Thu, Dec 22, 2022 3:33PM 39:40

SUMMARY KEYWORDS

houston, people, dallas, community, black leather, fundraiser, oklahoma, leather, drummer, called, don, gulf coast, louis, texas, holiday, john, title holder, started, good, entertainers

00:04

I guess what I want to start out with a while back, Don put together a show in Dallas that was called to Dallas to Dallas love and a group of Houston titleholders and entertainers, went down and did a show at the Dallas ego. That was very successful. And it was a lot of fun. I was very lucky to be a part of that. It was benefiting what organization in Dallas it

00:34

was benefiting their Oaklawn Food Pantry, I'm not quite sure exactly the name of the organization, Larry.

00:40

It's called the food pantry.

00:41

Food Pantry. I was right.

00:43

Oh, god. What is the food pantry?

00:47

The food pantry is for people who are HIV positive with AIDS and other folks that are not able to feed themselves so they can have food. And it's similar to your stone soup here. Yeah, yes. Alrighty.

01:06

So what how much money did y'all raise on the fundraiser?

01:09

Oh, the evening started off. kind of slow. However,

01:13

it's kind of stressful.

01:17

What would you produce shows and your entertainers are not there until five minutes before kickoff time you look at your top entertain you go Jesus, what the hell are we gonna do? Because the program had to be changed about four times because of people not being able to make the trip up to Dallas. But originally the event itself started by Mark Fraser who is the owner of the eagle and Larry Arbo. works there at that time and still does. I just wanted to help them out. Get the bar going. When it comes to fundraising events, and Regina Dane Shelby St. John two of the greatest female impersonators here in Houston, along with Andrew Flores. Beautiful voice Houston city limits. Mr. Mark Pres. Tao Paragon woods, don't forget me. Mr. Texas bomber and John better vetoes Mr. Gulf Coast drummer, they were all happy to go up there with me and we were successful enough to raise cash wise a little bit over \$1,200.

02:16

Right. Unbelievable. I believe it was it was a great time. Oh,

02:20

Dallas was very warm. And their hospitality was beyond words. And if any of you people out there are listening that are from Dallas, I'd like to say thank you. And we're honored to have you here

02:30

this weekend. I guess which kind of brings us into the second subject as to why we're here. The rate they have Dallas this I guess saying thank you. If you have read your twit or the voice, there is a add at the BRB for a benefit. That is if I'm not mistaken, Dallas does Houston Dallas does Houston with love, which is which is the return favor, which is the return favor.

02:59

Do it safely now.

03:01

Everything is done safely. Everything.

03:04

Now, as far as the lineup of the show, who all is coming into town for this.

03:11

Okay, there's myself, Mark Fraser. Matt Miller, who's the co owner, co owner of the Dallas Eagle. Donna do Mei is with it court system. And Carmen Del Rio, who used to be a Las Vegas show person. Yeah, so yes. And international fantasy JD I'm not going to even attempt his last name.

03:35

Bearshare Bearshare JD per share. I said it if you're 30 you're listening. JD I think I said it right. If I didn't shoot, you're gonna have to get over it. Well, Jamie's

03:45

listening. He knows I can't. I've known him for years and still can't pronounce his letter.

03:49

He has no speech impediment. Shots. It'll do

03:54

that too. But when when Dan came up with the suggestion of coming to Dallas to do a fundraiser and for Dallas to come back to Houston to do a fundraiser to two cities, we all intermingle all the time. And what is interesting about that is we intermingle. But when it comes to fundraising, we've never done it before. So Don, come up with the idea to come up there and do the fundraiser. It was very successful. We're hoping tomorrow night at seven o'clock at BRB, it'll be very successful. Also. A lot of the entertainers that are coming in tomorrow night are not coming in until tomorrow, which makes me a little nervous. They're all they're all working this evening. So they're all going to be in their cars coming down tomorrow.

04:40

So thank God the speed limits change to 75 They'll get here real

04:43

quick until I hit Conroe

04:46

that's what the toll road comes.

