SPEAKERS

Kirk Keevert, Chris, Roy, Jason

Roy 00:02

He really does. And he even said that he's a straight as can be. Then suspect has been arrested. And that suspect is Roderick Allen, Benin man 59 Brennan men. And he's just man is 59 and he allegedly approached Arrington called him a homosexual and threatened to kill both him and his dog if the animal tried to bite him, right. And then he proceeded to stab Arrington several times, and severely damaged his left eye. le before Arrington was able to escape by hitting the guy with a tree branch. And the attack severely injured Arrington and he lost vision in his left eye. And he may not be able to return to work. I not good. Police said Eric, his attack also highlights an upward trend in crimes motivated by hatred.

01:00

Yes, exactly. And it was just the perception because of where he was.

Roy 01:05

And there have been 33 incidents recorded since January compared to 31. For all of 1997 here.

01:13

Well, you see, people, I don't know if it's more, or I think people are reporting it now more, because I think we've had the publicity here.

Chris 01:21

We've had the I think we've had the debate out in the lobby, sometimes you're getting the news together. Yeah. Is it the fact there's more crimes? Or is it the fact that more people are standing up and saying, I'm going, I'm not gonna hide anymore? And I'm gonna come out and

tell people

01:34

what it is? I really do.

Roy 01:36

I think it might be a combination of both. Because don't forget, we are in the midst of social change when it comes to gay rights, gay issues and stuff like that. And some people don't like change and feel very threatened. Oh, yeah. Change? Oh, yes.

c Chris 01:53

And one thing along those lines there, there are several ways to take with help with the hate crimes. With the problems we're having. There's several ways you can help combat that. One thing is if you feel you're a victim of a hate crime, who the city of Houston has set up a 24 hour hate crime hotline, it is 713-308-8737. And that is going to and that way, if you feel you're a victim of a hate crime, report the incident to them that will go through their tracking system, and it'll be held that way they can be tracked more, and if you do have a casual case that you report into the police and have a report about it, it follows with that report. And that way it can be shown as a hate crime. Another now that's, that's post active. I mean, that's what happens after the fact. One way you can help ahead of the time. I want to be plugged in a little bit myself. Oh, Q patrol, you got it. We've been around now for seven years and we could really use the volunteers. Yeah, we go out. Jimmy is a part of it. Jimmy Vaughn is go out. We patrol the streets of Montrose when on the busier nights of the week. And we try and be a visible deterrent to keep this from happening in our own community. And we have been and we have been we've been fairly successful I mean in Houston our major incidents you're seeing are occurring out in the air out in the other areas the murder out in the suburbs the the assault outs by Rich's right let the time before that was a murder out also by riches. Yeah, we would like to expand it we've we occasionally will go out and start patrolling in the riches area we have done if we have the people, if we get the people in here,

03:36

we will do it. That number is 713528 Safe

c Chris 03:42

is a voicemail message you'll get a hold of right now. Probably John will give you a call back and just come out and help we ask for one night a week a month. I keep saying a week there. I

03:53

know one night a month. Can we can we lighten up I mean gosh, do we have any good news?

Roy 04:00

Well, we got some good news coming up here.

Chris 04:02

We're gonna get a little lighter. It's unfortunately it's it has been it has been a rather it's been a rather somber week. And one thing we were also gonna talk about is another way you can be proactive in in the hate crimes thing is tomorrow at the Rothko Chapel. Oh yes at 1409 Saul ROCE Ross at UConn. Okay, this is my first time a long time on the radio

04:25

the domino demon hill that that place to

Roy 04:30

Rothko Chapel. Yeah, the I've got a

Chris 04:32

lovely map here just looking your radio yes yeah, he should say candlelight service for Mark
Wait a minute.

04:40

Yes, Matthew.

Chris 04:42

Matthew Shepard His name is so that's what happens when I read the paper. It says Mark in
there.

04:46

No kidding. It does say mark. Hulu

Chris 04:50

okay, you people over tea tea. I won't say what's your name of the paper. It's going to be 730 tomorrow night. There'll be a cow candlelight service and Mayor leave round will be attending. Yes. Also MCC er is going to be having their services in memory of Matthew Shepard 9am and 11am. And Carrie Lobel of the National Gay Lesbian taskforce will be there at those services.

