Welcome to After Hours news interviews with big Roy. And your Michelle lists.

00:39

I am Michelle. She's still under the weather this week. Oh man, I was talking with her earlier today. And, you know,

00:46

she okay.

00:48

She's been under the weather and I told her, you know, because it's so cold and damp and everything I told her, you know, it'd be better. Go ahead and take the night off again. I don't want them to happen, or you know, better than we have. 100%

01:01

Well, I know. I know. You've got some stuff and I'll be jumping in here with some stuff too. Just to make you nervous and upset. I'll just jump in there and right in the middle of everything right in the middle of it. Okay, so,

01:14

hey, you're the boss. Okay, also, for our listeners, I just want to say that we have a visitor with us tonight. Over there. On the other side of the broadcast window we have my visitor it looks like Mr. Kelly or

01:32

what you're here like at least once or twice a month once or twice a month, right Bo D clown his

01:38

and he's all dressed up like Emmett Kelly.

01:40

Yeah, well, I

01:41

do the show tonight over it. Mary Oh, and

01:44

without a dress

01:49

or watch floating around as always,

01:51

yeah. No, Wilma, we had a roast we roasted Wilma. Roasted That's right. I saw that rose from Wilma and get a benefit and stuff and raise money. You know? Numbers and i i get a number called yard. You don't have to call me darlin. But I was I looked like I was in a martini glass. That was the costume that I wore. I've seen

02:19

that before. But you have got something coming up on the 28th 28th

02:25

March 28 Seven o'clock mark drag time either boy that's early. No, not really. Seven o'clock on Sundays. We have you know, there's a lot of people that do work.

02:38

You know when you whisper you can still hear that over the air.

02:43

So sorry. Yeah, some people do work and I've heard that some people cuz this is a Sunday night so Okay, some people like to have to see shows. Yeah, a little bit. Especially I'm hearing this from the baby boomers. Did you know that the baby boomers are basically saying hey, give me a break out of bed early

03:02

and the old farts are up there till midnight one o'clock

03:05

but I'm hearing more people are saying they see shows earlier the day if you know a lot of benefits shows on Sunday art

03:13

or earlier yeah early yeah. You're right that when the ones over it like the BRB are always

03:20

at eight o'clock. Everywhere. You know, I think yeah, they don't have steak night over

03:24

there anymore. I think the stuff the pit I guess they still know they don't they don't have they don't have steak night on Sunday. Why don't want speak. I didn't even know this.

03:34

Well, you see how their bar looks. I think it looks fantastic. They just moved it around. Where it

made more space.

03:41

Okay, wait a minute now. Okay. But as I said, there, yes, that's right. March 28. It's

03:45

March 28. Where, EJ ej 2517. Routh street.

03:52

That's the it's run by that kind of restaurant in the chart marks. Yeah, they're adding on to it. So if it's each ace, are you gonna have a little boys taking their clothes off?

04:05

If they want to. It's a variety show. Oh, wow. I mean, I'll leave it up to anything. I

04:09

like that variety. Alright, so you're looking for performers? Yes.

04:13

I'm always looking for performers. You're not doing this on your own? No, I have a co emcee. You certainly do the ever fabulous, dancy fool. And you won't believe this. You know, I get on the internet a lot. And I have a little signature at the bottom of my email. And it always it says whatever. I want to talk about it. Yeah, since I'm having this benefit and everything. And I say it's co emceed by Rainbow to clown and Nancy for Yeah. Someone from Katy Texas. who is a friend of mine. Yeah. straight friend on another chat line. You know, the WeChat chat line. She says is this the the Nancy? Well, is there any other

04:58

none that I know of? No. She is VP.

05:01

So I have to get back if I someone could tell another Nancy Ford.

05:05

Yeah. And when I call her up, she's usually here on the third Saturday, I have to give her a call and say, Hey, Nancy,

05:13

but she's gonna be there and I am looking for different people that like to entertain a baby. I don't know the Jimmy Carter, have you heard of him? No, never. Have you ever seen Jimmy Carter and address? Would that be fun?

