H

Howard McHale 00:01

What kind of magic?

T

Tom Richards 00:04

We can do literally just about anything, it depends upon our skill level and our will and our belief in ourselves.

J

Jim Griffith 00:14

Now, now by anything that's a, that's a big thing like move his mountain raises table or comma, the college see, what are we talking about? Do anything.

T

Tom Richards 00:25

Magic is when we change the natural forces or utilize those natural forces to create the change, positive change, positive change. In my case, magic is neutral, neutral. It's the user who makes it wider.

H

Howard McHale 00:41

So you could conjure up as husbands, huh?

J

Jim Griffith 00:44

It takes what comes on

 **Speaker 2 00:45**

Now there is an old saying and magic. Be careful what you ask for. You might get it. I hear Yeah. Oh, maybe.

 **Howard McHale 00:55**

You know, the stereotype, the stereotype of a bunch of what do you say million witches around the cauldron throwing in the eye of newt and smoke coming out? That's just very stereotypical, isn't it? Is it correct? I mean, I mean, in your rituals, if I may call them rituals? You can. This does partake.

 **Speaker 4 01:17**

Well, creating different potions and blends is what we do. For instance, the oils that you saw in the shop for various uses, were created and empowered in the shop by wickless. Magically empowered. Otherwise, it's just a well do they work? Yes, they do.

 **Howard McHale 01:36**

Yes, that we're gonna go back this time that they might like us.

 **Jim Griffith 01:43**

So everything so far. But you know what, on the way here was really funny because we were teasing throughout the day about putting hexes on us, finding us all husbands. And then we said don't be careful. You know, I don't know what that means. Like, I asked for that. And the way here was funny because I was talking to a friend of mine, and he said, Hey, listen, if you're gonna go do this show with with an ice where I was telling him, you know, we aren't gonna get a spell, but I mean, we're gonna find husbands and whatever. He said, Well, listen, tell somebody said that. I'm 32 and I'm a Sagittarius and I'm six foot two blond hair, blue eyes 180 pounds and positive and whatever and I'm college grad and I'm witty and sarcastic and outgoing and fun and do all these wild things. And so he wants to find this person and I said he had a call what was that man like?

 **Howard McHale 02:28**

Man lonely don't give me his number I'll-.

 **Jim Griffith 02:33**

GIVE IT TO THEM. So you are holding something with your hands and would make a fabulous gift for a friend.

Give it to them. So you are valuing gorgeous willy nil and would make a fabuous as I am a full figured darling with a horrible sense of where does-.

H Howard McHale 02:48

SeaWorld ring a bell-.

J Jim Griffith 02:55

What kind of what kind of a What can you do for us to get us like my friend our die all like what do we do? Should we should we get oils? Should we like eat the herbs should we should we go out and get oil so he goes by this little thing in his room everything goes Money money money. In this little-.

S Speaker 30 03:14

You can do a prosperity type thing.

J Jim Griffith 03:16

Now we're never mind the-

H Howard McHale 03:18

-money we love to say for example, if we walk into the shop and we say Hi we're like, take us on when we walk into the shop and you take us to the oils you take us okay, what would we go through-

S Speaker 2 03:30

-the first thing I would tell you is that you need to make a list written down on paper and pencil have exactly what you want in a mate. And then you'll put this list away for two weeks look at it again. Okay, and it can be anything you want because that's what you're working for. Then I would start you off on some simple candle magic because candle magic requires no real ritual and few words-. -and no skill. No craft skill.

J Jim Griffith 03:59

Wow, that'd be awesome if we could do that. Okay.

T Tom Richards 04:06

.....

Then we would build upon that we would have a white candle to represent the Creator Okay. Candle to represent you.

J Jim Griffith 04:14

What does red candle mean by the way?

S Speaker 2 04:17

It has been passion. Yes.

S Speaker 30 04:19

And that doesn't necessarily mean all positive passion. It can also mean fighting. That's that's a form of passion.

J Jim Griffith 04:28

Anger and hate no matter what. Yeah, no further, God got us we light one for us. No particular color.

T Tom Richards 04:36

It can be your favorite color, your Astral sign color.

S Speaker 2 04:41

The type of vibration that you're trying to present.