04:48

But if the event tomorrow night, if I may say something is successful, and I think it will be there's gonna be a little bit more of Houston going on, and helping people in If any of you guys out there listening from Galveston, Waco, San Antonio, Austin, Beaumont, if you're interested, let us know because Houston is always in his, to my opinion, one of the greatest cities when it comes to being able to put entertainers together and raise funds. So we haven't come up with the name of the group yet. But people we might take suggestions. If tomorrow night is successful with what Larry and I, and Eagle has originally started, we're going to go on the road, and we're going to help people in Galveston will be our first place to go if tomorrow night turns out alright. And the response from the community is positive about what Don do productions and the entertainers can do.

05:43

Great, great, what what would make it successful? Do you have

05:48

what would make it successful if the city of Houston joins together tomorrow night to give the Dallas cast the same reception that we received when we were in Dallas? If that is the way it will be then we know by the two largest cities in the state that we can be successful in the smaller cities to assist

06:09

our friends. Oh, and you also have to realize that if these people are able we are successful, all we're doing is helping ourselves to have

06:15

another another

exactly exactly

06:17

are you gonna have people from Dallas starting to travel with you then?

06:21

We haven't come down all the way to that point yet. Leather by boots, jump cheeks is really interested in helping along with this adventure. And if anyone knows boots, Adams and Jim cheeks, you know two peoples that has not only big hearts, but very strong hands it will assist in anything. Oh yeah. Thank you guys.

06:41

Good. Oh, yeah. Wonderful.

06:43

You also have another event coming up yesterday. And that is nights in black leather nights

06:49

a black leather 298

06:52

I remember when the person was a memorable. Thank you very much.

06:56

It was tell us about that when it is and what you projected goals are for that. Not

07:01

a black leather two will be March 16. Larry your bow. We getting through this together. And I will be emceeing and Regina Dana Don down would be the entertainment directors. And our cast of entertainment is a little bit too long for us to get into. Because we are going to represent clubs and organizations in the city that has done what I just wished I could capably do. A lot of people say Don Gill your successful fundraiser how so far is only for one simple reason people accept what I do. Because when I started doing this lady victoria less than other people that already laid a foundation, so it was easy to work with that. So March 16 will be not

in black leather, too. Last year, not in black leather, not in black leather raised for bearing international our bearing community service foundation through Soiree. aubergine. We were fortunate enough to raise \$5,600 in that is good. This year, I've set a goal for \$4,000 I hope we can meet that go. Money is kind of hard to come by for one event simply because people's wallets in billows and checkbooks or you put 25 here 30 There 40. Here constantly, you spend a lot of money. So to be able to have a one night event and collect over \$2,000 without having huge corporations to assist you. And I don't have that support in what I do. At this time. I'm more or less a community based organization organizer that puts together shows it's hard to raise over \$2,000 in one night's event. But so far the community has supported night in black leather and we will see what night and black leather can do. But our special guest for nightly black leather two will be Mr. International drummer David Walker from Denver or shall I say Colorado Springs and Mr. JD Bearshare. Mr. International fantasy from Dallas and Mr. John betta vetoes. Mr. Gulf Coast drama, our special guest. Supporting the supporting cast is unbelievable. But before we go any further I'd like to say Andrew, thanks for listening to this. And I'm sure David would like to say the same thing to his

09:15

No, Larry would like to say thank you to David. What we thought that those feet didn't. Thanks, Andrew.

09:24

I also like to say I came in Don called me about nice and black leather one and I was in Connecticut. My mom was very ill at the time and promised me I would be here I flew from Connecticut to Houston to do this show. I was amazed at the money that was raised that evening and the show was was great. It had drag leather fantasy, everything very quick in life singers. That was Andrew, and it was a great show and this year is going to be as great.

09:58

Well, I've seen I've seen that Some of the talent that you're bringing down perform in Dallas and and other places, so I know the show's gonna be unbelievable. And the crowd of course will be warmed up because they'll just be getting over the Louis show. Of course, we'll be very sick and twisted.

10:12

We got three weeks to recuperate, but also leather by boots. We'll be doing a fantastic leather fashion show. Yeah, so any of you people that are interested in seeing different shapes, styles and fashions of leather, be there because Jim cheeks and vana are putting together a show that's going to be worth while.

10:31

And tomorrow night the show will be moving to across the show tomorrow night. Thank you...