05:27

That would be awful.

05:30

But I've had some activists that like, they said they'd like to do it. So I'm just wait. I'm telling

05:34

you. I, I've been in dragged twice in my life once when I was very young. And that was that wasn't bad. And then oh, about 10 years ago. Somebody talked me into it again. And had pictures taken, you know, had this elaborate outfit and all of that long, dark wig and stuff. And when I got the pictures back, I thought, Oh, my God, I need career. I look like Loretta Lynn's mother. That's all right. And so that what I figured now I don't need to be in a dress. It's uncomfortable for me anyway.

06:10

You know, I'm talking to some of the drag queen said, entertaining. Yeah, for EJ. So I asked him if they would help. That would be great. With some of the makeup on some of these activists that they would like to do I see and they've got industrial strike make.

06:24

That's what it would take for a lot of us. Let me tell you

06:28

that. It's gonna benefit we've read tell who? Yeah. Who's gonna benefit Gay Pride Week? Gay Pride committee. Yeah, good. Yes. Good. Good.

06:37

And those are the folks that bring that huge parade to you. Every year, the last Sunday in June, and we're gonna it's a longer parade because Saturday Saturday in June. It's gonna be a longer

06:48

parade. Yeah, yes. I mean, we had to shorten it the first couple years because of a city or

06:55

Philly asked city ordinance. You couldn't have it longer than a mile if you had a nighttime parade. Why? That made sense?

07:01

Right. I think this was started to school like it did. Yeah. And go all the way. So it's gonna be fun. Oh, yeah. Yeah. But you know, they need funds. And

07:11

sure they do. They need seed money and all of that, you know, you have to have police and you have to have permits and, and all that stuff costs money, folks.

07:19

And so we're gonna have a little bit if it should make some money. Yeah. Good. Good. Good. And if you have some talent that can be presented. Oh, I see. Yeah, well, that can be frizzen as

07:30

well. You know, maybe you could have that backlit in front of a sheet or something. Like those boys used to dance. Over DJ.

07:39

I remember that very well. Shadow

07:41

.

shadow dancing. Yes. Well, I could. I could perform my talent. That's the only way I could do

07:47

another stage. Yeah. Would you do shadow dancing at EJ? I wouldn't be dancing it you know what? I was basically the only one they got to I would need someone else with and I was basically the only one that got to see what was behind. I know they were all naked. Yeah, you guys only got to see the shadow. Dammit. That was 10 years ago.

08:07

Okay. Okay, I'm getting

08:10

there. March 28. Seven. P And

08:11

how did they get in touch with your ass?

08:14

Or any other part of you? You get hold of me? Rainbow deep clown.

08:19

How do you spell that?

08:20

Well, I spell a little bit differently. I spell like the bread. Our ai n b? Oh, yes. DKLW. Yeah,

08:28

that's right. At

08:30

web tv.net web

08:33

tv.net Get her.

08:36

Or you can get the headline on a phone to eight one and

08:39

you give out your phone

08:41

number you don't matter. That doesn't mean I'm gonna be able to answer you. It doesn't mean I wouldn't be able to answer you because I usually I'm on the No

08:49

kidding. You'll get a busy signal all night long. Three in the morning.

08:53

I live outside the loop. So you certainly do. In a pink trailer. With a big pink flamingo this

09:02

segments going on way too long.

09:06

Oh, the phone number is 281-448-0959. Right. And I'd be glad to put anybody there

09:14

are incredible amounts of fundraisers this month. So we'll be talking about what else fundraisers oh my god, we've got Mr. Ed. Who is running running for Mr. Prime choice. That is the horse. Oh, yeah. ED glass glass. Glaser. He's a bartender over at the outpost.

09:35

Where's the beef? Yeah.

