01:27

Everywhere it's fine, that's Bob Hartman from the CD very sexual man. Coming out, I'm coming out. But that's for Coming Out Day, October the 11th. Which

Chris Harrison 01:38

is my sixth birthday.

01:39

Is it in the community? Ah, here's

Chris Harrison 01:42

of shattering the gene dreams of parents everywhere.

J

Jimmy 01:46

Well, you know, coming out is a very personal thing. And it's it's not an event. It's a process. Because it you know, you just don't come out once you you come out, always it seems for the rest of your life.

C

Chris Harrison 02:01

That's what I'm looking forward to with my brother's wedding next year and having all the family members down. Sorry. Oh, oops. Yeah, I need to control the board more often happens to the second chair. But now with all the family members coming down next year for a wedding, it's kind of like, you know, let's just see how far I can push it. Well,

o

02:25

that's that's and I, I've read articles about, you know how even the most out people still have someone in their life. They haven't told. For some reason.

C

Chris Harrison 02:39

We'll see. I thought about going overboard and just going for the heart attack value of bringing a guest. So I actually tell Roy, he needs to get his tuxedo ready.

o

02:55

Oh, my. Yeah, that'll do it. Speaking of Roy, he's out there in the lobby right waiting to get a phone call at 7135265738713.

C

Chris Harrison 03:08

Jam KPFT. Yes. And

o

03:11

we have lovely, lovely prizes. And gifts for yes, for your pledge of 50 bucks or more on plastic. We still have tickets those that pair of tickets to the witches ball, a tribal Masquerade. Featuring dream tribe, and spoon fed tried that Saturday, October the 26th at cardies 9301. B's on a so then also a magnet goes with that, that you just

C

Chris Harrison 03:43

put on top of a CD. Oh, unfortunately wasn't a cassette because because that's how it ruined it

put on top of a CD. Oh, unfortunately, wasn't a cassette because because that's how it came to me. Yeah, that's true.

03:52

And we still have the CD of Margaret Cho, notorious ch er, who has a CD of her performance performance. Yeah, it's not the whole thing. But there's a lot of it. And you know, I really enjoyed this, but there's not a whole lot of it. I can play on the air. But

Chris Harrison 04:08

we'll have to have to learn a little bit more with the fancy. See what we're still used to the having to go through with a tape deck and hitting the pause button. Yeah. See, ya have to learn the new technology here and or we

04:21

have Margaret shows book. I'm the one that I that I want. That's from her last movie. And we have DVDs. Yes, we do have the perfect sun gay themed, or Claire of the moon. That is the classic classic lesbian movie.

Chris Harrison 04:38

And I mean, the company where you get those from the video will video I'm on their list now and I got their list catalog. They got incredible things and it was amazing going through there and going, Okay, I've seen this movie. I've seen this movie. And it's like, there was so long ago I wasn't watching these gay films and then to come out and see them. Yeah. And the funny thing is To be able to get those now it's becoming somewhat mainstream in the fact. I live out in Copperfield. The blockbuster out there carries several gay themed films, really. And they don't put something like down here at the Montrose where it has a section that says gay and lesbian films. It's called Sundance Channel favorites. Oh, and I mean, I've gone through there and it's like, I'm sitting there going back. We're Queer.

05:24

Yeah, that's the word Sundance Sundance. That means Queer movies right between

Chris Harrison 05:29

that and the foreign section. It's like Queer, Queer, Queer, no Queer.

05:34

We started out with Wolf video they gave us a big big Aiden those CDs DVDs DVDs and what

we started out with won video, they gave us a big big much, those CDs, DVDs, DVDS, and what a wonderful movie that was. And so now they've got the perfect son or Claire the moon \$50 on plastic 52657385 to six KPFT. And that's in addition to whatever KPFT is going to throw your way. And

 Chris Harrison 05:59

\$60 level is the tote bag, or coffee mug, I believe.

06:07

And 75 is a T shirt and, and don't

 Chris Harrison 06:12

ask me past that. 120 is two T shirts to teacher. Yeah, yeah, the double T Yeah. So

06:16

120 bucks will get you two T shirts. And any one of the items that I have mentioned

 Chris Harrison 06:22

today only called the \$120 level. They'll call that the love it because it's the love T T gets the two T's Oh, making up things while I'm talking. Is that what

06:33

you mean by love tea tea?

 Chris Harrison 06:34

You're the one who's always talking about loving me. I know I was trying to work the board while you were saying Yes, sir. Yes, you're right. While you were pumping for pledges while someone was talking other joints. There you go.

