good if

J

Jimmy Carper 22:22

you're listening to after hours on KPFT Houston and ke O 's College Station, and we'll be right back right after this. This is called a patriotic finale. It's from Howard crab trees. When pigs fly. I think you're gonna like it. It's fun. Oh, yes, the patriotic finale from the first act. When pigs fly by Howard Crabtree, you're listening to it on after hours. KPFT Houston and ke OSKEOS College Station. That's right. Chris is here. Yeah, no, it you know, I someone called in with a Melissa Etheridge song. And although I do have a lot of Melissa Etheridge, I do not have the particular one that that person called in for us to love today. Yeah, yeah.

- G** Gary Norman 23:19  
Oh, that last piece was done with the chorus line. Yeah, was it? Yeah. For those of you who couldn't hear us in full color. There was a chorus line made up of Chris and Chris and Chris. Yes,
- C** Chris 23:34  
I take up a chorus line it's
- G** Gary Norman 23:39  
get very well.
- C** Chris 23:40  
They just couldn't get the stick through the door. Wow.
- G** Gary Norman 23:44  
As you said that was the first time we've been claimed the stick was to be
- J** Jimmy Carper 23:50  
what do you know? That was that stupefied Gmail. So if that person who wants Melissa Etheridge, we'd like to call back with another selection. And be glad to do it. Because it was dedicated and so you know, you just can't pick a song for a dedication because you don't know the circumstances.
- C** Chris 24:12  
Melissa has some of hers or she has different ways with her song. Some of them are lost love. Some of them are looking for love. Yeah, this is one you can't dance. You don't dance like that. Was it? Something about not dancing? Yes. So you're not sure which vein there were
- J** Jimmy Carper 24:29  
okay. Matt's coming in here. Actually. It wasn't dedicated. That was the person that requested. Oh, okay. Well then. I think she's calling back on line one, and she's gonna give me another title. Oh, she's got Roy. And unless some Well, that's nothing stopping anyone else from calling it 526-573-8713 while

 Chris 24:53  
you're sitting there. Well, boys, we require it now.

 24:56  
Yeah.

 25:00  
I'm just waiting for you want

 Chris 25:02  
to say 832832? That's the third one now, honey. Oh

 Gary Norman 25:09  
320 I can remember that one.

 Chris 25:16  
So to avoid the new area code, please remember, don't buy anything new. No pagers, no cell phones don't change, don't move. And you'll be stuck with what you've got now. 713281 Or just give them another year, and they'll give us some new number as well.

 Jimmy Carper 25:30  
You know, it's kind of weird. I know that they've initiated this, but maybe they don't have it all together yet, because I live in the 713. And there are a couple of 713 numbers. I don't have to dial 713

 Chris 25:43  
I heard they were having some problems with that a lot. It's not a problem. I'm glad but well, also, we're here the part of town here. I mean, they still use the old fashioned switches in this part. Hey,

 Gary Norman 25:55  
why don't you have a rotary dial phone? No. Well, I

**J** Jimmy Carper 25:58  
guess Stanley does. Oh,

**G** Gary Norman 26:01  
well, I knew one.

**J** Jimmy Carper 26:04  
As a matter of fact. Yes. There's no speed dial feature there. No, no, there is no

**G** Gary Norman 26:12  
it's good for the fingers though.

**C** Chris 26:14  
I'm surprised like you saw the crank on the side. I've got a crank on the side is Brian kind of description of some of the shows that he has here. He's gonna crank up on his side here.

**J** Jimmy Carper 26:24  
I've got something that I that I really need to bring to the to the to the public. You know, you get a lot of those these fraud warnings. Internet like don't open this. Oh, yeah, you know, because it's gonna it's, well, I got one that I really need to share with everyone says Warning please read immediately. If you get an envelope from a company called Internal Revenue Service, do not open it. This group operates a scam around this time every year. Their letter claims that you owe them money, which they will then take and use to pay for the operation of essential functions of the United States government. This is untrue. The money the IRS collects is used to fund various inefficient and pointless social engineering Brock projects. This organization organization has ties to an other shady outfit called the Social Security Administration, who claimed to take your money from your regular paychecks and save it for your retirement. In truth. The SSA uses the money to pay for the same misguided make work projects the IRS helps maintain these scam artists have built honest, hardworking Americans out of billions of dollars. Don't be among them for with this message to everyone. You know, you've heard it first.

