## SUMMARY KEYWORDS

consent, age, year, hatch, lesbians, people, younger, december, sodomy, gay, pm, big, toys, point, starts, christmas, pw, thanksgiving, house, gay community

## SPEAKERS

Michelle Meyers, Jason

---

 M

Michelle Meyers 00:01

Yeah, I'm in the Joseph and Edith Richburg gallery at the Holocaust Museum. The Holocaust Museum is located at 5401. Caroline Street. It's, and it's been held in conjunction with day without art to promote.

 O

00:20

It's the if you have not been to the Holocaust Museum I know, big Roy, you are there on the opening day,

 O

00:26

and I will definitely be there on December 2. Yes.

 O

00:29

Yes.

 M

Michelle Meyers 00:30

Now there's no charge for the program. But the seating is limited. And you have to reserve a seat. And the telephone number, the call is area code 713-942-8000. Extension 104. Okay, that's 713-942-8000, extension 104.

 O

00:55

And I just have one new tag to that which is if you have a pink triangle. Please wear your pink

AND I JUST HAVE ONE NEW THING TO TELL, WHICH IS, IF YOU HAVE A PINK TRIANGLE, PLEASE WEAR YOUR PINK triangle. Yes, because I wore my pink triangle on opening day. And there were survivors from the camps there. Who saw that picture is very one that I'm that I have on right now. Yes. And they saw that and they asked me if I knew what the meaning was behind it. And I went, and I told them that I did. And they were very well, they're very impressed. The pink triangle folks is what gay people were forced to wear either on their above their shirt pocket or on their sleeve. To identify them to the other SS guards as being a homosexual. Interning, right.

01:44

Oh, well, and NLA is doing their thing again, this year, for the eighth time the eighth annual National leather Association, toy drive for children with HIV, it benefits the loving arms foundation and PWA coalition. The kickoff was yesterday, and there's gonna you're in your favorite drinking holes. There's going to be boxes there for you to drop in your brand new toys for children, and especially at night hawks and Marys and all those good places. So you know, pitch in there. You got the kids the toys. Absolutely.

02:27

Jimmy. Kids of all ages,

02:31

kids of all ages need toys. Yes. Jamie? And if so, then you go to a store for all seasons. This is a brand new gay owned Christmas store. Were at 2445 North freeway. 2445 North freeway. That's between i 10. And loop 610 It's not really all that far away. No, it isn't. It's the newest location for all your special holiday coordinating Christmas custom made Santos angels special activities. Holiday china crystal silverware good. Antiques. Yes. And queers own it. So you go there. There used

03:19

to be the clock sharp. Is it? I think so. Used to be a white building there. Yeah. Well,

03:23

I think it was. Okay. Jimmy gets us coming to town. Santa. Besides Santa. Close, close, almost Zoe. Quinn crisp.

03:37

Did you hear about the Dyslexic pagan? No, he wrote a letter to Santa. No. That was not funny. And nevermind.

03:54

Anyways, Quinn crisp is coming to town. If those of you who do not know who Kurt Quentin Crisp is, he is one of the oldest divas in the gay community. He's from England. And he's going to be having a performance piece. Gay evangelistic style and charm and it's an his show is going to run this from December 3 until December 6. And it's going to be from 8pm to 10pm at Stages theater at 3201 Allen Parkway. Again, it's an evening with Quinton crisp. And for more information call 713-524-2374.

Michelle Meyers 04:38

Okay, what we're going to do now is we're going to do the free Thanksgiving dinners. This is the this is how you go around and make a turkey out of yourself. So we're going to do it kind of in time order. And we'll start off at Miss ends playpen that's at 3710 downing on Thanksgiving Day. This is their first annual adopt the homeless Thanksgiving dinner meet free food and drinks for everyone. And this one goes from 11am to 6pm. It's like a seven hour thing. Um, so there's two depths the longest one.

05:24

Okay, you know what's going on December 5.

05:29

What's going on December 5? in Galveston, no. Oh, Dickens on the span.

05:34

Well, that too. But it's also Dr. Cole's and next get together at the Rosenberg clinic.