09:38

He is pretty man, too. He is doing like there's I've got a list of five fundraisers he's doing and he's there. He's doing them for Colt 45 Stone Soup Stephens house and the gay and lesbian switchboard. And on St. Patty's Day, March 17, at eight o'clock Wednesday. That's right. He'll be done. Going one at the outpost, which is right there on Richmond, march 21. He'll be doing with at the lazy j with Shawn Carter, Mr. Gay Texas on the 28th while you're doing yours at the same time, he'll be doing when at the briar patch at eight o'clock with the court. Then April 2 at Nighthawks and April 11, but decades. I mean, it's just this guy's really working it incredible what else we got in the news. People are tired of listening to me.

10:37

Okay, this week on news and music got a bunch of heavy stuff today on everyone. Seems that the FBI is in search of this crack whore murder. White guy. That's right. The FBI No, I

10:54

saw that crack on anyways, and

10:57

but this guy is targeting people in the gay community. The person's name it well, this person is 29 year old Percy or Perry, Wayne Froman. And he's headed directly to the gay community to get money and ID. He's already killed somebody out there in Birmingham. And he's also committed on robbery and a number of assaults. And Frohman is described as a white male, six feet two inches tall, 180 pounds clean shaven with brown eyes and brown hair with a crooked he's a good looking kid who can easily coax potential victims into conversation and load them into trusting him. He can be identified by his crooked and chap teeth. And there may be fresh injuries on his hands from an assault he allegedly committed earlier Tuesday up in Tyler. And Mr. Froman could be driving a stolen 1987 Two Door maroon Oldsmobile with Texas tags B eight seven B x C. And it's a vehicle of that description that had been stolen from a manufacturing plant around 3am On Tuesday morning of the assault and robbery at a hotel, night clerk and in Tyler. He was last seen in Tyler where he had been living since February 28. And on March 9, he allegedly attacked and robbed a 35 year old female nightclub employee of the Tyler Ramada Inn, where he lived and worked as a maintenance man. His Mo is that he trades sexual favors or money or for crack cocaine. He preys on gay men, and he usually that he usually meets in social settings such as gay bar. He has no age preference for his victims. But he prefers transient relationship. He may stay with someone for two or three days mooch off them and then move on after he's robbed him and he's already killed. Like I said one person in Birmingham, Alabama, and so the FBI is looking for him. If you have any infinite information as to his whereabouts, please contact the Houston office of the FBI. Or as always, you can

contact Crimestoppers at 713222 Tip s. And moving right along. in Galveston, we have people that are getting ready to open up a gate in it will have a 21.1 rooms. And they are meeting some opposition from a local Baptist minister there by the name of Ken Barber, who has also recruited Houston Minister Aubrey Vaughn of the Grace Baptist Church here in Houston to oppose and to try to stop the opening of a gay in. And these people these ministers are saying that they the gay men who are trying to open up the spa, new in our molesting children and that gay people molest children into their lifestyles. It's once again it's just a ruse to scare people into I mean, you know, using children to scare people into their way of thinking

14:19

they've done they did a slant on this story I actually saw on the mainstream news one of the local stations. I won't give you their name, because I wrote not sure but I think their initials were one one. And they had they made a special point in there to point out that even though the pool is enclosed, it's not going to be clothing optional, which was something I don't understand why they had to throw into a new segment of Adam. By this they've actually run the local news. About a week or so ago. I remember seeing that

14:49

you know, just it's just part of the, you know, the scare tactics and hate mongering. Gay people do not go after children. We don't

15:01

I mean, we don't unfortunately, that's it all you ever hear in the media is whenever you have a child molested, they always make a sharp point to show the person's mugshot. And they always say, this person molested boys. But if they always, if you hear him say very softly, just children, it's probably the 95% of the child molesters who was a relative of the kid, and it was usually a heterosexual molestation,

15:25

well, when you're talking about child molestation, it the actual reasoning for it is actually the same as rape, it's a power thing. You're really a person who sexually molest a child, a male child will equally a sexually molest a female child. And it has nothing to do really with their gender. It has everything to do with power and dominance and control. Just like a winner, a person when a man rapes a woman, it has absolutely nothing to do with sex itself. It has to do violence, violence and power. You know, it's it's a whole different thing. Unfortunately, men do not molest children. We don't we're not interested in children.

