late 40s, early 50s It just wasn't happening or we didn't think so

00:05

are talking about the Hays Code, if you don't realize don't know what the Hays Code is. This is this is the board that almost being born with wind because the word dam within it. If you've ever seen the movie Adam's Rib with Spencer Tracy and Katharine Hepburn, notice that their husband and wife are sleeping in two separate beds and opposite sides of the room. We want to say what we're talking about here. That's written by always a fun movie read. Katharine Hepburn was a feminist before the world existed. The kickoff meeting with me. Let's talk about some of the signs. Now, I was curious about you said this is very incomplete, if you are careful not to make it to people who don't want to

L LuJack Tyler 00:45

see. Yes, exactly. And I didn't want to really add anybody. So I took a very conservative approach to inclusion. Pretty much my road to a lot of people either got information and there was a couple of actors that call back and said, No, I don't want to be in the book or not so much that they weren't gay, but they just didn't want included in the book. I've had others like Richard Chamberlain, who agreed even though he he said many times, none of the rumors about anything being untrue and stuff like

S Sarah Dipalma 01:16

okay, okay, we're gonna we're going to we're going to, we're going to interrupt the tape for a couple of seconds, because we're having some we're having some technical problems with it. We're going to switch it over to the other tape deck, so y'all just bear with us a minute. One of the things that we were we were talking about on the tape, is this last section called

honourable and dishonourable mansion. And it's pretty interesting to find out who he who gets included as dishonorable mention. And the reason they make dishonorable mentions in his book is because of the way that they treat gays and lesbians, whether they treat them as psychotic, or whether they treat them as sick or diseased, or in some manner that is just not complimentary. And he also does take quite a bit of time to talk about transgendered movies. And it's pretty interesting to hear to read through this. It covers everything from basically transgender porno movies, to people like Carolyn Cossie, Tula who actually was a model in James Bond movies. So, the book is called The Encyclopedia of gay and lesbian film and video. One of the things that he has in the book too, are were called gay icons. And I was really surprised, for example, that he did not include people like Mae West. And I think you'll probably hear us talking about that. He did include Barbra Streisand. He did include Betty Davis, of course and Judy Garland. But, gee, you don't include Betty Davis? either. You don't include Mae West. How is that possible? Anyway, we'll get back to the interview in just a second. We're doing a quick change of a tape deck. We're gonna give another try here we go.

L

LuJack Tyler 03:09

So far, we've seen tremendous use Sandford hearts but there's other especially pretty factors are much more openly gay. Starting Hello, and

O

03:21

Nigel Hawthorne, God ready to see now. What that was one of the last thing you need to move yourself in. But if not see that that was the president Newsom terrific movie. What's the talk about some of the SARS if you had listed in here, and I'm serious, my husband would get put in here, for example, Marwin drainback. Well, he's

L

LuJack Tyler 03:47

his inclusion. You were thinking at all, but he has one quote that's been used a lot. And that's what really brought it in there. He once said that, like many men I've had, I've had homosexual affairs, and I'm not ashamed of it. Yeah.

O

04:09

Marlon Brando and he's a

L

LuJack Tyler 04:10

man I think he was bisexual with the dominance and heterosexuality but by stating that and, and there's always room, and this is the guy who's fighting him all the time. And they were like college roommates and they lived in New York together and in the primary went in early career. And there's really good guys in this country as sort of a case for inclusion.

04:34

I thought I'd read everything the worst nobody seems to me. Oh, really? Yeah.

LuJack Tyler 04:39

Oh, are you reading this sleazier publicly? Oh, no, it was gonna last a Costco actually written actually, about him being a little bit into action and actually after at the coroner's office. I think that the No written down, but he's got folders unexplained, could read for us out of body he liked that any room is a safe game. It's also in New York at the time. Early on in his career.