H Howard McHale 04:45

Okay, so we're in the shop. We're looking at the oils. You start us off with candles and continue. Yeah, okay.

T Tom Richards 04:51

We have your candle one for the person you're attracting or for this individual that you're trying to attract. And then In an orange candle, which represents attraction-

J Jim Griffith 05:05

— And the orange candle for attraction and then what?

S

Speaker 1 05:07

Then we'll go with oils. You want an anointing oil for the white candle-. you burn it in the flame of the candle, you put it on the candle on the candle, you did the wick in the oil. You do not pour the oil in the candle oral smoke and burn like crazy.

J

Jim Griffith 05:22

Okay? So you can't do that like before you light it and then you light it and then okay. This is exciting. And then you do and then you do when some other oil for your candle and another-.

T

Tom Richards 05:32

Attraction, okay, and you would all these, what you're doing is combining energies to put enough energy into the universe to bring for you this individual that you've written about. Okay.

H

Howard McHale 05:50

Well keep going. Because I'm in the shop. And then we've done all that. How long do we do this?

T

Tom Richards 05:55

These candles are designed to burn six to seven days.

J

Jim Griffith 05:59

Okay, we got two weeks to sit on our list. Six days we like candles.

S

Speaker 2 06:02

We'll start it on a Friday night. Why a Friday night Friday is the day of Venus right?

S

Speaker 4 06:08

It's a love day. Okay. And preferably at a New Moon.

J

Jim Griffith 06:15

-now we got to wait a bit-

H

Howard McHale 06:17

-you can do it all the way up to full moon do not do it after full moon. Do it up to okay, you know up to not after the full moon. All right, because before we then you'll get a woman nothing personal. But for some reason. I just couldn't see what we got. We got a caller.

J

Jim Griffith 06:38

Let's take let's take. Let's take this call. Is this Steve? Or is this something brand new and wonderful or whatever? Hello, KPFT. Go for it.

J

Jimmy Carper 06:46

You're on there.

T

Tom Richards 06:47

Yeah, this is Tom. Yeah, hi. Hey, look, I usually call and offer some criticism on religion with Wicca I can find no, no way to criticize this religion. I first ran into Wicca in Tampa, Florida. And it was really weird way of how it happened was that I met this. This old man he walked with a cane. In fact, he was in his 80s. And I was talking with him and he told me that he was a witch. And somebody that's not afraid. I began to question and he gave me tons of material I read and read. But it's the only religion I find where it is difficult to find hypocrites. I almost join, but I never did. And I probably never will. But I am really, it is the only religion that I know of that I have a great deal of respect for-.

J

Jim Griffith 07:50

Well, thank you. Well, thanks for calling. Tom. That's great. That's positive feedback.

H

Howard McHale 07:54

I love that. Yeah, we thought you were gonna shoot us out of our tires.

T

Tom Richards 07:59

Well, yeah, I would like to say I usually am somebody that criticizes religion. But I can find nothing to criticize with him.

H

Howard McHale 08:09

Oh, wonderful. Is there a question that you would like to ask him the panel? Oh, he just stood up there.

J

Jim Griffith 08:15

He can always come back if the panelists ask him something. Exactly. Or they can just wanting you to expound before Well, I said that we do this love thing but you can do that like for money for other things you may want or need. What about an impact that's not personally related just to yourself like like a maid or some possession? What if like Howard was talking about earlier today when we were talking? What about a spell a a something rather for a cure days?

S

Speaker 2 08:48

That comes with healing and we used to be an individual thing we couldn't do like this-. Oh no, we can do Yeah, we can there are already groups who work on worldwide problems that get together and join energies and put out energy for enlightenment for cures.

J

Jim Griffith 09:11

Is is it the same sort of process and I mean candles and whatever or is it

S

Speaker 30 09:17

it's also a group a group energy any anything in groups is usually stronger than a solo effort or two or three gathered in my name there I am. And you know, when when these groups get together and create these energies, sometimes it you know, will flow better.

J

Jim Griffith 09:39

Is the process kind of same?

S

Speaker 3 09:40

I mean, there's candles and is there incantation, which will need it? You don't need that.

S

Speaker 1 09:47

You don't need power.