05:17

Great, great. Woman flies all over the place. She's incredible.

Roy 05:21

No, I want to mention about that. Domestic violence and abuse occur in 25 to 35% of same sex relations. Yeah, that's a lot lighter, and a percentage comparable to that of heterosexual couples, while a disproportionate number of services are available to homosexual domestic abuse sufferers, according to Mark, who is the founder and CO facilitator of Houston's first and Texas is only same sex domestic abuse support group.

05:52

Oh, he's gonna He's gonna hit me after this folks.

Roy 05:56

Okay, gay men and survivors of domestic abuse in April of this year, and they are enlisting the help of licensed therapist, Russ Robinette. The meetings are held each Monday evening at 7pm at bearing church at 1440 Harold, and they offer a safe and anonymous group discussion between male victims and domestic abuse. Okay, October is nationally recognized as domestic abuse awareness month and a report by the Houston area Women's Center advises that the first step in ending partner violence is recognizing it. And the warning signs associated with abuse include excessive jealousy, isolation and restraint blaming others quick environment extreme lack of effect of affection, intent, intentional damage of personal property or any

06:48

worker they call to find those things out.

Roy 06:51

The number to find this stuff out is that 713529 Double O three seven

06:57

now October is also the queer month for celebration It's an educational month it's yeah it's

now October is also the queer month for celebration. It's an educational month it's year it's education mafia whatever and it's also our national holiday how love Halloween is coming out oh

 Roy 07:13

we got lots of

 07:16

murder in the Montrose This is a big sounds lighter

 Chris 07:20

yeah it's murder in the monitoring. It's

 07:21

it's a it's display they do every year. It's so huge fundraiser. That goes on. It's going on next weekend, the 24th and the 25th that the Edwin Hornberger. Convention Center. Now we all know where that is. Don't we know? That's where the Shamrock used to be? That's that whole shamrock outcome here. Let me slap you real hard.

 Roy 07:47

That's worth nothing has been gone for over 10 years.

 07:50

How come and Maine? Yes, the tickets are pricey, but hey, it's very good cause

 Chris 07:59

okay, this doesn't sound much lighter. But if incest cannibalism, pornography and criminal insanity interesting. They certainly

 08:06

do.

 Chris 08:09

CHRIS 00.00

Those cheap cost presents those cheap guys and it's definitely it's not a it's not a light sounding topic the it's called fat men in skirts. I will tell you this Peters, the one who made sure we talked about

08:28

I can understand that.

Chris 08:29

It is a special benefit they are doing for Stephens house. Last weekend is next weekend. It's at the Commerce street artists warehouse, set 2315 commerce Street. And you've got two more performance performances to see Friday and Saturday night at 8pm each.

08:48

And I want to say hello to Donnie who called a little while ago. Oh, that's nice. And to let you know that Roger T Ward is going to be on the show the first weekend in November. And he is He is the author of a brand new book coming out called No he's going to be here the third weekend. I'm sorry, he's gonna be on on this on jewel show. Okay, he's gonna be here with jewel Roger T ward. He is the author of a new book. Anger is what I do best, the Journal of a black gay man in America. And that book comes out like a week later. And he's I want to tell you now because he's going to have an interview on weeknight edition, this Wednesday, the 21st on channel eight at 6pm. And of course, he's going to also be doing book signings across rural roads at December the third, and we'll talk about Yeah, some of the things he's doing in in November, but we'll we'll talk about that when he's here. Roger T ward. That's one of the first times I think we've done Ever had an author on after hours? So I'm looking really looking forward to that.

Roy 10:05

Okay. Anybody hungry? Oh, always okay decades, which is Houston's newest neighborhood bar.

10:12

Oh, yeah, that's right over there about what? 1100 1200 Richmond? Yeah.