Michelle Meyers 05:43

Oh, yeah, I know. Yes, it is. I'll just leave it at that. Okay. The next. The next one I wanted to mention is MCC Metropolitan Community Church of the resurrection is having a Thanksgiving dinner. Their Thanksgiving services at 11am and dinner starts at 12 Noon. And that is at 9019 Decatur. So, Metropolitan Community Church of the resurrection is given as having dinner and my

06:18

favorite watering hole e Jays is going to be having gobbled a turkey with all the trimmings I got there and gobble stuff. Oh yes. And it's going to be 2pm from 2pm until whenever, okay, also Jr's barn grill over here on Pacific street invites you to come home for the holidays, to a

Thanksgiving Day traditional feast Thursday, November 28.

M

Michelle Meyers 06:55

Okay, let's

o

06:55

go start at 130

M

Michelle Meyers 06:56

and radio. It starts at 130 and goes on to about 430 Yeah, starting at 230. tutus is having their annual turkey dinner also

o

07:14

quick tricks, I think Cutie cutie.

M

Michelle Meyers 07:20

Also, the BRB BRB starts out at 3pm. The BRP is located at 2400 process. And that's another great one to go to for dinner. Also,

o

07:40

the brix is going to be having a Thanksgiving Day buffet started, they're just starting at 2pm. And bricks is located at 617 Fairview at Stanford. I'm

M

Michelle Meyers 07:56

at 6pm awaited rehab. Come on, we have paradise,

o

08:03

Paradise is going to be having a Thanksgiving Day buffet. So and on December 8, they're going to be having a toy drive. If you have a toy of us that's worth \$7 still in its original package, it'll be an open bar for you.

M

Michelle Meyers 08:21

Yeah, so as you see, everything starts at 11. You can go from 11 till about eight o'clock at night, and you can just eat and eat it neat. And Rainbow right now is showing us how large you could get your stomach today. Okay. And also in with regard to the season that's coming up Thanksgiving and Christmas. We just like to mention real quickly, a few groups and a few items where volunteer time is needed, where people who want to donate the toys, want to donate food want to donate their time, which is the most valuable thing. And I'd like just to mention to start off that this Monday at 1130 at the Thomas Street Clinic. There's going to be a Thanksgiving dinner for the PW A's at Thomas St. Grey, but we need volunteers to help serve the food at what time and that's it 1130 At the Thomas Street Clinic a little 30 Am Yes. So they're going to have a new noon dinner for PW A's and their families and volunteers are required. Okay,

09:34

so, obviously the PWA coalition, along with the stone soup code 40 fives bearing, MCC er AIDS Foundation, Houston, Stevens house all these groups are listed as in need of volunteers and donations. Yes.

Michelle Meyers 09:55

And as I said the most important thing that you own is your own time and your time is needed, you're helping to help the PW A's and to provide these kinds of services is invaluable to the community. So all of these organizations, you can find them and the gay and lesbian yellow pages, you can find your numbers, call them up, please volunteer your time, if you can't make a particular day. I'm sure they'll be very happy to take gifts of money, or up toys or whatever. Right.

10:35

And so this is all very important. And again, I want mentioned don't forget this week, make sure you watch TV Montrose, because it's going to be the television debut of Jimmy Kapur and big Roy and our community calendar segment. Yeah, TV month. Well,

10:58

it's not exactly like we did the segments, we finally just reduce it. Yes. And that's really nice of TV Montrose because it in effect, it's it's a plug for after hours a week. And

11:09

Steve was here. See, Baker was here last week, we did the filming and it was fine. It was it was it was a riot. And

11:17

of course as normal for anything that we do on the show. Michelle had it all scripted. So we knew what we were gonna do.

Michelle Meyers 11:28

And we even had script revisions, right at

11:31

the last minute.

11:32

At the last minute there was incredible because I didn't expect to be a part of that.

Michelle Meyers 11:37

How could you How could you avoid being part of after hours? Well,

11:40

I was it's a new segment you know, okay, so but but we didn't like what three takes it was good. Yeah. 20 seconds. What? Hey, it's great.

Michelle Meyers 11:53

Yeah.