05:17

Now Cary Grant, I read a lot of banks and I know there's been a lot of rumors, I mean, I don't know exactly been established, if you want to

LuJack Tyler 05:23

know and, and what I do in the book is I pretty much just kind of give in the case of something like that. Explain the rumors, I guess. Now. Well, he's obviously that's a relation relations really. It's really for her one because he's been such an amazing support for gay men in Hollywood, working. And also for FEGLI for Montgomery Plus, he worked very hard. Very close, and he's been through a lot of hard times, with things he's very supportive and demanded many times. Well, if I'm going to ask him to film I want him also in the film. And, and also because of all her work with a last few years. So her includes me based on that

06:17

recently, when he really liked PC wings. And apparently, they had gotten beat up and we're talking about a book called energy in the gods. For women. Murray is an encyclopedia of gay lesbian film and video and I see that same sender and recipient really didn't appreciate that a lot. Listen with the talk about with state icon. I was not so much. The people that got included gay icons didn't surprise me. I was more surprised by who did it. You get the comments a lot. Yeah.

LuJack Tyler 06:53

Well, that was kind of a last second to season for inclusion. Because I think there's a difference. There's a certain generation which looks towards Hollywood, and towards what we call icons, I guess. And Madeline Monroe and Medicaid, this Barbra Streisand women weren't the lesbian industries out there and they really sought after different people for different things. And younger people I don't think do that anymore. There's plenty. There's not plenty but there are gay resizing images out there doesn't come kind of attack, attack your shows. But deciding on the people, like I did not put my weapons because of stigma. That was the

07:38

first it was the first one.

LuJack Tyler 07:43

I tried to be simplistic and I was doing it one person a decade. And I've gotten comments a lot.

07:50

Yeah, Marlena Dietrich and Greg Baba were feelings. Right. Mommy?

LuJack Tyler 07:55

Are you wondering, are there any other secretaries or

07:57

other sections? I just thought it was suing icon.

LuJack Tyler 08:01

When they were asked, Were they in

08:03

Iran? Lately, yes. But I've had two people say Maria, California. That's not when we come to mind. opportunities out there. I guess you're if you're really into offer. Yeah. Okay. I definitely hope you're spending on St. John of summer.

08:30

I want to say is I was able to see in just a small, tiny community. And firstly, I ever recall things in sequence units. So we've got some video guy who hung outside of wrestling with a raincoat and that was the way they for things to fade in town that I grew up in. I was talking about how being listening to somebody you

LuJack Tyler 08:54

felt when I started really appearing affecting Howard some studies in the late 50s and early 60s. The initial images were stereotypes, and women are threatening and the man is feminine

and pushy. And also that there was an overriding well we need a homosexual and in the kind of they don't want to be this way the wave of loneliness female Rachel Rachel and the Children's power and and the sergeant's reflecting the throat and I always seems obsessed over how unhappy homosexuality was as a condition. And as it started to evolve, and especially in the 60s, or later in the 60s with the groundbreaking films of killing Mr. T. George, and boys in the band, they tried to portray more serious well rounded characters. Again, they were also suffering. And as the images started to evolve, I think we started to get much more even handed I guess, more complex characters. But Hollywood hadn't been very good. And lately they've been including a lot of gay lesbian characters in films, supporting characters. But more they've included They've also taken away their sexuality or who's made them for unrequited love, and we're just sexless. I think the reaction is

10:26

can we ever going to see that? Yeah, I mean, are we ever actually going to see two gay men kissing the film? I'm still waiting. It just gave me so much force. But I'm still waiting for when you come out of a big deal, quote unquote.

LuJack Tyler 10:40

Definitely frustrating for Jonathan's me in Philadelphia to say that, no, I couldn't have Tom Hanks and Antonio Banderas first, because it would have been a real turnoff for the audience. I would have distracted from my, my real food which was of age and understanding and synthesis. I started to practice and not include

11:01

i in the whole movie. I thought, This is crazy. He Our lover, one of the lovers is dying, and they're not talking what am I missing in this movie? So I just walked out of the lady who was nice enough to satisfy me remember? She don't ever? I don't know if I was I was curious about his. More and more you see reckoning here between major Hollywood films, but still not a lot of female. What do you think that is?

