That's absolutely wonderful. You didn't tell me about that. It was a surprise. Haha, along with the interview that Greg Gordon did with Harvey Milk. A few months after his election, the first openly gay person to be elected to public office.

J Jimmy Carper 08:09

19:31

Right I asked I asked people

Harvey Milk 20:35

to do one thing come out in America

20:43

you had it easy you lost your husband in a nice clean hospital you know I lost mine I lost my street. It's like they killed him on the street 27 years old they are dead on the street kill bye bye with baseball bats that's why mom killed by children by people like you because everybody knows that quiz don't matter those that don't want bad gags?

Harvey Milk 21:49

Right. We must destroy the Miss Swanson fraud, we must continue to speak out. And most importantly, most importantly, every gay person must come out you must tell your immediate family, your Mexico your relatives, you must tell your friends if indeed they are your friends, you must tell your neighbor you must tell the people you work with. You must tell the people

the storage and the topic once they realize that we are indeed that children that we are need everywhere. Every myth every lie every innuendo will be destroyed once you do you will feel much better.

24:50

Children How to be loaded into

24:52

the end of an extra theme to use is taking the whole of our society and turned it on its head that the things that we want our health to be good into are becoming things that we no longer want. And the things that we once looked on as being a parent are now becoming things that are being lifted up as good and truth

25:09

is happening. I watched Boba Fett watching the last time. But in any event, he had some some young women who were lesbians who had just gotten discharged from the Navy. And they said, We came out of a closet and we're proud to be lesbians and the audience cheered. Well, I mean, it's like saying, I'm proud to be a murderer. I mean, is that pride? That's gonna be what the Bible says what Sheila said, is absolutely right. The former morality has gone a new morality has taken his place. But Paul wrote in Romans, he says, Therefore, God gave them over in the loss of their hearts to impurities, that their bodies might be a Dishonored thing among them, for the exchange the truth of God for a lie just what you said she looked and worshipped and served the creature rather than the Creator, who is blessing forever. For this reason, God gave them over to the grating passions, for their women exchanged the natural function for that which is unnatural. And in the same way also the men abandoned the natural function of the woman, and burned in their desire toward one another, men with men committed indecent acts, and receiving in their own persons, the due penalty of their error. The incidence of syphilis, gonorrhea, intestinal disease, and especially aids in terms of various types of venereal disease among the homosexual community in San Francisco is 12 times the natural national average.

Buddy Johnston 26:53

These are all lies kids. This is Pat Robinson on the Christian Broadcasting line, Family Channel, they're lying to you listen, well, these are lies reproduce,

27:03

there is no reproduction and lesbian or homosexual relationships. It is not and should make God

B

Buddy Johnston 27:10

we might reproduce something as hateful as Pat Robinson. Listen to these lines

♂

27:14

on this program we have received 200,000 or live calls one of all gay allies married people asking for spiritual help you lie on it's hardly that we're turning our backs on these people. We love them. And we offer to them the acceptance of Jesus Christ. Jesus loves them but he doesn't love their lifestyle. And the idea that we would force this thing on the society Paul in Romans was giving us the last moralized

B

Buddy Johnston 27:43

kickin account more lies

♂

27:45

in the depravity lies, lies, lies comes to acceptance of homosexuality, the society is finished. I want to make it as clear as I can. When we accept homosexual I accept homosexuality and lesbianism as a as a legitimate lifestyle and we protect it by the government, the society is over. Done. It's no more

♂

28:13

goodbye. I can think maybe of some of our partners watching in and saying Well Pat, this doesn't really affect my life. You know, I have a nice husband nice wife. We have kids. Why should we do something about this?

♂

28:24

Any number of nice husbands these these are so called switches or hitters they lies lies, lies homosexual affairs, and they're back with their wives there are many wives being infected by diseases brought in from these liaisons this he's gonna

B

Buddy Johnston 28:39

even run down the line time companion. He's just

J

Jimmy Carper 28:42

afraid that if homosexuality and lesbianism is accepted, he'll lose revenue

 Buddy Johnston 28:48

he's just a liar Liar liar pants on fire lifestyle

 28:51

by the advances of elders so somebody a teacher or so,

 Buddy Johnston 28:57

let's just continue to teach young people that that lies that you're preaching you

 29:01

do is to fool Sheila Number one, we've got to hold out the love of Jesus Christ.