H

Howard McHale 09:49

What about going back then? Because I think as a child, my mother wouldn't allow us to have a Ouija board in the house. She was very wise is well Though now you're feeling is this a black magic or white magic or just or just a game is that when you board just a game.

∅

10:07

What we find with the Ouija board if used correctly.

H

Howard McHale 10:11

Because when people gather together, you said you know the energy and the force is there, or is it just Parker Brothers millionaire game?

S

Speaker 4 10:20

No, it's not you are dealing with spiritualism. You're dealing from spirit with spirits from the ether. In other words, somebody who is not, not of the earth plane, okay? If you're putting out let's say you're putting out a phone call to just any old buddy to call in. What are you going to get? You can get Yeah, almost anything.

H

Howard McHale 10:42

What about what about looking at a seance?

S

Speaker 4 10:45

Well, I'm a spirit medium.

H

Howard McHale 10:46

I use spirit mediums.

∅

10:47

Yes, I am and I do seances. I do both full trance and partial trance full trance being very specialized situation. Mediumship is a wonderful thing. Speaking with spirit is a wonderful thing. There is no harm to it in a controlled situation.

H

Howard McHale 11:07

Now know when you say control, I can remember being in the back of Laurie Richardson's porch, back in 11th grade. And we just all sit back there, smoke Newports cigarettes and sit around and hold each other light candles and try to talk to the dead. And did you get any not a damn thing. But we started to crap out of us many times. I'm surprised you didn't get some smoking spirits.

J Jim Griffith 11:27

There was one time I was I was doing a college seminar thing in the hills of Appalachia, somewhere in Tennessee, and a bunch of college of law got together in a very dark cabinet and touched fingers or something. And all sat with their feet pointing in the circle the wrong circle and they just touched hands and they were calling down some kind of mental spirit thing. And at some point, like three of them just went like scooted straight back. I mean without they were not scooting anymore.

H Howard McHale 11:55

Seven days straight. You're all on drugs. You can't fool me psilocybin.

J Jim Griffith 12:00

No, they were all straight back. And it was like That scared the living bejesus out of these little dollies. And they come screaming out this little world.

W 12:11

I mean, is there any next key word to that? Remember I said under controlled circumstances. Now if a bunch of little neophyte amateur thrill seekers get out and do things like that, they can expect those kinds of results.

H Howard McHale 12:25

Does it does it really have Is there truth in the sounds? Absolutely. Okay, because because I've always been wondering, remember once again you listen to 90.1 KPFT here in Houston Texas. And and KEOS and college station on 89.1 FM our guest in the house tonight we have three wonderful wild witches and then there's been Jim the two bitches and do you want a break for a song over there Jimmy? Oh, I guess this is really interesting. I'm having a great time we haven't we have a call that hasn't been screened yet. And remember that our phone number here on KPFT is 526 KPFT call us in will we want to ask the questions-.

J Jim Griffith 13:12

Talk about hexs- give us a date- is hex a bad word? No. That's that's an okay word because I was there between a hex in a spell and some of these words that people may know that-

H

Howard McHale 13:22

-the what is the proper lingo the proper lingo-

J

Jim Griffith 13:25

-that will give us the right jargon so we're not all going in exactly-

♂

13:29

-the right jargon that's like asking some computer nerd to give you the right jargon. What is the political-

J

Jim Griffith 13:35

-and give us some like hacks and spell and the things we-

S

Speaker 4 13:40

-mean vocation evocation? Yeah. Conjure incantation.

H

Howard McHale 13:46

Alright, well put some. Alright, that's the word. So what are they give us a hex and a spell.

♂

13:56

Depends on what you're doing. A spell is generally sort of it? Well, it's a generalized term that says I'm going to go out and create something through ritual through magic, and I'm going to send it somewhere a hex you're usually placing on something that doesn't mean necessarily that you're Hexing somebody and that it's bad. You can put hex signs on your door to protect your house from burglary.

H

Howard McHale 14:21

Tonight, I want to ask you if we can is it if we can put a spell on the Houston Rockets to win the championship again is can we do that?

S

Speaker 4 14:29

We're gonna try real hard.

 **Howard McHale 14:33**

Positive energy I don't know which is more more possible husbands were also the rockets winning this year again. For you guys having multiple orgasms I want to meet that lady. And let's

 **Jim Griffith 14:46**

I mean, is there any go through this.