LuJack Tyler 11:33

Well, I don't think they're lesbianism was threatened to the powers that be which are mostly men and, and titillated by lesbians. And who went in kitchens. They've been doing that right. So the 60s in the book is about 20 of these meetings that were some in the 60s and early 70s Before hardcore pornography, and in which these characters move by straight men for straight men, but they've always included these depictions of lesbian film, and it's carried on to today did not lure I think I mean some somewhere but I mean stuff like fly drones and go safe and incredibly to adventure to keep girls from love. He's afraid to fail. But there is not at Parkland engage male gay, equivalent disaster so slow as a film sounds coming on holiday.

12:27

No, there really isn't. I love that it was, it was terrific. But it was a very low ceiling for films like that. No,

L LuJack Tyler 12:36

no one gets killed. No one killed. No one agonized was just like, every day and that's all settled waiting for the filming now destroyed again. Like, like life,

12:47

no one can take pictures.

L LuJack Tyler 12:52

Although there is a scene going on, right about now is a sci fi film called sister, my sister, and fun. And then including without a Heavenly Creatures, and all three of them moving, like around 1994 All crystallized Interstellar,

13:10

I can hear, I can hear my friend screaming about one of the things that was interesting to me, he divided the movie opens in the Asian section about gay men rising in fear, conflict of interest, both rescuing in in the men, which I thought was really interesting. The big difference in this kind of meeting between men and lesbians, well,

L LuJack Tyler 13:35

sadly, and frustratingly. Yes. Nurses are almost opposite opposites, the specific interest group and you can see it like at a gay lesbian Film Festival, to be sitting there watching a film a gay film, and then movie ends and 400 people 400 men leave. And then 400 women come in and make a lesbian film. And there's a little mixed in there. But

S Sarah Dipalma 14:00

we're gonna give up on this interview. We just can't get it to do what it's supposed to do at all. We apologize.

J Jimmy Carper 14:06

Yes, we do. We do. And it's it sounds really muddy. And we've had a couple of reports that people can't hear it over the radio. So we've

S

Sarah Dipalma 14:15

tried, we just didn't cooperate. So wonderful book.

J

Jimmy Carper 14:19

We recommend it. And there was lots of good dishy stuff in that interview.

S

Sarah Dipalma 14:22

Yeah. And then I'm sorry. I aired this interview in studio the other day, and it was fine. But somewhere between there in here, I

J

Jimmy Carper 14:31

don't know. Maybe. Maybe the equipment here in

S

Sarah Dipalma 14:36

could be. Well, okay, since we're not going to be able to talk about that. It is after all, we are FL coming up on Pride Week.

J

Jimmy Carper 14:44

Oh, gosh. Yes. And there's so much going on for Pride Week is that. I see you have the official Pride Week Guide in your hand and it certainly is wonderful.

S

Sarah Dipalma 14:55

I have the Oh official Pride Week. And actually it's So Well, you know, you've got pride fest, you've got the parade. in G it's it starts out with, I guess actually, it starts out on Friday the 16th. And as I'm reading through this book, which I think you can find just about in all the bar, Oh, yes.

J

Jimmy Carper 15:19

Free, it's a Charlie. They are free.

S

Sarah Dipalma 15:24

They it's really nice. In some of these things that I'm looking at, I'm not sure that I know what

they are. Well, I'm looking for example says

J Jimmy Carper 15:35

that, you know, we've been talking about the parade, which is the 25th. Right. And and how that then, but we talked about Pride Week because there's events going on, but more and more, it's like Pride Month. There's stuff going on all month

S Sarah Dipalma 15:53

long. Well, I was looking at it starting with Sunday, the June 18. You just got spectrum. And then you've got a variety show benefiting the Montrose clinic call a new beginning for all there's pride knighted Fitzgerald so you've actually got your choice of about four or five different I

J Jimmy Carper 16:11

know, I know on each each day and that's just you just can't go to every event anymore.