Roy 10:19

Anyways, later on today at three o'clock, they celebrate the harvest that their Oktoberfest is benefiting the people with AIDS. Holidays. No kid is \$3 per plate and it's a German buffet. That ought to be good. And they're going to have brought worst brought worse. They're worse in the

best of the worst. Oh, I love all of it. Also, we got a whole bunch of Halloween stuff coming up, which will probably be mentioning next week.

∅ 10:48

Yes. And because we're running over time,

R Roy 10:51

yes. So make sure that next week we look at the after hours. One more

∅ 10:57

time. We got this one gotta get out. Oh, hell yeah, we gotta get this one. And

C Chris 11:02

this one is tomorrow night 815 At the briar patch, the briar patch follies present on the road again. Oh, and this

∅ 11:09

is a big deal. Let me tell you folks, this is a big deal. I talked with fancy face Lawrence, who has put on benefits for the switchboard over there and put him in his aura. Okay. Oh, yeah, that's right, honey. Not only is this big, they're gonna raise lots of money. They are selling seats. All wrong. This is gonna be a packed house. And all of the performances are live. None of them are lip sync. Yes, this is this is a big deal

C Chris 11:39

and it's benefiting AIDS Foundation Houston and the stone soup kitchen. Yeah, so be there that's located at 2294 West Holcomb at Greenbrier time for tomorrow night.

∅ 11:51

You know how that goes.

R Roy 11:53

Anyways, so that's it for this week edition of after hours news and like I said, make sure you have a pen and paper ready next week because we're going to have a lots and lots of Hollywood

12:06

we'll get you girl

Roy 12:10

All right, I was getting you earlier. Yeah, Halloween.

12:13

Halloween Halloween.

Roy 12:15

How Halloween he's like those Halloween. Okay anyways, and now we're going to wrap it up by saying Pacific Street is a place to me

12:24

it really is. And now we're going to one of my favorite newest artists exquisite toe with his song higher ground and you're listening to it on after hours. Queer radio with attitude on KPFT Houston and ke O 's College Station

J Jason 12:49

Kurt you're on quit swallowing the balloon. Okay. This is 21 AC. Well, I do what I can. Why is there music in the background? It's called a bed number three is playing it's called a bed musical. Where's the bed with the cute boy in it? Okay,

K Kirk Keevert 13:12

it's over back behind Second Baptist.

J Jason 13:15

Well hi. I well before, before it before as hatchlings go on. I've got something to play just for the College Station crowd. Because you know, a&m football team has been going really good and for some reason I've been in the Aggie Spirit since I went there for a year so I've got a play yell. They're all going to hate it y'all they're all gonna hate it but I've got to play it. Okay, so you do you do understand Right?

K

Kirk Keevert 13:39

Right. What was the drag it don't drag the damn. Hella slow

J

Jason 13:50

okay, I had to do that. I'm sorry. I had to do okay, let

Ω

13:53

me let's go through that again. What was that?

J

Jason 13:56

That was worthless. That was white worthless. That was not worth us. Yes, it was. It was worthless. It was a spirit of value painful it's I was an Aggie for a year a&m Beat Nebraska last weekend I've been in a very good mood because I'm fourth generation Aggie so you know I have to it was it was bred into me and we have loyal listeners up there. We do and I took the K US college station crowd into consideration. Although I'm sure most people that listen to the show are really could care less about football. I hope anyway. Hey, I

Ω

14:39

like football. Hey, there's nothing wrong with football sports guys. What

J

Jason 14:43

a man and there's and there's a lot of queers guys are smart enough to know. Is your wet dream, dear.

K

Kirk Keevert 14:52

All right. Eggman is ugly. I think he is I don't I don't find him attractive at all.

Ω

14:58

He's not nice. He's nothing.

J

Jason 15:01

.....

Let's go through introductions real quick. I'm Jason with hatch. Nobody else is going to introduce themselves. I see.

15:09

This is Ben from hatch.

15:12

This is Doug.

15:13

And this is my but I'm not from hatch.

Jason 15:16

Oh yeah, you kind of are you've been to meetings. And we've got we've got the old man here of the anxious on Wayne. Oh, I try. I'm so curdles

Kirk Keevert 15:27

carpools is here. Carlos is here again. And

Jason 15:31

and I made a little I made a little balloon penis. And Karkos has been once again demonstrating his oral talents by swallowing as much of this balloon penis as well. And he actually got to the he got Oh, you looked like you had about down to their sights on that's what about 10 inches?