06:51

You are listening to after hours? On KPFT Houston and ke o s College Station. It's actually kind of your segment right now, isn't it?

c

Chris Harrison 07:00

Yes. Unfortunately. The rugby boys I guess I scare them off with Oh, I was hoping they're going to be here. And we'd said we'd scheduled they could come in early. And because they were out with us on Q Patrol last night. Walk in the pavement. Huge group we had out last night there was about 24 of us out on patrol. Wow.

o

07:22

Is there anybody out in the lobby?

c

Chris Harrison 07:26

Yeah, well, the mics on

o

07:30

is big Roy there. Big

o

07:31

Roy is here and Queer. Hey, how you doing big Roy anyway, I can't when anyone's looking what's going on in the lobby? Nothing. These phones are dead. We definitely need people to start calling in right now.

o

07:43

Well, I already talked about all the goodie bag goodies I had in my goodie bag. And so

o

07:50

the tickets, ooh, somebody wants to tickets, but they got to fork over some money on

o

07:55

the plastic. There you go.

o

07:57

Or cash.

07:58

At any rate. Listen, Coble Evans is coming up next week. That's National Coming Out Day. And this would be a great way to celebrate coming out by making a pledge to after hours at KPFT. You know, this is the only guy show I this time of night that gets the word out to the entire community. And we have so many different segments in the community, do we ever, and this would be a great way to help celebrate coming out. If you're thinking of coming out or you have come out, you want us to celebrate your anniversary for coming out. Give us a call at 713-526-5738. You know, we really do need your pledges. And we really appreciate all the support you can give us.

c Chris Harrison 08:49

And one thing you got to look at with what we do here on the radio show is excuse me, you know how you see a lot of the television shows nowadays that have the Queer characters have the Queer themes. I mean, we're not all like queers folk. We're not all like wheeling, Grace. I mean, if that's all people are getting of what the way our community is. They either think we're a bunch of people that are out for the three days drinking drugs and debt. And that's queers folk.

09:18

Yeah. Well, that's what's going on here. And we laugh You're here five minutes ago, we laughing got up and you know, we do this and that but and we're always there's always a message there. No. Or information.

c Chris Harrison 09:34

Yeah, it's that's the thing. What we try and do is give you that other idea of we're, we're not all the same. We're not We're not all the the jack of character are willing grace. We're not the closeted gay man who can't have a relationship on that will is that for some reason, I mean, he doesn't seem to be able to have a man around him but he can only feel sad. He can only feel be a human being and that is by having a woman around him. And what kind of gay man is that?

10:01

Well, you know, I've got a lot of lesbian friends, but they don't take the place of boyfriend and lover. And

c Chris Harrison 10:09

that's the thing is we try and give a different look out to the community. Plus the fact during prime time, it's hard for some for our closeted members out there who bet who are still at home with family to to turn on queers folk to turn on six feet under or willing grace, and get to

see to find out about the community. And once again, that's somewhat of a skewed view, not to say that we're not escaped we were known and bent on here as much as anything else.

10:43

We we are unlike any other group in that being GLBT, gay, lesbian, bisexual and transgender. We cross all lines and all races we cross, all all, you know, from the preppies to the blue collars to every race known to man. I mean, we're everywhere. We're a part of everybody else.

Chris Harrison 11:10

And every way that you can try and divide the community, there are so many subsections Yes, it went out a little bit here. I was over before Q Patrol started this evening with Steven Jerome, who was looking at some of the groups, African American gay groups out there on the internet. And just the diversity and how some of these were so sectionalized of these are these people looking for these people? And that's all you've got. Yeah, and there's a lot of that sexualization that we have in this community of pigeonholing. But there's a lot more that's open. The first time one of my brothers went to with gay bar with me. And my, he went back and reported to my father, there were lesbians in the bar. And my father was like, fail out lesbians and a gay bar.

12:01

Yeah, why not?

Chris Harrison 12:02

I turned around. I said, yeah, they even allow breeders. And he and my mother looked at me going, readers. Yeah, the two of you your breeder, she's like, Oh, okay.

12:18

Oh, that's so funny.

Chris Harrison 12:19

So it's one of those things that I mean, we, we are this open community? And yeah, we are. But we are also in this closet. It's still because I mean, I can go into work and put on this somewhat straight appearance. It's it's not like other minorities out there where it's out there. In your You can't hide that you're African American. Yes. Right. You're a female. That's right. And yes, there are some gay men out there who could act somewhat straight and somewhat Butch.

