page. I mean, it's not the kind of visibility that the gay press normally gives to bias and really impressed that they took the time and effort to recognize us as part of the community. That was one. That was great. Yeah, I just felt like that's, you know, when people do good things I like to recognize. That's right. That's community. First. And thank you bi-net.
- J** Jimmy Carper 00:34
Scott and Jay for being here tonight. Coming up after Lee Leszek will be news interviews with big Roy and Chris you're listening to after hours queer radio with attitude on KPFT Houston and ke O 's college day? Oh yeah, oh, yeah. Yeah, that's the music folks. And you know that it's time for after hours news interviews with big Roy and Chris.
- R** Roy McCarthy 01:37
This week's edition of after hours news and views
- C** Chris 01:40
you almost did it again. But I didn't.
- R** Roy McCarthy 01:45
Yeah, she was she was she was on her game tonight. She's on top of her game tonight. And as always like to give her a shout out to all of our friends here in the Montrose they're listening to us into the far flung reaches down there in Beaumont. And way up there midway. Randy and Tony and all the rest of them. Okay, like to start off with our lead story this week. If you have

not heard a nice Parker very easily very handily won re election to the city council at large position number one, and our other endorsed candidate Andreas Pereira. He lost in his chance. In his bid for position number two, he got 7% of the vote and on this Pereira has thrown his backing behind Gordon Quan. And at the last Houston gay and lesbian Political Caucus meeting, Gordon Quan, was endorsed by the caucus, and Gordon Kwan has said that he will fight for and support gay rights. The only other openly gay candidate Alex Wheaton, he received something like 1% of the vote

 Chris 02:58

actually, wasn't there a fourth one? I remember the the one of the papers, last week's paper was talking that was actually a fourth candidate who was also an openly gay candidate.

 Roy McCarthy 03:10

Not that I know of I know that.

 Jimmy Carper 03:14

So yes.

 Roy McCarthy 03:16

I was leaving her and and

 Chris 03:19

the papers behind Jim last year

 Jimmy Carper 03:21

or something got by the name of Lester. He's not that open.

 Roy McCarthy 03:27

That's what it is. Yeah. Better when I know he did not. He did not come on screening. No. And so Gordon Quan will be in a runoff election against Mr. Brewer. And I believe that will probably be the first Saturday of December, if I'm not mistaken, probably December 4. And,

 Chris 03:49

unfortunately, I didn't follow much of the election there being suburbanite as I am, Houston

hasn't annexed me yet. So I didn't pay much attention to who, who your city council. One

R

Roy McCarthy 04:00

of the amazing things is that statewide turnout statewide was 7% of the eligible voters turned out for voting. Here in the Montrose. We had better than 25% turnout, the Heights had something like 27% of turnout. And so this precinct to precinct 34 had had better than 50% turnout. Pretty without just one one of the precincts in them in the Montrose area.

C

Chris 04:32

Pretty amazing results there for non presidential I think that's,

R

Roy McCarthy 04:36

I think one of the things, okay, this is a rule of thumb, you can always count on, if it's good, whether you have large turnout. And when you have large turnout, voters typically go vote democratic. If you have bad weather, you'll have small turnout, and the voters will turn You'll be predominantly Republican. So I hate saying it, but Democrats are fairweather friends. And when you see the dark

C

Chris 05:12

clouds rolling in, it's definitely the Republicans you know. And off the political notice that let's go into the holiday spirit.

R

Roy McCarthy 05:21

Let's say let's do that a little bit since

C

Chris 05:23

since Halloween is over, it's now officially you start counting down Christmas, which just means you take your y2k calendar and back it up a week. But the PWA holiday Charities has a couple of events coming up here. The the PWA holiday charities was started 13 years ago when lady victoria lust was running for Empress five. She didn't win but she became emperor seven. Her function her Christmas show, it's been a to provide. Okay, I've lost my place or the Christmas show is continuing and Victoria's tradition and honoring her memory. It will be held December 12. At the Brazos River bottom here in Houston. One of the goals is to decorate a tree with gold ornaments and AIDS awareness ribbons bearing the names of those who've lost to the illness. These ornaments and or ribbons will be sold for \$2 each, and the name of the person being remembered will be written on them before hanging. Of course all proceeds from the sale will go to the Christmas benefit. It since 1986. This benefit has involved into the 501 C three charity. And also they're having their second anniversary of the PWA holiday charities which is

going to be today Sunday, November 7 At eight from four to eight at Mary's over on Westheimer live entertainment going to be starting at 6pm. So if you want to help out with the PWA holiday charities, you've got the anniversary party tomorrow at Mary's and the Christmas show at on the December the 12th at the BRB.