Kirk Keevert 15:49

That is not 10 inches. Trench 12. Trust me.

15:53

Okay, well, why don't you swallow down 10 inches? And inches.

15:58

Are we there again?

16:02

I told you Jimmy, I told you at the beginning that I'm in rare form tonight.

16:08

Well, let's let's put you back on the stove and get you the medium

16:14

everything. Jason I

Kirk Keevert 16:15

get it because radio is a medium like media use. I see what you're saying. That's a clever little. Oh, yeah. Yeah,

16:23

he heard it from Franklin.

Kirk Keevert 16:24

Yeah, it's funny. Certainly not well done.

Jason 16:30

Well actually genuinely do it. Jimmy after being around for so long. You know, the sun exposure. You can't help but being well done. Yes, as he spells his diet coke on the floor.

Kirk Keevert 16:43

What are you talking about tonight? Well, I know we're not talking about but anyway. What do you what are you talking about? First, I thought we would discuss I can't believe you got one of those disgusting things. What that is just No, that's nasty. I've

16:56

never noticed my tongue ring before.

K

Kirk Keevert 16:58

No, it's not a ring. It's a stud.

♂

17:01

Bar. And isn't that a pleasant sound?

K

Kirk Keevert 17:08

Oh, yes, it just so turns me on recently to Oh, did you got one last night? As a matter of fact, oh. Into a PA?

J

Jason 17:17

Oh, no, no, no. At the awards banquet, I got the outstanding service to the community award from hatch. And that's that and the outstanding service to hatch award, I feel are the most prestigious awards a youth can get in the at the hats hats awards banquet. I think those are the two most versatile

♂

17:39

blowing your horn and blow someone else

J

Jason 17:40

you are well. Well, Jeremy, Jeremiah got the outstanding service to hatch award. And the really weird thing is, we are both outgoing members. And last year, those two awards went to outgoing members. It makes you wonder if it's just for the awards I get.

♂

17:57

Jason exactly how many awards are given out by half a year.

J

Jason 18:02

Or we do an awards banquet once a year and we give out 679 awards from the hat youth and one award from the borer two awards from the board of directors and one award decided on a but upon the facilitators called the Trish. The Trish Kolodny I hope I pronounced that right

Morgan Ward, or no Trish callate more, I don't know. Now Trish Kolodny. We're going to work. And that goes to a facilitator, chosen by the facilitators, and that's one of the more prestigious awards as well.

18:35

So what is a high I mean, what is the highest ranking award there that actually has

18:39

to be the quality right?

Jason 18:40

I wouldn't say they're their high ranking or anything. But I think that the one that hatch puts the most prestige behind is the Trish Morgan award because of the fact that it goes to a facilitator who's given a lot of time and effort and energy and has been been there for the youth. More they've gone far above the call of duty

19:07

not a facilitator or what I'm talking about on the on the Youth Award.

Jason 19:12

As far as the like I said that the two most prestigious awards and my eyes and I think with most hatches, most hatch view at the two most prestigious awards for the youth are the outstanding service to hatch Award, which is what Jeremy got, and the outstanding service to the community award. And basically what that is is once again, we've gone above and beyond the call of duty. We work our butts off trying to promote trying to promote hatch trying to promote the youth issues in the community. And basically, just do a heck of a lot of work. I mean, I don't have a lot of free weekends. I could Be clubbing right now.

20:01

Well, you know what I went I went to that awards banquet last night and you know, a lot of awards went out and all of that, but I got something else from that. And that from the from the folks speaking, I got this sense of closeness in hatch between facilitators and youth. And that was something that really surprised me.