11:54

Anyways, that's all we have for this week's edition after hours, to hatchlings

11:59

and share. Well, I got something here about MCC. And we already did it. About a light still shines or not do that one? Oh, a light still shines Sunday, December 13. Just a few weeks 9am 11am and 5pm. And that is join join us at MCC are at 1919 Decatur for the music ministries production of the wonderful Christmas music musical a light still shines. This inspirational musical will feature the 50 voice sanctuary choir, the praise team a 25 piece orchestra and the

heaven sound handbell choir that handbook Bell choir he's gonna be performing as you walk into the sanctuary is going to be nice yeah, that's gonna be fantastic yes wonderful over at politic Community Church

12:59

and then rainbow and motion

13:03

that you got three three times on December 13 to do it 9am 11am And 5pm okay to be missed. And and one more thing we always do this one more thing. I got one for each I'll bet you have one for the Gay Men's Chorus of Houston Tada six former members because this is their 20th anniversary and they want everybody to get involved for their holiday show. The chorus is contacting former members individually but does not have current addresses for a lot of them interested in. Singers are asked to contact them right away by leaving a message at here's the number 713 Of course five to one saying

M Michelle Meyers 13:58

that's easy. Five times you want soon.

14:01

Yep, that's it.

14:02

I'm glad you're saying and not me and

14:05

the concert. The Christmas card concert is going to be titled Way Out West opens with a world premiere of hilarious musical comedy Harvey boys Christmas. The second act presents care. I usually can talk folks carols and lullabies

14:26

doesn't give laughing at me earlier. I got all choked up. My fault.

14:30

It's my fault. So and that's gonna happen. December 5 performances. Eight and Sunday at six at three at the Jewish Community Center. 5601 South Breezewood well, you

14:47

can keep December I'll just take a pic of

14:53

the news. Oh, wait a minute. Rainbows got something okay.

14:55

The Gay Pride committee is accepting nominations. for grand marshals, yes. Now, yes, they are. And the whole community will get to vote on it on a certain day. And they're gonna do other things, but, but I just know that they're accepting nominees or Grand Marshal. So contact the Gay Pride Committee, and

15:16

the committee that is overseeing that is going to be made up of former grand marshals, you and I'm on that committee, and we will, we will be doing that the first week in January. So we need to please out there, how

15:35

do we get our nominations in

15:37

just what I know, I know a few of the things you just send them in and the person that

15:43

you nominate, and mindware they must know what and know about it, they must know about it and agree to be it. And we have a male, a female grant Marshal, we have a grumpy organizational grant martial and an honorary. And that's usually straight some strike group or person.

16:01

And then sometimes they have a special Grand Marshal. That's out of town

16:06

And so we'll be doing that. So send them in folks, we want them and

16:10

you pop, the date of voting is going to be I know in the month of February. Okay. Is that right? You're right. Yes, that is right. Yeah. And you won't have to go to meetings. So to vote not for that. Not not for that to be the first time and it's something I've been fighting for for a couple of years to do. So. This is your chance to nominate that a whole month to do it in

Michelle Meyers 16:34

Okay. And you can January. When's

16:37

the last day for that? I think January

16:39

1 week in January. We're gonna be putting them all together. And so the December 31, is it

Michelle Meyers 16:46

okay, and you could always just slip them under the door of the pride committee. Sure can which is located right there at the community center. Stop by between six and nine o'clock. And a weeknight or between 12 noon and four o'clock on Saturday. Very good. Just slip them under the door. Stick it in there.

17:10

We've got hatch waiting in the waiting. Okay.

17:12

Want to thank everybody for listening to this week's edition of after hours. For Michelle Jenny. I'm big Roy and y'all have a good week.

M

Michelle Meyers 17:21

Good I came in tonight. All right.

♀

17:29

Commercial Free and listener sponsored community radio for the Texas Gulf Coast. Houston's 90.1 KPFT the sound of Texas, a Pacifica radio network station KPFT Houston, K EOS College Station.

J

Jason 17:45

That's a new environment. That's

♀

17:46

a new one. We've got a a woman doing it now. And you're listening to after hours queer radio with attitude. It's hatch time.

J

Jason 17:56

Yes, it is. And I got a full house tonight. Yes,

♀

17:58

you do. And so I'm gonna kind of be in the background. Just, you know, just to keep people from killing themselves.