Okay, now I have a listener alert for, for our listeners to keep listening to after hours tonight because after the new segment, Chris, that's something bugging America Online issues that are facing the community. And while we are talking about computers and all that sort of stuff, there is a very important, very important and new resource to the community that is coming that is now available. It's a new gate, our directory. And many of our listeners are young people who are in college or about to get into college, and many of our young people. Young listeners are also involved in many different community projects and community organizations. Many are going into other professional fields. Now regarding this new gaydar over 140 experts on Gay Lesbian, Bisexual and Transgender policy related research will now be available through this new directory. And it's being put out by the Institute for lesbian for gay and lesbian Strategic Studies. That's the IG L S S. And they conduct research and analysis on policy related topics such as marriage and employment discrimination and on questions of strategic value to the community. gaydar lists experts on family discrimination workplace, workplace, anti gay violence, youth health, political, cultural and many other issues. gaydar is the first directory of its kind to connect researchers on gay lesbian, bisexual and transgender topics with policymakers, journalists and advocates. For references purposes, researchers are listed by subject matter as well as geographic location and alphabetically. gaydar will also allow researchers to locate other scholars working on similar topics. Now, if you wish you can get a copy by following them at area code 413-577-0145. And you can reach them online at on the worldwide web, IG L. S s.org. Updates to the directory content will be posted regularly and reprinted annually. That's good to hear. So very important, a very important resource and we're probably going to be hearing a lot more of these folks in the near future

C

Chris 09:44

because it's good to also with some of the parts that are going in and you can see from areas because it may be important to some people later on in life to be to go with a company that you know, has an anti discrimination policy in that who does offer domestic benefits, I'm proud to finally say my company is taking that final step. And starting this year, being an account, we quit being a California based company, we are finally this year, starting January 1, we've always had a non discrimination policy for sexual orientation. And starting at the beginning of the year, we will also have domestic partnership benefits for medical coverage, which is very good to see. And that's something that a lot of people are going to need start looking at, as, and that's something that I think some companies are using as a tool to bring people into their organizations. Because even not just in our community, but in the non traditional straight community of people living together, but not being married.

R

Roy McCarthy 10:50

You know, there's, there's so many different things, anti gay violence, being with que Patrone I'm sure you know, an awful lot about the stuff that happens in that area. And it'd be, it'd

probably be interesting to see the different trends and everything else, especially when to expect more anti gay violence. And when to expect less.

C Chris 11:18

Yeah, because I mean, that's also to see in community, different communities around the country where it's more open, where it's gonna be easier to, to feel safer, and those sort of things. And it's good to have a resource that someone's put together to, to join all these factors together.

R Roy McCarthy 11:34

And so folks, we probably, Chris, I will probably be quoting from the gaydar in the future

C Chris 11:43

as a dar Stanford because the way they have it looks like an abbreviated dar

R Roy McCarthy 11:47

actually, it actually does stand out stand for something. That's the directory of authoritative resources. Okay, the gay directory or the gaydar, the gay directory of authoritative resources. So this isn't going to be just anybody putting information in here. These are authoritative, authoritative, scholarly folk. Let's throw quilt on that one.

C Chris 12:12

C Chris 19:22

One of our benefits we have here it's not for an organization. It's a person on Tuesday, November 16 at 8pm. The Outpost will be hosting a benefit for the Donnie burn fund. Donnie is one of the bartenders over at the outpost and was received second degree third degree burns over his legs a few weeks ago and he's going to be he's still not mobile. And being a bartender. A lot of people know there's not a lot of health coverage and that was second and third degree burns. It's quite expensive. This event will be held This is by Tiffany Edwards. And I've heard that brown sugar is going to be a featured performer at this. I saw her perform a couple weeks ago with the outpost. But that's going to be at eight o'clock on Tuesday, November 16. Just prior to their amateur construct contest, but that is a benefit that if you've ever been in the outpost, you know, Donnie, drop on by and even are taking donations ahead of the event.