**C** Chris 27:47  
If you pay them now. They may be checking your stains next year.

 Jimmy Carper 27:50  
They say just horrible. I've also got some bumper sticker.

 Gary Norman 27:54  
Where did you get that from? I got that off the internet. Yeah. Oh, that's right. You're now

 Jimmy Carper 27:59  
I'm I'm on? Yeah,

 Chris 28:01  
he went from Virgin to slug.

 28:03  
Yeah,

 Gary Norman 28:04  
I mean, quickly.

 Jimmy Carper 28:06  
Yeah, sure did.

 Chris 28:07  
I was over at his house about a month after he got on the internet, peeked over his shoulder and saw his list of emails that he's received. And he must have been every dirty, every dirty website, because he's getting mail from all sorts of people.

 Gary Norman 28:24  
Yeah, well, do you? Do you have dialling on your on your computer where you can, you know, find people on the phone numbers and dial them up and do all that kind of stuff. Because that's a real cool thing. That used to take me somewhere between five and 10 seconds to find a

number and the telephone or in my little telephone book that I carry. And now that I put them all on the computer, I can usually find them before they die.

**J** Jimmy Carper 28:55

Yeah, no, I haven't done any of that yet.

**G** Gary Norman 28:58

And then the other thing that I'm really worried about is getting a visit from the police. Now it's not sixth place or anything like that. But it's the it's the envelope dump site place. Because I try to I do envelopes on the on the computer, where you type in the name and address and it prints out a really neat envelope. Oh, cool. Um, so to get an envelope, I mean, it only takes putting three of them into the envelope dumpsite. Because while the first one I usually print out, it's on the backside. Yes. And so then I go and I do something else. And the next thing you know, it's on the right side, but it's upside down and that that really goes against my sensibilities to have an envelope printed upside down. And then the third time I do it for some reason. I've learned how to print on the inside of the app. And so it's not until the fourth or fifth time that I actually produce an envelope, it's the right kind and then I have all these Things that have already been printed on. And then somebody will come by and say, Oh, that's such a nice envelope. How do you do that? And the thing is, I can't ever remember. And I have to do it all over again. No,

**J** Jimmy Carper 30:12

yeah, cuz you it's, I know what you mean, it was it's push one button, if you have to do a whole bunch of different things, I can never get it right, two times in a row.

**C** Chris 30:24

Next time you hear the rainforest is going send it to Michelle,

**G** Gary Norman 30:28

I have actually I have retired and I put some of my money into an investment fund with a broker and all that kind of stuff. And I had to actually get on the phone with him the other day and said, I've noticed, I don't have any stocks in any paper companies. And he said, Well, geez, I've made sure that you know, that's a good place to invest. And I said, No, no, no, it's got to be because I know by the amount of paper that I'm getting now, from all these different companies that I own stock in and from your organization, that by myself, I must be driving the price of these stocks through the ceiling. I mean, by I can't get regular mail, I can't get advertisements into my, into my mailbox, because of all the stuff that showing up in prospect eyes, I guess they call him or her prospectuses, or whatever they wouldn't call them. But it's it's just, it's just amazing. And the number of sheets of paper that come in there that are kind of useless. But they're clever, they have a little, they have these big envelopes with a window.

And they must have a bunch of different envelopes, because there's this paper and it's perfectly located my name and address and everything else. But when I open it up and pull the envelope open, that's printed with my name and address and everything else about four different places. So it fits into any envelope. The only thing they haven't learned is that they probably need to print it on both sides. Yes, so they can just just slip it in without any thought whatsoever.

 Jimmy Carper 32:04

We got a note from a call from the woman who requested the Melissa Etheridge song, which I don't have. And she called back and requested that same one. So I'm going to have to wait until next week to play that when I bring it from home. So there we go there. But in the meantime, Chris has reminded me that it's been a while since we played Romanovsky and Phillips, and those those are really I guess my all time favorite. gay dude.

 Chris 32:37

I remember before I started hanging out here at the studio. I believe there was you had a role models can Phillips concert. Yes, I did. I did that half hour, an hour's worth of effect. Those were the romanovski fields because of you. Those were the first gay artists that I went out and bought Wow on tape, and kind of hid them in my car. And I'm like how my parents are getting in my car. Where do I hide the tape? I can't keep it in the tape deck anymore.