 **Howard McHale 14:48**

We're gonna play a song song. Let's give us the telephone number 526 KPFT we're on a witch hunt tonight and as a bad word. Yes, that's a bad thing Correct. See, but practice. Crowns quickly.

 **15:03**

Do you want to have a gay hunt? Do you want to be persecuted?

 **Jim Griffith 15:06**

Oh no tacky now.

 **Howard McHale 15:10**

Oh, just say see I say we're visiting with the witches. Hey, we're visiting with the witches. It's going wonderful tonight and-

 **Jim Griffith 15:16**

- who's going to just take you big boy? Not me. I tell what do we got Jimmy?

 **Jimmy Carper 15:21**

We've got Tim Buck three legalize our love Oh yeah. So long day that is, believe it or not Jimmy Somerville from postcards from America you're listening to after hours career radio with attitude on KPFT Houston and KEOS College Station. And prior to that was Tim Buck three with legalized our love. Now, back to Howard and Jim.

H Howard McHale 15:59

Hey, welcome back. And of course, you know, let me let me introduce our three guests tonight. And Paul, Mary, and Tina who are witches here in Houston, Texas. And I'm gonna I'm going to plug the measure caller and again, for all of you who don't know, but stop in and say hi to Paul and conjure up something good in your life. And we're located wasn't lucky we're on on Richmond and Greenbrier and a little house. That's kind of a neat real interest rate. And we're gonna go back in a couple days because I-

J Jim Griffith 16:30

-got mixed to sort of kind of a Mexican place but it's the one next door because I almost pulled in the wrong guy with all-

H Howard McHale 16:35

-the weird pottery in front. Reminds me of your next door crosses in front of yours. Mary, you wanted to be on what do you want to bring up something and the floor is yours now.

S Speaker 4 16:47

Thank you very much. This Wednesday night at the historic garden in the heights is the Beltane festival. And Beltane is a traditional Celtic holiday. I will be the officiating which at that particular festival. It is open to the public, and it's going to be lots of fun. It is the first fertility festival of spring.

H Howard McHale 17:10

Does that mean I think that means you and I should be there. I don't want ovaries. That kind of fertility.

S Speaker 4 17:16

You both look pretty fertile to me.

Jim Griffith 17:20

Now, if you quit were in those pumps.

H Howard McHale 17:24

www.ijerph.org | ISSN: 1660-4601 | DOI: 10.3390/ijerph17030885

We're talking tertile on my chest. Anyway, what I wanted what I want to know Beltone means tail tail tone is a hearing.

 Speaker 4 17:34

loop in the 50s

 Howard McHale 17:37

Beltane belting the date is-

 Speaker 4 17:40

-the date is May first which is the day of Beltane-

 Jim Griffith 17:43

-which is May day a which is May Day which has all kinds of Christian overtones.

 Speaker 4 17:51

Are you talking about the maypole dance?

 Jim Griffith 17:54

There's Maypole dances but then that was like there's some big Christian freestanding one. Yeah, but was after that we've had tons of-.

 Howard McHale 18:01

Okay. Okay, so it's made first. The best is placed in the height. Where's that in the Heights?

 18:07

It's on Fagan. It's almost to walk.

 Jim Griffith 18:10

Oh, I like the name that street Fagan Fagan. How wonderful. Um so what-

18:20

No it is not free. \$5 at the door, we have lots of entertainment. Inside we're going to have the Renaissance Festival Maypole dancers we're going to have Merlin the magician from the Renaissance Festival will have Celtic pipe bands Irish tenor time. From five in the afternoon until two in the morning Oh whether it be food lots and lots of food.

J Jim Griffith 18:45

-what kind of food to which is eat-

18:46

-which is eat anything we have bad habits and good habits just like every-

J Jim Griffith 18:51

-little children and people who wander in your backyard.

18:53

-really hate him turtle eggs. We don't eat I have news no none of those things Hey, filter your diet we go to Burger King like everybody else.

J Jim Griffith 19:03

That's bad.

H Howard McHale 19:06

There isn't a drive thru for witches here in Houston.

J Jim Griffith 19:09

Now the magic cauldron. All right, good one-

H Howard McHale 19:13

-did the most interesting thing interesting thing about the shop you-

J

Jim Griffith 19:18

-take this call what would happen if they were waiting?