10:50

Jimmy 12:52

There are some men who cannot pass as straight. And there are some women who cannot pass as straight. I mean, it's just that's, you know, that's the way we are. Hey,

Chris Harrison 13:02

I'm planing honest there when my mum and my car had a flat tire last week, I called the Auto Club. Plain and simple. I sat there and watched the guy with his pants buckling down and seeing you know, to crack Yeah, that's the kind of crack that I usually see on patrol. But it's usually in leather chaps or something like that, not sticking out the top level belt with a name on it. But that's the that's the thing. What we do is we try and give you a broader view out there, we try and give you a different idea of what's out of what's out in the community, not just locally, but internationally. Today, we're going to be talking we were hoping to have as people with sports, the fact that when it comes to sports, everyone stereotypically thinks that if it's gay men playing a sport. You're talking diving, you're talking swimming, you're talking gymnastics. When it's a woman playing sport, it's just about any sport, the woman plays basketball, golf, softball, but it's more than that. It's we try and show that we're something different. I mean, rugby. When I told my brother, that we're doing a special patrol on Friday with members of the rugby team. He was like, Well, do they know what type of group Q Patrol is?

14:26

He just assumed, right? Yeah, make that assumption. And I think rugby must be straight.

Chris Harrison 14:31

I told him I said, Wait, it's a gay rugby group. And he looked at me like, yeah, there's about 12 of them around the world.

Jimmy 14:38

Washington DC, San Francisco, Los Angeles, New York, Seattle, Argentina, New Zealand, Manchester, London, Scotland and now Houston. Gay rugby has arrived in Texas, the Houston Toros rugby it's not the tour now

Chris Harrison 14:54

they changed names is the Houston roughnecks.

14:57

Oh, roughnecks. Okay Is that because of the oil thing? No,

C

Chris Harrison 15:02

I think it's just because when they put a hickey on you, you know what? Oh, they're rough at the neck. I see.

♂

15:07

No experience necessary Join Now. Then taking the bull by the horns. And of course you know the slogan you've got it. You've got to have leather balls to play like to play rugby. I

C

Chris Harrison 15:20

like the more the more standardized one of the Yeah, comparing rugby and soccer that soccer is a game of gentleman played by hooligans. And rugby is a game of hooligans played by gentleman. Okay, that works. But it's one of those things that it's, it's hard to imagine, in a way. I mean, rugby is always considered this real masculine, Bucha sport. I mean, it's football without pads. Yeah. And the strange thing is to say that part of why you're going to why you why I at least I feel you're seeing a team here in Houston. Is it it came into prominence because of September 11. Well, you turn your mic down, so you can't go. Yeah. And that would I mean, you're gonna see probably a lot more of these teams forming around the area, because of the fact of Mark Bingham, who was one of the early heroes of the September 11 events. But unfortunately, as soon as the world found out that he was gay, all of a sudden, they decided, well, let's see, we can keep talking about this gay man who played rugby. Or we've got this other guy who talked to an operator, because he didn't, because he didn't want to connect through to his pregnant wife. And then they were able to show the pregnant wife and how she's coping and struggling, which is a wonderful human interest story. But all of a sudden marketing I'm just dropped off. Yes, completely of where the media was looking. And every time they showed a picture of him, they always had him with a baby in his arm. They had this one picture, I guess, was his niece or nephew.

♂

17:01

Yes. And they just made you assume let you assume that it was his. And

C

Chris Harrison 17:07

but but there's one thing they have to say about is the fact that I didn't see the the full part of it. But he was commended for his being an athlete of four of the the people in flight 93 all played sports in college and afterwards, Mark being and being with the San Francisco fog rugby team. And ESPN recognized his contribution and others during their award show the ESPY awards. And then they even did a special show on the gay rugby team because of mark that they featured just prior to September 11. So it's one of those events it's going to be it's been interesting to watch them out there playing football. I mean, rugby these guys were out on patrol. And I mean, he's, if you are into guys with muscular chest, oh, yeah,

17:59

these are big boys.

c Chris Harrison 18:00

I mean, these these are like, these guys are ice cream cones, basically. And they're they're kind of slender at the waist in the legs. But the chest just

18:10

goes out. Yeah, yeah, these are Yeah, yeah. The to this stuff by last night. Oh, yeah, they were big boys.

c Chris Harrison 18:17

And Alex, I warned them about nude radio, and they go, Oh, it's we won't be doing nude radio yet. Maybe the next time we'll talk? Oh,

18:25

maybe that's what scared them off.

c Chris Harrison 18:28

But we've got that sport coming up. Then we've got next month, the Gay Games starting up in Sydney, Australia. Oh, and I left