And tomorrow night, the shirt I'll be wearing to receive the show tomorrow night. Thank you, Shirley, and your staff for getting it together. For me. I walked in there at four o'clock this afternoon said I want that pull the lining out, get it redone. And she's has it done SR earlier tonight. And she goes it's done. Ready, pick it up.

10:48

Boots is really good for getting things done. I know when we get our patches for fist, the women have no problems at all going down and getting them on in a short period of time at a reasonable price. So

11:01

yeah, it's great. And the entertainers coming down from Dallas tomorrow. They're all working tonight. Most of them are bartenders and work in the bar or bar owners. And they're all driving in tomorrow. So and they're all nervous. Because we've never done a show in Houston before these entertainers. One of the entertainers isn't never going to sing live. He has never sung live in Texas. He always goes to New Orleans and sings live there. Which is Matt Miller. Okay. And and I probably shouldn't say this, but his best friend, which is Mark Fraser told me because he's really nervous about this. But I'm sure he'll pull it off really great tomorrow. Nice.

11:43

Good to say over the air. You know this Houston crowd get in torment because one

11:47

guy No, no, no, no. Oh, no. He's just pretty friendly. We are. I don't know,

11:53

Matt. When they see him Matt towers over me a little bit is a lot bigger. He's a big man.

12:00

With big man, big dad. But I guess the message we need to send right now is is there a group of people coming from Dallas who are coming here to help our community, it's important that we go out there and show them that we thank them for traveling the distance and going the extra mile for us.

12:17

Our friends are in Dallas and Houston, and San Antonio and Austin, we all intermingle. We all do ~~the same things~~. And it's about time we started doing ~~fundraising together~~ ~~Charity~~ ~~fundraising~~

runs together. And it's about time we started doing fundraisers together, Charlie Clues.

12:33

If you didn't hear that, Don said he loves starting things.

12:37

Also, guys, when you're out there listening event tomorrow night, all the monies raised is going to our own coat. 40 fives stone soup. Dallas is coming for Houston. Thank you, Dallas. Yes,

12:52

thank you. You're very welcome in the cold 40 fives have done a fantastic job throughout the years. And it's an honor to be able to help help them along with their their projects that they do. And Houston You should be thankful to co 45 for the money they raise.

13:07

Fell we are Yeah, we are. We are very much so. And what's so what's so unique about the coop 40 fives is they're constantly bringing in new people. Right? I mean, the organization is so big that you constantly have different people that are there working for the same goals that we all are, well, they

13:25

it's all volunteer. I mean, what they do for our community is just totally unbelievable. A lot of things occur from the Koch 40 fives and there's no administration cost whatsoever. The establishment where they have their business itself is donated to the CO 40 fives by the Brazzers river bottom. Everything that is done there. Usually computers and everything else is donated. And it's all volunteer. So if you give one penny to the CO 45 That one penny is going to be a part of buying a little piece of bubblegum for someone else. It goes straight to our friends.

13:59

It's also about the entertainers that come into is that their expense, their costumes, their time, their energy, their time off from work. It's at their expense, not the expense of the fundraiser. Oh, exactly. Exactly. You know, and a lot of people don't understand that. They think they're coming in being paid for this. They're not. They're paying their own hotel rooms or their gas down here. The air flights down here. The same with going up to Dallas. So you know, it's very important there. They're out there helping our community. And, you know, all we're asking is for the community to reciprocate. Oh, I

14:35

don't think I have a problem at all at all. I'm looking forward to tomorrow to tomorrow. It is tomorrow or today. Seven o'clock.

14:47

What are some of the other events coming up in Dallas?

14:50

We have Excuse me. Well, I'll be back here on March 16. And on March 3 30th At the Dallas theatre Are we in Dallas, we have the Mr. Texas fantasy contest. And I'm not sure exactly what's what's coming up next is Mr. Gulf Coast drummer Contest, which is my stepping bass, in which I must say I was Mr. Gulf Coast drummer 1994. John. So I tried once. We did a good job done. Well, last, he just needed to

15:28

last I used as my springboard to become a fundraiser. pageant queen. There

15:33

you go.

15:35

I didn't say I was a beauty queen beauty pageant. There is a difference.