16:15

Unfortunately, one of the ministers that's all they can get Pat, they come up with this idea, they lie, they lie.

16:22

They lie and they know that they are liars. And they go ahead and then they spread the slide anyway because it helps bring money into their church. Of course, bottom line is money for them.

16:33

Why else would they pass the plate around so many times a day even know that right?

16:36

Anyways, a Galveston man has been sent for an attack for attacking a gay man. Federal Judge Samuel Kent sentenced 24 year old Christopher Stefani of Galveston to a federal penitentiary. Now when you go to a Federal Penitentiary, you do the whole you do the whole nickel. There's no There's no parole. How long

16:56

will this become a federal case

16:58

on a charge of felony of a felon in possession of a firearm? Now this is what the Galveston Daily News is reporting. And Stephanie was accused of shooting the home of a gay man back in May of 98. A year ago, witnesses told police that Stephanie had accosted a group of gay men who were standing at 44th street and ball streaming. Stephanie threatened one of the men and told them to leave the area. But when Stephanie slept one of the men, the men responded by flattening Stephanie with a single punch. Stephanie went home and got a pistol and shot several times at the home of the man who had punched him. A day later, please work in a federal community. Policing grant spotted Stephanie in the palm terrace area and arrested him after they discovered he had a pistol. The gun proved to be the one used in the shooting. police charged Stephanie with deadly conduct and with being a felon in possession of a firearm, but dropped the charges so US attorneys could prosecute him on a federal weapons possession charge. So he goes to the federal penitentiary and does a whole nickel on that one. Which I think is kind of which I think is kind of groovy because when you go to federal prison you have to do the whole time. You don't get early, really good time don't mean nothing. And you imagine

18:18

what's gonna happen when he gets in there and tells his story. I went and shot up a house for gay man because he knocked me senseless. He's going to be so popular in the pan.

18:27

Okay, well, the expanded hate crime bill has passed its first hurdle Vokes. The James Byrd Hate Crime Act, also known as House Bill 938 was overwhelmingly endorsed by dozens of speakers including birds younger sister, Lavon Harris and numerous civil religious and gay rights leaders, house judiciary, Judicial Affairs Committee voted to pass the bill into the full House by a margin of 62. So that's the first hurdle and then that's a good sign. supporters of the bill include a Texas district and County Attorneys Association, the Gray Panthers, Travis County District Attorney, Houston Mayor Lee Brown, the American Jewish Congress of Texas, the Austin Human Rights Commission in the Texas chapter of the National Organization of Women. He's Police Department, Lieutenant Mark Eisenman told the committee that the Police Department supports the bill, because it will help officers gather evidence more effectively. If you can identify the groups involved in it. It can help the investigation and it gives priority to the process. And so we're really happy to see that that that part of it has really you know, has already passed the Texas House Judicial Affairs Committee and is going on to the Senate

19:51

and then eventually to the governor's desk whoever that will be at the time that is handed to him. Okay,

19:57

now moving right along. We got the call already begins at home. I don't want to forget about that, folks. Again, I want to say that this is a major event, all 50 states in the nation are holding this event. On Saturday, Sunday and Monday, it's going to be on the 20th, the 21st and the 22nd. And people are going to their state capitals, and demonstrating for equality. And Saturday, March 20, there will be a youth rally for non discrimination in education. And the rally will begin at 1pm at the south steps of the state capitol. This is for non discrimination in our schools so that if a gay lesbian, bisexual, transgendered student gets accosted in school, then the principal of the school has to take some sort of proactive measure. You unfortunately protect the children.