S Sarah Dipalma 16:19

I was really I was interesting. There are at least two pageants for female impersonators in there, which is kind of neat. Yeah. A second annual Miss life today pageant, and the title holder agrees to assist in fundraising and awareness promotion for gays bisexual, transgender affected with HIV or AIDS terrific. And then I see the following day the of the Miss Houston pageant for female impersonators quick folk button by stock in makeup because they're gonna

J Jimmy Carper 16:50

be kidding. No kidding.

S Sarah Dipalma 16:53

Is I'm looking through this. I like this one, bringing your money out of the closet, discussing financial planning for gay men and women.

J Jimmy Carper 17:01

That's yeah, that's a biggie. That's a biggie. It's something I've always I've always believed in spending my money in my own neighborhood,

Sarah Dipalma 17:00

Saran Dipalma 17:09

legal and financial planning for people with life threatening illnesses. Now, there's a great idea that and it's a very important idea. They have I'm looking here the on Friday, June 23. To absolutely fabulous pride party. App fab Hmm. It heavens that you know, it's going to be something Oh, yes. And is the hub Oh, ooh, the leather forum and symposium. Hello. On Saturday, June the 24th. Oh, my dear, I may have to go see it. I see. Oh, my a three hour educational symposium covering topics such as tattooing, piercing, bondage flying, I'll be there. When I get my attention

Jimmy Carper 17:50

for all these events, it gives how much it costs. If there's any fee and it gives the time and contact numbers it's it's really well laid out.

Sarah Dipalma 18:02

This is the best I've seen them did by a father. I seen them do. It's wonderful. You know, I wonder if people in in Houston or or in any big city for that matter. I wonder if they realize wouldn't affect Pride Week has on gays and lesbians who live out in rural areas. When I was living in in, let me back up second. I was living in Bryan College Station. And Bryan College Station is daily working. And we look forward to Pride week it was more important to us than Christmas, I think. Because for many of the gays and lesbians outside of going home, that was the only chance they ever got to go to Houston. And for many it was your chance they got all year to go to a big city and into a mingle with their big city brothers and sisters. They sort of felt like the country cousins. And it was a big deal. I remember the first time ever going into Mary's and you know, coming here from Bryan College Station, I thought I'd died and gone to heaven. Because there was nothing like that up

Jimmy Carper 19:09

there. Well, let me tell you from the viewpoint of a Montrose bag, I can give you that my first Pride Parade was like 1986. I watched one. And that was pretty exciting, even for me. And then 1987 I watched it again and I said, Okay, this is the next Pride Parade. I'm either going to be in it, or I'm going to be standing here with my lover. And I was in it the next year and I have been marching ever since and every year it is still a thrill to walk down the middle of Westheimer with all these cheering people on either side where you get the mirrors in the crowd.

19:54

Oh yes.

Jimmy Carper 19:54

Oh, yes. Let me I'm reborn every year. At that moment we share a rural story about being gay. Oh, and the other thing I want to I want to say is I love it when I can be in an entry that we go ~~through~~ ~~and then I can not to get through the rest of the rounds. Yes. And the biggest~~

through early, and then I can get to get through the rest of the parade. Yep. And the biggest cheer is always for the group of people from Texas a&m. Because we know that it takes a lot of guts to be openly gay at a&m outside of being at Baylor, it's as

 Sarah Dipalma 20:33

tough as he would not a few folks that in Bryan college station if you're active in the gay lesbian community up there, there, these are two names that you'll recognize Tom Johnson in Tom Edwards, the two times as I call

 Jimmy Carper 20:50

them, I'm not familiar with these names.