J

Jason 18:04

Okay, I'm Jason slashing in depending on my mood, depending on the night and depending on how much you pay. Well, Scott Lewis isn't here to say that part. So I had to go ahead and throw it in. And in there we have that start from this side or that side?

♀

18:19

Yeah, that I've read. They can. They can see that. I'm right here. Well, I'm

J

Jason 18:23

pointing you know, so yeah, we got a full house. Okay.

18:28

David jobless extraordinaire. Tommy,

18:35

Tommy.

J Jason 18:37

Hi, my name is Kathy Goodwin. My name is Vicki tippet. I Vicki Candace. In case you listeners out there are regular listeners out there. I have noticed I have lesbians on

18:52

dikes. I know it. There's been so many nights that you know, we talked about subjects and it's like, how can we have a woman's point of view here?

J Jason 19:00

I try. I try and now I've got some and I'm so happy. Okay. Let's go into our hatches number out there if you'd like to find out information about a hatch or become a member of hatch or you're interested in having a panel COMM The phone number is area code 713-942-7002. And that's a voicemail phone line. And all calls are returned completely confidential.

19:26

Then try that number. Once again. I could not I couldn't catch up while I was 713-942-7002.

J Jason 19:30

Okay. And Jeremiah is no longer answering phones because Jeremiah is now 21. I heard Yeah, he is age. Tom hatch. Yeah. Jeremy bond. Jeremy is too old for hache now, I saw him today. Some of us would know tonight's topic is going to we're going to start out with age of consent. You know, we got this idea from the new xy xy. Yeah. And

20:05

I, because it's on age, and I read it too. And I was really happy with some articles and really upset, because

J

Jason 20:11

I especially like this article, right? Yeah,

o

20:13

I thought you would start at the back there that. Oh boy,

J

Jason 20:19

I'm now in a picture.

o

20:21

This is gonna be a little tough because x y is a male magazine.

J

Jason 20:30

It is. It is geared more towards young gay males. But there are some there are some relevant articles for lesbians in here. There are some relevant, I mean, the age of consent article, for instance,

o

20:51

the only the only female I saw on there was a strike one.

J

Jason 20:56

Typical in here, there's an article on age of consent. And the thing is, although gay men are gay males have to deal more with age of consent, because it seems that we get more discrimination on those lines. lesbians have to worry about the age of consent to Well, I

o

21:12

wonder about that, because I never see anything about age of consent problems with lesbians doesn't exist. Oh,

o

21:23

yeah, sure

21:24

about that. My first, the first girl I was ever with. I was 15. And she was 19. Yeah. And that I mean, it wasn't a problem, because we had to keep it secret, because the fact that it may be a problem. So that was my first introduction to the pool has been circled. But

21:41

whenever I hear of age problems, it's always with men even straight, you know, with straight or gay. It's always man. It's never like I'm younger. Yeah. Oh,

21:50

no, no, well, in a lesbian community, it's more like, it's I don't know, it seems okay to be in a relationship and you're 10 years apart? It doesn't it doesn't seem to be that big of a problem. But you're right in the middle.

J Jason 22:06

Yeah, you know, what I find the most frustrating is the whole purpose of the age of consent law is to cut down on teenage pregnancy. And, you know, the I know, I keep on trying, but it's really hard to get a guy pregnant. Difficult. The doctor says, it's not possible. But I say Try, try try. Well,

22:28

the problem there is that in Texas and so many other states were illegal, no matter what age we are, exactly. We are we are I remember, if it's if it's an older person and a younger person, then they really clamped down on us. And

J Jason 22:44

it becomes a point of discrimination, legal discrimination in the gay community.

22:49

So I mean, what does it really mean? My idea of the age of consent, is that the conversion factor, that perhaps an older person is going to coerce you into performing sex or doing something that you normally wouldn't do, or that you were, maybe it too immature to do?

J Jason 23:14

.... . .

What you know, okay,

23:15

I'm gonna, I'm gonna shut up now. Because this is the hatch segment.