18:38

that at home. What? Well, we'll talk about that because in instinct magazine, Bob Smith had a little article on there talking about the Gay Games and he had a you know, events we'd like to see if the Gay Games that

c Chris Harrison 18:58

would be intriguing because I'll be honest with you when I looked through the quote unquote, athletic events, because first of all the Gay Games is not just like the Oh games. We're not allowed to use the word bowl, just say oh, yo games. It's also a cultural festival. That starts ahead of it. There's a lot of music. In fact, someone who we play here quite a bit is going to be opening the ceremonies. Jimmy Somerville. Oh, yeah. Is going to be the part of the opening act. That's fabulous. At both the Gay Games and their welcoming party, and he will also be there

with Katie Lange. Oh, nice. But like, some of the athletic events aren't really athletic. They call it the sport events. I mean, basketball, diving, field hockey, figure skating, golf, ice hockey. Those are all well, we can consider sport. I had to explain netball. Oh, you you have to watch to find out about netball. You have to watch the Olympics. On when they're showing it on like the third channel at like three in the morning. Wow. It's it's basically soccer using your hands. Okay. But some of their other activities like I guess I can't I can't fault badminton. But aerobics.

20:18

Yes, physique, yo, yeah, that's a big one.

Chris Harrison 20:22

Chi a bunch of muscle queens they're beings ruled over by muscle queens what a surprise

20:27

and muscle lesbians.

Chris Harrison 20:30

Well, of course it goes to the traditional stance or whole lesbians out there. Okay, well, you the south of sailing powerlifting of course the ones that was really out of there. Billiards? Yes. Bowling,

20:49

bowling. Well, you know, billiards and bowling are big in the gay community. Yeah.

Chris Harrison 20:54

Dancing. Yeah, well, well, I mean, they're trying to get dancing in the Olympics. Yeah, ballroom dancing. Oh, yeah. And touch rugby, touch rugby. And I guess it's for you just don't throw them to the ground afterwards. Oh, well.

21:10

That's the whole point, isn't it?

Chris Harrison 21:12

Yes. But see, if you're only limited to two hands below the waist. That increases your

possibilities. But the Gay Games there's gonna be over 11,500 athletes? Yes. 3000 volunteers. 2000 Cultural Festival festival participants. Wow. 45 sports venues, 31 sports, and nine days where the conferences and workshops. That's incredible. And it would be wonderful to get to go to see this. And maybe things will be better. And yeah, one after that comes to Montreal. And maybe even we get that here in Houston. Yeah. Because basically, I mean, the Oh, games aren't coming. No, they're not. So we if we, if the other people really still want to keep the games, let's show them that we can do something of a similar scale international competition, there would be wonder with culture. Let's bring it here. We go with American pride, say, hey, let's bring it back to the United States. It was San Francisco the first three years and it went to New York. Yeah. Then Amsterdam, Sydney. And then in 2006, it goes to Montreal. And Dallas was in the running for it. But they lost out to Montreal. So if you want to find more information on the Sydney games, let me tell you where you can go to on the web. It's www dot Sydney 2002 dot O R G dot A you and the EU parties for Australia, because you're going to going to look at something outside the US. So you have to add the extra letters. But that's something if you're interested we can get hopefully we can get some updates on some of the events and all that from them. Because this this is something that's a different spin on where we are as a community that's different from what you see in the media, how you see it portrayed. This was the event when they did the the fourth event occur. Fourth, fourth games in New York. This is where Greg Louganis came out. Yes, as part of the opening ceremonies. He had a taped message saying I will be at the Gay Games. And that was I believe his first public announcement that he was gay. Wow. And it's a it's a wonderful event. And like I said, hopefully we'll get it close by that we can increase our participation. I know there's a group here from Houston that is working on ascending team ascending.

23:41

You know, that's a long ways to go for a lot of for most people, you know, yeah. I

Chris Harrison 23:47

mean, just just the the length of the plane trip. Just the cost of ticket? Yeah. Yeah. I mean, I believe there's a comma involved with when you get that airplane ticket.

23:55

You bet. Yes. Yes. So

Chris Harrison 24:00

like, so we're trying to get some more information on them. And especially if we have a team Houston out there. We'll try and plug and promote them as well. We've got

24:07

some other things I want to talk about some. We have to work. Oh, good. And he wants to

announce Oh. Oh, were you saying is open the mic? Yeah, basically. Okay. The mics open. Okay.

24:22

Yeah, we have two people we'd like to thank right now on there. Yes. We'd like to thank Bruce for his generous gift. Thank you,

24:29

Bruce. Yes. In fact, he came by to do it. Oh, yeah.

24:33

And that was really wonderful.

Chris Harrison 24:36

He came by but didn't come by. Well, I knew offer it. I know. Of course I do. And we'd like to also think

24:46

we also like to thank Greenwich for a very generous gift.