Jason 20:26

There is a lot of closeness. Peggy, who got the Trish Kolodny award is there every Sunday and

she runs the Sunday program. When when they said that everybody looks up to her as mom, there are a lot of hats youth that call her mom. I mean, she is mom to a lot of hats, youth. And Amy has Amy saved several of us if it weren't for Amy Thompson, I would not be here this day. Amy I met Amy when she first came to hatch, I had been here for maybe a month for two weeks or a month or so. And Amy came in when I was in a very bad point in my life. I was suicidal. And Amy during the group, because the first half of the meeting is when you have a large meeting with somebody coming in to present and then the second half of how we break up into small groups. And in that it came out that I never said I was suicidal, but I said I was extremely depressed. And Amy afterwards, she sat there and talked with me and Amy has been close to me ever since. And Amy and I have an extremely close bond. And it's actually kind of funny, because anytime that somebody says anything bad about either one of us, we ended up sticking, sticking up for each other.

21:50

That reminds me of a few incidences. We're gonna

Jason 21:53

we're gonna take a real quick, everybody be quiet. We kind of did the professional car.

21:58

The sound of Texas KPFT Houston, of Pacifica radio network station 90.1 FM 89.1k e os College Station.

22:09

Whose voice is that? Mine?

22:12

That is Mr. Bruce. I don't know who that is. Anyway, I was more interested and I knew I could tell from that you were close. And Jeremy was close. And you know, a lot of award people people who want awards, but I'd like to know about other tattoos like the three who were here. How do they feel? How do they feel that closeness or, or what did they get from hatch?

22:37

I'm really close to a lot of people that hatch. Jeremy's like one of my very, very best friends. Jason's really good friend of mine, and I get along along with

..... 22:44

 jason 22:44

all Jeremy's a best friend. I give you a spot on the radio show and I'm just add close friend.

 22:50

I've known him just a little bit longer. No, I'm just joking. But no, I mean, everybody on the steering committee is usually pretty tight. I mean, they have some big green and maybe some bitterness every once awhile but usually we're pretty tight group and all together. I mean, there's really I mean all I mean

 23:10

keep talking talking.

 23:12

I mean everybody had hatched really mean there's not really anything really that bad. I mean, everybody's usually pretty close about everything. Because

 23:22

well, I've been to hats few times, and I did the part I saw about hash was everybody did it was like you're very welcome app is here. With me coming in off the streets to hatch. I felt I felt I felt very welcome there. And I mean, I felt an atmosphere that a lot of people there are pretty close. And even if

 23:43

you do get slammed, it's usually in fun.

 23:46

Okay, and if you don't go, why not?

 23:48

For somebody? I mean, hatch really isn't me. I mean, I know. I feel welcome there. I mean, okay, everybody feels welcome. I mean, everybody should feel welcome because everybody is welcome there. But I just hatches it me really, patches great, but it's just not

 24:04

okay. That's understandable.

24:06

Because I mean, if it wasn't for Hatch, I would have no gay social life. So

J Jason 24:09

and you know, I I'll be honest, hatch is not for everyone. Hatch

24:14

is not for everyone. Not everyone is welcome. I

J Jason 24:18

mean, yeah, everyone is welcome. But hatch isn't everybody's cup of tea. Some people don't need the type of support group that hatches hatch is a support group where you meet a lot of very supportive friends, and you learn a lot as well through hatch. I'm very grateful for the things I've learned through hatch, you know, say and I say safe sex and everybody thinks they know what safe sex is. But when when AFH

24:45

doing it when your boyfriend's out of town. considered safe.

J Jason 24:54

There anyway, why anyway, when project Caesar comes into into how You know, once a month, and they talk about safe sex, they don't just talk about safe sex, they also talk about relationships and stuff like that. But they go into a lot more detail than you ever knew in health class and like

25:12

that thing, and then like the expiration date, we're not gonna go

J Jason 25:16

into all the details, but I mean, it's really, it is a learning experience. It's a supportive group. And like I said, it's not everybody's cup of tea, some people, some people just don't need, you know that support group. But we're there for the people that do need that that support group

KNOW, that support group. But we're there for the people that do need that, that support group. And for the people that are already that advanced enough in there, they're coming out and advanced enough in the community to where they don't need the support group, we enjoy having them come to because they can help along with the support. Because it's always good to have somebody who the people, like, you know, somebody who's just coming out of the closet needs somebody to look up to. And that's why, you know, that's I no longer need necessarily need the support group of hatch, but I try to help out by being there for other people, and, you know, supporting them, because without the youth support, you know, it's kind of hard to relate to somebody who's 50 years old or 40 years old. When you're when you're 15 and just coming out of the closet. It's hard to relate to them. And everybody looks at me, thank you. No, no. We weren't looking at you because we know you're in your 100 By the way, how was Moses?