J Jason 23:19

I think as far as the coercion issue goes, there's some interesting questions at what, for instance, like, at what point does an older person coercing a younger person? If a 20 year old sleeps with a 16 year old, does that is that coercion? Or is that? Are they both consenting, because I do believe a 16 year old can consent, but I also think that a 40 year old should not be allowed to sleep with a 16 year old. I think at that point, it's almost I think, at that point, it's almost a little too much of a older role model or older figure, status figure. Looking down on the younger, young, younger person, right, I just seems there's more of a coercion factor between a 14 and 16 year old than it's one in 16 year old. And at what point do you draw those lines? Who's your Daddy? Oh, no, ma'am. And everybody seems to be talking so much in there. Yeah, I am. Fine. Does anybody else agree with that? Do y'all disagree? I mean, I don't know at what point do you think somebody can legally consent to having sex? Do you or not legally but mentally consent to having a sexual act? Well,

24:40

everyone is different. Everyone is different. You can't have an age and say this person is mature enough at 16.

J Jason 24:47

Below, you have to have an age. I agree. I agree completely, that there. Everyone is different. And some people who are 20 years old, aren't mature enough to really consent to having sex, but you What do you think would be the average age? There's an interesting question. Because I mean in here in x, y, they listed the ages of consent. And there's New Mexico's age of consent is 13. If there's no insertion, and no penetration, if there's no penetration in New Mexico, the age of consent is 13. And I think that sounds a little young to me.

25:29

Are they consenting to them? Oral sex?

J Jason 25:34

No, no, I don't think I think

25:39

let's go here,

J Jason 25:40

watch the hand motions over the air. Just not gonna say any dirty words. And then there's several states here that have an age of consent of 14, like Utah, Pennsylvania, Ohio, Hawaii, Missouri, depending on some of these have like depending on circumstances, which I'm just so not clear on, but I at what point Delaware is also at Delaware's age of consent is 12.

26:09

What about Oregon cousins?

26:12

What about Oregon, Oregon,

J Jason 26:13

Oregon, Oregon, 1818. And in here, the data. There's Oklahoma, the age of consent is 21 for gays, for gays, if you're a homosexual, the age of consent is 21. So therefore, none of us are old enough to have sex and oh,

26:34

oh my god. I'm breaking the law.

26:40

I like motor, doesn't Texas have a separate one for male and females? Because I believe Texas is 17 for males and 18. For females.

J Jason 26:46

Actually,

26:48

it would be the other way around.

J Jason 26:49

This used to be that way Texas used to have I believe Texas used to be 16 for females in 17 for males, or what have an 18 for males. But now Texas has 17

♀ 27:00

it was the other way around. It was males were younger than females. Was

♀ 27:03

it but it would seem for Texas. I know it would seem more likely for you know, well,

J Jason 27:08

now they just compromised and made it 17. But Kay's illegal anyway, so

M Michelle Meyers 27:12

yeah, we're

♀ 27:13

all illegal.

J Jason 27:15

But you know, you know what straight? Well, no, actually sodomy is anything that is not a sodomy is any sexual practice that does not lead to procreation. So guess what, straight people, those of y'all who are pregnant having oral sex, it's sodomy.

♀ 27:31

You're gonna

J Jason 27:35

Yeah, you're giving me that weird look, and it legal definition of sodomy? It actually depends on what state you're in. But for most states legal definition of sodomy is any sexual act that does not lead to procreation.

27:46

There's actually that's a big religious.

27:48

I mean, there's, there's a big lawsuit going on now about two guys that were picked up in their house and the cop walked in on him and they were arrested for sodomy, it was a 45 and a 35 year old man. I mean, you can't you can't put an age limit on anything, because it affects us all. Anyway. So, you know,

Jason 28:06

I think age of consent. Still an important thing to think about, though, I mean,

28:12

I think like with age of consent, it all varies like with the younger people like 15. So on, I kind of, I'm more lenient on it, if they're, like consenting to someone around their age, but if this person is 15, they're consenting to a 30 year old. I'm, I'm very skeptical about that, because that's such a role model influence. Yeah, and I don't want them to think this is how you treat your role models.