20:58

Yeah, I've wanted I met someone a couple of weeks ago as far as helping out at a hatch meeting, giving a presentation on hate crimes. And I met one one young man who has been going through hell at his school. And unfortunately, the only remedy the principal's coming up with is planning on getting rid of the gay student, because it's causing a disturbance because he's there as too much as the punching bag for everyone else, instead of trying to set things right with Him. And hopefully, something like this, let this if this could go through. And possibly we can see some good coming out of it with education. And then later on with the rallies they're having for just general hate crimes pious.

21:00

21:36

Okay, now, on Sunday, March 21, there's going to be a huge rally up there in Austin. And the marches scheduled to step off from Parker Palmer auditorium, and go to the south steps of the state capitol where there will be a rally. And that's going to be around one ish in the afternoon, I believe. Then on Monday of the very next day, for those of you who didn't stick around for the night, they're going to be the lobby day the National Gay Lesbian taskforce will be holding their lobby day, and you'll be able to speak to state legislators to get these hate crime bills passed and get many other issues addressed.

22:26

I remember you showing up to this. They, they see you not not just as a person, but they see you as several 100 people. Because you rep if you're taking the time to come there on a Monday and speak to them in person, they figure there's a lot more people who couldn't make it there who are wanting to have the same opinion of you, as you do, and it really does help.

22:45

Okay, now moving right along.

22:48

Yes. And only right along.

22:50

Good. jump right on in there. Yeah.

22:54

Pat and from Patton Rosie's night sounds called me at the beginning of the show. And said, there's this version of Danny boy that you've got to play. And he gave me the name of the group and I forgot the name of the group. I wished he would call me back and let me know if you're listening please call me back or any call? That's right.

23:17

I know that Danny Boy they're talking about there.

23:20

And the group is

23:24

I don't listen to the show well enough there to know what the sorry. How well

23:29

okay, then gays are going to meet with the military people over the discharges in this Air Force Base in San Antonio. Officials with the service members Legal Defense Network, which is a gay servicemen organization, are traveling to Lackland Air Force Base, which is the largest training in the Air Force to investigate why the base has accounted for 65% of the entire Air Force is gay discharges last year, the Air Force discharged Florida and 14 servicemembers for being gay in 1998. Now that was up from 309 discharges the year before. Now of those 1414 discharges. 271 of them were in Lackland, that is 65%. And the service the service members Legal Defense Network wants to know why the numbers in Texas base are so high. Member of the organization see Dixon Osbourne says that they expect that they will be able to start developing relationships down there at Lackland. And what they don't excuse me. What they don't expect that they will be able to make any substantive conclusions

24:43

about tiny voice changes right? Ain't

24:45

that the truth? gases come into town Guess Who's Coming to Town. Bat Mettler you can bet your bottom dollar that it will be a sold out thing.

24:58

The Divine One is here No.

25:01

Bette Midler got her start started off doing performances in gay bars and at gay bathhouses and look at that and rainbow rainbow has got hit her ticket.

25:14

And the funny thing you can see if you watch enough the VH one occasion show the the where are they started or where are they now start? They show a an old I guess at that time of in film video of that Mettler performing in a bathhouse with Barry Manilow playing piano behind her. That's a bit of nostalgia.

25:36

And so tickets were on sale Friday and earlier today at Rich's that was the only place to get them. If you do not have your tickets. You ain't going your E. Lincoln. 26:43

If you have the ticket. Why do you have to get there four hours early, just so you can buy the rings and

26:48

March the 28th at 3pm at the Kaplan ze theatre and march 27 at 8pm at the same place. Tickets are going on sale. However, we have two pairs of tickets that we're going to be giving away. Oh, and we're going to be giving them away right after the news. Great. Two callers. Number one and two, one and two, one and two.

next Sunday? Sorry? Yes.

32:12

Okay. Thanks starts next Saturday.