15:40

Yesterday, but John, John will tell you if anybody's interested in Mr. Gulf Coast drummer coming up, I'm sure you'll have preliminary contests down here.

15:49

In fact, we already we already have. We've had a Mr. Texas drummer, which has done a PS. That will be going I believe they have also a contestant from Oklahoma, to contest it from Oklahoma. Right. Great.

16:04

10.04

And what Gulf Coast drummer if you don't know what it entails, it's Oklahoma, Arkansas, Louisiana, in Texas. It's the Gulf Coast area. And it's, as John will tell you, it's a very hard job. Once you get the title you work yourself very hard. Jim, don't tell him all the fun.

16:30

Lots of fun and you meet lots of really great people.

16:34

And then you end up meeting people like Don Gill and doing fundraisers and your title is never over. You keep on going.

16:42

Keep on doing unless you lose like I did you have to work hard to prove yourself. You have never had

16:49

or missed mister everything. Oh,

16:52

I like that guy who do you do windows.

17:00

I've known him as Mr. Everything.

17:02

You're very kind. Thank you.

17:05

Whatever else is the one that started that half the fundraisers going on in this town, you're involved in them, you whether whether they bring in a little money or a lot of money, you're still involved with fundraisers. And that's the that's the important part. Thank

17:18

you very much.

17:19

The important part is to take care of your community. So many people in the community don't even think. For instance, coming down here to Houston is difficult for Houston people to want to give to Dallas and Dallas to want to give to Houston, because they want to keep it in their own community. But the point of it is, is we're all a family. And we're all one and we need to give to each other. Because you never know you may move from Dallas to Houston or Houston to Dallas.

17:49

Well, the main thing we have to remember is that we're all Texans. Thank you. And by helping our and if you don't put limits on your community, our community is nationwide, as worldwide if you're talking about the leather community or the gay community in general, you don't want to single any one individual out. It's nice. I have been out in Houston for 14 years. It is nice to see something happen between Dallas and Houston. It's about

18:17

it's about time. Yes. Yes, it is.

18:19

And thanks to the eagle it allowed us to have the place to break the ice.

18:24

That's right. You mentioned something about whether or

18:27

not and black leather to the monies that will be collected at this particular event. Where is it going to this year who's the beneficiary of this? None other than lady victoria lust PWA holiday fund. And I'm very, very fortunate that lady victoria leste has put myself and Regina Dane as now co directors of the holiday fund. Big responsibility that I'm unsure and how to take milking cows picking peas and growing a batch corn. Now putting together a little few people that knows how to entertain is something I enjoy doing. But running a fundraiser. The only thing I need to do is lighting black leather to the funds will go to the lady victoria last holiday fund. A lot of people say what the hell is a holiday fund. We have so many charities in place that does supply the needs of our community when it comes to food, rent, phone, insurance, medical

needs. Holiday fund adds a little light at the end of the tunnel. We assist just recently a bus to Galveston for Mardi Gras at no charge. Buzzard peak is now a cap out site for HIV people for the spring and the fall. We give them a \$25 check to do with whatever they want to do with twice a year, Christmas in July, which is July then in December. We pass out hams during Thanksgiving we pass out hams during Easter and now that I'm co director I said guys you miss one of the favorite holidays. A person's birthday. Now the birthdays will be notified. Hey Happy Birthday on your birthday. Because the other holidays are covered by everyone that day. Sometimes they don't even let us know. That is a holiday for them. But they will know now from the holiday fund. That's what the holiday funds for people, bunnies on the buy us please accept my letter?

20:16

Well, I think I had told you this before dawn. Sometimes people don't realize how important that card not necessarily even the check that you send the \$25 check just the car that says Merry Christmas or have a good time. And for somebody who is battling usually, the people who who get this money or get the card with the from the PWI fund are people who are who are struggling with lots of different emotions and feelings with their bodies changing and it's nice to get something that you don't have to worry about whether or not it's going to pay your bills it's to have fun with

21:03

holidays are usually a symbol of sunshine to happiness. And that's what the holiday fun is there for. Just send a little

21:10

light. And you do that very well. Yes,

21:14

but it all started from Lady pictorialist. Thank you girls. Oh, yes,

21:19

definitely. Okay. Are we ready to move on? To a tape? No. A CD pardon me? I'm not in the 90s stuck in the eight. Yeah,

21:30

well, there's a queer group called pansy division that was in town last week. And they've got a couple of tunes that kind of fit in with the group tonight.