R Roy McCarthy 20:28

Okay, now, folks, we got a new club forming. It's called the queer first weekend club. And they're being called to action because the movie Boys Don't Cry, floundered a little bit on the weekend opening. But that was because of the power of Houston. They were competing against the power of Houston and the buying that the conference. So we're asking everyone to go ahead and go to that movie. See, boys don't cry, and it's being held at the Houston Greenway Plaza, the Glenmark fear five Greenway Plaza, Suite c. And this is a startling True Story of Brandon Tina, a young Nebraskan woman who lives as a man until she was raped and murdered on New Year's Eve in 1933. And this woman here, Kimberly Pierce makes her directorial directorial debut. And it's an incredibly powerful and a textured performance, which is given by Hilary Swank, who in cheese plays Tina. And the film has been rated R and it's two hours long. And again, it's at that landmark tears five Greenway Plaza. So folks get on out there and see a really good and very important movie boys don't cry.

C Chris 21:56

Some other events that are coming up here these Yes. Oh, you've joined us again? Yes. The Asian and friends of Houston Oh yeah, great group is celebrating big, their big seventh anniversary. This is going to be Saturday, November 13. From 630 to 9pm. At club Picasso at 2151. Richmond. This is going to be proceeds are going to be benefiting the Montrose Counseling Center. And is brought to you by Asians and friends of Houston. If you want some more information on the organization, their phone number is 713626 6300. Or you can check out their website at <http://members.aol.com/tex>. Asians,

J Jimmy Carper 22:51

you know, I know that the Asians and friends group have been around for a very, very long time. And now there's a new group, the long Yang Club, which is there's a chapter of internet international organization. And so I don't know if this is in competition with or as part of or something but the Asian gay community in Houston is growing by leaps and bounds.

R Roy McCarthy 23:21

It they probably won't be

C Chris 23:21

seen to see something like what they have out in San Francisco where they actually have two gay Asian clubs. Yes, out there. One's a private club and one is a a general Club, I've noticed

J Jimmy Carper 23:32

that a lot of Asians go to go out grab a lamp bar over in the Richmond so yeah, I was there once and it just seemed to be a lot of Asian men. I've seen

C Chris 23:43

a lot of muscle over DJs now. Oh, really? Good. Good, good. A tremendous amount.

J Jimmy Carper 23:49

That's good, because that means that we're all mixing into the same community. Yeah, rather than you know, the separateness that that tends to happen in this town. Yeah, it's,

C Chris 24:00

it's, it's something that you're probably gonna be seeing more because I mean, in the Asian culture, as in the Hispanic culture, there there is some of that machismo and the Asians actually were more liberated about it. With I think with some of their well, there's their beliefs of gays. True, but it was kind of hidden his family

J Jimmy Carper 24:20

oriented thing. And but I know of one place where you were work, everybody mixes up very well. And I'm talking about Latinos and whites and blacks and Asians. And that's the good old French Quarter.

Chris 24:41

Well, I wasn't expecting that.

Roy McCarthy 24:44

Are they still in operation?

Jimmy Carper 24:45

Well, so far, it's kind of day by day. I think it's, it's I don't know how much longer the French Quarter is going to be open to tell you the truth. And we're going to lose actually, a grant The old dumb of Houston French Quarter has been in operation since the early 70s. And at that time, it was the only place in town where you could see male adult films on a big screen. And it is a private club as a matter of fact, and it still is

25:17

the only place else you can anywhere else you can see adult film males, yes.

Roy McCarthy 25:24

But not on the big screen.

Jimmy Carper 25:26

It's a big screen. We're at some

Chris 25:29

there is an adult bookstore I once addresses. There is a place up up north store I forget the name. It's it's the megaplex store, that they I was in there one time and it was very interesting because they separate their videos of straightened lesbian and alternative. Yeah. And they have two two or three theaters in there are and one of them was a an alternative theater of what they call

Jimmy Carper 25:58

it. But I mean, this is this is the French Quarter is gay.

26:01

J

26:04

Would that make them like the one Oh, 7.5 of adult theater?