32:15

Okay, thank you. Thank you very much. Okay. Now, let me get out there and pull you out. Right. And I'm gonna be talking about that just right now, in that the Tony was here last week talking about the gay man scores. If you sin, and they're doing a concert called, I write the songs, and it's gonna be on Saturday, March the 27th at eight o'clock and Sunday, March the 28th, at three o'clock at the Kaplan Theatre of the Jewish Community Center that's located at 5601 South braise wood. Tickets are available by calling the box office tickets and have your credit card ready or through any course member or prom probably. Well, I'm not gonna say that because it doesn't say that. I write the songs as a tribute to the great music of the past 200 years. They've got music brought by Franz Schubert, George Gershwin, Irish, Irving Berlin, Duke Ellington, Aaron Copland. Leonard, Leonard Bernstein. Yeah, all corners. Wherever they are, if you can visit their website@www.ge M C, H, Gay Men's Chorus, Houston, G M C h.org. And when I start the next song, which is not by the Gay Men's Chorus of Houston, you can give us a call at 713-526-5738. And the first two callers will get a pair of tickets to the this performance. And the song is coming up just like right away. It's by no, we played Esposito with Hi, Hello, Jeff crasner, who was in on the Grammy Awards last year. And this is the song and this was his song. He also did son of a preacher man which is a great version, but this is another wonderful song by Jeff crasner How long do I have to be strong? You're listening to it on after hours. Queer radio with attitude on KPFT Houston and ke O 's College Station. We'll be right back.

35:00

Oh Jeff crasner isn't that nice stuff very nice nice stuff. We got some by request Imperial drag coming up late, just a little later on but right now let's get back to all this good talking stuff we were doing. All of our girls are bad. Yeah.

35:19

Brandi, Marty and Devon. And we have crossing over there she, she's in the she's in the corner. Hey, we heard ya,

35:31

girl

35:38

she is on the floor

she is on the floor

35:46

anyway, how are we going? Oh, I don't know anywhere you can get into trouble

35:55

real No kidding.

35:58

Anyway, I do want to mention one thing we didn't touch on. During the last segment, we announced this at the Unity banquet, which is the formation of tea pact. The first ever transgendered Political Action Coalition. Ah, this is something we've really kind of lagged behind the other groups, especially the gay and lesbian community. And I think a lot of people have from the outside kind of wondered, whoa, you know, how come we don't have the kind of progress that a lot of the others have made. And a lot of that is because of the fact that we haven't been organized and haven't done the things that we needed to, to get to these next levels. And a big portion of this is actually contributing to the political campaigns. Now, this is a way of facilitating our speaking directly to our elected representatives, as opposed to just speaking with legislative aides. And we announced that tonight in fact, we even got our initial donations from both GCTC and Taff.

37:03

Wow. This is like newly forming.

37:05

Yes. In fact, it was just announced officially tonight. And we in fact, are going to have a fundraiser which big Roy alluded to earlier, the 60s Psychedelic revolution happening. Yes, yes. And in fact, the three of us that organize this thing are sitting here in this room. deserting Jessa. Kira there, too.

37:29

So what's the fundraiser about?

37:32

This is the first well, actually the second in a series of events going on this year. Throughout the year in it's a theme party type of banter. We had a 50 sock hop in January. Oh,

37:45

that must have been fun. Oh, yes. Terrific. Had a

37:49

great time. And we decided, well, why not? Let's just go ahead and continue this throughout the year. And since we're on the precipice of the new millennium, let's go ahead and relive all of the decades over the last half of the 1900s starting with the 50s we'd get the 60s coming up and then later we'll do the 70s and then the 80s and then I guess the last one will be the 90s we'll just be ourselves

38:13

Do you know that I've got like bell bottoms and flowered shirt and a leather fringe will expect you there that I wore in the 60s Well then

38:29

you took very good care of your clothes didn't was a little harder on mine. Well, then you're invited by

38:38

got the outfit.

38:43

We do want to announce to the transgendered community that we want to invite everyone in fact, not just a transgendered community, this is open to the community. Sure, everyone, we want everyone to attend and