21:40

Okay. Is that to be interesting? To the smell?

21:45

No, no, no. First one is from their their CD called undressed it was their their first CD and it's called fam in a black leather jacket.

21:58

Thanks, everybody for having us. Yes, exactly. Before you start the tape, I'd like to thank both Don Gill and Larry Arbo. I know that you probably have people waiting for you at home. Thank you. Both of them for letting them come. Thank you, Houston. Thank you.

22:14

And now pansy, division. Okay, I played the wrong one. I know you're actually with radio. I know in radio, you're not supposed to admit mistakes. You're just gonna go on but I didn't want to play this song. I wanted to play this song. It's called James. Bondage. Oh, yeah. Three from pantsy division. That last one was called vanilla. Yeah, big surprise there. It's off of there.

22:50

Do that dance again. Is that with the

22:52

hands up, put your shoulders and going back and

22:55

I think just do the song. I

22:57

like how unusual Yes. I really can't stand these guys how unlike usual that they did a song called vanilla and you liked it? Well, yeah, that's true. It's like he can actually sing in this one. That's

23:12

an unusual thing. Jim, here's my question. Yes. Why would you play that on John's and I show well, because

♂ 23:19

it kind of follows after the James bondage one. Now okay, because, you know, it's the show was kind of made up of, of leather and non leather people came through. So, okay, kink people and some kink people not out of the closet yet?

♂ 23:38

Didn't the whole show is key.

♂ 23:42

Well, some people still saying they like vanilla.

♂ 23:47

And I'm not going there.

♂ 23:49

We're not saying that vanilla is a bad flavor. We're just saying that it's not the flavor.

♂ 23:55

That's it. Okay. Okay. They haven't

♂ 23:59

gotten down and experienced the 36 flavors yet.

♂ 24:02

You know, there's a man standing to your right, Jim. Oh, ha. I just want to say three letters. Yes. CBT.

♂ 24:12

Can I get clarification on this afterwards? Okay, great

Can I get clarification on this afterwards? Okay, great.

24:16

Thank you, John. I leave it to you.

24:21

As you can tell, we're back and back, causing trouble again. This is basically our live show for the weekend.

24:30

And it was thrown together because we're doing Louis That's right. That's right. And we're having fun. That's right. And if you're at home listening to this, it's probably because you didn't go to Louis and you're missing it

24:42

and you're not. Well, I can't say you're not having fun because you might you might be it's just a lot of fun to be out in the middle of all the mess that Louis. Oh, thank you. Sure. Anytime. Well, here's our next guest. She's from Oklahoma City. Oklahoma, very active in her community up there.

25:06

As well as very active in the various communities in Texas, General.

25:09

Yes. Very active and across the country as well. I think as well. She just stepped down is Ms. Gulf Coast 95 did an excellent job representing the title and the club that supported her. Thank you. And I want to introduce right now a very good friend of mine shadow. Hi, shadow. Hi, Stacy. How are you? I'm good. I have not seen you in a whole 15 minutes.

25:42

We've been having some very interesting conversations. Right. That's right. Louis was wonderful. I will be back again next year.

25:50

Well, it's not over. There's lots of fun to go on. And then of course, you have to stay you have to stay for the show that Dallas was doing for us. That's right, because

26:01

I wasn't really sure what was going on. And so it's like I've made a tentative plan. either. I'm going to leave Sunday or leave Monday. Monday, Monday.

26:11

Monday. Sounds good to me.

26:13

And if you're not here for Louis, get out of bed. Come on.

26:18

Think about getting here. Yeah, because it really is a lot of fun. If you're is it out of town or out of state it's for out

26:24

of town anyone that is from out of town. Now, I don't know exactly what their interpretation of town

26:32

Houma has been accused of being in the suburb of Texas. Well, that's out of town. Yeah, I just say Oklahoma has a very big backyard. Called Texas. That's true. That's true.