R

Roy McCarthy 26:09

Something like that. Something? Yeah. Something along that

J

Jimmy Carper 26:11

if you don't like that kind of entertainment, you're gonna get then you can catch if you don't like that kind of entertainment. You can catch Nancy for doing the dyke show that night show. Nancy Ford is back with us, folks. And this is happening Thursdays through December the 16th. Nine to 11 at the in between. Now, what is the in between? You may ask? It's the old Charlie's

C

Chris 26:43

why do they still have the signup diner? Well, are they that cheap? They can't take them aside.

J

Jimmy Carper 26:50

Because people that's actually because Charlie's is a site that is kind of at this, this signpost thing for a lot of people from out of town. And so people coming from out of town no two things Mary's insurance. Say, and but Charlie's just no more. It's now a club in between chances and the new barn. I mean, because

C

Chris 27:15

what they do is just change the sign. And that whole everything is called the lesbian trying I know

J

Jimmy Carper 27:21

they should Yes. Because that makes it like Oh, how cute.

C

Chris 27:27

It's a little triangle Peninsula. They've got these three lesbian bars. Yeah, excuse

R

Roy McCarthy 27:31

me, but chances I saw more guys in camp.

Jimmy Carper 27:34

Oh, yeah. It's also the home bar for the Rosicky folks. The Royal Sovereign and imperial court of the single star.

Chris 27:42

I walked into chances once Okay, yeah. I've never felt so intimidated in my life. It was like these all these ladies lesbians, and they're looking at me going What the hell is addict doing walking in here?

Jimmy Carper 27:54

Kidding. I've always had a fun time there.

Chris 27:56

I felt it was like, I was like, kinda like they were looking at me like, it doesn't really belong in here. It's like, when

28:03

I was a little psycho. Were together. We used to go to watch the drag shows there.

Jimmy Carper 28:08

Sure, because

Chris 28:09

the court has shows there a lot. Well, that was my problem. I was looking for a court event. That was a fundraiser for cute patrol. And I got chances and cousins confused. Oh, chances.

Jimmy Carper 28:22

Yeah, there was a big difference.

Roy McCarthy 28:24

Yeah. You take but you do take a chance to go to Congress.

J Jimmy Carper 28:31

Have you talked about how holiday on fam? A hula holiday. FEM? It is a conference. It was not in our hand. And I'm sorry. It's an it's my hand. It's a it's a conference for transgendered folks. That's going to be happening November 10, through the 14th right here in Houston. And you can check that out at [www dot Brenda TBREN de at at the Brenda t.com/holiday.htm](http://www.dotBrendaTBRENdeat.com/holiday.htm) Brandy Williams is a facilitator and media director. And there's all kinds of fun stuff happening.

R Roy McCarthy 29:17

You really there really is folks keep listening because we don't have a Jimmy does. And there's just so much great stuff going on. As we're getting into the and if Give me your cursor I don't have I'm sure Bobby's gonna know about it.

J Jimmy Carper 29:31

Well, you know, we don't get a lot of stuff from we have to we have to hunt down the stuff that the courts doing and, you know, I like to be able present whatever the courts doing every week. And Jimmy,

R Roy McCarthy 29:42

I know you weren't listening for what you already did that No, no, but there was another very important news item that I gave toward the beginning of new gaydar and I'm gonna give you the information. Jimmy is a Judas loves folks are Jimmy here. He just loves getting all this Ah, I mean, he does he is a Newtown. I do like it. Yes. I mean, on gay on gay community issues. Jimmy is just like all over it.

J Jimmy Carper 30:11

Okay, what's the punch line?

C Chris 30:14

Eight is like downloading stuff. Because they actually I think was our most diversified day out of with all of our news stuff. I mean, we've got pan net, we've got the new outsmart we're using for a change. Something we picked up from the Gay Lesbian. I'm sorry, that has been a gay community center and 803 Hawthorne stories we've picked up off the bars. And since we're close to wrapping up, because we do have to mention at this time that you're listening to KPFT after hours KPFT Houston a US college.

J Jimmy Carper 30:47

Did you talk about CI cam?

C Chris 30:50
No.