24:50

Thank you very much. And

24:52

I'd like to say to our other listeners out there who have not pledged yet, you know for only \$5 a month. All right. Yeah, give in a \$60 pledge, which is only \$5 a month. That's right. \$5 I mean, that's, that's not even a lunch at McDonald's. You know, less than

Chris Harrison 25:10

the cost of your Sunday newspaper, if you buy it off the street corner. And

Roy 25:15

for for only 12 \$50 for \$12.50 a month. For only \$12.50 a month. That's not even a night out. I mean, you can if you're like me, you can go to dollars and 50 cents and not even know that you spent it or haven't seen. That's \$150 He was

 Chris Harrison 25:34

telling me I can't talk. I don't know what he's talking about. I mean, just because you mentioned about blowing 1250 Why would I have anything to say Jimmy?

 25:45

You know, yes, we do need you to pledge Yes, we did. Even though you may think that you're too poor. And that you may be like the rest of us poor his church members were up or add at these at these rates on monthly installments. Okay. They are very, very, very, very affordable.

 26:04

And if you can, if you can put it on plastic, we have wonderful gifts for you. Oh,

 26:09

we most certainly do. Yes. This is the only two weeks are the witches festival. Yes. Got CD movies, or DVD, DVDs,

 26:18

Call us at 7135265738713 KPFT jam KPFT

 27:07

Yeah, thanks, Roy. I've got we've got some things we want to promote and I've got two bitches. Things I want to bitch about.

 Chris Harrison 27:20

Oh, I thought you were counting bitches like going there's more people in that. No,

 27:24

no, no, no, no.

 Chris Harrison 27:26

We just cut off Roy's mics. Yeah, one last one. Well, I've

 27:29

got two things I want to pitch about. Too much. Not too much. Thank you. Thank you. Great, great, great, great. Okay.

 Chris Harrison 27:44

I believe Jamie's gonna be you're gonna be giving a the thank you gift in person.

 27:49

I may be yes. I would like to. Oh yes, I have two things I want to bitch about. Okay. We'll go okay.

 Chris Harrison 28:04

First of all, you're the one with you're the one in front of all the fancy buttons and sliding things you can do your pitch whenever you want to Applebee's

 Jimmy 28:12

the restaurant. You see it advertised all the time. Applebee's renovators any and Houston though. Well, I know there used to be and you know this this microphone travels long ways especially if you're listening in on your computer. You could be anywhere

 Chris Harrison 28:31

or I believe they probably have Malvern college station there I'm sure we do. The

28:35

Applebee's Restaurant Group Drew, which drew fire from a conservative Christian organization for advertising on the Bravo reality miniseries gay weddings, said Tuesday that the ad ran by mistake. A spokeswoman for Applebee's International said that the company specifically asked the cable television channel not to run the spot during gay weddings. As an advertiser, we like most companies prefer to stay with non controversial shows. Laurie Ellison said the ad ran once during the first episode of gay weddings on September 2, so they didn't want to run the ad during gay weddings, so we don't have to visit their lousy restaurants. Well,

c Chris Harrison 29:27

I mean, it's I've watched the gay weddings. Yeah, show. Unfortunately, I really didn't think it was too flattering of the community to begin with. The one the one the gay male couple they had on there were basically just bitching and moaning at one another well, which which is which is why a couple dozen. I know but the interesting part was watching the lesbian couple trying to find a place to hold their wedding ceremony and to go to all of these places and be rejected in front of a camera, wow. I mean, they would go in and say, No or they'd call up ahead and say we're going to have, we're going to come in and look at this hotel ballroom and all that and then come in and then show up. They say, We don't have any paperwork for you. We can't let you have the wedding here. Wow. And that was the interesting part. But this some of the sniping that was going on between the one couple it was like, Oh, God. And bitch number two,

30:32

video number two, and this is something that local, very local, it seems as though that there is a a nightclub, called the wagon wheel. Yes. And members of the transgender community are always looking for a place where they can be welcomed. And the wagon wheel offered to let them you know, hey, come by and stop by our club and and all of that. Well. Here is an an email from the wagon wheel club. To members of the transgender community app sent by somebody by the name of Roy didn't put the last name. After careful evaluation of a rather touchy subject, the right wagon wheel has made a very difficult decision. We appreciate the attendance for the past few weeks of the cover girls and representatives of other transgender organizations, we have come to know some of them on a personal level. However, due to the feedback of the patrons who have been customers for years, effective immediately, the wheel will be off limits to them. We extend our best wishes and hope they find another club that is as friendly and loving as the wagon wheel. Friendly and loving my ass. Now the wagon wheel, I checked it out and the business directory located at 12,000 oh two six Hempstead highway. And here's their telephone number 713-977-9246. Perhaps you want to give them a call and tell them exactly what

32:31

you think Hempstead?