 Sarah Dipalma 20:52

Well, Tom Johnson and Tom Edwards, Tom Edwards is a psychologist up there. And Tom Edwards used to own a furniture store, and he's now basically retired. But they they have been together as a couple for I guess, 30 years. Oh, and Tom, when I first started my coming out process of gay student services was not on campus. They were meeting at a Unitarian Church,

 Jimmy Carper 21:17

not all Unitarian Church, they've housed us for years. You know,

 Sarah Dipalma 21:21

I was scared to go to the meeting. I don't I don't know what it was I expected. So I can remember very clearly sitting in the front seat in my car and watching the people go in. And I didn't have nerve to get out and go with him. I waited until everybody was seated. And I thought, well, this will be cool. How do we know sneak into the back and no one will notice. When I got there town. Tom Edwards was a town Johnson Miller was standing there sort of serving his guard. And I panicked. I thought, oh my god, I gotta pass like a toll bridge or something. And I panic, and I literally went out of the room screaming. As luck would have it, have it? I

 Jimmy Carper 22:03

can't imagine this coming from you.

 Sarah Dipalma 22:04

You know, when I didn't start out this way blew me. Three months later, I finally go back in as ~~they would have it. Tom Johnson is at that door again. And I started to turn to Dan and he~~

LUCK WOULD HAVE IT. TOM JOHNSON IS AT THAT DOOR AGAIN. AND I STARTED TO TURN TO RON AND HE REACHED OUT AND GRABBED ME AND SAID, LISTEN, I DON'T MIND THE FACT THAT YOU KEEP RUNNING, BUT DO YOU HAVE TO BE SO NOISY ABOUT IT? AND THAT WAS MY END. THAT'S FUNNY. THAT WAS MY ENTRANCE TO THE GAY LESBIAN COMMUNITY. SO IT GIVES YOU A LITTLE SENSE OF WHAT IT'S LIKE TO COME OUT WHEN YOU'RE NOT IN THE BIG CITY. IT'S, IT IS A LOT DIFFERENT. THEY THROW A PICNIC ON THE FOURTH OF JULY AND BRAWLEY BRYAN COLLEGE STATION, THE CARMEN MIRANDA, FOURTH OF JULY PICNIC. NO, IT IS IT'S THE BIGGEST THING GOING IN BRAZZERS. COUNTY. I NEED HUNDREDS AND HUNDREDS OF GAYS AND LESBIANS FROM BRAZZERS COUNTY SHOW UP FOR THIS THING. HOW IS IT? THEY'RE COOL PEOPLE. THEY THEY I'VE TOLD THEM THIS AND I THINK I OCCASIONALLY EMBARRASS THEM. BUT THEY ARE ROLE MODELS WHO PROVED TO ME IT WAS POSSIBLE TO BE GAY AND LESBIAN. BE A COUPLE AND HAVE IT LAST FOR LIFETIME. YEAH. SO THAT WAS KIND OF NICE TO HAVE ROLE MODELS.

J Jimmy Carper 23:15

That is they were cool people. That is wonderful. Yeah. Looking forward to that.

S Sarah Dipalma 23:20

IT'S IT'S TOUGH. IT'S A LOT DIFFERENT. BEING GAY AND LESBIAN IN A NON URBAN AREA. YEAH. YOU KNOW, I IF YOU LIVE IN HOUSTON, YOU TAKE IT FOR GRANTED THAT THERE ARE BARS YOU CAN GO TO THERE ARE SOCIAL GATHERINGS, YOU HAVE CHURCHES YOU HAVE. BUT IF YOU DON'T LIVE HERE, IF YOU LIVE IN MY HAIR, OR YOU LIVE IN PODUNK OR YOU LIVE IN WHO KNOWS WHERE IT'S A LOT, IT'S IT'S AN ENTIRELY DIFFERENT WORLD OUT THERE. AND THOSE PEOPLE REALLY, REALLY LOOK FORWARD TO COMING TO THE PRIDE PARADE. IT'S THEIR ONLY CHANCE OF THE ENTIRE YEAR TO CONNECT WITH THE COMMUNITY. AND IN THIS, SO FOR THOSE OF YOU WHO ARE IN HOUSTON, KEEP THAT IN MIND AS YOU WATCH THE PARADE GO BY AS YOU WATCH ALL THE GOOD THINGS THAT ARE HAPPENING. THINK ABOUT THE FACT THAT THEY CARE ALSO SERVING AS HOSTS FOR YOUR RURAL BROTHERS AND SISTERS AND TREAT THEM KINDLY.