Jason 28:37

I'm the same way as that, you know, when somebody is a considerable amount older than the person, there's a lot of, you know, influence there. But then again, you've got to ask yourself, Where do you draw the line? At what point? Is somebody too old to have sex with a 15 year old? Or what? At what point is somebody too old to have sex with a 17 year old? You've got to ask yourself that question, too. Right. And then again, it also comes down to the maturity level of the 15 year old also, and lying because Ben, for instance, I think is more mature than a lot of 15 year old, he is more mature than I was when I was 15. He's a cutie.

29:16

I love Ben.

29:17

Ben is supposed to be here tonight. Does he come to two peas? Where I

29:23

work? Yeah, he's he's in hat. She's a little blonde boy. He's like, totally bought like five foot

29:29

hearing piercing on his face or something.

29:33

He's like your little jock.

Jason 29:34

He's He's a short little blonde boy who's like he's got a little compact build. He's got like, this little muscular body and it sucks. It looks like a mini muscle man. Yeah. He's always like a big buff guy that's been shrunken down and they were left in the dryer too long. I love him to death and he is such he is so cute. But that's Oh, no, I hope you're listening. Yeah,

30:03

this is ego little. Yeah, he doesn't really have one. He should is a thought. Yeah, you're real cute.

30:11

No, I'm just don't know who he is he consent? No. You're really, really

30:16

crossing that line.

Jason 30:21

Has, okay, who in here without like bringing yourself into legal problems? Has the age of consent has become a question whether or not you slept with somebody who was younger than the age of consent or somebody who was around the age of consent. Who here is kind of come close to that line, like composure? I will admit I have come close to that. I will not say whether or not I've broken the line, but I've come close to the line.

30:45

© 2016-2017 The Center for Applied Research in the Education of Adults, Inc. All rights reserved.

Specifically, no, he said no, because somebody he said anything or younger than you, but I mean, being with somebody older, and younger and younger. Yeah.

J Jason 30:52

Well, when I was the first person I slept with was in the 30s, or 40s. And I was 14. I was 15. I mean, that's, I look back on that now. And I look at that older person, and I'm like, That person needs some help. I don't want the lesbians are really working. Okay.

♂ 31:14

Okay. I got a question. What about 18? You're 32? That's fine. Yeah. Cool. But it just take off. Make it 16 and 29. Just to use?

♂ 31:26

That would be 16. And 30.

♂ 31:29

Oh, yeah. Sorry. Okay, 16 and 30? What's that? Illegal? No, who cares about? Emily? My

J Jason 31:39

thing is, I still have a problem. I mean, I don't know, problems, not the right word for me to say, but I kind of have some issues with an 18 year old and a 32 year old because I have to sit there and I have to wonder what do the two of them have in common, because most likely, somebody who's in their 30s By then has already started that, you know, already has their career going and already has a direction in life. They're not living at home. Most of the time, there's a few exceptions to the rule towards the 18 year old, if they finished high school, they've just graduated, they may go on to college, they may go on to or they may just stick with some kind of job until they decide what to do, they may drop out. And they usually if they're not living at home, they just got out of the home. You know, so there's not a whole lot of common ground there. Usually. I'm not saying that. It there's never common ground. And I'm not saying that there's no way it could work out. But I just wonder what can how much can they truly share in common to start a relationship on

♂ 32:43

romance with financial background? Well, I

J Jason 32:46

mean, that's what I usually think, that's usually what the first thing that pops in my head. And I'm not gonna lie, it's usually the first thing that pops in my head is sugar daddy. Yeah. But it's not always the case either have charge card will travel. I've seen some pretty poor older men dating some pretty cute younger guys. And you think

33:06

you'd have Wait, do these two people? What are they doing together? You

33:10

know, and that's why I think another reason. Okay, such as a Christian coalition, you know anything about the Christian coalition? I

J Jason 33:20

know plenty. I think it's in the game manual that you have to. Yeah, like the Jews knew everything about the Nazi Party. Okay. Well,

33:29

I think that's a reason why people generalize. They make an empirical generalization on the whole gay community because they see like these older men, and a lot of older men I've seen go after younger men, chanin Hawks. And I guess people look at that, and they say, they just make generalizations, but I just got

J Jason 33:50

a bad look on his face when I said that word.

33:53

I just have fun with it. Because I mean, you know, the two people and there's a 10 year age difference between them. And a lot of people that we hang out with and know are kind of having problems with it. And that, I mean, they have a lot in common, and they're like, a really great couple. But there's that 10 year age difference. A lot of people have a problem with it, but they're happy. Really.