32:35

That's, that's how it was listed in the in the phone directory. The wagon wheel club.

c Chris Harrison 32:44

Yeah, that's Hemstead highway it's going to be with being 713. It should be within inside the beltway. As you can hear big Roy in the background. Well, who knows? Maybe I can put together a tape recorder because I sadly say this out my neck of the woods. So the

32:58

thing is that I mean, I have a lot of nerves saying hope you find another club that is friendly and loving is the

c Chris Harrison 33:05

wagon wheel friendship like that. I mean, kicking them out for Christ's

33:10

sakes.

c Chris Harrison 33:14

That kind of loving and and friendship thing there at least in an s&m community, they have a safe word that was just a kick in the pants and smack upside the head. No kidding. No kidding. And especially since the fact they had in a Halloween event planned for their publicized and now all of a sudden they have to find another location. Yes, I know. And I mean, considering the fact I'm not sure exactly where on Hemstead highway, that is a long relationship. But just from a general assumption. You're talking about your your old fashioned suburban kind of area. Yes. It's not the new growth area. And there's probably a larger minority.

33:55

Why invite these folks in the first place? That's that's the thing.

c Chris Harrison 33:59

Why put out the red carpet just to trip them up on it. Yes. And it's the same as

34:05

the transgender community. Once they find the club. They are very loyal. And they will be there every week and bring lots of business to that club. Yeah,

Chris Harrison 34:13

I mean, it sounds like they were I mean, the cover girls is a drag group, I believe. I don't know. I'm just going off the fight. I think I might have heard of them before. But the fact of the type, the type of community that is in the transgender community, of going out to these establishments, and there I've ended

Jimmy 34:33

up a little Yeah, there was one establishment that they went to for years and years and years. And they it was a mixed group. I mean, it was transgenders. It was bys, it was all the neighborhood folks, but that club closed down and they had to find a new one. It wasn't that they were thrown out of any club. But except here wagon

Chris Harrison 34:53

wheel. Yes. Yeah, unfortunately. So that's that's part of that Suburban. Mystique is another one club That was close by it were actually we've discussed about the club before. There's some some of the regular patrons who were kind of worried there's too many lesbians in there. Oh, but fortunately, the owners basically didn't listen to them. And they're the ones that will book Christy Claxton to come in. Yes, I know that club and they will bring in Daniel link that's right to to play there and have a very diverse crowd. Yeah, that's the whole idea. And that's, that's the sort of thing that you have to realize that, you know, it doesn't matter if that money is coming out of a billfold or a billfold. That's in a purse or a purse. Yep. It's still green. And it doesn't matter if it came out of a Queer hand, a black hand, a white hand, if there's nail polish on it or not. That's money. Yep. And for a business to sit there and say, We don't want it. That's the most asinine thing.

35:57

I think so too.

Chris Harrison 35:58

Apparently, they're drinking the stuff that they're drinking out of the bottles that they're not watering down.

Jimmy 36:05

Onto happy your stuff here. The Royal Sovereign and imperial court of the single stars got

some things going on. And I know what you're gonna, I'm gonna say this and I'm gonna you're gonna laugh. I know you're gonna laugh. Bingo for a cause. Bingo. Bingo. Yes. IPR, the Imperial Princess Royal 18. Chicago, St. John. And, and Duke 18 Kenny Richardson host bingo for a cause that decades. It's a monthly event benefiting the coronation and Miss camp America Fund. There, there are prizes for each game played. And usually the prizes are worth at least \$25 Food always provided. Everyone has tons of fun, and there's no drag. I went this month this past month. And it was really kind of fun. Okay, it's theirs. They have five bingo games. And you know, you can pay 20 bucks. You know, for all five games you get you get two things to board, two boards per game. And the first four games, you get a prize and the price was this. There's this really nice basket the cotton they sell it. I've seen the similar to them at Bombay company filled with a

37:34

dozen or so hair products. That was really, really nice. And then the fifth game is you have to cover all the numbers. And yeah, blackout and it's you split 5050 The whatever. They took money they took in for that game. And big Roy has something to say

37:57

yes, Larry out in spring brand. Hey, Larry. And he was he just called in concerning the wagon wheel. Oh, now he said it's a straight club gay friendly, but straight, he says and it's a very tacky, tacky place. He said it's quite attack. Oh, really. He said that they have trouble with their own heterosexuality, let alone the transgenders. He says that it's no big loss losing the wagon wheel. He says that they had like these lingerie shows with women's and just like, the whole, the whole thing is just really bad. And from what he was telling me, I think the transgender community ought to celebrate that they're not going to go to the wagon wheel.

