If those who did come to mind, some are known or some discomfort, have friends who did not show up. I would urge that they come to the hearing that will be held at City Hall. And I would urge that anyone else who would like to speak on this issue was not able to come here tonight. Take advantage of that fourth hearing which will be held in City Hall chambers to speak. I look forward to working with members of this committee who have been very helpful to me on this issue. And I look forward to working with all of you to come up with a reasonable a comprehensive and effective ordinance on section for your businesses like
