 00:17  
I knew we get it sooner or later.

 M Michelle Meyers 00:19  
Yeah, I just when I do things off the cuff I'm not ready. Oh, no, I'm talking about being off the cuff. Anyway, there's a mass affirmation commitment ceremony there's going to be conducted on August 22. So that's at 9pm at the newborn. It's gonna be conducted by Reverend Carolyn marbley. And she's the assistant pastor at MTCR. The Metropolitan Community Church of the resurrection. It costs \$20 per couple of benefits to bear in dental clinic, and couples will receive a certificate of commitment cake and champagne toast. So again, a commitment ceremony for anyone who wants to become committed. 22nd at 9pm at the

 01:10  
newborn, Well, Michelle, people said I should be committed. Wow, not that kind

 M Michelle Meyers 01:14  
of commitment. Okay, so

 01:21

Oh, next week, we have the Montrose clinic will be presenting an HIV information seminar on August 10. Dealing with special information for persons impacted by HIV. Michelle Meyers 02:05

Okay, the Houston lesbian and gay community center at 803. Hawthorne is leasing mailboxes, and voicemail really to community organizations. And this will be an opportunity for organizations to gain exposure by having a presence in the centrally located center, meaning space and a variety of configurations is also available for lease as well. And organizations are all invited to display their information and memorabilia of their organizations at the center. And edition I wanted to mention that to cool of Olympus is selected their 1999 grant recipients and the five organizations that were selected for this year are the PWA holiday charities again and lesbian switchboard, the PWA coalition of Houston, Thomas street holiday, Thomas street holiday events and Stevens house and aid services of Dallas. So this was chosen from a field of 16 HIV service organizations and in recent years the courage given distributed in excess of \$60,000 to various 501 C three organizations that serve the gay community, particularly in the field of HIV and AIDS services.

03:26

Okay, go right along with the aid services, AIDS patients with diarrhea are needed for clinical trial. If you are an AIDS patient with diarrhea, you may qualify to participate in a clinical research study of a naturally derived investigational drug for the treatment of diarrhea. Requirements for this are that you must be 18 years or older and have had 14 days or more of diarrhea or currently on anti diarrheal medication for at least last 14 days. Qualified participants will receive medical exams, laboratory tests and medical treatment that no cost and may be reimbursed up to \$650 for time and travel.

04:14

Well, honey, let me tell you how I looked at my calendar today. And August marks. Five years I've been taking AIDS drugs. I started out with AZT and I've had diarrhea for five years. So

04:28

okay, well. If you want to participate in this trial, call Dorothy call Caldwell at 5269821. That's 5269821 Or you can pager at 6029952.

04:48

Well, if it's that much of a dire emergency.

04:54

You may be reimbursed.

04:55

No actually there are drugs on the market to curb the die. real problem and the problem with diarrhea is a lot of it not only all just the AIDS drugs, but too, as a prophylactic more numerous pneumocystis you take Bactrim daily and that does it.

05:20

Well it says here, even if you're currently on anti deer diarrheal medicine for at least 14 days, I guess five years would that would that that would certainly qualify. Okay.

05:32

So we gotta let you know you gotta laugh at life.

Michelle Meyers 05:37

Near and dear to my heart. Five weeks.

05:40

I see. I could I could say something when I

05:44

please doubt the wave wave, you know. So what's going on in the bars?

05:50

I already do. Oh, I

05:52

thought you had that in your in your hand there and

 05:57  
you missed it again. You know, I

 05:59  
need to either listen or just shout out.

 Michelle Meyers 06:01  
We did Gentry speaking toys. leisure.

 06:05  
Yeah, you forgot that we did that Misha

 06:09  
go figure it did you but I'm looking for that that that Papi Chulo contest.

 Michelle Meyers 06:14  
I know we already

 06:16  
mentioned that to my mind my

 06:18  
last payment. Now I do want to mention that Barry Manilow has raised \$300,000 for airfare. That's the American Foundation for air aid research. And the Houston event brings the four year total close to \$2 million. And we want to thank everyone who participated. Absolutely, absolutely. I also want to mention that.

 06:42  
Yes, he did. He got his start, just like Bette Midler did, because they got their start together.

 06:47

06:47

And guess what happens? Good. But guess what else happened today?

06:50

What else happened today? Tommy girl.