Chris Harrison 38:41

I have been forced, I must admit, it's time for my confession. I confess I did have to see one of those launch ratios at one of those clubs. Yeah, my wagon wheel now scandal. My my father conveniently somehow forgot that there was a lingerie show. And invited my mother and I had to go to this place to have a drink. Well, my mom wasn't interested in I sure as hell wasn't interested. So we had to watch these women walk around and bra and panties. And basically what it was is the men get to, they look at the outfit. They go, Well, if they like it, then they buy it from them. So they'll buy the bra and panties off of these women. They'll go into a back room, they'll change out and bring it back out to Oh,

39:28

no, like nude radio or something. No, no,

Chris Harrison 39:30

no, no, no, no, no. So the laundry shows are quite tacky in themselves. Yes, that was after I came I was like, Yo, yeah. Looking at me going you don't find any of these women attractive.

39:43

So the wagon wheels no big loss.

39:46

No, there's that way you know, we should be glad they should be glad that they're not.

J Jimmy 39:52

Thanks for the tip, Larry. Good. We're reaching people out there any Wait, don't go for a cause there are prizes and it's really kind of fun. It's at decades, which is a bar right in the 1200 block of Richmond Avenue next

C Chris Harrison 40:10

down the street from the post office. Yeah, yeah, it's right and if anyone which mailbox you want to go to there's the post office on one side and then talk of the town on the other. Yes, exactly. Yeah. It's nice. Your mailbox you want to put your it is

40:23

next to talk of a town? Yes, it is. And we all know what talker the town is anyway, but that's really kind of fun. And this is

C

Chris Harrison 40:56

That's a double wide. Yeah. Two double wides stacked together. Wow.

J

Jimmy 40:59

That's about the size of it. Yeah. But yeah, it's a nice crowd. And like they said no drag. And it's it's really bingo. I mean, you can get into this. I didn't I didn't win anything when I

C

Chris Harrison 41:14

went. But I think it's the Catholic and you coming? Must be but

And so now it's turned into this larger event held at a hotel and fundraiser. Okay.

51:13

Okay, here's here's something from Don Gill. Yes, Mr. Everything and Mr. Wonderful. Last year at Creath Robinson's memorial service Don Gill mentioned that the former Mr. Prime choice winners would be doing a benefit in his honor for the Gulf Coast archives the museum at which time we will induct crusherthe into the archives. c

Chris Harrison 55:01

What are the things you can talk about with Pacific radio? And what we do here is we have I've, when I mentioned this degree in which I was going to talk about the Pacific as kind of like hamburgers, right? What? Well think of it this way, when you go out and you see all these places where you can go get fast food and all that. Basically, it's the same gray bland product produced somewhere in the Midwest and shipped out all around the country. And that's basically what radio is out there right now. And we were talking about, there's 50 stations here in Houston, a good dozen of them are owned by one company. And if they had their way, they'd have all of them. And basically, they're going to try and produce everything they can out of San Antonio, that's true. We're different. We're the kind of show that can put on. And we're the kind of station network that can put on gay programming that can do stuff like the prison show, who can with all the new programming with came out there. The the Mother Earth, the mother show that they have during the week, a show for teachers a labor show, that kind of program you don't get to hear elsewhere. It's that rare breed. And we need your help. It's we don't get money from the get we get some money from the government. Not a lot. Oh, hardly any. Man with the current makeup of the Congress, I'd be more than willing to take whatever they send to stations, our stations and other stations like them and turn it into a missile. Yeah. And, or to send it elsewhere. Probably to some large energy company that's going to be going under. That's where their their ideas and their priorities are. We're a little different. We try and give you the news and the information that you're not going to hear elsewhere. This show is the sound breaks closet doors down. And that's the part of what we really look forward to what what makes it helps us to come here every week, and do the show is to know that there's people out there listening. Who wouldn't have an idea of what the community is like if it wasn't for us. That's true. And we need your help to make sure that the station assets as itself, not just our show, but the fact that the station KPFT 90.1. FM, we're trying to expand right now. We're trying to get the better signal out so that when they do get a bar up in Huntsville, they can hear us Yeah, that our men behind bars can hear us here that if you're down, if you're coming out of the boulevard saloon on Galveston, you can hear us and that's what we're using the money for it. This isn't going to, to high salaries, it's not going to legal defense teams yet there because we're having a couple go and have sex in the back of a church. Or like this latest one there, which actually sounds like something we would have had they had a 17 year old guy strip around and walk around naked and forever. Well, he lied and said he was 18 Well, he was trying to get football tickets. Tell

o

58:16

you what, you know, I'm gonna play a song that you're not going to hear anywhere else and I mean, not anywhere else.