J Jimmy Carper 24:19

THAT'S RIGHT. THAT'S RIGHT. AND NOW HOW ABOUT A SONG FOR SOME DRAG QUEENS? I'M IN FAVOR. YOU KNOW, THERE'S BEEN SOME CONTROVERSY HERE LATELY OVER WHAT TO CALL WHO? YOU KNOW, SOME PEOPLE WANT TO BE CALLED FEMALE IMPERSONATORS OR DRAG QUEENS OR WHATEVER. BUT HERE IS A QUEER GUY, JOHN FREDERICK, OFF OF THE THIS WAY OUT ALBUM. AND THE NAME OF THE SONG IS JUST PLAIN OLD. DRAG QUEEN. OH YEAH, SHE'S A DRAG QUEEN. JOHN FREDERICK FROM A NEW CD THIS WAY OUT IS THE NAME OF IT. I PICKED IT UP AT CROSSROADS, YOU CAN PROBABLY GET IT AT INKLINGS OR ARE EVEN LOGO HAS BEEN CARRYING SOME MUSIC HERE LATELY.

S Sarah Dipalma 25:13

YEAH, I WAS JUST I WAS JUST SAYING THAT RUPAUL WAS ON THE TODAY SHOW. AND IT WAS VERY INTERESTING TO WATCH BRYANT GUMBLE WITH THROUGHFALL I THINK BRIAN GUMBLE IS STILL SCRATCHING HIS HEAD GOING, HUH. IN RUPAUL IS I HAD NO IDEA HOW TALL THIS PERSON IS. SHE'S A TALL GIRL. SHE'S

J Jimmy Carper 25:34

I mean, he played for the rock and she likes to wear big shoes and big hair. And on top of being tall

 Sarah Dipalma 25:42

when she stood up I wearing heels she was at least seven

 Jimmy Carper 25:45

feet. Yeah, yeah, she is she's over seven feet.

 Sarah Dipalma 25:48

And I looked at this woman and I thought my god honey I'd you you could stop traffic in New York.

 25:56

But it wasn't but

 Sarah Dipalma 25:57

to be fair Bryant Gumbel treated RuPaul very nicely. Oh, I guess if you're seven feet tall. You don't say anything?

 Jimmy Carper 26:03

You get respect? Yes. Just sighs alone. And along with drag queen stuff. Did you know that there is a new midnight movie at the River Oaks? Three. Priscilla? Yeah, they're doing that. Every Saturday night at midnight is becoming a cult movie. Just like the Rocky Horror Show. Yes. And I think it's damn nice of me to advertise competition.

 Sarah Dipalma 26:30

Well, if they start throwing rice and start throwing bread around like they do with the Rocky Horror Show, we're out of here.

 Jimmy Carper 26:37

We've just had the word. Roy, who Paul

s

Sarah Dipalma 26:42

is on channel 13 9am. Sunday doing an interview with Don Nelson.

s

Scott Lewis 26:50

That's right. It was being advertised this week on television.

j

Jimmy Carper 26:53

Okay, yeah, there's new Shawn Nelson.

s

Sarah Dipalma 26:55

That ought to be something to say. Who knows who else is gonna get into now? Yeah, I'm Sundae with RuPaul. Whoa. Oh, honey, that's worth getting up for.