06:55

The gay game started in the Netherlands and the Texas teams have traveled to Amsterdam, to compete in the gay Olympic speaking is very important. Rainbow to clown is here.

07:11

I just happened to walk in.

07:13

And you know, originally, the Olympics, I want to mention some that people may not realize but the original Olympics, women were not allowed for the entire thing. They were not allowed to compete. They were not allowed as spectators. Right. And the athletes, because the all of the athletes were naked, right? And I was just gonna say we're, we're naked, and most were gay. I mean, all women. I mean, I I'm not trying to be chauvinist, but the only purpose women served in the ancient world was to please let's not get into what is child rearing? That

Michelle Meyers 07:49

was it that let me go to a little more serious piece of well, actually,

07:54

no, before you go to that piece of news, we want to go since we're talking about the Gay Games. We like to talk about why it's not the gay Olympics. Right. And the

08:06

reason why was I believe it was an 87. It was the mid 80s, the Supreme Court

08:11

decided because the Olympic Committee took the took the

08:15

gay community to court, because they went all the way to the Supreme Court. And the Supreme Court said we cannot use the word Olympics. But if you go all over the city like I do in the metropolitan city, this area, you can go down Southwest Freeway, you will see the Olympic Center, which is on your right and killed craft. I see you go over to warp drive on i 10, and you will see a Olympic paintball. You go down to the southwest area, you'll see Olympic markets, you go over to the 610 loop area on the east side, you'll see Olympic international trucks in our national live Olympic International. What do you call it? Yeah. We resell trucks, you know use trucks. All over play use the word that even on North freeway 45 North Olympic motel. Oh, my weekend, I've done

09:16

the Olympic pools. And then and then there's not taking away from anybody else. But there's Special Olympics.

09:23

Special Olympics was as a part of the Olympic Association. There's pet Olympics, and that's what I got a I made a phone call. Okay. The article that you read the triangle. I wrote that in August. And the reason it's in there is because about a month ago, Nancy Ford and I were talking and she did a little thing about me being in the parade and everything. And I showed her. I showed her the letter, but in April, I called the guy from the Olympics. Well, I got I didn't get Mr. hibel or whatever his name is from the that's the president, but I got his lawyers. And I got the phone bill. It's like 12 As long Okay, the first lawyer they gave me, they gave me one lawyer. Then the next lawyer then the next one, I had four lawyers I talked to, it's sort of like one couldn't handle the other. What one couldn't handle me. So they took me to another one. And we went on and on, and I tell you what, close to the end, I said, I do remember Lanta when they had the Olympics. There was this program, I think it was on NBC or ABC or whatever it was. And they were talking about all these businesses. They had to change their names because the Olympic Committee came to Atlanta and said, Hey, you cannot have a Olympic pizza. You cannot have a Olympic pools, you can't have a Olympic apartments. But they can't go all over the nation. This is what this lawyer says. And he says your Olympics was successful. That was what got me I thought, if we weren't so successful, if we were like a Olympic, what would you call a crawdad, crawfish races or something like that we can have. But since we are so successful, or or our event was hockey, our event was so successful. That's why they took us to court

11:14

Oh, hockey, it's homophobia,

11:16

.....

and now and what they try to do the whole idea of the word of Olympic, for these businesses, I mean, that that you see, every four years, when they put on the program, I think it costs around \$250,000, to promote to have your company promote the Olympics. You know, I'm saying, so give me a name. Give me a name that's promotes like Ford or something like that. They have to, you know, they have to do

 11:45

that the way I look at it, is, I think the other Gay Games are very successful. Right. And so we don't need to be part of the Olympics. Right? We're successful in our own right, but I think and I'm very proud of all the Houstonians who are in Amsterdam this week, I want to Gay Games, and I wish them well,

 12:07

I do too. And the thing is, I think we ought to check it out. I mean, this is this is nothing but discrimination. Yeah, that's all. That's all it is. And I tell you a challenge. Everybody just go around town and you'll see the word. It's everywhere you see it, but we can't use it. According to the Supreme Court judges. Okay.

 12:27

Thank you rainbow. Welcome.

 Michelle Meyers 12:30

Okay, I had one. One last thing that I wanted to mention. Yeah, is that the gay lesbian, bisexual and transgender community in Houston, may soon be getting a new financial institution that I can call its own god, I'm excited. But there is a thing called the credit union. That's going to be a credit union that is owned and operated by us and for us.