K Kirk Keevert 26:27

Oh, no, Jimmy No, he

♀ 26:30

was so hot.

♀ 26:32

Oh, you're definitely going to

K Kirk Keevert 26:35

Jimmy is merely merely 50 years old. And, and quite frankly, a stunning 50 Well, I'm not nearly as stunning as say Joey Heatherton. But

J Jason 26:53

I will give I will give Jimmy credit where credit's due. Jimmy looks a hell of a lot better than most straight men do at his age

♀ 27:01

when most gay men do,

J Jason 27:03

but exactly because we know the key to life moisturize moisturize, moisturize,

27:08

but in general look a whole lot better than straight and it's Houston

J Jason 27:12

that's not really all that important because we've got the humidity to do it

K Kirk Keevert 27:14

for us. Oh, I have to throw a little something in here. Speaking of that, speaking of Houston and moisturizer and blah. Okay, back back a few months ago this is while while linear was still Mayor okay on Channel 18 on the public access channels right they have this thing this big you know, Houston's great hoo ha thing that at least linear and some some Crowell is on and and everything they have to say about Houston is fabulous. Now don't get me wrong. I love Houston was born and raised here. There's no place else I would rather live except middle of July, August and there is no place else I would rather live. Absolutely not.

27:58

But you'd like to visit somewhere during July, August.

K Kirk Keevert 28:00

Yeah, usually I generally do. However, I always come back home anyway. That she said what she had to say about the heat and humidity and stuff was if you know if I hear just one more person. Talk about the humidity and how bad it is in Houston. I'm just gonna scream I never have to use moisturizer.

J Jason 28:27

But you know, you're not a lot of people up north don't realize because you know, we're sitting here putting on layers of clothes when it's 40 degrees outside. Yeah, but you know, the humidity makes the winter a lot colder too. And people don't realize that cold, wet cold is not good. It.

K Kirk Keevert 28:45

I feel like 63

28:50

All I know is if it's 65 I'm putting on a coat

ALL I KNOW IS IT IS SO I'M PUTTING ON A COAT.

K

Kirk Keevert 28:53

I'm sorry, man. It is oh, there's this guy in Comedy Sports that that was from New Jersey for God's sake. Joisey. And, but he lives in Galveston, and so he came to practice a couple of Wednesday nights ago. And he was it was like maybe it was maybe 65 Maybe. And he's wearing this big brown coat.

♂

29:13

I just under 50 degrees. I wear my mink.

J

Jason 29:18

I was wearing short sleeves during that little cold snap. We had never been great. Aren't you cold? And I'm like, No. I'd gone skiing in Colorado. No, this is nice. I've been to Wyoming in the middle of the winter. This is

♂

29:35

nice releases are dry cold. I mean, I'd much rather that.

J

Jason 29:38

You know what they say it's a dry heat in Arizona, but I'm sorry. It's still gonna kill you if you don't get any water soon. Sure.

♂

29:45

Okay, and we're talking about the weather.

J

Jason 29:49

Yes, it's true. We've turned into a typical radio show. Okay, I've got a I've got a joke. I have to say

♂

29:54

it was my job to begin with. My joke You

J

Jason 29:58

J

Jason 31:03

hell? What's the difference between a washer machine and the blonde? What? A washer machine doesn't trace you around for two weeks after you drop a load. Okay, enough of the tacky jokes on the topic. Which tonight? Oh,

J

Jason 31:23

Well, I had to get you know, I had to you know talk about awards night and I had to do some tacky jokes. Blow your ranking of which Speaking of which, I was quite frankly, I'm sure you can't do no I can't if I could. I wouldn't be here I'd be at home blowing my own horn. I

K

Kirk Keevert 31:36

31:39

∅

31:46

∅

31:53

Oh, that's That's right. No, I didn't hear the joke.