H

Howard McHale 19:23

Inside the shop were jars and jars and jars of I saw some of the things my mother would have in her her kitchen, cinnamon I remember all these different spices. Now these years are these practices of spells and these kinds of-.

Ω

19:40

-it's both magical and associated with holistic healing. Herbal healing has been going on since the beginning of time. And it's much more less threatening, less toxic, less toxic, less fraught with side effects. Then the The synthetic medicine that most doctors practice-.

S

Speaker 4 20:03

Tease etc. Yeah.

H

Howard McHale 20:06

I wonder what happened.

J

Jim Griffith 20:09

I was just getting our personal let's take a call. Well, while I'm waiting for you-.

H

Howard McHale 20:14

-she's all pushy again tonight.

J

Jim Griffith 20:18

We're ready. Let's take a caller, I think her name was at least call the call. The call you there? Yeah, you're on the right, go for the call. You're on the air. Okay.

S

Speaker 7 20:27

Well, I have a question for Mary. Mary, is there a simple spell that you can put on your partner to stay in love with you?

20:35

Well, I suppose there is. But again, we have to go back to the rule of are you manipulate manipulating somebody against your will? If you want to enhance the love that is already their will? Or their will? Their will? Okay, you don't want to work against someone else's? Well, one thing that we have to do as human beings, is recognize when a situation is over, if you are holding someone against their will, magically, you are going against the natural laws, and it will not be to your benefit in the long run.

H Howard McHale 21:08

So So in layman's term, Nicole, what you have to do is you have to come into the shop, and get something that would enhance the love between the two of you how to make you more attractive and free willing towards this other person, correct?

21:21

Well, again, you want to work with something that is already there. If your partner loves you, but you want to enhance that love. Yeah, you want to make him see your good qualities shine through even better, we can work with that. But if that person has fallen out of love with you, then you have to ask yourself, is it time to move on.

H Howard McHale 21:42

But not to get enough?

J Jim Griffith 21:44

Is that like fixture?

S Speaker 7 21:46

No, I'm not manipulating. All right. He's already in love with me. And I just want to keep that in. Enhance.

S Speaker 4 21:52

Yes, we can do that.

H Howard McHale 21:53

Hey, you know where the magic Cauldron is, don't you?

S Speaker 7 21:56

Yes, actually, I have been there. Oh, really? Nice place.

J Jim Griffith 22:00

Great. Great. Now see there and unsolicited comments.

H Howard McHale 22:05

This was not rehearsed. Not rehearse the whole-.

S Speaker 7 22:09

-about some of the herbs. And also I did buy one of the perfume.

H Howard McHale 22:13

Did did you notice that? A true testament from a cauldron shopper. Did it work?

S Speaker 7 22:21

Oh, yeah. It worked. And I want to try some more things.

H Howard McHale 22:25

How to call. Hey, listen, keep us posted. Which, you know, Jim and I do the fourth show of every month here and keep us posted on what's going on? Okay. Would you do that for us?

J Jim Griffith 22:36

If it enhances, and it's even better tells us-.

S Speaker 7 22:41

-that come to me? Yeah-.

J Jim Griffith 22:45

-that'll work. Thanks, Nicole.

S Speaker 7 22:48

Bye Mary.

H Howard McHale 22:50

You know what we need to get? We need to get those double coupons at the cauldron.

J Jim Griffith 22:59

I think we had to like take, you know, have a go there and have them do our cards and see if they can they can do what enhances let us know what kind of person maybe we're looking for all the right. You know, looking for Mr. Right when Mr. Right away will do.

H Howard McHale 23:16

And you know, I don't think actually we're looking for Mr. Right. I think what has we're already married to our community and what we do for people. Wow, all right, girls are taking care of another conversation while I'm talking.

J Jim Griffith 23:29

That's easy to do.

H Howard McHale 23:31

But anyway, anyway, we've got to narrow this down. We've got about 10 minutes left to be not what time was about Now we said we wanted to put a spell. I'm using rockets. Now. Is this something you don't want to do? We don't want to do that. I want to win again. Why didn't say didn't want to do that again? You know what you and I want to see you in shorts.

J Jim Griffith 23:55

Every day of the week stopped by-.