J Jimmy Carper 30:52
There you heard of it. Oh, are you getting the

C Chris 30:58
archive? They Oh,

J Jimmy Carper 30:59
yes. Well, Bruce was here. Yes, Bruce Reeves, who is the president stop five. But this is a new group getting started and we want to archive and museum gay, lesbian, bisexual and transgendered history. And that's exactly the name of the whole name of the organization is Gulf Gulf Coast archive and the museum for gay, lesbian, bisexual and transgendered history. And just getting started, somebody kept track. That's kind of the way I look at it, then start out small and so we're asking folks, you know, you have any kind of memorabilia of old Houston or newer Houston and you know, gay,

C Chris 31:47
like to first I liked the first item on their wish list. So if anyone out there has a building just laying around. Yeah, that would be nice. And you don't have any plans of turning it into a townhouse, right? Exactly. Exactly.

J Jimmy Carper 32:00
So for find out more, you can email them at G cam. That's like you know that they call the contemporary art museum, the cam and so I kind of liked this we're the gay cam g cam@gmail.com. G km@gmail.com. Like one of those medical devices that they

C Chris 32:29
that are new car first.

J Jimmy Carper 32:32

 Jimmy Carper 32:37
Put your leg back and put your feet up into these G cams. Okay,

 Chris 32:38
that's what doctors use to find the g spot.

 32:45
Talk about putting our feet up. I'm sorry.

 Jimmy Carper 32:49
Okay, we're just going downhill. Yeah, I got. We've got Jason and Chris in the wings. Right here on the microphone. What? I wrap this up? Oh, you're gonna wrap it up?

 Roy McCarthy 32:59
Yes. Was something on the Women's Network, folks. Big Roy is actually doing a women's network. It's about time but no one was giving it the Chris but it's Hello, Chris and Chris. I stuck you with the insert lesbian story. So I'll go ahead. That's consolation.

 Jimmy Carper 33:19
You say that jumping on my ass for the next two years. Sorry, definitely. Anyhow,

 Roy McCarthy 33:31
November 10, a couple days from now, the Women's Network is gonna be presenting taking care of yourselves during the holiday is important. The evening will be a time of sharing ideas for transforming what can be a lonely, stressful experience into one of meaningful connections. We will include a there's gonna be a typo. They will include ensuring good wishes, all are invited to bring finger food and munchies punch will be served. No.

 Jimmy Carper 34:04
Don't go there. Chris. Don't go there. Don't go there that we're going to

 Roy McCarthy 34:11
go into B. On Wednesday at the Montrose Counseling Center at 701. Richmond, room 15. Okay, that's here in Houston, Texas and Richmond Street. Yeah, Bill, whatever. 15 For more

information, call them at area code 713-529-0037. And that's Oh,

J Jimmy Carper 34:38

that's it. We did have a caller call in wanting to know about a group, extra fancy. And I want you to give out that information. The album that extra fancy did was called center man, center man, which was also the name of a song there. There's two versions of that album. One they did on their own and when they did through a big record company that had them on the books for about two months before they got dumped, and unfortunately, extra fancy is not together anymore, but it is. It's really good music. Good Music Good protest music. I like it.

R Roy McCarthy 35:20

Good protests. Yeah. Love you.

C Chris 35:24

The only other news thing I just want to throw in here. I love the Eclipse cover. He's cute. Always like the Eclipse. That's the new reporter for the Eclipse for the Houston section quarter alone is no longer. Oh, you're there. That's him. Wherever loan is retired. Oh my God. It is a 24 year old. They even have to say in here. Unfortunately, he's already in a relationship so you're out of luck.

R Roy McCarthy 35:50

Well, then it was taught me me. I'm sorry.

C Chris 35:55

24 year old Mark Goble for a transplant from North Dakota. Unum farm boy. I wouldn't even get him on here. So I love their covers on the cover of their clips this way. He's on the cover of Eclipse as the new kid on the block and they got some other half naked pictures of him inside.

R Roy McCarthy 36:14

There goes all our cotton I know.

C Chris 36:15

I liked the clips. Twit if you're listening to me, I hate y'all because when I picked up the picked up the thing and EJ I'm looking at the cover kind of a chicken Hawk I am Go is a cute looking guy. I opened it up and it's a woman

R Roy McCarthy 36:31