34:24

Oh, hi. I mean, they're happy. They have a lot in common. There's, there's not that financial backing there. The younger person is not in it for financial reasons. Well,

J

Jason 34:34

like I said, like I said, I, I do I did say generally, right? I like and I also I always I always make sure to catch myself and say, but there's exceptions to every rule and I always give people the benefit of the doubt

∅

34:48

about the people that are involved in the little relationship thing. Yeah. And

J

Jason 34:52

if if somebody is like, you know, this rich like millionaire tycoon you gotta wonder why he's dead. An 18 year old and he's ready. I always sit there and say what kind of car is the 18 year old drive in who paid for?

∅

35:09

If you can look at take somebody with you that

∅

35:12

you look at another way whose businesses that have one versus 15 the others 18. It's up to those two people. There's financial reasons behind it. So what

J

Jason 35:20

this person said, but then you've got, but like I said, we weren't talking about age of consent. They just showed me a picture and it looks awful. Okay, this is gonna be destroyed. So radio,

∅

35:32

come on. Everyone here.

J

Jason 35:37

I do not know what was up with my hair on. And I just realized I'm wearing the same outfit that I wasn't this picture on my back.

∅

35:45

Man, I wear the same outfit, like four days.

J

Jason 35:50

I'm taking the negatives of this picture and destroying the negative. You

♀

35:53

know what? Jason? Jason, I always want to call you, Chris. Always. Every time I see you, I remember the pool party. Remember the pool party where I first met you?

J

Jason 36:04

Was that the one at the facilitators house?

♀

36:08

Yes, Jim. Yes.

J

Jason 36:11

I guess his name was Jim. Okay, Jeff, you weren't there?

♀

36:14

I know. I wasn't. But I know the pool party. You're talking about April when everyone went except me. Yeah, there's the facade.

♀

36:18

Now. There were only two girls there. April in right. Anyway. Okay. Well, I met you there. And someone told me you're Chris. And he was like, yeah, he's like the head guy of Patterson. Okay, I'm

J

Jason 36:31

not the head guy.

♀

36:32

I know. I know. I know. But you're big names like Yes. You're like

J

Jason 36:39

I'm the only person in hatched it's been like foolish from now. I'm the one who's stuck around for five years I in I'm coming up to the knee in May I'll be 21 and under longer be the hatch. But I've been around the longest out of anybody in hatch, which is really kind of scary. It makes me feel old. Something that was just pointed out to me, a friend of ours. His name is Michael is actually currently in an age of consent and bind. Because of of he was 16. And he fooled around with a 14 year old supposedly, allegedly fooled around with a 14 year old 16 and 14 A this is what kids do. And there's not I don't think there's anything wrong with a 14 year old and 16 year old fooling around if it happened, and but there's not even any evidence that it happened, as far as I know.

o

37:38

Is that really an age of consent thinks they're both like under his

J

Jason 37:42

age of consent thing? Because it's ridiculous. He was charged with what was he charged with Jimmy? I believe he was charged with sexual assault and gay probably have a minor. But what happened was, they waited till he turned 17 to file the charges. And that it makes no sense to me either. It should be when the incident occurred.

o

38:05

Right. And what's going to happen next, are you going to put six and eight year olds and I know exactly Doctor Exactly. Who didn't

J

Jason 38:13

play doctor growing up.

o

38:16

But I did that growing up.

J

Jason 38:21

Party. I didn't play gynecologist I played doctor. I played house,

38:25

White House House, we still have the gathering of lesbians placement the ball every now and

J Jason 38:32

pick up the bottle. But unfortunately, due to age of consent laws and the state of Texas being as conservative as it is, our friend is stuck in county jail until things can get worked out with our wonderful, wonderfully efficient court system. Yeah, right.

38:56

Like we're going to be able to have marriage and stuff.

J Jason 39:01

But that's one reason that age of consent came to mind as far as the topic to discuss tonight.

39:07

And what about using it to keep youth from doing things? No, I don't.

39:16

Like we're all at that angle. We're sexually active. You can't you can't