H Howard McHale 23:57

-can we? Or can we do something powerful. We don't have to do the raucous even though I really wanted to win because you know that that's good stuff. And it brings people together.

And when masses celebrate and joy together, it feels like we're one. And that's why I like that. Do you intervene?

24:10

If you want us to conjure come over to the shop to whip one out right this man?

H Howard McHale 24:15

that would that would have been my question. This was just not the place. Correct? That's right. Oh, we're coming over. All right, because we're still gonna get husbands and I want to get some of that-.

J Jim Griffith 24:25

-take longer in the rockets to win.

H Howard McHale 24:29

This. I wish we had one more call coming in. Because this has been a really fascinating evening tonight.

J Jim Griffith 24:35

What what is it that that if you had to leave like parting words of wisdom to the masses of our radio audience? What are some of the things that you would really want to want to tell them? I mean, to to, one to straighten things out about some of the misnomers or to-.

S Speaker 30 24:55

-talk to people who hate you and know who I don't really-. Okay, in the first place, we don't believe in hate, okay? We don't believe in revenge. We don't believe in, you know, doing any harm to anyone. So, you know, with that just just notice that we're good. And notice that we kind of like gay people. Right, Jim? Well, that were that were opening that were good and that we're not going to hurt anyone.

J Jim Griffith 25:26

Well, I mean, I get I didn't hate thing wasn't my line. My line was like, what is it if you had to, you know, put something into some perspective remarks that you really wanted to get out that may not have gotten out thus far or something-.

H

Howard McHale 25:38

Something you wanted to ask? On our parting. We've got about six, seven minutes left.

S

Speaker 4 25:42

One of the things that I'd like to say and I'm not even sure this is the time and place for it, but I don't want people getting us confused with Satanist. Satanists are a perversion of Christianity. We have nothing to do with Christianity, nor do we choose perversion. Most of the time. That's a personal choice.

J

Jim Griffith 26:04

Okay, let's do some real calls here really fast. Let's Tay looks like man. I'm six then six. Leah. Who says hello,

S

Speaker 7 26:14

Lian, Lian? Here?

S

Speaker 4 26:19

Yes, she is Hi, Mary.

S

Speaker 7 26:21

Hi, Mary, this, I kind of want to know what the difference is between what they say is our white witches and black witches?

Ω

26:32

Well, I believe Paul mentioned that earlier. Magic is neutral. Magic is neither bad nor good. It's working with the vibration of the universe. The person that makes it black, or what are what makes it black or white is the person and their intent, who practice it. If I have a bad intent, and if I choose to do someone harm that makes it black. If I have a good intent, working for the benefit of all that makes it white.

S

Speaker 7 26:59

Whoa, okay. Thank you. Thank you very much. Someone's laughing over there.

J Jim Griffith 27:06

Hold on. Yeah. Hello, Mel, you're on the air.

∅ 27:10

Hi, how you doing? Hey, I want to ask, by the way, thanks. Because it will data you're a great guy, we love you. You're gonna ask Mary about like, I've been having dreams. And like, you know, a couple of days later, the dream happened. And I was wondering, what do you think about that, as I pursue that? Or are there anything at all to do with witchcraft or anything like that?

∅ 27:36

Well, we each have our own personal visions. And if you are having psychic visitations, if you are having visions that come true, which is also known as clairvoyance, you should absolutely follow them, especially if you have carefully watched your dreams come to fruition on a consistent basis. So how do about you know, following through with that? How do you go about farming?

∅ 28:02

What would that mean? I mean, what would you do to? It's like I've been doing since I was smaller, but once I've been getting older, it's becoming more and more prevalent, and it's not frightening, but it's just it's just like, you know, it's something that that made me want to, you know,-.

∅ 28:20

It sounds like you're taking charge of your life. Okay. Okay. And it also sounds like that the dreams you're having are probably very positive and to your benefit. Occasionally, even positive dreams can be frightening. Because they're big steps. You have to determine if you're ready to make those steps now that you're being pushed into them. And if you're not, you need to make a plan in order how to accomplish that. Okay.

J Jim Griffith 28:48

That makes sense. Thank you. Thank you. Go back to the fine compliments. Hey, now.

H Howard McHale 28:54