26:44

But if you are from out of town, if you're not, if you do not live in Houston, the run is free to all out of towners, it is our way of saying take a break, have some fun, because we're going to

27:00

it also comes right on the heels of a very Another popular party about this time of year called Mardi Gras.

27:08

I caught the beginning of that I went to the pantheon of leather awards. Right. And I got to see Dean Waldrip accept the the award for the south central area for Person of the Year. Yay. A man who represents the south central area very, very well.

27:27

Way to go do right. Yes. Before we get into your interview, I have one more personal announcement. A very good friend of mine has a birthday today. He didn't tell me so therefore he has to suffer this humiliation over the airwaves. Clifford slashed or tanyon Happy birthday. Love cam. Okay, Cam. I play d&d. That is my character now. Cool. She is a 13th level assassin.

28:05

Talk about fantasies. Oh, yeah.

28:09

Oh, yes. First question. I want to ask you, shadow.

28:14

Sorry, I'm still blushing. Okay. Yes.

28:17

How did you get the nickname shadow I know your real name. But I've always known you as shadow.

28:22

I just kind of show up, do what's necessary, take care of things and then leave. Okay. It's very fun. And essentially, I've had it since since high school. And in doing it with high school, if it's just, you know, hey, Shadow, we're gonna go to the beach and I was like looking around. Okay, that's nice. I said, Oh, come on. Let's go. Okay. Oh, okay. I'm there. Ever since then. It just kind of stuck. So thank you. High School.

28:53

Good.

28:54

Okay, thank you. I'm gonna say something here because when we introduced Chateau we're doing her introduction. She said thank you to the community. And I want to reflect back on something that I have heard her say, I was fortunate enough to ride with her and the NLA float during gay pride. And Chateau was was was I was privileged to be able to stand in the same truck bed as

29:26

me and Miss Houston Park me. I was not worthy.

29:31

You Well, okay. But she said something to the people that were attending the parade and said it several times, which has stayed with me and that was if it was not for you. We would not be able to do the things that we do. It's true. And she has proven that.

29:55

Well, I try. Like I said, Thank you, John. I mean That took me blank took me aback just.

30:04

So I will wait here for you. We'll wait here.

30:07

Because I meant that from my heart. It was spontaneous, and it felt good. And if it was not for all the people lining the streets of Houston, you know, that day in. It's like, wow, if it was not for this gay and lesbian community, if it was like for the Stonewall event in New York City, you know, 27 years ago now. Just wonderful. I mean, and the float behind this was just, it was kind of a double entendre or contradiction of terms. But again, still, it was a human issue. And what was the silence of Celebrate? Celebrate silence to celebration. Yeah,

30:51

that's right. That's right. It was because yeah, silence was up front where we were in celebration was behind.

30:58

And unfortunately, we were not on any part of that we should have been out there celebrating.

And unfortunately, we were not on any part of that we should have been out there celebrating.

31:02

That's right. And, but it was, it was a middle ground. You know, because we're still breaking the middle grounds of it. And it was just so so incredible. And I still get goose bumps on it. I mean, it's like, okay, I'm in leather right now. And I'm just like, cold and goose Pimply wonderful because the community has brought itself so far.

31:25

Oh, yeah. I think that we're as as very active people in the community, whether you're a title holder or not.

31:33

I think I think gay, lesbian, bisexual, transgender people have got the biggest titles that one person cannot achieve. Meaning they take their risks that their work. They take the risks that, you know, just wanting to be around children. And well, you know, you can't do that because, well, we do it anyway. And the community is the greatest thing. But there's one or two representatives from it, that are the spokespeople.

32:06

The community is not just made up of title holders. Oh, no. It is made up of those people who don't want to be on stage but support it come out and support the title holders and, you know, do the charity, fundraising, the things like that. People like Don, though he is well known. He is not a title holder. No,

32:29

no, he's held many titles. But that's that has not that isn't why he does what he does. The title has nothing to do with what Don does for the community. He enjoys giving. When he went to Gulf Coast drummer, he said he he stated very as a matter of factly he is a what? What is it called? Someone helped me out here. But he was he looks out for his friends. Right? He is a caretaker. He went with that with that intention. I am a caretaker. And that says so much about not only him but our community and the direction that it's going. We burnt the light bulb out here.