c

Chris Harrison 58:22

And that's that's the stuff here that we get. And I'm gonna play it

58:27

right now. It's by Jeff Stryker. Oh, yes. And it's called pop you in the pooper? No, it's just ridiculous, but here we go, folks. That number is 7135265738713526 KPFT

c Chris Harrison 58:58

told you it's ridiculous. apologize for the bad things I've said about country western music that you play. Yes. Hey, we've got one we can keep. Now going back to the wedding, my Oh yeah. Uncle who've told my dad that they want to find a place they can go to steppin and the only thing came to mind was the BRB Sure. So what we'll do is a worst case scenario borrow that CD and then come to step two papi in the Cooper

59:31

I think that's just so ridiculous. You don't know I've met Jess Stryker, he's a really nice guy. He's much better looking in person. And he's you know very soft spoken.

c Chris Harrison 59:42

Well, of course I mean, it's easy to be soft spoken in that industry. I mean, most of your dialogue is dubbed in I mean, how forceful is it have to be to go? Actually, the sad thing is, is I did grant one of his movies once and actually the dialogue turned me off. Oh yeah, it's terrible. This This was worse than your normal porn. Oh, well, I That's why I kind of go for the see I go for the artsy kind. I go for the foreign language films. Because that way doesn't matter what they scream

1:00:19

at oh, here comes big Roy.

1:00:22

Yes, I want to thank Jr. Way out in Plano. Hey, listening to us for our very generous gift. And he said that he appreciates what we're doing for the gay community and thank

1:00:34

you for the prisoners. Yes. Yeah, we you know, we've got quite a few men behind bars who write us on a regular basis sometimes cut one every week and some the Nubian that the Nubian Prince. Yeah. And

c Chris Harrison 1:00:53

CHRIS HARRISON 1:00:00

I remembered his first name. I wasn't sure on the last name. The

1:01:01

Right folks here, have you ever been?

1:01:05

I just want to mention that Jr. is a new member. Hey, new member.

Chris Harrison 1:01:09

Thank goodness. Thank you very radio virgins are coming out of the woodwork. Hey,

1:01:14

I like that. I like that.

Chris Harrison 1:01:17

Well, you always love getting her taken care of a new virgin. No,

Jimmy 1:01:20

but you know, these guys write us on a regular basis. And several of them would like to have pen pals. And I'm always asking, but you know, I hardly ever, I think only one time I got or somebody calling in say, Hey, I'd like to write to a prisoner.

Chris Harrison 1:01:38

Don't like me and my hands are busy elsewhere.

1:01:40

I see. Okay. It's been a fun fun night. And I hope you folks have enjoyed it as much as we have. It's, we've

Chris Harrison 1:01:49

done plenty of pitching unlike some of our other drives. We've done some catching even yes,

1:01:53

no kidding. So to speak. It's wildly

c Chris Harrison 1:02:02

over, I can make him speechless. That's the beauty of it.

1:02:07

The one thing about this show is that we bring you three hours of Queer life every week. And I'm telling you, the show never ever goes the way I planned it out. You know, I think, okay, we're going to do this, we're going to do that we're going to do the other never happens that way. There's always something that comes up or something doesn't or somebody shows up or somebody doesn't.

c Chris Harrison 1:02:30

Or something comes up to them. We just, we just want to put on like Anegada DeVito play a couple of times.

J Jimmy 1:02:37

It'll take the twin take care of things. Yeah, there we go. Hey, anyway, we've had some wonderful pledges tonight. And I want to thank everyone who's who's called in. We'll be here next Saturday night. And that will be another pledge night but in the majority

c Chris Harrison 1:02:52

of them, do not say Houston. Wow. We've got we have like three that are Houston and we got one Pasadena to College Station and one plane out, man that's outside of Dallas. That's the nice part of Dallas. Yeah, he's listening on this computer. Now. Actually, he's one I believe who's in Huntsville. Oh, who called him? That's right. That's right. Okay. Well, he's he has the same initials,

1:03:39

c Chris Harrison 1:03:49

interim Pacifica national board. That's where they were streaming it live and some of their other special events. This is right. Yeah, just don't have time to get out onto these airwaves. They get out at least out onto the internet waves. Yeah.

1:04:02

You've been listening to after hours Queer radio with attitude on KPFT Houston and K EOS College Station coming up at the top of the hour is Zydeco. Pasa LA and I know that Mary and her gang are in the lobby. I saw them there and they're getting ready for a wonderful show of bringing you some wonderful Zydeco music. In the background here. I've got Jimmy Somerville, who we talked about earlier who's going to be opening up the Gay Games in Sydney, Australia. And he's this is from his wonderful CD called dare to love that. If you have a chance to see this maybe in a cut out bin or, or in the youth section. pick this one up. It is really really good. This is the title cut called dare to love. And we will be here next week. At the same time one to four a aim and

1:05:01

see you later everyone you bet take care