 13:01

And it's about

 13:03

Yes, it is. Because in any community, the you have to you start with political strains. And then you move up to economic strain.

 13:12

You have economic strength, you have

M

Michelle Meyers 13:14

power. Yes. So this has been put together by Cheryl Merrick. And Joe has 12 years experience in the credit union movement and is leading this project. Right now they're getting organizations to sign on. The caucus was the first to join the credit union. That's why as a founding member,

13:40

okay. And what does that mean, for money?

M

Michelle Meyers 13:43

We \$50 to be a founding member. Okay. Okay. And that that's membership into the project and into the credit union?

13:52

Well, I saw that there were sheets flying around with wanting to know if any, if you were interested, yeah. And how much money you would want be willing to put into it.

M

Michelle Meyers 14:07

And what they're doing, they're trying to get a gauge of the interest because it's not only required by them to see how things are going in the community and see if they get support from the community. But it's also required by law. Yes, they have to show that there's an interest that 250 300 people together. And so they they're interested in information, a very small survey, very easy to answer and fill out. You are not making a commitment. You can pick up a survey by either getting on a web site on the website, or going to the community center and picking up a form and the website is [www dot credit union Project dot s i m i n](http://www.creditunionproject.com)

14:55

Wait a minute. [www dot](http://www.creditunionproject.com)

M

Michelle Meyers 15:00

15:43

Okay, did you I bet you didn't talk about the full cash. We're getting to it. Oh, okay, we're getting to it, because I wanted to mention that. Okay, but

15:57

before we get to that, I did want to mention that the Barrett Does a bear benefit for bearing. There's a screwball comedy combined with song and dance marks drop anchor I want to get off. And that's a musical review forbearing support network which offers counseling and resources for people with HIV AIDS. The production is a high seas rump set on the Caribbean cruise ship and follows the adventures of passengers from all walks of life. And it's can be seen at Main Street Theater in Chelsea Market at 4617 Montrose Boulevard. Tickets are \$15 to \$20. And again, this is benefiting the bearing support network.

Michelle Meyers 16:46

And every Saturday around midnight and competition with us Yeah, you are invited to foci Yes, where things are not always what they seem. It started Aretha Franklin share. Eartha Kitt boy Esteban Madonna, Patti LaBelle, Paula Abdul Reba McIntyre, Tina Turner, and tons and tons more.

17:33

and that is being put on by our very own Scott Lewis. Yes. Who who has been with the show? He has taken a hiatus and is working on other projects right now and this is one of them. Oh gosh. And he's he tells me that it's the show is geared or advertised to the strike community a lot but the respond these have been lesbians. Lots of lesbians there to see focaccia. Okay, anything else?

18:09

Yeah. wasn't finished with my bearing support thing? Yes, you were

18:19

the people who have a lot easier. Who have fun, more difficult to find numbered addresses since the city is so wonderful at numbering their business locations and block numbers. Chelsea Market is about one block. Maybe two blocks south of Alabama and Montrose wrong, right. were

18:46

Because those artists don't get AirPlay very often anywhere else. So we're proud to bring them to you starting off with the future Bible heroes. Rainbow the crown just doubled over in laughter. This is a very good group fronted by Steven Merritt, who seems to have a new group every time he puts out a CD the last one was called group was called the six but this one is very, very different. And the song I'm gonna play is very reminiscent of old craft work. It's but this is queer stuff. It's by it's like I said it's by future Bible heroes. The name of the song is blonde Adonis. Future Bible heroes with blonde Adonis, that's on their album future Bible heroes. It's cool, though, because all of the words, you know, they have the words all the songs inside, but they're all in word games. So you have to try to figure them out. And that was their triumphant return to San Francisco after an American tour. And there's some good stuff on this. I think that's, that's one of the best versions of summertime. I've heard from her. And there's new music on here to music I've never heard of so. If you're a Joplin fan, you might be interested in picking that up. Another request that we had last week, and I didn't have it was for Alan, and I'm going to play it right now. It's by Faith No More. And it's off of their angel dust album. And it's actually my favorite song off of that, although there's a couple other good ones on there that have been played on other shows on KPFT. But this one is for Alan, it's called be aggressive. And Alan I want you to pay particular My attention to the words in here I swallow I swallow I swallow oh yeah Faith No More with be aggressive.