33:12

I can well, I just there.

33:15

Were I'm not I'm not

33:17

there's there's only one plug open over here. So

33:22

well. What does she mean by that?

33:29

Oh, goodness.

33:31

I had another question for you. You had a full year to do a lot and did a lot. What is the what do you think the most important thing you did with a new title like this? And what was the most fun you had with it?

33:51

The most fun I had with sure we'll start with that one.

33:53

Yeah. Maybe people? Okay.

33:57

That was the best thing that I did that. The it? That's to me, that's one question. Okay. You know, because I met new people, enter intermixed with different cultures and backgrounds. I mean, I had the chance to go to New Orleans and meet people from New Orleans, you know, okay, considering I'm from Oklahoma, you know, we say New Orleans, and it's like, no, it's not Orleans. Okay. Actually, it's not and no, it's say I learned another word tonight. But that was one of the biggest things that I really did get from it was the ability to travel to meet new people to understand to assist with the individual communities of of the fundraising. You know, we did one here right, the loving the loving arms. There was yeah, there was no arms foundation and that I mean, it was just, it was a good event. It was fun. I want to I want to kind of elaborate a little bit on the On Gale in Oklahoma, and actually Oklahoma is about to lose its mother figure five Johnson. Okay. She's She's healthy, but she's growing. She gets to go to

Philadelphia. Okay. And vi Johnson is to Oklahoma as Don Gill is to Houston and to Texas, I mean, does not have a title. But still is giving from the heart can just a very wonderful person. Those who know her know her well, those who don't. I'm sorry. I had to go to the bathroom on that one. But, you know, it's it's just a very fun thing. I have no regrets about having the first Miss Gulf Coast. Yes, I do. I didn't get to do all seven states. Because I've had to return to a few states and 12 months. Sometimes it's not long enough. Sometimes it's just enough. But that still leaves groundbreaking for the next person.

36:10

And we wish she was here. Ginni. I'm sorry. You couldn't make it. Where are

36:15

you Jenny?

36:16

Jenny, don't go back to Oklahoma. She is our reigning Miss Gulf Coast 96 who was supposed to be here with us today or this evening?

36:26

So I guess now we get to Dogra because she's not here. That's right.

36:31

Do I have to hurt? I you would have more debt? I would do that.

36:36

Can we make up dirt? She's Yeah, home and we can make it through.

36:42

She works at the same place as Shadow she does. So we can make up dirt.

36:47

You know, she asked me to bring her a care package. And so a couple of days like, you know, she wasn't there. She was taking care of of other home business. And the care package was condoms.

37:05

You're listening Jenny.

37:07

Out work. You know, I handed it to her in a little Halloween bag. And it's like here, happy Halloween. It's like but shadow. It's February. And I'm like, so who's counting? And we had a supervisor that was looking and she's like, what is it? What is it? It's a halloween bag and it's like, what is and she opens it up and there's like at least 500 condoms in this and Jenny's like, um I don't know

37:40

where you can never just not be prepared enough. That's right. That's that's really that's kind of how

37:45

we got out of it. You know, but our supervisors really cool I think she's like a want to be still going to work on that one. I super next question. We still weren't

38:02

moving. moving us on. More dirt on Jenny. Yeah. No, I can't do okay.

38:10

Maybe they weren't really condoms. Maybe they were just really large finger cots

38:17

things John, I don't know if sharks are meeting you, huh?

38:38

Like the shots over? You're saying shadow?

38:41

Was it the suntan? I mean, you're

38:43

kind of both. I'm a little red and a little suntan. It could be the shots too. I couldn't guarantee anything. I tell Stacy at the bar. It's like I have to have a shot. It's Louie.

38:55

That's parsley. We, of course. Of course. Of course. The shot was only in a 24 rounds class though.

39:02

I mean, this was my first Louis to and I was not prepared. I showed up. I was late for the day. Yeah, the game must be in Switzerland or cocktail party. And I didn't realize that. I mean, it started at 230. They had like eight gallons. gone and it was gone in 15 minutes,

39:22

right. All around our cocktail party. That was the last one for tonight. Civic Street. We went through. I want to say at least six gallons of our punch