K

Kirk Keevert 31:58

Okay, well remind. Okay, so what's the topic?

J

Jason 32:03

Today's topic was incense. Matt. Oh, God, Matthew, I've got a look. Look at his last name up again. I forget his last name. I can unfold the paper that has it. Matthew Shepard, who was gay bashed and murdered in Wyoming. He died last week. Died. Speaking of which there's like there's a service tomorrow at 7:30pm in the Rothko Chapel at the owner of Seoul Ross and coupon. But I figured since this is currently in the media I that we really need to talk about it because he was he wasn't even a full year older than me. And you know, he wasn't much older than the rest of the hatched thing. Isn't people in the booth? Well, you know, he was a lot younger than Jimmy but so is everybody. Bye.

♂

33:02

I figured it always comes down to age. Oh, yeah.

♂

33:05

To the extent of what kind of bashing they did to this young man. Yeah,

♂

33:09

they strung him out

♂

33:14

with a shotgun. I think they just go

♂

33:17

they they also burned

♂

33:19

him he was out in 40 under like 30 degree weather for like 18 hours with no shoes, no shoes, no nothing and he was strung out on offense

K

Kirk Keevert 33:26

blow. I

♂

33:28

53:28

Was he alive in some key bounds.

♂

33:30

He was in a cold was

K

Kirk Keevert 33:33

Coleman the entire time

J

Jason 33:34

he was there? Yeah, actually he was he I'm sure from the time he went to the hospital till the time he passed away. He was in a coma he never regained consciousness

♂

33:44

but but but the thought of how can one human being do this to another no matter what how

♂

33:50

many people were involved in this bashing I mean to

♂

33:54

the girlfriends recovering up for him but

J

Jason 33:58

but they don't they don't count as being included in the bashing they were

♂

34:01

just I don't understand

♂

34:03

like guilty or

J

Jason 34:05

actually didn't didn't they shouldn't didn't one of them confessed to the crime

♂

34:10

I one of them felt guilty about it and confess I think told him everything I don't care. I don't care if he feels guilty or not. He should fry

J

Jason 34:18

I think they both should and and I'm sorry to offend everybody who's against capital punishment, but I'm sorry, does

♂

34:27

I want to flip the damn switch. Well, you

J

Jason 34:28

know what, I'm gonna take it a step further. I am very pro capital punishment. Honestly, I

♂

34:34

think they should string No offense.

J

Jason 34:35

I am very pro capital punishment. I'm just you know, because people know I know I am kind of conservative. But I'm beyond just capital punishment. I think you should die the way you will punishment law. Yes, they do. Do they do have capital punishment and stuff like that? I think you should die the way you killed your victim,

♂

34:54

shotgun Barddhaman string amount on offense. Exactly.

♂

34:57

Things that's all well and

K

Kirk Keevert 34:58

good. However, There are laws in this country that prohibit people from cruel and unusual punishment. I'm not saying I'm not saying it was not cruel and unusual what I'm saying is there that they will that will never happen, it will never happen. But it won't however,

o

35:20

the world would be such a better place if everybody just listened to me you know

K

Kirk Keevert 35:23

cuz I really I really feel that I'm sure that these guys will not get the death penalty. Hopefully they will get life in prison. And you know what? They killed that boy because he was a faggot? Well, let me tell you something boys. Spending some time in prison is going to teach them exactly what being a faggot is right.

o

35:44

Thank you. They'll be Bubba's bitch.

K

Kirk Keevert 35:45

Oh, yeah. That those two scrawny little pricks? They, they they are it they are going to be the they're going to be the bitch boy have some entirely

o

35:56

cellblock? Sablon. Yeah, huge, gigantic

K

Kirk Keevert 35:59

man with with a billy club.