j

Jimmy Carper 27:07

I'm sure that's taped. I don't think report gets up that early. You know, we got to talk about Q Patrol . Yeah, we do. Because they stopped by last week. And they were they're talking about how they didn't have enough people to do a patrol. And that's, that's pretty dangerous here. We're coming up to summer and Houston and the Montrose and those folks need to do those patrols every Friday and Saturday night

s

Sarah Dipalma 27:38

and this is I was commenting as I came in that that Montrose is really alive. You can tell schools. So I was just going over the newsletter that cute patrol sends out and this is pretty interesting to me. Apparently there's a new bashing technique. Yeah. says that a man was walking on a sidewalk in a white Suzuki samurai drove past a fist came out of the passenger side to punch the walking men in the face with accompanying anti gay verbal abuse another car closely following by so that you can get the vehicle tag number. And apparently this has happened several times. No kidding. You know if these punks spent half as much time figuring out how to get a job.

j

Jimmy Carper 28:25

No kidding.

s

Sarah Dipalma 28:26

What's this? From Q patrol a volunteer organization? How do you know and like here

WHAT'S THIS? FROM Q PATROL, A VOLUNTEER ORGANIZATION? Hey, we recommend him here.

J Jimmy Carper 28:33

You bet there's there a number there?

S Sarah Dipalma 28:35

You know, I don't see it. He's got to be here somewhere. But that is his the hate crimes hotline, which is 5299615

J Jimmy Carper 28:45

Now that's That's not Q patrol. That's, that's the here we go. Are you report?

S Sarah Dipalma 28:50

He 718519 Okay, for Q patrol. It's completely volunteer organization. And they do great work, support them.

J Jimmy Carper 28:58

money and time, money time, especially because they're not going to do a patrol with the less than safe number of people. So it hurts us when they can't do one. Oh, yeah. This is a fundraiser coming up.

S Sarah Dipalma 29:18

What is the pet patrol of here? The

J Jimmy Carper 29:19

pet patrol is an organization that provides pets for people with AIDS and or takes care of the pet if the person dies, finds a new home. What a great idea. Yeah, never heard it. Yeah, that's one of the big things about having AIDS is stress reduction. That's a number one. I've been very lucky in that. I've not had to have a job so that that cuts down a lot of stress for me, especially now that my T cells are falling. But pets are very important. They're a nice calming effect you Have you had the cat or you know you talk to your dog? It's very important for people with AIDS.

S Sarah Dipalma 30:06

You know you've met our puppy that are relaxing. Well, the the pet patrol is doing a benefit at the black Labrador restaurant, which is a 4100 Montrose. Yeah, that's right next door to the library there on Montrose. So I think this is a great idea to doing a silent auction featuring over 100 items, including watches, jewelry, et cetera, et cetera. And they're also doing a celebrity auction, featuring autographed photos of more than 50 Celebrities along with signed baseballs, CDs, and celebrity memorabilia. What is this? This is June the 14th. is five to eight o'clock, June the 14th. That's Wednesday. Okay. The black black Labrador hotel, a restaurant in I've never heard of this. But that sounds like a Whoa. Yeah,

J Jimmy Carper 30:57

it is. Well, that's worth and the black lab has supported gay causes ever since they've been open.

S Sarah Dipalma 31:06

I would think it would be real hard to be in Montrose and, and not support gay causes, which are really what what's very interesting is that we're well is that Laurie, how about we found out about St. Thomas University? Well, St. Thomas is the Catholic Church is a world unto itself. We just recently found an optometrist in southwest Houston, who is very proud to have outsmarted her office and be real clear about telling people what she thinks cool. That takes guts. Anyway, I just thought that was. Yeah, St. Thomas is a world unto itself. Yeah.

J Jimmy Carper 31:36

And before all of the private festivities start up, you still have time to catch a photo exhibit by Vivian Lee. She's been a guest on after hours many many times that's going through June the 13th at the River Oaks three so stop by Well well well speaking of AB fab she just walks in they the CO producer of after hours has just walked into in the door. Scott Lewis Scott What's with all the ad fab t shirt and hat and all of that?

S Scott Lewis 32:21

fabulously across leading

J Jimmy Carper 32:24

I see I see. Yes, sweetie, darling. Okay, I'm

S Sarah Dipalma 32:27

gonna show my age. What was he talking?

S