 Buddy Johnston 29:06

Yeah, by telling people they're gonna go to hell. That's the love of Jesus. Liar has

 29:10

to be that way. There. There is another way. But the second thing is society. You're right, honey, there is another way. Jenya it is a felony to be engaged in sodomy.

 Buddy Johnston 29:20

Oh, in this state, it's a misdemeanor. You're getting a \$200 fine and no jail time. Right. Oh, Mary, please. And I can tell you the cops. I'd like to press me on it. forbid the let me give you the numbers here.

 Jimmy Carper 29:33

So recall Ray Hill was on last week saying that maybe one person that in the state of Texas

 Buddy Johnston 29:40

ever been arrested? I laugh at your sodomy law.

29:47

Companion. Oh, here she goes from it. What do you think happens when we die? Someone is dying of AIDS. Well, we get to have sex again. Lucas and Renee know AIDS is not God's punishment for having sex and their films not afraid to show gay men affectionately towards one another. And some other things. I'm not going to wait

30:05

till they die. They get to have sex, so I can stand

J Jimmy Carper 30:10

more and more than I can. It's

B Buddy Johnston 30:11

not too scary too, too scary. We've got new music. Yeah, from WHO?

J Jimmy Carper 30:16

ABC.

B Buddy Johnston 30:18

After hours radio celebrating life. We're not telling you lies, baby. I like that clown on the CBN the clown broadcasting network area that's pretty hot stuff.

J Jimmy Carper 30:47

B Buddy Johnston 30:53

ABC? This is pretty nice. Yeah.

J Jimmy Carper 30:57

They had some big hits a few years ago, and then kind of had a couple of bummer records. And now they've got a new one out called album called up and I think it's really,

B

Buddy Johnston 31:08

really it is up. I like that. Brian Keever with the Gay Lesbian pride we committed to here in just a second. So hang on to your hats. Not to just hate Pat Robinson, from the clown Broadcasting Network. How can

J

Jimmy Carper 31:23

intelligent people stand to listen to that drivel that he puts out?

B

Buddy Johnston 31:28

I don't listen to it. It just goes on and on and on and on and on. Anyway, this is after hours. We're here and work we're five to six 4000 That's the number to call baby. We'll be back in just a minute so hang on after hours radio celebrating live from the heart of Montrose. We're here and we're certainly queer baby. 14 No, well, I was looking at it upside down it's

B

Buddy Johnston 32:14

37 minutes after midnight 22 minutes until one this way out with Greg Gordon and Lucia Chapelle coming up at one so stay with us it's gonna be good right Brian okay

♂

32:31

here it is become butcher Nelly in less than a day simply by taking the little pink pill. There's no need to recruit, seduce or rely on environmental conditions anymore. The little pink pill does it all. Just one tablet before breakfast breaks the cycle of heterosexuality for a full 24 hours. For years. heteros have been asking gays if they would take a pill that would make them straight. Well, last queers Bell Labs have responded to this dilemma by giving heteros a taste of their own medicine. Yes, the little pink pill does it all the boring cliched life of a heterosexual can vanish in one go. Mrs. Betty Morgan of Gresham, Oregon talks about the little pink pill.

♂

33:06

My life was a mess, bridge clubs, gross husband, alcoholism, you name it. Then one morning I got my act together and took the little pink pill. In an instant my sexual orientation change, as did my desire to be married. Well, within a week I ditched my old man met a terrific woman and got joint custody of my children. All this without why retention headaches or loss of appetite? Thanks a little pink pill. You made a new woman out of me.

33:36

Results may vary but don't consult a physician the little pink pill it does it all.

B Buddy Johnston 33:42

And we know it's available down the street there's a new drugstore coming in. Oh, there's a new video store.

J Jimmy Carper 33:48

It's already open. Wow. They

33:49

B Buddy Johnston 49:54

Okay, hang on. Just a minute. The news is coming up next with Jeff Mackey back up Are you

50:18

able to get a movie.

H Harvey Milk 50:20

After I got elected, I got the phone call. I knew I eventually get a curfew when was from a 17 year old child in a small town in Minnesota. And the boy is handicapped. The boy's parents show that he's gay. And they want to put him in and say that boy needs help. In the gay mood is about the letter I got from Southwest Africa, when he read about a gay person getting lucky here. And that person who has hope. And that 17 year old kid in Minnesota has hope. And we have gay leaders not understanding that and are more worried about their own personal power. They're not elite, offensive people all over this country to do one thing.