J

Jason 36:05

That is almost punishment enough, but not quite. But actually, I think it's quite my honest opinion is I really do think that they'll end up with the death penalty, because because Oh, no, there has been such Oh, no, they won't. There's been such a huge media coverage of this. And it's and with the unfortunately, it took this to bring it out. But there's been such nonpartisan support against this heinous crime and working towards a hate crimes bill in the Senate. That I

think that there's a big chance that they will get the data. No, they won't. Because I mean, Wyoming. I mean, Wyoming does not want a bad reputation. And honestly, Wyoming is not that bad place. It's really not. Yeah,

36:49

it's Wyoming. Well, I

J Jason 36:51

mean, no, most people in Wyoming are actually a lot more open minded than people we give them credit for. I've been I've been to Wyoming many, many times. And a lot of people in Wyoming a lot of people, there's no way there's perfect. There's There's no way that's perfect, but you know, there's redneck gay people too. Well, true. I know some

37:10

but but I think it goes beyond being gay. Yeah. Because the way it was done, I think most people feel that no matter what the reason was, nobody deserved that.

J Jason 37:23

Right? Yeah. But a lot of people have spoken out against gay bashing period too. I mean, because because well, this house

K Kirk Keevert 37:31

that has not been nonpartisan then well

J Jason 37:35

into an extended has granted granted strong good old strong Thurman and Jesse Helms are still going to, you know, stick to but they, you know, most people, most people that have spoken publicly have said it does not matter if it's a choice or if you're born that way, it does not matter. Wow, you know, whether or not you know, it's the whole you don't have any any hope. Let me finish what I'm just what I'm saying. It's the whole even even even to who's who's the Oh, Pat, what's the annoying guy on Channel 39 Pat Robertson, you know, the love, love the love the sinner Hate the sin. But um, you know, most people have said that nobody deserves to be treated that poorly. Yeah. Do you have

38:25

an opinion on this? You've been quiet,

38:27

none whatsoever. Mind?

Kirk Keevert 38:31

Switch, you do not so in the beginning of this moment, that the unfortunately named Dick Armey is going to come forth and say anything positive about about anything and anything indicating that this boy shouldn't have died this way because he was he was gay. And other

Chris 38:51

ones talking about this, Chris. We talked about it in the news there that even Jerry Falwell said that the killing and the bashing of him because he was gay is wrong. Of course it is. He stopped saying that stop as far as saying that should that they're that he's still opposed to hate crimes for being gay. Should not be should not be recognized because that's considered he still considers that a special privilege whatever, but he did say that it should not have happened you should not it should not have done it should not have been bashed or attacked just based off of that.

39:26

In the beginning of the saw the show I played a song from South Pacific I don't think you were here to hear it. And although I did hear you're quoting it, probably I would know much about that song. Oh, I've seen se was because it was about a White Army man who fell in love with a woman from Bali who was shot and it was not allowed. The song was called you've got to be carefully taught. And it's you have to be taught to hate because of color because of differences. I don't think that we're born hating. So we have to look, where did these kids get that from?

J Jason 40:08

You know what I just remembered? You're not the one that I heard that from. I was watching the view Tuesday morning. And actually one person did say something about hate crime. And why should there be a hate crimes bill does, you know because one person dies because he's gay, does that make his death any more important than somebody who deserves murder, because the straight well, and somebody else defended it saying that, but the reason I think that there needs to be hate crimes on the hate crimes amendment is because it's just like when you kill a police officer, police officers come into contact with dangerous criminals every day. So something needs to be made to be an extra deterrent to keep them from having harm, harm done to them. Homosexuals are a target or a specific target of hate of crime. And so something has to be done to make it less likely that somebody's going to commit that crime. Exactly. And that and

∅

41:07

it's still not special.

J

Jason 41:08

It is not special treatment. It's it's taking it to where we are on the same page. That way if we get mugged, you know, we know it's because it's they want the money and because we had a purse, it's because we had the money in our wallet not because we were in the Montrose area, you know, yeah. And it's not that we're asking for special treatment.

∅

41:30

It is they are asking for special money.

J

Jason 41:34

Oh, of course you know, I'll say well actually I'm not taking asking for special money but I got it we'll take all like you will take all money what we're

K

Kirk Keevert 41:42

talking about.

∅

41:43

I have thank you do do you I have thank yous Yes.
